ROCKLAND, MAINE, TUESDAY, OCTOBER 25 1892

ROCKLAND, MAINE, TUESDAY, OCTOBER 25 1892

TWO DOLLARS A YEAR IN ADVANCE
(Entered as Second Class Mail)

NUMBER 42

CITY CHAT.

Rockland's Great Building Boom—Pencil Points.

Day after day come the announcements of new building contracts within the limits of our city, and our builders and their crews have no time for recreation. It is almost impossible to keep track of the various structures in process of erection and the difficulty is constantly increasing. The character of the buildings going up is also a matter of congratulation and pride. Beginning with the magnificent Syndicate Block and passing along through the various kinds of buildings being erected and it will be found that the average in price and style is surprisingly high. Rockland isn't booming. Rockland is growing steadily and honestly. Winter and Summer, year after year, and there's no other place in the Pine Tree State that is making such a marked and sure advance along the various industrial and social lines as our city. This is the common and accepted saying among all who know of our city and what she is doing.

Rockland next month will inaugurate a new industry and make another addition to the small but important manufactures that add so materially to our business life. John R. Cousins, the boiler repairer, who has been doing business in a small building near the head of Tillson's wharf, is to move into the larger building near by, which was formerly occupied by Day & Morse. He will put in steam punches, steam drills and other improved machinery incident to boiler making in all its forms, and doesn't intend to let any work of the sort get out of town. Mr. Cousins commenced here in a small way doing repair work, and by steady attention to his work and ability has now a business that is bigger than his facilities, hence the contemplated change.

Mr. Cousins came here from Bath and occupies the new house of Hiram Rivers on Broadway. He has been in the boiler business since youth and is thoroughly familiar with all its details.

We need a foundry in Rockland, and with our Limerock Railroad, Knox & Lincoln, Electric Railroad, the various Limerock quarries with their derricks, engines and pumps, our clothing manufacturers with their machinery it does seem as though there is a fine field here for just such an enterprise.

Our Winter season of entertainment and social life has begun with alarming briskness, taking last week as a basis. Monday evening of that week there was a tableau rehearsal at the First Baptist Chapel for the Pilgrim Fathers entertainment, the regular meeting of the Shakespeare Society and one or two minor social events; Tuesday evening, other rehearsals and card parties; Wednesday evening the Boston Rivals opened the regular Y. M. C. A. entertainment course; Thursday evening two weddings, a card party and the Pilgrim Fathers entertainment; Friday evening the John Thomas Opera Co. in the "Village Doctor"; Saturday evening, Leland T. Powers for the benefit of the Lincoln Street Grammar School, while this week is not far behind with the Hyrons in "The Pungent" for Wednesday evening and various social happenings.

After this was written the opera date was cancelled, but there were enough additional social events to make amends.

Rockland has something, either in the way of business or entertainment, to hold the attention of its people, constantly. There's no opportunity for intellectual or socializing in this community.

The organization of the Knox Fish Protective Association is a movement that while of especial importance to our city nevertheless has an important bearing on other parts of the county. Our county lakes, which are myriad, after an examination at the hands of experts are pronounced splendidly adapted in every way for the propagation of game fish of all kinds. An association has now been formed the sole purpose of which is to stock these various lakes in the most feasible manner. The state authorities are ready to co-operate with the association and the prospect is that with any sort of support and encouragement from our people Knox County in a few years can offer as fine fishing in its lakes to visitors as any section of the state.

Such an inducement means not only pleasure and profit to local devotees of the rod and line, but an added and irresistible attraction to Summer rusticators and a material increase in the number of these desirable Summer residents.

PERSONAL POINTS.

Mrs. Wm. Johnson of Fancutt, Mass. is visiting Mrs. C. F. Guptill, Orange street.

Herbert Hayden left Tuesday for Denver, Colo. His address will be 1362 Lincoln Ave.

W. H. Winslow and family have moved from Union and occupy house, No. 74 Broad street.

L. M. Staples, T. S. Bowden and John F. Bryant of Washington were in attendance on Probate Court, Tuesday.

Miss Winnie M. Shaw of this city is one of the instructors in gymnastics of the Jordan & Marsh class of girls, Boston.

Word has been received of the approaching marriage of Fred Fisk of Bangor, a smart Knox County boy, son of Amos Fisk, Head-of-the-Bay.

John E. Leach went to Boston Thursday, where his wife preceded him, and they proceeded to Haverhill and thence to Providence, R. I., for a visit to Mr. Leach's brother, F. E. Leach.

Miss Lena Voltz, the accomplished vocal teacher, who passed the Summer in Thomaston, has returned to her studies in Boston. Miss Voltz leaves a large circle of friends hereabouts who hope she may again visit Knox County next year.

One of our musical men comments on the fact that three cornet players have been added to our instrumentalists: L. D. Crook, Dr. F. E. Follett and Mr. Farnham, of the China & Pacific Tea Co. Mr. Crook, who has been making his headquarters here for some time, will live a house in the Spring, and keep house with his mother.

PENSION POINTS.

Other Deserving Veterans Remembered by the Government.

The following pensions have been allowed at Gen. Cilley's office:

Andrew D. Walden, West Rockport, Co. I, 10th N. H. Inf., additional at \$12 per month from Aug. 13, 1890.

Harry Lewis Brown, minor child of Henry D. Brown, Co. I, 29th Me. Inf., original at \$10 per month from Aug. 11, 1890.

Emma A. Rockland, widow of Herlick Larkin, Co. I, 1st Maine Heavy Art., original at \$8 per month from Aug. 28, 1891.

Edwin G. Chapman, Rockland, Co. G, 28th Me. Inf., original at \$12 per month from May 28, '91.

John F. Lord, Waterboro, Co. I, 1st Me. Cav., increase to \$30 per month from March 16, 1892.

Julius K. Vinalhaven, widow of Ephraim F. Allenwood, Co. A, 4th Me. Inf., original at \$12 per month from Jan. 8, 1890, and \$2 additional for child.

John Wilson, Spruce Head, Co. C, 2nd Calv. Cav., original at \$12 per month from Aug. 9, 1890.

Hild Powers, Deer Isle, father of Horton P. Powers, Co. K, 16th Me. Inf., original at \$12 per month from April 9, 1892.

COUNTY COMMENT.

Warren's Kings Daughters and Sons and Their Worthy Object.

The King's Daughters and Sons of the Baptist Church of Warren are endeavoring to raise a church debt of \$400. They have thus far succeeded in raising \$327, of the amount, with fair prospect of securing the balance within a few days.

Landlord Whitney and wife of Hotel Warren are busy putting the hostelry to rights and getting things ready for business. Several important changes will be made. Mr. Whitney will run the stable in connection with the house.

Sunday services at the Universalist Church, South Hope, now begin at two p. m. instead of one, Rev. I. H. P. Kenyon, pastor.

SOUSA'S BAND.

No military band ever introduced to the American public has made the instant success achieved by John Philip Sousa's New Marine Band on the occasion of its initial tour. A brilliant leader, inspired by high ideas, equipped with a corps of musicians selected without regard to expense from Europe and America, backed by a syndicate of music lovers bent upon giving this leader an opportunity to realize his ambition of providing for America what the band of the Garde Republicaine is to Europe—such are the elements which have produced this remarkable success. Sousa's Band in Rockland, Nov. 25.

ELECTRIC SPARKS.

The New Heating Apparatus Ready to Be Put In.

The road is now giving its patrons most excellent service.

The conductors and motormen look very fine in their blue suits and brass buttons. Rather a fine looking set of men!

The open car will be continued on the local route as long as cold weather holds off, inasmuch as it is easier to get aboard and out of.

