THANKSGIVING PROCLAMATION

The men and women of Maine have reason to be thankful for the inheritance of character and self-control handed down to them from their forefathers, for that there is no finer inheritance. Those early pioneers, coming from across the seas to this unknown land, erected a free government in the wilderness of its woods and on the bleak shores of its coast, and they built better than they knew. From the earliest times this State has stood for high ideals, and its manhood and womanhood is not surpassed by that of any of its sister States. Now therefore, I, Percival P. Baxter, Governor of the State of Maine, do hereby designate, Thursday, November 24, 1921, Thanksgiving Day in the State of Maine.

And, as the family is the unit of the State I call upon the people of Maine to observe this day and to strengthen their home ties by gathering together wherever possible in family groups. I urge our citizens to give thanks to the Almighty, both in their homes and in their churches, for the many blessings He has bestowed upon this State, and to pray to Him that our people may remain steadfast in the right and may be worthy of a continuance of the Divine blessing.

BOYS' AND GIRLS' CLUBS
Are Holding Their Annual Contest Today in Methodist Vestry.

Knox County boys and girls who have achieved success in farming and domestic science the past year were in possession of the Methodist vestry when The Courier-Gazette went to press, and showing much enthusiasm over the annual contest of the Boys' and Girls' Agricultural Club contest. County Agent Ralph C. Wentworth is in charge and justly proud of his men and women of tomorrow. The banquet this noon promises to be a very happy affair.

The afternoon program, beginning at 1:30 p. m. will open with club play by the Union Club. This will be followed by 2-minute oral reports of various work by club members; remarks by State club workers; reading of prize essays; awarding of prizes by Mr. Gregory and singing of "Star Spangled Banner."

THE LUTHERANS

Dr. Frans Leyonborg of North Haven Appointed State Chairman of World Service Campaign.

Dr. Frans Leyonborg, of North Haven, has been appointed State chairman for the World Service campaign for \$1,250,000 to be conducted by the National Lutheran Council. Because of Dr. Leyonborg's wide acquaintance and influence in the Synod, his prominence as a physician, and with his successful experience in last year's campaign, Lutherans count themselves fortunate in having his leadership again.

The National Lutheran Council was organized in 1918 by a number of the leading Lutheran bodies of America, to assist the distressed churches of Europe in their work of rehabilitation. Of the 65,000,000 Lutherans in Europe, over 50,000,000 have been seriously affected by the war. Dr. John A. Morehead, formerly president of Roanoke College in Virginia for a number of years, has been the council's European commissioner and has directed through local committees, the distribution of clothing and the administration of funds in sixteen countries of Europe.

Newly opened Russia presents the most difficult problem the Council has. The latest cablegram from Dr. Morehead confirms the fear that through emergency relief is being rushed to the interior by this and other agencies, literally tens of thousands are dying of starvation, sickness and exposure, before they can be reached. First attention is being given to forwarding food, clothing, and medical supplies, into the large Lutheran sections. Then the other regular activities of the Council's five million dollar, three year European program will follow. These comprise rebuilding of church houses, hospitals, orphanages and hospices, financial aid to students and preachers, and assisting church papers and publications. During the war a number of Foreign Missions established in India, China and Africa by societies in Central European countries became greatly distressed for lack of funds and workers. The Lutherans of America, through the National Council, came to their rescue and will support them until the original societies can again take charge.

Last year the council collected a fund of \$1,500,000 for European relief. Owing to the easing of conditions in several of the countries, and the rate of exchange, it is estimated that \$1,250,000 will effectively maintain the program of relief for another year.

The Lutheran Bureau that has charge of the national publicity and general development, is managing the World Service campaign, directed by Rev. Howard R. Gold, at the council headquarters, 437 Fifth Avenue, New York City. The invitation will be given in Lutheran churches throughout the United States to make worthy gifts that shall restore and save whole provinces of their fellow-believers and their neighbors.

Maine has 11 Lutheran churches.

GOING TO FLORIDA

Curator Lermond of Knox Academy Has Wonderful Winter in Store.

Curator Norman W. Lermond of the Knox Academy is leaving this week for Florida. He is taking with him, in his trunk, his trusty little dredge with which, on former trips, he has brought up from the bottom of the bays and inlets of the West Coast many dainty and rare gems in the form of shells. Much of this material (dredgings) is now in the National Museum at Washington, being worked over, for critical determination of species, by Dr. Paul Bartsch, head curator of Mollusca.

He is to take charge of the digging out of a public park in the suburbs of St. Petersburg, the land for which was bought and donated to the city by a lady friend of his from Tennessee, who has a beautiful winter home on the shores of Boca Siega Bay.

He also expects to join Prof. W. S. Blatchley of Indiana on a month's camping out and collecting trip to the Everglades and Cape Sable. Prof. Blatchley, who has a winter home at Dunedin on the West Coast, was for 16 consecutive years State geologist of Indiana, and has published 22 large volumes on Natural History and Scientific subjects. Prof. Blatchley is now specializing on the Coleoptera Florida and has invited Mr. Lermond to accompany him in his auto on these collecting trips to the rich and wild lands of the State. Naturally Mr. Lermond will want to take advantage of this invitation as he himself has begun to collect beetles, and he will also have an eye open for rare shells. His parting word to Knox county people is to keep the campfires burning, and be ready to assist him and the Knox Academy next spring in completing the first unit of the Museum Building.

ASSISTING THE POOR

Miss Simmons' Interesting Report — Other Municipal Matters.

The expenditures in the pauper department last month amounted to \$854.74, according to Miss M. Jeannette Simmons, overseer of the poor. The report says:

"The Board sincerely regrets the resignation of Ralph W. Richards, who has held the office of chairman for several years. Mr. Richards had proved the right man for the position. He was deeply interested in the poor of the city and gave his time and good judgment generously to the work. Following his resignation, Miss Dorothy Snow was appointed by the Board of Aldermen to the vacancy, and is now secretary. Miss Snow shows a natural aptitude for the work and is assuming responsibility for an increasing number of families.

"In September 40 and in October 43 families received attention from the city and gave the time and good judgment generously to the work. Following his resignation, Miss Dorothy Snow was appointed by the Board of Aldermen to the vacancy, and is now secretary. Miss Snow shows a natural aptitude for the work and is assuming responsibility for an increasing number of families.

"In October five new families requested aid. Two were given hospital care, two groceries, and one shoes and clothing for children. Two of these families belonged to other towns. One applicant was alone in the world and homeless when illness overtook him. Two were out of work and two had large families and were in debt. Aid was temporary in every case. At the close of the month we have coming to the city store the same four families we have had all summer, no more.

"Recently the chairman and secretary visited the Almshouse. They found the inmates comfortable and contented. The stock was in splendid condition. The 11 cows and young and healthy and the swine overtop all records for weight. The chairman authorized repairs on the plastering of the dormitory, fresh paint in the kitchen and kalsomining throughout.

City Treasurer Virgin reported that the month's receipts were \$24,144 and the disbursements \$23,838. There was a surplus of \$306. The operating expenses amounted to \$48,029, so that the deficit was \$2,028. up to that date. The peak of travel was reached in August and the lowest ebb was in February. Extensive repairs have been made to the Gov. King and Hockmoeck and improvements made to the landing slips on both sides the river.

THE STATE FERRY

The income from the State ferry between Bath and Woolwich from Jan. 1 to Oct. 21 was over \$10,000 more than expected, being \$48,001 against \$35,502. The operating expenses amounted to \$48,029, so that the deficit was \$2,028. up to that date. The peak of travel was reached in August and the lowest ebb was in February. Extensive repairs have been made to the Gov. King and Hockmoeck and improvements made to the landing slips on both sides the river.

HE'S MAKING GOOD

"Linc" McRae of Rockland Is One of the Central Maine's Top-Notchers.

The following from the "Exciter," the house magazine of the Central Maine Power Co., will interest the many friends of "Linc" McRae, who is proving that he can not only catch flies in the Twilight League but has a good batting average as bond salesman.

"L. E. McRae, who has been making a steady upward climb on the records of the securities force, came into his own last week by selling 46 shares of the Company's preferred stock.

"From an average of 12 shares a week 'Linc' has climbed steadily until he is now close to the top of the list with an average of 17 shares.

