POLITICAL BRIEFS

Gov. William O. Sproul at a caucus of Pennsylvania national delegates Thursday announced that his name would be presented to the Republican national convention as a candidate for president, but was opposed to the delegation taking any formal action as a unit.

The Delaware Legislature adjourned sine die Wednesday without ratifying the Federal suffrage amendment. There was a test vote when Representative Lyons, majority floor leader, attempted to force the House into committee of the whole to consider the suffrage ratification resolution. His motion was lost, 24 to 10.

The lineup of delegates in the column stood this way at the close of Thursday's work by the Republican National Committee, which is determining the various contested cases: Wood, 117; Johnson, 112; Lowden, 66; Harding, 39; Pinckney, 44; Sproul, 76; Sutherland, 16; Pritchard, 22; remaining in contest 75; uninstructed 445; total 982.

DEERING CLAIMS

Candidate For the Governorship Nomination Concedes Three Counties To Parkhurst and One To Milliken.

The confidence of candidates is what lends atmosphere to a campaign. Judge Deering figures it out in an interview with the Lewiston Journal, that he has with the Republican nomination all but tuned up. The friends of the other candidates will scarcely allow his sweeping claims. The Journal says:

"If I was sure of picking up a billion dollars on turning the next corner as I am of being nominated in the primary on June 21, I'd start buying automobiles for my friends at this minute," continued Senator Deering. "I've made a careful canvass of the entire State of Maine; I have been in every county but Penobscot, and my support is such that I cannot but feel the greatest confidence. Out of courtesy to Col. Parkhurst I have refrained from making any canvass in his home county of Penobscot. I could not do otherwise and feel right. I have endeavored to conduct my campaign in a clean, gentlemanly manner. I have not misrepresented and do not propose to do so from now until the finish. If I cannot be nominated through clean politics I don't want to win at all."

"I am not basing my prediction of winning on some votes which were cast last year of four years ago. It is mighty easy to take a certain town's vote of some years ago and then by fanciful methods of arithmetic figure out deductions very gratifying to your own vanity."

"I am going to win this nomination. There are no ifs or ands about that. The situation as I have found it in 15 of the 16 counties shows this to be so."

"Col. Parkhurst I expect will carry three counties in the State. These will be Penobscot, Hancock and Washington. Gov. Milliken may carry one county, Franklin, but that territory is debatable ground."

"Somerset and Piscataquis counties are going to be close, in my judgment in Piscataquis it is going to be nip and tuck between Col. Parkhurst and myself. Six months ago I could have been willing to concede that county to Col. Parkhurst. I can't do it today and be fair to myself. The shift in sentiment has been tremendous and I feel free to say that I now have a chance of coming out of there ahead. I also can honestly, in view of the facts, say that I expect to have a margin in Somerset. The margin in both counties won't be so very large either way."

"The five southern counties of the State, Androscoggin, Cumberland, Oxford, Sagadahoc and York will be for me by good substantial margins. "Lincoln county and Knox and Waldo, also will be mine. This brings me to Kennebec county. I have no need to worry over that. The county has been friendly to me from the start and my friends are the real workers of the county. They are getting out and working. I shall come out of that county with a lead which will be substantial and will make my nomination by a satisfactory plurality assured."

"The only real fight I tell you is between the Governor and Col. Parkhurst, as to which shall have the honor of being second to me."

In his speech to Lewiston voters, Judge Deering referred to Gov. Milliken as an excellent and good governor, but said that was no reason for continuing him in office. Under such conditions, he said, the Hon. William T. Cobb would have been governor from 1904 until today.

THE EAST COAST CABARET

Benefit Association Nets Upward of \$400 From Well Managed Entertainment.

Success spelled in capital letters, is the one word which best describes the East Coast Fisheries' cabaret and ball, which was held in the Arcade Thursday night. Many adjectives might be used in expressing the degree of success but they might sound extravagant to other than the 1400 persons, and would be entirely superfluous so far as the latter are concerned. The committees worked with unceasing vigilance to make the affair the event of the season, and had the most hearty co-operation from L. M. Taylor, president, and Walter J. Rich, general manager of the East Coast Fisheries Company.

The net proceeds will be between \$400 and \$500, a remarkable showing in view of the fact that the Keith vaudeville entailed an expense of more than \$300. This could have been avoided, and as many tickets sold, but the promoters had one desire greater than money-making, and that was to give the public something better than the ordinary.

The Arcade is as yet midway of rehabilitation, and the decorating committee was confronted by a task of large proportions. Bunting was used profusely, signal flags from the steam trawlers being suspended from the cross beams, while the balcony rails were draped with the colors which were destined for use on those ships had they been delivered to the French government as mine sweepers, instead of their present busy and peaceful mission. From the central beam was suspended a mammoth wooden codfish, so skillfully carved and painted as to make the illusion quite effective. Adorning the balcony rail at the eastern end of the hall was a large ball and white sign, which contained only one word, but that word long since become as significant one in Rockland history. It was:

PELICAN

At intervals along the balcony rail were paper cartons which are used in the packing of porthouse. The walls beneath the balcony were banked with evergreen. When the electric lights were turned on the whole effect was very striking. The members of the decorating committee were Louis Smith, Fred M. Blackington and Carl Wing. They were most ably assisted by E. H. Doughty, Charles H. McIntosh and a number of ladies.

The box office was in charge of Asbury H. Burgess and Emil E. Coombs was "on the door" assisted by Eddie Moore. The check room was well handled by William Allen and Edward Benson.

Music for the concert and dance was furnished by an orchestra under the direction of William Lowe, whose wonderful skill as a pianist found expression in a solo that was repeatedly applauded. The orchestra came in for a great deal of praise.

The entertainment committee comprising N. Cook Sholes, Fred S. Ward and Elmer Davis, presented three acts of Keith Vaudeville. The first was a comedy song revue by Foster, Blatchford and Marsh. The singing by this trio found much favor with the audience, and the incidental comedy provoked much mirth.

Visocchi, who was styled the wizard of the accordion, certainly had wonderful control of that instrument. His selections ranged from ragtime to grand opera, and the harmony which

he produced was very pleasing to the ear. "Toby and Girls" found the waxed surface of the Arcade a bit too smooth for their act which was principally hoop rolling, but their undoubted skill in juggling and manipulation did not pass unappreciated.

The vocal solos by Miss Amanda Wood were sung with a charm and power and the big crowd gave its heartiest approval. Miss Wood is a popular employee of the East Coast Fisheries Company, and has scored a triumph in her several appearances in amateur theatricals.

