SHOT IN THE BACK

**And Later Burned In Auto
Placed Alongside a Blazing
Hayrick—Former Appleton
Man Victim.**

The story of the death by shooting of Edward Meservy, formerly of North Appleton, which occurred in California recently will be of interest to many people in the Appleton district though it has been a score of years since he went West. News of the affair was sent E. J. Light by Willard Anderson, a former Warren boy who knew the murdered man in California.

The California paper says: "Ed Meservy of Mohawk, Johnsonville and other points in Eastern Plumas, where he had resided for years, was identified by Ex-Supervisor J. W. Webster, of Stockton, as the victim of Kels' murder at Lodi recently, when he was shot in the back and later burned in an auto which had been placed alongside a haystack, with the idea of completely disfiguring the body beyond recognition. Kels was in financial troubles, and hired Meservy at a Sacramento employment office to engage in farm labor. He took Meservy to his home and conceived the idea of mutilating the man beyond recognition, giving the affair the color as if Kels himself had been murdered, which was generally believed at the time. Kels carried considerable life insurance, and after the tragic deed, left the country. On being arrested Kels confessed to the crime and was sentenced to be hanged by Judge D. M. Young of Stockton."

STUPENDOUS SUCCESS

**What Commander Ridgely
Said Officially About Rock-
land's Navy Day.**

Lieut. Commander Conrad Ridgely, commanding the U. S. S. Putnam, has made his official report to the commander of the Scouting Fleet relative to the local observance of Naval Day, in which the Putnam's officers and crew played such an important part. As this report touches upon some phases of the celebration which were not covered by the local newspapers, the following extracts are made:

In addition to the above [program] four Navy moving picture films were obtained from the Recruiting Bureau at New York, and exhibited at the three local moving picture houses (thanks to the courtesy and co-operation of the respective managers) during their regular shows Friday and Saturday afternoons and evenings. Photographs from the private collections of officers and men showing Naval life and incidents were displayed around the city well in advance of Navy Day. The local newspapers were most generous in giving space, time, and information in regard to Navy Day prior to its celebration. The papers and many citizens stated that hundreds of people came in from outlying districts for the Navy Day celebration.

Some few were disappointed that there was no football game, but it was evidently inadvisable (as anyone who has actually played football realizes, particularly when two teams are not permanently organized nor in regular training, nor coached by competent coaches) to play with no gear or equipment whatsoever.

Through the courtesy of the Maine Central Railroad, the Putnam was permitted to lay alongside its dock for Navy Day. It would have been impossible to have handled the throngs who visited the ship otherwise. The Putnam was crowded with visitors all the afternoon and the dock was an immense mass of people, awaiting an opportunity to get aboard. It is conservatively estimated that several thousand people visited the Putnam.

Unfortunately, the ship attracted the vast majority of the citizens and there was a very small audience to hear the address of the day. It is felt that the ship could not foresee this situation. There were a number of events scheduled for practically every minute of the day and evening and the times were determined jointly by the local committee and ship's representatives so that the public could be present at each event. Everything was carried out on scheduled time as published in the program (except the football game).

The officers of the Putnam entertained Senator Hale and the official reception committee, about 35 guests in all, with a hot buffet luncheon on board. It is believed that there has not been a more successful luncheon tendered on board a destroyer, not excepting those to diplomatic representatives in European waters.

Apparently the "Navy Smoker" and actually visiting the ship appealed more to the public at large than any of the other events. It is considered that the celebration of Navy Day at Rockland, Maine, was a stupendous success particularly from a Navy standpoint.

It would have been impossible to accomplish anything, if it had not been for the interest and co-operation of Hon. E. L. Brown the Mayor of Rockland, Edward W. MacDonald, secretary of the Chamber of Commerce, the local committees and local newspapers. The Navy is particularly indebted to Mr. MacDonald, for it is primarily due to his initiative, energy, enthusiasm, organizing ability and courteous co-operation that Navy Day was so popular.

The officers and crew of the Putnam feel that it will be many years before they are so fortunate as to find any other place where they will meet with such spontaneous response to and interest in the Navy and enjoy such hospitality, courtesy, co-operation, and consideration as the good citizens of Rockland extended to the Navy.

The officers and crew cannot be commended too highly, particularly the ship's representatives who worked in conjunction with the local committees, for the interest, spirit, and energy which they displayed in working for the success of Navy Day. It is desired to mention Lieutenant P. K. Fischer, the Executive Officer, for the initiative and energy shown in planning and keeping in touch with all activities. Ensign A. L. Danis is especially deserving of credit for his hard work and the capable manner in which he planned and managed the Navy Smoker. Chief Quartermaster J. D. Lingard exhibited marked ability and efficiency in charge of decorations and considerable talent in a liaison capacity between the ship and townspeople.

