EXCURSIONS AND PICNICS.

One Busy Round of Pleasure and Profit at Preble's Station.

The people along the line of the W. & O. R. R. had a grand good time on the 21st. It was no less than a ride on the cars to Wiscasset and then a fine sail down the Sheepscot to Squirrel and Capitol Islands, and a few hours at Boothbay Harbor, where everyone got a good dinner which, of course, added to the good time. They left the harbor at 1:30 p. m. This gave the excursionists a fine view of Wiscasset, as the trim little steamer with its jolly company steamed up to the wharf where the train was ready to take the farmers and their families to their homes.

At the season advances the summer visitors are leaving us, but they promise to come again.

We understand that J. A. Clark of West Rockport has bought some corner lots at the station and intends going into business here. We hope he will come to all Preble's station needs it a live man like Mr. Clark to make it one of the busiest places along the line.

Hiram Whitten of Rockport, who has traveled extensively in the United States, is enthusiastic over the beauties of the surrounding country.—There are some time cuts in town, such as granddaughters of Gilead and daughters of Alcanora Park, 2:24, owned by F. L. Toland of Hillsdale, Ind.

We visited today Cyrus Boynton of South Jefferson, and found at his stable a very fine weanling colt by Cunard, Jr. dam, a fast black mare by Koman, son of Independence, 2:10. He is pronounced by good judges to be one of the best in the state.—There was a Sunday School Convention on Preble's ground on the 27th. There was a good attendance and the speaking and singing by the children were very interesting. At the afternoon session there were remarks by Revs. Hyram, Lowell and Cullins, and a solo by Rev. Mr. Cunley, the blind evangelist, who is leading a series of revival meetings at Cooper's Mills and North Whitefield.

A hacking cough keeps the bronchial tubes in a state of constant irritation, which, if not speedily relieved, may lead to chronic bronchitis. No prompt remedy can be found than Ayer's Cherry Pectoral. Its effect is immediate and the result permanent.

REV. S. H. BURTON.

Rev. S. H. Burton, Thomlike, Me., writes: "In September, 1893, I was taken sick; my feet began to swell and muscular rheumatism seized me. I tried four doctors without benefit except from one whom I received a little benefit. My back continued to ache and my feet kept swelling and began to itch. It seemed to me on the bone and large hunches commenced to appear which were very painful. I was also troubled with catarrh for which I had tried different remedies without benefit. I would say that all these troubles have been cured and my catarrh greatly benefited by using three bottles of Dr. J. C. Ayer's Medical Dis-eases in connection with their ointment and liver pills. Yours truly,

REV. S. H. BURTON.

Frank W. Gowen of Waterville, G. T. Ingersoll, lecturer and organizer, addressed a good audience at Center, Sunday evening, Aug. 25. He spoke only one hour and the general opinion seemed to be that the lecture was too short. It was very interesting. In the conclusion of his address he said: "Five persons were connected with the school in the old red schoolhouse in the True district in Montville, who have since been members of Congress. They were Hon. Benjamin White, Rep. Ebenezer Knowlton, Hon. John T. Averill, Capt. Richard S. Ayer and our present able Congressman, Hon. Seth L. Milliken of Belfast. **SEPTEMBER MAGAZINES.**

A story from the Pinkerton archives, by Clifford Moffet, and one of Stanley J. Weyman's romantic stories, are among the items announced for the September number of McClure's Magazine.

Mrs. Humphrey Ward's new novel, upon which she has been at work for the past two years, will be called "Sir George Trevelyan." It will appear as a serial in The Century, beginning with November.

The McQuell Fashion Magazine in which one sees many illustrations of these new fancies are very interesting reading for this month. They give both the Paris and New York fashions and are of invaluable service to the professional as well as to the amateur dressmaker.

"La Mode de Paris" and "Paris Album of Fashion" cost \$3.50 each per year's subscription or 35 cents a copy. The "French Dressmaker" is \$3.00 per annum or 30 cents a copy; and "La Mode" \$1.50 a year or 15 cents a copy. If you are unable to procure either of these journals from your newsdealer do not take any substitute, but apply by mail to Messrs A. McDowell & Co. 1 West 14th street, New York.

It is no empty boast on the part of Little's Living Age that while it is the oldest high-class literary publication in the country, it also stands at the head in regard to the quality of the matter given its readers yearly, and in the uniformly high character of its contents. It is a magazine in fact which no reader who desires to know what is passing in the world of letters can afford to do without. A glance at the following partial table of contents of the August numbers will easily bear out this statement. The range of subjects embraced in one month's issues is remarkable: "Recent Science" by Prince Krapotkin, "The Letters of Coleridge," "The Grave of the Druids," "Unconquered Mithras," "Glimpses of Some Vanished Celebrities," "A Drive from Paris to Nice," "Color Music," "Intellectual Landscape," England and France in the Nile Valley," "Mr. Wm. Watson's Serious Verse," "Fornica, by a Native of that Island," "Lahorra," "Our Last War with the Mahauds," "Ireland revisited," "Lord Canelford," "Robert Burns," "The Italian Gardens," "My Saved Salmon River," Religious Movements in India," "Cranford Souvenirs" by Beatrix T. Tulleneau, "Mental Work" from the French. Beside the above are many other papers of great merit and value, with several capital short stories and poetry. Published weekly at \$2 a year, by Little & Co., Boston.

Marvelous Results.

From a letter written by Rev. J. Gundersen, of Minneapolis, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at River Junction she was beset down with pneumonia, succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery, and she took it in its work and highly satisfactory in results." Trial bottles free at W. H. Kittredge Drug Store.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fever. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness yield to Electric Bitters. Only fifty cents per bottle at W. H. Kittredge Drug Store.