There was a brisk sale for the refreshments throughout the evening as may be judged from the fact that 20 cases of soft drinks, 20 gallons of ice cream, 25 cakes and many dozens of sandwiches were consumed. Practically all of the table reservations were taken early in the evening. The committee in charge of the refreshments comprised Frank Freeman, Al Borgerson, Frank Emery and George Marks. Mr. Freeman is the Association's steward, and right on the job. Mrs. Mabel Perry was head waiter, and the refreshments were served by Mary Densmore, Kate Murphy, Mary Griffin, Edith Stairs, Sylvia Dow, Mrs. Jennie Charles, Mrs. H. L. Howard, Flossie Davis, Iva Stanley, Mabel Stanley, Naomi Gott, Mrs. Elizabeth Gregory, Thelma Oxtom, Gertrude Cotton, Mary Staples, Lena Kelley, Adeline Sawyer, Sadie Young, Stella Ward, Mary Johnson and Winnie Fitch. E. H. Doughty had general charge of the floor, and looked after the seating of the table guests.

Dancing lasted until 1 o'clock and each number was the signal for many encores. W. B. Mitchell, Forrest Staples and Roy Small had charge of this feature.

One other committee which must not be overlooked in the grand summing up was that which had charge of the publicity, and which was composed of E. H. Doughty, Augustus Doughty and A. C. Spurr. The public's curiosity and interest were kept continually whetted through the medium of ingeniously worded paragraphs in the local papers. These articles were prepared by Traffic Manager Spurr, to whom the association feels that much of the success of the cabaret and ball is due. Another extremely busy man was Charles H. McIntosh who had practical charge of the Arcade arrangements. The workers were by no means confined to the committees, however. It was a common cause, and every member of the East Coast Fisheries Company Benefit Association did something toward the grand result.

The officers of that association are: Forrest Staples, president, Charles H. McIntosh, vice president, Emil E. Coombs, secretary, Asbury H. Burgess, treasurer, A. H. Burgess, Emil E. Coombs, John Whalen, Ralph W. Brown and Al Borgerson. The last financial report showed \$1254 in the treasury. The members receive sick benefits at \$2 a day for five weeks, and in case of accident \$2 a day for the first 10 days, after which the member is cared for under the workmen's compensation act. The death benefit is \$75.

AT THE SALMON POOL

Dr. Gould and John L. Thomas Among the Lucky Ones.

Salmon are running more freely in the Penobscot, while alewives fairly swarm, and both species are finding no difficulty in passing up through the fishway in Bangor dam. Such are the conditions reported by Dr. E. W. Gould of Rockland, of the sea and shore fisheries commission, who, with John L. Thomas of Rockland, a veteran angler, has been spending a few days as the guest of Warden Thomas E. Sullivan at the warden's camp near the Bangor salmon pool, while Mrs. Gould has been at the Sullivan residence in Spruce street.

On Monday nine salmon were taken at the pool—three by Dr. Gould, two by Michael Flanagan, two by John Doane and two by Howard Peavey. These fishes range from eight to eleven pounds. On Tuesday Edward Canning took an 11-pounder, while Miss Jennie Sullivan, sister of Warden Sullivan, landed a 16½ pounder, the largest fish of the season thus far. Since the departure of the ice, 28 salmon have been taken at the pool. John L. Thomas got two salmon on Monday and one on Tuesday.

Alewives spawn in brooks along the lower river and remain in these waters till September. Dr. Gould reports them fairly swarming up the Penobscot.

Dr. and Mrs. Gould returned to Rockland Tuesday night—Bangor News.

CAMDEN'S HEALTH OFFICER

Dr. J. G. Hutchins, An Ex-Service Man, With Busy Career.

Dr. James Gilbert Hutchins, a physician of wide and varied experience, has been appointed health officer of Camden. He is an ex-service man, having volunteered in the fall of 1918. He was commissioned first lieutenant in the Medical Corps of the 6th Field Artillery, stationed at Camp Jackson, South Carolina.

Dr. Hutchins was born in Orland in 1876, graduated from Buckport Seminary, and from Bowdoin Medical School in 1901. After doing hospital work for several years he located in Stonington, where he remained 12 years, coming to Camden in 1916, where he has built up a successful practice. He is married and has one daughter, his wife being a daughter of Capt. Ira Sawyer, a well known Deer Isle mariner.

Dr. Hutchins is a Republican, having served for several years as secretary of the Stonington town committee. He is a Mason and Odd Fellow, a member of the Baptist church and chaplain of the Army and Navy Post of the American Legion. Dr. Hutchins is vice president of the Knox County Medical Association.

UNPROMISING APPLE CROP

Dr. George M. Twitchell of Monmouth and Auburn, states that the apple crop in Maine, judging by conditions in central areas, will be only quarter of a normal crop, due to the severe winter. The winter varieties have not blossomed well at all and only the fall varieties like the McIntosh Reds and Wealthies and Fameuses have done well thus far. Last year the crop was about 60 percent normal, but prices held firm and orchardists did well. Another handicap his season seems to be the feebleness of the trees, the leaves being puny. Dr. Twitchell urges prompt use of nitrate of soda to revive the older trees, his being valuable chiefly as it is put on at once.

NOW AND THEN

Cheaper collars were promised Thursday when representatives of one of the largest collar manufacturing corporations of Troy, N. Y., announced that wholesale prices had been cut to retailers throughout the country to sell its product at 25 cents each. They now are retailing as high as 35 cents. Cheaper cost of materials have brought the lowered price, it is explained. The additional statement was made that this company was the first to advance wholesale collar prices when production costs began to rise and is the first to reduce them.

MAY WEATHER RECORD

The month of May tried to be impartial, having furnished 15 clear days and 16 cloudy, or partly cloudy days. Rain or snow fell on 11 days. The highest temperature was 74 and the lowest 33; the mean daily temperature being 52.2. The highest barometer reading was 30.32 and the lowest 29.64.

THE BETTER LAND

I hear thee speak of the better land; Thou call'st it children a happy land; Mother, oh, where is that radiant shore? Shall we not seek it and weep no more?

Is it where the flowers of the orange bloom? And the fire-flies dance in the myrtle boughs? Not there, not there, my child.

Is it where the feathery palm trees rise, And the date grows ripe under sunny skies, Or midst the green islands of glittering seas, Where fragrant forests perfume the breeze, And strange bright birds on their verdant boughs Wear the rich hues of all glorious things? Not there, not there, my child.

Is it far away in some region old, Where the rivers wander o'er sands of gold, And the burning rays of the ruby shine, And the diamond lights up the secret mine, And the pearl glows forth from the coral strand, Is it there, sweet mother, that better land? Not there, not there, my child.

Eye hath not seen it, my gentle boy, Ear hath not heard it, sweet songs of joy! Dreams cannot picture a world so fair, Sorrow and death may not enter there, Time may not breathe on its faded bloom; For beyond the clouds and beyond the tomb, Is it there, it is there, my child.