As we have stated, the cars of the Street Railway Co. will be heated by a new electrical device. The device comes from Virginia and is said to be most successful and satisfactory in operation. The apparatus looks rather like a grate and is said to be a great success. Our road, which is infinitely preper, will be the first one in New England to be thus equipped. The apparatus has been received and is ready to be put in. There will be one of these contrivances in each of the four corners of the cars.

OUR SAVINGS BANK.

The Fine Showing of an Able Manager Rockland Institution.

The Savings Bank Examiner has published the report of his examination of the affairs of the Rockland Savings Bank. The examination was made September 19 and from the report we gather the following:

Total amount of deposits, \$887,158.50; market value of stocks, bonds, etc., owned (exclusive of bank stock) \$457,391.67; market value of bank stocks owned, \$86,957.50; loans on real estate and all other securities, \$352,810.31; real estate owned, \$18,400; cash on hand and on deposit, \$16,967.18; accrued interest, \$7762.58; surplus above all liabilities after deducting amount due depositors, earned dividend and accrued state tax, \$89,053.74.

The deposit has increased in the ten months since the last report (November 19, 1891) \$67,543.87; and the surplus above all liabilities to the extent of \$5,303.78.

E. H. Lawry is President and Edward D. Spear Treasurer.

LOCAL LACONICS.

City Briefs and Stray Bits Picked Up Here and There.

Alden Hayden is fitting up a tenement in the upper part of his new house, Walker Place—Many of our business men observed Columbus Day by closing their places of business—Dudley Jackson's new house, Glenn street, is up and boarded—L. B. Merry, the reader, with his efficient crew has been doing considerable work in Camden—The big "B & L Tobacco" sign on the east end of the A. F. Crockett Co. is very plainly legible from Sea street—M. H. Nash is to open a restaurant here at an early day.

HE LEFT HOME.

A Vinalhaven Nine-Year-Old Seeks New Fields.

A little nine-year-old in Vinalhaven was taken to task by his mother for spilling a bottle of ink on the table.

"Well," replied the young Columbus, "if you don't want me round here I'll go away!"

"All right!" jokingly replied the mother; "go!"

Whereupon he went upstairs and deliberately packed his grip and started on his voyage of discovery. He passed the night with friends of the family, but returned home the next day, satisfied that there were no more continents to discover.

CORONATION OF COLUMBUS.

Henry Redington Brown, the author of "Longfellow's Dream," so well remembered here, presented his "Coronation of Columbus" at Taunton, Mass., Friday last. It will be presented at Amesbury, Mass., Nov. 15 and 16.

THE SUMNER.

Sch. Maynard Sumner sailed from Vinalhaven Wednesday with a cargo of paving. While going through the Narrows near Lawry's Island she ran onto a ledge, but was gotten off later, and proceeded on her journey. The damage was very slight.

WARREN LIME.

The three Warren kilns are running full blast. McLean & Stover last week shipped a cargo of rock for a pulp mill company outside the state limits.

THE NEWS FROM MEGUNTIPOOK.

Family Names Which Appear in the Town Voting List.

The Youngs Are Easy Winners With the Pendletons Second—Mt. Battie Mill and It's Progress—The Usual Batch of Building Bits.

Deputy Sheriff Currier and wife have been visiting friends in Biddeford.

S. G. Flanders has closed his dining rooms and ice cream saloon and left town.

The Payson Tucker cigar is with us. A fine picture of the great railroad man appears on the box.

H. M. Bean is making improvements at his shipyard property, grading about his cottage house and doing other work.

Rev. F. M. Preble at the Baptist Church preached a very timely and able sermon Sunday last week on the "Discovery of Columbus."

Camden Mill is running its full force and getting ready to make men's wear goods in connection with ladies' wear. A new office is nearing completion at this mill.

M. B. Aray and L. M. Chandler went to Boston last week to see some of the baseball championship games. It is not true that Mr. Aray is to play with the Cleveland.

A. Leroy Horton and family have moved to Lynn, Mass. Mr. Horton was one of our best painters, 1st Lieutenant of Camden's Camp S. of V.'s, and a fine fellow. May prosperity follow him!

Many of our business men have stocks of fine advertising books on hand. Several have distributed them by dumping them into Megunticook stream. There's advertising and then again there's advertising.

The machinery at the new mill is rapidly going into the place, the mules and carts now receiving the tender ministrations of the efficient crew in charge. It will be three or four weeks before any thing is started.

Our local life insurance company is now located in its new quarters opposite the post office, and has Miss Mary Dunton in its employ. The company reports an excellent business which is steadily assuming larger proportions.

Some of our young men are in correspondence with the Knights of Pythias grand officers of the state with a view to organizing a lodge in town. A lodge will probably be instituted this Fall with some twenty charter members.

Mr. Dyer, representing the House Market Club of Boston, has been in town canvassing for members for that wide awake Republican organization. Many of our Republicans joined. Mr. Dyer makes a very efficient representative.

W. H. Gardiner is to have a cellar put under his cottage and a sea wall built along his shore front. The sea wall will be 75 feet long and four feet high. John W. Wadsworth is to do the work and has 20 days to complete it. He will employ a yoke of cattle and six men.

One of our young men had a fine 14-shot Marlin repeater. He loaned it to a young man who was stopping in town at the time. After several weeks he wrote the young man to see what had become of the repeater, and was informed that it had been lost in Moosehead Lake.

The fine water color picture of Lake City Inn, which is displayed in Rose Bros. window, is the work of A. M. Graves of Waltham, Mass. The ladies in the picture are Miss Lena Cleveland and Mrs. Graves, while Landlord Fountain makes the third figure there. It's well done.

W. E. Schwartz is making repairs on the Ocean House and the Johnson building, is building a barn on the Butterfield place, and is erecting two houses for Simonson & Gill near the new mill. He has nearly completed two houses for Scarborough & Crawford in this locality.

John W. Wadsworth has a very fine spaniel, Jack by name, imported from Spain, who is a beauty and as intelligent as he is good looking. He is five years old and a great bird dog and something wonderful as a swimmer. One day he swam from Lake Island to Robinson's At Rock and then turned and swam back. Mr. Wadsworth values him highly.

The Baptist Society is to purchase a new piano.

Miss Margaret Miller is in Boston, visiting her sister—James Swan is home from New York.

Saturday week Horace Robbins, John W. Wadsworth and David Wardwell went off to Webster Head gunning. Jennie French, George Varney and Thomas Mash went to the same place. The first party got 10 birds, the second two microscopic sea pigeons and a wetting. It is said that the unsuccessful party set their decoys in the lee of the island where birds would never come.

An examination of our voting list shows some interesting facts about the prevalence of names in town. For example, we find that there are 19 Youngs who are voters, 15 Richardses, 14 Pendletons, 13 Bryants and 12 Wadsworths; 8 each of Deceors, Goulds, Thomases; 7 each of the names of Bowers, Clark, Knowlton, Miller, Payson, Upham; 6 of the name of Alden, Currier, Dyer, Hall, Hosmer, Mills, Nutt, Ogier, Paul, Prince, Sherman; 5 of the name of Adams, Anderson, Bean, Curtis, Heal, Simonton, Tibbets; 4 of the name of Baird, Boardman, Herrick, Moody, Robbins, Rollins, Sanford, Tyler and Wilson.

ROCKPORT INDUSTRY.

A Company Which Employs a Great Many Men.

A certain publication which appeared last week purporting to describe the industries of Rockport failed to do justice to one of our leading business firms, viz., the Rockport Ice Co. The fact is that the Rockport Ice Co. has the largest business in Rockport, outside of the lime manufacturers. The company does not ship Penobscot River ice but cuts its ice at Lily Pond, which is fed by spring water and produces the finest quality of ice. About 40,000 tons are cut each season of which about half is shipped directly from the water.

