## REQUEST TO SHERIFF

Sheriff Thurston's mail contains  
some interesting and curious requests.  
Perhaps the reader knows in which  
class to place the following letter re-  
ceived yesterday from a well known  
Knox County man:

"To the Sheriff of Knox County:—  
Will you please try and close up the  
liquor traffic at Port Clyde, Me., also,  
in your city of Rockland so that the  
citizens of Cribhaven, Me., will not ar-  
rive or have a stock of wet goods large  
enough to get drunk on here at Crie-  
haven.

This matter will not require any  
great amount of your time if you are  
to make the above places dryer."

## IN SPORTING CIRCLES

Lincoln Academy Gained a  
Notch Yesterday—Leaders  
Meet At Vinalhaven Today.

\*\*\*\*\*

**I SAW WALTER WEEKS**

at the last home game of the  
Rockland High School team. The  
popular Eastern Steamship em-  
ployee was parked down alongside  
first base, a territory which he  
guarded so faithfully for a High  
School team in the early 90s.

Walter earned another "R" dur-  
ing his High School career by  
his valiant work as left guard  
on the eleven. When the oppos-  
ing players encountered his  
rugged form they gave a correct  
imitation of a period, which, I  
believe, means a full stop. Wal-  
ter also served quite an appren-  
ticeship as a polo player. He  
liked to take part in athletic  
sports, as well as he now likes  
to watch 'em.—The Sporting  
Editor.

**Knox and Lincoln League**

The one game played since Thurs-  
day's issue was won by Lincoln Acad-  
emy, but did not alter the relative  
standing, which follows:

**Lincoln 8, Camden 3**

Principal Clinie of Lincoln Academy  
cut another notch in his stick yester-  
day when his team drew a little closer  
to the leaders in the Knox and Lincoln  
pennant race. This game was at the  
expense of Camden, which failed  
utterly to wallopp the seemingly mild  
offerings of pitcher.

Thurston held the invaders to six  
hits, but made five presents, and was  
poorly supported in the critical plays.  
Francis brought along his batting eye  
from Newcastle and hung up a couple  
of triples on Camden's shed. The score

Union defeated Waldoboro at Waldo-  
boro Wednesday, 7-6. It was 10-inning  
affair, Waldoboro having tied it up in  
the ninth. Union scored 3 in the first  
of the tenth on Overlock's single, and a  
mixture of wild throws and errors by  
Waldoboro. Newbert pitched a strong  
game for Union, 16 of the opponents

## DETROIT'S SOME LITTLE DOLL

Scout Cruiser Was Making 41 Miles An Hour On Rockland  
Course Yesterday—She's a Wonder!

\*\*\*\*\*

There was rejoicing on the new scout  
cruiser Detroit, shortly before noon  
yesterday, over the triumphal com-  
pletion of the standardization trial, in  
which the Fore River craft had set a  
new speed pace for ships of this type.

On the last run over the course the  
cruiser was making a mile at the rate  
of a little better than 35 knots, and the  
average of her five top-speed runs was  
between 34.6 and 34.7. How successful  
this showing was may be judged from  
the fact that ships of this new class  
are considered a success if they exceed  
32½ knots. Comparison with figures  
made by the scout cruiser Richmond on  
the same course two weeks ago gives  
an even better idea of the Detroit's  
achievement, however. The Rich-  
mond's best run was at the rate of  
34.8 knots an hour, and the average of  
her top-speed run, which is really the  
basis of a standardization trial, was  
34.2.

The Detroit also established a new  
horsepower record for the United  
States Navy, having generated nearly  
100,000 on its maximum speed runs  
yesterday. This is about 10,000 better  
than had been reasonably expected.

A representative of The Courier-Gaz-  
ette, who was aboard during yester-  
day's trials, heard words of high praise  
from Rear Admiral N. A. McCully,  
president of the Trial Board, and saw  
General Manager S. W. Wakeman of  
the Bethlehem Shipbuilding Corpora-

tion, Ltd. blush becomingly. In ad-  
dition to showing a clean pair of heels,  
and generating such tremendous power  
that it had to be expressed in six fig-  
ures, the Detroit behaved handsomely  
at all times, and was a credit to the  
yard in which she was built. Capt.  
Joseph Kemp, the navigating officer,  
felt almost as proud as the builders.

