Ulmer, commander and during the day had the largest number of men on duty, the company numbering 40 men. It required nearly all day for the men to get thoroughly settled under canvas. The original aquatic drama, "Lost in New York," comes to the Opera House next Saturday evening and will be presented with all the realistic and scenic splendor that marked the New York production. The play is the cleverest of a long line of realistic dramas, and was written by the well known American dramatist, Leonard Grover, and is his cleverest work. It is not, as one might infer from the title, a melodrama, it is a pretty comedy-drama, full of humorous situations and thrilling climaxes, but all naturally brought about. The realistic features include a vast river of flowing water said to contain 60,000 gallons of real water, a full rigged yacht, rowboats, ferries and a genuine steamboat that runs at full speed. The company carries two carloads of special scenery painted by Arthur Voegtler, of the Madison Square Theatre, New York.

It was a jolly, good natured crowd that took in the sixth annual outing of THE COURIER-GAZETTE and THE TOWN OF NEW-ENGLAND, and this notwithstanding the rain. The minds of all were free from all thoughts of work for all were bent on having a good time. The trip was made in one of Hery's barges and the objective point was Sunnyside cottage, Owl's Head. After arrival not a moment was lost; base ball, foot ball, rifle and fishing were at once put into play, and a happier, better natured crowd never enjoyed the beauties of Owl's Head through a fog. When dinner was announced all were hungry and eager to partake. Landlord Baker and his most estimable wife did their prettiest to make all feel at home and enjoy the day under disagreeable circumstances. The dinner was elaborate and consisted of clams, fish, lobsters in various forms with all the accessories. It was one of the best dinners we ever had the privilege to enjoy and the whole company did full justice to the eatables. It took a long time to eat dinner for everything was so good and all were very hungry. In the afternoon more sports were enjoyed by some, others were entertained with vocal and instrumental music, others played games, some danced, while all did something. It rained, to be sure, but not one of the party but what enjoyed every minute of the day. The return barge was made early in the evening, and the sixth annual trip will long be remembered by all who participated.

Mr. McNamara will give some of his unimitable songs, and the orchestra will be supplied by Meeser's Quintette. Tempting refreshments will be on sale. Then comes the dance. The arrangement will be something after the nature of a concert garden. The hall will be filled with small tables at which will be seated the audience drinking in the music as well as ice cooling drinks of various kinds and other refreshments. Tickets can be obtained at Dumas & Carr's on the day and evening of the concert.

Osgood A. Gilbert, formerly with Joseph Abbott & Son, but who has been handling the reins of "Fly" from delivery wagons, is now clerking in the Farmers' Exchange in place of George Daggett. Three capable young men are thus distributed over excellent positions.

The summer classes in gymnastics under direction of Miss Winnie M. Shaw omitted their lessons yesterday on account of the "March of Time" rehearsal, but they will resume Thursday as usual. A misapprehension arose in reference to these classes on the occasion of the recent exhibition given by the juvenile class, it being thought that this exhibition closed the course. This was a mistake, and the classes have continued active work each Monday and Thursday at the Harmonic hall, with steady increase in skill and good health to the members. Indeed the degree of success is something upon which both teacher and classes are to be congratulated.

AMUSEMENTS AND ANNOUNCEMENTS.

This Tuesday evening Aug. 13th at the Farwell Opera House which will be the opening of the regular dramatic season the renowned young comedian, James B. Mackie will appear in his new musical comedy, "Grimes' Cellar Door." As Billy Grimes, Mr. Mackie has a great opportunity to display his unrivaled talents as a comedy artist. His work is decidedly original and more than clever. Ever since his great success with "Hilly Grimes" he has been stepping upward and upward on the ladder of fame and popularity until today he is acknowledged as a comedian of unrivaled ability. "Grimes' Cellar Door" is one of the brightest of musical comedies. Mr. Mackie as "Billy Grimes" is the presiding genius of the piece. His fun is irresistible. Laugh you must in spite of yourself. Pretty Louise Sanford, the dear God of Mischief, renders herself very charming, although causing poor Billy much trouble, which later on is settled harmoniously to the satisfaction of everybody. Her specialty is one of the finest. Mr. Mackie's company is composed of merry makers. Singing all the new and catchy music of the day, and dancing all the latest dances of the season. Crowd the opera house and give them a hearty welcome and "Hilly Grimes" will show you what it is to smile on a cellar door.