These two conditions kept thousands of cars from going east over the coast route. Probably a great proportion of the increase in motor traffic was due to the increased tourist business of the present year.

THE ECHO LUNCH

**Missionary Women Listen To
a Striking and Informing
Address By Mrs. Cloudman.**

The all-day sessions of the Missionary Societies in this section of the State, under the title of an Echo Lunch which was held with the First Baptist church in this city Tuesday, if not so largely attended as had been hoped for, yet the good number present felt amply repaid for the effort they made to be there.

At the forenoon session reports were given by the delegates from the different churches upon the work which is being done in their missionary societies. At 12:30 lunch was served after which Mrs. B. P. Browne favored the company with a short organ recital which was of a highly artistic character and greatly enjoyed. The devotional exercises for the afternoon were led by Mrs. R. H. Short of Thomaston, with Mrs. Browne presiding at the piano. Mrs. Evelyn B. Hix then introduced Mrs. Charlotte French Cloudman of New York, whose missionary activities are carried on among the Italian people in this country. She told of the work of the Christian Centres in the congested districts of our larger cities, of the child clinics, sewing classes, etc., for the betterment of the children. Mrs. Cloudman has a delightful personality and made her subject very interesting by interspersing her address with anecdotes both pathetic and humorous.

Mrs. Hix presented a fine report of the Loyalty Lunch which she attended in Bangor relating something of her own impressions produced by what she saw and heard there, and repeated the points made by the different speakers. She also told about the dramatic presentation of "On Trial" in which Rev. Howard Welch, formerly of this city, took the part of the prisoner at the bar, charged as a minister of the gospel with being neglectful of fulfilling his duties towards the foreigner within our borders, to which charge he pleaded guilty.

The following officers were chosen: President, Miss Mary Killoch, Warren; vice president, Mrs. V. A. Leach, Rockland; secretary, Mrs. Annie Clark, Camden; secretary of literature, Mrs. Amy Nutt, West Rockport.

TALK OF THE TOWN

Are those double windows and storm doors on?

The committee of Edwin Libby Relief Corps is planning for an extra good supper tonight preceding the regular meeting of the Corps.

Those who did not see the great race between Zev and Papyrus—did that means almost everybody but John H. McGrath—can see the screen version of it at Park Theatre today.

Harold Robbins and Floyd Benner, who went South some weeks ago to see what that region had to offer, are now employed in the electrical department of the Stone & Webster Construction Co.'s plant in Tampa, Fla.

Ripe raspberries picked out of doors during the recent glorious November weather formed the contents of a package received by The Courier-Gazette yesterday from A. C. Stevens of Stonington. It's a wonderful fall, to be sure.

Oscar A. Shepherd has resigned from the editorial staff of the Lewiston Journal to take a responsible position in the general offices of the Maine Central Railroad, with headquarters in Portland. The Maine newspaper profession thus loses one of its most capable and versatile members.

The class of boys taught by Miss Grace Dorman at Littlefield Memorial Sunday school organized Sunday and will hereafter be known as the Baptist Bible Boys. The following officers were chosen: President, Frank Knight; vice president, Alvah Means; secretary, Wesley Stuart; treasurer, Dudley Means.

Charles Bigelow Healey, who spent the summer at his Rockland home, has gone to Marlboro, Mass., where he will engage in the boot and shoe business for himself. The firm style will be Charles Bigelow, Inc. Mr. Healey has served a considerable apprenticeship in this business and has the executive ability which is bound to count for success.

Golden Rod Chapter, O. E. S., entertains visitors from Naomi Chapter of Tenants' Harbor and Orient Chapter of Union tomorrow night. Supper will be served at 6:15, with Mrs. Ethel Campbell in charge. She will be assisted by Mrs. Katherine Venable, Mrs. Lena St. Clair and Mrs. Vincie Clark. Those who have not been solicited will take sweet food. There will be work in the evening.

At Vassalboro the Androscoggin & Kennebec railway has a gravel pit, into which they have gone for a distance of 200 feet and to a depth of 35 feet. At the bottom of the pit they found a considerable deposit of clam shells. The shells were all in perfect state of preservation. They are supposed to have been deposited before the glacial period. Perhaps some of our Knox county clam diggers can tell some stories to match it.

This is a busy week at Littlefield Memorial Free Baptist church. Monday night was observed as men's night. There was a large attendance and a most helpful service was enjoyed. Tuesday night the regular prayer meeting was held in the church auditorium. Wednesday the Ladies' Aid met for work both afternoon and evening. Thursday night will be ladies' night. Ladies are urged to be present and occupy the front seats. On Friday night occurs the annual roll call.