Just a few statistics concerning this  
wonderful craft. She is 555 feet long,  
55 feet beam and has a normal dis-  
placement of 7200 tons. Her armament  
includes twelve six-inch rapid fire guns,  
four 3-inch anti-aircraft guns and 10  
torpedo tubes. The craft is also  
equipped to carry airplanes, and during  
yesterday's trial a naval aircraft com-  
mander was aboard. When the ship  
is traveling at 35-knot speed she is  
doing what a railroad train does at 41  
miles an hour.

At the conclusion of yesterday's  
standardization trial the ship backed  
over the course twice at 20-knot speed,  
and then put to sea for a four-hour  
run at 20-knot speed in which there was  
a successful test of fuel economy. To-  
day she is having her four-hour run at  
full speed. The ship will probably re-  
turn to the yard Sunday.

Rear Admiral McCully returned to  
Washington this morning. It was  
probably his last visit here with the  
Trial Board as he is to be commander  
of the new scout cruiser Squadron of  
10 ships, with his flag aboard the bat-  
tleship Wyoming.

\*\*\*\*\*

Overlook of Union led in the hitting,  
with three safe ones. The score:

1 2 3 4 5 6 7 8 9—RHE

Union ..... 0 0 0 3 1 0 0 0 3—7 7 5

Charles D. Wentworth, State Traffic  
Officer, has been commissioned by Gov.  
Baxter as a justice of the peace.

\*\*\*\*\*

Trawler Loon put to sea Thursday,  
and was followed yesterday afternoon  
by the Snipe. The Deep Sea Fisheries,  
Inc. is now operating five trawlers and  
will put the Coot and Tern in commis-  
sion as soon as they have had their  
federal inspection. The corporation  
could easily handle 100 more men, and  
to that end is advertising for fish split-  
ters, skimmers and handlers.

\*\*\*\*\*

It seems that there is to be a ball  
game on the mainland this afternoon,  
and right here in Rockland, too. Rock-  
land High has signed the articles of agree-  
ment for a game with Bucksport Sem-  
inary, and the bout will be pulled off  
at 3:00 on the Broadway ground. Rock-  
land won from Bucksport in the recent  
up-river game, by a score of 3 to 2,  
but Bucksport used its pitching ace in  
only a portion of the game. He  
(Smith) will be the box ball call of to-  
day's game, and the East Maine Con-  
ference Seminary outfit invites the  
public to watch his smoke.

\*\*\*\*\*

Years ago parents complained  
against High School because they  
thought it did not furnish sufficient  
opportunity for a practical education.  
No such complaint is voiced today in  
view of the rapidly with which stu-  
dents of the commercial department  
are obtaining positions, even before  
they have fairly completed their course.  
Mrs. Lena K. Sargent whose work at  
the head of that department has been  
crowned with unusual success, an-  
nounces the placing of the following  
students: Lillian Barker, Alan L. Bird's  
law office; Frances Doherty, Hunter  
Machine Co.; Leah Freeman, Consoli-  
dated Baking Co.; Olive Haraden, W.  
M. Little Co.; Florence St. Clair, Da-  
vis Garment Co.; Adelaide Cross, Rock-  
land National Bank; Marion McLen-  
nan, Maine Music Co.; Stanley Snow,  
Rockland National Bank; Marion  
Thayer, W. O. Hewett Co.; Gladys Ty-  
ler, Security Trust Co.; Marion Brew-  
ster, Sea View Garage. Some of the  
above students are completing their  
course at High School as well as being  
engaged in their new vocations. The  
last half of the term is devoted to office  
practice and the employment serves a  
double purpose.

