## TALK OF THE TOWN.

Don't put off buying your Maconia concert ticket too long.

S. T. Mugridge's house on Grove street has been repaired.

George E. Gilchrist is clerking in T. H. Donohue's drug store.

Harry French has moved into the Littlefield house on Gundy street.

Mrs. Laura Bird is adding a new coat of paint to her house on Broadway.

John Meservey has just completed noticeable improvements about his residence on Amesbury street.

Tickets to the Maconia concert are now on sale at Spear & Stover's. Can be ordered by telephone and paid for later.

D. W. Webber the new route agent of the American Express Co. for this district, paid the local office a business visit this week.

Charles Skinner is driving the delivery team for E. B. Ingraham & Co.'s market.

William Skinner who has been employed there for several years past has obtained other employment.

Councilman May introduced an order Monday night at the Rockland City Council.

It passed in the lower board but owing to a misunderstanding was not brought before the board of aldermen.

City Marshal Crockett has received a sample of the new belt and bullet which are to be worn by the police when on escort duty. They will make a noticeable addition to the handsome new uniforms.

Arrangements are being made for the taking of next year's census. May has already been divided into two districts, Knox county being in the first district. Census taking will afford lucrative employment for a great many people.

John B. Howard and wife have been spending the week at their cottage at Pleasant Beach. Following Monday night's rain, hail, thunder and lightning it was a trifle cool for seashore rustication, but Pleasant Beach is always a delightful place, winter and summer alike.

Alderman Cross and the other members of the sidewalk committee will have their hands full the coming summer if the raft of sidewalk petitions and other matters which have been referred to them, is any indication. The committee on streets and highways generally has the lion's share of the work.

John Hooper, who was formerly manager of the Western Union telegraph office, is now in the city, where he is occupying a responsible position in the government service at Detroit, Mich., to be married next month to Miss Edith Sargent, who has been employed as stenographer at the Ball Iron Works.

There was very angry of success in the opening sale of seats for the Maconia concert. A large company was early at Spear & Stover's and within an hour after the polls opened 200 seats had been secured.

This writing checked off the plan and the sale goes steadily forward. Out of town people are buying from a section of the best seats specially set aside for them.

There was a large attendance at the presentation of "Side Tracked" at Farwell opera house Wednesday evening and the efforts of the entertainers were appreciated. A crowd of the frequent buyers of applause, one demonstration at the fall of the curtain being sufficient to bring the principal characters before the curtain. The play abounds in humorous situations which are made the most of by a capable company of players. Companies of equal merit should find no trouble in drawing out large audiences.

The Wright Philharmonic Society rehearsal went off with great snap Thursday evening, the members showing much spirit in anticipation of their coming concert and encouraged particularly by the large advance sale of tickets. The society is to sing three choral numbers in its very best manner, occupying elevated seats on the stage. Another rehearsal is to be held Tuesday night and again Wednesday afternoon preceding the concert when Mr. Chapman will direct. So this part of the great evening's program is certain to be above criticism.

The friends of Miss Edith A. Kallach, who is just completing her second year at the Farmington State Normal school, are greatly pleased at the success with which she is meeting. A Rockland gentleman has received a letter from Principal Partridge, in which he says: "I have had but few pupils who had so many admirable qualities as Miss Kallach."

She will be a great success in any grade, especially the primary. So sure am I of her success that I have offered her the position of teacher of my primary Model school for next year, should she desire to accept of it."

It has been learned that Miss Kallach has accepted Prof. Partridge's offer, which is a very flattering one.

C. W. Small of Portland, chief consul of the L. A. W., arrives in the city tomorrow (Saturday) afternoon and in the evening at the Y. M. C. A. rooms will deliver a lecture in the interests of the L. A. W. Chief Consul Small has taken hold of the "good roads" movement in earnest and his lecture, which is illustrated by stereoscopic views, will have a particular bearing on that important subject. The local wheelmen, male and female, are anxious to hear the lecture, which will be held at the Y. M. C. A. rooms.

Mr. Small will return home on the paper train Sunday morning unless the local wheelmen can persuade him to remain and take a spin to some of the points of interest.

