CITY OF ROCKLAND

Election Notice

To the inhabitants of the City of Rockland: You are hereby notified to assemble at the several ward rooms in the City of Rockland on MONDAY, SEPTEMBER 8, 1924, to give your votes for United States Senator, Governor, State Auditor, Representative to Congress, State Senator, County Attorney, County Treasurer, Clerk of Courts, Judge of Probate, Sheriff, County Commissioner and Representatives to the Legislature.

The polls will be open at seven o'clock in the forenoon, and close at six o'clock in the afternoon (Standard time).

Copies of the voting list may be found at the ward rooms in the several wards.

Per order municipal officers.

E. R. KERNE, City Clerk
August 21, 1924. 104-108

BOARD OF REGISTRATION

Notice is hereby given that the Board of Registration will be in session at their room in the City Building, Spring Street, upon the nine secular days preceding the eighth day of September, 1924, for the purpose of revising and correcting the voting lists of this city.

The board will be in session the first day of said days from 9 a. m. to 1 p. m., and from 3 p. m. to 5 p. m., and from 7 p. m. to 9 p. m. As the last three days of said session are for the purpose of verifying said lists and to complete and close up the records of the session, no names will be added to or stricken from said list on said days.

ROBERT A. WEBSTER, Chairman.

HERE ARE THE KNOX COUNTY REPUBLICAN CANDIDATES WHO SOLICIT YOUR VOTES NEXT MONDAY.

THE PARTY IS CONTENT TO REST ITS APPEAL ON THEIR PRIVATE, PUBLIC AND POLITICAL RECORDS

George W. Walker, Republican Nominee For State Senator.

When the Republicans of Knox county nominated George W. Walker for State Senator they selected a man who has been an important factor in Knox county's industrial development, and who, if elected, will go to Augusta determined that his constituents shall have a say in legislative affairs. He is one of the most earnest advocates of a bridge across the Kennebec River, and will bend every effort toward having the bill become a law at the approaching session.

Standing prominently in the councils of the leaders his influence could not fail to be greater than that of a member of the minority party.

Mr. Walker was born in Scotland, Sept. 24, 1862, son of Thomas and Mary A. (Wilson) Walker. His parents came to this country when he was 4 years of age. He was educated at Hartland Academy and served his apprenticeship as a woolen worker in the Hartland Mills. In 1878 he came to Warren and as an employee of the Georges River Mills worked his way up, and in 1888 became designer and assistant superintendent. Since his father's death he has been superintendent and manager of the mills, and their prosperity is a tribute to the foresight he has shown.

Mr. Walker is a member of the Masonic and Knights of Pythias fraternities. Every baseball fan in Knox county has heard of him, because he was a star player, himself, 30 odd years ago, and has been a most generous supporter of baseball ever since. He was married in 1880 to Emma B. Thomas of Rockland. They have two children.

Edward K. Gould, Republican Nominee for Probate Judge.

Have you had any experience at this work? Is the question invariably asked of an applicant for a responsible position. It cannot be asked in vain of Edward K. Gould, the candidate for judge of probate, for he served eight years as register, and his whole life has been one of public service, well done.

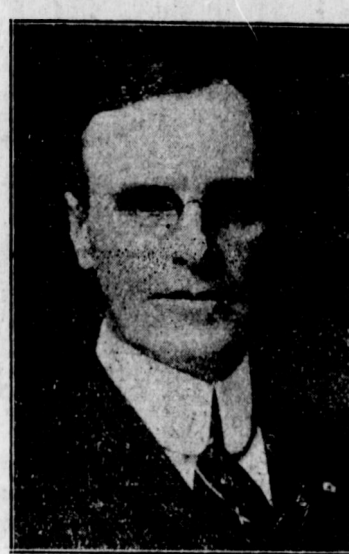

Col. Gould was born in Rockland, Sept. 28, 1865, and has been a member of the Knox Bar since 1888. He was elected city solicitor in 1899, and following his election in 1892 served eight years as register of probate. In 1901 the Republicans of Rockland turned to him as their mayoralty candidate and the election was a memorable one for the reason that Col. Gould received one of the largest majorities ever accorded any mayoralty candidate in this city. He was re-elected the following year, and his two administrations were marked by prudence and progress. It was during his incumbency of this office that Andrew Carnegie presented the city with its fine public library. Col. Gould served many years as a member of its board of trustees, and was also a long-time member of the school board, his worth being recognized by the Democrats, who re-elected him when he came into power.

Col. Gould was for many years prominent in the Maine National Guard and on the first call for troops during the Spanish War he raised a battery of 160 men which was accepted by the governor and assigned to the Second Regiment. He has been a member of the Sons of Veterans 41 years and was elected division commander in 1886. Col. Gould has been grand master of the Grand Council, R. & S. M., is now grand captain general of the Grand Commandery, K. T., and has been State president of the Maine Society, Sons of American Revolution. He is also a Granger. Col. Gould is married and has three children.

Milton M. Griffin, Republican Nominee for Clerk of Courts.

The men from Knox county who fought in the World War helped elect Milton M. Griffin Clerk of Courts four years ago, and have had every reason to feel proud of their choice, for Mr. Griffin has proved himself one of the most capable officials Knox county has ever had, and had not been in office quite a year when the Chief Justice of the Maine Supreme Bench, Leslie C. Cornish, publicly complimented him at a banquet of the Bar Association in the Thorndike Hotel. The attorneys know his worth, and putting aside political considerations, know that it will be for the county's interest to have him continued in office. Mr. Griffin was born in Lincolnville, May 30, 1890, son of Llewellyn Griffin, a well known steamfitter who has resided on James street, this city, since Milton was a small boy. The young man followed his public school education with a course in Bryant & Stratton's college, Boston, and during the next eight years held the position of supply manager with the Ludlow Association in Ludlow, Mass. He left this lucrative position when the World War began and enlisted in the aviation service at Fort Slocum, N. Y. He trained at Carl Field, Texas, and in February, 1918, went to England as a member of the 165th Aero Squadron. He was finally transferred to the 137th Aero Squadron and saw active service above the clouds. He was discharged at Mitchell Field, Long Island, April 12, 1919, and returning to Rockland in civilian garb conducted a parcel delivery service until again drafted—this time as a political candidate, somewhat against his own modest desires.

During his High School career he took part in athletics and is a devoted patron of them today. He is a charter member of Winslow-Hol-

brook Post, a Mason, Odd Fellow and Red Man. He was married in 1920 to Sarah Petee Snow. They have two children.

Edward R. Veazie, Republican Nominee for Treasurer.

Edward R. Veazie became a member of the Court House family quite unexpectedly. The resignation of William S. Healey left a vacancy in the position of county treasurer, and on the ground that an ex-employee should be succeeded by an ex-employee he was appointed to the position by Gov. Baxter. Experience shows that he has capably filled the shoes of his predecessor.

Mr. Veazie was born in Waterville, Sept. 12, 1888, a son of the late Edward L. Veazie. He graduated in 1907 from Rockland High School and was an active factor in athletics, which was then enjoying a prosperous era in the Lincoln street institution. He served as city clerk in 1915, and from that time until he entered the service in December, 1917, he was a traveling salesman.

After four months' service in the Naval Reserves he was commissioned as ensign, and served as aid to the section commander in Portland until Armistice Day. That day he was ordered to Machias as section commander, and closed that station. He then served in the office of the Naval Force Commander in Boston until relieved from active duty. He joined the National Guard in January, 1921, and served three and one-half years, being promoted from 2d lieutenant to 1st lieutenant and transferred to the staff, where he served as adjutant to Col. Walter H. Butler.

Mr. Veazie is now associated with George W. Roberts in the insurance business. He is a 32d degree Mason and a member of Rockland Lodge, B. P. O. E. Mr. Veazie is married.

Raymond E. Thurston, Republican Nominee for Sheriff.

When Raymond E. Thurston consented to become a third-term candidate for sheriff of Knox county it was purely a case of the office seeking the man, for he had virtually decided to go back to private life. That he is again on the ticket is in response to a spontaneous demand for the retention of an official whose own life is above reproach, and who has sought to conduct his office according to the letter of the law. His duties have been exacting and complex, but never once has there been any sign that this young man has shrunk from duty's call. Patrons of the office have all been used courteously, and even to those who departed from the straight and narrow path kindly consideration has been shown.

The present sheriff was born in Union, Dec. 26, 1883, and graduated in 1904 from Bryant & Stratton's business college, Boston. For five years he was traveling reporter for the Bradstreet Company in Massachusetts. Later he became a commercial traveler selling to the hardware trade in Maine from 1914 to 1917. Prior to his first election as sheriff in 1920 he was proprietor of a general store in Union and engaged in farming. Since entering upon his second term Sheriff Thurston has moved to Rockland, and bought the Thomas Oil Co.'s business, which he is now conducting on an extended and prosperous scale under the name of The Thurston Oil Co. He is prominent in Masonry, popular in social circles and much interested in athletic sports. He has not forgotten

how to play baseball, and is quite an expert in throwing horseshoes, a sport which some humorist has dubbed "barnyard golf." Mr. Thurston is married.

Leonard R. Campbell, Republican Nominee for County Attorney.

To know "Len" Campbell is to like him. The genial veteran of the Knox Bar Association has lived his life here in Rockland, and such has been his record of citizenship that no loophole is offered for other than favorable criticism.