To the Voters of Knox County

I am asking for your support for the Democratic nomination for County Commissioner in the primary election of June 22.

In soliciting this nomination I do not base my request wholly upon political grounds, but partially, at least, upon the theory that the office should be considered one to be administered solely for the welfare of the various towns in our County.

It is no more than fair that every voter in the coming primary election should make careful inquiry into the character and business ability of the men who are seeking political preferment, and for myself will state that I most earnestly invite such an inquiry.

It is needless to state that I am a Democrat on principle, and not by inheritance, and for many years have unfailingly responded to the call of my party with my best efforts, and with enthusiasm. If nominated and elected I pledge myself to use every effort to give the County of Knox a strong, efficient, business-like administration.

I further pledge that, if nominated and elected, at the expiration of my term of office, I will not again seek the nomination, believing that one term (six years) is all that any holder of this position has any right to expect.

ROBERT V. STEVENSON.

PERSHING OUR GUEST

"Lafayette, we are here!"

The dramatic utterance that stands conspicuous amid the many dramatic notes sounded during the World War was made by our own General Pershing, when with his staff he paid official visit to the tomb of the great Frenchman. The appositeness of his words evoked from the sensitive and responsive French nation a whirlwind of applause and sent a thrill through the American people. The incident will live in the annals of the world.

The man who sounded that inspired note is today the guest of Knox county. As the trusted leader of the heroic American troops who fought on French soil for the world's salvation, General Pershing will be welcomed by our people with open arms. The occasion is memorable in Rockland's history.

EAST COAST CHAT

The steam trawler Sheldrake, put into Halifax Thursday for repairs to her winches. The trawler has 40,000 pounds of fresh fish aboard.

REPUBLICAN CONVENTION

The Courier-Gazette has arranged for a telegraphic report of the chief points of interest in connection with the Republican National Convention that opens in Chicago Monday. The messages will come direct from the Convention hall and will be bulletined at the office for the benefit of the public.

It should be borne in mind that Chicago standard time is two hours later than Rockland's, and our city being on daylight saving schedule stretches the difference another hour. The convention meets each day at noon, which will be 3 o'clock in the afternoon in this city therefore bulletins can hardly be looked for until the close of the afternoon.

Also it is proper to point out that the nomination of President is not likely to be made before Thursday. When it is made The Courier-Gazette will bulletin the information immediately.

A HIGH SCHOOL SUCCESS

The June Festival presented yesterday by the Rockland High School exceeded in interest and the degree of success anything in the way of a school entertainment ever presented in our city. This was the unanimous verdict of the several hundred citizens who enjoyed the afternoon and evening performances on the handsomely decorated and lighted Lincoln street grounds. The identity of the May Queen had been a profoundly guarded secret, revealed only when on the "milk-white charger" she rode in at the head of the procession—Princess, daughter of Lieut. Commander Carlton F. Snow, U. S. N. The affair was so meritorious and reflected credit in so many directions that The Courier-Gazette is reserving a more detailed review to its Tuesday issue.

PERSHING PLANS CHANGED

General and His Party Will Not Reach Rockland Until 4:15 P. M.—Stay Here Shortened.

A change in the plans of Gen. Pershing's trip through this part of Maine was found necessary as he must be in New York on Sunday, leaving Portland at 9:35 Saturday night for that city.

The route will be reversed today and the party will come here from Bangor by the way of Belfast and Camden instead of by the Augusta and Thomaston route.

Capt. L. M. Hart, who is assisting in directing the tour through Maine, sent out the following, Friday night:

Owing to the fact that General Pershing will be obliged to be in New York on Sunday, it has been found necessary for him to reverse his schedule for Saturday, June 5. He will leave Augusta by automobile at 8 o'clock that morning for Bangor by the way of Pittsfield and will reach Bangor at 11:20. Leaving Bangor at 1 p. m. he will arrive in Belfast at 2:30, Camden at 3:45, Rockland 4:15, Thomaston 4:45, Waldoboro 5:30 and Damariscotta at 6, where he will have supper. He will leave Damariscotta at 7, Woolwich at 7:45, Bath at 8 and arrive in Portland at 9:30 to take the train at 9:35 for New York. This schedule is according to the daylight saving time. General Pershing regrets his inability to visit the University of Maine at Orono, but finds that his official duties will not permit him to give the necessary time.

The Pershing party includes: Gov. Milliken, Col. George C. Marshall and Col. John G. Quekemeyer, Gen. Pershing's aides, Gen. George McL. Presson, Capt. F. H. Farnham, Capt. L. M. Hart, Col. Albert Greenlaw, department commander, American Legion; James L. Boyle, department adjutant, American Legion; probably three members of the governor's council; Major William C. Goodwin, Q. M. department; two chauffeurs for Gen. Pershing; five chauffeurs and representatives of the press.

With the exception that Gen. Pershing's stay here will be limited to about 15 minutes instead of half an hour, there will be no change in the local plans. The members of the American Legion will meet in their hall at 3:30 p. m. and escorted by the Vinhaven Band will march to the Hotel Rockland Annex, corner of Park and Union streets.

The parade will be from Union street to Park and up Main to the Elks Home. It is probable that Gen. Pershing will speak from his automobile, although a stand for that purpose has been erected on the Elks' lawn.

The Vinhaven boat will be held until 5 p. m. fast time, to accommodate the band and visitors from the islands. It should be borne in mind that all of the Pershing Day arrangements are based on the daylight saving schedule. Rain or shine let's show Gen. Pershing that he's a mighty welcome guest.

The Rockland Building Co. has sold a double tenement on Walnut street to Joseph Pisano, who will reside there.

DOCTORS CRITICISED

For Not Reporting Case of Dangerous, Communicable Disease.

Because of matters reported to County Attorney Withee, by the State Board of Health and D. L. McCarty, Secretary of the Board of Health of Rockland, an investigation has been made of a case of dangerous, communicable disease which was not reported to the local Board of Health by the two physicians in attendance upon the patient.

It is not yet announced what action will be begun against the physicians in question, but the State Board of Health has announced its intention of asking for a more strict enforcement of the law which provides that "whenever any physician knows or has reason to believe that any person whom he is called upon to visit has, or is infected with, any of the notifiable diseases, such physician shall forthwith give notice thereof to the Secretary of the local Board of Health or the Health Officer of the Town in which such person lives."

The penalty for violation of this provision is not more than \$50. It is stated that physicians in Knox county as well as in other counties have been negligent in complying with the provisions of the law which, it is obvious, are designed for the safety and welfare of the community.