"Linc's success is due to a happy combination of hard work, an engaging personality, boundless enthusiasm

and a most optimistic view of the future of Central Maine Power Company. As a sideline 'Mac' carries a big stock of sewer works, the strongest of which is "Jingoes crinny." Any ten-word conversation v. Mac will usually elucidate one of his wicked bywords. If really provoked to righteous indignation we imagine that the English language would hardly be replete enough to hold him.

"Mac is also interested in the Coast Artillery Corps, in which organization he holds a lieutenant's commission. He has the reputation of being good looking. He is married and makes his home in Rockland."

NEW YORK FLINT

Found By Knox and Lincoln Farmers To Be Best Silage Corn

From statements and figures obtained from the various farmers who carried on the silage corn demonstrations, the New York Flint was found to be far superior to the other varieties planted, says the Knox & Lincoln Farm Bureau News. The Improved Learning was the only corn which compared with it. This variety, as well as the New York Flint, reached a height of 10 to 12 feet, both being matured so that when cut for the silo the ears were well formed and had reached the glazed stage. Other varieties planted in comparison with the New York Flint grew rank but did not mature ears and consequently would not make as valuable silage.

One farmer, when asked what his silage corn yielded, remarked: "I have more corn than I know what to do with; have filled my silo and have the remaining corn stacked around the sides of the field."
L. L. Mank of Waldoboro saved his own seed this last year, with the result that this year his piece of corn was better than the preceding year. In 1920 he planted 44 rows and filled his 8x20 silo to within a foot of the top. This year, from 40 rows, he filled the silo even full. He has one-fourth acre which he has topped and is going to use for seed next year.

A number of other favorable reports have reached the Farm Bureau office and next year more farmers should plant this variety, which has been tried and proved superior.

TO THE BRETHREN OF ST. JAMES LODGE

Adieu! a heart-warm, fond adieu,
Dear brothers of the mystic tie!
Ye favour'd, ye enlighten'd few,
Companions of my social joy!
Tho' I to foreign lands must hie,
Pursuing fortune's allday ba',
With melting heart and brimful eye,
I'll mind you still, tho' far awa'.

Off have I met your social band,
And spent the cheerful, festive night;
Off honour'd with supreme command,
Presided o'er the sons of light;
And by that hieroglyphic bright,
Which none but craftsmen ever saw!
Strong merriment on my heart shall write
Those happy scenes when far awa'.

May freedom, harmony, and love
Unite you in the grand design,
Beneath the omniscient eye above,
The glorious work of mystic fire,
That you may keep the unerring line,
Still rising by the plumb-line's law,
Till order bright and brimful eye,
Shall be my pray'r when far awa'.

And you, farewell! whose merits claim,
Justly, that highest badge to wear!
Heaven bless your honour'd, noble name,
To mastery and social joy!
A last request permit me here,
When yearly ye assemble a',
One round—I ask it with a tear—
To him, the Bard that's far awa'.

PLEA FOR THE LEGION

Relief Corps Members Think It Should Have the Post Property, Instead of the City.

Editor of The Courier-Gazette:—
There are few men in this city more respected than Capt. E. A. Butler, and in the Edwin Libby Post and Relief Corps he has only loyal friends who hold him in high esteem. I feel, however, that it would be only fair to the Corps to say that the ideas held forth in his article in The Courier-Gazette of Nov. 10 does not express the desires or opinion of the majority of either Post or Corps.

At a recent meeting of the Corps it is on record that a vote of expression of sentiment was unanimous that the land and building thereon should be given to the American Legion, to be used for patriotic purposes when the Post and Corps should no longer be able to carry it along.
The summary of his article related to the monument alone, and the expense incident to its erection, the same which shall stand forever, as originally planned, to the soldiers and sailors of the war of '61-'65, and there is no question of ever returning anything to any of the givers. It stands to honor these particular heroes, and the satisfaction of a belated obligation well fulfilled, and the delight and pleasure of the eye will be ample return for all concerned.

The Relief Corps gave as much as the city, lacking a few hundred dollars, and they ask no other return and I am sure the citizens feel the same. Now the work of the Corps is for our "husbands, our brothers and our sons" and the sons of these women fought, bled and died on "Flanders Field" and now that the Post is about to lay down the gavel and join that great marching host, the question arises as to whom shall carry on the work they have always done.

Each father and mother, each grandfather and grandmother rise, with one accord and say: "Who but our sons, who in their day and generation, followed the example of their sires and fought and died that the grand old flag should float as proudly as even?"
To some have not been given the joy of giving a son, but I am sure that they too have the vision; and I also feel that our citizens, if they were called upon so to do, would rise to this occasion as they did before, and give nobly and freely that the boys of the American Legion should have a home as a testimonial, not only of the Grand Army and the Relief Corps, but of the citizens, who with pride and sorrow watched them go, and with tears of joy welcomed them back. Who will ever forget that wonderful day three short years ago when the armistice was signed. How we thrilled at the pealing bells, feeling perhaps for the first time that we dared to look forward to seeing our loved ones again. Yesterday these bells were tolled for the boys who did not return, but we honor and cherish their memory. We owe much to these young men, both the living and the dead, and these survivors of that great struggle are our natural heirs.

Who can imagine a man cutting off his own son and giving his property to the city.
As a member of Edwin Libby Relief Corps, who has helped to earn much of the money that went to pay for both the monument and the building, as well, I ask no return and the chain is as strong as its weakest link. I am sure the City of Rockland feels the same. Beifast made a virtue of necessity and dedicated her new bridge to the boys of the World War; let us not ignore our boys at this time by deeding this property to the city. Let us keep this property for patriotic purposes and it seems to the women of this corps that the American Legion are the ones that deserve and the ones that would appreciate.

Sons salute your fathers, fathers salute your sons. Members of Winslow-Holbrook Post carry arms.

M. A. C.

AS TO A THIRD GAME

To the Sporting Editor of The Courier-Gazette:

Through your column the athletic authorities of R. H. S. wish to lay before the athletic authorities of C. H. S. the proposition of a third game between the football teams representing the two schools. There can be no question as to the desirability of this contest. The teams are very evenly matched and have each taken a game through a single lucky play.

The last tie was played off in Camden. Therefore this game should be played in Rockland. If Camden can't see the logic of this four-square proposition Rockland will play on neutral ground, Thomaston or Oakland Park, dividing the proceeds 50-50 or 40-60 as Camden elects.

It is also suggested that the umpire do the timing, as in all big games, and that the head linesman be a college man chosen by Referee Cook and Umpire Sturtevant. Rockland can play this game either Saturday, Nov. 19, or Thanksgiving Day, as best suits Camden officials.

If Camden has the faith in her boys that we know she must have, she will not hunt for an alibi, but have a positive acceptance in the hands of the Sporting Editor of The Courier-Gazette in time for publication Tuesday, Nov. 15.

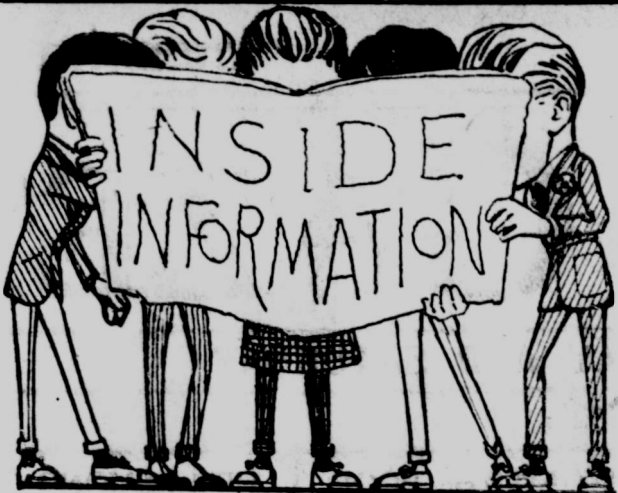

John M. Richardson, Athletic Director.

HAD DRAMATIC FINISH

Forward Pass Gave Camden High a Victory In Last Play of Game—Rockland Claims Touchdown Was Made After Time Expired.

Cheering cohorts from Camden and Rockland, with a liberal sprinkling of fans from other towns, lined the sides of the Broadway gridiron yesterday afternoon and saw two well matched football teams struggle in mud and slush for the football supremacy of Knox county. A victory for Rockland High School would have meant undisputed championship for the orange and black; a tie or scoreless game would have had the same effect, while a victory for Camden places the two teams on an equality, each having defeated Thomaston and each other.