Judge Campbell—giving him the title which he earned as judge of Rockland police court—is a native of this city, and bears the name of his father, who was a manufacturer of water tanks in shipping days. He studied in Rockland High School, from which he graduated with a future governor of the State; East Maine Conference Seminary in Bucksport and Bryant & Stratton's business college. In early life he was a conductor on street cars running between Boston and Cambridge, and from there went to a ship chandlery store in New York. His father's business being brick, he came home to work in the cooper shop. He also spent two years in the fruit and confectionery business. In 1878 he made the famous speech which nominated Thompson H. Murch, secretary of the National Granite Cutters' Union, as a candidate for Representative to Congress.

Judge Campbell was president of the first labor organization formed in Rockland. He joined the Republican party in the Blaine campaign and has been one of its staunchest workers ever since. He was appointed inspector of factories in 1887 and served two terms. Meantime he was admitted to the bar. He served three terms as county treasurer and several terms as judge of the police court, giving in each instance a clean and faithful administration. He is a Mason and Odd Fellow, is married and has three children.

George W. Gushee, Republican Nominee for County Commissioner.

When the county commissioner nomination went to George W. Gushee in the June primaries it seemed to his supporters in the northern part of the county like the eternal fitness of things, for the town of Appletown has had scant recognition in county

affairs either at the hands of the conventions, the primaries or the county elections. It is a sort of unwritten law that the nomination for this particular office shall go outside of Rockland, and in this particular instance the matter of geographical location appears to have had considerable to do with the matter.

Mr. Gushee is a native of Appletown but his acquaintance is almost statewide by reason of the fact that he has been selling schoolbooks in that territory for little better than a quarter century. Appletown has been his home except for 10 years, when he resided in Boston and had charge of a wholesale shoe store.

His prominence in town affairs may be judged from the fact that his public service has included seven years as selectman (four of them as chairman of the board); eight years as superintendent of schools, and several years as a deputy sheriff. His fitness for the commissionership is enhanced by this experience. Mr. Gushee is a Mason, Odd Fellow and Elk.

Rodney I. Thompson, Republican Nominee for Representative.

The need of a strong man to represent Rockland in the State Legislature is especially felt this year when a supreme effort will be made to secure a bridge across the Kennebec River. Such a man is Rodney I. Thompson, who has already served in the upper branch of legislature and there proven his worth and ability. If elected next Monday he will not have to spend half of the session learning the ropes and accumulating influence for he will have that knowledge and that influence at the very start.

Mr. Thompson is a native of Friendship and a son of the late H. A. Nelson Thompson, who served in both branches of legislature. He graduated with honors from Bowdoin College in 1884. While in college he taught school in Thomaston and Union, and has served both towns as superintendent of schools. He also had experience as a newspaper editor before engaging in the practice of law. While still in the Democratic party he served in the Common Council and as Mayor of the city, and was nominated for Representative to legislature. Four years ago he was elected to the Senate on the Republican ticket, and had a record of constant attendance and active participation in all matters that concerned the average taxpayer.

If Rockland wants a staunch supporter of the bridge and a keen resourceful worker, that man is Rodney I. Thompson.

Samuel E. Norwood, Republican Nominee for Representative.

One of the heaviest taxpayers in the town of Warren, who depends upon farming for a livelihood, is Samuel E. Norwood, who has been nominated for Representative to Legislature from the classed towns of Rockport, Warren, Union and Washington. This fact is a guarantee that he would have at heart the interest, not only of the taxpayer, but of the man who tills the soil.

Mr. Norwood was born in Union, March 2, 1879, and obtained his education in the public schools of that town. Leaving school he entered the employ of E. E. Jameson as clerk in the latter's hardware store. Later he was an outside salesman for Mr. Jameson and his travels took him to many Knox county homes. After serving three years in this capacity he bought the business, which he conducted until 1904. Agriculture then offered a stronger appeal to him and he bought the large farm in Warren which he has since so successfully conducted. He is a prominent member of the Patrons of Husbandry.

Zelma M. Dwinall, Republican Nominee for Representative.

Public service has been for many years the forte of Zelma M. Dwinall, who has been nominated for Representative to legislature from the towns of Camden, Hope and Appletown. As county attorney for the past four years he is widely known to the voters, who admire him for his irreproachable character and absolute fairness to all classes.

Mr. Dwinall was born in Mechanic Falls, March 12, 1884, and is a graduate of Edward Little High School and Bates College. After leaving college he taught High School in Richmond and Livermore Falls four years. Then for two years he was a member of the Capital Police in the U. S. Senate, meantime fitting at Georgetown University for the practice of law.

He completed his law studies at Boston University Law School in 1918, after having served as principal of Camden High School five years. Mr. Dwinall is in the real estate and insurance business and has been elected to numerous town offices by his fellow citizens. During his college career he played semi-professional baseball.

Hollis H. Gilchrist, Republican Nominee for Representative.

Another Knox county man who wants to do his mite toward bridging the Kennebec River is Hollis H. Gilchrist, who has been nominated for Representative to legislature from the classed towns of Thomaston, South Thomaston, Friendship, Cushing and Owl's Head.

Mr. Gilchrist was born in St. George, June 14, 1875. At the age of 14 he was driving team at Eagle Quarry, where he subsequently learned the trade which he has followed 31 years—that of stonecutter. He has worked in the leading granite centers of Maine, New Hampshire and Vermont, and has done his bit on many government jobs. For a number of years he has been in business for himself under the firm name of the Gilchrist Monumental Works. Many fine monuments in Knox county attest to the efficiency of his workmanship.

Mr. Gilchrist is a charter member and past chancellor of Metonic Lodge, K. of P. and is the present deputy grand chancellor for the 13th K. of P. district. He is a member of the Thomaston board of assessors. Mr. Gilchrist is married and has two daughters.

James O. Brown, Republican Nominee for Representative.

To represent St. George and the island communities of Knox county in the next legislature the Republicans have selected James O. Brown of North Haven—a man who has been very prominent in the affairs of that town. He knows full well the sort of legislation that is of greatest moment to fishermen and seafarers.

Mr. Brown was born in North Haven, August, 1865, and in his younger days had his try at mackerel sealing and shacking, being then a resident of Vinalhaven, where he made his home 14 years. At the age of 20 he became a resident of North Haven,

where he has since been engaged in boat building. His shop has turned out scores of small yachts, launches and tenders, and in one winter he built 14 17-foot catboats. He employs five men on an average, and has had as many as 10 in his employ. He is a 32d degree Mason and was first chancellor commander of Fox Island Lodge, K. of P. He has served two terms as selectman, four as town treasurer and 20 as town clerk. He is married and has three children.

YOUR FAVORITE POEM

If I had to live my life again I would have made a rule to read some poetry every day. The least of these tastes is a taste of heaven.—Charles Darwin.

JEAN
Of all the birds the dove is blaw,
I dearly like the west,
I hear her in the tender birds,
The little I love best.
There's wild woods grow, and rivers flow,
And music a hill between;
But day and night my fancy's flight
Is ever w' my Jean.

I see her in the dewy flowers,
I see her sweet and fair;
I hear her in the tender birds,
I hear her charn the air.
There's not a bonnie flower that grows,
By fountain, thill, or green;
There's not a bonnie blue that grows,
But mine's me of my Jean.

CIRCULATION AFFIDAVIT

Rockland, Sept. 4, 1924.
 Personally appeared Frank S. Lynde, who on oath declares that he is president in the office of the Rockland Publishing Co., and that of the issue of The Courier-Gazette of Sept. 2, 1924, there was printed a total of 6,300 copies.
 Before me, FRANK B. MILLER, Notary Public.

This is the confidence that we have in him, that if we ask any thing according to His will, He heareth us.—John 5:14.

Coolidge Philosophy and Doctrine

"There is no problem so great but that somewhere a man is being raised up to meet it. There is no moral standard so high that the people cannot be raised up to meet it."

The Smoke Screen article printed in the Tuesday issue of The Courier-Gazette has attracted much attention as a candid presentation of the Klan situation so far as it relates to the election that takes place in Maine next Monday. It uncovers in so complete and convincing a manner the attempt of Mr. Pattangall to create a political issue out of a thing which his party has refused to make an issue, that he stands revealed as the clever politician, who while he fools some of the people some of the time is not able to fool all of the people all of the time. We do not think that any level-headed Republican after reading that article will find it in his heart to vote for Mr. Pattangall or any part of his ticket of which he is at the head.

We commend to the attention of our readers the modest straightforward statement printed upon another page in which Sheriff Thurston reviews some of those achievements of his office upon which he bases his appeal to the voters of Knox County. The office of sheriff has never been filled in more satisfactory manner than by this honest, high-minded and patriotic young man who for the past four years has been charged with the responsibility of enforcing the laws in this community. If the people of Knox County wish to have the affairs of the sheriff's office rested in the hands of an official who without fear or favor will administer them with an eye single to the interests of the law-abiding tax-payers they will re-elect Raymond E. Thurston by a majority even larger than any previously given him.

Following its custom The Courier-Gazette presents in this issue a brief sketch of the local candidates whose names appear upon the Republican ticket which is to be voted in Knox County at next Monday's election. We think that both in the aggregate and in detail the voters will find that this group of citizens constitutes a ticket which one may conscientiously deposit in the ballot-box, in the full conviction that it is made up of a straightforward body of Republicans whose election will guarantee an honest and intelligent administration of affairs in State and County and Nation. This is a year when in a particular measure men and women who align themselves as Republicans should regard it as both a privilege and a duty to vote that party ticket and vote it straight.

A particular value to the investor in a dividend paying stock such as the Camden & Rockland Water Company announces, rests upon the fact that the security behind the stock is here at home, the trusted officers of the corporation are here at home and it is home people who support the business out of which the dividends are paid to the stockholders. More and more the investing public is pinning its faith to the securities issued by public service corporations. While the city of Rockland and the surrounding towns exist the property of this water company and the value of its securities will remain assured.