Carelessness on the part of a physician, or of any person charged with the duty of making reports of contagious diseases to the Board of Health, may cause not only the spread of serious diseases but make such persons subject to criminal prosecution. Any person knowing of such diseases within their household should at once notify the Board of Health.

"NO STRIKE THREATS MADE"

President Truworth's Statement in Regard To Fish Handlers—Early Settlement Probable.

There has been no important change in the industrial situation at the East Coast Terminal Docks since Thursday's issue of this paper, which contained the statement of General Manager Rich that the trawler fleet would be diverted to the plant at Cape Breton in the event of certain happenings. An early meeting of the officials of the East Coast Fisheries Company is to be held, and the Fish Handlers Union will be in session Tuesday night to receive the company's reply.

For the time being considerable bitterness was expressed, but the prevailing sentiment today is in favor of harmony and adjustment, and it is believed that the get-together spirit will triumph.

Ivan A. Truworth, president of the Central Labor Union made the following statement to The Courier-Gazette last night:

"We have deemed it wise not to make any formal answer to the statement of General Manager Rich which appeared in The Courier-Gazette, Thursday, but rather to let the public draw its own conclusions."

"We have made no strike threats."

We are simply asking for the conditions as outlined in the letter to the East Coast Fisheries Company, which you have published. This was mailed to General Manager Rich unfortunately without signature. This oversight was remedied just as soon as we learned of it, by a member of the grievance committee working on the job, and if it had been necessary the signatures of more than 100 union men could have been readily obtained.

"The Fish Handlers' Union has no grievance with anyone, as yet, and has never talked strike with the East Coast Fisheries Company officially. It is simply asking for the same conditions which exist among that company's competitors. The union officials have been fair and square, and are thoroughly willing to arbitrate."

The union men express much regret at the charge of "inefficiency" brought against Mr. Elwell, the president of the Fish Handlers' Union, who was recently discharged by the company. They assert that he is an exceptionally capable workman, and that he can get the best of recommendations from any of his former employers. Mr. Elwell is a former resident of Tenants' Harbor, and has made his home in Rockland the past year. He resides on Pleasant street.

Interesting Facts For Slim Pocketbooks

In our best judgment prices on Fall clothing will be much higher. There is a universal shortage of goods, labor is receiving more money than ever before and working less hours per week. In spite of these conditions the cold backward season has left us with more Suits and Top Coats on our racks than we care to carry at this time. Hence these prices for the next seven days.

E. B. Ingraham is employed at the Cobb market.

Rockland was represented at the opening of the new Bangor Opera House by President A. S. Black of the Black Circuit, Dr. William Ellingwood, John H. McGrath, and perhaps others. The word which comes back home is that the new theatre is a "peach."

Pierre L. Havener has bought from the other heirs of the late Charles E. Havener the candy store at "The Brook" which he now occupies, and the Havener homestead at the junction of North Main and Maverick streets. The latter is being converted into a double tenement.

Miss Elsa M. Haylen is employed as stenographer in Frank H. Ingraham's law office.

People who go to Crescent Beach by automobile this season, or by any other land vehicle will find the road excellent from Rockland to the Crescent Beach House. Much work was done on it last fall, and the highway now compares very favorably with other improved roads in Maine.

On the same day that Louis Rosenbloom pulled a 6½ pound salmon from Muguicook Lake, another record for the season was established by Miss Edna MacAllister, who caught a four-pound lake trout measuring 18 inches in length.

A smart Linden street woman has just completed painting her own house. Entitled to suffrage right, we'll say.

FUR STORAGE

YOUR FURS are now in great DANGER of being damaged by moths.

WHY NOT let us put them in STORAGE at a small expense?

OUR CHARGES are 3 per cent of your valuation, insuring them against moths, burglary, fire, etc.

ARE YOU THINKING of having your furs made over the coming Fall?

COME IN and talk it over now, and let us do the work through the summer at special rates.

ARE YOU IN NEED of a new PUR COAT or SCARF? We shall be very glad to show you our assortment, and if you care to make a selection, we will place same in storage and hold until you are ready for them. By doing this you are sure of saving from 20 per cent to 30 per cent from Fall prices.

FULLER-COBB-DAVIS

Orel E. Davies has returned from Portland, where he attended one of the best seasons of the Maine Retail Jewellers' Association has ever held. Three hundred attended the banquet in the Congress Square Hotel, where Gov. Milliken and County Attorney Beedy were the principal speakers. Dancing followed. During the afternoon the delegates enjoyed a sail down the bay in a special steamer. Mr. Davies was elected a director of the Association and member of the Legislative committee.

The annual meeting of the Lincoln Association of Congregational churches was held Tuesday and Wednesday of this week at the Winter Street Church in Bath. The Association sermon was given by Rev. Walter S. Rounds of Rockland. The attendance was good and the reports showed the churches to be in a prosperous condition. The meeting next year will be held with the church at Boothbay Harbor.

Capt. Courtland D. Perry, who was last in the schooner Helvetia, is to take command of the four-masted barkentine Cecil P. Stewart, while Capt. Drisko takes a much needed vacation. The barkentine is at Norfolk loading coal for Bordeaux or Havre. Capt. Perry goes to Norfolk next week.

A large elm tree in front of the residence at the corner of School and Union streets was taken down yesterday. The owner of the property arranged to have this done several weeks ago, and the man who was hired for that purpose made a brave start, but after cutting out a large slice on each side of the tree base he folded his axe, and silently stole away. Since that time there has been a great deal of apprehension in that neighborhood as to what would happen in a heavy gale. The gale did not materialize, and a possible tragedy was averted, but during the removal of the tree yesterday one of the limbs crashed through the roof of the veranda.

Summer doesn't officially begin until June 21, but so far as the Eastern Steamship Lines, Inc. is concerned, it will be inaugurated next Tuesday when the boats of the Boston & Bangor Division begin making six trips a week. Patrons should remember that the hours of arrival and departure are based on standard time.

Capt. Lawry of the Vinalhaven & Rockland Steamboat Co. picked a wild rose Thursday. He pinned it on to the generous bosom of Austin Philbrook of the mail transfer service, and by a very natural process the early post found its way to The Courier-Gazette office.

Charles Oakes is acting as city clerk for a few days while City Clerk Flint is having a vacation.

Grant Demmons has re-enlisted in the Coast Guard branch of the Navy, for one year, and will dispose of his motor trucking business. Increased naval pay inspired his re-enlistment.

Al. Nebes, the Eastern States' roller skating champion, has been in Bangor this week picking up a little easy money at the expense of Wallace Miller, the Bangor skater, whom Frank Allen recently defeated in Rockland. The Bangor contest extended over three nights, Miller winning on the first and Nebes on the second—both by close margins. At the proper moment on the third night Nebes walked away from the Bangor man as if the latter had been standing still. The Bangor spectators now know what Rockland people quickly learned—that Nebes has no equal in these parts.