This gives employment to 150 men, and 25 teams daily while harvesting the crop. At this time, may often be seen five or six large vessels in port loading ice for the company. The company has seven fine houses which have a capacity of 25,000 tons, which were built last season and are now nearly empty. Two thousand tons are to be shipped this month, leaving about the same amount in stock for later shipments.

This business has proved to be a permanent industry and not a speculative affair, dependent on the failure of ice crops on the Hudson, or elsewhere. Upwards of \$40,000 is yearly expended by this firm, averaging the employment of about forty men per day to perform the labor of storing, shipping, etc., including the expense of their lumber trade. The company is well organized with experienced managers who understand the needs of their customers and are alive to the interests of Rockport.

THOMASTON TOPICS.

Mrs. L. M. Simmons went to Wallaston, Mass. last week... Capt. W. J. Copeland left for Boston Tuesday evening to join his vessel... A sewer has been connected with the depot buildings. Joseph Watts doing the work. This week Mr. Watts sowers the Wm. Flint house and Mrs. S. F. Robinson's house. Knox street... Fred Swift has moved into his new quarters, the Peter Kirk roadhouse, near the station... The horse attached to the Friendship stage took French leave of his driver one day last week, starting from the station and going in the direction of home, taking a short cut, jumping a fence and ditch with wagon attached. He made about a half mile in good time, when he was arrested on the old toll bridge near O'Brien's. No damage done and nothing broken except one rein... Capt. Ernest Montgomery has gone to Boston... Only five visited the White Mountains from here Sunday of last week... W. A. Campbell and wife went to Boston recently... Mrs. E. C. Colley went to Boston the other day... The recently arrived son of Capt. J. E. Creighton of South Warren weighed 17 pounds. The grandfather, Capt. John Turner, is exceedingly proud and delighted... Mrs. Martha Waldo of Rockland has been visiting her daughters in town.

PASTOR ORDAINED.

The examination of H. B. Woods, pastor of the Rockport Baptist Church, will occur next Tuesday afternoon. At 7:30 p. m. public ordination services will be held.

FORMER RESIDENTS.

Vinalhaven Is Visited by Two Well Known Former Residents.

Two personages who recently visited in Vinalhaven remind our local man of the days when business was booming there. W. E. Avery was one of the firm (Paige & Avery) who worked the East Boston quarry more than thirty years ago. For a number of years quite a crew of cutters and quarrymen were employed there, and it was one of the busiest spots in town.

Along in the seventies the quarry was abandoned and for a long time nothing was done there, but of late years a few paving cutters have been getting out blocks there, the stock being excellent for that business.

Mr. Avery a number of years ago went to Detroit, Mich. and engaged in the stone business, and was very successful. Of late he has given his attention to building electric street railways in his adopted state and is largely interested.

Hanson Coombs' presence recalled the lively times during the early seventies when there was a very large force of granite workers employed at Vinalhaven. It was in the days of the big government jobs, when everybody was flush, and the town was having a big boom in building. Hans and his brother carried on business in the store now occupied by Mr. Taylor. The building has been considerably enlarged since then. The brothers carried a line of candies, soft beer and such like, and did a good business.

In conversation with Mr. Coombs he informed us that from two days trade, including a Fourth of July, his share of the profits was \$300. A little store of that kind was a bonanza in those days.

His home now is in Vallejo, Cal., where he owns a ranch and has other interests. He likes that country very much, and does not expect to visit these parts again for a number of years, if ever.

ROCKPORT SCHOOLS.

Matters Pertaining to the New School-House and the Scholars.

The masons have commenced to plaster the new school-house. The tower is about ready for the clock, which will smile over the village with a clean, white face.

The tower of the school house is surmounted by a large gilt achorn. If tall oaks grow from small achorns we may expect some giants to graduate under the golden achorn.

There is a new flag staff not quite so high as the clouds but it has a tendency that way—a kind of "excellent," you know, a result of Columbus' discovery.

The term of Intermediate school closes at Burgess' Hall, Thursday. The Grammar School will have a short term in the same building, which will be taught by the same teacher.

VINALHAVEN PERSONALS.

Deputy Sheriff Smalley of St. George was in town Wednesday... Mrs. Sarah Barter and son J. W. visited in Rockland last week... Frank Dushane of Mass. has been visiting in town. Mr. Dushane lived here for many years... D. R. Manson went to Boston last week. On his way through he called on F. H. Webster, who is quite sick at Freeport. He found Frank much better than he expected and says that in is getting along very nicely, all of which is good news to his many friends here... S. V. Colburn and Frank Dushane, went to Lowell, Mass., last week.

DIXMONT.

Rockport's famous speeder won additional laurels at Manchester, N. H., Wednesday. Dixmont has made a fine campaign this season.

QUICK TRIP.

Capt. Morrill made a quick voyage in his schooner Silas McLean. He dispatched in Boston 1,425 casks of lime from Rockport, and loaded 1,000 bushels of grain and arrived back at Rockport, being five days on the round trip. Next

VINALHAVEN FISHING.

The fishing season is nearly over, and each week now the catch grows smaller. The whole amount received by Lane & Libby of Vinalhaven for the week ending Thursday was \$1,025 pounds.

There is no better medicine for family use than Ayer's Cathartic Pills. Their sugar coating makes them easy and even agreeable to take, and as they contain no calomel or other injurious drug, they are perfectly safe for patients of any age.

EDITORIAL BRIEFS.

One of our New York exchanges recently located a certain event in Chicago, Ill., Boston, Mass., Chicago, Ill., and New York, N. Y. are old style. Places of that size and notoriety need no state address.

The Iron Hall scandal will not down. Supreme Cashier Davis of the order is in jail under \$50,000 bonds to answer to an indictment for embezzlement and misappropriation of funds. The Iron Hall matter will thus have a thorough sifting. Maine has a deep interest in the outcome of the affair.

Maine condensed milk is said to keep longer than the production of other states. It is ascertained on a chemical examination of condensed milk made in Maine that it contains silica and lime, consequent to being produced on granite soil, that lends it great keeping powers. If granite soil is thus accountable Vinalhaven milk should keep forever.

At the Secretary of State's office they expect to make this week the first shipment of Australian ballots for the November election, covering York, Cumberland, Franklin, Androscoggin, Knox, Lincoln and Arundel counties, excepting those for the cities. The clerk who is supervising the work says that they have it pretty thoroughly arranged now and rather think they could give Massachusetts some points to boot in economy and dispatch in handling these ballots.

Editor Holman F. Day has withdrawn from the firm of Day & Bunker, publishers of the Dexter Gazette, and is succeeded in the business by Mr. E. K. Warren, formerly of the Waterville Sentinel. Mr. Day will assume the management of the Lewiston Journal's news bureau in Portland, and the great family newspaper is fortunate in securing his services. Lamont H. Appleby, formerly of Palmyra, becomes editor of the Gazette. He is a bright and energetic young man, and will fill the position well.

OUR STATE.

A Few Interesting Items Crowded from Our Last Issue.

Noyes & Goddard's stove foundry, Waterville, burned Tuesday morning, about 3 o'clock. The origin is unknown. Loss \$10,000.

Ass J. Carter of Surry went to a Lewiston hotel last week and blew out the gas. The reason he is not dead is an open transom.

Tuesday morning the big derricks in the pulp mills at Haskins Mills, Orono, burst, destroying the mill, killing two men and injuring many others.

