

SOUTH PARIS.

George C. Wing, Jr., of Auburn was in town Friday.

Mrs. Ralph Cole is visiting relatives in New York City.

George B. Morton was in Portland Monday and Tuesday.

Mr. Eben Marshall of Auburn recently visited relatives in town.

Sherman Ordway had string beans from his garden October 14th.

George C. Houghton of Oxford was in town Tuesday and Wednesday.

Mrs. Rachel Parlin is visiting her son, Dennis Parlin, and his family, in Sumner.

Mr. and Mrs. W. H. Small of Dixfield were in South Paris on Tuesday and Wednesday.

Mr. C. Q. Miller returned Wednesday from Philadelphia, where he had visited relatives for two weeks.

Mr. and Mrs. Thomas Jackson and Eugene Jackson left last week for a trip by auto to Creswell, Oregon.

Benjamin Swift is taking his annual hunting trip in the provinces of Canada with his son, Louis Swift of Bangor.

The children of the Porter Street School will hold a food and vegetable sale Friday afternoon, Oct. 19, from 2:30 to 4:30.

Mr. Mary Bridge of Mechanic Falls was in the village Friday and Saturday. During these days she visited her brother-in-law, Louis Swift of Bangor.

Dr. Charles L. Buck attended the fifty-second annual meeting of Maine Sunday School Association at Lewiston Wednesday and Thursday.

Mr. and Mrs. Charles Burgess, Miss Thelma Burgess, William Wright and Eugene Burgess, left for Bangor Wednesday morning.

It was West Paris where Mr. and Mrs. Carl P. Dunham have moved, not North Paris as was erroneously stated in the Democrat last week.

Miss Martha Hargrave of Hartford, Conn., formerly a frequent caller here, was here for two days last week, the guest of Mr. and Mrs. Fred E. Hall.

A large crowd attended the dance at West Paris Grange Hall last Tuesday night given by Shaw's orchestra. Another dance is booked at a future date.

Mr. and Mrs. F. O. Smith and Mr. and Mrs. Arthur Smith of New Vinnyards were in town one day last week. They were motoring through Maine and New Hampshire.

Mrs. Emma W. Mann is in Portland this week to attend the Robekah Assembly. Mrs. Mann has been recommended by Mr. Pleasant Rebekah Lodge to receive the Decoration of Chivalry.

The ladies of the Universalist church will meet Wednesday, Oct. 19, to clean the banquet hall and kitchen. All come and bring a basket lunch. Coffee will be furnished at the church.

Mrs. Marietta Willis entertained a cousin party at her home on Main Street Sunday, her guests being Mr. and Mrs. William Burgess and Mr. and Mrs. C. F. Briggs of Bridgton, and Amos A. Bird of this village.

Rev. D. F. Paulkner, former pastor of the Methodist church, and Mrs. Paulkner have been visiting friends here during the past week. Mrs. Paulkner spent most of the summer in Waterville, N. Y. They are making their home in Gorham, Maine.

The Ladies' Social Union of the Universalist church has chosen the following officers for its sale to be held Dec. 1st:

Apres—Mrs. Lulu Thurlow.
Candy—Mrs. Lottie Abbott.
Dress—Mrs. Myrtle Burgess.
Food—Mrs. Vera Swan.
Gift—Mrs. Ida J. Hamilton.
Dolls—Mrs. Gertrude Cutler.

Those who were ranked 100 per cent in spelling in the Shurtliff Fourth Grade are as follows: Shurtliff, Belle, Florence, Bryant, Isabel Fleming, Elmer Haskell, Harold Nevers, Evelyn Rowe, Harold Stedrick, Lucinda Ripley, Ruth Ryder, Edward Lovett, Grace Merrill, Bertha Watson, Ava Lord, Amy Lord, William Foster.

The following pupils of the Porter Street Primary have had 100 per cent in spelling for the week: Third Grade, Christine Noyes, Pauline Paine, Marjorie Bryant, Isabel Fleming, Elmer Haskell, Harold Nevers, Evelyn Rowe, Harold Stedrick, Lucinda Ripley, Ruth Ryder, Edward Lovett, Grace Merrill, Bertha Watson, Ava Lord, Amy Lord, William Foster.

Shaw's Orchestra goes to South Waterville Grange Hall this Tuesday evening to play at a harvest ball. The same orchestra will give a dance at Mechanic Falls Wednesday night at Red Men's Hall. They will also give a big jazz dance at Robinson Hall, Oxford, on Thursday night featuring the number 12 trot. The orchestra will feature Ray Newton's jazz band at Norway Grange Hall Friday evening.

