"No habit is so easy to form, none so hard to break, as that of reckless spending. On the other side, none is more certain to contribute to security and happiness, than the habit of thrift, of savings, of balanced budgets and living within incomes. If I could urge upon the American people a single rule applicable to every one of them, it would be to learn to spend somewhat less than your income all the time."—Calvin Coolidge.

The Rockland Gazette was established in 1846. In 1874 the Courier was established and consolidated with the Gazette in 1882. The Free Press was established in 1855, and in 1891 changed its name to the Tribune. These papers consolidated March 17, 1897.

Considerable favorable comment has been attracted by the new steel and glass sign installed by Dr. F. H. Stahl. It is 6 feet high and 2 feet wide of fireproof construction with its main figure a human spine, the foundation of chiropractic.

SOME SMART PULLETS

Editor of The Courier-Gazette:—
I have 34 pullets hatched in April and May, 1925. They laid their first egg Sept. 7, since which time until April 7, 1926, they have laid 2,479 eggs and are now laying from 24 to 28 eggs per day. They are Rhode Island Reds, Sanborn strain, single and rose comb.

OUR Greatest Asset

"Boys' Week" is rapidly becoming the main subject of juvenile conversation and it must be confessed, adult as well. The whole city remembers the marked success of the 1925 Boys' Scramble. This season a more ambitious program has been undertaken.

The first event of the series will be the Boy Scouts' Court of Honor observation in the High School auditorium the evening of May 6. A

class of 75 boys will face the court and go through the impressive ceremonial. Parents and citizens are invited, especially younger citizens.

Boys' Day in School is the name given to the observance of May 7. On this day the boy will study and as far as possible assume the civic duties of the man. The duties and functions of citizenship and the responsibilities and privileges of manhood will be impressed upon the boys. Many innovations are planned and some departments of city administration may be actually operated by the boys themselves that day.

Sunday will be Boys' Day in church with all the local churches participating in the special series for boys. A drive is to be made for a full attendance of boys, young men and old men—all boys at one stage or another of development.

The great climax will be the Monday Scramble. Rotary and Forty club members have pooled interests to put the great boys event over. Last year's Scramble was successful beyond the fondest dreams of its promoters. This year the same committees that worked last year have been retained and their personnel increased to make the day a boys' paradise. Profiting by last year's experience the details can be worked out to the final degree and every boy available made a participant in the great joy-fest. The destination of the rollicking automobile cavalcade has not been selected and even after selection will be kept secret but it will be ideal, every effort will be made to give the boys the time of their carefree young lives and it is hoped that last year's 75 cars in line may be doubled.

Whoop or up! It's for our boys—Rockland's greatest asset—her men of tomorrow.

A BIG BUSINESS DEAL

W. F. Senter of Brunswick Buys Talbot Block and the
Business of the W. O. Hewett Company.

Rockland business circles will be treated to a profound surprise today, when they learn through this announcement that Talbot block and the business of the W. O. Hewett Co. have been sold.

The new owner is W. F. Senter of Brunswick, who already operates dry goods stores in Brunswick and Damariscotta, and who is accounted one of the State's most enterprising and successful merchants. He assumed charge this morning, but the store will be closed for several days, pending adjustment of conditions to the new program. The date of reopening will be duly announced.

Important as the deal is it had been in the making only a few hours. Mrs. Emma P. Prohock, president of the W. O. Hewett Co. has been actively identified with the business since its establishment by her

above referred to.

Prior to engaging in the dry goods business about 1869, the late William O. Hewett was in the grocery business with the late G. A. Safford, under the firm name of Hewett & Safford.

Then was formed a dry goods partnership under the title of Hewett & Fogler, whose place of business was at the corner of Park and Main streets in the store now occupied by the Kiltredge Pharmacy. J. F. Fogler, the junior partner, was succeeded by Joseph Jackson, and the firm style became Hewett & Jackson. Mr. Jackson is at present a resident of California.

The firm's first move was to the brick block which stood at the corner of Main and Spring streets on the site of the Security Trust Co.'s bank building. The W. O. Hewett Co. was formed in 1903, and the business in 1910 was removed to its present quarters in Talbot block, to which was added a fourth story after its acquisition by the late David Talbot.

This block will serve not only as a lasting monument to the progressive business spirit of the late Mr. Talbot, but to the business firm which has so long been a factor in Main street affairs, and the son, William D. Talbot, who has conducted the business successfully since the death of his father, and who will now devote his time to investments and the handling of the estate.