"If we are going to make a successful drive for the Kennebec Bridge at the next session of Legislature," said a Rockland merchant yesterday, "all of the towns interested should be picking up strong influence if elected. Selecting a candidate because he is a good vote getter doesn't fill the bill; we must have men who know how to present this section's claims, and who will work for the bridge every moment, they are in Augusta. We can well afford to drop politics until we have accomplished our end."

Under the auspices of the Maine Christian Association, weekly Bible classes have been started in seven of the fraternity houses at Orono with the object of continuing for the remainder of the fall term. Prof. Luther Pollard, Prof. Hotson, Mr. Wallace, Charles E. Crossland, James A. Gannett and Rev. A. B. Clark, secretary of the association are the leaders and the members of the Christian Association board are active in forming new classes. With its drive for funds already on the way, the Christian Association is looking forward to an unusually successful season. Student support is noticeable and the faculty members are co-operating well with the board in formulating a program of Bible study. Hazen H. Ayer of Orono, editor of the 1924 Prism, and manager of cross country, is the vice president.

CIRCULATION AFFIDAVIT

Rockland, Nov. 8, 1923.
Personally appeared Frank S. Lydie, who on oath declares that he is president in the office of the Rockland Publishing Co., and that of the issue of The Courier-Gazette of Nov. 6, 1923, there was printed a total of 6,247 copies.
Before me, FRANK B. MILLER,
Notary Public.

PRAYER IN THE MORNING:
My voice shalt thou hear in the morning, O Lord; in the morning will I direct my prayer unto thee, and will look up.—Psalms 5:3.

Reviewing yesterday's off-year elections, whatever significance is to be entertained with respect to the contests of 1924 is certainly not unfavorable to the Republicans, whose majorities in the several instances and an increase of majority in the New York legislature must prove highly gratifying to adherents of that political faith. Most significant of all the day's results is that of Vermont where a great fight was made upon the Republican candidate for U. S. Senator because of his out-and-out declaration for prohibition, the Democrats and wet forces throwing their support to their candidate on a platform of light wines and beer. The issue of wet and dry was clearly joined. The world had been solemnly assured that the people of Vermont were disgusted with national prohibition and needed only opportunity to register its condemnation of the Volstead act. The returns give 30,000 votes for Porter H. Dale, the dry candidate, and 15,000 for Park H. Pollard, who led the wet forces.

An exceedingly informing pamphlet has been issued by the Republican National Committee giving a brief history of the Republican Party, written by Frank P. Litschert. Within seven years of the birth of this great political organization it came into control of the Government and in all but a dozen of the succeeding sixty-two years major Republican policies have been nationally prevailed. Complete control of the executive and legislative machinery of national government with power to appeal Republican policies and inaugurate an alternative program has come to the opposition only during two brief periods since 1861. Mr. Litschert has written a concise and highly interesting story that every student of political history may profitably have by him for reference and study. A request addressed to the national committee at Washington, D. C., will doubtless fetch a copy by mail.

Comes to the Courier-Gazette desk an envelope bearing a corner card of the American Consular Service at Danzig and further embellished with eight German postage stamps amounting in aggregate to 750,000,000 marks. Seven hundred and fifty million marks, previous to the depreciation of Germany's currency, represented in United States money about \$390,000, which would be a pretty stiff amount of postage to charge for bringing a letter from that country to Rockland, even though the letter was as worth receiving as this one is. Not to keep our readers in suspense we may convey to them the welcome information that the multi-stamped envelope covered the manuscript of a contribution from The Prattler, which will be printed in the Saturday issue of this paper. Hundred of readers of Mr. Buffum's former column will half it with delight.

It is understood that Secretary of the Treasury Mellon will recommend to Congress a reduction of income taxes on both large and small taxpayers. There is opposition to this and in some circles it is proposed that instead of repealing some of the taxes or reducing them, new excess profits taxes shall be imposed. This proposal is based upon the belief that thereby a few people will be singled out as payers of the tax. Such a theory is manifestly unsound. In the first year after such a tax is imposed it may accomplish its purpose. Soon, however, prices will be adjusted so that the tax will be added to the price and the consumer will pay. Secretary Mellon has the only sure scheme for the lifting of the burden of taxation—the reduction of tax rates.

The action of the city government for the providing of a High School building adequate to Rockland's needs could no longer be delayed. So long ago were the present quarters outgrown that the yearly increasing embarrassment has by the present time attained proportions that were impossible of further ignoring. If there are many of us who would prefer to see an entirely new building brought into being, we have to yield to the inexorable conditions of restricted finances. At least the plans as now to be worked out will overcome the conditions so long suffered under and lift our city to a modern plane toward which it has long aspired.

It is plain that the Democrats of the country are omitting no efforts to organize the women for effective political action. In Maine and in Knox County activity is apparent, an example that the women of Republican political faith may profitably emulate. Only one year from this time we are to take part in a presidential election. The workers who set their feet in motion early get a long start.