Albert Cahes has bought the Everett Spear house on North Main street.

Kove George of Rockland and Lillian Pearl Whitney of Auburn have filed marriage intentions at the city clerk's office.

Mr. and Mrs. Perley Nash have leased the Hattie Bowen house 112 North Main street, recently vacated by James Albee and family who have returned to their home at Bass Harbor. Miss Bowen will reside with Mr. and Mrs. Nash.

H. W. Fifield, Jr., 22, Kenneth Black '22 and Bruce Grindle '23 of Vinalhaven and Francis Raymond '22 of North Haven were in the city yesterday on their way home from University of Maine for the summer vacation.

Frank M. Beverage of the American Express office accompanied Kora Temple on its pilgrimage to Poland Springs yesterday. He is one of the most enthusiastic Shriners in this section.

King Solomon Temple Chapter worked the Mark Master degree Thursday night upon Elmer R. Biggers, Elliot R. Duncan, Elmo Crozier, Orrin Wotton, Francis J. Hunter and Bert E. Peterson. The Past and Most Excellent degrees are on the books for next Thursday night.

Mr. and Mrs. George Roberts have returned from ten days visit in Vinalhaven.

Charles Atherton has returned to this city from Bath and is moving into his newly purchased residence at 33 Cedar street. The load of furniture brought from Bath for him yesterday by the Stover moving van is said to be the largest that has come across the Kennebec River on the ferry boat Hockmoeck this season. Messrs. Simmons and Webber, who had charge attracted more attention with their cargo than the Sells-Floto circus parade.

An automobile went on a rampage in front of W. S. White's residence on Main street yesterday, and breaking through the fence of defenses journeyed in onto the lawn before it could be stopped.

In removing a double boiler from the kitchen range at R. D. Day's residence Mrs. Day seized the wrong section and was very badly scalded about her face, neck and arms. She was attended by Dr. Waggatt.

Deputy Sheriff Charles Rawley of Tenants Harbor shows us an engraving which represents Rockland in the year 1850. A cut made from one of these engravings appeared in The Courier-Gazette at the time of the city's semi-centennial. There are probably very few of these rare pictures in existence.

If you hear a rarely good whistler on the street these days, it's E. L. Upton of Waterville, a salesman for the Central Maine Power Co. Does a regular Keith circuit stunt on "triple tongue."

Marshal Gilchrist was notified by the East Coast Fisheries Company Thursday that two boys were working in the Messer drying shed who were believed to come within the child labor law. Investigation was made, and Marshal Gilchrist learned that the boys had run away from their homes in Weymouth, Mass. They were sent home on Thursday nights boat. Their names were Gordon Kainey and Harold Smith.

Six "Apex Men" are busy in Rockland and vicinity, demonstrating the merits of the electrical cleaner which has been receiving such extensive publicity through the columns of the Courier-Gazette. The minds of readers having thus been prepared, the gentlemanly salesmen have an easy time securing permission to demonstrate the machine and it is no exaggeration to say that the housewives go wild over it, and sales naturally result. The "Apex" is a great saver of drudgery and every home in Knox County where electricity is available should be equipped with one of them.

WITH THE CHURCHES

Littlefield Memorial church services will be held as usual Sunday.

St. Peter's Church (Episcopal). See notes on page one of this paper.

Sunday services at Galilee Temple at 2:30 p. m. and 7:30 p. m. Brother H. Winchenbaugh will lead.

First Church of Christ Scientist, Cedar and Brewster streets. Sunday morning service at 11 o'clock. Subject of lesson sermon "God the Only Cause and Creator." Sunday school at 12:10. Wednesday evening meeting at 7:30.

Congregational church, Walter S. Rounds, minister. At the morning service the sermon theme will be "The Responsibility of the Church for the Religious Education of the Young." The church school hour at noon will be given to the annual observance of Children's Day. An interesting program has been prepared and a cordial invitation is extended to all to attend.

Pratt Memorial Methodist Episcopal Church. Morning service at 10:30. The pastor will preach on "Peter and Judas," which will be a comparison of the two characters. All are welcome to this service. Special music will be given by the choir, and Mrs. Armstrong will sing a solo. Sunday school at noon, with classes for all ages. Epworth League at 6:15. At this meeting Mrs. Ralph Reed will introduce the subject, "Common Mistakes in Daily Living." Come prepared for discussion. At 7:15 p. m. the evening service will be conducted by the pastor. Hearty invitation for all day.

At the First Baptist church Sunday Rev. Willard L. Pratt will preach at 10:30 on "The Renewal of Life." The Sunday school at 12 has classes for all ages. The men's class has a glad hand for all men interested in Bible study. The High School credit course meets at 12 sharp for the review of the first ten lessons in the course. All High School scholars taking the course are especially invited to be present at this review that they may get the facts clearly in mind. The Young People's meeting at 6:15. Subject, "What Bible reading will do for us," leader, Miss Anna Hall. Praise and preaching service at 7:15 with a good spirit of song, followed by a stirring message from "The Greatest Conversion of History—Saul Made Into Paul." The public is cordially invited to be present at these services.

SERVICES IN NEW MISSION

Next Sunday at 10:30 a. m. and 7:30 p. m. services will be conducted in the Latter Day Saints' mission hall recently opened at 119 South Main street, by Rev. A. B. Phillips, of Boston. Sunday night the subject will be "The History and Doctrines of the Saints." Much misunderstanding in the past has been caused by unauthorized and misleading statements on this subject. Jesus was rejected and condemned by many who never heard him. Reports of him were often untrue, because those who opposed him did not care to fairly represent him. Much of the Saints' teaching has been lost sight of today. Worldliness and pride destroy spirituality and its purity of vision. The religion of the New Testament age is needed as perhaps never before. This is the purpose of the New Mission, to which all are freely welcome.

Another chance to dance to the popular Marston's music. Monday night in Temple Hall. The plan now is to continue these dances until the hot weather drives everyone to the beach.

SAVE THE BABY

Watch Out For the Bottle Or He Is Liable To Be Strangled.

Three Maine babies were strangled to death last year, through either the carelessness of their mothers in placing the bottle in such position that the milk flowed too rapidly, while the child was feeding, or the imperfections of the bottle or nipple, according to death records for 1919, now available at the Department of Health Building in Augusta.

Every year when workers in the division of vital statistics prepare the death records for tabulation, the yards yield several of these pitiful stories of infant deaths.

Dr. A. G. Young, for 35 years with the department is constantly and emphatically bringing to the attention of mothers, the need that babies shall be breast fed, or if such is impossible, that every care shall be taken with the feeding.