The new proprietor is a native of the Granite State. He entered the employ of C. F. Hovey & Co. of Boston at the age of 14 and three years later went on the road as salesman, with the State of Maine as his territory. After 18 years of this service Mr. Senter decided to go into business for himself, and selected Brunswick as the locality in which he would begin his mercantile career. Last August he established the branch store in Damariscotta and placed his son, Murry Senter, in charge.

Mr. Senter is vice president of the Union Bank in Brunswick, and a Rotarian, very active in the affairs of his town, the citizens of which will be well pleased to learn that he has no present intention of changing his residence.

father, the late W. O. Hewett, about 58 years ago, and owing to the condition of her health did not feel able to devote as much time as formerly to the store. William D. Talbot, treasurer and manager of the W. O. Hewett Co., has been with the concern more than 20 years, and since the death of his father, David Talbot, has been confronted with so many new cares and responsibilities that it has not been possible for him to devote his full time to the management of the store.

In the course of a casual conversation with Mr. Senter in Brunswick Mr. Talbot alluded somewhat to this situation, and found an unexpectedly interested listener. The upshot of

PITCHERS SCARCE

Rockland High School Somewhat Precariously Fixed
In That Respect.

"Rockland High School, like all the other schools, is way behind in its season's work," says Coach Jones, "and this delay makes it almost impossible to size up the team, as I did not coach baseball last year. So for that reason I must have a little time to study my boys and see just what I think they can do. I will say that Rockland has a lot of youngsters who are willing to fight, and with that spirit they are bound to give the other teams a little work."

"We have a large squad this season and it is going to mean that some of the new candidates will be taking the positions of last year's men unless those who played last season improve with their hitting."

"Of last year's team Captain Field is left as the mainstay of the outfield, although McLean is still in school and should be able to take care of part of that work. The one pitcher left is John Flanagan who has studied to consider as well as last year, and this applies to Jim Flanagan, who should be playing in the infield as he did a year ago."

"Palmer Pease, Emory Trafton and 'Gabby' Fowler are the letter men remaining, and have had infield experience."

Foster Field is captain of the team this season, Raymond Pendleton is manager and Philip A. Jones is charged with the duty of teaching the young idea of how to hit, field and run bases.

The season's schedule follows:
Saturday, April 24—Rockland at Belfast.
Wednesday, May 5—Rockland at Vinalhaven.
Wednesday, May 12—Rockland at Lincoln.
Saturday, May 15—Belfast at Rockland.
Wednesday, May 19—Rockland at Camden.
Saturday, May 22—Lincoln at Rockland.
Saturday, May 29—Vinalhaven at Rockland.
Saturday, June 5—Rockland at Thomaston.
Saturday, June 12—Thomaston at Rockland.
Wednesday, June 16—Camden at Rockland.

CAPT. COTTLE SOLOQUIZES

Editor of The Courier-Gazette:—

Then from the walking birds the lark arose
Singing, and sang once more; the glowing
stream
Laughed in the lazy sunlight; and o'er all
There came the warm, sweet breathing of the
spring.

Perchance it is a trifle late in arriving this year Way Down in Maine, but come it surely will, and "The desert shall rejoice, and blossom as the rose." Isn't it truly wonderful? And still the fool hath faith in his heart, "There is no God." How poor indeed a person must be who does not see the Almighty's hand in the varying seasons of the year, the seed-time and the harvest, regularly following, year after year.

God moves in a mysterious way
His wonders to perform.
And we his creatures take it as a matter of course, if the spring is late we rave and rail; if the summer is hot and the winter cold we do the same; forgetting the fact that
Behind a frowning providence
He hides a smiling face.

Think what would happen if this earth of ours didn't move on in the even tenor of its way, and we went back again to the ice age in our temperate zone.

This earth, how hangs she in this airy space,
Forever with her stupendous power and grace
Revolving in her huge appointed way,
Since first she felt the sun's attracting ray.

Still some of our friends tell us, "There is no God."

God, Light and Life, eternal and the same!
We rest in earth; in rain, and in air,
Thy power, thy love, thy beauty everywhere.

YOUR FAVORITE POEM

"Whatever your occupation may be, and however crowded your hours with affairs, do not fail to secure at least a few minutes every day for refreshment of your inner life with a bit of poetry.—Charles Elliot Norton.

LOVE'S ROSARY
All day I tell my rosary
For now my love's away;
Tomorrow he shall come to me
About the break of day;
A rosary of twenty hours,
And then a rose of May;
A rosary of fettered flowers,
And then a holy-day.

All day I tell my rosary,
My rosary of hours;
And here's a flower of memory,
And here's a hope of flowers,
And here's an hour that years with pain
For old forgotten years,
An hour of loss, an hour of gain,
And then a shower of tears.