After ten years of continuous success "Peck's Bad Boy" is still one of our leading farce comedies. The piece since it was first put on has been entirely rewritten and is replete with appropriate music and strong specialties. The first act will retain the famous grocery store, kept by Schultz, the German grocer. The second act shows Major Peck's home and the last the picnic scene in the water woods in Milwaukee, Wis. Nothing has been neglected in scenery and costumes. The cast is the strongest ever put out with the play. Manager Wilson has acquired a well deserved reputation as the United States and Canada for his painstaking efforts in putting on all his attractions with the most scrupulous care. At Farwell opera house Tuesday evening August 13th.

Our theatre-goers who want the realistic and thrilling in the drama will be given a treat at the Opera House next Saturday when Leonard Grover's celebrated aquatic spectacle, "Lost in New York" will be seen in all its realistic splendor. The play is the cleverest of its kind, and is always popular with the ladies and children because there is no shooting, stabbing nor anything bloody about the play. And it is a good full good clean comedy. Of course, the salient realistic feature of the production is the river of real water which covers the entire stage to a depth of 1 foot, and which contains 60,000 gallons of water, a full rigged yacht, rowboats, ferries and a genuine steamboat will ply upon this river of real water, with all the apparatus freedom of boundless space. The company carries two car loads of beautiful scenery.

PRACTICAL TEMPERANCE WORK.

The Young Men's Christian Association to Open a Summer Garden.

The crowds that flock up and down the streets on Saturday evening, seemingly without any aim except to pass away the time, would afford an opportunity for some one to do some practical temperance work. The young men are not satisfied by simply walking the street, for there is not excitement enough in that for them. If amusement does not present itself they will not amuse themselves for themselves which is often of a questionable nature.

The Young Men's Christian Association have studied this field of opportunity and propose providing the young men with clean, bright, recreation, free from all temptation. The Y. M. C. A. rooms on Limerick street will be transformed into a Summer Garden, on Saturday evenings here, during this week, the seventeenth. The Rockland Orchestra will furnish music from 7:30 to 9 o'clock, playing lively music and the popular airs of the day.

Ice-cream and lemonade will be sold to make it more social. The game room will afford an opportunity for all who wish to play games, while the reading room will be open as usual for all who care to read.

The rooms will be thrown open for the use of all men. It will be as informal as possible. Every man must feel at home. Men will be allowed to wear their hats but not to smoke. All those interested in this scheme are invited to call and see for themselves. Every man in the city will find the Y. M. C. A. Summer Garden a pleasant place to spend Saturday evening. Is not this practical temperance work? Come and see.

EVERYBODY.

Samuel Goolby while stacking cars on the Limerick railroad Wednesday forenoon fractured his left leg at the ankle and just below the knee. Goolby is 21 years old and has worked on the road but a short time.

We would like to look into the pleasant faces of some one who has never had any derangement of the digestive organs. We see the drawn and unhappy faces of dyspeptics in every walk of life. It is our national disease, and nearly all complaints spring from this source. Renew the stomach difficulty and the work is done.

Dyspeptics and pale thin people are literally starving, because they don't digest their food. Consumption never develops in people of robust and normal digestion. Correct the waiting and loss of flesh and we cure the disease. Do this with food.

The Shaker Digestive Cordial contains already digested food and is a digester of food at the same time. Its effects are felt at once. Get a pamphlet of your druggist and learn about it.

## OUR WEEKLY BOSTON LETTER

Knox County People Always Interested in this News.

What Maine Knights Templars Will Do

—A Rockland Man on the Staff—People Passing To and From this City and the Hub—Summer Theatres Doing a Large Business.

Great preparation are being made for the entertainment of the Knights Templars during the week of Aug. 25. Boston has already demonstrated that she can easily entertain an immense number of guests by the efficient manner in which the took care of the Christian Endeavor convention and the Sir Knights are sure of a cordial reception. In the grand parade Tuesday Aug. 27, it is estimated that there will be 25,000 men in line. In this parade the Grand Commander of Maine, with those of Ohio and Kentucky will form the seventh division. Among the appointments to the staff of the chief marshal is that of En. Sir William H. Fogler of Rockland. Knox Co. will be represented in the parade by Clarence Combs of Rockland and De Valois commandery of Vinalhaven.