It is pretty generally conceded that Rockland outplayed the visitors in the first three periods, once losing the ball when Rockland was within a couple of feet of her rival's goal line. Penalties were frequent, and five out of six were at Rockland's expense. The climax was capped in the last part of the last period when Rockland was penalized half the distance to its goal line for the illegal substitution of Black as halfback. Black was sent back to the sidelines, and Mealey was sent in to take the vacant position. The incident was not directly responsible for the disaster which finally overtook Rockland, but after the punt it still left the ball within striking distance of the Rockland goal line, instead of 20 to 25 yards further down the field, where it would presumably have been if the penalty had not been inflicted. This explanation is not intended as an alibi, nor even a protest, but is given simply that friends of the team who did not see the game may know that it was a victim of circumstances not of its own creation.

Camden opened the game by kicking off and joy filled Rockland hearts when Reed skirted right end for a 25-yard gain. To this brilliant start was added a forward pass, Sleeper to C. Record, which netted 15 yards. Rockland was penalized on the next play, and resorted to a forward pass which was intercepted by a vigilant Camden player, who, however, was downed in his tracks within two feet of the goal line. Camden's two attempts to break the Rockland line proved a failure but an offside play gave her first down. Snowdeal went through for first down, but again Rockland held firm and Camden punted. Rockland made two first downs in succession. Things were going entirely to the local fans satisfaction, when the whistle blew for the end of the first period.

And the same was true of the second period which closed just as Rockland had made three successive first downs, leaving the ball on Camden's 28-yard line.

The third period was marked by a punting duel, in which neither team had special advantage.

Much surprise and no little disappointment was expressed when the last period opened, and did not find Mealey or Black in the lineup with Captain Lord out of the game altogether, on account of injuries, the backfield by no means represented its maximum strength, although every-

body is full of praise for the gallant quartet which was holding the turn. Sleeper and Reed played the game of their lives, while Ludwig and Andrews gave every ounce of their ability and pluck.

The period opened with the ball in Camden's possession. A forward pass netted 15 yards. Another was completed, but resulted only in a loss of ground, as the visiting team was offside. Camden meant business, however, as a first down quickly showed. Another attempted forward pass resulted in a fumble before the slushy ball could be thrown, and the pigskin was Rockland's on her 30-yard line. Then came the hour break, technical blunder, when Rockland was penalized to the 15-yard line for illegal substitution. Coach Whitney defends his act on the ground that such substitutions have been permitted in previous High School games.

Rockland punted to midfield, where a line tackle was made by Reed. Camden was also forced to punt, and Mealey celebrated his deferred appearance in the game by going around left end for five yards. Rockland made her distance, but Bean intercepted a forward pass, and carried the ball 20 yards. The same player went through for six yards on the next play. Then came the forward pass which formed the dramatic climax to an exceedingly well played game.

A dispute, which was carried forward into the night, resulted, however, in being claimed that time had expired before the ball was snapped. This assertion is made by one of the timers, Linwood Rogers, and is substantiated by E. R. Veazie, who had just questioned the officials as to the extent of the remaining time, and who overheard Rogers' remark. Representatives of the Rockland team went to Camden last night, but found Mr. Taylor firm in his position that the play had started when time was up.

No goal was kicked and on the face of the returns the game stands 6 to 6 in Camden's favor.

The Record brothers did some especially good work for Rockland, while Bean was first magnitude star for Camden. The summary:

Brunswick

PHONOGRAPHS AND RECORDS

WHILE most people buy The Brunswick because of its superior tone and its ability to play ALL records at their best, no one overlooks the beautiful cabinet work and finish.

In this particular, it is natural that The Brunswick should be supreme, for the House of Brunswick has been noted for nearly a century for its craftsmanship in wood.

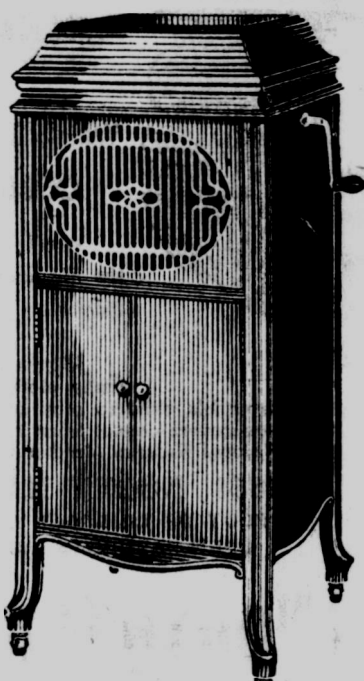

Brunswick makes its own cabinets—they are not bought outside. The Brunswick is built as a 100 per cent unit. So there is uniformity. Brunswick controls the entire process and every quality.

RED CROSS ROLL CALL

Rockland Chapter Will Not Make House To House Canvass, But Desires Membership Contributions.

Red Cross Chapters throughout the country are having this month their annual roll-call for members. The local Chapter is not joining this drive for the reason that when it called upon the citizens for funds last summer the assurance was given that there would be no further campaign the present year.

The canvass for funds realized \$2347 in cash, out of which the Salvation Army was given \$2000 for its share of the drive and general charitable purposes. The balance, and pledges amounting to \$1336, were assumed by the Red Cross, but of the 1200 contributors only 235 gave a sufficient sum to entitle them to receive a membership in the organization. To those 235 contributors the secretary of the Chapter, Mrs. Helen B. Lamb, will shortly send a certificate of membership request for another year.

The others will be asked to contribute \$1 apiece for renewals, and the Chapter hopes that the responses will be sufficiently numerous so that the Chapter's project of having a district nurse to do free bedside nursing in Rockland may be engaged. The Red Cross workers believe this to be the most important task that they can now undertake, and they are fixed in their determination to bring it about. The nurse's work will nowise conflict with the duties of Miss Chaplin, public health nurse, but rather will help lighten her very large burden. The Red Cross nurse will be at everybody's disposal, and will be assigned to Rockland just as soon as the necessary funds are in sight. The circular asking for dollar membership contributions is enclosed in this language:

"To Former Members of the American Red Cross.

"The period of Nov. 1 to Nov. 15, is assigned by the American Red Cross for the roll-call of members, and we hope to continue for another year your association with the Knox County Chapter. If you will do this, and forward \$1 in the enclosed addressed envelope, you will become a member for the next year, and thus help in the great work that is being carried on here in Knox county, and nationally. Upon receipt of your remittance a membership certificate will be forwarded to you."

No house to house canvass will be made—just this letter, which will give everybody an inexpensive opportunity to help in work which should not be borne by a few shoulders.

An opportunity to assist in Red Cross work will also be given to members of Chapters which have been inactive. Each will be asked to become affiliated with the Rockland Chapter and thus to keep the wheels turning which are otherwise clogged.

The Rockland Branch has chosen its board of directors for the coming year as follows: A. W. Gregory (chairman), H. A. Buffum (vice-chairman), H. N. McDougall, H. B. Bird, Dr. A. W. Foss, C. H. Duff, George B. Wood, W. O. Fuller, Mrs. Helen B. Lamb, the efficient secretary, is engaged for another year.

We are ready now to make those winter MEMORIAL WREATHS that you want for the cemetery about this time of year.

Our PINK CHRYSANTHEMUMS and POM POMS are blossoming in profusion and we are picking Violets every day. The season for these blooms is short. Don't neglect to enjoy them while they are at their best.

Cataract Does Harm—Get Rid Of It.

Cataract of the nose or throat when it becomes chronic weakens the delicate lung tissues, deranges the digestive organs, and may lead to consumption. It impairs the taste, smell and hearing, and affects the voice. It is a constitutional disease and requires a constitutional remedy.

Take Hood's Sarsaparilla, which by purifying the blood removes the cause of the disease and gives permanent relief. This alternative and tonic medicine has proved entirely satisfactory to thousands of families in three generations.

CAMDEN

The Knox County Past Noble Grand's Association will meet in Camden Tuesday at the Y. M. C. A. building. There will be an afternoon and evening session, also a picnic supper.

Miss Bertha Clason has returned from a visit with her parents, Mr. and Mrs. O. B. Clason, in Gardiner.