As has been said elsewhere in this paper, this is Judge Charles J. Dunn's first visit to Oxford County, so he wished to visit all the noted places near where he is holding court; therefore, he accompanied by Mrs. Dunn and his daughter, returned to Paris Hill one day during the week.

Mrs. Cora G. Haley of Brownfield was in the village several days last week. Mr. Haley is somewhat of a globe trotter. He has been here in the past in connection with the United States and the United States residence in Alaska, and the light school in Japan for two years. She was accompanied by her sister, Helen G. McAllister, also of Brownfield, who, too, has traveled quite extensively in this country and Europe.

Irving O. Barrows and Mr. and Mrs. Carroll Wilson took an auto trip one day last week in the north part of Oxford County on this trip they saw the exact spot where the battle of the center of the road and the other in the edge of the grass and bushes on the outside. They had guns with them. Mr. Wilson took aim at the center of the center of the road and Mr. Barrows at the one on the outside. Both birds were killed, but in the report of the gun a flock flew up out of the bushes near where the bird was sitting that Mr. Barrows fired at. The three birds were picked up, three dead birds were found in the edge of the bushes. Evidently they were no more than a flock of birds that Mr. Barrows fired at.

The local chat columns of the Portland Press, under the head "Through the Portico," has this to say, which will be interesting to Miss King's many friends in her home town of Paris: "There was ever a person in this city who was a radiator of sunshine and an exponent of progressive philosophy, that person is Miss Helen M. King, principal of the Nathan Clifford School. Miss King has been principal of the school since it opened and has been besides a supervising principal and in the way of the city of Portland. During her teaching days she has supervised the elementary course of some of the best of Portland boys and girls and has instilled good deal of her own personality into the make-up of the various Johns, James, Mary and Margarets who have passed through the grammar grades of the Nathan Clifford School and on into the high school. It is why Nathan Clifford graduates so many instances have a strong little philosophy and their own Miss King's hold on her pupils is so strong, as is made evident from the fact that many of her boys and girls, now grown up and married, continue to call upon her for advice."

Paris Hill Fair.

The several committees of the Paris Hill fair have made reports of the table in their charge. The general committee follow:

Mr. and Mrs. Bert Dean, Miss Grace Dean and Miss O. A. Dean, Miss Grace Dean and Miss O. A. Dean.

Mrs. Percy March and daughter Natalie spent a few days last week with Mr. and Mrs. Raymond Grant at Lewiston.

The cars conveying the members of Hamilton Lodge to Bryant's Pond Wednesday evening will leave the hall at seven o'clock sharp.

Mr. and Mrs. Herman A. Bryant of Tennesseesaw were in town for the week-end, and Miss Elizabeth Mays accompanied them on their return for a week's visit.

William Kimball Post and the Ladies' Circle of the G. A. R. are invited to a campfire at Mechanic Falls Wednesday, Oct. 19, given by the A. A. Division Relief Corps at the Baptist church.

Mrs. Etta Winslow and Mrs. Bertha Turner have been in North Buckfield several days visiting their father, Calvin Keene, who is about to go to Massachusetts to spend the winter.

There will be a meeting of the Woman's Auxiliary of the American Legion at Grand Army Hall this Monday evening at 8:30. All who are requested to come, as there is business of importance.

Mr. and Mrs. O. K. Clifford made an automobile trip of several days last week to Worcester, Mass., where they visited Mr. Clifford's brother, H. W. Clifford. They found good roads, and had a pleasant trip.

Mrs. George I. Burnham and Miss Ruth M. Graves attended the Music Festival in Portland last week, going to Portland Monday morning and returning Thursday evening. Mr. Burnham was in Portland Wednesday and Thursday, and attended the concert Wednesday.

Automobiles on a trip around the mountains or elsewhere are no novelty in South Paris; but a bunch of eight touring cars traveling together, which stopped in the Square a few minutes Saturday morning, was so large as to attract attention. The party were from Portland, and were on a trip around the mountains.

Remember the grange fair Thursday afternoon, Oct. 20, at 2 P. M. All vegetables and fruit will be delivered within the village limits. Apples, food and home made candy, ice cream, and fancy work on sale. Sale opens at 2 P. M. Drama Tuesday and Friday evenings. Every one come and have a good laugh.

Members of Miss Eva Walker's class in the Congregational Sunday School, composed of the younger women and the class of Rev. E. A. Morris, composed of the younger men, had a Frankfort roast at Hooper's Lodge Friday evening. About twenty in all were present. The evening was a fine one for the season, and the time was highly enjoyed.