PERSONAL.—Mrs. Dr. Hopkins of Charleston left for Rockland where she will spend the next two weeks.—H. O. Gurdy is a recent addition to the Rockland colony in this city.—Miss Fannie Cummings, who has been engaged in the millinery business the past season at Quincy, is spending her vacation at her home in Rockland.—Mrs. C. A. Studley of Somerville is visiting in Rockland.—Mr. and Mrs. Charles Morton of this city are in Rockland for a short visit.—Mrs. Hattie Spear has returned to Rockland after a visit in this city.—Miss Myrtle Collins of this city is visiting friends in Rockland.—Mrs. W. H. Hedges of Everett is visiting Mr. and Mrs. James Donahue of Rockland.

"The Grand Duchess" was produced at the Castle square theatre last week with the same careful detail that has characterized its 13 predecessors. The title role was sung by the new soprano, Miss Tillie Salinger. In "Olivette," the past week, she has made an excellent impression, the nervousness of a first night having worn off, and her newly made friends look for her to sing in the Fack's ward. The role offers great opportunities in the matter of costumes, which, it is promised, will be improved to the utmost. Many persons that would not do so voluntarily have been compelled, within the past month, to go to the second balcony. They have been agreeably surprised to find there cushioned chairs, exactly the same as on the floor, and the whole place ventilated thoroughly. The elevator, which starts from the right of the main entrance, does away with walking upstairs.

George Thatcher and Carroll Johnson's 20th annual minstrel appeared at the Boston theatre last week. The plan of the performance is a clever combination of glee, minstrelsy and sparkling vaudeville, the only one of its kind in the world. Thatcher and Johnson promise that it will surpass anything seen here in the way of high class minstrel offerings. Mr. Thatcher needs no introduction to the local public, by whom he is well known and highly appreciated, as an entertainer of the highest marked ability. Mr. Johnson will also entertain the audience as only Johnson can. No better representative of the minstrel stage can be found. His singing and dancing are always entertaining and he will introduce several of his most popular songs. Thatcher, Johnson, Marble and Platt form a quartet of end men difficult indeed to surpass.

She Would Neither Paint nor Powder

"I positively will not use cosmetics," said a lady to the writer, "yet my complexion is so bad that it occasions my constant mortification. What can I do to get rid of these dreadful blotches?" "Take Dr. Pierce's Favorite Prescription," was his prompt reply. "Your complexion indicates that you are suffering from functional derangement. Remove the cause of the blotches and your cheeks will soon wear the hue of health. The 'Favorite Prescription' is a wonderful remedy for all diseases peculiar to women. Its proprietors guarantee to return the money if it does not give satisfaction. But it never fails. Try it!" The lady followed my advice, and now her complexion is as clear as a baby's, and she enjoys better health than she has for many years.

To permanently cure constipation, biliousness and sick headache take Dr. Pierce's Pellets. Of dealers.

Hunting Down a Gang.

A correspondent of the St. Louis Globe-Democrat tells a story of the unrelenting and punishment of a gang of criminals in New Mexico which is unparalleled in thrilling interest by anything imagined by the romancer.

For months in two of the counties in the vicinity of Las Vegas a series of desperate crimes had been perpetrated. Now the inhabitants of the town would rise some morning to find the body of a Mexican or an Indian hanging from a spot in the very heart of the place.

Among the dead body of a citizen would be found lying across the pavement where he had been murdered and robbed. Once a citizen was fired at through a window and shot dead while he sat with his little children upon his knees. Cattle were stolen, country stores were plundered, wire fences destroyed so often that count could not be kept, and yet nobody was punished. That was the odd part of the matter.

At last Governor Thornton of New Mexico resolved that this should stop. He quietly called to his aid the sheriff of Santa Fe, William P. Cunningham, and directed him to unearth the gang of desperadoes. Cunningham is a natural detective, and with the cunning of the fox and the fearlessness of the bravest man he set about the work he was deputized to do. The plans he laid, the methods he used would be a lesson to many an eastern detective who thinks he knows it all. The result was the unmasking of as precious a set of cut-throats as ever blackened this or any soil even in the days of landits and pirates.

Thirty-seven of them are now in the penitentiary as the result of Sheriff Cunningham's labors. The sheriff of Las Vegas himself and some of the principal citizens were among the leaders of the gang. That was why nobody was ever punished.

The rehearsals have been faithfully attended by the members of the chorus, notwithstanding the fact that they have been held nearly every night the past week. James P. Ridley of Damariscotta, as Zerubbabel, is excellent. He has a fine voice and carries his part in good style. Miss Alice M. Morrison of Portland takes the part of Shelomith finely. Miss Emma Allen presides at the piano in the style of a first-class accompanist. Dr. Tibbets of Rockland has the part of Daniel, and his deep bass voice is well suited to the part. The cast of characters as selected by Rev. C. E. The local soloists are all well known and need no comment.