Wednesday night Department Presi-  
dent Annie S. Arnold instituted a tent  
of Daughters of Veterans at G. A. R.  
hall. Twenty-eight women signed the  
application for charter. This new or-  
der will be known as the Bar, Mayhew  
Tent, No. 14, of the Department of  
Maine. The following officers were  
elected: President, Minnie Clark; sen-  
ior vice president, Lena Rokes; junior  
vice president, Mabel Cross; chaplain,  
Irene Winslow; treasurer, Helen Pala-  
dino; Council No. 1, Ada Burpee; No.  
2, Octavia Bartlett; No. 3, Minnie Cobb;  
secretary and press correspondent, Mar-  
ry Cooper. The other officers will be  
appointed by the president, and an-  
nounced later. Meetings will be held  
the first and third Monday nights of  
each month. The principles of the or-  
ganization are belief in God and joy-  
alty to government and constitution.  
Its object is to keep alive the history  
and memory of the participants of the  
Civil War; to aid the Post and Corps;  
to assist those in need or distress; to  
inculcate love of country and patriot-  
ism. All daughters of lineal descent of  
soldiers, sailors and marines, who served  
in the Union Army or Navy during the  
Rebellion of 1861-5 are eligible to  
membership. A beautiful silk altar  
flag was presented the Tent by the de-  
partment president, Mrs. Arnold, who  
performed her duties in a pleasing and  
efficient manner. Best wishes for the  
new order.

**A FAIR TRADITION**

It is a fair tradition, one of old,  
That at the gate of heaven, called beautiful,  
The souls of those to whom we ministered  
On earth shall greet us as we enter in.  
With grateful records of those lowly deeds  
Of christian charity, whereof frail man  
Proffers his humble lien unto the Lord.  
Oh, think, if this be true, how many eyes,  
Whose weeping thou hast stilled, shall glisten  
there;

How many hearts whose burden thou hast shared,  
And heavy feet, whose steps were turned by thee  
Back to their homes, elastic through the joy  
Of new-found hope and sympathy and love,  
Shall welcome thee within the gate of bliss,  
The golden city of the New Jerusalem.

## A YEAR OF PROGRESS

What the Parent Teacher Association Has Done—Mrs. John Flanagan the New President.

The annual meeting of the Parent-Teacher Association was held Wednesday evening at High School assembly hall, with the best attendance of the year. The report on bottled milk in the schools showed active participation in Tyler, McLain and Purchase Street buildings. The financing at Purchase street has been particularly successful under the leadership of principal Ellen J. Cochran.

Mrs. C. F. Snow, the president, presented a brief survey of the year's development in school affairs, started by Supt. H. C. Hull and supported by the Association. She said:

"First, through the efforts of Supt. Hull we have secured an instructor for physical education; second, we have employed a school nurse; third, a municipal playground and an athletic field have been acquired; fourth, milk has been supplied to underweight children; in three of our school buildings; fifth, the standard of education in all schools has been raised.

Parents and teachers should feel that this has been a year of progress. When parents and teachers become better acquainted, and co-operate on matters that relate to the welfare of the children both in and out of school, then we will have taken one more forward step."

The speaker of the evening was Miss Martha Bartlett, Rockland's librarian. She discussed the development of the local library from a 15 to 75 hour a week institution, with a corresponding increase in patronage. She told of the relation of library and school, and of the needs of the Union street institution. The best thing in her experience here, and the most hopeful thing found, was the generous citizen cooperation. Her well chosen remarks were interspersed with stories and anecdotes which contributed a very pleasant hour.

Through a misunderstanding the domestic science display was not in the room and the teacher, Miss Helen Piper, was ill, but a committee of her students came to the rescue and produced a dainty lunch of brownies, confections and punch that was a decided credit to the department. The manual training exhibit was admired, as always, and again the wonder of boys doing such work was expressed. Fine articles representing only a part of the year's work were on hand, made by Rowland Ames, Donald Haskell, Lyford Ames, George Dean, Victor McKinney, Albert Quinn, Francis Merchant, Fred Seavey, Nelson Crockett, Alfred Benner, Sherman Lord, Walter Pales, Arthur Benner, Fred Ripley, Porter Chartrand and Kenneth Daggett.

The officers elect are: President, Mrs. John Flanagan; vice presidents, Mrs. Frank Maxey, Mrs. W. C. Ladd, Mrs. A. F. Rockliffe; secretary-treasurer, pro tem, Miss Harriet Trask.

## APPEAL TO SCHOOLS

Supt. Hull Asks That Pupils March With As Many Flags As Possible Memorial Day.

Patriotic citizens of Rockland, including members of the Grand Army, and Spanish American War Veterans, and those representing the American Legion have asked that the schools of this city participate in a patriotic parade May 30. It is desired that we show our deep interest in the significance and import of this great national holiday. The preservation of the Union is a bit of our national history which is dear to every American heart. The representatives of the Grand Army are not numerous, and we of the younger generation must learn of them while they remain; we must with a high sense of love and devotion carry on the spirit which they have given to us and preserve unimpaired our rich heritage.