There will be a meeting of Canton Molineux Monday evening for the purpose of nominating officers, and to make arrangements for the annual inspection.

The National Guard gave a supper Armistice Day for all members of the Army-Heal Post, American Legion. The supper was served in the K. of P. hall and enjoyed by a large number.

The schools all assembled on Friday morning for a short patriotic program. In the High School chosen Juniors and seniors carried most of the program, being supplemented by remarks from Rev. H. I. Holt and chorus singing conducted by Mrs. Tibbets.

Hilliard Hart, the Bowdoin captain, a son of Dr. and Mrs. Lewis Hart, crossed the line second in the cross-country run at Orono last Friday. Captain Hart held the lead until very near the end when Baker of Bates passed him and finished first.

A young ladies' club, called La Dorcas Klubs, was organized at the Congregational parsonage Tuesday evening. Plans were discussed for the winter which includes a sale about Christmas time.

The New York World records the recent marriage of Norma Millay, sister of Edna St. Vincent Millay, the well known young poetess, a former Camden girl, to Charles Ellis, creator of the despicable soldier in "Different," which was staged by the Provincetown Players a year ago. Miss Millay became identified with the Greenwich Village theatricals soon after her location five years ago in New York. Mr. Ellis is a student at the Art Student's League, coming to New York from Ohio. When not painting he was acting, and thus became acquainted with Miss Millay, which acquaintance resulted in a wedding. The young couple are at home in a commodious studio apartment at 27 West Eighth Street. Best wishes for much happiness are extended by the many Camden friends.

WARREN

Rev. N. A. Buncamper of Bangor will preach at the Congregational church Sunday.

Frank Fowles of Boston is visiting his father at the Echo House.

Miss Vivian Rowell of Appleton is stopping at Lewis Gordon's.

Mrs. Edward Burgess was in town Thursday.

Mrs. Wotton who has been working for Mrs. Haskell has returned home.

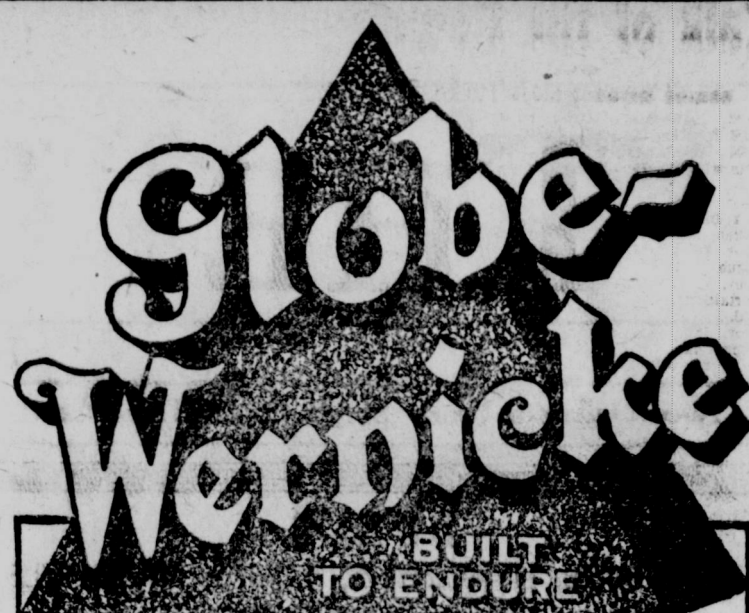

Mrs. Robert Blake, who has been in Silsby Hospital, Rockland, the past 10 days, is reported convalescent.

John J. Perry has been appointed to the consular service in Alexandria, Egypt, and will sail from New York Dec. 10 on the Italian steamship Colombo. The appointment is made by the Secretary of State, Hon. Charles E. Hughes, and is for a period of two years. It is the first appointment to the consular service which has been made from this city for a great many years—possibly the first. Mr. Perry is a son of Jarvis C. Perry, vice president of the Security Trust Co., and was employed in that institution four years. Subsequently he was for a while traveling salesman for the East Coast Fisheries Company. His education in the public schools was supplemented by courses at Phillips Exeter Academy and St. Luke's School, Wayne, Penn., and was broadened by a tour of Europe, which the young man took in 1914, opportunistically before the country had become embroiled in the great war. He is a member of Rockland Lodge, B. P. O. E. The appointment to the consular service is one which offers exceptional opportunities for a young man to see the world under conditions which are not possible for the average traveler, and Mr. Perry is to be congratulated. Last winter he formed a wide acquaintance with public men and public affairs, through his duties as assistant to George W. Leadbetter, messenger to the governor and council.

Fred Ward, aged 11, son of Mr. and Mrs. Fred H. Ward, is in critical condition at Silsby Hospital as the result of wounds received late yesterday afternoon, through the accidental discharge of a shotgun in the possession of George Tripp, aged 22. The shot inflicted a gaping wound in the boy's right thigh, burning the clothing; broke his right leg and mangled the tissues. Mr. Tripp carried the lad on his shoulders to the Clancy house, a long distance away, and Dr. Silsby was summoned. Dr. Silsby immediately called the Burpee ambulance, which made the trip in five minutes and conveyed the patient to Silsby Hospital. The lad had a sinking spell at 4 o'clock this morning, but was more comfortable when this paper went to press. Mr. Tripp and the boy were examining a narrative which had just been shot when the other barrel of the gun was discharged.

The three young Swedes who left Rockland afoot, for Los Angeles, Nov. 2, arrived in Providence the 9th, according to a postcard received from them by The Courier-Gazette yesterday. They were to rest there before proceeding.

Principal William D. Hall of Castine Normal School, a former resident of Rockland, is one of the six delegates selected by the Maine teachers' convention to represent the State at the convention of the National Education Association in Boston next July.

Where Knowledge Abounds

Johnson says:—"Knowledge is of two kinds. We know a subject ourselves, or we know where we can find information upon it." And books are the greatest source of this second kind of knowledge.

Globe-Wernicke Sectional Bookcases

A few sections filled with carefully selected books will place at your elbow more knowledge than one can hope to acquire through a lifetime of experience. And as your books increase sections can be added.

Globe-Wernicke Sectional Bookcases contain only the best features in sectional construction—fitted with receding glass doors, felt strips to keep out dust and all substantially made and beautifully finished to match surroundings.

Aurora Lodge has a special meeting Monday night, for work on the Fellowship degree.

A Rockland attorney recently presented his 100th case in Knox county Probate Court.

Night Watchman Tower of the Line Company's by-products plant is having his annual vacation. Miles Haskell is substituting.

Miss Edna MacAllister has returned from a visit in Boston.

Turnkey W. L. Rokes suffered a serious ill turn Wednesday, but his condition now is somewhat improved.

Miss Minnie White of Bath is visiting at the home of her brother, W. S. White.

All members of the Sons of Veterans Auxiliary are requested to contribute to the rummage sale which takes place at G. A. R. hall Wednesday afternoon. All articles should be in the hall by Tuesday afternoon.

Supt. H. C. Hull will discuss the elementary school problem next Wednesday at the convention of the Waldo County Teachers' Association in Belfast. Miss Harriet O'Brien of Rockland is also to be one of the speakers.

Rockland Lodge of Ellis has received a communication from the Bangor lodge, relative to a proposed bowling tournament, and the matter will be acted upon at Monday night's meeting. "The secretary says, 'We have members in Rockland Lodge with bowling records, which if made known, would make the 'Bills' from the up-river city sit up and take notice. Let's show them how we used to roll the ball down the alley when we were boys.'"

The Lewiston All-Stars, a newly organized basketball team, challenges the best team Rockland can produce to a game to be played in this city Thanksgiving night. The Lewiston quintet plays in Damariscotta, on the 23rd, and after working up an appetite on Lincoln Academy would like to tackle Rockland. The manager of the challenging team is Lawrence Donovan of 127 Oak street, Lewiston.

Penobscot View Grange held an open meeting Thursday night, in observance of Armistice Day. A literary entertainment was provided, and an address was delivered by Judge Frank E. Miller, who drew an appropriate lesson from the anniversary. Refreshments were served.

Among those who watched yesterday's game on the Broadway ground was Ray Gay, a former Rockland boy, who played on the High School team in 1914, and who is now traveling salesman for Wrigley's gum.