Mrs. W. H. Kittredge is a witness in the now famous Fairfield floral case on trial in the United States Court at Portland. Constant repetition has made the public familiar with the main features of the case. Briefly stated the United States claims that the Fairfield floral Co., so called, is in reality one of the many schemes existing and lately existing by means of which designing persons secure large sums of money in the aggregate through the receipt of small sums from individuals.

The company advertised for a small sum in money or stamps. The particular commodity dealt in by the Fairfield floral Company, according to its advertisements, was paper flowers such as millinery use to trim hats with. The company advertised for people to take up their method of making flowers agreeing to send an outfit and samples for a certain sum. The advertising brought such an abundant harvest as to attract attention from the size of the mail. As the federal officers are constantly on the watch for schemes of alleged fraud by use of the mails the various means well known to the postal officers at once set in motion with the result above stated, the indictment of the alleged promoters of the scheme as follows: George F. Terry, Fairfield, devising a scheme to defraud; William F. Skinner, Viola Rae and Angus H. Wing of New York, George F. Terry, Arthur H. Terry and Frank J. Gooding, Fairfield, conspiracy in a scheme to defraud.

The Best Lady in Town.

"And whom do you love best said a fond mother to her little four-year-old; 'who is the best lady in town?'"

"Mrs. Thurlow," came the instant and earnest answer; "Mrs. Thurlow is the best lady in town, 'cos she gives you ice-cream.'"

There are eight prisoners in the Knox county jail and there is not a tramp in the number.

"Protect the grass" is the warning which a Limerock street resident has placed conspicuously on his lawn.

C. M. Kallach has removed from the North-end to his house on Masonic street where he has lately refitted. Arthur B. Crockett has removed from Union street to the family home which Mr. Kallach has vacated.

The cheap California tours advertised in another column out of the temptations of the journey toward the setting sun. Wallace E. Mason, formerly of Thomaston, now principal of the High school at Leominster, Mass., is in charge and will furnish full information upon application.

The city has bought a fine new road machine through the agency of E. S. Vose of Cushing. It is understood that the price was \$200, the city turning over to Mr. Vose's company the old machine which was beyond repair. This is just the season of the year when a road machine is most needed.

For people are taking more pride than ever this season in fixing up their premises. Tearing away an old fence, building a driveway and grading up lawns has a wonderful effect on the appearance of the residences where these improvements are made, and generally not much expense is required.

O. F. Fellows, who gained considerable notoriety from his connections as counsel with the Buckport business case, was in the city yesterday on business. The murder of Mrs. Ware is just as much of a mystery today as it ever was, although every square inch of the scene where it occurred would seem to have undergone a thorough inspection.

Rockland people who have a fondness for that fragrant little posy the Mayflower, are annually in the habit of sending packages of the blossoms to friends in Massachusetts and other points to the westward. The situation was rather reversed this year when W. C. Foster, the druggist, received from his wife who is visiting in Pittsfield, Mass., a large quantity of Mayflowers fully as handsome as those which find nourishment on the Maine hills almost before the snowdrifts have fairly disappeared.

Louie Mills will probably not play baseball for several weeks to come; anyhow he will not cultivate at back stop. While engaged in a lively game back of Robinson's bicycle repair shop Tuesday night a foul tip struck him in the nose and that useful organ was badly broken. Dr. H. B. Eaton put the nose back in shape, and though young Mills carries around a sort of mask ball face temporarily he rejoices in the fact that his nose will eventually resume its natural position on his face.

The order providing for the abatement of the poll tax of the members of the Rockland fire department, introduced at Monday night's meeting of the city government by Councilman Rhodes, met with hearty approval on the part of those who appreciate the hard work and insignificant pay of the firemen. A similar attempt was made a few years ago but the action of the city government was not favorable. The matter is now in the hands of the committee on fire department which will probably report at the next meeting of the city government.

The following pensions have been allowed at Gen. C. F. J. Maine, increase from \$14 to \$17 per month from Jan. 1, 1898; Wm. F. Sawtelle of St. George, U. S. Navy, increase from \$10 per month from Jan. 1, 1898; Wm. F. Brown of Waldo, Me., \$12.25 per month from March 2, 1898; Joseph W. Bryant of Muskegon, Mich., \$10 per month from Jan. 1, 1898; Charles S. Luce of Monticello, C. E. 1st Maine Cavalry, increase from \$14 to \$24 per month from Jan. 5, 1898.

