SECTION I

FEDERAL FUND SOURCE SUMMARY

NOTES:

- 1.) “Restricted Source” means a fund source restricted by program-wide, annual obligation limits.
- 2.) “Un-Restricted Source” means a fund source not restricted by program-wide, annual obligation limits. Examples include Demonstration funds and Timber Bridge Discretionary funds that are allocated to specific projects and are restricted primarily by the amount allocated.
- 3.) “Future Obligation” means that a project's funding has been approved and scheduling has not yet been finalized. Project funds may be obligated during the STIP period. Appropriate adjustments will be made to the STIP at such time.
- 4.) Projects are listed alphabetically by municipality within fund source groupings.

NOTE:

A summary of individual fund source amounts within these categories is shown in table at end of this section
*** Table at the end does not show Planning & Research detail as those programs are approved separately by FHWA.*