The Courier-Gazette has an inquiry for a copy of rules of grammar done in rhyme. We recall the verses but cannot at the moment produce them. Perhaps some bright reader of this paragraph can supply them.

REPUBLICANS STILL CONTROL

Have Majority of 18 In the House and 6 In the Senate—Gain In New York State—Kentucky Back In Democratic Fold—Drys Win In Vermont.

The result of Tuesday's elections throughout the country leaves the two houses of Congress with this lineup:
House—Republicans, 225; Democrats, 205; Socialists, 1; Independents, 1; Farmer-Labor, 1; vacancies, 2. Republican majority, 18. The Republican majority in the Senate will remain at six.

Democrats were elected in all three States where there were gubernatorial elections, Kentucky, Maryland and Mississippi.

Vermont, where the only senatorial contest was held, returned a Republican, Porter H. Dale, who defeated Park H. Pollard, cousin of President Coolidge, by a vote of more than two to one. The prohibition issue was at stake, and the dry forces won a signal victory.

In the seven contests for the House, the Democrats won four and the Republicans three, one of the Republican victories being an upset in which former representative Fairchild defeated his Democratic opponent for the place made vacant by the death of J. Vincent Gamley in the 24th New York district.

The victory of the Democrats in Kentucky, where representative William J. Fields defeated Charles I. Dawson, represented a swing of the pendulum which at the last election swept Edwin P. Morrow, Republican, into office. Mr. Fields' majority was decisive and he will have a Democratic legislature to support him.

Gov. Ritchie, re-elected in Maryland over Alexander Armstrong, Republican, had an increased majority over his first election. H. L. Whitfield, Democrat had no opposition in Mississippi.

In New York State the Republicans retained control of the general assembly, but the Democratic judiciary took Manhattan and the Bronx, and were swept into office, overwhelming the Republican and Independent ticket, supported by William R. Hearst. The Soldiers Bonus apparently was carried, and the hydro-electric power project was beaten.

The Republican representation in the New York assembly, the lower house of the legislature, was increased by six members. The 1924 assembly will be composed of 87 Republicans and 63 Democrats. The present assembly is made up of 81 Republicans and 69 Democrats.

Local issues were voted on in various sections of the country. Virginia voted, turning down a \$5,000,000 bond issue for good roads. Ohio elected mayors supported by the Ku Klux Klan in Youngstown, Portsmouth, Akron and several smaller cities. Philadelphia returned W. Freehand Kendrick, Republican, as mayor, by an overwhelming majority.

In Illinois, Miss Mary M. Bartelme, the first woman to be elevated to a circuit court judgeship, was elected in Cook county. She is a Republican and led the ticket.

The New Jersey legislature remained in the Republican columns notwithstanding the vigorous campaign waged by Gov. Silzer, Democrat, for a Democratic law-making body. American party candidates who waged a fight in Utah under the slogan "separation of church and State" were beaten.

Mayor Rolph, Republican, of San Francisco, apparently was re-elected.

IN SPORTING CIRCLES

Looking Ahead To Another Twilight League Season—Sports of All Kinds.

I SAW CLARENCE BEVERAGE

at the Bowdoin-Maine game in Orono last Saturday. The busy salesman had been covering Eastern Maine territory during the week, and what more natural than that he should swing around to Bangor by Saturday noon and take in the annual football classic only 10 miles away? Clarence has always had a leaning toward athletic sports, and is not backward about expressing his appreciation of good plays, no matter what kind of game is on.—The Sporting Editor.

"Baseball is going to have quite a boom in Knox County next season, unless I miss my guess," said a local fan yesterday. The fan had just been talking with "Brownie," which is but another name for Harlow Brown of Warren, the well known umpire and ex-ball player. Brown says that Warren has the material for a first class team, and has begun the preliminary work of making a baseball field. Miller, the popular backstop of the Rockport team, says that his town will be in the sport, and that games will be played in Rockport. Rockland is sure of a lively season on the Broadway Athletic Field, and it's a cinch that Camden and Thomaston will be competitors. The outlook for a Twilight League, with games in the respective towns, is much better than it ever has been. The schedule will not be permitted to interfere with the Saturday games.