The petition of Mr. Wm. Weeks and 17 other ladies who reside on State street to have the black ashes in the roadway covered with loam, will doubtless strike a responsive chord in the hearts of Park street residents who have been traveling over the sidewalk built of that material for five or six years. An order was introduced Monday night for a new cross plank sidewalk on Park street and the people who reside on that street are praying that the committee on streets and highways may take favorable action. Limerock street had a coalash walk built about the same time as that on Park street, but it was replaced the following year by a fine stretch of cross plank walk.

Charlotte Maconda, who, with Wm. C. Weeden, Hans Kronold, Bessie Silberfeld and the other Philharmonic society will appear in the concert at the Y. M. C. A. rooms, is American born and partially American trained, her father having, it is said, established the first musical instrument store in New England. Through her mother comes the slight hint of French blood which has given that certain vivacious brilliancy to Madame Maconda's features as well as her manner. ## The Courier-Gazette QUAKER RANGE Voting Contest

Where's a woman who would not be glad to have a new \$50 Quaker Range, providing it didn't cost her one cent?

THE COURIER-GAZETTE will give away, absolutely free of expense, to the most popular lady in the county, one of the very best cooks, a "QUAKER GRAND B," given by the Taunton Iron Work Co. of Taunton, Mass.

### WE GIVE A BRIEF DESCRIPTION

But a look at the Range will recommend it more highly than mere printed words. The GRAND QUAKER RANGE which we are to give away, is noted for being the best finished and the best put-together Range in the world. It has a 22 inch oven, giving the cook a chance to work easily. There are three ovens of holes the entire distance of the front oven plate, also a set in the back oven plate, for ventilation, the only perfectly ventilated Range in the market. It has a Pan and Pie Remover, with which you can remove any article in the oven without burning your arms or scalding your face. It will take a 24 inch stick of wood. For coal, it has a fire pot that will keep a fire all night. The burner is on top of the oven door made of twisted wire, and it will give you an abundance of hot water. The ash dump prevents ashes from falling on the hearth when you take the boiler door—only on the QUAKER. The Range is in two pieces, giving you a chance to put heavy kettles on without fear of warping the top of the Range. The Range, not including reservoir, is 37 inches long and 30 inches wide, which will please every cook. The Indicator is the only one we know of that will always work. As it is one piece of brass and works by expansion and contraction, it gives entire satisfaction. The Handle is made of the best cold rolled copper and will not crack or break. The nickel rails are an ornament, but can be used with or without them. It has a very large Ash Pan. It is a \$10 Range and a beauty.

### The Conditions of the Contest.

The contest will close Thursday, August 1, 1899, at 5 o'clock p. m., and no vote will be received after that date. The Range will be given to the lady receiving the most votes. Votes must be left at this office or sent by mail to The Courier-Gazette, Rockland, Me. Each yearly subscription for The Courier-Gazette, accompanied by \$2, entitles the subscriber to 100 votes. With six months subscription is given 50 votes. This applies to paying up subscription arrears as well as new subscriptions. No subscription received for less than six months. All persons having paid for subscription since April 1st are entitled to 100 votes for each \$2 paid. Coupons will be printed in each issue of The Courier-Gazette until including Tuesday, August 1st. ### SPRUCE HEAD

Our new pastor, the Rev. Mr. Baker, preached to a well filled house Sunday morning. Mr. Baker took for his text these words, "Ariste, shine, for the light is come, and the glory of the Lord is risen upon thee," found in Isaiah, 60th chapter, 1st verse. The sermon was delivered without notes and was well received by our people. Mr. Baker years every boy in the chapel by the hand and some of them insisted on shaking the second and third time. If the young folks take to the new pastor, we old chaps will be suited and extend the hand of fellowship. The gentleman came to us with a bad cold and as our people are enjoying the same blessing just at present our voices chanted well with his. Mr. Baker will move his headquarters from the Keag the coming week and get down to business by another Sunday. The White Head people worshipped with us Sunday. We are always pleased to have such visitors. As they are all good singers and are a great help in the good work. Mr. Johnson and his children are pleasant people to meet and are always given a hearty welcome to the Main.

Mrs. Coakley and the children came from Clark's Island and spent the Sunday with friends here. Kate has a bad cold but is getting along nicely in her new home.