Miss Glenora Vannah and Miss Nellie Hyatt are in town and stopping at Miss Bryant's.

James L. Burns is spending a few days at the State Muster in Portland. Wm. B. Creamer and his son Willie of Waldoboro were in town Friday.

—Mrs. W. W. Davis, who has been confined to her house with sickness, is now able to be about. Mrs. L. M. Staples is stopping at her cottage in Northport.

—Mrs. W. F. Law of Boston is visiting Mrs. L. A. Law. Mrs. T. S. Bowden is in town.

—The Advent campmeeting commences Saturday, August 24, and will continue until Sunday, September 1. The grounds are now looking finely. Chas. Lynde is preaching a few weeks in Searsport. Frank D. Inoué and wife of Rockland were in town last week.

—The mill building near the street has been repaired and fitted up by its owner, H. Bliss, Jr., which improves its appearance very much. It has been newly clapboarded and painted.

—Clarence Means has gone to Howard R. L., where he has employment. He has been in the employ of the Rockland Baptist church Sunday, to an unusually large congregation in exchange with Rev. Mr. Harding. A large number of grain is being brought to Dow's mill to be threshed. We are told the yield is greater and the weight heavier than it has been in many years.

**NO. WASHINGTON.**—The St. Liberty Sunday school picnic at the Georges Lake, last Wednesday was a grand success. The day was fine, and at an early hour the school gathered on the fine shady beach and were called to order by the Rev. Chas. Bradstreet, superintendent of the school, after which some nice music was rendered by the choir, and the prayer by Rev. H. W. Abbott of Liberty.

A beautiful picnic dinner was served, that was a credit to the young ladies as cooks, after which all repaired to the hotel, and a fine picnic on the new and little steamer Hervey, commanded by Capt. Danvers Cram. A most delightful ride was enjoyed, and a successful evening returned to the hotel. The day passed pleasantly with many copies. The day passed pleasantly with many copies.

**Large Collection of Curios and R. Hies from the World Over.**—Presentation of Opera—Notes.

It was a serious undertaking for the ladies when they proposed to have a three-day fair, but many predicted certain failure. But the committee of arrangements of the Old Ladies' Home Association went courageously to work, and the very first efforts were successful. The fair opened Monday of last week with a large attendance and as the fair progressed the attendance increased.

The beautiful Opera House presented a nice appearance. In the hall near the stage were arranged the fancy tables, in the center of which was a large glass case filled with curios and mementos about which four red squirrels were kept.

These squirrels were found by Mrs. G. E. Gookin in the center of the City on her arrival last month and were gradually tamed.

The candy table was presided over by Miss Florence Miller, the cake table by Mrs. James Curtis and Miss Ellen Norwood, while Mrs. Johnson Knight and Mrs. J. C. Curtis, assisted by various young ladies as waiters, had charge of the ice cream department.

NEW TESTIMONY.

Shows the Unapproachable Skill  
Of Dr. Lansing.These desiring to avail themselves of Dr.  
Lansing's treatment should lose no time in  
applying. The time will soon expire and the  
opportunity of a life time will be lost. His  
office in this city will positively be closed  
on Sept. 1, as he has made arrangements to  
visit another city after that date. His an-  
nouncements have appeared conspicuously  
in these columns for the past two months  
and his stay has been extended for 30 days,  
but it will be impossible to again extend this  
time.Dr. Lansing's Record.  
Superior gifts, superior learning and oppor-  
tunity, not advertising and business methods  
made him a great specialist. Long travel in  
Europe, contact and familiarity with the  
great scientists there, long experience in the  
large hospitals in this country, the esteem,  
respect and fellowship of fellow scientists,  
these have been his. Easily first today, as  
he has been all through his professional  
training and experience. In school a first  
honors man, in practice recognized by the  
public with a token of the largest practice  
numerically ever given to a single physician.  
Twenty-five years has he devoted to the  
noble task of healing the sick and unfor-  
tunate. His toll has been with gratifying re-  
sults, the most gratifying, however, is the  
unprecedented patronage which he has re-  
ceived from the people of Rockland and  
vicinity.OVARIAN TUMOR