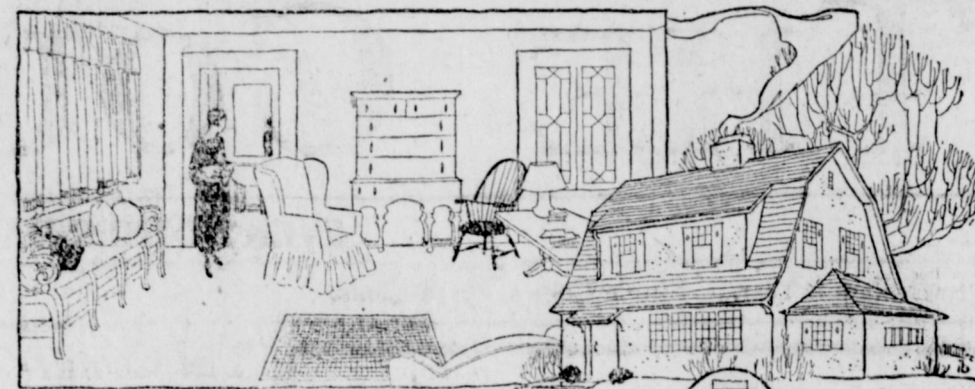

The big football game next Saturday will be Harvard vs Princeton at Princeton. Neither team has been especially impressive thus far. University of Maine plays New Hampshire State in Portland.

The local football season will close next Monday when Rockland High meets Brewer High at the Broadway Athletic Field. These teams played a game in Brewer, but in view of the steady improvement which Coach Jones' men have been making since that time the Orange and Black should come off victorious. By all means close the season with a victory.

William F. Hoppe, world's champion 18.2 ballline billiardist, defeated Jacob Schaefer, 24, Tuesday night in one of the greatest matches in the history of the game, 500 points to 447 and will meet Welker Cochran of Los Angeles in Chicago at a date to be announced in a play-off for the title for which they now are tied.

Sporting Editor Oliver of the Bath Times voices the general sentiment when he says that "the Bates mentors made a pipkin of a mistake in shooting Charlie Ray into the Trinity game last Saturday. Ray was so badly injured that he may not be able to play next Monday in the Colby-Bates game, which has for its stake the State Championship. A defeat by Trinity last Saturday would have been of small consequence alongside of the prize which is hung up in the big Armistice Day game in Waterville. As a consequence of what looks very much like a tactical blunder Colby is now generally conceded to have the edge."

Here is the latest roller polo gossip, from the Portland Evening Express: "Portland may have roller polo again this season. Promoters are now at work on a circuit to include only cities in Northern Massachusetts, New Hampshire and Maine, and Portland is favored for a berth in the new league. The circuit as now proposed is Lawrence and Lowell in Massachusetts; Manchester and Nashua in New Hampshire, and Portland and Lewiston in Maine.

You know there's a Glenwood in the cellar

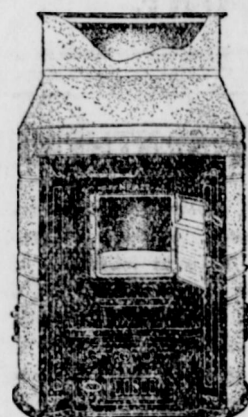

SO much depends on proper heating in a modern home. A poor heating system leaves chilly corners in one room and hot, stagnant air in the next. But in a house that has a Glenwood in the cellar you will notice a difference almost as soon as you are inside the front door.

The modern Glenwood is the Single-Pipe Heating System. From its one big radiator it keeps a steady flow of warm air circulating through the house. It does not heat the cellar, which is a great advantage in country homes where a

cool cellar is essential for the storage of fruit and vegetables. You can burn any kind of fuel in this modern heater—wood, coal, soft coal, coke and even rubbish.

The feed doors are wide enough to admit large logs, and the new wood grate will keep them burning night and day as steadily as a coal fire.

The low cost of a Glenwood Single-Pipe Heating System will surprise you. We shall be glad to have you come in and ask us for particulars. We can save fuel for you this winter.

Pipe models of this same furnace may be had in several sizes for coal or wood.

"Yes, protection has undoubtedly saved them," said Phil Thomas of the Brook fish market in speaking of Penobscot Bay scallops. The luscious bivalves are of extra fine quality this season and are somewhat more plentiful than last year. Some of the boats have made good catches, though nothing like the palmy days of a decade ago. The retail price of scallops has dropped to 50 cents a pound.

Norton and Walter Johnson of this city were making the trip to Miami, Fla., was burned to the water's edge at New London, Conn., about 7 o'clock Saturday night. Capt. John L. Donohue left Tuesday night for St. Petersburg, Fla., where he will again spend the winter and spring. He planned to make stops in Boston and New York, where among other business matters he was to discuss the Franz Hermann estate at Vinalhaven, the owners of which are seeking to dispose of it at private sale. The late Mr. Hermann expended, it is said, between \$250,000 and \$300,000 on this property, to which was attached a strong romantic interest, especially during the war. While no price has been publicly placed on the estate it is known that it is on the market at a figure which represents only a comparatively small percent.

The movement to reopen Knox Trotting Park for races and other events has progressed to the extent that options have been discussed with the owners. A number of public spirited citizens believe that this is the ideal place for holding a Knox county fair, and there is every reason to believe that a stock company may be formed to take it over. The park is so easy of access that there is no reason why a fair there should not draw upward of 10,000 persons, the promoters say. Naturally the horsemen are all interested.