Three young girls, Lottie Greenlaw, Venie Wilson and a Belmont girl, aged about 12 years, were arrested at Calais Wednesday night as they were about to depart for Woodstock, N. B., for stealing about \$200 from Mrs. Pettigrew, who keeps a boarding house. One hundred and sixty dollars were found on the girls. They are in jail awaiting trial.

The Biddeford Journal tells this: William Prescott, a young man who lives in Kennebunkport and works on the York, was coming back from his home the other evening when he saw a couple of coons. He had no gun, but he got out and chased the coons and overtook them at the trunk of a tree. Prescott pulled off his coat and covered the coons with it and then with the help of a handkerchief tied them to a tree. He then went to a neighboring house, borrowed a gun and came back and shot them.

PRISON POINTS.

A Conditional Pardon Granted—Another Pardon Refused.

Wm. Tibbette, sentenced in 1885 to ten years in the state prison for the attempted murder of Granville B. Small, of Lisbon, has been granted a conditional pardon by the governor and council. Tibbette is very low in consumption.

The petition for the pardon of Wm. Hutchinson of Bangor, who has served three and a half of the five and a half years for which he was sentenced to State Prison for breaking and entering the Hardy house in Cranburyville, came before the Governor's Council Wednesday, M. S. Holway of Augusta appearing in behalf of the young man. After a hearing the petitioner was granted leave to withdraw.

Col. Allen went to Augusta, the other day and visited the Insane Asylum to look into the condition of men who have been transferred from the Prison to the care of Dr. Sanborn.

MISSIONARY OFFERING.

A Box of Clothing Which Will Go to the Burmese.

The Baptist Churches of Rockland, Warren and Thomaston are making up a box to send to Miss Sarah Barrows, missionary in Burmah, where she has charge of a school of boys. The box will be sent this week. Miss Barrows is a member of the First Baptist Church, this city, and a sister of Rev. J. H. Barrows of Tenen's Harbor.

GRANITE CHIPS.

The Hallowell Granite Co. has received an unusually large derrick, 102 feet long, made of Oregon pine, at a cost of \$10,000. It will be set up at the quarry.—Hallowell Register.

Over 25,000 tons of granite from the Norridgewock quarries are being used up by the foundations of the new pulp and paper mill plant at Winslow and it is being received at the rate of ten carloads per day.

Columbus needn't feel hurt over Knox County's celebration of the anniversary of the great discovery. All over the county there was a general observance, Camden, Rockport and Thomaston leading off in elaborateness of observance. It was a great day and well observed.

Last week was marked by three wonderful and rare occurrences—an eclipse of the sun, the 400th anniversary of the discovery of America, and an issue of the Rockland Opinion without a slander of some one. It is not probable that any of these extraordinary events will occur again very soon although one is just as likely as either of the others.

The steps taken by our ladies to organize a musical association are certainly in the right direction. Rockland has musical talent enough to make such an organization a musical power. It will aid materially in developing musical interest, bringing out the younger singers and benefit our musical masters in a thousand and one ways. All success is here!

Some of Kennebec County's municipal judges recently made a trip to North Conway, N. H., to inspect the Keeley Institute, with a view to recommending in confirmed cases of drunkenness, where the parties concerned have any means whatever, a sojourn at some Keeley Institute instead of a fine or imprisonment. The idea could very properly be carried still farther, and cities and towns in cases of habitual inebriation send such cases to the Institute and pay the expense from a fund raised for that purpose. It would be infinitely cheaper in the long run.

BELFAST COURT.

A Case in Which Rockland is More or Less Interested.

At the session of S. J. Court in Belfast, last week, the case of C. S. Marston & Co. of Belfast vs. Waldo County's sheriff for trespass, against Alfred Murray of this city being the actual defendant.

Mr. Murray bought of the Thomaston Shirt & Pant Co. a bill against Wamsmaker & Brown of Philadelphia. Goods belonging to the Philadelphia firm, in the possession of C. S. Marston & Co., were seized, a judgment obtained and the goods sold for Mr. Murray's account. Messrs Marston & Co. afterwards claimed the goods and sued Mr. Murray, through the sheriff, for trespass, placing the damages at \$800.

E. E. Payson, James Almonson, Alton B. Small and Robert Packard of this city were witnesses for Mr. Murray. The verdict was not guilty of trespass. Marston & Johnson of this city appeared for the defendant, Mr. McLean of Belfast for plaintiff.

Messrs Bliss and Fogle of this county attended Belfast Court last week.

LAYING PIPE.

Extension of the Camden & Rockland Water Company System.

The C. & R. Water Co. is laying 3300 additional feet of pipe at Thomaston, extending from near the prison nearly to the Warren line. Three hydrants will be located along this 3300 feet at equidistant places. Will Larabee, the expert pipist, is at work there with a crew of fourteen men, and the big pipe is rapidly going under ground.

Wednesday, while at work on this extension, Walter Hawes of Rockland found a Spanish dollar several feet under ground.

The people at Warren would like exceedingly to see the C. & R. system extended to their smart town. A prominent business man told The C.-G. the other day that he would give liberally towards such a result.

SPORTING TOPICS.

Venison Steak from Down Machias Way—Dog and Gun.

A young man shot two deer between Waldoboro and Damariscotta, last week. He saw three, but one got away.

Edw. Thurlow got 20 birds in three days. James Donohue and R. B. Hastings got a half dozen in a few hours, one day last week.

Charles J. Merrill and Harry Hix shot eleven birds, Friday, Thursday and Friday. Parks Baker and a friend captured 28 birds, James Donohue and W. H. Norcross got a big bag of birds early in the week.

Friday night's Pullman took out from the K. & L. depot six handsome deer carcasses from down Machias way, while Saturday morning's train took out six more, a fine bag of partridges and a bear skin, also from the Machias neighborhood. Saturday morning's train was loaded by E. M. Arnold and I. H. Carter, Haverhill, Mass.

BUILDING BITS.

House Building at its Height—Condition of Work.

George A. Crockett and Al. Arnold left Wednesday for Green's Landing, where they put the finishing touches on the Hux house which they previously plastered. The frame for the residence of Thomas Hawkins, opposite the Free Will Church, is in the air. There are rumors of many more new houses to be built this winter. The new Syndicate Block is being wired for electric lights. An Alcorn man does the work. Florence Donohue's four roomed house, Park street, are finished outwardly. They look cozy. Charles Oliver and Jesse Smith are painting the Cross house on Granite street. The sound of the carpenter's hammer is heard early in the morning and late in the afternoon in this city ever telling us that buildings are being constructed to shelter us from the winter's cold. The addition and changes to C. A. Jamison's residence are completed. Martin Ladd did the work and did it well.

Y. M. C. A.

At a meeting of the board of managers of the Young Men's Christian Association Wednesday afternoon, it was voted to secure a new general secretary to fill the vacancy occasioned by the removal of G. W. Garfield to Brackton, Mass. Several candidates are under consideration.

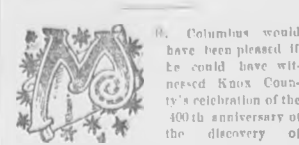

ECLIPSE

Occurred Thursday as advertised in The C.-G. and was observed by many of our people, with the aid of smoked glass. The only eclipse which ever gave itself satisfaction in Knox County was the eclipse of the Opinion's circulation of about 1860 by The C.-G.'s 3,000, better issued and more pure.

THE DISCOVERY OF AMERICA.

Knox County Very Properly and Generously Observes the Event.

Business Virtually Suspended—The Schools Rally Nobly to the Memory of the Great Columbus—Flags Are Flung to the Breeze.

At Thomaston. The day was quite generally observed throughout our county, the schools taking the lead. In Rockland the stores were closed quite generally. The exercises here were confined to school celebrations, Edwin Libby Post, G. A. R., sending delegation to each school building.