Read What a Grateful  
Woman Says.WARREN, ME., Aug. 3, 1895.  
It is with the greatest pleasure and con-  
fidence that I give the following testimony:  
For 10 years I have been suffering from an  
ovarian tumor which has caused me much  
injury which I received. I have consulted  
and been treated by many different physi-  
cians but was only relieved to a certain ex-  
tent for a short time, when I would have a  
sharp pain which would leave me in a weak  
and more prostrate condition than at first. I  
became discouraged and my friends lost all  
hope.My family physician advised an operation,  
but I refused, as I did not have vitality  
enough to stand one. My bowels were so  
distended and swollen that at one time I was  
unable to get out of my bed or up out of my chair  
without assistance. For 13 weeks previous  
to the 15th day of last June I had been fail-  
ing very rapidly. I had vomited more or less  
every day and could not retain water or food  
on my stomach. I could not ride or walk,  
eat, drink or sleep, and life was not worth  
living.I was completely discouraged when one  
of Dr. Lansing's circulars was given me  
after reading what wonderful things he had  
done for others I decided as a last hope to  
try him. Today I heartily rejoice in the  
change he has wrought, for I am now able  
to ride in his office every day and am rapidly  
improving. My appetite is restored and I  
sleep perfectly well. From my terribly  
distended condition I am reduced to my nat-  
ural size and the tumor is hardly perceptible.  
I feel very grateful to Dr. Lansing and can-  
not say enough in his praise for I not only  
believe he has saved my life but have saved  
me from the horrors of the surgeon's  
knife.MRS. F. C. LEACH.

Rocklands Continue To Lose—Change of Man-  
agement—News Bits.The heavy hitting Warrens could do nothing  
with Slattery, Saturday, and the Camdens  
won on the home grounds with apparent ease.  
Burton was in the box for Warren and was  
pounded hard at different times, besides secur-  
ing poor support at critical times. The  
fielding of the home team was well worth wit-  
nessing, the work of Kilfieder and Edgar  
being particularly brilliant. Kilfieder led both  
teams in hitting.Slattery pitched gilt-edged ball and nine of  
the scalps were secured by him, the climax  
being reached when in the ninth inning he  
struck out both Curley and Powers. Howes'  
two errors in the right field being very costly.  
The usually reliable Stout had an off day at  
short. The beauty of the game was marred  
by needless killing. The score:

The most wretched exhibition of base ball  
playing given in this city this season was that  
of the Rocklands, Saturday in a game against  
the Thomasons.The mufing, fumbling, throwing, base run-  
ning and batting, shortstop, base runner,  
slices out of the salaries of some of the play-  
ers. The Rocklands played without life and  
with an apparent don't-care-what-I-do way  
and long before the game ended the specta-  
tors were disgusted with the work.A few of the men have been playing of  
late as if they wanted their release. They  
should be made to play ball or sit on the  
bench without pay for a while. There is no  
excuse whatever for a team like the Rock-  
lands making sixteen errors. The wretched  
playing of the home team was brightened  
somewhat by the brilliant pitching of Pater-  
son who would have won his game had he not  
been downed by the Rocklands.The batting was enlivened by Maroney and  
Gerish, the hits of the players being sharp  
and without the slightest degree of funkiness.  
The Thomasons played just the opposite to  
the Rocklands in going to form and  
pitched a rattling good game, his support be-  
ing almost perfect, the only errors being cred-  
ited to Fleming. Their work was full of life,  
ginger, and good ball playing. Kelleher made  
some brilliant plays, his support being good  
and his pitching was full of life. He made no  
errors in grand game, having six assists.Don't give us any more games like the one  
of Saturday. The score:

The Penobscot Yacht Club sailed Saturday  
morning for a regatta. A splendid view of the  
city was obtained from the Club House on Tillam's  
wharf.Manager Teague has signed Dilworth of  
Belfast and in doing so has secured a star of  
the first magnitude. Dilworth has been  
doing first class work for the Augustus of the  
New England League and he will have won  
many games. Not only is Dilworth a good  
pitcher but he is also a good batter and  
fielder.The Rocklands lost every game last week  
through the roughest kind of playing. We  
have believed and still believe that the Rock-  
lands is the strongest club in this section but  
no club can make a dozen errors with a few  
scattering hits and expect to win games. But  
the team has seen the worst of this week and  
we expect to see the club back to its old form.At a meeting of the managers of the Knox  
County League teams it was voted to allow  
Thomaston to come into the league. This  
will increase the interest and games will be  
played every day, weather permitting, from