The Rockland Veterans Firemen's Association had a number of lively contests at its annual meeting last night. A. S. Niles was chosen foreman of the tub, breaking the first ballot tie when he and C. H. Nye each received 23 votes. The other officers are: President, A. R. Havener; vice president, William Hodgdon; financial secretary, William H. Macy; recording secretary, Elmer Pinkham; treasurer, H. W. French; 1st assistant foreman, George W. Wheeler; 2nd assistant, Harry D. Phillips.

Osborne T. Sumner, who has been very prominent in Thomaston affairs, holding the offices of selectman, auditor, assessor and treasurer at different times, was operated upon at Sibley Hospital Tuesday for a serious malady. His condition is giving the family and friends deep concern.

Arrangements are being made for the opening polo game of the season at the Arcade which it is hoped to have next Thursday night. Rockland's best will play a Portland team. Watch Tuesday issue for a definite announcement.

The Armistice Day exercises in this city were carried out in a most successful manner, as per schedule. Winelov-Holbrook Post netted about \$75 as its share of the football proceeds, and about \$40 from its ball in Temple hall. The Post policed the Broadway grounds and made it possible for one of the most orderly contests ever seen there.

When the public learns how remarkably lucky the Baptist Chorus choir was to secure a soloist of Loraine Wyman's high standing in the musical world there will be no question about the eager demand for tickets to the concert which is to be given by her in the First Baptist church Monday evening, Nov. 21. Miss Wyman will appear in costume, with a delightful program of old French and old English folk songs, supplemented by songs and ballads which owe their origin to England and Ireland. Ruth Emerson of New York will be at the piano. The most famous critics in the country have gone into raptures over Miss Wyman's singing. Rockland has the exceptional privilege of hearing her because of the fact that Mrs. Eleanor Cote Howard, director of the Baptist Chorus choir, is one of her pupils, and comes through her earnest solicitation.

Mrs. A. T. Smith, nurse, is living at Miss Parmelee's, 7 Claremont street, and will receive calls for general nursing or would care for an invalid. Tel. 258-2—adv. 124-125.

Mr. and Mrs. H. M. Noyes were in the city this week enroute from Boston to North Haven.

At a special meeting of the Methodist Club Thursday afternoon the following applications were received for membership: Mrs. Dorothea Belano, Mrs. Nellie Hall, Mrs. Hazel Powers, Mrs. Maude Eaton, Mrs. Helena Roberts, Mrs. Grace Daniels, Miss Martha Bartlett. The next meeting will be with Mrs. Hester Chase, Talbot avenue, next Friday afternoon. The paper will be "The first four Captains." Miss Caroline Stanley.

Browned to the color of a berry, and with water running in a stream from his souwester, Tyler M. Coombs, former clerk of courts, halted in Thursday's storm long enough to inform The Courier-Gazette reporter that he was bound up the bay on a duck hunting trip. "What about that sheriff nomination?" asked the fearless newspaper man. "Huh!" scornfully snuffed the Knox county member of the Democratic State committee, "you can tell readers that I've had all the politics I want. Great weather for ducks, isn't it?"

The next social affair for the members of the Country Club will be a dancing party Nov. 13, with music by Marston's Jazz Orchestra. The dance will be under the direction of Mrs. Homer Robinson, chairman; Mrs. Arthur T. Orne, Mrs. Roland J. Waggatt, Mrs. Edward J. Heller, and Mrs. Cleveland L. Sleeper. Members are urged to attend and give their support.

The Saturday night dances have been transferred to Havenor Hall, with Marston's music.

Class 4 of the Methodist Sunday School met with its teacher, Ralph Clark, Sunday, and a pleasant afternoon was spent coloring their lesson maps. Music by John McInnis and a few songs by the class, with popcorn and apples, helped to make the afternoon one that all wished to have repeated.

Jack A. Smith of Boston is a weekend guest at E. B. MacAllister's, Marston street.

Mr. and Mrs. Edwin H. Richardson and Mr. and Mrs. A. C. Jones and daughter Nathalie of Boston are the weekend guests of Mr. and Mrs. A. H. Jones. Mr. Richardson is the Boston manager of the Apperson Motors, Inc., and with Mrs. Richardson is closing a wedding vacation of a month with this trip to Maine.

The super-dreadnought Maryland arrived this forenoon, and will have her official trial on the Rockland course early the coming week.

The steam trawler Sheldrake left Thursday for the Western Banks, with Capt. Peter Hanson in command. Capt. Joseph Cook as mate, and Chief Frank Radley in charge of the engines. The trawler Plover, now on her second trip of the season, is due here next Monday. The fruits of the first cruise have all been disposed of, and Manager Feeney's crew is eager to tackle No. 2. Two cooler rooms with a capacity of 100,000 pounds each are now ready for use, and a third of similar size, will be completed within a week.

The freight steamship Ripogenus, Capt. Saunders, passed by yesterday forenoon on her way to Mack's Point, with a load of coal.

Mrs. Eugene W. Allen's class realized about \$5 from the sale of home-made candy at the Methodist vestry Wednesday evening and thanks all who assisted.

SIGNET JUTE YARN

FOR—
Crocheting Shopping Bags, Table Mats, Rugs, Etc.

Twenty-seven colors in 150 Yard Balls

Softness of texture plus strength and stiffness, wearing qualities, adaptability for needlework and exceptional color effects explain why jute is replacing paper, raffia and cane handicraft, and its substitution for higher priced yarns.

The ease and rapidity with which it can be manipulated gives every promise of making jute needlework the last word in novelties and as such makes its appeal to the women. The approach of Christmas assures an unlimited demand for the holiday season.

KNOX COUNTY CASES

Decisions By the Law Court in Two Probate Matters.

The Law Court Tuesday handed down a rescript in the case of Maude N. Packard, appellant from the decree of the judge of probate, overruling the exceptions of the appellant.

The case was an appeal from a decree of the judge of probate of Knox county, allowing a certain instrument as the will of Mary A. Norwood, late of Camden, deceased. The case was heard in the Supreme Court by the presiding justice, without the intervention of a jury. The appellant requested a ruling that upon the facts presented the testatrix was not of sound mind when the instrument was made. This request was denied.

The rescript per curiam states that the rule is firmly established that, upon exceptions to findings of the sitting justice in the Supreme Court of Probate, upon questions of fact, if there is any substantial evidence to support the findings, the exceptions must be overruled.

The Law Court handed down a rescript in the Knox county case of Adelbert L. Miles, judge of probate vs. Tyler M. Coombs, administrator, et als, non-suiting the plaintiff.

A man made a will creating a trust. The will was admitted to probate. The trustee whom the testator nominated qualified. When the trustee had died another was appointed in succession; the latter too now is dead. Conceiving it to be his duty to straighten up and carry out the trust, the sole surviving executor of the will initiated steps leading to the present action on the bond of the trustee latest to die.

The rescript, which was drawn by Associate Justice Charles J. Dunn of Orono, states that an insuperable difficulty with this action is that the real and actual plaintiff has no greater interest in it than a stranger. Executors execute wills; trustees control and manage trusts. It is the general rule that, when suit is brought for the special use of any one, the interest of that person must be established to maintain the action, because it is involved in the breach assigned. An interest on the part of this executor plaintiff is not shown. That the executor is personally a beneficiary of the trust is at this time inconsequential, for he is now suing.

This little bit of advice may help you regain your Health, Strength and Vitality

Thousands of people suffer from nervousness. They are run down and miserable without knowing the reason why.

They do not stop to think that much of their trouble may be caused by drinking tea and coffee which contain the drugs, thein and caffeine. When you over-stimulate the system for any period of time, the result may be nervousness with its many accompanying ills. You may fail to sleep properly and your sleep does not refresh you as it should.

Postum, made from scientifically roasted cereals, will help you to overcome all these conditions. For it contains only healthful substances, instead of drugs, as are found in tea and coffee.

Postum helps build sound nerve structure, by letting you get sound, restful sleep.

In flavor, Postum is much like high-grade coffee. In fact there are many people who prefer Postum for its savory flavor alone.

Order Postum from your grocer today. Serve this rich, fragrant beverage for the family. See how the children will like it, and how much better everybody will sleep at night.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

He was about six years old and the little son of Reeves Eason, scenario writer and director of many productions. The picture colony mourns the loss of the little star.

