**CONTRACTORS PLEASE NOTE:**

**An elastomeric concrete manufacturer's representative is required to be on site for initial installation of their product in order to provide instruction on proper substrate preparation, mixing of materials, and application. This requirement is for the initial elastomeric concrete installation of each bridge project.**

**Follow all requirements of the manufacturer at all times. Contact the manufacturer directly with any questions.**

Products often times may have multiple uses. Products appearing on this particular list are expressly pre-qualified for this category of usage only. Do not use these products for any other application unless this product is noted on other lists.

Sales Representatives seeking approval of a new product should submit their product's Materials Technical Data Sheet, Instructions for Installation, Material Safety Data Sheet, and a completed copy of the [MaineDOT Preliminary Information for Product Evaluation Form](#).

If you are experiencing difficulties reading or printing this page, or any page on the Qualified Products List website, please contact the Product Evaluation Coordinator at 207-624-3268.