If you are a Republican and vote in Knox County you will do your party, your county, your State and your country the best service by voting next Monday for the men that your party has placed in nomination through the open methods of the primaries. There is no reason either in good citizenship or good politics why—if you are a Republican—you should throw away your vote upon Mr. Pattangall, the candidate of the Democrats.

Headlines in newspapers say there will be a fight for tariff reduction on sugar. Why should there be any fight? Why should not our tariff experts find out exactly what protection various American industries need to operate and meet foreign competition on a basis of equality? Why should there be any fight about a business proposition such as this which is a question of "fact," not of "theory"? The workers suffer most from playing politics at their expense.

We are sorry for that Rockland man or woman who has neglected to register—the books closed Wednesday night—but it is proper to jog the attention of those whose names are already on the lists, that they shall not omit on Monday the plain duty of citizenship by casting their ballots.

A VETERAN'S JOURNEY

"F. S. P." Tells What He Saw In Connection With G. A. R. Encampment.

Editor of The Courier-Gazette:—

Perhaps the National G. A. R. Encampment has become a stale subject by now, but maybe a few words more about that, and some other things we saw, might be of interest to some. We landed in Boston Aug. 10 and found something doing every minute. Monday was devoted to registering, and looking up old acquaintances. Tuesday opened with a big rain, but hardly dampened the ardor of the paraders. Autos were provided, but a large percentage of the veterans elected to march. And they did. They got wet, very wet, and then some. The entire delegation from some Western States marched. The spectators also were out in the rain, but very enthusiastic. We preferred to ride.

Every day had its program. Everyone should now know that no "yet" who wore a badge needed to walk where a car line ran in Boston. All the lines carried them free, everywhere, at any and all times day or night. Plymouth, Concord and Lexington were on the program for free rides. We failed to visit Plymouth. Much to our regret.

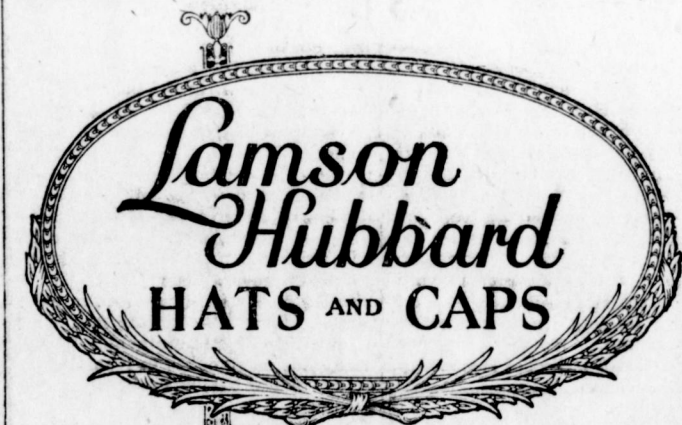

The Navy Yard took up the larger part of one day. There we looked over the old Frigate Constitution, which is said to be exactly the same in make up as when she fought the British warships in the Revolution.

ary War, and which it is claimed never was whipped. We just missed seeing the biggest liner afloat, (The Leviathan) which was scheduled to sail at noon, and we got there at 9 a. m. and found "No admittance" was the word. Of course we visited Concord and beside visiting the historical spots, went into the Concord Prison, for boys, designed to hold 1000. A few over 500 were there when we visited it. It is not a place of punishment, but rather of help to boys who have gone wrong. It is an independent community in itself. Nearly everything used or needed, is made within the walls. For amusement they have brass bands, baseball, football and most everything one would want, except freedom. Beautiful articles are there made, and about every trade is taught. Even a newspaper is published by the boys. An instructor is provided for each trade.

While in Concord we saw the home of Ephraim Bull, (if we remember the name rightly) who originated the Concord Grape. The original trellis with the vine thereon still stands in the garden. Not far away stands the home of Louise May Alcott and a little farther along, the more pretentious home of the late Ralph Waldo Emerson. In the great cemetery not far away we looked upon the graves of all three; also on many others, whose names were known to the world over.

Speaking of cemeteries, one should not fail to visit the ancient one in Lexington. We found one stone dated 1624, and many others nearly as old, and names thereon that have since become illustrious in history.

We ought not to fail mentioning our visit to the home of Miss Forbes.

LAST NIGHT'S CITY MEETING

Attempt To Amend Daylight Saving Order Fails—New Bond Issue Authorized—Other Municipal Matters.

An attempt to amend the daylight saving order, so as to resume standard time Sept. 7 instead of Sept. 28, was made at the City Government last night by Alderman Richardson of Ward 3. On a ye and nay vote he was sustained by Alderman Hanson, but the proposition was voted down by Aldermen Chase, De Roche-mont, Duncan and Holmes. Many supporters of the measure feel that the purposes of daylight saving have been accomplished after Labor Day has passed, but those who feel that it should go the limit originally fixed point out that it coincides with Massachusetts and other places where the system is in vogue.

Notice was given through the medium of this meeting that plumbers' licenses must be obtained from the public health officer, Dr. H. W. Frohock, upon recommendation of the inspector of plumbing, E. Howard Crockett, an instance of alleged illegal plumbing, unsanitary and unsafe, was cited. The plumbing in question is said to have been done by a carpenter.

In the spring work will begin on Union street, which will be paved from the present termini of the street at Middle street to Willow street, and down Willow to Main. This is a State Aid road. Mayor Snow gave notice last night that those who have underground work to do along that route should do it now. A suitable sewer is also to be constructed.

How much full time pay should be given to city officials who are absent on account of sickness. This is one of Mayor Snow's many problems. He desires that there shall be a uniform method, and the departments are asked to confer, with that end in view.

Licenses were granted to David Shafter, junk dealer; and Mrs. Jennie L. Petrofsky, victualer.

The resignation of Burleigh C. Nash as patrolman was accepted, but no action was taken in regard to a successor. The office of Harry Humphrey, an assistant engineer of the Fire Department was declared vacant as Mr. Humphrey is absent from the city indefinitely. Second Assistant Herman Shannon was promoted to first assistant, and Wilbur Bisbee was elected second assistant.

An issue of bonds amounting to \$77,000 was authorized—\$60,000 to be

used in retiring certificates of deposit, and the balance to be applied to the new High School building. The bonds run for a period of 15 years, are in the denomination of \$1,000 and bear interest at the rate of 4½ percent, payable semi-annually in April and October.

The proposition of L. W. Benner, real estate agent, to abate taxes for the next three years on all buildings erected for tenement and residential purposes; the idea being to encourage a move which will meet the great demand for rents.

"There is no doubt but that we are crippled for lack of small dwellings," said Mayor Snow, "and anything that would stimulate building is at least worthy of consideration."

The matter was referred to the finance committee, for report at the next regular meeting.

Abram W. Nye asks to have one of the Central Maine poles removed from in front of his place of business in order that he may build an exit driveway. The Central Maine objects on the ground that the moving of the pole would cost \$150 and would tie up the city's power while the transfer was being made. The matter was laid on the table until the next meeting.

The committee on elections was asked to confer with the assessors and registration board in regard to readjusting the ward lines so as to make the voting population in each as nearly equal as possible.

The damage to the Burpee & Lamb store when the police patrol and Chief Havenner's cars collided in that vicinity some weeks ago is shifted onto the city's shoulders by the insurance company which claims that its responsibility ends because of the fact that the chief's automobile was being used as a fire car at the time, and not as a private car.

"Then if the owner of motor car takes a fireman to a fire he invalidates his policy in case of an accident?" asked Alderman De Roche-mont.

"That is as I understand it," replied the mayor.

"But the motorist can take along a gallon of rum and not waive his insurance rights?" said Alderman De Roche-mont.

This point was not argued, and the matter was laid on the table.

STRAYED FROM HOME

Searchers Hunting For Appleton Farmer Invoke Aid of a Medium.

Searching parties have combed the Appleton woods for several days in an attempt to locate Charles Smith, a well known farmer who has been missing since last Thursday from the home of his daughter, Mrs. J. T. McGorison.

Mr. Smith has been suffering from the effects of a paralytic shock and is quite feeble. He has been thrice married, but it is understood that he had not been living with his third wife for some time.

Charles engaged in the search consulted a medium, who told them that Mr. Smith left home with a bag of food, stopped at the "Four Corners," went to Hills Mills and finally back to his own home.

The searchers passed within 30 feet of him while he was lying in the grass the medium said. Prophecy was made that the missing farmer would be found in a few days, but the searchers were cautioned that he was in bad condition.

Mr. Smith is about 60 years of age. LATER—Since the above was put in type Mr. Smith has been restored to his relatives. Last night he came out of the woods near the home of Frank Watts at the foot of Sennebec Pond and signalled for help. Mrs. Watts got him into the house, gave him nourishing food, and later he was taken to his sister's home. He had been without food nearly eight days, and is very weak.

"For Rent" or "For Sale"

Which column of the paper are you interested in?

Are you one of those who rent and move and rent and move again?

Wouldn't you rather buy or build a home?

If your rent amounts to \$40 monthly, you can pay with \$4,000 in ten years—\$9,500 in twenty years.

You haven't a thing to show for all that money.

Under our home-ownership plan you could own your home in about ten years, on monthly payments of not much more than rent.

Pay rent to yourself. Be your own landlord and run your home to suit yourself.

We are organized to help you. Our terms are fair and convenient. We are always glad to talk it over—without obligation.