Says Dr. Young: "The three babies whose deaths were due to strangulation last year, were literally drowned in their milk. Milk bottles placed beside the child at an angle which allows the milk to flow too rapidly; defective nipples; and in not leaving the baby alone at all while feeding; are extremely dangerous.

"Very young babies should never be left with their bottles beside them, tilted at the dangerous angle so often to be observed. Such carelessness on the part of the mother may possibly bring her deepest sorrow, later on. See to it that there is no chance for your baby to be strangled in his milk."

EMPIRE THEATRE

The weekend bill takes on added interest because of the new serial, "Elmo, the Fearless," which features Elmo Lincoln, who starred in "Elmo, the Mighty." Today's episode is "The Wreck of the Santiam." See it, and you will see the other 17 episodes, sure pop.

The feature picture is "Flames of the Flesh," with Gladys Brockwell as the star. Candace is found in a Portuguese port about to commit suicide. Craig Boardman takes her to Paris and introduces her to Mme. Binnet who perfects her in all the wiles and graces. She blossoms into a cruel, beautiful creature who murders the men. Charles Eastcott, an American falls in love with her. His brother arrives to intervene and falls in love with her also. Thinking to save his brother he spends the weekend with the girl, but ends by confessing his love. The father arrives upon the scene to reason with his elder son. In a thrilling scene it develops that the father is the man who caused the girl's downfall.

Movie fans will like "The Haunted Bedroom" Monday and Tuesday, and for that matter they would like almost any picture in which Enid Bennett is starring. "The Haunted Bedroom" is a good straightforward mystery ghost story, logical and absorbing from beginning to end. It will appeal to the people who like real mystery stories, stories in which the things that happen have a reason for happening. Not until the very end is the mystery solved and then in a logical, straightforward way with no loose ends to pick up.—Adv.

CAPTAIN HILL HAD TO LEAVE HIS SHIP Could Not Walk Ten Feet Until Tanlac Restored His Health, He Declares.

"I really could not let you go without telling of the good Tanlac has done me, for any who has been benefited as I have by Tanlac should not only be willing but anxious for the sake of others to tell it," said Captain Ernest H. Hill, 52 Chestnut Street, Portland, Me., while telling of his wonderful experience to a Tanlac representative, recently. Captain Hill, who for ten years was captain of vessels plying between Portland and the Popular Islands, of Casco Bay, is now captain of the Ben Hur, and is undoubtedly one of the most popular commanding officers of vessels in this harbor. Continuing, he said:

"For the past eight years I have been in a badly run-down condition, and before I started taking Tanlac I could hardly stand up. When I walked I would have to hold on to something to get about at all. After every meal I would be in the worse sort of misery and bloated terribly from the formation of gas and my appetite was so poor I had to force down every mouthful I ate. My nerves were in such bad condition I could get but little sleep and some times I would nearly jump out of the bed. I would also have smothering spells at night when I would have to get my breath and then I would become so weak I would just fall back into the bed again. Lots of times I would have to open the windows and doors of my room to let in fresh air or go out of the room into the open in order to get my breath. In the mornings I always felt worse than when I went to bed. I kept getting worse and along toward the last I became so weak I could not do my work, and I could not walk ten feet without becoming exhausted.

"I decided to try Tanlac after everything else had failed to do me any good, and I am certainly glad I did, for I had not taken more than two bottles when I could eat anything I wanted without being troubled with gas or bloating and a great deal better in every way. Well, I continued taking it, and while I have taken only five bottles all my troubles have been completely overcome. I feel as good as I did when I was twenty years old, and can get about as well as I ever could, and feeling so strong and full of energy my work is a pleasure to me. I sleep as sound as a child every night and never wake up until some one wakes me, and always get up feeling good. I really can't say too much for Tanlac as it has made a new man out of me."

Tanlac is sold in Rockland by Corner Drug Store, F. M. White & Co., Fitch Haven, Whitney & Brackett, Thomaston, and by the leading druggist in every town.—adv.

Sure Death to Corns

"Gets-It" Makes 'Em Lose Their Grip and Lift Off Painlessly.

The first thing "Gets-It" does when it lands on a corn or callus is to snuff out the pain. Then it shrivels the corn or callus and loosens it.

Soon, it is almost ready to fall off. You help it just a little by lifting it off 'twist thumb and finger. You don't even feel it, because there is no hurt left in it. Millions have proved it the cleanest, safest, and most pleasant method.

"Gets-It" the never failing, guaranteed money-back corn remover costs but a trifle at any drug store. Mfg'd by E. Lawrence & Co., Chicago.

The ONLY Aero-EIGHT

THE world has produced great masters—geniuses All—but in the minds of men there will remain always but one Michael Angelo. And though there may be countless eight cylinder cars—all worthy contributions to the science of automotive engineering and designing—there is only one Aero-EIGHT.

An Exclusive Creation

It is distinctive, original, exclusive. There is something indefinable about it that vests it with an inherent quality of goodness, worth and ability which is peculiarly its own—which eludes imitation.

The Cole Aero-EIGHT has an air of unconcerned power—a complacency that takes for granted its mastery over every emergency and inspires confidence in its ability to reduce the extreme to the commonplace.

Its beauty of lines, its wealth of energy, its speed when desired, its comfort always, its unparalleled economy, its luxurious completeness form a combination of virtues rarely encountered in such perfect balance and harmony.

The ability of the Cole to transcend all present accomplishments by instilling a note of futurity in all that it achieves gives the Aero-EIGHT a character humanly individual.

Your child's

health and energy depend largely upon the nutrition the blood receives from food. All of a child's energy is needed for growing, and no child can afford to waste any strength in fighting poor digestion.

Quick, regular action of the stomach, liver and bowels is necessary. This will keep the blood pure and prevent worms.

At the slightest sign of irregularity, a dose of the reliable household remedy, "L. F." Atwood's Medicine, will stimulate prompt action and restore healthful conditions. Regular use of this old favorite standby of generations removes stomach disorders—The full value of the food will be absorbed into the blood, and nervousness, and restlessness will disappear.

No weakening effects can result, as "L. F." simply starts natural action of the organs. It will be found helpful by the entire family in all cases of constipation, biliousness, or sick headaches. You should never be without it. Get a bottle today, 50c and use it when needed. "L. F." Medicine Co., Portland, Maine.

Mrs. Lawrence Dunn, Miss Harriet Dunn and Mrs. Walter Willey spent Friday in Lewiston.

APPLETON

The memorial sermon last Sunday by Rev. C. L. Cronkrite was a master oration and the house was filled. The decorations were something new. On each side of the altar was the form of a grave, one representing those who lost their lives in the late war and the other for veterans of the war of '65 who laid down their lives for our country. As the pastor delivered the sermon, stepping from one grave to the other and dropping flowers on each, with appropriate remarks intermingled with poetry, the sympathetic impression was felt by everyone. The choir sang some fine selections. The veterans of the World War and the Relief Corps attended in a body. Much credit is due to Miss Ada Wadsworth, Mrs. Lue Stanley and one of the soldier boys, Eddie Edgcomb, for the work on the decorations.

