We wish to express our sincere thanks to our many kind neighbors and friends who so generously contributed to our social movement, and for so many and such beautiful flowers. May they find as true friends in time of sorrow.

WHY HAS MISS PRINCE GONE TO BOSTON?

Would you really like to know? It is not exactly a pleasure trip. Though pleasant, we hope, as things go. It happens this way. Our many friends have been so very kind of late. That it is possible so to do. We think ourselves would compensate.

Our dress goods are getting very low. In trimmings we want the newest things. Buttons and fringes, gimps and jets. And any novelties this season brings.

As the days grow short and windy and cold. People will need warmer fannels and hose. And our stock is sadly in need of more. For this year we haven't bought those.

Our blankets too are almost all gone. And our stock of shawls is small. Cottons and crapes and fannels and ticks. Oh, yes, we are needing them all.

Ribbons and ruffles too, and gloves. Corsets and neckties, light and gay. Spool cotton and silk, needles and pins. And such things you use every day.

All these and very much more we need. And this we think a good reason. Why Miss Prince went to Boston herself, to select New goods for our friends this season.

Very truly,
S. B. & Z. S. PRINCE,
116 Main St., Norway.