The Narragansett Hotel at the corner of Union and Park streets has changed hands, the new proprietor being Byron L. Rider. Through the winter the establishment will be continued as a rooming house, but in the spring the dining room will be opened and the Narragansett will be run as a first-class, full-fledged hotel. It has 27 rooms, and the conveniences which go with a modern hotel. It is to be immediately renovated throughout, with fresh paint and paper increasing the attractiveness of the rooms. Under the efficient management of Mr. and Mrs. Rider, the hotel is assured of a successful run.

SUGAR COMPANY WON

Damages of \$17,644.23 were awarded the American Sugar Refining Company against the Milliken, Tomlinson Company of Portland by a United States District Court jury yesterday in a \$40,000 action charging breach of contract. The jury sustained the contention of the plaintiff that there had been a contract to furnish sugar to the defendant on September, 1920, at a

price of 22½ cents a pound, and that this contract had been broken when sugar fell rapidly in cost. The sugar company alleged that it suffered a considerable loss because of the alleged failure of the defendant to carry out the contract terms and fulfill obligations. A. S. Littlefield of Woodman, Whitehouse & Littlefield was one of the attorneys for the defense. A similar case is pending against the Conant Patrick Co. of Portland.

AMONG THE SCHOOLS

News of the Busy Educational World In and Outside of Knox County.

McLain School

The teachers wish to express their appreciation to the W. C. T. U. for the reception tendered them, also to the Chapin Class of the Universalist church for the party given in their honor. These parties are given each year and are looked forward to with a great deal of pleasure.

Fire-drills are rung in every two weeks. Last Monday 450 pupils marched out of the building in one minute, formed their lines and were back at their desks in less than three minutes.

Grade 8A had 99.05% attendance for two months. With a membership of 39, 28 names are on the perfect attendance list.

Much interest is shown in making geography note-books of South America. The book will contain pictures cut from magazines, original pictures, stories and maps with outlines and descriptions of the countries studied.

The roll of honor contains the following names: Helen Bird, Dorothy Eaton, Norma Hutchinson, Wesley Wasegatt. These pupils received 100% in all tests last month.

Henry Marsh has a broken collar bone as the result of a game of football last Tuesday. The plucky youngster does not let a broken shoulder interfere with his school work and only stayed out long enough to have the bone set.

Wesley Wasegatt has been elected class president; Mary Bird, vice president and John McInnes class marshal.

The Friday afternoon spelling contest was won by the boys.

The exercise contest given by Mr. Jones, physical instructor, between the A B and C division of the 8th grade was won by division B.

A spelling match was held Friday afternoon in room 8B. It was won by the side which had Judson Flanagan for captain.

Mention is made of the fact that 8C have reached the 100% mark in spelling five days in succession, also in tests the rank is averaging E, while several have reached 100% in their tests.

There is a division being made for A's and B's in the 8C room.

Several of the pupils got an average of 90% in the month-end tests while in several subjects 100% was reached.

Class officers elected this year in Grade 7A are as follows: President, Robert Johnson; vice president, Aili Rindell; treasurer, Earle Bickmore; secretary, Gee See Kee.

During the six weeks' arithmetic contest in Grade 7A, Aili Rindell won the largest number of hundreds. Each one hundred took the winner 50 miles west on a trip to California and the tickets were duly punched as the occasion demanded.

Grade 7A regrets the loss of two members of the class, Mildred Hamilton, who has moved to Woodfords, and Pearl Cohen, who has moved to Vinalhaven.

During the first month Robert Johnson had the highest rank in the class, Earle Bickmore second, and Aili Rindell third. This month Robert Johnson still holds first place, Aili Rindell second, and Earle Bickmore third.

The group work in Grade 7B is under the direction of the following leaders: Group A, in charge of attendance, James Emery; Group B, traffic, Harry Hersey; Group C, house-keeping, Edgbert House; Group D, special exercises and games, Hazel Peterson; Group E, supplies, Alfred Simmons; Group F, decorations, Alvin Winslow.

A recent reading contest was held in grade 7B, in which the Reds scored 77 points and the Blues 41.

Highest honors for attendance, scholarship and deportment in Grade 7B have been won by Maynard Wiggin and Jessie Rubenstein. The largest number of group credits was won by Group E.

Delma Greene has been selected by the traffic committee to act as marshal for Grade 7B.

Former classmates of Alfred Greenlaw are glad to welcome him back to Grade 7B.

Margaret Achorn was elected president of the 7C class and Helen Robshaw, vice president.

At the last meeting of the Composition Club Cecil Sawyer acted as president and William Libby as secretary. The program consisted of oral descriptions telling how to do or make something. The pupils illustrated their descriptions with blackboard sketches.