Brother Littlefield drove the new pastor down here Sunday and smiled on our folks while enjoying the sermon. Our Ben has lots of friends down here and a few minutes talk with him will drive dull care away and cure a bad case of the blues. The damp air Ben has encountered while on his way to and from Rockland has failed on the whiskers, but those smiles of his fly out with as much power as that rare curtain on Ben's coach on a windy day.

Mrs. Steele, mother of Mrs. Coakley and James Steele, is in the village on a visit to her son. Mrs. Steele is something like 80 years of age and is well preserved for a lady of her years. She will visit Mrs. Coakley at the island later on.

Chester Kacklin is in good demand these days. He played for a dance at Long Cove Saturday night and Monday evening he had a call to Clark's Island. Chester is strictly temperate, has never used tobacco and is a general favorite with all. Those in want of dance music should drop Mr. Kacklin a postal.

Spruce Head Lodge, I. O. G. T., elected officers Saturday evening. Whitcomb Snow will serve as lodge another quarter as chief templar; Rita Adams, vice templar; Helen Adams, secretary; Frank Snow, marshal. Bro. Hamilton is expected to make his official visit Saturday evening and our young folks are planning to give him a good reception.

Mr. and Mrs. Edgett expect to bid farewell Tuesday evening. They have made many friends here who will feel sad to part with them. Mr. Edgett preached in Belfast Sunday. Mrs. Edgett spent Sunday here, returning home Monday. May their new home prove a blessing to them is the wish of many friends here.

An old horse that had been dead for many days, drifted out to shore from Appleton. The flies and bugs on him did meet, and filled themselves with good horse meat; the board of health were notified, and he was ordered off to the other side. Two boys tried to catch the fly, so the bugs and flies flew away. The fish hawks and crows now on him will feed until they satisfy their hungry greed.

### HOPE

Hall and wife visited in North Appleton Sunday—Mrs. Frank Lamson and Miss Rosilla Mitchell called on Etta Butler Sunday.

### SAVED BY A POSTAL CARD

Thousands who have written for one of the free trial bottles of Dr. David Kennedy's Favorite Remedy have literally had their lives saved by a postal card. They got the trial bottle, and it proved to them that Dr. David Kennedy's Favorite Remedy was the only real cure for diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia and Chronic Constipation. They bought a large sized bottle of their drug, and it benefited or cured them (the above is not an idle statement, but the result of careful investigation).

Send your full name and address to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y., and be sure to mention the Courier-Gazette when a trial bottle, with pamphlet of valuable medical advice, will be mailed to you absolutely free. The publishers of this paper guarantee the genuineness of this liberal offer.

### CAMDEN

May day dawned so bright and warm that it seemed more like July. It was an ideal May day and the children highly enjoyed it. If it had been a rainy day, they would have had a glorious time hanging maybaskets and their merry laughter and hurrying footsteps made many an older person wish he were young again.

Arrangements have been made in the upper mills, Camden, Mr. Battie and Megunticook whereby the mills will shut down at 5 o'clock on Saturdays, thus giving the employees a half holiday each week. This will continue through the summer.

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

SCOTT'S EMULSION OF PURE COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.

### THREE THOUSAND A WEEK

It's the "Vienna Bakery," where people go to buy The "New Domestic Bread" which beats all other kinds they try; The building's new and "spick and span," as they say, and it's a pleasure to be in it. And goods which are displayed inside all appetites enhance.

The business of this baker has increased with rapid pace, And thus he solved the matter when he met it face to face.

His quarters now as well as help to all demands are equal, Large orders can be promptly filled—and catering is the sequel.

There's nothing in the line of bread and pies or fancy cake That C. E. RISING has not got or is prepared to make;

And when three thousand loaves of bread are sold in just one week, It shows his trade in this one branch—such figures surely speak.

To be a leader in his line has always been his aim, And in many years of work he's surely won such fame;

You'll find him at 290 Main, just opposite "St. Nick," Will be pleased to greet you all and fill your orders quick.

### ONE DAY'S BILL OF FARE.

BREAKFAST—Grape Fruit, Fried Rice, Maple Syrup, Fried Fish Roe, Baked potatoes, Johnny Cake.