Every school in the city is asked to take some part. If nothing more than a willingness to further the parade in which the school children are to participate. The school children are asked to march with their teachers, flying as many flags as possible on this occasion. It would be appropriate for the silk flags of the various buildings, these wonderful emblems that we possess, to be carried by members of the schools.

There is no higher duty, no more sacred trust, than for us to show before the world that America is dearly beloved by the children in the public schools of this Great Free Nation. I am asking, as superintendent of the schools of this city, that this parade in which we have been asked to march may be made as nearly a representative parade of the children of Rockland as we can possibly muster. Let us hold up this opportunity as a civic privilege, and as a duty, for all of the many blessings of freedom and national bounty and protections which we have enjoyed, during these times when so many great nations have heard only tales of sorrow and seen desolation on every side, America is our home, America is our fatherland, America provides us with our tasks and our

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

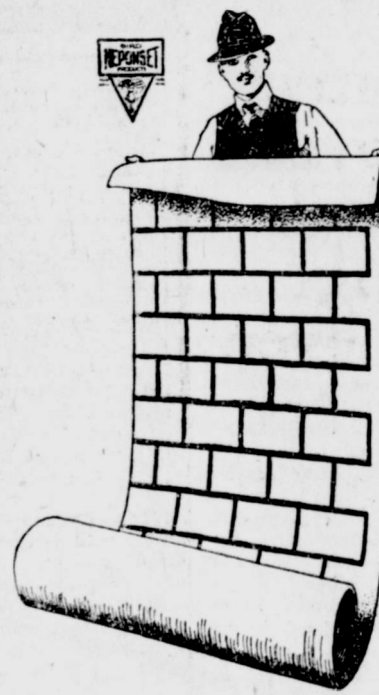

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

Mrs. Grace Simonton Young of Boston has been visiting in the city the past week.

Among strictly summer garments a new corset is being evolved for bathing wear. Although not yet on the market, it will make its appearance very shortly, as experiments and modeling have been just about completed. It will be made of a new elastic fabric which does not contain any rubber, but which retains its elasticity because of a special weave. It is declared that a corset made of such material will not only be light and comfortable for bathing, but will dry in twenty minutes under ordinary conditions.—Dry Goods Economist.

Mrs. Adriel U. Bird has been spending the latter part of the week in Boston.

Mont P. Trainer was in Boston the first of the week on business.

Miss Carolyn Sherer has returned from a delightful visit with her brother, Charles D. Sherer at Orono in the course of which she was a guest at a Phi Kappa Sigma house party, took in the big track meet, and interfraternity sports.

Mrs. Adelaide Fields of Boston has opened her cottage at Crescent Beach.

Main street was extending a welcoming hand Thursday to two invalids who have been on the shut-in list—George F. Crocker, who has marooned in his home on Orange street since the latter part of the winter, and Clayton E. Gilley, who has been about a month under doctor's orders. Both are showing gratifying symptoms of convalescence.

Miss Annie Mullen has returned from a fortnight's visit in Wiscasset where she was the guest of Mr. and Mrs. William Mason.

The supper held by the Bay View Society Thursday night was a decided success. Mrs. George Clark, the very energetic chairman of the supper committee, had charge, assisted by an efficient corps of waiters. Baked beans, fruit, cabbage and potato salad, with all kinds of cakes, pies, doughnuts, and coffee, were served. A good number from Rockland were present and counted themselves much pleased with the delicious supper, besides expressing their intention to be present when the next one is given. It was voted to hold a supper at the Crescent Beach House, June 7. The purpose of the society is to raise funds to remodel the old Head-of-the-Bay schoolhouse into a town hall. Already considerable progress has been made on the building, and it is hoped to be completed in the near future.