Mrs. H. G. McGlaulin left Monday morning for Providence, R. I., where she goes as a delegate from the Maine Conference to attend the national convention of the Women's Home Missionary Society, which convenes Oct. 19-20.

From this convention she goes to Westbrook, Maine, to take part in the 37th annual meeting of the Maine Conference Women's Home Missionary Society Nov. 23 and 24.

About twenty-five young people of the "Teen Age" department of Duerling Memorial Church met at the home of Miriam Robertson Friday evening, when the following officers were elected:

Pres.—Glenn Knight.
Vice.—Glenn Knight.
Sec.—Charlotte Cole.
Treas.—Charlotte Cole.

After the election of officers and appointment of committees, the remainder of the evening was spent in games and a social good time.

Mr. and Mrs. A. B. Garcelon gave a "get-together" party for the teachers of the town of Paris at their home on Western Avenue on Friday evening, October 14. The special feature of the evening was the vocal solos of Miss Ruth Graves, who sang charmingly some delightful selections. Mrs. Burnham being accompanied by the readings of Alfred Morris, who kept his hearers in a gale of laughter; and selections from the poems of our talented poetess, Frances Wright.

After the program, refreshments were served, and the guests improved the opportunity to get acquainted with one another.

Community Club Notes.

The first meeting of the Community Club was held in the club rooms in Regine House Hall Tuesday, Oct. 11, at 3 P. M. The meeting was well attended about 100 members and guests being present. The first number on the program was a vocal solo, a Japanese song, by Mrs. Edith H. Wheeler, which was much enjoyed and especially appropriate as an opening number. Mrs. Lucia Mason gave a pleasing report of the meeting of the Maine Federation of Women's Clubs, which she attended at Castine. The speaker of the afternoon, Mrs. H. Wallace Noyes, of Portland, was then introduced by the president, Mrs. Gray. Mrs. Noyes gave an interesting and instructive talk on Japan, its customs and people. She brought with her various curios from the Orient, including the kimono and sandals worn by the Japanese women. Tea was served by the house committee.

The meeting of the board of government for the club year will be the Monday evening prior to the last club meeting of each month at the home of the president, Mrs. Madge W. Gray.

Mrs. V. P. DeCoster, the speaker at the next meeting of the club, is an Oxford County woman and well known throughout New England as an authority on butterflies, both native and tropical. She will bring various specimens with her.

Supreme Judicial Court (Continued from page 1)

On Friday morning was put on the appeal of Erwin G. Giles from the decree of the judge in the probate, with Fred E. Hall and Harry L. Oram for the appellant and J. E. F. Connolly for the defense.

This is an action to break the will of Mary E. Giles, late of Brownfield, and to set aside the probate of her will. She was the widow of Loring R. Giles, and was the mother of seven children. She was accompanied by her sister, Helen G. McAllister, also of Brownfield, who, too, has traveled quite extensively in this country and Europe.

Irving O. Barrows and Mr. and Mrs. Carroll Wilson took an auto trip one day last week in the north part of Oxford County on this trip they saw the exact spot where the battle of the center of the road and the other in the edge of the grass and bushes on the outside. They had guns with them. Mr. Wilson took aim at the center of the center of the road and Mr. Barrows at the one on the outside. Both birds were killed, but in the report of the gun a flock flew up out of the bushes near where the bird was sitting that Mr. Barrows fired at. The three birds were picked up, three dead birds were found in the edge of the bushes. Evidently they were no more than a flock of birds that Mr. Barrows fired at.

It is why Nathan Clifford graduates so many instances have a strong little philosophy and their own Miss King's hold on her pupils is so strong, as is made evident from the fact that many of her boys and girls, now grown up and married, continue to call upon her for advice."

Football.

Saturday's game at South Paris between the Paris High School and Ramoth High School resulted in a victory for Ramoth by the score of 46 to 38.

The Democrats have been outvoted by the Ramoth team.

NORWAY.

The Barton Reading Club met Thursday afternoon with Mrs. Frank A. Danforth.

The ladies' sewing circle of the Universalist church met Friday with Mrs. Elizabeth W. Sampson.

Mrs. George A. Brooks is in Boston, the guest of her brother, Ambrose Warren.

Mr. and Mrs. Victor Whitman, Miss Della M. Noyes, Mrs. William Blackall and Mrs. Clarence H. Downing recently spent a day in Intervale, N. H., to visit Mr. and Mrs. Eugene Walker.

Mrs. Pauline Telephone and Mrs. Susan Cragin attended the Music Festival in Portland last week.