Grade 6 has organized an Improvement League with the following officers: President, William Rounds; vice president, Albert McCarty; secretary, Luther Bickmore; treasurer, Howe Glover.

A committee made up of Louise Doherty, Faith Ulmer, Betty Benson, Annette Segal, Clifford Ladd and Albert McCarty gave a surprise Halloween program Wednesday during the language period. A surprise was also in store for the teacher when fruit and candy were presented to her.

The boys and girls in Grade 4 are having a spelling contest. At the last lesson the boys were beating.

Eleanor Tibbets, Ruth Hanscom, Bill Glover, Viola Anderson, Ruth Gregory, Nathalie Jones, Alsada North, Burr Atwood and Margaret Pinkham, of Miss Carey's room ranked highest in all their work during the past month.

Rachel Browne and Rose Whitmore lead the class of Grade 2. These two girls have not only passed in perfect papers during the month but the neatness of their work has been especially noticeable for children of this grade.

Gerald Black, Rachel Browne, Rose

Whitmore and Marie Childs of Grade 3 have the highest average in arithmetic for the month.

In grades 1 and 2B much interest has been aroused by means of the health chart. This chart contains the enrollment of these grades and each morning an inspection of the children is made by the teacher, in regard to clean faces, hands, teeth and nails. Those performing these chores daily are rewarded with a star.

Visitors for the week were: Mrs. E. J. Heller, Mrs. Charles Whitmore and the district nurse, Miss Louise Sawyer.

Purchas Street School

Grade 6 pupils often bring in pictures and little souvenirs of different countries in relation to their subjects. Edna Cuthbertson, who is ill at the Knox Hospital, is gaining.

There has been an enrollment of 41 pupils in Grade 5. Seventeen pupils have been present every day for the first eight weeks.

For nature study the boys and girls have been observing the growth of three narcissus bulbs which, planted three weeks ago, will within another week show signs of a flower.

Seventeen pupils have not been absent or tardy for the first half of the term in Grade 4.

Twenty-two had A papers in arithmetic on Tuesday.

The five leaders in the arithmetic contest in Grade 3 are Mildred Sweeney, Leon White, Nicholas Pellicane, Gladys Overlock and Lillian Reynolds. The grade is working hard to recover the attendance banner which this week is divided between Grades 5 and 3.

The boys and girls of this grade are much interested in their Indian project which has included work in reading, language, history and construction work for the sand table.

Glenwood

Makes Cooking Easy

"I never knew I was such a good cook"

AND I'll have to give most of the credit to our new Glenwood range, it certainly has made a difference in my cooking. I'm spending less time in the kitchen, too.

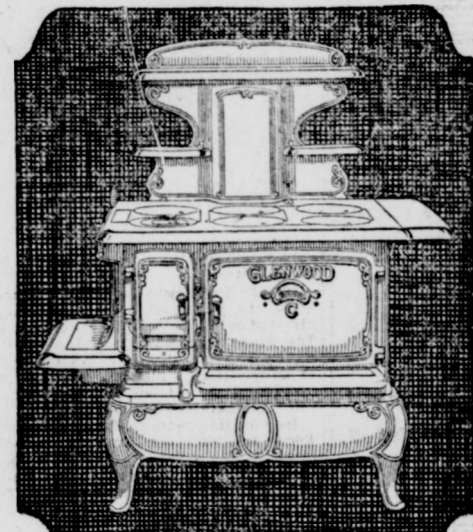

"It's a relief to have a range that doesn't need to be coaxed to cook."

A Glenwood comes as near to making cooking a pleasure as any range can. It does make cooking easy, which is really more important.

The Model "C" Glenwood is illustrated here.

Its big square oven bakes food exactly right—top, bottom and clear through. The balanced baking damper and the Glenwood Patent Indicator take care of that—you can't make a mistake.

Like every Glenwood, the Model "C" is built for a lifetime of service. It will give you a new idea of how easy it is to be a good cook.

Here are the New Remington Game Loads

THE next time you go out hunting, stop at your dealer's and ask him for a box of Remington Game Loads for the particular kind of game you are after.

The name of the game is right on the box.

You'll note that the weight of the powder is not marked on the box.

It isn't shown because Remington Game Loads are not loaded to specified weight.

The box of shells you get is loaded to give a uniform velocity, pattern and penetration.

Remington tests showed that powder varies batch by batch—even the same kind and weight. A given weight of the same kind of powder doesn't always give the same results. So in Game Loads Remington adjusts the amount of powder to give exactly the right shooting quality for the specific game. Powder varies—Remington Game Loads do not.

Take just one box of Remington Game Loads out and use them. Notice how they shoot in your gun.

And remember this: If you go back to the store next week or next month—or go to any store in a different town—and get another box of the same kind of Remington Game Load, the shells will perform exactly the same.