Friends of Thomas E. Shea, the well known actor, and of Mrs. Shea, who was formerly Miss Helen Burdett of Belfast, will be interested in this news item: The Thomas E. Sheas of New York who have a delightful summer home, Fernalds, on the North Shore, Newport, will spend a portion of the season there, leaving in August as usual as Mr. Shea is booked for next season which requires his presence in New York early. He has just closed a very successful season, touring a

large part of the United States and Canada, appearing in vaudeville, where he gave his famous act, scenes from his three greatest successes, "The Bells," "Dr. Jekyll and Mr. Hyde" and "Rochelle." The act is beautifully staged and costumed and this veteran actor received homage wherever he went. Mrs. Shea, while not on the stage now, accompanied her husband on his tours. This week they are in Washington and will fill an engagement at one of Keith's New York theatres, after which their friends hope to see them turn towards Northport and Belfast. Their New York home is at The Robert Fulton Hotel, they having given up their apartment on Riverside Drive a year or more ago. Mrs. Shea recently furnished a children's ward in the new Bradbury Memorial hospital and already several little ones have enjoyed its hospitality. One little girl was so happy there, notwithstanding her illness, that she wrote to Mrs. Shea telling her how lovely the room was, how cheerful its decorations and how she hoped some day to meet the donor. The Sheas' North Shore place is a most hospitable one and they are very delightful host and hostess.

Scott was in charge of the candy table; Miss Maude Staples and Mrs. Ivan Trueworthy presided over the fancy work and apron table and the very excellent supper was under the direction of Mrs. R. D. Saville, Mrs. Frank Alden, Mrs. J. C. Lothrop and Mrs. W. F. Manson. The entertainment was supervised by Miss Ellen Buttner whose heroic efforts produced a creditable hour in spite of every obstacle. At the last minute it was necessary to draft part of the talent but "all's well that ends well."

## COUNTY ON FORD

American Economic League  
Is Also Apparently Count-  
ing on "Hennery's" Cash.

Editor of The Courier-Gazette:—  
Not long ago the writer wrote Roy  
M. Harrop for information relating to  
the American Economic League. Mr.  
Harrop is president of the League and  
replied as follows:

Omaha, Neb., May 11.  
"We have your letter of recent date,  
and will say our aim is independent,  
progressive political action; Henry  
Ford for President in 1924, on an in-  
dependent Progressive ticket; economic  
stabilization of the United States so  
that the producers shall not be com-  
pelled to sell their product on a money-  
less market; by the establishment of a  
debt paying system; repeal of the Fed-  
eral Reserve Bank system, restore to  
Congress the sovereign right to issue  
all money; a state bank owned exclu-  
sively by the state with full banking  
powers, in every state of the union; a  
soldiers' bonus paid in full legal tender  
currency, issued direct by the govern-  
ment to all ex-service men; government  
guarantee of a job to all unemployed  
on public improvements, and paid in  
full legal tender currency, issued di-  
rect to the worker by the government;  
establishment of a National Initiative  
and Referendum Law; a direct Presi-  
dential Primary, and abolition of the  
electoral college; a National Referen-  
dum before declaring war, except in  
case of invasion.

"It is our purpose to mobilize the  
progressive forces of this country, and  
we think Henry Ford is the only man  
big enough—with enough courage of  
his convictions, and the means to put  
up a fight that will win—to lead this  
great Progressive force. We have not  
started any active work in Maine as  
yet, but would like to get in touch with  
some men in that state to handle our  
organization work there.

"This work is being financed by  
memberships and donations. Our vol-  
ume of correspondence is already large,  
and it requires money for stamps, sta-  
tionery, printed matter, rent and head-  
quarters, stenographers, etc., and the  
fact that we are drafting Henry Ford  
to run as our candidate for President  
makes it necessary that the work be  
financed by men who are anxious to  
see Mr. Ford make the race; also to

Relief from  
Rheumatic Pains

Rheumatism is a constitutional  
disease. It causes local aches and  
pains, inflamed joints and stiff  
muscles; but cannot be permanently  
relieved by local or external appli-  
cations. It must have constitutional  
treatment.

Take the great blood-purifying and  
tonic medicine, Hood's Sarsaparilla,  
which corrects the acid condition of  
the blood on which rheumatism de-  
pends, and gives permanent relief.  
It combines the most effective agents  
in the treatment of this disease.

give the American people a chance to  
vote for a real, honest-to-goodness  
business man for our chief executive.

"In the near future the writer ex-  
pects to start on a tour of the North-  
western states, and will carry an il-  
lustrated lecture. Also we expect to  
put out a number of National organ-  
izers. We have obtained films from the  
Ford laboratories, which will be shown  
in connection with an educational feature  
of the lecture.