Through the kindness of Mr. and Mrs. Elmore a second benefit for the Library Building fund is to be given at Whitehall Tuesday evening, when this beautiful summer hotel will be thrown open for a dancing and card party. It is given under the auspices of the Library Association assisted by the different women's clubs. Dean's orchestra will furnish music for dancing, and whist and other card games will be enjoyed. Admission tickets including cards and dancing will be 50 cents, while for those not coming to play or dance the admission will be 25 cents. Ice cream and cake will be on sale at 25 cents a plate. Tickets may be obtained from members of the various clubs, at Moore's store and the Handicraft Shop.

The annual meeting and banquet of the Camden High School Alumni Association will be held at the K. of P. hall, Tuesday evening, June 15, the banquet to be served by the ladies of the Baptist church at 6:30 o'clock at \$1 per plate. Those who take part in the entertainment, which follows the business meeting, are members.

Among others will be Miss Edna St. Vincent Millay, whose work our people have followed with much interest. As a poet she has received recognition in many leading magazines as well as fine press notices. George Perry, in whom are all deeply interested, will be present and tell us of some of his experiences while abroad. It is hoped as many of the members as possible will show their interest in the association by attending the meeting and making the occasion a social success.

McKay-Packard

A very pretty wedding took place Wednesday noon at the home of Mr. and Mrs. Frederick Packard, when their youngest daughter, Rita Marie, was united in marriage with Thomas William McKay. The rooms were decorated with flowers and ferns and the ceremony was performed by Rev. H. L. Holt of the Congregational church, the double ring service being used. Only relatives and a few close friends were present. The bride was becomingly dressed in pink crepe de chine and carried roses. Misses Mildred and Louise Porter were bridesmaids and they also carried roses. Arthur Grinnell acted as best man and Mrs. Laura Osborne was usher.

Miss Stella Deery played the wedding march. After the ceremony ice cream and cake were served. The bride is an attractive and popular Camden girl and a talented musician. The groom has been for many years a resident of the Camden Hotel. The happy couple left after the ceremony for a short honeymoon trip to East Orland by auto, followed by the best wishes of a host of friends for a happy and prosperous wedded life. They were accompanied on their trip by Mr. and Mrs. Arthur Grinnell. The wedding gifts were pretty, numerous and useful.

TENANT'S HARBOR

Memorial services were held at Sea View cemetery Monday in honor of veterans who lie in their last resting place. The school children marched to the graves, decorated them, sang songs and spoke pieces. H. W. Rhoades of the Baptist church gave a very interesting address.

The news that comes of the death of Susie, daughter of Capt. and Mrs. E. L. Sherer, brings regret to a large number of people in this town, where she was greatly loved. The sympathy of all goes out to the bereaved family.

Mrs. Barbour is the guest of Mrs. Abbie Clark for a few weeks.

Simon Hart of Rockland called on friends here Monday.

This week has been one of good weather and the farmers have been improving their time. The boys who work at the quarry are going to cut the cost of living as they work days and farm nights. One man returned home at 5:30 from his garden last week.

Every week The Courier-Gazette prints news letters from more than a half-hundred communities of Knox county and vicinity.

Mr. and Mrs. Ernest F. Ginn came from Portland Saturday in their motor car and spent Memorial Day with their brother and sister, L. C. Blackington and Mrs. G. L. Tolman, at The Meadows.

The Thursday Charity Club will meet at the Country Club June 10. All members purposing to attend will please notify Mrs. N. F. Cobb or Mrs. George M. Simmons.

"Stylish stout" hats for women have been introduced by a New York department store and are attracting considerable attention, says the Dry Goods Economist. Much attention has been paid of late years, to the clothing needs of the large woman, but until now the fact that she also needs a hat appropriate to the heavier proportions of her figure has not been recognized. Hats must become the figure as well as the face, if they are not to appear ridiculous. The use of colors, the trimming effects and the shape will all be carefully considered in the new hats, since inappropriate millinery models call unfavorable attention to the figure just as poorly selected clothes do.

Mrs. Ethel Vinal, who has been visiting relatives in this city, has returned to her home in Portland.

Mrs. Clara Packard, who has been visiting relatives in Exeter and other places in New Hampshire, was the guest Wednesday and Thursday of Mrs. F. J. Bicknell. Mrs. Packard returns to her home at Owl's Head today.

Bowdoin College fraternities have been having this week the usual house parties incidental to Ivy Day. Miss Marion McLoon was the guest of Zeta Psi; Miss Dorothy Eliethen and Miss Alby Hemingway were guests of Psi Upsilon; Miss Idamae Wotton was the guest of Theta Delta Chi; Mrs. John W. Thomas was the guest of Alpha Delta Phi. Misses Edna MacAllister, Lucy Fuller, Frances Flanagan and Phyllis Moran were guests of Kappa Sigma. Norman L. Webb '22 of Stonington was a member of the committee at Beta Theta Pi house where Miss Esther Stevenson of Rockland, Miss Edith Tiffany of Camden and Miss Vera Harman of Stonington were entertained.

Mrs. Emily Jameson has returned from West Rockport where she was the guest last week of her brother, Edwin Graves.

Rev. and Mrs. D. B. Phelan, accompanied by their daughter, Mrs. Bowdoin Pendleton and Mrs. Pendleton's daughter, Ada Lucy, were guests of Mr. and Mrs. Ralph H. Crockett, Maple street, Wednesday. They were returning from New York to their summer home at Islesboro. Mr. Phelan was formerly superintendent of the Rockland district of the Methodist church. The many friends of Mrs. Pendleton will be interested to learn that she is to make her winter home in Norfolk, Va., where her husband is engaged in the ship chandler business. Her father and mother will spend winters with her.

Miss Marguerite Sherer and Miss Edith Purington of Burlington, Mass., have been visiting Mrs. Dana Wright, North Main street. They returned home Wednesday.

The bold Rockland fishermen who recently visited Deer Isle, Moosehead Lake, with headquarters at Cape's, entertained their wives Thursday evening with a supper at the Country Club. It naturally follows that salmon was the piece de resistance, also that the husbands' piscatorial claims were

vindicated. At the supper were Mr. and Mrs. H. N. McDougall, Misses Evelyn and Frances McDougall, Mr. and Mrs. C. M. Kallbeck, Mr. and Mrs. M. E. Wotton, Mr. and Mrs. C. H. Duff, Mr. and Mrs. H. B. Bird, and Mr. and Mrs. Frank W. Fuller. The Rockland party caught 34 salmon and square-tailed trout.