Charles W. Whitehouse of Iroquois Falls, Ontario, has been visiting his uncle, Alfred W. Whitehouse. Mr. Whitehouse is superintendent of the sulphate department of the Abitibi Power and Paper Company of Iroquois Falls.

A covered dish supper was served at the Universalist church Tuesday evening for the officers and teachers of the Sunday School and parents of the pupils, in charge of Mrs. Anne Beck and Mrs. Honor Downing. They were assisted by Mrs. Mary Cole, Miss Doris Haskell and Miss Doris Merrill.

Mrs. Mildred Nevins' Sunday School class of the Second Congregational church took a hike up along the shore of Lake Umbagog Tuesday afternoon.

Mrs. Elizabeth F. Swift and her father, Jonathan Holmes, left Wednesday for Cambridge, Mass., where Mr. Holmes will spend the winter at the home of his son, Charles F. Holmes. Mrs. Swift will return to Portland, where she will spend the winter. Mrs. George L. Curtis accompanied them to Boston, where she will visit a few days.

Mrs. L. D. Shaw of Sanford is the guest of her son and wife, Mr. and Mrs. L. S. Shaw of Portland, and Miss Lena Richardson has gone to Auburn.

Miss Helen Yorks has this to say about Miss Ruth Cummings, who is a Democrat reader known to us as the best accompanist I ever had.

The Maine Telephone & Telegraph Company will observe Wednesday, October 19th, and Thursday, October 20th, as "violin days." At any time during these days the company will accept of any violinist who will be welcome at any central office of the company. The operation of the switchboard and other apparatus is interesting and will be explained by the local employees in charge.

Colonel A. J. Stearns has sold his interest in the Norway Shoe Company to Elmer Packard of Auburn, and will devote all of his time to law practice.

Mrs. Lyon a rare old rose point handkerchief and pieces of lace made in various countries.

The display of modern fancy work of a very high order, and deserves individual mention if space were possible. Mrs. Kate Hammond certainly shows great taste in the management of her table.

The men and boys, who visited the Paris fair, seemed greatly interested in the display of modern fancy work. Exhibitors it is believed that the women and girls would have been equally attracted.

The chief feature was a collection of representative weapons as tokens from each war in which the United States has taken part. The Revolution was represented by the Paris musket, which has been fired every Fourth of July since the Declaration was signed; the War of 1812 by a pair of flint-lock cavalry pistols loaned by Hon. Edward C. Carter, which were carried by Colonel Cornwall of a New York regiment; the Mexican War by a medal loaned by Admiral Lyon, on the reverse of which were some depicting the principal battles of the war; the Civil War by a musket and bayonet loaned by Charles Rogers, which was carried by a member of a Michigan regiment.

There was also a Confederate battle flag loaned by Admiral Lyon, which was captured by the Union soldiers at Mobile Bay. Admiral Lyon also contributed a twenty-five calibre naval rifle, which was found in a boat on the coast of Cuba by his patrol during the Spanish War. The representative weapon of the last war was a thirty calibre Springfield rifle, exhibited by Edward Parlin, Jr., together with small arm ammunition from various allied armies. Miss Agnes Brown loaned an American and a German "kit-bag."

Miss Harriette Winslow contributed a thirty calibre carbine owned by the late Dan Winslow, when a member of Troop A, New York City, and also an old and ball revolver, Allen patent. Arnold "pepper-pot" revolver, dated 1837, was exhibited by Charles Henry Hammond. The exhibition also included two percussion-cap rifles, one with silver mounted in the early 40's by Dastine Spaulding of Backfield; a unique double-barrel percussion-cap rifle, an old English shot gun case; an old sporting musket made by Admiral Lyon's grandfather; several naval officers' swords of different periods; some Chinese swords; a three lock naval sword case; a naval spy-glass of 1800; powder horn, bullet moulds and ammunition of various dates.

Fond memories were aroused by an "old black bottle" (empty) which was recently recovered by naval divers in Narragansett Bay, while exploring the wreck of a British supply vessel sunk in 1798 to avoid capture by the French.

The historical exhibit was in charge of Mrs. Mira Crocker Snow, whose valuable exhibit at the recent County Club fair attracted much attention and favorable comment. Upon this occasion Mrs. Snow exhibited none of the things shown at that time but instead, made a very interesting display of the dresses in which the books many of which are now quite valuable on account of the few specimens in existence.

A good time was had by all. We thank you!

The key work table had many interesting features. Some fine old pieces of jewelry were exhibited by John Pierce. Among the collection was a curious watch, thick and chunky, such as we saw long ago in the early part of the last century. This created much comment and interest. A Chinese bracelet of carved ivory ground that the Chinese had taken only the Chinese seen capable of, was exhibited by Mrs. Lyon. It was brought from China by an uncle of hers in 1830.