D. W. Griffith has established a precedent when he recently took out an insurance policy for a snowstorm which must take place before Nov. 20th with at least one hour of the storm coming during the daylight hours of the day so as to make photoplay possible. Several thousand dollars are involved in the deal and Griffith who is employing several stars whose contracts expire the 20th of November will either have his snowstorm before the expiration of the contracts or the insurance companies will pay him the damages.

IS GRANDEST ON EARTH, SHE SAYS

"I Don't Feel Like the Same Person Since Taking Tanlac," Says Burlington Woman.

"The days of my worrying and wondering how I would ever hold out to earn a living for myself and children are all over, for since taking Tanlac I don't feel like the same person," said Mrs. Eugene Lafond, 36 Marble Ave., Burlington, Vt.

"For three years I suffered with a severe case of stomach trouble that finally came near wrecking my health completely. I could scarcely eat anything, and what little I did force down soured and bloated me with gas until I suffered for hours at a time. Often I got dizzy, and got so weak it looked like I would faint. I had rheumatism in my arms and legs that gave me an awful lot of pain. I was so nervous I could get but very little sleep and always felt tired and worn out, and was so weak it didn't seem like I had a particle of energy.

"Finally I saw a statement in one of the papers which so impressed me that I tried the medicine myself and now my stomach trouble is gone, I eat anything I want and as much as I please and everything agrees with me perfectly. The rheumatic pains have left me and I am feeling better and stronger in every way than I have for years. I sleep like a child every night and the fact is, I hardly feel like the same woman. I think that Tanlac is the grandest medicine on earth."

Tanlac is sold in Rockland by Corner Drug Store; in Washington by F. L. Ludwig; in North Haven by W. S. Hopkins; in Vinhaven by F. M. White; in South Thomaston by L. O. Hanley, E. W. Crie, Criehaven and by the leading druggists in every town.

THOMASTON

The ladies of the Congregational circle will meet with Mrs. Emerson Watts, Tuesday afternoon and evening. Please bring dishes.

Mr. and Mrs. William Louches have returned from a two weeks' vacation spent in Massachusetts and New York State.

The Super-Kelth Vandeville, Nov. 16, which is the third of the series of entertainments for the School Building Fund in Thomaston, will be remarkable for the variety and unusualness of its attractions. Think of enjoying at a single performance such artists as Mae with the voice of gold; La Phyllis, Parisian dancer; General Tom Thumb's most noted descendant, Mlle. Florence Thumb, the smallest prima donna in the world; Ora Begorra, the comedian who always gets the laughs; Billy and Dot, famed for their charm and beauty; Dorothy Rose, the character artist; Jack Tar, the breezy baritone; Stella, a star of the first magnitude; and Madame Mystereuse, who has converted from artistic retirement for this occasion only. There will be a distinguished instrumentalist, and a charming ensemble dancing number. But this is not all. Thomaston, Past, Present and Future, will pass before your view; a most amusing comedy will be performed by a favorite Rockland company and an excellent cast; and you'll be transported to one of New York's most entrancing cabarets. Can you afford to miss it?

The ladies of the Relief Corps will have work Monday afternoon. Members bring thimbles and darning needles, and make an extra effort to come. Circle supper will be served at 6 o'clock with Mrs. Frank Morse and Mrs. Luther Clark as hostesses.

Edgar Liniken, Beth Liniken, Maynard G. Liniken and Margaret Hanley, students at the U. of M., are home over the holiday.

James Creighton of Steeltown, Pa., is the guest of his parents, Mr. and Mrs. C. A. Creighton.

Tickets are out for the Super-Kelth Vandeville Wednesday evening. This promises to be the best yet. The committee will be very anxious to anyone who will make ready and have it sent to the hall Wednesday afternoon.

Armistice Day was fittingly observed by the school children. Marching to Watts hall, they gave the following program, which was well rendered: Prayer, Rev. E. W. Webster; singing, America, Primary schools; remarks, Rev. E. W. Webster; song, "The Flag Goes By," Glee Club; recitation, Frank Harding, Jr.; recitation, Miss Constance Bowers; recitation, John Creighton; address, Capt. Howard Moody, C. A. C.; recitation, "America Beautiful," Mildred Smith, Harriet Wilson, Gladys Harrington; recitation, Ralph Ludwig; recitation, Audrey Pillsbury; reading, Clyde Butler; singing, "Speed Our Republic," Grade 8; recitation, Miss Fay Matthews; recitation, Paul Morgan; recitation, Elizabeth Creighton; recitation, Alice Tuttle; singing, "America For Me," Glee Club; recitation, William Manning; recitation, Bernice Maloney; recitation, Dicky Spear; recitation, Evelyn Velt; recitation, "In Flanders Fields," concert led by Barbara Elliot; "War Medley," school and audience; recitation, Dorothy Brennan; recitation, Janice Pillsbury; recitation, Albert Elliot; "Star Spangled Banner," school and audience. The program was in charge of the music teacher, Miss Margaret Burgess; accompanists, Miss Abigail Hall, Miss Marion Starrett, Miss Gladys Long.

Don't forget the cooked food sale in Crockett's store this afternoon. Doughnuts, cake and pie will be on sale at reasonable prices.

Regular services in the Methodist church Sunday morning, preaching at 10:30, with music by the chorus choir, Sunday school at 12, Epworth League at 6:15, with Mrs. Ora Woodcock as leader. Evening service at 7, piano solo by Llewellyn Oliver, violin solo by Howard Beattie, with special music by the quartet. All are cordially invited to these services.

Ralph Starrett of Middleboro, Mass., is in town for a few days, the guest of Mr. and Mrs. Caleb Gilchrist.

Mr. and Mrs. George Potter arrived Tuesday from a week's visit in Orono. Mr. Potter returned to Boston Friday morning and Mrs. Potter will remain for a week's visit with her parents, Mr. and Mrs. C. A. Clark.

The ladies of the Baptist Circle will meet with Mrs. Walter Currier, Wednesday afternoon and evening. A picnic supper will be served at 6 o'clock.

Henry Vose shot a deer in Cushing yesterday.

The Beta Alpha will meet Monday evening with Miss Jennie Moody, Thatcher street.

W. C. Lenfest of Bath is spending the holiday and weekend in town.

Mrs. L. O. Packard of Needham, Mass., has been in town this week, guest of her sister, Mrs. M. E. Webster.

Miss Mildred Mitchell of Portland arrived in town today and will spend the winter with her parents, Mr. and Mrs. John Mitchell.

Another meeting and excellent supper was served to the "Less Than One Hundred Young Men's Class" at the home of Miss Ellen Sullivan, Miss Sullivan proved herself an excellent chef and her efforts were greatly appreciated. Toasts and speeches were in order and an original poem by Mrs. Ira T. Vinal was read by Miss Addie Leonard. Mrs. Cecelia Roney will be the next hostess.

THE TRIALS OF A HOUSEWIFE

How They Have Been Endured and How Overcome by Lydia E. Pinkham's Vegetable Compound

Experience of a Providence Woman

Providence, R. I.—"I took Lydia E. Pinkham's Vegetable Compound for a female trouble and backache. It began just after my baby was born, and I did the best I could about getting my work done, but I had awful bearing-down pains so I could not stand on my feet. I read in the papers about Lydia E. Pinkham's Vegetable Compound and the good it was doing other women, and I have got dandy results from it and will always recommend it. You can use these facts as a testimonial if you wish."—Mrs. HERBERT L. CASSEN, 18 Meni Court, Providence, R. I.

Ohio woman for three years could hardly keep about and do her housework she was so ill. Made well by Lydia E. Pinkham's Vegetable Compound: Fayette, O.—"For about three years I was very nervous and had backache, sideache, dragging-down pains, could not sleep at night, and had no appetite. I heard of Lydia E. Pinkham's Vegetable Compound and took it with good results, and am now able to do my housework. I recommend your medicine to my friends and you may publish my testimonial."—Mrs. CHESTER A. BALL, R. 15, Fayette, Ohio.

An Illinois woman relates her experience: Bloomington, Ill.—"I was never very strong and female trouble kept me so weak I had no interest in my housework. I had such a backache I could not cook a meal or sweep a room without raging with pain. Rubbing my back with alcohol sometimes eased the pain for a few hours, but did not stop it. I heard of Lydia E. Pinkham's Vegetable Compound, and six bottles of it have made me as strong and healthy as any woman; and I give my thanks to it for my health."—Mrs. J. A. McQuerry, 610 W. Walnut St., Bloomington, Ill.