Quick and easy to install, burns anything. The Glenwood Single-Pipe makes heating easy

If you phoned to us today you could have a Glenwood Single-Pipe Heating System completely installed the day after tomorrow. In most cases two men can put it in complete in a single day.

That would put an end to your fuel troubles for the rest of the winter. For you can burn any kind of fuel in this modern heater—wood, coal, soft coal, coke and even rubbish.

The feed doors of the Glenwood Single-Pipe are made extra wide. You can use large logs. The new wood grate will keep them burning night and day—just like a coal fire.

A Glenwood makes the most of every ounce of fuel. It sends the heat where you want it—not down cellar, through the walls and up the chimney.

Ask us for particulars. We can save fuel for you this winter.

WITH NEW PRINCIPAL

The fall term of Rockport schools will open Sept. 15, with the following teaching staff:

High School—G. Lester Hale, principal; Virginia M. Bean, Avis M. Cox, Grammar School—Albert T. Adams, principal; Elizabeth D. Libby, grades 5 and 6; Marie S. Lunden, grades 3 and 4; Bertha D. Thurston, grades 1 and 2.

Hoboken—A. Hortense Bohndell, grades 1-4.
 West Rockport—Relief A. Nichols, grades 1-6.
 Simonton—Doris J. Butterfield, grades 1-6.
 Rockville—Jennie Mae Sherwood, grades 1-7.
 Mrs. Ruth Sanborn, instructor in music.

Members of the 7th and 8th grades of the West Rockport and the Simonton schools will be conveyed to the Grammar school, Rockport village.

The people of the Rockville District are greatly pleased at the repair work being done at the Rockville school. A new floor has been laid, and the most modern type of seats have replaced the old-fashioned wooden desks. An attached toilet completes this school plant, insuring better school privileges to the children of this district.

A meeting of the Rockport teachers will be held Sept. 13 at 2 p. m. (day light time) at the High School building.

WORLD DOMINION BEING TRANSFERRED

millions now living will never die

The rapid changes of government among the nations seem only to check temporarily their steady approach to utter collapse.

Thrones are toppled over to make way for military dictators. Officials of republics serve only the selfish interests of big business; and instead of an improvement of affairs, each new move leaves the nations weaker. Suffering is increased; lawlessness becomes rampant; and hopelessness is followed by despair.

This march of the nations toward destruction and anarchy moves onward relentlessly. Armageddon, which nations seek to avert by their union, leagues, associations, and federations, looms up threateningly.

Yet man need not entirely despair. This troublous period of earth's history was foretold as immediately preceding the new order—a righteous world-wide government.

Republican rally in Camden tonight, with several brilliant orators.

The Deep Sea Fisheries, Inc., needs more fish skimmers, and promises them steady employment till May 1st. The company shipped a carload of export fish last night.

Destroyer Putnam upon leaving this port will proceed to the Southern drill grounds for a two months' stay, it is understood.

It is expected that the Hazards of Gardiner will play in Camden Saturday, strengthened by several former State League stars.

The Day View Society at the Head-of-the-Bay will close another year of usefulness and success Friday, when the annual business meeting occurs.

Ground has been broken to the eastward of the federal building for the new canopy which will serve as a loading and unloading platform. It will be a commodious affair overhanging into the government lot beyond the driveway. Everett L. Spear & Co. have the contract.

Edward H. Blackington, Lime Rock Railroad conductor, reappeared on the street this week 11 pounds short of his customary avoirdupois. He has been having an enforced vacation as the result of a severe strain in digging a carload of rock.

Stumpship Camden, which had an attack of appendicitis while entering Penobscot Bay Tuesday morning, left for Boston that night, conveyed by the tug Wyoming of the Bee line. While a new rudder is being adjusted the steamship Hanson B. Fuller will help take care of the heavy passenger traffic.

E. W. MacDonald, first secretary of the Rockland Chamber of Commerce, was re-elected to that position for a third term, at a meeting of the board of directors Tuesday. Secretary MacDonald is devoting his best energies for the success of this organization, and has already been instrumental in bringing some of its aims to a happy conclusion. He expects, and it is reasonable to expect, that his third term will produce even more profitable results.

Adjutant and Mrs. George Purdum, Salvationists of long standing who have been in command in many important centers, are to be with the Rockland Branch Saturday and Sunday accompanied by their two sons. Mr. Purdum is divisional secretary for Northern New England. The Purdums are well versed in music and each member plays one or more instruments. They know the Army from its early days and bring a wonderful story. The public is invited to hear them Saturday night at 8 and Sunday night at 8.

Baschall fans have a rare treat in store for tomorrow afternoon, when the Saxony Mills team of Framingham, Mass., plays on the Broadway field at 5.15. With the visiting team will be Dick Manning late of the St. Louis Americans; Devlin, formerly with the strong Brennan shoe club; H. Manning of the Cape Cod League, and Dunham, Shea and King of the Boston Twilight League. The fans of this game will have a chance to see how our boys look when stacked up against players who have been traveling in such fast company.

THE SMOKE SCREEN

Union Citizen Opposed To Methods of the Democratic Candidate.

Editor of The Courier-Gazette:—

Please allow me to commend the article in Tuesday's issue of your paper, "The Klan a Smoke Screen."

It is a well known fact that Senator Brewster advocates a constitutional law which will prohibit appropriating public money for the support of private or sectarian schools. There are 33 States that have such a law and when, in recent years, Massachusetts adopted this law it was supported by Protestants and Catholics.

As this position of Mr. Brewster's is pleasing to the Klan and is vigorously opposed by the Catholic church, the Democratic spell-binders, being devoid of an issue and knowing that they were hopelessly beaten if something desperate was not done, seized the Klan scare and are going about the State shouting "Klan!" and throwing political mud hoping to breed racial and religious hatred and thereby blind enough voters to the real issues to turn the tide in their favor.

If the voters of Maine want, as their chief executive, a man who has convictions and the courage to stand by them, regardless of the vilification and misrepresentation of self-seeking politicians, a man who is as Senator Farrington stated in his introduction of Mr. Brewster at the Island Park meeting, "abundantly qualified in character, ability, and training to be a worthy successor to our illustrious Governors," they will vote for Ralph O. Brewster.

If they want a machine politician of the old school, who has played the game in both of the old parties; a man whose record is far from a model for our young men to follow, they will vote for William R. Pattingall.

Union, Sept. 2. W. A. Ayer.

Mrs. Howard Dunbar has resigned her position as telephone clerk at the western Union, and is succeeded by Miss Ellen Butcher, formerly with Cochran, Baker & Cross.

Mrs. J. M. Paldridge has added to the Penobscot Bay yachting fleet a handsome raised deck cabin cruiser built for her by Gray Brothers of Thomaston, whose reputation in that line is enhanced by every craft which they construct. A ten footer, the new yacht has a 50 H. P. Redwing motor and its equipment includes every modern safety convenience, as well as fine cabin accommodations. She will be used for cruising purposes and day sailing. Louis Bosse is skipper and engineer.

The Gloucester fishing schooner Herbert Parker found her way into this port last Saturday and sold her fare of 180,000 pounds of fresh codfish to the Deep Sea Fisheries, Inc. The Herbert Parker is a shaker. Her captain was so well pleased with the treatment which he received from the local corporation that he plans to make more visits here. The craft was out in the recent storm, and was minus her dories when she put into Rockland harbor.

From Fair Haven, Mass., comes this word, "Started pumping on Saturday 3 o'clock yesterday afternoon, had her beside the dock at 1 o'clock this morning, still full of fresh water. Will bring her home first of the week." The message was from Capt. John L. Snow who went to Fair Haven, with the Snow Marine Co.'s lighter Sophia to salvage the wrecked steamer which had been practically given up by Massachusetts companies which offered only junk value for her. The Senkaya, a craft about the size of the Rancey, was burned and sunk in a dock fire.

Kindness and courtesy are valuable assets, and do much to help advertise a city. A few weeks ago Mr. and Mrs. Paul M. Hubbard of Bristol, Conn., were visitors in the city, and saw it to best advantage under the guidance of Secretary MacDonald of the Rockland Chamber of Commerce. "You gave us such a good time in Rockland that our two days there stand out as red letter days in our vacation," writes Mr. Hubbard. Later Mr. MacDonald extended similar courtesies to Mr. and Mrs. Ward Parsons of the Nutmeg State. Mrs. Parsons writes: "Mr. Parsons and I want you to know how much we appreciate your successful efforts to interest us in your beautiful city and its surroundings. We had a lovely trip, good weather and roads, lovely country, and best of all good friends. Rest assured that Rockland will always be remembered with a pleasant memory." Courtesies like this have often been the means of bringing permanent residents to a city, but even though they do not come here to make their home the recipients will always be boosters for Rockland. Ever stop to think how much better this method is than knocking?

To the Voters of Knox County:

During the last four years as Sheriff I have made a sincere and strenuous effort to enforce the laws in Knox County. It is admitted by unprejudiced observers that conditions in Knox County are as good or better than in any other county in the State.

The future welfare of our country depends upon the respect and enforcement of all laws. As long as I am enforcement officer I shall carry out my oath of office.

Since the first of January, 1924, my office of Sheriff has served about 100 warrants, the majority of which have been search warrants for intoxicating liquors, and at the present time we have many of the worst law violators doing long terms in the county jail.

It is argued by some that the cost of enforcement is an enormous burden for the taxpayer. The following shows the actual cost to the County for the enforcement of all laws for 1923 and up to the present month of 1924:

In 1923 the total cost of my office for the enforcement of all laws was \$2333.77; there was collected in fines and forfeitures \$2110; so that the actual cost to the county was \$223.77.