McHenry-Millhouse Asphalt Shingles and Roll Roofing

The McHenry-Millhouse Asphalt Shingles and Asphalt Prepared Roofing in Rolls are rendering Service and Satisfaction on all types of buildings throughout the United States. Millions of buildings from the most pretentious residences down to temporary structures are covered with these asphalt roofing materials.

McHenry-Millhouse Asphalt Prepared Roofing in Rolls is unquestionably the most economical and durable roofing material manufactured. It saves 50 per cent. in actual money. It is speedily applied—durable—almost everlasting—spark and fire-brand proof. Insurance companies make the same rates on it as on metal or slate. It is always pliable, never breaks, cracks nor shrinks. This roll roofing is practical for flat or steep surfaces. Made of the best waterproofing materials, it defies wind and weather and insures dry, comfortable buildings under all conditions. The best roofing in the world for the price.

We would be pleased to have you call and look at this new roofing and let us give you prices that will please you.

Reduced Prices on I H C Farm Machines

REDUCED prices recently announced by the International Harvester Company of America on its entire line of farm machinery, places us in a position where we can offer corresponding reductions on I H C farm-operating equipment.

We believe our customers will see the wisdom of placing orders now at the reduced prices for such machines as they will need in the near future. The reduced prices, coming at this particular time, enable you to secure planters, cultivators, haying and harvesting machinery at prices that we could not quote earlier in the year.

We know that it is a serious problem for the farmer as to whether he should buy new and modern machinery, either of the same or greater capacity than that which he is now using, or whether he should make another attempt to put in as good repair as he possibly can his old machinery.

To those in doubt, we offer the following suggestion: List all the repairs which you need for old machines, keeping the list for each machine separate, then bring the lists to us. We will give you an estimate of the cost of these repairs, and you can then determine the best course to pursue.

Look at this subject from different angles—1st. Will the repairs which you may buy now actually put your machines in good order, and will these repaired machines perform their work in a satisfactory manner?

2nd. Will the cost of repairs which may add only a year's additional life to an old machine be justified? If you will need a new machine next season, perhaps the cost of the repairs now will be out of proportion to the service or life which they will add to the machine.

And finally, if you contemplate the purchase of a new farm-operating equipment, we want to impress two important thoughts upon your mind: The quality, efficiency and capacity of the International Harvester lines, and the value to you of I H C Repair Service, which is prompt, dependable and continuous.

Care Will Prevent Food Spoilage.

BUY PERISHABLES IN SMALL QUANTITIES—AVOID LEFTOVERS

"A woman can throw out with a tea spoon what a man brings in with a shovel." Food that spoils after it is brought into the home kitchen usually is a needless waste. A good deal of food spoilage could be prevented by proper care, the United States Department of Agriculture has found. Spoilage is due to the presence of bacteria, which multiply rapidly in moderately warm temperatures and in dampness. Perishables should be bought in small daily amounts only.

WRAP IN PAPER.

When meat and poultry are brought in the house, exchange the wrapping paper for clean parchment, and place on a clean plate in the refrigerator or cold storage room. Fish should not be stored in the icebox, as it imparts its flavor to other foods, particularly to milk and butter. It is better to buy just enough fish for a meal and have no leftovers to dispose of.

Pitchers and bottles of milk should be sealed before the milk is put in. Milk should always be covered and kept in the coolest part of the refrigerator, at a temperature of 50° F. or lower, if possible. Soiled eggs spoil quickly. Insist on getting clean eggs, and keep them cool. Do not wash an egg until just before using; water removes a coating on the shell which binds microorganisms from getting into the contents.

Fats and oils are best stored in the dark. Butter absorbs flavors and should be well covered. A stone crock with a lid serves well.

Fresh vegetables and fruits should be kept clean, well-ventilated, and if possible, at a temperature between 60° and 40° F. Decayed ones should be frequently sorted out. Very often the decayed portion may be cut away and the rest of the fruit or vegetable used at once. Wilting leafy vegetables sometimes may be freshened by soaking in water before using. All vegetables and fruits, especially those to be eaten raw, should be thoroughly washed in running water before they are used. The use of sand and texture is very slight and is made up for by the removal of bacteria and possible spray residue. Decaying fruits and vegetables always attract flies. Most cooked foods made with milk, eggs, meat, or fish, are excellent breeding places for harmful microorganisms, including many which cause poisoning. Chilled leftovers should be used as soon as possible. Leftovers of meat pie, dishes made with cream sauce, soft custards, boiled dressing, and dressing made with cream must be carefully kept and handled and promptly used. They often cause serious poisoning before they taste or smell spoiled. Boiled rice, hominy, and other cereals also spoil quickly.

