A. J. Curtis, of West Paris, was at the Mill last week. Mr. G. O. Whitman goes to Fryeburg for the winter.

Out Clark S. Edwards, of Bethel, was in town Saturday. Mr. Amos D. and wife are moving to the village from Norway.

Frederic A. Porter, Esq., of Hamford, was in town several days last week. Judge Whitman of the Norway Municipal Court was at Paris last Saturday.

John F. Stanley, Esq., went to Dixfield Sunday, accompanied by his sister, Mrs. D. P. Stanley, who has been visiting at Paris.

Ladies and others desiring to examine samples of the new woolen fabric, please call on the Rev. J. E. Cochran, at the Academy. We have all the latest designs.

A school society was held Thursday evening, at the Academy. All present seemed to enjoy themselves. A number from out of town attended.

Wm. K. Kimball, Post, G. A. R. will hold a camp fire at Grand Hall, South Paris, Wednesday evening, Nov. 10, at 7 p. m. All veterans, with their families, are invited.

Court adjourned finally Thursday morning, and Judge Haskell will leave for Dixfield Saturday morning, driving to Poland Springs, where he will remain for some time.

A little error was made last week in the announcement of the supply for the Baptist church. It was Rev. Henry Crocker, of Dixfield, N. H., who preached again Sunday.

The Saturday case has naturally occasioned considerable talk about town. One opinion expressed is that the case is a good one, and that the jury will find in favor of the plaintiff.

The following are the names of those who attended the meeting of the Oxford County Agricultural Society, held at the Academy, last Saturday.

The present arrangement of tables on the main floor of the Academy is very satisfactory to the people in this vicinity. The Portland papers arrive at the Paris office at half past nine, and as the down mail does not leave until eleven minutes later, it is possible to receive a letter from Portland the day it is received—a thing which we have not been able to do for some years.

Our school, the Academy under the charge of H. Danham, and the primary taught by Miss Louise Doe, closed a successful term of ten weeks last Friday. Interesting exercises were given by the primary scholars in the afternoon, and were attended by a number of visitors.

It is a source of satisfaction to our citizens that Mr. Danham has been engaged in the winter term, which begins on the first Monday in December, after a vacation of four weeks.

The following official report, furnished to us by S. R. Carter, Esq., gives an analysis of the water of the well-known Cooper spring, about two miles east of the village.

THE POSTAL CARD BRIGADE.

WEST BETHEL.

We are having much cloudy weather, with but little rain. Heavy storms are needed here to drive away the cold.

Those who have young cattle in back pastures should be looking them over. Four yearlings are being kept by Mr. Conner at the station.

Complaint is made by many farmers that their potatoes are rotting, and some are taking them from their cellars to the nearest market.

The present low price of cattle, and the high rates charged for beef at retail, has largely increased the number of meat peddlers, and their white-covered carts are seen almost everywhere in this village, yet no one living here is engaged in the business.

WILSON'S MILLS.

The steamer "Magalloway," after several ineffectual attempts to haul it in-shore at the Algonquin dam, was taken up to Black Brook, and left for the winter.

E. H. Edmunds had several cords of maple wood, to go into the woods. E. J. E. has been in town.

Horace Dryden and F. A. Flint succeeded in getting a nice fat deer over the Diamond on Wednesday, and Mr. Dryden and family started for their home in Mansfield, Mass., on Friday.

Water Kimball has bought out D. C. Bennett's share in the Abbott Brook mill, a change in the firm being double B's still.

Mr. and Mrs. Lowe have returned to the Berlin Mills House; all are glad to see them back again.

Benson Clark is moving his family to Stark, N. H. Benson is a kind and obliging neighbor, and we are sorry to have him leave town.

NORTH PARIS.

The village school closed, Saturday, Oct. 20, after a term of 10 weeks. The following are the names of the scholars who were not absent or tardy during the term: Hammond, Blanche Chase, Lela Chase, Abby Young, Flossie Richardson, Ida Abbott, M. P. Childs, Peter Childs, Ida Packard, J. Morris Childs, Arthur Abbott, Ernest Cushman, Alphonse Hammond. This is one of the most advanced schools in town, and the Agents have been very fortunate in securing the service of good teachers. During a few years the school house has been repaired and fitted up with modern desks and seats, and the past year a new globe and day calendar clock have been added to the school-room.

Several of the scholars have been named in the school paper, and the school has been very successful in its work.

Wm. F. Mitchell has his 20-acre burnt place nearly cleared.

School closes in Nov. 7. Mrs. H. M. Hassey have been having the line between their farms straightened out.

LOVELL.

Miss M. Lett, of Lovell, closed her school for the term of ten weeks, on Friday. The school was very successful in its work.

There was a good attendance of the citizens, and a very interesting program was given. The school was very successful in its work.

GREENWOOD.

Report says that "Uncle" David Morgan and two of his widowed sisters took of moving into their new home near Wood City, for the purpose of manufacturing baskets the coming winter. We hope the report is true; Uncle David is a good basket maker, and that kind of household furniture is rather scarce about here.

