Editorial Note: Accidentally killed by gun shot. Captain C. L. Lovel, aged thirty years of West Ellsworth, was instantly killed while attending to a private errand in the vicinity of his residence. Lovel was a member of the local volunteer fire department and was well-known in the community. His death is a great loss to the town. His wife and family are left to mourn his untimely death. May he rest in peace.

The Hancock County Savings Bank of Ellsworth, Maine, has made a significant announcement regarding dividends. The bank has declared dividends for the second quarter of the year. These dividends reflect the bank's continued financial stability and growth. Dividends are a common practice for banks as a way to distribute profits to their shareholders. This news is encouraging for those who hold shares in the bank, as it indicates a positive financial performance.

Every woman knows that fine silks make finewaists, but do you know that fine silk also makes fine flour! We buy the very finest silks for use in sifting.

**WILLIAM TELL FLOUR**

![Image of William Tell flour]

Every pound of William Tell is sifted through the silk, not once, but thirteen times.

After this sifting, the flour simply must be clear—it must be fine—it must be pure.

Rich, wholesome, white bread, with a delicious "warm back" for every favor, and a head that cuts in a fine, even stream—that's what you get when you use William Tell.

Try it—one, anyway—and see. Just tell your grocer.

—William Tell.

Any room a cozy corner—in a few minutes

It isn't necessary to "rush" the heater half an hour just to make the one room you are to use comfortable. Drains will be kept in through window sashes and door jams. But you needn't heat up the whole house just to keep your favorite corner soft and cozy.

A Perfection Oil Heater alone or and the window or door will make it a warm and beautiful room.

Thousands of families find “Perfection” heating most economical.

It is an expensive luxury to keep cold, dark rooms and halls heated all the time. Keep the house warm all over with your farmors or stoves heated and then bring the room you are going to use up to 70° or 72° with a Perfection Oil Heater.

The Perfection is so convenient that it has a store of practical uses—driving clothes on rainy days; heating water for shaving; getting up in the morning in the sewing room.

Progressive householders—housekeepers and departments store all Perfection Oil Heaters—blue or black finish, with or without nickelcd trimmings. Burn about 19 hours a gallon of kerosene. Let your dealer show you one. For best results use imported Kerosene.

PUBLIC OPPOSES RETIRING AGE.

Canvas of 5,154 Editors Shows 4,460 Communities Against Socialist Growing.

OPPOSITION GROWING

Eighty-four Per Cent in 1920 as Against 85 Per Cent in 1919.

The Pacific News Service's canvass for a recent issue showed that the opposition to retiring age is on the increase. The percentage of communities against the plan, according to the canvass of 5,154 editors, was 84.58 per cent as against 85 per cent in 1919. This result was taken as a test of the propaganda for the plan.

The canvass included 13,517 communities, and the percentage for each community was determined by the vote of the local editors. The percentage was then averaged for the entire country.

The majority of the communities included in the canvass were in the western states, where the opposition to the plan is strongest. The percentage of communities opposing the plan in the western states was 85.52 per cent, as against 84.58 per cent in the eastern states.

The canvass also showed that the opposition to the plan is growing stronger in the large cities, where the proportion of communities opposing it was 86.02 per cent, as against 84.58 per cent in the smaller cities.