SCALD BREAD BOX WEEKLY.

Bread and cakes should be kept in a ventilated box. Hot bread should not be wrapped immediately. The moisture of fresh bread causes molds to form. The bread box should be scalded once a week, wiped dry, and sunned.

Crackers and cookies lose their crispness by absorbing moisture from the air. They should be kept in air-tight boxes, wrapped in parchment or paraffin paper, if possible.

All dry groceries must be kept dry and clean and in airtight containers. Cereals and flours should be bought in small quantities in the summer, as they tend to develop weevils even when well stored for. Corn meal from which the germ has not been removed turns rancid with keeping. Air-tight containers are necessary for tea, coffee, spices, and baking powder. Ground roasted coffee loses flavor rapidly. Do not put in a large stock of coffee unless it can be roasted and ground at home. The fat in chocolate may turn rancid, so keep it cool and dark.

Canned goods should be stored in a dark, cool place to prevent fading. Examine vegetables within a fortnight after canning to detect spoilage. If a mold on the top of jelly or rich preserves is not dangerous, but canned vegetables which look, smell, or taste at all spoiled should never be eaten.

RELISHES FROM GREEN TOMATOES.

In autumn after the canning is over there is often a surplus of unripe tomatoes; cabbage, onions, and green peppers, too, are usually plentiful at this season and help to make good mixed pickles. They can be used in relatively small proportions, except for onion. Half as much onion as any other ingredient is usually best. The United States Department of Agriculture has tested his recipe:

CHOPPED PICKLE.

Chop up:
1 gallon of green tomatoes
1 gallon of cabbage
1-2 gallon of onions
2-3 large green peppers
12 large red peppers

Put all together in a vessel, cover with water, add about 1 pint of salt, and let stand overnight. In the morning put all in a bag and drain thoroughly. After draining add one pint of white mustard seed. In a separate vessel boil 1 gallon of vinegar with 1-2 pounds of brown sugar. When boiling hot, pour over the chopped vegetables. Put all on the stove together and cook about 15 minutes. Put in jars and seal while hot. Many persons like slices in a chopped pickle.

GREEN TOMATO PICKLE.

1 gallon green tomatoes
1-2 dozen large onions
3 cups brown sugar
1-2 cups vinegar
3 pods of red pepper
3 cups vinegar
1 tablespoon whole black pepper
1 tablespoon whole cloves
1 tablespoon whole allspice
1 tablespoon celery seed (crushed)
1 tablespoon mustard seed
1 tablespoon ground mustard

Slice the tomatoes and onions thin. Sprinkle over them one-half cup of salt and let stand over night in a crock or enameled vessel. Tie the pepper, cloves, allspice and celery seed in a cheesecloth bag. Slice the lemon and chop two peppers very fine. Drain the tomato and onion well. Add all seasoning, except one pepper pod to the vinegar, then add the tomato and onion. Cook for one-half hour, stirring gently at intervals to prevent burning. Remove spices bag to prevent darkening product. Pack in jar and garnish with slender strips of the red pepper, placing them vertically on the opposite sides of each jar. Process for 15 minutes.

Another use for green tomatoes is mock mince which will be relished in winter pies.

TOMATO MINCEMEAT.

Slice up a quantity of green tomatoes and sprinkle well with salt. Put into a bag and hang up to drip all night. The salt left on the tomatoes need not be washed off. In the morning take equal weights of sugar and tomatoes and cook until the tomatoes are thoroughly done. To 7 pounds of the mixture of tomatoes and sugar add 3 pounds of seedless raisins, with mace and allspice to taste. Cook a short time after adding the seasoning and put into jars. This will keep without being sealed and will make delicious pie, which many consider as good as those from ordinary mincemeat.

Pineapple Pudding.

If you are old-fashioned enough to like pudding you will like this. We are very fond of it in our house, and I make it with either the fresh or the canned pineapple. Two and three-fourths cups warm water, one-fourth cup cold water, one-third cup cornstarch, one-fourth cup sugar, one-fourth teaspoonful salt, one-half can ground pineapples, white and three eggs. Mix cornstarch, sugar and salt and mix smooth with cold water; add hot water and cook 15 minutes, or until mixture thickens, stirring constantly. Remove from stove, add pineapple and stiffly beaten whites of eggs. Pour into molds and when cold serve with custard sauce.

WONDERS OF AMERICA

By T. T. MALEY

Western Newspaper Union.