1924 to date there has been expended by this office for the enforcement of all laws \$1764.12; there has been collected in fines and forfeitures \$2240.03; so that this year so far we have collected \$475.91 more than has been spent. Therefore it cannot be charged that enforcement in Knox County is a burden to the tax payers.

Some of my opponents are saying that my deputies do all the work and are responsible for the improved conditions in the County. I want to thank those who are paying my deputies this compliment and am glad to know that their work is appreciated by others as well as myself. Andrew Carnegie once said that his success did not depend so much upon his own endeavors as upon his ability to select assistants who possessed greater ability than he himself possessed.

It is my belief that the majority of the citizens in this County believe in law and order and law enforcement and I shall continue in that belief until by their ballots they show otherwise.

RAYMOND E. THURSTON.

Candidate on the Republican Ticket for re-election as Sheriff of Knox County.

The city schools will open Sept. 23 according to plans perfected by Superintendent Harry C. Hall. A teachers' meeting is called for the afternoon of Sept. 22 at 2 o'clock.

Everett L. Spear is moving the big barn adjoining his Northend office about 50 feet to the north. Eventually a new structure will rise in the intervening space.

The remains of Mrs. Almada S. Pressey will arrive tonight from Cambridge, Mass., and funeral services will be held at the residence of Edward K. Gould, 45 Masonic street, at 2 o'clock Friday.

A Canadian-Curtis biplane, with Mark C. Hogue as pilot and P. R. Brice as cameraman, arrived Tuesday and has been continuing the work begun at Bar Harbor of photographing summer residences from the skies. About 200 such pictures have been made since the airship came to Maine ten days ago, and these will be sold to a syndicate for newspaper and magazine use.

Since the tourists' camp at Waldo avenue was opened July 17 it has been visited by 120 cars, and this despite the fact that there were no signboards to guide the motorists. The camp next year will be advertised in the Green Book and conspicuous signs will mark all of the avenues of approach. Practically every camper suggested that the charge for using the facilities should be made 50 cents, instead of 25, as in most places the 25-cent fee entitled the tourists only to free water. Further improvements in the way of fireplaces and additional toilets will be made before another season.

The members of the City Council were privileged to inspect the new Central Fire Station which is complete except for the finishing touches. The apparatus is back in its accustomed place and makes a handsome showing. The floor is of reinforced concrete on 12 inch beams and is painted with dust and oil proof paint. The ancient stairway which was part of the original building and lost its utility when the remodeling work was begun is being replaced by a new stairway of sufficient floor space for setting three pieces of apparatus abreast if so desired. The ceiling has been painted white, the walls cream and the wainscoting gray, making a handsome combination. A new switchboard 6x10 bination. A new switchboard 6x10 bination. Battery G Wins State Shoot In Auburn—Sergeant Bridges and Corporal Bartlett Make the State Team.

The Rockland rifle team returned from the State meet in Auburn last night, very proud of the fact that two of its members had won positions on the team which will represent Maine in the national shoot at Camp Perry, Ohio. The State Team will leave Portland tomorrow and will be gone 30 days, with all expenses paid.

The men who won this coveted honor and the first from Rockland to become members of a State team—Sergeant R. L. Bridges and Corporal R. Y. Bartlett. Bartlett ranked fourth in 50 contestants and Bridges ranked ninth.

The other members of the rifle team which represented Battery G of Rockland were Captain Ralph W. Brown, Sergeant C. D. Wadsworth and Corporal B. F. Simpson. This team won the Coast Artillery championship, being 71 points above its nearest competitor Battery H of Vinalhaven. Battery D of Portland was third. Corporal Simpson was high line in this event.

In the "old-timers" shoot Captain Brown was second with a score of 39, first prize being won on a score of 42. Captain Leslie R. Dyer of Vinalhaven won the snipers' event, making six hits out of a possible 10 in shooting an unknown distance at a moving target—the silhouette of a man walking across a wood road.

In connection with the artillery shoot Battery G also won the Col. Fogg trophy.

Both Infantry and Coast Artillery Corps participated in the State shoot, which means that more than 500 guns were popping continuously while it lasted.

Community Chautauqua Is Making Great Hit—Programs For Remaining Sessions.

Community Chautauqua is here and enthusiasts have been made of those who were lukewarm supporters by the two splendid entertainments given thus far. Those who have seen the course every year feel that this will unquestionably be a record season as to entertainment.

The opening night witnessed a driving rain storm which made it advisable to present "The Wise Fool" in Temple hall. There was necessarily some delay in effecting the change but those who waited witnessed a splendid play presented with marked skill. Charles D. Isaacson lived up to his nation-wide reputation as an authority in musical matters yesterday and the "Arabian Nights Musical Entertainment" presented last night has been universally acknowledged one of the best offerings ever made by Community Chautauqua.

Today's entertainment will be featured by the Theresa Sheehan Concert Co., a delightful organization which is invariably well received. The evening lecture, "America at the Cross Roads" will be made by Wentworth Stewart, often called America's foremost lecturer and writer. Friday with Green's Band will naturally be the big day. Green's Symphony Band has a national fame which bows to none and brings its full staff here. Junior Chautauqua, this morning and will see each youngster greeted with a perfect musical instrument. The afternoon session calls for the Junior music dramatizations followed by a "Pop Concert" of popular music and a music memory contest. At the evening session Green and his band will present a double concert with special lighting and novelty effects.

Saturday afternoon will bring Oliver's Philippine Quintette in a musical treat from the tropics and W. C. McCullough's ringing lecture, "A Challenge to Democracy." The evening attraction will be the famous New York stage success "Buddies" bringing a Broadway cast.

Sunday is not a regular Chautauqua day but at 8 o'clock in the evening George C. Aydelott will deliver his fine lecture on "New Worlds for Old."

All afternoon performances begin at 2.30 and evening at eight. The morning Junior Chautauqua opens at 9.

An old friend called at Tillson this morning—the side-wheel steamship Hanson B. Fuller—which is taking the Camdens place while the latter is having its broken rudder repaired at the Fore River Yard in Quincy. The Fuller arrived at 8 o'clock, (being a little less speedy than her turbine driven sisters) with 23 passengers and about a half load of freight. Her last previous visit to Rockland was in 1904 when she took the place of the wrecked steamship City of Rockland. Capt. Crockett of the Camden is in command. What the Fuller lacks in speed she makes up in accommodations for the she has about 40 more staterooms than either the Camden or Belfast. She will return to Boston about 10 p. m.

The Missionary Society of the Methodist church met Friday afternoon with Mrs. Winslow on Union street.

Mr. and Mrs. Harry Scott of West Somerville, Mass., have returned home after a visit with friends in town.

Miss Mamie Barnes of Lynn, Mass., is a guest of her parents, Mr. and Mrs. Arthur Barnes.

Miss Augustine Ingraham of West Somerville has been the guest of her cousin, Mrs. Finlay Calder.

Willis P. Heal is having his annual vacation from Fred T. Simpson's grocery and is with his family enjoying the time at the lake.

Eugene A. Rhodes had an ill-turn recently and was taken to his home, Knowlton place, by Mr. Colson in his taxi. Mr. Rhodes in all probability never will be able to be on the street to walk again, he tells The Courier-Gazette.

Labor Day saw Oakland Park very well attended in spite of the fact that no special program was attempted. Many people liked the quiet beauty and enjoyed the day the more because of the lack of excitement. The dances, afternoon and evening, were capacity affairs and the exceptional music of the Douglas Melody Men was appreciated to the full. A big crowd strolled in the shade outside the dancing pavilion came in for its full share of enjoyment too.

A unique experiment was staged Tuesday and Wednesday at the Moody Gas and Oil Station when a new lubricant, the "X-ray," was applied free to all comers on its merits as set forth in The Courier-Gazette's advertising columns tested out. The crew of mechanics who made the demonstration were delayed to some extent and found a large group of cars awaiting their attention. The steady stream of those desiring to be convinced filed through the station during two days and Proprietor Moody feels that his new product is now pretty generally known, for nearly 500 cars were treated.

FALL BROADCASTING BEGINS ON EASY ELECTRIC WASHERS

Special Terms of \$10 down and \$10 a month
make EASY Washer available in ANY home

Demonstrations To Be Given From September 2 to October 18

BEGINNING today, Thursday, Sept. 4, our customers are going to hear a lot about the EASY Vacuum Electric Washer.

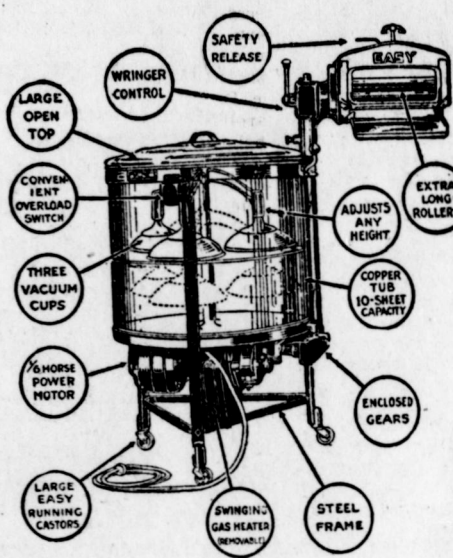

It's our semi-annual drive to better acquaint them with the time-saving, work-saving health-saving and money-saving features of doing their washings ELECTRICALLY.

Modernize the Home

In the mills, factories and offices you will find time-saving, work-saving, health-saving and money-saving appliances.

WHY NOT IN THE HOME FOR WOMEN TOO?

To do our part in spreading the advantages of washing electrically we are going to demonstrate in as many of the homes of our customers as possible the EASY Electric Washer.

