Bedrock Well Depth

**Explanation**

- **Well Depth in Feet**
  - 0-50 feet
  - 50-100 feet
  - 100-150 feet
  - 150-200 feet
  - 200-250 feet
  - 250-300 feet
  - 300-400 feet
  - 400-500 feet
  - 500-600 feet
  - 600-800 feet
  - 800-1000 feet
  - >1000 feet

**Quadrangle location**

The Bedrock Well from the foundations of Maine and New England comprises the same category of primary data, this map provides an overview of the distribution of bedrock well fields across the quadrangle. The map shows the location of bedrock wells, with properties such as depth, location, and quadrangle designations.

**Depths of Bedrock Wells**

- **0-50 feet**
- **50-100 feet**
- **100-150 feet**
- **150-200 feet**
- **200-250 feet**
- **250-300 feet**
- **300-400 feet**
- **400-500 feet**
- **500-600 feet**
- **600-800 feet**
- **800-1000 feet**
- **>1000 feet**

**Legend**

- **Quadrangle**
- **Bedrock Well**
- **Explaination**
- **Well Depth in Feet**

**Map Scale**

- **1:125,000**
- **Kilometers**
  - 0, 2.5, 5, 7.5, 10
- **Miles**
  - 0, 1, 2, 4, 6, 8, 10