THE GIBRALTAR OF THE HUDSON

WEST POINT, stop the commanding heights which line the west bank of the historic Hudson river, in the picturesque and so-called "highlands" country and some fifty miles north of New York city, is often referred to as the "Gibraltar of the Hudson."

Here, in a magnificent site of some 5,000 acres, is set down the United States Military Academy—our national institution for the training of cadets for commissions in the army.

A resolution of the Congress of 1776 provided for the preparation of a plan for "A Military Academy of the Army." General George Washington personally interested himself in the movement.

The original buildings were burned in 1796, but were rebuilt and the actual creation of the academy as known today took place in 1802.

At various times after 1775 this strategic location was fortified and at the close of the Revolutionary war West Point was selected as a depot for the storage of military property.

The majority of the commanding generals on both sides of the Civil war were graduates of this academy. This fact brought the importance of the institution so prominently before the world that its methods were carefully studied by experts of practically every nation of prominence in the whole world.

The course of instruction covers three years and constitutes the most complete military training in existence.

Coming of Age.

We mourn over the coming of age, but how many of us would really choose to remain young and so lose the treasures that the years bring; the varied friendships, the adventures, the garnered wisdom? Perpetual youth would leave us behind our own generation, would rob us of life's purpose and meaning.

The Muse of Dancing.

The Muse "Terpsichore" was the inventress and patroness of the art of dancing as accessory to the singing or recitation of lyrical poetry. She is generally represented with the lyre and plectrum, crowned with flowers and in a mirthful attitude.

Most Intelligent Animal.

Scientists say that the chimpanzee is superior to any other animal except man. Next in order comes the gorilla, then the orang-outang. The gibbon, still another variety of ape, comes fourth.

FARMS FOR SALE.

200 acres, 75 acres heavily wooded, good building with 15 rooms, very modern for its class, never failing water, smooth drive, only 3 miles from railroad station. Price \$20,000. Half cash, balance easy terms.

25 acres, one story house 5 rooms, 10 foot barn with silo and basement, cuts 15 tons hay, pasture for 4 cows, pulpwood enough on farm to pay for the house on mortgage, only 4 miles from railroad station. Price \$10,000.

100 acres, 1 room house, barn \$250, 35 acres tillage, 1 mile from railroad station, 200 cords of pulpwood, plenty of hard wood for fire. Price \$3,000.

35 acres, 8 acres of fields, lots of apple trees, all buildings, 1 1/2 miles from railroad station, lots of growing place, pulp and cedar. Price \$5,000. Half cash, balance easy terms.