We Guarantee the Easy

This is the same washer that we have been selling and standing back of for the past three years; it is the one we have selected to give to our customers the best service

and the most satisfaction in the long run; it is the one we—as their local merchant—GUARANTEE.

Many of our customers have already made up their minds to own an EASY—but NOT YET.

Either it's an automobile or the fall coal bill or one of the other things that must be done this Fall.

Special Terms

But a first payment of \$10 puts the EASY in your home. From that day on it will begin to pay for itself.

Every Monday that goes by without an EASY doing your washing you are wasting your time, injuring your health, doing more work and throwing away your money.

See the EASY Electric Vacuum Washer Today

Why not begin today to enjoy the advantages that other women are getting with their EASY. Call up our local store today and say, "I am interested in the EASY Electric Washer and would like to have you show me its advantages by actually doing a wash-

ing in my home."

It will gladly be done with no obligations on your part whatever. A telephone will probably get your demonstration among the first.

The total permanent population served by the Camden & Rockland Water Company is about 16,000, and by a special act of the Legislature the Company has a perpetual charter to furnish water for municipal and domestic purposes to the City of Rockland and the towns of Camden, Rockport and Thomaston.

The Company draws its main supply by gravity from Mirror Lake, located about seven and one-half miles from Rockland at an elevation of 373 feet above the sea level, and has a source of auxiliary supply at Chickawaukie Lake near Rockland from which water can be pumped into pipes leading to Rockland and Thomaston. The property of the Company consists of an efficient distributing system, comprising 79½ miles of mains, adequate and well constructed reservoir in Rockland and standpipe in Camden, modern pumping station (for auxiliary purposes), gate houses and pumps. The supply is sufficient to take care of the future growth of the communities, and the water in both lakes is of the purest quality.

HAVENER AND COUNCE

Bring Home Two First Prizes
From the Boothbay Harbor Muster.

Gaily decorated motor cars, with blooms projecting from them buzzed into the city Monday night telling to the world the glad news that the hand-tub Albert R. Havener won the capital prize at the Labor Day muster in Boothbay Harbor. Her throw was 295 feet, 5 1/2 inches.

Knox county gained further satisfaction from the fact that first money in the second class went to the hand-tub R. H. Counce of Thomaston, who threw a stream of 163 feet, 10 1/2 inches.

The muster was an affair of the Driggs Hand Engine League of Maine and was under the auspices of the Minnehaha Association. The first number on the program Monday was the parade. The Boothbay band, with drum major Edwin L. Emmons of Bath, led the procession. Following the band came the Minnehaha; the R. H. Counce of Thomaston; the Tiger of Hallowell with drum corps; Hecla of Randolph; Massasoit of Damariscotta; and the Androsoggin of Topsham.

The judges and officers of the league rode in engine led the second section of the parade, then came the Senator Baxter of Bath with their drum corps; Gen. Bates of Lisbon Falls; A. R. Havener of Rockland; Sagadahoc of Bath with drum corps and the Robert Cosgrove of Gardiner. The play-off the afternoon started at 1:30 with second class tubs on the stand first and was held in the Atlantic Coast Shipyard.

Second Class
Minnehaha, Boothbay Harbor—162 ft. 9 1/2 inches.
R. H. Counce, Thomaston—168 ft. 10 1/2 inches.
Tiger, No. 4, Hallowell—152 ft. 10 1/2 inches.
Hecla, No. 1, Randolph—162 ft. 9 1/2 inches.
Massasoit, Damariscotta—161 ft. 8 1/2 inches.
Androsoggin, Topsham—166 ft. 9 1/2 inches.

First Class
Senator Baxter, Bath—197 ft. 5 1/2 inches.

PARK THEATRE

The final showings of the Herbert Brenon Paramount production, "The Side Show of Life," featuring Ernest Torrence and Anna Q. Nilsson, which opened at the Park Theatre on Friday, will take place there this afternoon and evening. The story is one of society and the circus, with scenes in France and England.

"Boy of Mine," produced by J. K. McElroy for First National, is from the pen of Ben Alexander and will be shown at the Park on Friday and Saturday. It centers about a child, and while it is highly amusing to children, it is of even more appeal to adults. It is a human interest drama with a range of appeal that covers picture elements of all ages. The story has so cleverly built the story that children can focus eyes and thoughts on the actions of the juveniles and adults can look upon the child artists as merely incidental to the building of a great plot.

Ben Alexander, who played the role of "Penrod" in "Penrod and Sam," is seen as "Bill Latimer," a typical American small-town boy. Rock-liffe Fellowes, who was Ben's stern father in "Penrod and Sam," is seen in the antithesis of that type. This time he is a lover of children and a man who understands them—adv.

EMPIRE THEATRE

Today will be the final showing of "Being Respectable" featuring Marie Prevost, Monte Blue, Louise Fazenda and Irene Rich.

Sidney Chaplin, famous brother of the celebrated Charles Chaplin, returns to the screen to play a most important comedy role in "Her Temporary Husband," a rib-tickling farce which is to be the feature of the bill at the Empire Theatre on Friday and Saturday. It is a First National screen version of Edward Paulson's popular stage success of the same title. "Her Temporary Husband" is an exuberantly humorous comedy, centering about a young girl, who, to win a fortune, enters into a marriage within twenty-four hours. The girl not wishing to burden herself with the troubles and tribulations of matrimony, yet wishing to win the legacy, goes to a sanitarium and chooses as a husband a decrepit old man with one foot in the grave and the other on a banana skin, to later wake up to the realization that the man she really married was a young admirer who had made up to represent the older man. Owen Moore plays the part of the disguised invalid. Sidney Chaplin speaks the role of his valet, a lugubrious individual who has a peculiar faculty of always doing the right thing at the wrong time—adv.

STRAND THEATRE

From the gay whirl of English social life to the mystic sensations in the heart of the Libyan Desert, is the trip promised you if you will attend tonight's performance and see Fred Leroy Granville's unusual desert drama "Shifting Sands" with an all star cast. You will be accorded all of the heart interest and thrills surrounding a drama of love and the blistering Libyan Desert. The production has been made where the story was laid. The entire company, with all of the paraphernalia necessary, was transported from England to the town of Tripoli in South Africa and from thence to the interior of the Libyan Desert. Real Arabs have been used in the cast. You will receive the treat of a lifetime as you watch Peggy Hyland make the supreme sacrifice for the man she loves finally braving the hazards and dangers of the desert, alone, in her search for him.

Your Child's Health and Happiness

One of the most annoying and general complaints children suffer from is worms. You know the signs—constipation, dejected stomach, offensive breath, eyes heavy and dull, coated tongue, grinding of the teeth. Don't let the child suffer. Promptly give him

WORLD DOMINION BEING TRANSFERRED

Earth's Different Governments Seen Prophetically

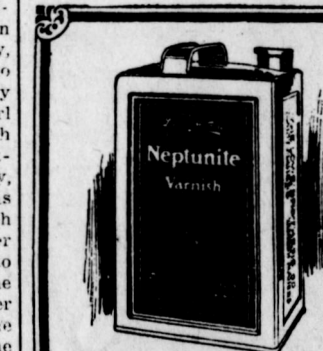

Ever since the World War, thinking people have wondered why such a catastrophe visited the earth. It was thought that war was fast becoming an impossible thing. But the rumbling of cannon and the tread of the soldier were clearly heard by those who had their ears to the ground. A few statesmen knew that war was inevitable; for there were great efforts at preparation made by some of the leading governments of earth. Those who were studying prophecy were confident that there would be at least one more great conflict.

When the trouble broke in 1914 many were surprised, and the surprise grew as the horror of bloodshed increased. The astonishment was even greater when the United States declared war and entered the arena. Clearly the vote of the people had been against it. Gallantly our young men responded to the call to arms. When the death-toll mounted into the millions many wondered if the end of the world was at hand; if not, and if there is a God, why did He not stop the war? Czar, Kaiser, emperor, king, dethroned and set at naught! What did it mean?

Another mystery, perplexing to the minds of the leaders, is, Why cannot the nations get back to normalcy? Why are the economic conditions disturbed to such an extent that it seems impossible to stabilize business and steady the nerves of the country? It is said that the answer is found in the Bible. The prophet declares that as Adam lost his dominion of earth, it is to be restored to the "Tower of the flock," a phrase which unquestionably refers to Jesus. God established a kingdom in Israel; but because of the wickedness of her kings it was overthrown "until he comes whose right it is," another reference to Jesus.

The International Bible Students Association has arranged for Mr. O. L. Sullivan to give a free lecture at the Strand Theatre on "World Dominion Being Transferred" in which the prophecies will be presented which describe the orderly transfer of the "kingdoms of this world" from under the selfish domination of Satan to the benign rulership of Christ. The lecture will be given at Strand Theatre, Sunday 2:30 p.m. (standard) and is said to be quite edifying and satisfactory in explaining the causes underlying the present world distress—adv.

New Beauty for Your Home

Just a little Neptunite Varnish will work wonders in your home. On floors, woodwork and furniture—on outside work too—it will renew, beautify and protect. There's a Neptunite Varnish for each purpose—and each one best for its purpose. And no Neptunite Varnish will ever turn white. It's proof against hot or cold water, even steam, snow or ice.

Never Turns White

WHO WILL TEACH

Supt. Hull Furnishes the Lineup For This Year's Educational Drive.

It is expected that the Rockland schools will open Sept. 22. An important change in the teaching staff occurs this year in the High School, where Alden W. Allen, a former Camden boy, succeeds Miss Anna E. Coughlin as principal. Other teachers in the High School faculty this year are: Charles C. Phillips, Anna E. Coughlin, Lena K. Thompson, Ruth P. Brackett, Reta E. Caldwell, Donald H. Cross, Ralph A. Hanna, Raymond Bowden, Ethel L. Howard, Doris L. Black and Marion Norton.