DINNER—Vermicelli Soup, Baked Chicken, Potatoes, Cream Gravy, Cranberry Jelly, Mashed Turnip, Mashed Squash, Creamed Rice Pudding, Apricot Pie, Coffee.

SUPPER—Scalloped Fish, Chicken and Rice Croquettes, Whole Wheat Bread, Gingerbread, Snow Ball Custard, Cake, Cocoa.

### JOHNNY CAKE.

One quart of milk, two well-beaten eggs, one tablespoonful of butter, one of lard, one tablespoonful brown sugar, one teaspoonful of salt, two tablespoonfuls of flour, enough Indian meal to make a thick drop batter. Melt the butter and lard, mix all the ingredients together, add the corn starch wet in a little cold water. Serve hot, breaking it rather than cutting.

CLEANED RICE PUDDING.

One cup of fresh boiled rice, three cups of milk, three-fourths cup of sugar, two eggs, one tablespoonful of cornstarch. Seed and cut in two one cup of raisins and cook a few minutes in the milk. Then add the corn starch wet in a little cold water, milk, then add rice, sugar and yolks of eggs. When thickened, flavor and pour into a baking dish. Bake in oven, then make a meringue of the whites of eggs, put on top of pudding and brown very delicately.

CHICKEN AND RICE CROQUETTES.

An excellent way of serving a small quantity of chicken is to cut all the meat carefully from the bones, chop fine, and to each cupful of the chicken, add one cupful of boiled rice, one teaspoonful of salt, two tablespoonfuls of butter, half a cupful of milk, and the yolks of two eggs. Put the milk in a double-boiler, and as soon as hot, add the ingredients, putting in the egg the last of all. Stir the mixture until cooked, which will be in about three minutes. Pour it out to cool. When cooled, take a little in the hand and press into little rolls. Then dip into well-beaten egg, roll in bread or cracker-crumbs, fry until brown in hot fat, taking care the fat is boiling hot.

WHOLE WHEAT BREAD.

Put into a bowl a pint of milk, and add a pint of boiling water. Let it stand until lukewarm. Dissolve the yeast cake in a little warm water, add this to the cooled milk-and-water, add a teaspoonful of salt and enough whole wheat flour to make a batter. Beat thoroughly for 10 or 15 minutes; it should be as smooth and creamy; add enough more flour to make it stiff; turn it out on to the board and knead well. Then return to the pan and let it rise until light. Mold into loaves, let rise again and bake in moderate oven.

SNOWBALL CUSTARD.

To one quart of boiling milk add the whites of six eggs, beaten stiff, dropping them into the milk by spoonfuls. Turn them over carefully to cook both sides. Take them out and arrange on glass dish. Put into the milk the yolks of eggs well beaten and sweetened, stirring until it thickens; flavor the fat is boiling hot. When cool put into glass dish and arrange the snowballs on top.

GINGER CAKE.

One cup of butter, two cups of sugar creamed together; add one cup of molasses, one cup of sour milk, four eggs well beaten, three cups of flour, two teaspoonfuls of ginger, two teaspoonfuls of soda. Beat very thoroughly, until very light.

ELISABETH H. CLAY.

HOUSEHOLD HELPS.

Choice Recipes From Many Sources and of Acknowledged Worth.

DUTCH CHEESE.

Put one quart sour milk in shallow pan on stove, where it will heat slowly without cooking. When the curd has separated from the whey, strain through cheese cloth; when drained add one teaspoonful salt, two tablespoonfuls melted butter. Press into bowl; set aside to cool.

GINGER ROLLS.

One-half cup sugar, one half-half cup molasses, one-half cup sour milk, two tablespoonfuls shortening, one teaspoonful ginger, one egg well beaten, pinch of salt, one teaspoonful soda, one and a half cups flour, beat well, bake in hot gem pan in moderate oven.

ROAST PORK SALAD.

Chop one cupful of cold roast pork, add two cupfuls of chopped celery, one hard-boiled egg, add a little salt and pepper, dress with salad dressing.

LIVER AND BACON.