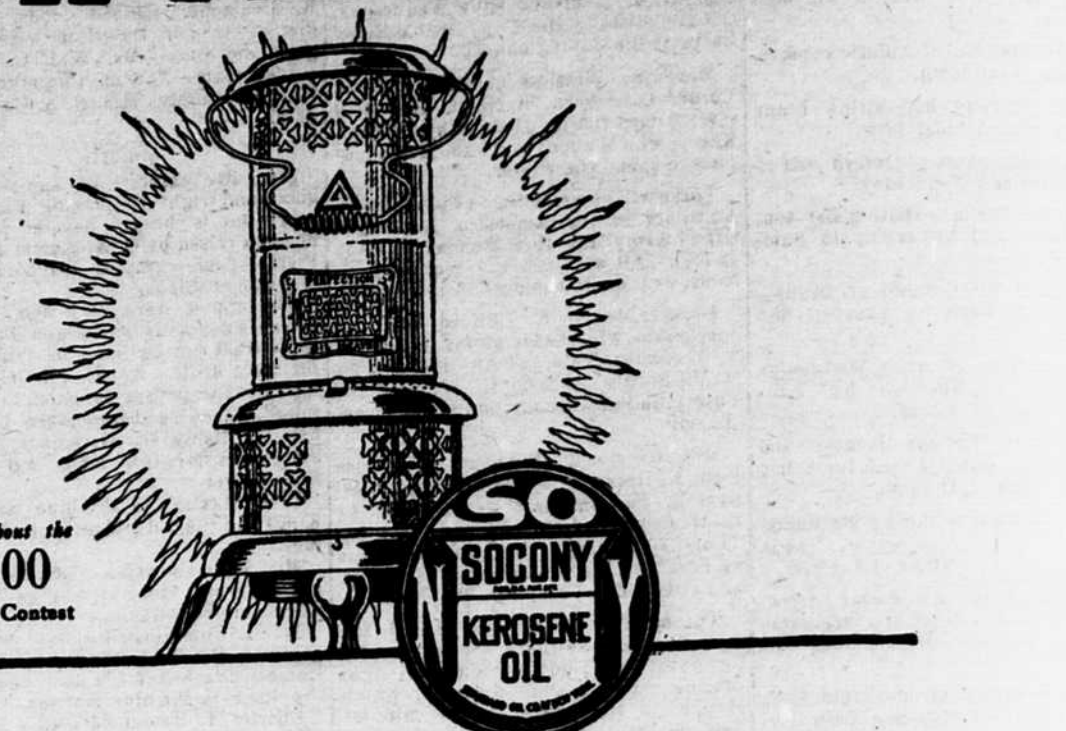

Village home, 5 room house, all shed and 1/2 acre of land, 1 1/2 miles from station, 5 pastures, grapes, raspberries and blackberries, good location. Price \$1,000.

For sale by **L. A. BROOKS,** Real Estate Dealer, office to Market Square, South Paris, Me.

National Bank. National banks are subject to supervision by the comptroller of the currency, an official appointed by the President. The comptroller can take possession of a national bank any time an examination shows its capital impaired. National bank stockholders are liable for double the amount of the capital stock they own, to protect depositors in case the bank suffers losses that impair its capital. There is no guaranty of deposits in national banks.

Baby's Play Pen. Have an open lattice work made, or a paling, about 20 inches high, and 10 to 12 feet long. By using hinges it can be folded up out of the way when not needed. Put a rug on the floor, a clean sheet over the rug, and the wooden wall around it, and the baby will be safe and happy inside.

PERFECTION Oil Heaters

Ask your dealer about the \$5,000.00 Perfection Heater Contest

AUTUMN days are here, and with them chilly nights and mornings. Take the chill out of the house by using a Perfection Oil Heater.

It will provide heat exactly where and when you want it—in the bathroom and breakfast room in the morning, in the living room or sleeping room at night.

A Perfection Heater postpones the day when really cold weather compels you to light the furnace, and even then it will be found a great comfort and convenience as an auxiliary heater, when the furnace fire is low, or some room is particularly exposed to a wintry gale.

STANDARD OIL COMPANY OF NEW YORK
26 Broadway

You will find, too, many extra uses for this portable Heater, such as heating shaving water or baby's milk, drying wet clothes, etc.

The Perfection Oil Heater is handsome, compact and durable, and much cheaper in operation than coal. Millions in use today.

Hardware, housefurnishing and department stores sell Perfection Heaters.

Ask your dealer to show you one, and explain its construction and smokeless wick adjustment feature.

For best results use Socony Kerosene.

Making Extraordinary Mileage a Certainty

Car Owners want more rubber on the tread where the wear is hardest; more gum between cord plies to perfect a resilient and powerful carcass. And they want a scientifically constructed Non Skid tread with all angles and contacts to resist skidding and give sure traction. Firestone Cord Tires have met these demands of the car owners.

Read Letters Below—
Records from 29,000 to 57,000 Miles

Cord Tires built the Firestone way could not fail to produce mileage. Every day, from all over the country, comes the word that 10,000, 20,000 or 30,000 miles are frequent and consistent records.

Now and then they are emphasized by unusual instances such as quoted below. Performances like these demonstrate the ultimate possibilities of Firestone Cords under careful driving.

Sept. 14, 1931
Firestone Tire & Rubber Co., Jacksonville Branch, Jacksonville, Florida.

Gentlemen— I submit herewith the history of a 32x4 Firestone Cord tire. This tire has run 29,000 miles. I have retreaded it seven times. The average mileage to each retreading was about 7,000. I think you will agree this is a remarkably long record. It is especially unusual as I know the owner to be a severe driver. However, he gives his tire proper inflation. The tire in question is not yet out of service and has every indication of being sufficiently strong for another retread. I am enclosing photographs of the tire and a separate cover.

C. O. PERRY, Firestone City, Wis.

Sept. 2, 1931
The Harvey H. Mack Co., Fairmount & Harmon Place, Minneapolis.

Gentlemen— It occurs to me that you might be interested in the mileage that I obtained from the set of Firestone Cord tires on my Dodge coupe. The first tire went over 39,000 miles. The second tire rolled up a mileage of between 34,000 and 35,000. These were both rear tires and had been set considerably by chains. The two front tires have gone better than 35,000 miles and are still in good condition. I am enclosing a photograph of the Firestone Cord which will be my tire choice for the future.

Archibald H. Beard, 822 Lake Blvd., Minneapolis.

FABRIC 30 X 3 1/2 NON SKID EXTRA SIZE \$13.95

In this fabric tire as in our cord tire only Firestone resources and experience can provide this quality at this price.