At Thomaston. The day was quite generally observed throughout our county, the schools taking the lead. In Rockland the stores were closed quite generally. The exercises here were confined to school celebrations, Edwin Libby Post, G. A. R., sending delegation to each school building.

songs and to lead by eight young ladies. They were dressed in white with liberty caps dotted with stars, and wore sashes of red and blue. The decorations were very pretty, introducing the union colors, and were arranged by Miss Eva Bucklin and Edith Larrabee.

Miss Book's room was very tastefully decorated with flags, pictures and portraits, with blackboard drawings by pupils. The program was an entertaining one, the following taking part: Hannah Keene, C. Rindley, Alice Meserve, Eva Knowlton, Winnie Grant, Grace Hickey, Rose Douglas, Carrie Greene, Katie Donahue, Edna Staples, Laura Simmons, Ada Collamore, W. Grant.

The Primaries throughout our city did their part and did it well.

AT THOMASTON.

The day was observed by all the schools of Thomaston. At 8.30 a.m. the Oyster River, Walworth Street Primary, Bailey Street Primary and Bailey Intermediate Schools met at the Bailey School building while the Brockwoods, Gleason Street Primary consolidated with the Grammar. The Meadow Mill River Primary, Main Street Intermediate all met at the High School building. At the appointed time the stars and stripes were flung to the breeze, cheered and saluted. Principal Weeks of the High School was a little delayed with starting his exercises owing to the G. A. R. being somewhat late, but at 8.45 he flung his flag to the breeze. Then these schools headed by the G. A. R. marched through the school yard, up Gleason street to the Grammar school building, where another beautiful new flag was unfurled. All the schools having met here as their central station participated in these exercises. These being dispensed the procession was formed and marched up Gleason street, down Main to Water Hall, where the following program was presented.

Reading of the Proclamation. Singing the flag. Salute to the flag. Solo—Star Spangled Banner, Miss Agel. Piano—The School Song of Columbus Day, C. A. Plummer. The A-Schools. Song—Red, White and Blue, Miss Pearl Ruggles. The Address. The Address and ode were finely given, and the entire program splendidly carried out.

AT ROCKPORT.

Columbus Day was properly celebrated by Rockport's schools and G. A. R. Post. The display of hunting from the shipping in the harbor first announced that a holiday was at hand. At nine a.m. the High Grammar, Intermediate and Primary Schools formed in line, awaiting the band and Post on Central street. The order of procession was then formed including a squad of mounted officers, Marshal J. S. Foster, members of school board and clergymen. Grand Army, and scholars under the lead of their teachers. The procession marched to the Hoboken School-house where the proclamation was read by Hon. G. F. Richards, the raising of the flag, singing and prayer by H. B. Woods. After these exercises the line of march was taken up to the new school-house, where the flag and the new building were cheered.

At the Opera House in the evening an elaborate program was presented, the following participating: Rev. W. W. Ogler, W. Brastow, Rev. H. B. Woods, Herbert Libby, Marion Barrett, Mildred Richards, Lena Achorn, C. F. Richards, Mrs. Wiley, Lottie Calderwood, Rev. T. E. Brastow, Miss M. Postle and C. K. Perkins. Various concert recitations and some very beautiful tableaux with delightful music by Yeazie's Band made a most enjoyable program.

Special thanks are due C. E. Perkins for his successful labors.

AT CAMDEN.

Camden's observance of Columbus Day was in every way a success. The day was ushered in by the ringing of bells. At 10.30 the various schools held appropriate exercises in their individual rooms. At 2.30 the Camden Band proceeded to the various school-houses, gathering up the scholars in a long procession which ended in front of the Bay View Hotel escorted by the G. A. R. Post. Here after prayer by Rev. L. D. Evans, the Columbus Day address was finely delivered by Walter Curtis, High School, class of '93, and the G. A. R. Band played a beautiful march. The flag was then raised with the usual ceremonies.

From 11.30 to 12.30 a picnic dinner was served in Lower Mugdock Hall, under charge of the efficient Ladies Relief Corps.

In the afternoon were athletic sports, 10 men out-pulling a pair of horses, a game of baseball, and the like.

In the evening public exercises were held in Mugdock Hall, which was prettily decorated. Stacks of muskets occupied the corners of the stage, draped with flags, while guerdons of stars and stripes adorned the proscenium sides. The front of the stage gallery were patriotic with red, white and blue. These decorations were the work of Principal Libbey and scholars of the High School.

The evening program included a band concert, singing by a male quartet, music by the Camden quintet, and appropriate addresses by Judge Robinson, J. H. Montgomery, esp., and Revs. L. D. Evans and F. M. Preble. T. H. Hunt presided. There were also fireworks.

The efficient committee in charge were P. H. Whitner and Misses Thornehill and Haskell.

AT WILEY'S CORNER.

Columbus Day was celebrated at Wiley's Corner by the scholars. The exercises, recitations, singing, etc., took place at the school-house, Friday afternoon, and were interesting throughout. A flag was also thrown to the breeze. In the evening a banquet was held at the hotel, to which all the scholars and band boys did ample justice. After the feast was over the band rendered some fine selections. It was a rare treat for the scholars and many smiling faces were seen.

AT UNION.

The exercises of Columbus Day were pleasingly observed in Union. The several schools in town were invited to take part, also Cooper Post, G. A. R., and Sons of Veterans, the last two of which marched to drum beat to the school-house of District No. 1, where the exercises were held. Superintendent of Schools Morton was master of ceremonies which consisted chiefly in carrying out the official program, reading the flag by the schools and soldiers, delivering the address by Geo. Moreton, singing by choir and schools, also recitations. After this the schools headed by the Veterans

and Sons marched to the M. E. Chapel where dinner was served to all who wished. After which they formed and marched to the soldiers monument where they were photographed by W. A. Healey and then to Town Hall where the afternoon exercises were held.

These consisted of singing by Miss M. A. Greene, Sadie A. Greene, L. B. Morrison and P. H. Pratt, the regular choir of the Congregational Church, a responsive exercise by the schools, address by Rev. J. D. Pavan and remarks by Rev. H. J. Wells, Dr. L. F. Bachelder, Mrs. H. A. Hawes and others, closing with the benediction by Rev. J. D. Pavan.

AT VINALHAVEN.

There was no general turn out on Columbus Day, but the occasion was fittingly observed by the several district schools now in session. Delegations from Lafayette Carver Post visited all the schools and assisted in raising the flag. At the High School Masters Allen and Arthur Vine and Chas. Hall, with cornets and drum, furnished music for the march and singing accompaniment. Appropriate remarks were made by Principal Tapley, Rev. W. E. Gaskin, and S. S. Committee man F. S. Walls. The most pretentious display was made in District No. 9, where aside from the morning exercises, there was a grand exhibition of fireworks, with speaking, recitations and singing in the school-house.

MUSICAL MATTERS.

The Artistic Boston Rivals—A Very Valuable Violin.

The first event in the Y. M. C. A. course occurred Wednesday evening, the Boston Rivals being the attraction. The company this season is made up as follows: Miss Priscilla White, soprano; Willis Nowell, violinist; Wallace Goodrich, pianist; Jessie E. Goodrich, contralto; and an excellent Mr. Goodrich could not appear Wednesday evening, and Charles Denney very efficiently substituted. The concert was a most delightful one. Miss White sang charmingly, while Mr. Nowell's violin work was artistic in every way. Mr. Denney, as we have stated, was equal to the occasion, both as soloist and accompanist, while Mr. Goodrich, as was the case last year, took the audience by storm. The next event in the course occurs Nov. 23. Frank Balld, the caricaturist, being the attraction.