"In the fall I will make a tour of the  
Southern states, and may get up  
through the Eastern states. Cannot  
say at present whether or not I shall  
be able to cover that much territory.  
Thanking you for your inquiry, and  
trusting that you may get others in-  
terested, I am

Yours truly,  
Roy M. Harrop."

Evidently Henry Ford does not intend  
to enlist in the pending campaign, but  
will wait until he is drafted, and then  
in the people should manifest a strong  
disposition to support him, he will ac-  
cept the nomination.

Will Ford accept the League pro-  
gram? When the Progressives are or-  
ganized and meet in National conven-  
tion they will amend the League pro-  
gram to meet the political views of  
Henry Ford. When the Progressive  
party shall have been organized and  
led by Henry Ford, we shall face an  
economic crisis greater in magnitude  
than that of 1890. Then the shadowing  
issue was chattel slavery now it is in-  
dustrial slavery. Should history re-  
peat itself we shall behold the Demo-  
cratic party crumbling and falling as  
the Whig party did in the early '50's,  
while the Republicans win a temporary  
victory as the Democrats did in 1866.  
It history repeats itself let us hope it  
will be with a difference, with the Civil  
War left out.

C. A. Miller.  
Union, Me.

Capt. B. R. Fink, Who Tells  
Public About Remarkable  
Experience With Tanlac.

Capt. B. R. Fink, Jr., 33 Broome St.,  
New York, food broker, and an officer  
of the state reserves, is another man of  
prominence who will not resist the im-  
pulse to express his appreciation of the  
Tanlac treatment. He says:

"During the war as salvage officer at  
Camp Lee, Virginia, I was on duty  
sixteen to eighteen hours a day until it  
finally laid me up. I had no appetite  
and my digestion was impaired. I  
lost over twenty pounds in weight and  
was suffering such terrible dizzy head-  
aches it alarmed me.

"On recommendation of a druggist,  
I got Tanlac. I was soon eating a  
man's meals with no discomfort after-  
wards, those headaches disappeared,  
and I quickly regained my lost weight  
and strength. Since that time I'm al-  
ways glad to recommend Tanlac."

Tanlac is for sale by all good druggists.  
Accept no substitute. Over 37  
million bottles sold.

Tanlac Vegetable Pills are nature's  
own remedy for constipation. For sale  
everywhere.

Harold I. Corbitt, who has been head sales-  
man at S. B. Haskell's since the past 10 years,  
has bought a half interest in the business,  
which has now been established quarter of a  
century. It was first located on the corner  
now occupied by John Trece, but with the  
opening of the Hove Block Mr. Haskell moved  
where, and increased the scope of its rapidly  
growing business by adding shoes to the stock  
of clothing and furnishings. The firm has  
prospered for two reasons: first because it has  
believed in the value of printers' ink and  
placed its wares attractively before the reading  
public; secondly, because it has been con-  
sistent in its motto of "the square deal." The  
new firm is known as Haskell & Corbitt, and  
in honor of the new York.

## RETURN OF THE JEWS

Will Ultimately Possess Land  
of Their Fathers, Declares  
Former Rockland Pastor.

Editor of The Courier-Gazette:—

"We confess ourselves of that group  
who incline to shake a doubtful head  
when the question of the Jews return-  
ing to their ancient land is under dis-  
cussion. Charles W. Barron, the noted  
financier, lately returned from Europe  
where he made careful study of eco-  
nomic and racial conditions, inter-  
viewed by a Boston Post reporter, dis-  
posed of that phase of the East in the  
following succinct manner:

Post reporter: "What do you think of  
the Zionist movement in Palestine?"  
Mr. Barron: "It is nonsense, out of date  
and passing away. Every Jewish  
banker I talked with in Europe is op-  
posed to it. There are less than 800,000  
people in Palestine, and only 80,000  
Jews, most of them in Jerusalem. Who  
is going to put a million of Jews in  
Palestine and sustain them there  
against the Arab and the Turk? It is  
no place for the Jews. The homeland  
of the Jews is now throughout the  
world."