The conditions described by Mrs. Cassen, Mrs. Ball, and Mrs. McQuerry will appeal to many women who struggle with their daily tasks in just such conditions—in fact, it is said that the tragedy in the lives of some women is almost beyond belief. Day in and day out they slave in their homes for their families—and beside the daily routine of housework, often make clothes for themselves and for their children, or work in their gardens, all the while suffering from those awful bearing-down pains, backache, headaches, nervousness, the blues, and troubles which sap the very foundation of life until there comes a time when nature gives out and an operation seems inevitable. If such women would only profit by the experience of these three women, and remember that Lydia E. Pinkham's Vegetable Compound is a powerful and restorative for such conditions it may save them years of suffering and unhappiness.

There is hardly a neighborhood in any town or hamlet in the United States wherein some woman does not reside who has been restored to health by this famous medicine. Therefore ask your neighbor, and you will find in a great many cases that at some time or other she, too, has been benefited by taking it, and will recommend it to you. For more than forty years this old-fashioned root and herb medicine has been restoring suffering women to health and strength.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

George Whitney Edgerton

With the passing of George Whitney Edgerton Thomaston loses its oldest citizen, who was born in the town, over eighty-six years of residence here have endeared him to many, both young and old, and he will be keenly missed by all who came within the radius of his gentle cheer and kindness of word and deed.

Mr. Edgerton was born April 11, 1835, in a brick house on the lower slope of the Creek hill, the foundation of which can still be seen. He was the sixth of the eight children of Otis and Mary (Paine) Edgerton and when he was four years of age the family moved to the home of his grandfather, David Paine, on High street, which came to be known as the Edgerton homestead. There he resided until after his marriage, in 1859, to Fannie Snow Wallace, when he came to his wife's home on Benson street, remaining there the greater part of his life.

His marked artistic ability was shown in the work which he undertook. His first occupation was shipcarving with his brother-in-law, Harvey Counce, and many a figure-head carved by his hand has been hoisted on the waves as a Thomaston vessel passed triumphantly down the Georges and out to sea. When the war came the decline of shipping he took up marble cutting. Everyone has seen and admired the beautiful lettering which he has gladly done for graduations, for the posters, used by his church, and for any one who asked that kind of assistance. Later he became a tailor, retiring from active business only about five years ago.

He was also distinctly musical in his tastes, was a member of the old Thomaston band, and for years sang bass in the Congregational choir. After his marriage he attended the Methodist church, which became very dear to him, and to which he gave, his earnest Christian allegiance and generous support. At the time of his death he was an honored member of the official board of the church. He was also a charter member and the oldest in the Arctura Lodge, Knights of Pythias.

His was a life of quiet devotion to his family, his church and the town where he spent nearly eighty-seven happy years. A life so well lived is a precious legacy to those whom he leaves behind, and the host of dear and tender memories is a priceless possession.

On November 7, 1919, Mr. and Mrs. Edgerton celebrated their golden wedding anniversary. To them have been born five children, Sarah Harvey, wife of George M. Patterson of Fairfield, Wallace, who resides in Boston; Mary Cobb, wife of Edward P. Allen of Rockland; Charles Eason, who died in 1908, and John Burgess of New York. The four living children were with him during his last days, surrounding him and his bereaved wife with every attention and alleviation that love could suggest. He leaves also seven grandchildren and one great-grandchild.

The funeral was held in the Methodist church at 2 o'clock Wednesday afternoon, November 9th, Rev. D. D. Pellet, the pastor, officiating. The wealth of beautiful flowers and the presence of many sincere mourners attested the esteem in which he was held.

UNION

Mrs. Bernice Payson has returned from Portland.

Mrs. Jennie Bowley has returned to South Hope.

Mrs. Murray Whalen of Rockland is the guest of Mrs. Merton Payson.

Mrs. Abbie Fossett will spend the winter with her granddaughter, Mrs. Sarah Pinkham.

On October 30th a little daughter was born to Mr. and Mrs. Clayton Bean and named Margaret Elizabeth, for the great aunt, Mrs. Ward Augusta.

When the little one was three days old she received a check for \$25 from Mrs. Ward, a present which no doubt will be much appreciated as little Margaret grows older.

Mr. and Mrs. Charles Burdett were awakened by the smell of smoke at about 1 o'clock Friday morning and upon arising found that fire had caught around the chimney and a lively blaze was making havoc with a row of cupboards which contained all of their best dishes, household linen and bedding.

Mr. and Mrs. Burdett, after a lively fight succeeded in putting the fire out, but the house is badly damaged by smoke, fire and water.

Thomas Messer shot a buck deer in the Pinckham woods Tuesday. Mr. Messer brought the deer to the Commission to show to his friends.

Fred Vost of Newmarket, N. J., who has been boarding with Mrs. Bertina Simmons and buying apples, left for his home Friday noon.

Nov. 3, Hezekiah Hemenway and sister, Mrs. Charles Shepard each received a letter announcing the serious illness of their sister, Mrs. Deborah Grant, at the home of her daughter.

Mrs. Lizzie Spaulding, in Frankfort, the following Saturday afternoon a telegram came announcing her death. Although all arrangements were made to attend the funeral, the following Monday they were unable to go on account of the fierce snow storm which kept that day. Mrs. Grant leaves a brother, Hezekiah Hemenway of this town, three sisters, Mrs. Helen Davis of Warren, Mrs. Abbie Macomber of North Platte, Neb., and Mrs. Sophia Shepard of this town, a daughter, Mrs. Lizzie Spaulding of Frankfort, and seven grandchildren to mourn her death.

The monthly missionary meeting of the Congregational church will be held Monday afternoon at 3 o'clock at the parsonage, 35 Beech street. The discussion of chapter 2 in the Mission study book will be led by Mr. Rounds.

Mrs. Leslie Dickey of North Haven was operated upon at Silsby Hospital Tuesday. Her condition is reported as very satisfactory.

Bird Branch of the Sunshine Society meets next Monday afternoon with Mrs. Wiley, Union street.

Arthur Foster of Masonic street, who fell from an apple tree two weeks ago, was operated upon by Drs. Foss and Crockett Tuesday, for disease of the knee joint.

Among the guests recently registered at the Congress Square Hotel, Portland, were William D. Talbot and Mrs. David Talbot of Rockland and Miss Marion Weidman of Rockport. Mr. Talbot attended the meeting of the Maine Automobile Association, of which he was a director.

Joseph H. Wiggin, senior clerk at the Corner Drug Store, is confined to his home on Broad street by pneumonia.

Mr. and Mrs. W. O. Fuller left yesterday for Detroit to visit Mr. and Mrs. Richard S. Fuller and the new granddaughter. They will return to Dedham, Mass., to spend Thanksgiving with Mr. and Mrs. Howard G. Phillips.

Mrs. Fred Ward pleasantly entertained the Tippecanoe Club Wednesday afternoon. Mrs. Ruth Howard was presented with an aluminum teapot in honor of her birthday. The dining room table was prettily decorated with fir boughs and artificial poinsettias, and apples were arranged in the center of the table to spell the name Ruth. Apple pie, whipped cream, corn balls and cheese crackers were served. Several names were balloted on, and sewing was the feature of the afternoon. The next meeting will be with Mrs. Nelson Carr, 10 Hill street.

E. C. Moran has returned from Boston, where he has been spending the week on business.

The Rubinstein Club at the regular meeting yesterday observed the day in the opening numbers of the following program which was presented in the midst of national and allied flags, arranged by Miss Donahue, chairman of the occasion:

PART I
Semi-chorus, "Native Land" Donizetti
Mrs. Blackington, Mrs. Brown, Mrs. Veale
Mrs. Bird, Mrs. Crockett, Mrs. Donahue, Mrs. Atwood, Mrs. Snow, Mrs. Storer

"Little Mother of Mine" Mrs. Brown
"Mammy's Little Baby" Mrs. Storer

Accompanists, Mrs. Ayer, Mrs. Sanborn, Miss Singhi.

Rapid recovery is being made by Miss Blanche Welt of Thomaston, who was operated upon at Silsby Hospital.