The bag was found to contain a quantity of such useful articles as constitute a miscellaneous shower, and will have an important place in the prospective housekeeping affairs of the recipient. The incident featured a very joyous evening.

Miss Angie Moffitt and Miss Ella Cushing have gone to Boston to spend the winter.

The attendance at the Universalist circle last night was upward of 100. The Mission Circle met in the afternoon and started a fund for Japanese relief. It was also voted to have Miss Hazel Kirk, a returned Universalist missionary, come to Rockland for a series of lectures on Japan. These meetings will be held in co-operation with the State Association, and will probably be held in January.

Mrs. A. H. Kimball is visiting in Newton, Mass.

Mr. and Mrs. Harold Coombs motored to Boston and are visiting Mr. and Mrs. William Clement in Everett and friends in Somerville. On returning home they will be accompanied by Mrs. William Clement of Everett and Mrs. Fred Bowers of Winthrop for several weeks' visit in Rockland.

Those who because of the ill weather missed attending the First Baptist circle last evening missed also a supper of unusual excellence served by the housekeepers, Mrs. E. B. Ingraham, Miss Lottie Lawry, Mrs. Frances Ryder, Mrs. Clara Robinson, Mrs. Donald Karl, Mrs. G. M. Brainerd, Mrs. Nancy T. Sleeper, Mrs. A. E. Norton and Mrs. H. W. The letter reports continuous rains and fog and altogether very disagreeable weather in the great city.

Mrs. Mary C. Sacker had for Sunday guests, Mr. and Mrs. Frank Sacker, James and Clarence Fleming of Providence, Mr. and Mrs. Albert Marsh, Mr. and Mrs. Eugene Lydell and Fred Burket of Rockland. A game dinner, consisting of venison steak, partridge and woodcock was much enjoyed.

MATHEWSON-STARRETT

Stephen L. Mathewson of New York and Miss Edna Sara Starrett of Barnstable were married in the First Baptist Church of the latter city Monday afternoon. The bride is a daughter of Dr. J. P. Starrett, formerly of Warren. The couple was attended by Walter R. Whitney of New York and Miss Bernice Cole of Brewer. The bridesmaids were the Misses Betty Palmer and Ruth Holden. Little Miss Vivian Farnham of Hingham was the flower girl. The bride was gowned in white tulle and carried a train and veil, the latter being held by a wreath of orange blossoms, and she carried a handsome bouquet of bride's roses and lilies of the valley. The maid of honor wore an attractive gown of crepe de chine in pastel shades and carried a bouquet of pink Columbia roses. The bridesmaids wore gowns of chiffon velvet and carried Ophelia roses. The little flower girl, Miss Vivian Farnham, was very dainty in a dress of pale green georgette and carried an elbow basket of sweetheart roses.

Following the ceremony a reception was held at the home of the bride's parents on Essex street. Music was furnished by Pullen's orchestra and Miss Kate Fitzgerald catered. The bride is a popular member of the younger set of Bangor. She is a graduate of the Bangor High school and Lassell Seminary of Auburn, Maine, and for the past year has been a student at the New York school of Social Service. The groom is the son of Mr. and Mrs. E. C. Mathewson of Concord, Mass., and is southeastern sales manager for the Russell Manufacturing Co., of New York with headquarters in Washington, D. C. The couple will be "at home" after Nov. 15 at 3510 Sixteenth street, N. W., Washington.

The out of town guests at the wedding included Miss Lucy Fuller and Miss Ruth Spear of Rockland.

The Davis Garment Store, corner of Main and Elm streets, Rockland, is showing some ladies' garments that are very attractive both in price and style.

PASTORAL CHANGES

Important pastoral changes in Catholic churches of the diocese of Portland were announced Tuesday by Bishop Walsh, also the establishment of a new parish in South Portland, two new parishes in Lewiston and a new parish in Auburn.

Rev. Martin A. Clary, rector of St. Dominic's, has been appointed permanent rector of St. Mary's church in Bangor; Rev. James A. Carey is appointed pastor of the Sacred Heart church in Portland, and Rev. James Mullen, at present temporarily in charge of St. Mary's church in Bath, will succeed Father Clary as administrator in St. Dominic's in Portland.

The new parish in South Portland is to be called Mount Calvary parish and the pastor, who is soon to be announced, will also have charge of Mt. Calvary Cemetery and all the territory to Dunstan and Prout's Neck. The two new parishes established in Lewiston are the Holy Cross parish on the Lisbon Road, and the Holy Family parish, on the Sabatius Road. A parish in Auburn has been established at the junction of Minot and Western avenues. The property is to be called Bishop Healy Park, and the parish is to be dedicated to the Sacred Heart of our Blessed Lord and Saviour.