Have the liver cut in thin slices, cover with boiling water for a moment or two, drain and dry. Cover the bottom of the pan with thin slices of fat bacon, and set at the side of the fire where the fat will slowly try out, pouring it off once or twice, then draw the pan forward until the bacon is very lightly colored. Transfer it to a hot dish and keep warm. Dust each slice of liver with salt, pepper and flour, put the pan over the heat; the slices should be done through, but not hard. Place them in the dish, arrange the bacon around them and serve. If a gravy is desired stir into the hot pan sufficient dry flour to absorb the fat, stir until brown, and add gradually sufficient boiling water to make a moderately thick gravy. Season, boil for a moment and pour round the liver.

OATMEAL BREAD.

This makes a fine bread to serve with wheat bread, and is very palatable, as well as nutritious. To one cup of rolled oats add one tablespoonful of shortening, one-third teaspoonful of soda, one even teaspoonful of salt, upon this pour one and one-half cups of boiling water; let this stand 10 minutes, then add one-third cup of molasses, two cups of Graham flour, one cup of bread flour; when luke-warm add one-half yeast cake dissolved in one-half cup of warm water, stir very thoroughly, let stand in warm place over night. In the morning cut down and put at once in baking pan. Let it rise to twice its size, and bake in slow oven.

ORANGE STRAWS.

These orange straws make a delicious confection and will keep very nicely in glass jars. Cut orange peeling in strips with scissors, put in cold, salted water, and set on stove. After boiling 20 minutes, remove, drain off water, and put into more cold, salted water and boil again for 20 minutes; repeat once more, then drain and add equal quantity of sugar by measure. Set on stove and simmer until the syrup boils, then add another layer of fruit. Cover with a rich crust of sugar. Then put on a platter to dry.

BERRY CAKE.

Take two and one-half cups of flour, one-half teaspoonful of soda, one teaspoonful of cream of tartar, one-half cup of sugar, one-half teaspoonful of salt, one egg, one cup of milk and one tablespoonful of butter. Mix the flour and soda given and bake in gem pans. Add one cup of berries and it makes a delicious berry cake.

COCOANUT CAKE.

With half a pound of flour mix a quarter of a pound of ground rice. Rub in three ounces each of butter and lard, six ounces of castor sugar, one teaspoonful of cream of tartar, one teaspoonful of baking powder. Stir in the stiffly beaten whites of two eggs and add a small quantity of milk. If the mixture is not moist enough. Bake slowly and evenly.

BANANA PIE.

Choose yellow bananas not quite ripe. Cut in quarter-inch slices, mix one-fourth cup of sugar, one teaspoonful of salt, and one tablespoonful of lemon juice, and spread half of it on the crust. Dot with a teaspoonful of butter, then put in a layer of bananas, then sugar and another layer. Cover with a rich crust, and bake quickly.

GRAPE PIE.

Pop the pulp out of the skins into one dish and put the skins into another. Then simmer the pulp and rub to soften it. Then rub through a colander to remove the seeds. Then put the skins and pulp together, and they are ready for the pie or for canning or for putting in jars for further use. Fine for pies.

POTATOES A LA BRABANCONNE.

Boil and mash six potatoes, adding salt, pepper and hot milk as for the table. Beat hard for five minutes, then stir into two tablespoonfuls of chopped parsley and one teaspoonful of onion juice. Turn them into a buttered dish, cover the top with buttered bread crumbs and bake twenty minutes in a hot oven.

BROWN SAUCE.

A fine sauce for puddings is made of two tablespoonfuls of sugar, two tablespoonfuls of molasses, one tablespoonful of butter, and a half pint of milk; beat thoroughly together and thicken with one level dessert spoonful of cornstarch, mixed with a little cold water.

BREWIS.

A nice way to use up in palatable form the bits of brown bread and grain rolls that will collect is to make them into Brewis. For this, soak in milk the Graham rolls or bread, steam in double-boiler until very soft, add a small piece of butter, serve hot with maple syrup.

## THE TRUE'S ELIXIR

is not a stimulant but a blood purifying, cleansing and harmless mixture of vegetable ingredients which cures disorders of the digestive tract and expels worms. It does not whip the tired organs into temporary activity as most remedies do, followed by an equal reaction, but True's Elixir removes the cause of the trouble and its tonic effects are due to good, sound digestion and pure blood, which follow its use. A favorite family medicine for 47 years. Its popularity is due entirely to its cures. Ask your druggist for it. 35 cents a bottle.