It is painful to learn so often of cities and villages being destroyed, or nearly so by fire; when people learn that wood is combustible, and that the facilities for extinguishing fire along with their buildings, or else build with fire-proof material. We congratulate Norway on taking the lead in this respect.

What a lovely appearance a deserted house presents! So we thought as we passed by Mr. Bryant's, after the family had moved away; no cattle nor sheep in the field, fowl in the yard, no little yellow dog to run out and bark as we passed along the road. The windows were all boarded up, and even the cricket no longer sings about porch and pasture under the door step.

The horse that Mr. Bryant hired to haul his last load of goods to the depot, got about half way up Town Hill, when he happened to think the horse was not doing him any good, and so managed accordingly; the result was a lot of smashed crockery in particular, and other furniture in general.

Little Will Swan is six years old; the other day he ran out to part a couple of geese that had got into a quarrel, when one of them gave him a kick on the head, and he held his head in his hands, crying his mother to the rescue. That was a close imitation of Napoleon I.; he was quite a hand to get up a kick, and even when he was a little boy, he was a good fighter.

Benson Clark is moving his family to Stark, N. H. Benson is a kind and obliging neighbor, and we are sorry to have him leave town.

FRYEBURG.

Miss Patty Slickway, an aged lady living alone, was found dead in her home by the neighbors on Sunday, Nov. 1. She was recovering from sickness in which she had been cared for by attentive friends and neighbors, and died probably from heart trouble.

Kate Randall, assistant matron at one of the homes of the Industrial School, at Hallowell, has been visiting here in Conway.

News has been received of Mrs. Carrie Gibson Newman's arrival in Paris, France, where Mr. Newman pursues his profession as an artist.

As a fish-dealer, having bought out Charles Cousins.

An entertainment at East Fryeburg for the benefit of the Ladies Aid Society, was given on Sunday, Nov. 6, was made more attractive by the assistance of Misses Beach, Pike and Howe of the Academy.

The Lecture on Thursday evening was much of its popularity to the musical selections that show Miss Pike's careful training.

Our new watch-maker, C. F. Lord, is constantly busy with the numerous orders for watches, and the people are doing him as thorough work can be done here as in Portland.

Traces of a bear have been seen at McNamara's, where are the brave hunters! Tracks and apple-bones are the order of the night in that neighborhood—led off by one of unexpressed enjoyment at Highgate.

S. W. Fiske, Esq. was thrown from the back of a wagon by the sudden start of the horse and received a bad "shaking up" but no serious results are anticipated.

DEMARRK.

Charles H. McIntire is moving into the house recently occupied by W. H. Merrill. Charles True is to move into the A. H. Whitman house.

J. H. Dyer is in town looking over timber lots owned by C. B. Smith, J. Bennett and Charles O. Pendexter, with intention of buying. They are talking pine at about 25c. per thousand this year, or about 35c. for good sapling.

D. P. Lord is in Portland selecting goods for his variety store.

GILKAD.

We have been having some of the finest autumn weather that we ever remember of experiencing.

Jennie, daughter of the late Orlando Wilcox, died at Naco, was brought here Thursday for burial.

The suspension bridge is passable for teams; only a few more days to make it.

Miss Olive Blake is spending a few weeks at Portland with her son who is an engineer on a Maine Central passenger train. Bears are plenty, but hard to catch.

BROWNFIELD.

Mrs. Dr. Gatchell is in Boston, where she will remain during the winter, attending lectures at the College of Physicians and Surgeons.

FRYE.

We are having very damp and rainy weather here at present.

Last Thursday evening there was a prayer meeting at I. Braden's; a full house, and great interest manifested. The meeting was conducted by Miss Mary Farnham, Ladies' Brigs, Eugene Richardson, and others. After an exciting contest, the committee awarded to Thomas O. Lurvey the society's premium for the strongest article. The competitors for the society's premium for the strongest article. The competitors for the society's premium for the strongest article.

The chair factory is being run to its full capacity with an increased force of men—men working extra hours until 9 o'clock every night. Mr. Kimball expresses much sympathy for the men who are working so hard.

A new and large public hall will soon be built.

Our people are now agitating the question of incorporating our village for better protection against fire.

Several new buildings will be built here in the spring.

L. D. we can hardly go over our Parish story. It was a pretty good story, and we can hardly go over our Parish story. It was a pretty good story, and we can hardly go over our Parish story.

There was a good attendance of the citizens, and a very interesting program was given. The school was very successful in its work.

DIXFIELD.

The people of Dixfield and vicinity are taking pool mills and have as far as called on backed their talk in a solid manner by placing a good round sum opposite their names, and it seems quite probable now that a mill will be built this fall.

The long-talked-of arid often-delayed repairs on the Universal church have at last been started and will be rapidly carried on until the building is in a state of repair.

P. F. Kilgore has moved the old chair factory building out to Main Street, opposite the Foster place, in order to fit it up for carrying on a business.

The students of the Academy gave an exhibition Thursday evening at the church to
