Appreciating the force of circumstances, one of the Democrat's valued contributors presented the following touching and highly expressive epistle from a Texas paper:

"SOMEBODY OCCUPIED.—We are a little behind with the paper, but we are not to be excused for the reason that we have had to cook, wash, iron, milk the cow, do the house work, entertain distinguished people, and keep the flies off with one hand while writing with the other."

The thunder shower of last Thursday was a terrible one in this village. The wind struck at an angle, and the rain fell in the residence of Joseph B. Cole, on Main Street, and passed from there into the parlor and kitchen, throwing plaster and plaster all over the room, and nearly demolishing the partition between them.

Several persons were in the house at the time, but fortunately none were hurt. A small child started, but was promptly rescued by a pair of water.

The alarm of "fire" was given which added to the excitement of the occasion.

THE CHARLES.—Mr. C. A. Jones & Co., of the hotel, contains the following obituary of a man who went from Oxford County.

DEATH OF MR. SATTELLE.—Mr. Z. E. Sattelle, for ten years the manager of Bradley's phosphate works, in this city, died at his residence in this city on Wednesday night after a brief illness.

Mr. Sattelle came here from Boston to take charge of the works and spent little time in society, but in spite of his quiet and unassuming manner he endeared himself to many by his strict integrity and gentle manner and address. A touching expression of the affection of his employees was shown yesterday, when over a hundred of them refrained from work out of respect to his memory.

Mr. Sattelle's funeral services will be held from 10 to 12 o'clock, No. 120 Westworth street, at 10 o'clock this morning.

In the prime of life he was stricken down while pursuing a busy and active career. While enterprises on foot, and extensive plans for the future, which would have benefited the country no less than himself, he is a loss for all to deplore.

To his friends he was ever ready to extend a favor or do a kindly act, and, during his residence in this community all who came in contact were glad to have him.

Through a mere striping and in delicate manner, Mr. Sattelle felt it his duty to send his country's call for troops, and volunteered, joining the 17th Maine.

On their way to Virginia he fell insensible from fatigue and the effects of the sun, and was left, as they say, in a helpless condition.

On partially recovering, he refused to accept the discharge from further services which was tendered him, and hurried on to join his regiment.

For three years he did his faithful and most arduous services as a non-commissioned officer, and took part in several large battles, finally being wounded at Gettysburg, where he lost a finger and his left leg.

After this he was assigned to the "invalid corps," as it was termed, and still rendered valuable service by hunting up deserters and "bounty jumpers."

After the war Mr. Sattelle was engaged in building bridges for the Boston and Providence Railroad. During the last years of his life he was a member of the Baptist Church, of Boston.

He was a man of high character, and his death is a loss to the country.

His remains will be interred in the cemetery at 10 o'clock this morning.

His private relations he was loving, thoughtful and affectionate. His widow and a niece, to whom he was all that a father could have been.

His employees were kind and charitable, and though firm in discipline, he felt a deep interest in the homes and other charitable institutions in the city of his adoption, and never failed to respond to any call made upon him for a good cause.

"Blessed are the merciful, for they shall obtain mercy." A FRIEND.

CHARLES, S. C., June 8, 1867.

BASE BALL.

SOUTH PARIS 5; BETHLE 4.

South Paris B. B. club visited Bethel Saturday, and defeated Bethel, 5-1.

In a close and exciting contest, Dooley's out field prevented his pitching, but Records, our catcher, took the box and proved that he could travel the sphere, to the discomfort of Bethel, as they made only 7 base hits. This was Record's first game, and it was an errorless one.

He may be regarded as the strongest general player of his age, in Oxford county. Edwards played a good game at first.

Cummings did the heavy batting, making two base hits. His fly catch and double play with Dooley in the ninth, closed the game. Howe, in the R. F., made the last running catch of the game.

Passed balls—Mason, 1. Struck out—Edwards, 5. Chough, 4. First on base—Edwards, 2. Records, Howe, Davis and Cummings, 1.

II.—CHARADE

(Partly phonetic.)
He stood beside her in the first,
Before the glowing grate;
It seemed to him the hour had come
That should decide his fate.
They talked on subjects common-place—
A careless air to feign;
He told her that his fields of wheat
Had brought him golden gain.
He'd none enough of that, he said,
To buy himself a home,
And to that home he'd bring his own wife
Would she consent to come.
But, ere the spring, this happy pair
In bonds of woe were bound.