Mrs. E. W. Diehl of New Haven, who has been the guest of her daughter, went to Castine Thursday, accompanied by her grand-daughter Miss Dorothy Carleton, who will visit her great grandparents, Mr. and Mrs. George Weeks.

Mrs. Jennie Farrar left Thursday for Washington, D. C. to visit her daughter.

Mrs. Ellen Hall left Saturday for North Scituate, Mass., where she will spend the summer with her son, George Hall. Mrs. Hall was accompanied by her daughter, Miss Clara Hall, who returned home Tuesday.

Mrs. Harry Leon and son Hayden of Washington, D. C. left May 31 for Kellogg, Idaho, where they will visit Mrs. Fred Porter, formerly Miss Jennie Fiske of Rockland. They will make many stops en route, being guests in Denver of Mrs. Thomas Tulley and visiting in Spokane, Wash., before returning East in the fall.

Harry T. Baker, who is an instructor in Goucher College, Baltimore, has arrived home on his summer vacation.

Mrs. W. I. Ayer, Miss Grace Blake and Mrs. Edith Pollanster leave tomorrow on a motor trip to Boston, where they will spend a few days.

Gleaming lights on the Ingraham Hill shore indicate that the cottages are rapidly filling up. The latest arrivals there are Albert M. Hastings and family and Albert Peterson and family.

F. H. Holbrook, Miss Helen M. York, Mrs. W. D. Holbrook and Miss Mabel Holbrook of this city are attending commencement exercises at the University of Maine. Miss Dorothy Holbrook is one of the graduates.

Joseph York, the well known Maine Central engineer, who has been seriously ill with pneumonia, is gaining slowly.

The Thursday club picnicked at Mrs. A. S. Blake's cottage, Megallowick, Lake Thursday. Mrs. F. A. Winslow won the auction prize.

O'BRIEN-JENNINGS

Fred Eugene O'Brien of Rockland and Miss Alice Jennings of Providence were married at 2 o'clock Thursday afternoon at the bride's home, 100 Kimball street. The bridegroom is a son of Mr. and Mrs. Walter S. O'Brien, Limerock street and has a fine position in Providence as assistant superintendent of the U. S. Gutterpercha Varnish Co. The bride has been in the employ of a large department store in Providence. The couple are expected in Rockland soon on their honeymoon trip, and will be recipients of many congratulations.

All the home news. That is why the people must read The Courier-Gazette every issue.

"START HOUSEKEEPING RIGHT! GET AN APEX CLEANER FIRST THING."

"You'll be in a home of your own next month. Begin right by getting an Apex cleaner like mine. Housework will never tire you. Servants won't annoy you and your work will always be quickly over with and well done."

It's the monotony of housework that makes it hard to do. Sweeping and dusting, stooping and bending, day after day tires one out.

The Apex cleaner takes the sameness out of housekeeping. It does the disagreeable cleaning tasks with ease and thoroughness. The Apex inclined nozzle reaches clear under radiator, davenport, buffet, china closet and other hard-to-move objects. The divided nozzle of the Apex cleans evenly and thoroughly.

The strong even suction of the Apex gathers all surface dirt and draws the deeply imbedded gritty particles right out of rugs and carpets.

When you have an Apex in your home it will give you hours of time to keep up your girlhood friendships and associations. Two hundred and fifty thousand housewives find the Apex almost indispensable in their homes and the number is increasing daily. Start housekeeping right--get an Apex first thing.

UNFULFILLED PROMISES

Although elected in 1912 upon a pledge to reduce the cost of living, not a single act of the Wilson Administration has tended to produce that result. From the day of his inauguration the cost of living steadily advanced. Extravagance in the Government necessitated increase of taxes, which taxes were added to the cost of transacting business, and collected from the consumer through an advance in the prices of commodities. By the adoption of its cost-plus policy in letting war contracts and by the encouragement of shirking on Government jobs and waste of Government materials, the administration created an unnecessary scarcity of labor and an unnatural advance in market values of commodities. By its inaction in the matter of purchasing the Cuban sugar crop, and by its agreement with the Louisiana sugar producers regarding the price of their product, the administration aided in advancing the price of sugar--the one commodity which the administration singled out in 1912 as the necessary of life for which the consumer should not be unduly taxed.

Only in Maryland.

Imagine roasting a turkey already as dry as tinder! Only in Maryland, where a few good cooks still linger, is it served properly. There they do not roast it, but boil it, and then serve it with a thick, creamy oyster sauce. The difference is like that between perfectly brailed tenderloin and fried chuck steak.--E. W. Howe's Monthly.

Daughter was at home from college for the week-end. She seems unchanged, except that she has learned to say: "Is that he?" Before she went away she said: "Is that him?"

Needles of Ancient Days.

The needles that have come down to us from ancient Egypt are very coarse, but it is certain that finer needles must have been made to make the delicate embroidery produced by those people. Judging by the descriptions of embroidery in Homer, the Greeks also must have had very fine needles.

Spanish Sardine.

The principal industry of Vigo, Spain, is sardine packing. The Vigo district furnishes almost one-fourth of the world's production of sardines. The exports of those in oil in 1918 amounted to 1,017,000 cases of 100 tins each, with an estimated total value of \$13,000,000.

Oppose Armenian Mandate
President Wilson's request for authority from Congress to accept, in behalf of the United States, a mandate for Armenia, was coldly received in Congress from the first, not because of any lack of sympathy with the suffering Armenians, but because it was felt to be precipitate, and involving too great an expenditure of men and money. The question came before the Senate on the first of June, on a resolution "respectfully declining" the authority asked for. This resolution was adopted by a vote of 52 to 23. Of the Senators voting to reject the proposed mandate, 39 were Republicans and 13 Democrats. The 23 opposing the mandate consisted of 12 Democrats, on a motion to amend the resolution so as to authorize the mandate, only 12 Senators, all Democrats, voted in the affirmative.

A Proposed Coal Embargo

The coal shortage has become so acute, and the effect upon New England industries so disastrous that Governor Coolidge on the 1st of June sent a special message to the Massachusetts Legislature urging an embargo upon fuel exports, and the recalling of James J. Storrow as fuel administrator. The Governor, in his message, said that the coal and iron industry is at stake. The shortage, it appears, is mostly in soft coal, of which there is not enough arriving at New England ports to enable the factories to run next winter. The price of soft coal at Hampton Roads, the main port of supply for New England, has risen from 36 c. to 40 c. a barrel, and the price of hard coal from 40 c. to 45 c. a barrel. Orders that were built for local supply are being used for the shipment abroad of 1,000,000 tons monthly.