The grade teachers will be: Ellen Cochran, Rose C. Penney, Ella M. Blandell, Eleanor L. Griffith, Jessie L. Conant, Phyllis E. Brown, Ruth E. Staples, Ida E. Carey, Mary H. Nichols, Sara N. Jones, Hazel A. Mitchell, Elith M. Arey, Helen D. Perry, Maude A. Smith, Mae Perry, Lena Miller, Ellen P. Thompson, Anna C. Cormie, Elsie J. Perkins, Cora E. Hall, Veda McKenney, Jeanie D. McConchie, Eva M. Child, Carolyn Allen, Phyllis Wyllie, Thelma E. Russell, Mary A. Brown, Mary Buttner and Margaret A. Buttner.

The special teachers are: Alpheus L. Whittemore, Elizabeth R. Bean, Phillip A. Jones, Doris L. Black and Ruth E. Sanborn. This year arrangements have been made for a morning kindergarten to be held at the Grace Street School, and an afternoon session commencing at 1:30, at the Camden Street School. Children who are four years, 9 months old are eligible. There will be two specially trained kindergarten teachers in attendance. Pupils who are entitled to enter the 5th grade from the Highland School will report at the Tyler Building. Sixth grade pupils from Beane Hill will report at the McLain School. Detailed instructions regarding High School pupils will be announced by Principal Alden W. Allen.

A meeting of the grade teachers will be held Monday, Sept. 8, at 2 p.m. at McLain School.

RAZORVILLE

Mr. and Mrs. C. A. Capen of Augusta visited their cousins Jesse and Willard Overlook Sunday. They were accompanied by Mrs. Haley of Augusta.

The Adventist campmeeting closed Sunday evening after a very profitable session. A large number of excellent speakers have been present throughout and preached the real old fashioned gospel. A large crowd were present the last Sunday and nearly all came to attend the services at the large tabernacle. The camp was more than full in the morning and seating capacity in the grove was all taken in the afternoon. The evening services were evangelistic and these sermons were by Rev. James McLaughlin of Brockton, who held the attention of his audience every moment. The splendid singing was also a great feature for the success of the meetings.

Missionary Overlook went to South Liberty Saturday to officiate at the funeral of Mrs. Augusta Overlook. Both the boys and girls camps here left for their homes August 28. Each had a splendid summer. At the annual telephone meeting Saturday evening of the Washington Telephone Company the old officers were reelected. The company has extended their lines during the past year and closed the year with a small balance in the treasury which will enable them to do some very necessary repairs. They voted to divide line 6, now so heavily loaded that it is impossible to give good service. This will necessitate running a new line from the Central Office to Stickney's Corner which will be quite an extra expense, but the company felt that to give the patrons good service it should be done.

Roy Clark and family of Rockville visited his mother, Mrs. Minnie Savage Sunday, returning the same day.

CO. B VETERANS GATHERED

Only Three Members Able to Answer Roll Call in Person—Oscar Blunt President.

The 38th annual reunion of Co. B, 24th Maine Regiment, Infantry, Veterans, was held at the I. O. O. F. hall, Union, on Aug. 30, with the following program. Called to order by the president, Oscar Blunt of Thomaston; prayer, Mrs. Ermina Hawes of Thomaston; minutes read and accepted. The three members of Co. B surviving ten of Co. B who responded in person were Oscar Blunt, Benjamin Libby and Charles J. McCallum. John Boggs of Marlboro, Mass., although unable to be present sent a communication. The deaths of the widows of Charles Danton and William St. Clair were reported. Remarks were made by Mrs. Hawes and E. J. Kallach; also Comrades Libby and McCallum. Readings by Julia Libby and the secretary interspersed by remarks from the president. The meeting closed by singing.

A vote of thanks was extended to the I. O. O. F. for the use of their hall; also to the janitor for his kind service. The roll of the living members of Co. B is as follows: Oscar Blunt, Thomaston; John Boggs and Thomas Boggs of Marlboro, Mass.; Woodbury Carroll, Union; James Sidelinger, North Waldo; Mark Sidelinger, St. Cloud, Fla.; Charles J. McCallum, Benjamin Libby, William F. Cunningham and James R. Littlehale of Warren. The honorary members are Rev. H. W. Webb of Wiscasset; Allen Boggs of South Hope, and Mrs. Ermina Hawes of Thomaston. The old board of officers was elected for the ensuing year: President, Oscar Blunt; secretary, Mary E. Kallach, Warren.

Frederick Jordan Ranlett

From the Boston Herald of Sept. 1 the following sketch is reprinted. Three cousins of the deceased live in Thomaston—Mrs. William J. Tobey, Miss Clara Jordan and Frank H. Jordan.

Funeral services for Frederick Jordan Ranlett, Newton, and Boston lawyer and former member of the Massachusetts House of Representatives, will be held at his home, 357 Central street, Auburndale, tomorrow at 3.30 p. m. The Rev. George S. Butters of Newton will officiate. Burial will be in Newton cemetery.

Mr. Ranlett died from heart trouble late Saturday afternoon at a Boston hospital, where he was taken on Thursday afternoon, following a sudden attack while in the city on business.

He was born in Thomaston, Me., Nov. 17, 1857, a son of Charles Everett and Anna Maria (Jordan) Ranlett. His parents removed to Newton in 1866 and thereafter he was continually a resident of that city. He was graduated from the Newton High School in 1875 and received his degree from Harvard College in 1880.

While at Harvard he was an editor of the Harvard Advocate, president of the Signet Society, president of the Philosophical Society, a member of the Phi Beta Kappa and a member of the Omicron Psi and the Omicron Kappa.

For one year he acted as a private tutor, then studied at the Harvard Law School. He was admitted to the Suffolk bar in July, 1884, and thereafter practiced in Boston and Newton. In 1888 and 1889 he was a member of the Newton common council and the year following served in the Massachusetts House of Representatives. During the war he was a member of the legal advisory board of Newton and also government appeal agent in the selective service.

In 1919 he was appointed to the board of trustees of the Newton Free Library, and he was treasurer of that board at the time of his death. He was interested in the work of the Congregational Society of Auburndale. He recovered from a serious operation in 1921 and had been in good health since that time.

He is survived by his widow, two sons, and a sister, Miss Alice Ranlett of Boston.

Comfort Depends on the Shoes You Wear

You find foot comfort or discomfort in the construction of a shoe. It should not be necessary to "break in" new shoes. Shoes that are correctly built with consideration for the shape of the human foot, such as the Cantilever Shoe, fit every part of the foot comfortably—without pressure or restraint.

The flexible arch of the Cantilever Shoe works in harmony with the foot arch in every position of walking. This feature accomplishes a natural exercise of the foot muscles—strengthening and keeping the arch in a healthy condition. Where the arch of the foot has become weakened; it is advisable to exercise these foot muscles through the natural action of the Cantilever Shoe.

permits natural exercise to these muscles, thereby promoting good circulation and strengthening the entire foot arch.

Austin Hall is in Vinalhaven this week visiting Kilton Smith.

A four day motor trip which covered practically the entire state was concluded Saturday by Misses Kathleen Snow, Marion Norton, Ruth Spear, Pauline McLean, Doris Black and Nedra Willey. The tour was made in the Snow car.

Three little pianists of unusual talent entertained their parents and friends at a delightful gathering held at the home of Miss Elizabeth Carlin Tuesday evening. A varied and most interesting program was rendered. The children played with marked ability and a certain individuality of style and showed the careful training received from Miss Carlin. Those who took part were Flora Colson, Irene Norton and little Charles Haver.

Mrs. W. J. Perry is visiting relatives in White River, Vt.

Mr. and Mrs. Carus T. Spear and daughter Dorothy of Bangor accompanied by W. F. Manson and Charles T. Spear of this city, motored Sunday to Gardiner. From that point the men-folks continued to Bangley Lakes, making two stops which were of special interest to Mr. Spear. One was in Vassalboro, where he saw the old Quaker school house which he attended in 1865; the other was at the Little Blue or Abbott School in Farmington where he was a pupil in 1866 and 1867. Age views matters in a different light than youth, and Mr. Spear could not quite reconcile himself to the surroundings. He did, however, recall many pranks of schoolboy days and enjoyed the 224-mile trip immensely.

W. A. Perry, who has been the guest of his sister, Mrs. Frank Hadley, has returned to his home in Boston.

Mrs. Bessie Horton Gross of Stonington is visiting at the home of Capt. G. E. Horton. She is returning from Limington, Me., where she visited her sister, Mrs. Susie E. Cousins, who is matron at the Dormitory of the Limington Academy. Mrs. Cousins also had as a guest her sister, Mrs. H. D. Earle of Houlton, who was enroute for Boston and New York.

Mr. and Mrs. Jesse Feyler and Miss Norma Huntley have been spending the week at Mrs. Sarah Seavey's, Pleasant Point.

Mr. and Mrs. W. Ray Foster returned Tuesday from Portland and Kennebunkport, where Mr. Foster pitched for the Kennebunkport team Labor Day, against Sanford, winning 7 to 2. They were guests of Mr. and Mrs. William Hoffses in Kennebunkport Sunday at "The Green Heron."

Drs. T. L. and Ruth McBeath, daughter Barbara and son Billy are visiting Dr. Ruth McBeath's aunt in New York.

Mrs. R. L. Wiggin entertained a picnic party at her Crescent Beach summer home yesterday.