Reported from Brown & Company's  
Weekly Freight Circular.The demand for full cargo tonnage during  
the past week has not been characterized by  
any special activity, though current rates to  
nearly all ports are given a steady to firm ap-  
proach. There has been less inquiry for case  
oil tonnage to the far East, but the going  
rates established by the recent demand are  
well sustained by owners and consignees, the  
supply of desirable vessels being by no  
means excessive. Occasional inquiry is  
momentarily in a stand in consequence of  
a difference in owners' and shippers' views  
as to West India and South America gener-  
ally. Several light draft vessels are avail-  
able at primary points are in moderate de-  
mand, with rates steady. Coastwise lumber  
tonnage meets with a moderate inquiry at  
previous rates. Several light draft ves-  
sels have been taken at special rates. For  
colliers there has been less demand during  
the week, and rates in consequence are with-  
out appreciable improvement.CHARTERS.—Ship Alexander Gibson, hence

Will Stain and Cromwell Pass The Remander  
of Their Lives in Thomaston?The celebrated criminals Stain and Crom-  
well who are serving a life sentence in Thom-  
aston for the murder of Casbar Barron in  
Dexter 12 years ago seek a glimmer of light  
shining through the steel bars. The case of  
the two men for pardon is now being heard  
by the Governor's Council. The hearing is  
the outcome of a petition presented by Hon.  
Josh Crosby and sixty citizens of the town  
of Dexter who believe the men to have been  
unjustly condemned. They believe that  
Casbar Barron committed suicide. Judge  
Peters will give an exhaustive opinion of the  
case and the fate of the two men rests largely  
on what Judge Peters will say. Both sides of  
the case will be represented by able council,  
Gen. F. A. Powers will represent the state,  
Hon. T. H. B. Pierce of Dexter for Mrs. Bar-  
ron and Judge Crosby for the petitioners. It  
is said that were it not for the suicide theory  
Mrs. Barron would not lift a finger against  
granting the pardon but she feels it  
duty to defend the honor of her deceased  
husband. The testimony will be spec-  
tacular. It is believed that a well-  
perfected plan of defense has been arranged  
by the remnants. It has been said that  
Charlie Stain has been offered money to  
retract his story about his father. One thing is  
certain and that is that the animosities be-  
tween the suicide and anti-suicide adherents  
in Dexter are still alive, and the bitterness of  
this remarkable contest has not abated in the  
least. Meanwhile the prisoners are anxiously  
awaiting the verdict.Tapley's "Bread Winner" outwears all other

## ROCKLAND LOSING GAMES.

Camden and Warren Averages are Fattened as a Consequence.

Not Only Will Until Capt. Wakefield Gets Back On Second Base and Your Patience Will Be Rewarded—The Knox County League Growing Daily More Interesting.

The Camdens defeated the Rocklands last Tuesday in a game that Camden had no license to win. Morse was in the box for Rockland and he used his slow ball altogether. The Camdens hit them but the excellent hitting of the Rocklands presented scoring. In the seventh the Megunticook boys jumped on Morse's neck and pounded him unmercifully. Bill, bang, hit, the ball traveled all over the diamond and base hits were as numerous as mushrooms at a camp meeting. The slaughter resulted in seven runs. Up to this time the score was tie and was rather a pretty game to watch. To the Rockland delegation the seven runs in the seventh seemed unnecessary. The Rocklands could do nothing towards winning the game after this fatal inning and their reputation as up hill hitters suffered considerably. The game was played on the Camden grounds and the delight of the Camdens knew no bounds. The score:

Again we are beaten, this time by the black suited boys of Warren and on our own grounds. The game Friday was a sore disappointment to hundreds of Rockland enthusiasts who were out to shout for their favorites. There appeared to be a screw loose somewhere. Our boys played as if in a lethargy and with an apparent lack of harmony. There was a lack of team work, the base running being wretched and the batting worse than feeble. There is something wrong when a team like the Rocklands cannot make more than six single hits in a game. Sheehan's second base playing was awful, County and Patterson both dropped flies, Lehigh was out on balls, by lines 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, The base ball season opened in Thomaston last Tuesday with a game between the Thomastons and Warrens. There was a large attendance many being ladies who showed as much interest in the game as those of the sterner sex. The grounds are situated on the Hanley lot, Beachwood street and will compare favorably with any in the county. The game itself was replete with sensational features and when Thomaston tied the score in the ninth the 0-0 would indicate that pandemonium was let loose. The spiders however won out in their half of the ninth winning the game by the close score 5 to 4. The Thomaston people are very enthusiastic over the game and will give the team good support if they continue to play such good ball as they did in the first game. The Thomaston team is composed of the Haverhills with several new players and is a club that any semi-professional club would have a hard time defeating. Good luck to Thomaston and her ball club.