Mr. Nowell, the violinist, uses a \$10,000 Stradivarius, one of the first best violins in the world. He paid \$7500 for the instrument. Some of our musicians had the opportunity of examining it. Mr. Nowell tried his hand with W. M. Porington's well-known violin and pronounced it a beautiful instrument.

The reason assigned for the non-appearance of the John Thomas Opera Co. here was sickness of one of the participants. Rockland has good patronage in store for a first-class opera company.

Gen. B. Mathews of Thomaston left yesterday for Lewiston where he has been unanimously elected instructor of music in the public schools. Mr. Mathews is a well known figure in our county musical circles. He has been teacher of music in the Thomaston schools for some time, and has done most excellent work. He is a soloist and church singer of note, and for the past year has been baritone of the John Thomas Opera Co. Many friends follow him to his new field of labor with good wishes for the success which his ability assures.

A. T. Crockett played the organ at the Congregational Church, Camden, Sunday.

THE WORLD OVER.

A Knox County Invention Which Is Booming.

Samuel Hix of the Hall & Hix firm, has been out to Louisville, attending the National Association of Fire Engineers. This meeting included Chief Engineers from all over the country. Mr. Hix introduced his patent extinguisher, and the association adopted them as the best thing ever seen for fire departments taking many orders for axes and handles. They are already used in many of the big city departments, and it looks now as if this Knox County invention would be known and used the world over.

ACCIDENTALLY DROWNED.

A Resident of Union Falls Into the Seakonk River.

Rogene Simpson, aged 31 years, a native of East Union, while repairing a bridge at Providence, R. I., Friday morning, accidentally fell into the Seakonk river and was drowned.

FLOWERING BULBS!

Plant your bulbs now and in winter of its decoration by and by, by having your house filled with fragrant and beautiful flowers. Hyacinths, Tulips, Crocuses, Dahodils, Freesia Refractors, Chinese Lilies, Etc., Etc.

Fine Bulbs just received selling CHEAP at C. M. TIBBETTS' FRUIT STORE, 40 327 MAIN STREET.

THE COST.

It will cost you over \$2.00 for cream tartar and soda sufficient to raise a barrel of flour, while Horsford's Bread Preparation will give better results at a cost of \$1.60.

FOLKS AND THINGS

How nice the Custom House lawn looks! The hems have struck and eggs are scarce. We have waited 100 years for Columbus Day. Rockland now has a first-class new repair shop.

What is being done about stands for Rockland's truck teams? Our shadows will continue to lengthen for two months yet.

Knox County has the best Court House and Jail in the state.

The Rockland Beef Co. received two carloads of beef last week.

Carrier's big teams continue to cart the big machinery in Camden.

Thos. C. G.'s circulation is 3500, never less and often more. Hear it in, ye advertiser!

Tilford Gould is doing a fine job of grading about the Thompson-Barpee house, Lincolnton street.

The Donohue building, corner of Union and Park streets, has been connected with the sewer.

The Salvation Army had special services Saturday and Sunday, Staff Captain Bruce being present.

W. B. Jones, the new undertaker, has leased the Andrew Ulmer store on Union street for his business.

Business hereabouts is milder brisk and it's almost impossible to get a man to do a job of work of any kind.

A preparation to remove stains from the hands is now popular with the ladies. The drugstore has it for sale.

A. M. Miller & Co. have decided to close up their business and commence the closing out sale this week.

A correspondent says he thinks the eclipse was a very true affair considering the two great luminaries which got it up.

They came from out of town and inquired what demolition was building that church on Lincolnton, near the Court House?

At the H. B. Manse house and rooster dance to Thompson, Friday evening, O. E. Pilot of this city became possessor of the quadruplet.

The way things look now Florence Donohue will have tenements enough to accommodate all of the pants factory operatives, unless they come too fast.

The Rockland Charitable Association has urgent need of two comforters which can be left at Thos. C. G.'s. Hurry them along! They are needed! It's a very worthy case!

O. M. Blake has had an iron fence erected between his new black and the N. B. Cobb building. B. H. Hens did the work. Mr. Blake's premises between the two buildings are now being graded.

Monday of last week certain parties were before Judge Hicks for the theft of calabashes. They were discharged for lack of evidence to convict. L. C. Campbell, ex-appeared for the defense.

The hired girl question still continues to trouble our people. Good domestic help is terribly scarce. Old wages are paid in town, and girls looking for employment can find an abundance of good jobs.

Both pony and bicycle races were better than free trade and say it if Rockland will send over a lay contingent to the superb Kirmes in aid of the Bath Public Library they will do the same for Rockland's benefit when the time comes.

Ezra Whitney & Co. are processing about 800 sheepskins a week at their plant. Color street extension. They do no tanning there now, confining their work to pulling the wool and picking the skins. Mr. Wheeler of the first kept busy traveling, my dear pet!

Fred B. Speer left Thursday for Boston, where he does some electrical work on Columbia Street's steam yacht, Wild Duck, putting in storages, batteries, wiring, etc. Mr. Speer is an expert electrician, and has some very effective specimens of his work in this section.

Wheeler & Co. A. J. Bird & Co. are making improvements about their store. That old iron left on near A. J. Bird & Co.'s would make a good step ladder for the electric rail.

"Would keep the rails." Charles D. Jones has had the chimney of his residence, Grace street, rebuilt along the roof.

Friday evening a meeting of ladies interested in the formation of a ladies musical association, similar to the former Fletcher Club, was held with Mrs. F. E. Hitecock. Plans were there formulated, which were perfected at Mrs. Lillian Copping's last evening. Mrs. Hitecock is President, Julia Spear Secretary and Mrs. John Parbush Treasurer.

Saturday evening, from ten to twelve, a dozen of the friends of A. T. Blackington gave him a farewell bachelor's supper, at Handley's restaurant. Turkey was the nature of the food discussed. M. A. Rice was master of the feast and it was a very jolly occasion. The usual farewells were given the young bachelor soon to become a benedict.

The City Market, F. H. Whitney proprietor, has been undergoing great improvements and changes. A partition has been put across the center of the store, north and south, the counting room comfortably and conveniently arranged and furnished and other alterations made. Besides Mr. Whitney, J. G. Ludwig and Walter Parmelee are on deck there.

One George Matthews took a pair of shoes from Margaret Nelson and decamped, Wednesday afternoon. Officer McNeervey gave chase along Union street. Matthews tumbled so rapidly, having an extra pair of shoes, that Mr. McNeervey pressed Rev. W. O. Holman's suit horse and tumbled basket phoned into the sewer. Lucy staid with the officer and Matthews was captured and cloistered in a dungeon cell.

Thos. C. G.'s big force, although they have the highest respect for Columbus, and believe that he was a great and good man, were obliged to work Friday until eight o'clock p. m. But they didn't intend to let the day pass by unobserved, so after work was done, the big force in the companying room was set singing, a big kettle put thereon, "lasses and peansie put therein and peansie tully made. A basket of grapes, a bag of cornmeal and other nice things were added to the feast, and the festivities were soon at their highest. It was a very nice time.

The Railroad Commissioners inspected the Lincolnton R. R. and the electric yesterday, and found all things well.

The new carpet for the postoffice has arrived. The building is also to have new chairs and curtains. John, we mean Wantmaker, is getting very free-handed.

The seats in the Lincoln street Grammar schoolroom have been changed so as to allow the light to fall over the left shoulder of the scholar instead of on his back, which will be a decided improvement.

The Maine Central Railroad has placed on sale at the Rockland ticket office, 500 mile mileage books, at 2 1/2 cents per mile, good for longer, same as the 1000 mile at 2 1/2 cents per mile and the 1500 mile book at 2 1/2 cents per mile, the 2500 mile book at 2 1/2 cents per mile, being good for the person whose name is written in the contract.