Miss Lida Bridges and sister, Flavilla, of Swan's Island, are spending a few days with Mrs. Nelson Sprague and family, at 3 Linden street, before they take up their employment in the city.

Yesterday marked the third anniversary of the war's close, but in France the mark of the tyrant's heel is still to be seen and "Devastated France" is a title which still applies with truth. This country has taken many ways of manifesting its sympathy, another evidence of which will be shown on the afternoon of Nov. 28, when every State in the Union will hold simultaneously a series of auction parties to raise funds for the unceasing work of relief.

Mrs. Harold M. Sewall has been designated chairman of this "social drive." If such it may be called, for Maine, and will have everywhere the loyal co-operation of women whose efforts count for much on such occasions. Rockland will be a part of the chain, but of this more will be told in due season.

Mr. and Mrs. Fred Ludwig are visiting in Lewiston. Mrs. Ludwig is having her vacation from the Fuller-Cobb-Davis store.

Mr. and Mrs. Oscar Bickmore are in Nobleboro for a few days.

Mr. and Mrs. Nathan Flanders of Waldoboro are in the city for the winter.

"To be a partisan or a non-partisan?" "To be or not to be?" That is the question agitating the mind of every thinking woman in our nation today. So it is most timely and fitting that members of the Woman's Club feel there is much that is profitable to be said on both sides of this vexing and practical question. Therefore they wish for an opportunity to "say their say" at the next regular meeting, when opportunity will be given all. The subject was opened in the affirmative in an admirable paper at the previous meeting by Mrs. Reginald S. Clement. All are requested to watch for and carefully preserve the opening exercises in full to appear soon in these columns. With Rev. Mr. Ratcliffe's fine address on "Citizenship Training for American Youth" and Mrs. George Roberts, excellent paper on Foreign Issues, besides the debate, the meeting was most profitable.

THANKSGIVING will soon be here and we certainly have much to be thankful for. With the opening of the Disarmament Conference in Washington on Armistice Day, which is a wonderful move for humanity. We should also be thankful because all kinds of merchandise is so much cheaper than one year ago. We are going to celebrate by giving special values in all departments.

Maine is Prosperous Today

Because it has Water Power Developed

But What of the Future?

"Can you supply us at once with 500 horse power?"

Such a telegram reached us last week from a concern which plans to start a new enterprise in Maine.

"Yes," went back the answer.

For twenty years and more it has been our ambition that no industry which wants to locate in Maine shall ever be turned back for lack of power.

That was our job, as we saw it: to develop power and have it ready. Through the recent trying years, we have faced the issue, met the responsibility and kept the faith.

Industry hums throughout Maine. Few states in the Union are as busy and as prosperous. Why?

Certainly Maine is not favorably located as to markets or raw materials. Surely we are handicapped by transportation charges.

Then Maine's prosperity must be due to one of two things:

Either the people of Maine are smarter than those of the rest of the country, or else MAINE PROSPERS BECAUSE IT HAS WATER POWER, DEVELOPED AND READY.

Two new industries have just located in one Maine town, two more in the town just below it, another in a nearby town. A score or more are making inquiries as to locations. Five or six Maine towns have industries just getting started. Many industries in our territory have enlarged or soon will enlarge their plants.

What is the first question these industries ask? It is this:

"Can We Get Power?"

Other states have surplus power too.

The difference between those states and Maine is and must continue that Maine's power is developed NOW and is ready for use—not all of it but always enough ahead to supply the needs of industries as they come.

Other states are developing power. Five of them are spending one hundred million dollars this year. All of them together hope to raise and spend a billion a year for the next five years or longer on developing power.

But Maine Started First Maine Has the Jump

How does Maine happen to be ahead? Well, look at recent hydro-electric history.

In war times power development the world over practically ceased because of a lack of investment money to finance it—but Maines war industries needed power and Central Maine Power Company built its Rice Rips plant.

But if Maine is to grow, if it is to take advantage of its great natural resource, if it is to bring industries here, if population is to go up and taxes down; then necessarily Central Maine Power Company must continue to develop power.

People said it couldn't be financed—and true enough the normal springs of capital were pretty well dried up by the steady pumping of war demands.

"Let us turn to the people of Maine," said Central Maine Power Company, "tell them in newspaper advertising of our aim to keep Maine power developed to meet Maine's needs and ask them to put their money in the enterprise."

We did.

The result was that the people of Maine, through the purchase of preferred stock, financed the building of a power station on the Messalonskee Stream between Oakland and Waterville.

Then came the war's end and the days of expansion that followed.

More power was needed to enable Maine industries to get their share of the business. Capital was even less plentiful, however, then, than in war times.

Again Central Maine Power Company turned to the people of Maine.

Skowhegan Was Ready None Too Soon

"We are going to develop a big power site at Skowhegan," the Company said, "To have power ready for Maine needs. Let's finance it by buying preferred stock."

Again the story was told in the newspapers and again the people of Maine cast their financial lot with the home company that was working for the upbuilding of their home state.

The Skowhegan power station was built—and none too soon.

If Skowhegan had not been ready Maine would have suffered for power this year, for the demand is 40 per cent ahead of last year.

Despite this terrific demand by Maine industries and homes for electric energy, every need has been met; every industrial wheel in Maine has turned through the driest summer in 17 years.

From Now On It Is a Matter of Keeping Ahead

Central Maine Power Company enters the closing months of 1921 with a satisfied feeling of duty well begun.

We have faced the situation, we have met the need, we are—so long as the people of Maine stand behind us—ready for the future. We have "kept our light so shining a little ahead of the rest."

Ahead of Maine stretch good years. The Pine Tree State has the jump on the other water states. But being ahead from now on is a matter of KEEPING AHEAD.

Thanks to the advantage of an early start, Central Maine Power Company, has not had to make this year any big power developments. It is building a dam, the North Channel Dam at Skowhegan, it is making line extensions and is doing other small matters. To finance this work a small amount of stock was issued most of which has already been sold.

We plan to clean up what remains of this small issue by January 15, in order to have the decks cleared for action.

This amount of stock is trifling and will be taken up in the natural course of the fall and winter demand for C. M. P. Co. securities.

Maine People Must Finance Maine Water Powers

This advertisement is published to bring home to the people of Maine a realization of what has been done with the 3 1-2 million dollars they have put into preferred stock in the past 3 1-2 years, to draw their attention to the hundreds of millions that other states are spending to get their power ready for market and to bring to them a realization that Maine water power development must for years to come be financed by Maine people.

Maine is not going to stand still. It has an opportunity and it must forge ahead.

Nothing is gained by merely TALKING about developing power. The big advantage comes from DEVELOPING power and getting it distributed where power is needed.

Have you put your shoulder to the wheel? Have you backed your state with your money?

Have you invested, as over 7,000 Maine people have, in Central Maine Power Company 7 per cent Preferred Stock?

Every single cent of the net proceeds from the sale of this stock goes directly or indirectly into property—power stations, dams, lines—all tied right into the soil of Maine. Every cent is set to work, building Maine and helping to increase the prosperity of its people.

The preferred stock of the Company has paid dividends for 18 years. The Company officials believe it will always pay dividends.

Through the war and through deflation, when security prices in general slumped to hitherto unknown depths, Central Maine Preferred sold steadily at \$107.50 a share. Now, with securities trending upward in price, it is unbelievable that the Company will ever sell it for less.

It is more than reasonable to suppose that the Company will one day, when money conditions return to normal, sell its preferred stock at a considerably higher price.

The Future Growth of Maine Is in the Hands of Maine People

The future financing of Central Maine Power Company is in the hands of Maine people.

We can, if Maine people wish, sell our construction machinery, settle back in our chairs and make good earnings from our present property for perhaps the next 500 years.

We can, if you wish, when industries ask us about locations, refer them to other states which are developing power.

But if Maine is to grow, if it is to take advantage of its great natural resource, if it is to bring industries here, if population is to go up and taxes down; then necessarily Central Maine Power Company must continue to develop power.

Other states need their investment money to develop their own industries. If Maine is to develop, it will be with Maine money. So ask yourself this question:

Will YOU back your home power company with your Maine-earned dollars in its work of building Maine?

The future of the Pine Tree State depends on your giving the right answer to that crucial question.
