Dear Sir:

We sent in to you:
2 R. Alien - Registrations
"signed" by the alone.

They now claim to be citizens, they should not have
registered.

By reason of their father took out his papers in
1928.

Please look into this.

Charles E. Grant,
Selectmen of Lebanon,
E. Lebanon, Maine.

Dear Sir,

The provision whereby minor children acquire American citizenship because of the naturalization of the father specifies such minor children must have been actually residing in this country at the time the parent received final naturalization papers.

The alien registration certificates of both Vito and Salvatore Ciccotelli show that they were born in Italy and that they have been in the United States and State of Maine nine years. According to your memorandum the father "took out first papers in 1928". If this is the date he received his final papers, it appears that the two Ciccotelli mentioned were not residents of this country, not having come to Maine until 1931 according to their own statement on their alien registration papers.

If the 1928 date of final naturalization is incorrect and final papers were given subsequent to 1931, and further the two minor children were actual residents of the United States at that time, they would be considered citizens because of the naturalization of their father and would be entitled to the franchise.

An effort was made to telephone this information to one of the Selectmen of Lebanon this morning without success.

Yours very truly,

Clyde W. Metcalf,
Intelligence Section.