The city fathers have decided to let all "we men" have a chance to informally say our say on voting day as to whether we want the common council abolished and the city managed by a mayor and fourteen aldermen. We think any change that reduces the number of city legislators is a wise one and the more they are reduced the better.

"I got the horse," said a Rockland man who advertised in Thos. C. G. for a horse for his keeping. "I got my man," said a gentleman who advertised in Thos. C. G. for his last dog.

"I got a girl," said a Rockland man who advertised domestic help. "We got the trade," we wanted," chorus the business men who advertise in Thos. C. G. As an advertising medium for Knox County Thos. C. G. has no equal and no rival.

Amusements and Announcements.

Hicknell & Hall sell the Eli. Marianno Cigar and recommend it as the best on the market. Don't forget "Hands Across the Sea," Nov. 2.

The large chorus at the First Baptist church will begin special rehearsals of music for the Thanksgiving Day service this evening at 8:30. All are invited.

Reserved seats for Thursday night's representation of the Kirmes at Bath can be obtained at Spear, May & Glover's. The representation leaves at 5:30.

There are to be at the Bath Kirmes, not only dances of all nations but booths of all nations, the latter filled with beautiful articles and provided over by charming maidens in correct costumes. For instance there is to be a Spanish booth, a French and a Venetian one. In the Spanish booth one of the attractions will be a real live Spanish Senorita who can speak no English.

The Baptists celebrated Columbus Day, by a picnic, a supper and entertainment at the chapel, Thursday evening. At 6 o'clock the Ladies' Social Circle served an old fashioned supper. The supper netted about \$20 and was served in a very creditable manner, the guests being waited upon by young ladies in the quaintest of old-fashioned garb. At 7:30 the Social Committee of the B. Y. P. U. gave a very interesting series of tableaux, interspersed with singing, readings and explanatory lectures. About \$20 was netted.

Belle Boyd, the Rebel Spy, held the attention of a most sized audience at the Opera House last evening for nearly two hours. She gave her lecture under the auspices of the Lithy Post and the Post need have no feelings of regret for the audience were well pleased. Miss Boyd is an easy speaker, very rapid and at times quite dramatic. She told the experiences of her exceedingly dangerous and exciting career in a manner that touched the hearts of her listeners and paid great tribute to the Union. She was well received by the audience and at times quite dramatic. She told the experiences of her exceedingly dangerous and exciting career in a manner that touched the hearts of her listeners and paid great tribute to the Union.

The most celebrated talent that ever appeared in Maine will give a concert at Damariscotta on the evening of Wednesday, Oct. 26. De Sève, the greatest living American violinist of the present day; Madame Wyse-Fournier, John P. Welch, Prof. Bennett, and the Boston Ladies' Quartet. Certainly such talent as this ought to pack every nook and corner of the latest hall in the state. A special train will leave Rockland tomorrow, Wednesday evening, for Newmarket at 6:30 p. m., returning to this city immediately after the concert. Round trip tickets 50 cents, admission to concert 50 cents.

Last Saturday evening, Leland T. Powers appeared at the Opera House according to program given as usual save the most unbounded applause. The "Hill of the Race" was one of the attractions that was looked for last night. Powers had been so worked and utterly worn out that he found himself unable to carry it through and was compelled to stop, which he did after making a very handsome apology which was well received by the audience who were in entire sympathy with the gentleman, but, inasmuch as the entertainment was given for the benefit of the Lincoln street grammar school we think he should have donated the handsome sum to the management. Mr. Mitchell has worked hard in this matter and deserves the thanks of the amusement loving community.

Oliver Byron, Miss Kate Byron, a strong company, and several loads of special scenery will be at the Opera House Wednesday, Oct. 26. Mr. Byron's part of Dexter Dign, the Plunger, his scenes with the Widow Glover, a part created and played by Miss Kate Byron, are said to be extremely funny. At other times Dexter Dign is decidedly melodramatic. The Plunger is a jolly fellow and a firm friend of Walter Glydon. A happy, rollicking Plunger, but with a sharp, bright business man. It is unnecessary to speak of Mr. Byron's qualifications for such parts. Miss Kate Byron's Widow Glover is receiving flustering praise. The scenery is full of very amusing light comedy. At the end of this act a violent thunder and lightning storm arises, which culminates in a steady downpour of real water. Another scene shows an accurate set of the famous historic Garfield Hut, which was built out of the ties of the Maine Central, and the temporary railroad over which the dead President was carried from his Long Beach cottage. The sale of seats opened Monday morning and the call is brisk. Call at the box office at once if you wish for choice.

MEN AND WOMEN.

Personal Paragraphs of More or Less Interest to Our Readers.

Col. E. R. Spear, N. T. Farwell, Henry N. Pierce and N. P. Cobb left Wednesday for a trip to Chicago and St. Louis, which Mr. Farwell will extend to New Orleans.—J. R. Hines made a business trip to Bath, Thursday, to see Mr. J. R. Hines of Damariscotta and Whitefield and then to Hallowell and Lewiston where he was in town Tuesday.—Mrs. F. H. Miller is visiting her old home at Columbia Falls.—George W. Thilen moves from Broadway to the J. P. Jones house, Masonic street, vacated by Dr. A. M. Austin, who moves into the fine new home prepared for him at the Corner place, Pleasant street.—O. W. Ireland left Wednesday for Cambridgeport. He was formerly in business there and we understand will occupy his old position.

Charles Sherer, who fell into a quarry July 4, and broke one of his legs, is out and about with the aid of a pair of crutches. The injured limb is getting slowly but surely better.—A. C. McLean has been home from Boston where he and A. S. Black started business college. They are doing very well. Mr. Black will be home Thanksgiving. They room at 118 Chandler street, Boston. Mr. McLean returned to Boston, Saturday.—City Treasurer Weeks is confined to his home by sickness.—Mrs. Nellie G. Flint and daughter Ruth are visiting friends in Boston and Providence.

Mrs. Charles O. Emery, who has been visiting her husband at West Sullivan, has returned. Mr. Emery accompanied her home, but has since returned to Sullivan.—Mr. and Mrs. J. T. Cumber and Hattie Brown were in the city last week, enroute for their home in Pulph Harbor.—O. Gardner is in Arona, Rock County, lecturing on social science, a subject he is well qualified in handling.—W. E. Carleton, the Rockport decorator, is to embellish the interior of the Baptist church with a fine set of stained glass windows. J. H. Ellwell has been visiting in Belfast.

Landford Fontaine of Lake City, Conn., has been visiting relatives in Waterville.—Mrs. F. J. Hicknell and children have returned from Waterville. Mrs. Hicknell's former home, Miss Caddie Chapman of Bangor has been visiting friends in the city.—Hudson D. Ames of Belfast, formerly of this city, has a position in Boston jewelry store, Tremont street.—J. H. Coppeland and wife are in Boston. They went to Bradford Saturday, then to Boston, Monday.

F. S. Sargent of this city will teach a dancing class in Warren this winter. It will probably begin this week.—A Whist Club, nameless but talented, has been organized, with sixteen members. The club was pleasantly entertained by E. K. Payson and wife at their home, corner Broadway and Hamilton.

Thursday evening, Next Thursday the club meets with Mrs. A. S. Littlefield, corner Lincoln and Claremont streets.

John Haines will move from the Pitt-Kaler Mott-Knight house, Elm street, to the Harrington-Kittredge house, same street.—Mrs. Levi Wade started for Boston and vicinity, Saturday morning, to attend the annual meeting of the American Musical Association.