Linwood Rogers and Irving Tuttle left on last night's boat enroute to Kirksville, Mo., to take up the study of osteopathy. These are two of Rockland's most popular young men and take with them the best wishes of the community. Mr. Rogers has been connected with Maynard S. Bird & Co. in the insurance business for several years and has been active in all branches of athletics. Mr. Tuttle has been with Huston-Tuttle, Inc.

PURSE OF GOLD

Among the Golden Wedding Gifts For Mr. and Mrs. William C. Dwyer.

Mr. and Mrs. William Clark Dwyer observed their golden wedding anniversary last Saturday at their home in Martinsville, where they have resided the past 38 years.

A RECIPE FROM OLYMPUS

Take one Bulk touring, crusty, but full of pep) throw back the top to allow greater speed, and fill with gas and oil. Then sprinkle in six Rockland young ladies, taking pains to skin off dull care. Stir in a generous portion of glorious youth and season well with the joy of living and a healthy expense account. Then turn on the juice until she clicks and hick the starter. Hit every county in Maine except two under ideal conditions, then turn back the speedometer 1000 miles to fool (?) Cap'n Dade and roar back into town Saturday night, dusty but hilarious. Carefully place on memory's highest shelf and label "The End of a Perfect Week." G. H.

WHITE OF THE SECOND DISTRICT

Official Record of Our Congressman Who Has Served His Constituents With High Distinction.

Maine has been noted for its influence in the National Congress. The secret lies in the habit of Maine voters to keep their good men in the harness. Ordinarily it requires two terms for a new member of the House of Representatives to "learn the ropes" and become of any special influence. Maine has learned this

Congressman Wallace H. White, Jr.

lesson; and during the last forty years has directed national policies in a large measure.

The second Maine district has been fortunate in being ably represented, and in exercising a powerful influence not only on the state delegation but in the councils of the Nation.

This good fortune remains to this day; and soon the voters will have an opportunity to maintain the traditions of the district and the state, by keeping a good man in Congress.

Representative Wallace H. White of the second district, inheriting the political ability and the good sense of his distinguished grandfather, Senator William P. Frye, began public life here in Washington under the instruction of that Maine statesman. He absorbed politics and breathed the atmosphere of big things. He could not help growing in ability and power. He saw how the statesman worked, and how the wheels of legislation ran. It was perfectly natural and logical that Wallace H. White should be Congressman. It was in the blood.

Mr. White was first elected to the 65th Congress, and took his seat when the extra session convened in April 1917. His entrance into the halls of Congress was coincident with tremendous and momentous events. The atmosphere of Washington and the whole country was charged with war. The most exciting event in Congressional history since the Civil War took place only a few days after Mr. White was sworn in. He heard the President read his war message, listened to the memorable debate that followed, and cast his first vote in favor of the resolution declaring a state of war to exist between the United States and Germany. Few members of Congress ever have such a dramatic initiation into the halls of national legislation.

Like his grandfather before him, Representative White had a natural bent for shipping, and devoted much of his time during the first few months of his congressional career to shipping legislation. His first speech in the House, September 28, 1917, was on a bill "giving the United States Shipping Board power to suspend the present provisions of law and permit vessels of foreign registry and foreign built vessels to be admitted to the American flag, to engage in the coastwise trade during the present war and for a period of 120 days thereafter, except in the coastwise trade of Alaska."

Mr. White had the distinction of being the junior member of the Committee on Merchant Marine and Fisheries. An effort was made to have Alaska included in the bill. Mr. White said: "With respect to the Alaskan situation, Canadian vessels are in Alaskan waters waiting like vultures to pounce on the American trade when once it is opened up to them. If that condition is permitted, you will have American ships driven from every trade where they have come into competition with subsidized foreign ships. Then you will have non-competitive rates determined and fixed by hostile and foreign interests—Speaking generally, I have come to support this bill with great reluctance and with the greatest misgiving. I want to see a merchant marine built in America, flying the American flag, commanded by American officers and sailed by American seamen—a marine bound in loyalty and interest to America. (Applause). I view with the greatest apprehension any modification of a policy which this country has followed for more than 100 years with the most beneficial result—but as an emergency measure I am obliged to support the bill. It is a compromise, and I earnestly hope it will have the approval of the House without further modification. (Applause)."

In the same session of Congress, Mr. White came to the support of measure proposed by the Wilson administration, including the war revenue bill, the national defense bill, the bill to increase the military force, and the selective draft bill. He was not partisan but a patriotic American. In the second session of the 65th Congress which met in December

Merchant Marine bill of 1920, and voted "yes" for the bill June 4, 1920, March 5, in the same session, he voted for the appropriation of \$50,000,000 worth of flour to help the starving in Russia. He voted with his party associates in the controversy with President Wilson over the resolution terminating the war with Germany; over the President's veto. In the third session of the 65th Congress, Mr. White spoke on the Alaskan fisheries, wrote the report on the proposition to protect the fisheries. Also he voted to revive the War Finance Corporation, (over the President's veto) to extend help and credit to the farmers. He voted for the bill to limit immigration, and recommended to this position by Secretary Hughes and Secretary Hoover. Mr. White was in Mexico City several months last spring.

In the second session of the 67th Congress Mr. White introduced a bill to amend the laws to regulate radio communication. Out of his study of radio communication, Mr. White later was appointed by President Coolidge one of the three Americans to represent the United States at the conference in Mexico City. He was recommended to this position by Secretary Hughes and Secretary Hoover. Mr. White was in Mexico City several months last spring.

In the first session of the 67th Congress, he introduced 26 bills and resolutions, spoke on the Budget system, appropriation bills, the radio communication bill (which if passed would have reduced Maine's representation by one member) on the bill for the care of disabled soldiers, and the tax revision bill. He supported the emergency and Fordney-McCumber Tariff bill, and November 1921, voted for the maternity and infancy bill.

In the third session of the 67th Congress Mr. White spoke several times on the ship subsidy bill, and in the fourth session of the same Congress supported the bill to adjust Great Britain's debt to the United States, and the rural credit bill, to help the farmers.

Mr. White's work during the first session of the present (the 68th) Congress, has been devoted largely to the subject of radio legislation. He prepared and introduced a bill to regulate radio communication, and to place it under the Department of Commerce.

During the last three years, Representative White has grown to a position of marked influence in Congress. He is a member of the Committee on Merchant Marine and Fisheries, Chairman of the Committee on Woman Suffrage, Chairman of the Radio Committee of the House, and Chairman of the special committee appointed by the Speaker of the House to study the policies of American shipping. This committee has made an exhaustive investigation and will make a report to Congress next December.

Representative White is a ready and clear speaker, always making an impressive appearance on the floor of the House. He is an authority on shipping and radio matters, and is needed in the next Congress. He is conservative and sane, and possesses a large amount of what President Coolidge says the legislative part of the Government needs, common sense.

The second Maine district will serve the country and honor itself by returning Representative White to the next Congress.

GOLDEN ANNIVERSARY

All But Two of Mr. and Mrs. Elwell R. Moody's 40 Descendants Present.

Mr. and Mrs. Elwell R. Moody of Warren lately celebrated their golden anniversary by having their family home for the evening. It was meant to be a surprise to the parents, but they learned of it and were ready to greet their guests when they arrived. Mr. Moody even wearing his wedding

coat, which had been packed away for 50 years.

Elwell R. Moody was born in November 72 years ago and came to Warren to work, remaining there ever since. Mrs. Moody, whose maiden name was Annie Mank, was born in the house where her whole life has been spent.

With their seven children, all married, 21 their grandchildren and one great-grandchild the family numbers 40, and all were present except one granddaughter and her mother.

The evening was happily spent and refreshments of cake and ice cream were served. Mrs. Barrett Cotton, the oldest grandchild read the following written by Mrs. A. J. Moody:

Some fifty odd years ago to the town of Warren came a gay and active, brisk young man, Elwell Moody was his name.

He went to work for Ellis Wade, and by that act changed his life. For in that house there dwelt a maid destined to be his wife.

A pleasant thing it proved to be—he worked out-doors and she inside. They planned to keep it up for life and she became his happy bride.

In her old home they settled down, prepared to start on their life work. They found it uphill task sometimes, but neither one was known to shirk.

Their work went on and children came; the first arrival was a boy. The years brought many others and each one increased their joy.

As time went on the children grew, each arrived and away did roam. But still the dear old farmhouse, with the parents there meant "home."

Two grandchildren at this time also are "old." One has a little baby, the one great-grandchild, Fred.

Tonight they have come together, children and grandchildren dear. They've gathered and planned this meeting and have come from far and near.

Yes, they've planned for quite awhile, some come from far away. To celebrate what occurred 50 years ago today.

As your oldest grandchild I ask that you accept with our love true. What your first-born child is becoming and presenting unto you.

As your eldest he presents it as a token from his love so dear. We hope that you'll enjoy it and remember. That we had a joyful gathering on your Golden Wedding Day.

When Mrs. Cotton finished reading Austin J. Moody, the eldest of the family, presented his parents in behalf of those present with a gold-lined dish containing gold pieces. The parents, though much affected expressed their thanks and the remainder of the evening was spent in recalling old times. These presents were Mr. and Mrs. Austin J. Moody, George Moody and Mr. and Mrs. Barrett Cotton of Rockland, Mr. and Mrs. L. D. Gammon and family, Mr. and Mrs. W. A. Moody and family, Mr. and Mrs. H. D. Post and family, Mr. and Mrs. H. G. Barrett and family, Mr. and Mrs. William Burgess and family, all of Warren; and Mr. and Mrs. L. L. Webster of Waterville.