This editorial in the May 8 issue of  
The Courier-Gazette held my attention,  
because I have long been interested in  
the thing here called in question, viz.:  
the return of the Jews to Palestine.  
And I am still a firm believer in the mat-  
ter, notwithstanding Mr. Barron's dic-  
tum, or the opposition of "Every Jew-  
ish banker he talked with in Europe,"  
however few or many there may have  
been. There are plenty of Jews in this  
country who are opposed to Zionism,  
but that does not disturb my faith in  
the certainty of the event in question.

There is a passage of Scripture which  
is well worth a moment's consideration.  
It reads: "Who is he that saith, and it  
cometh to pass, when the Lord com-  
mandeth it not?"—(Lev. 23:37). I can-  
not recall a single instance of such a  
human victory, nobody wishes or de-  
sires. But there are numerous instances  
on record where it was tried, and al-  
ways with disastrous results to the in-  
dividual making the attempt.

The question of the ancient prophet  
suggests, to me, another question. It  
is this: Who is he that saith it shall  
not be, and it cometh to pass, when the  
Lord decreeth it shall be? Obviously,  
in this case as in the former, he who  
undertakes to measure arms with the  
Almighty will be defeated. In other  
words when God commands or declares  
a thing shall, or shall not be, that is the  
end of the matter; that settles the  
question. It does not matter about hu-  
man opinions, notions, wishes or de-  
sires. The word of the Lord stands.

Inasmuch as God has said, over and  
over again, that the Jews shall return  
to Palestine and possess the land, that  
ought to be an end of all argument, and  
sufficient for every believer in the Bi-  
ble as the word of God.

Mr. Barron thinks Palestine is "no  
place for the Jews." But God thinks  
otherwise. He gave them the land. He  
scattered them abroad for a time, as  
he said He would if they refused to  
obey Him. He has promised to put  
them back in possession of it and  
surrender their ownership. And it  
looks very much as if His word was on  
the way to fulfillment.

Neither Mr. Barron, nor anybody else  
need be worried as to "who is going to  
sustain a million of Jews in Palestine  
against the Arab and Turk." What-  
ever number of Jews God may see fit to  
have in the land He is quite capable of  
looking after the Arab and the Turk in  
this connection. He certainly did some-  
thing along this line in the recent great  
war. And one of the clearest and most  
striking evidences of a divine hand  
aiding the chosen people to re-estab-  
lish their nationality in the homeland  
is the British mandate over Palestine.  
It supports the world.

There is much ahead of the Jew yet  
that is not altogether rosy. But that  
he will ultimately possess the land of  
his fathers, and dwell there in peace  
and plenty, is as certain as that God  
says it.

(Rev.) W. J. Day,  
Winthrop, Mass., May 21.

## PRICE OF SUGAR

What President Harding and  
Governor Baxter Say.

SUGGESTIONS BY JOHN BIRD CO.

President Harding, representing the  
Nation, and Governor Baxter the State  
of Maine, are calling upon their people  
to curtail on the use of Sugar, thus  
mobilizing in a concentrated effort to  
reduce the price.

To those who are joining these high  
officials in this movement, John Bird  
Company, the manufacturers and dis-  
tributors of the Three Crow Brand, beg  
to call to the attention of such ad-  
vantages that may be derived from an  
increased use of our line of flavorings,  
pungent spices and fragrant herbs.

The Flavoring Extracts—Vanilla,  
Lemon, Orange, Strawberry, Pineapple,  
Banana, Almond, etc., may be used in  
bread puddings, or in any dessert  
where the recipe calls for Sugar and all  
or part of it is left out—a liberal use  
of these flavors will go to offset the  
necessity of using Sugar. A cent's  
worth of flavoring added to many dishes  
makes them inexpensive and palat-  
able.

Please consider the vast range and  
uses of our aromatic Spices—Ginger,  
Cloves, Cinnamon, Allspice, Nutmeg,  
Red, White and Black Pepper, Paprika,  
Ground and Leaf Sage, Mace. A tea-  
spoonful of our Orange Peel Whole  
Mixed Spice put into Ham when boil-  
ing improves it more than Sugar.

Our Three Crow Soda will sweeten  
Meats and make them more tender.

Our Three Crow Cream Tartar, a  
pinch in a glass of water, Hoover says,  
is better for us than sweet drinks.

The range of uses of our Three Crow  
Variety are so many, that you will find  
them very helpful in aiding you to use  
less Sugar.