John Yarnagor, who has been visiting his old home in this city for a few days, returned to his telegraphic duties in Providence, last evening.—Mrs. A. R. Morse has vacated the Stockpole house and is now stopping with friends at Glen Cove.—Editor (retraced of the Brewer Echo is in town. We perhaps had better have said "formerly of the Brewer Echo," as he has discontinued his publication for lack of support. He gave the paper a wide-spread, new paper, and the town will suffer by his departure.—Col. C. B. Morton of Augusta is in town.

Miss Lizzi A. Lord has been home from Brunswick for a couple of days.—W. U. Telegraph Operator Frank Cassner spent Saturday and Sunday at his home in Damariscotta.—Mrs. Susan of John Anagnostis, which with pneumonia, has been in the hospital and wife of Seamount were in town Friday en route for Columbia Falls, where they were called by the death of Mr. Bridgman's father. While in this city they were the guests of Mr. and Mrs. L. S. Robinson.

Miss Minnie White of Bath was in town to attend the Blackington-Simonon wedding.—Charles Guppli arrived home this morning from Boston.—C. H. Harrison went to Boston this morning for medical treatment.—Capt. A. A. Duncan left this morning for the Kennebec where his vessel is ice-laden for Philadelphia.—City Marshal Crockett and wife left this morning for Boston.—T. L. Keppeler of Boston is the guest of E. F. Hopper and wife.—Bert Jackson and H. B. Pales went to Boston last evening.—The friends of Miss Grace Spaulding to the number of twenty-five or thirty, gave her a surprise party at her home, Broadway, last evening. A very pleasant time was enjoyed, with music, games, etc.—Miss Abbie Kays left Wednesday morning for a short visit to Boston.

Urie Gay, wife and child, who have been visiting Mrs. Frances E. Gay, left yesterday morning for Bath, whence after a short stay they return to their home in Concord, N. H.—Class A. Benner, who has been book-keeper for the Union Granite Co., at Friendship Island, was in town yesterday. Mr. Benner has severed his connection with the company.—John Erskine who has been ill with fever is now able to be out. His brother is still confined to the house with the same disease.

Charles S. Hall, wife, and children of Boston are in town, the guests of Mrs. H. S. Perry. Mrs. Hall will probably make her home in this city this winter, while Mr. Hall is on the road. She will make a very desirable acquisition to our musical circles, being a very fine soprano.

Mrs. Geo. Lancaster, who has bought the Thomas McLean house, is now with the family of Dr. Williams.—Thomas McLean's family will probably leave for the West the last of November.—Miss Maud Anderson is in town.—Mrs. C. T. Frost and daughter Annie have returned from a visit in

Massachusetts.—W. H. and W. A. Moody left for Virginia where they will buy timber for the winter getting out ship timber.—Miss Saunders of Elsworth is at Dr. C. C. Chace.

NEW CORPORATION.

The Port Clyde Marine Railway Company Comes Into Existence.

The latest corporation in Knox County is the Port Clyde Marine Railway Co., with powers to build wharves, vessels, elevators, and operate them, to erect and operate canning factories, and engaging in general trade. The company's capital stock is \$20,000, the par value of the shares being \$100. F. A. Washburn is president, George S. Washburn treasurer, and the following directors, James Overlock, F. A. Washburn, G. S. Washburn, E. P. Washburn and W. G. Washburn.

The Washburn Bros., who are among our best known and most enterprising Eastern Maine business men, have operated the Port Clyde Marine Railway, with store and shipyard, for some years, and have formed this company for the sake of the better facilities it gives them for possibly limited a schooner in their Port Clyde yard this winter. They have their eye on a frame, Washburn Bros. are building a sizable schooner in their Thomaston yard now, and are delayed by the non-arrival of hard pine. If the hard pine gets here without much further delay and the Thomaston schooner gets along towards completion there isn't much doubt that what Port Clyde will see a frame go into the air.

THE STEAMBOATS.

Tomorrow occurs the first of the Boston & Bangor S. S. Co.'s annual Fall excursions to Boston, giving an opportunity to enjoy a two weeks vacation in Boston. The Mechanics Fair is open, as well as all the Theatres.

A SPECIAL FOR FIFTY.

The great Bath Breton and Grand Kirmes of Nations, represented by 200 people in National dances opens at Bath today. A special train will leave at 6:30 Thursday (Rockland day) if 50 cents can be sold. The price is \$1.35, which includes admission to the great holiday festivities and gayety. Camden and Rockland people can arrange with the electric railroad for a car to meet them at the depot on return of the excursion and thus be able to enjoy the trip.

The Maine Central announces an excursion to Hoston, Wednesday. The tickets are good on any train during the day.

J. W. Kelley, of Bath, the gentleman who controls the advertising space in nearly all the street cars of the State, has been in town making contracts for space in the R. T. & C. cars. The cars will be dressed up in a day or two with ads. from about all the merchants in the city and on the line.

MEADOWS.—Columbus Day was observed in the school taught by Miss Alice Benner in a manner that was much admired by the parents and others who attended. The care and thoroughness with which the pupils performed their several parts showed that great care and patience had been observed in their preparation. In addition to the regular program provided by the authorities, there were songs, readings, recitations, etc. Miss Benner has served the district long and faithfully.—Benjamin Chapin and wife, who have been here several weeks, returned to their home in Appleton, Sunday.—Clifford Hall of Warren, and wife, have recently visited the family of F. P. Whitman. Mr. Hall is largely engaged in building poultry.—W. B. Blodgett and his new young wife (Georgia Thomas) have gone to housekeeping in Thomaston.

SAWS, SAWS.

C. C. Dearborn, Maine's Champion Saw Replacer, has opened a shop at the Atherton Blacksmith Shop, at the Brook, in this city, in Cut Over and Pine Saw, and a small saw. He is a Saw Maker by trade and will undoubtedly give the people good first class work at fair prices.

BUSINESS LOCALS.

Advertisements in this column five cents a line. No insertion less than twenty-five cents.

Egg cases for sale at the store of Bicknell Tea Co., 308 Main Street.

If you want a handsome Tulip bed next spring, you must make it this fall. C. M. Tibbets has just received another large lot of Tulips, Hyacinths, Crocuses, Daffodils, Lilies, etc. Selling cheap.

W. B. Groves has bought the restaurant business of L. S. Porter and will always be prepared to furnish a first-class square meal, well cooked and of great variety. Main street, foot of Spring.

A treat which none should miss, a new book by the author of Mr. Harner of New York called Miss Dividend. It is the best book of the season. You will find it at Huston's news stand.

The Pickering Season is now at hand. Don't ruin your health and spoil your Pickles by using Cheap Vinegar, but go to C. M. Tibbets and buy Pure Old Cider Vinegar. The cost is but a trifle more and you will be more than pleased. Also whole pickling spices.

Finat Brothers, Bakers, will continue to deliver Brown Bread to customers Saturday p.m. Try our Milk Bread and Rolls, fresh every day and the quality of each is guaranteed to be unsurpassed by any in the market.

Action Saturday evenings of boots, shoes, rubbers, confectionery, etc., at G. A. Collamore's, Rankin Block. Show cases new and old, for sale or exchange.

J. W. A. ten cents and 44 1/2 cents. If you want to smoke a clean Union made cigar, ask for this brand, blue label on every box.

C. E. Hing is selling the "Newport" which is the latest thing in the form of tea-roll biscuits also fresh every day Perfection Vienna and Milk Bread, also Vienna Rolls. Cash fresh every day. Arlington wheat bread for dyspeptics.

Fried Kling's corn bread is now the popular thing for family use. Kling's Cornmeal Cakes are also the great thing just now. At the Brook, Rockland. The cheapest lunch place in the city.