All day I tell my rosary,
Because my love's away;
And never a whisper comes to me,
And never a word to say;
But, if it's parting more endears,
God bring him back, I pray;
Or my heart will break in the darkness
Before the break of day.

All day I tell my rosary,
My rosary of hours,
Until an hour shall bring to me
The hope of all the flowers...
I tell my rosary of hours,
For O, my love's away;
And—my dream my bring him back to me
About the break of day.
—Alfred Noyes.

TALK OF THE TOWN

Sidney Bird came home from Bowdoin College to spend the holiday.

King Hiram Council, is making ready for a May meeting which will be held on the 7th.

Beam trawler Osprey arrived at Portland Tuesday with fish for Burnham & Morrill.

Schooner William Booth is discharging coal at Dark Harbor from the work being done by stevedores from this city.

Steamer Belfast of the Eastern Steamship Lines, arrived in Boston Tuesday from Winterport, and landed off for repairs. The Camden takes the run.

The regular meeting of the American Legion Auxiliary will be held Monday evening at 7.30 in the Legion hall. There will be no supper Saturday owing to illness among the membership.

It is reported that the new plant of the New England Portland Cement & Lime Co. on the Thomaston road will begin line manufacture in July. Fifty men are now engaged in construction work there, and to those who have never visited the plant the extent of operations is sure to be a revelation.

Three runs were made by Chemical 2 Monday: a chimney fire at the house corner of Knott and Warren streets; a grass fire near the Chapin house on Simmons street and a chimney fire at the Littlefield Memorial Church. This latter was particularly stubborn. But one run was made yesterday and that to a Northend grass fire.

The city is apt to be full of Lions during the week of June 14. Delegates to the district convention in Portland are to be entertained with automobile rides to various parts of the State, and Rockland is included in the tentative itinerary. Walter W. Morse, well known in this city, is chairman of the district convention committee.

The Courier-Gazette Tuesday had the pleasure of a call from Nelson G. Morton, who has been on the Boston staff of the Associated Press the past 25 years. Mr. Morton's visit to Maine at this time was due to the fact that he has a daughter at Colby College, but he also improved the opportunity to call upon some of the Maine A. P. correspondents and spot a few good news features.

The Rockland High School team is scheduled to play its first game Saturday afternoon when it faces Crosby High in Belfast.—The Belfast diamond was still covered with snow at last accounts but may be in suitable condition Saturday. Jimmy Davidson, the Gardiner boy now twirling for Holy Cross, was beaten in the ninth inning Patriot's Day when with two men on a Holy Cross infielder made an error. Davidson held Dartmouth to three hits and had apparently won his game when the break came for the "Big Green."

The basketball dance at the High School takes place tomorrow night. The boys and girls have united to make this a happy closing event to a very successful season. Both teams won their two-county championship and the girls went through the season with an unsullied record. Now they wish to have gold basketballs as mementos of the season and this dance is to be the means to the end. It behooves the admirers and supporters of both teams to be on hand and if they don't feel like dancing, applaud from the galleries. The famous Jazzonious Orchestra will provide the music and the opening hour will be 8.30.

Mrs. Hazel Ross, formerly of the Knox Beauty Parlors, has associated herself with the toilet parlor of Mrs. Ray Erskine, where she will do manicure and will be very glad to meet her former patrons. Mrs. Ross is a graduate of the Mansfield Academy of Boston.—adv.

Manager Dondis has secured a brand new attraction for the Strand Theatre all next week. Get ready for the Lion Bros indoor circus. 14 acts, hand-painted, featuring all kinds of trained animal acts, trapeze and breath-taking acrobatic stunts and clowns. Everything in the form of a circus, except the tent; but who wants to sit in a tent when they can go to a warm theatre and enjoy comfortable seats? Change of program, scenery, costumes and vaudeville acts on Monday, Wednesday and Friday. Added feature pictures will be shown with the circus. Reserved seats now on sale at popular prices.—adv.

The last and most important rehearsal for the cantata "Dechany" will be held at the First Baptist Church Friday at 7.30 p. m. All the choir and soloists are to be present.

Boxing, wrestling and a real musical treat are to be among the features of the smoker given by Winslow-Holbrook Post in American Legion hall tonight. The program begins at 7.30 and the Legionnaires and other ex-service men are advised to be there early and stay late.

Frank Butler and Fred Carini have leased Knox Trotting Park and are in hopes to revive it from its long slumber in season to have some good races July Fourth. The large stable is being repaired, and just as soon as the frost is out the work of putting the track in condition will begin. So that horses may be trained there. Turfmen have long wanted to see the old Knox track come back, and will take their hats off to the spunky couple which has had the courage to essay the task.

The Baptist Men's League held its regular meeting of the season last night but it was not content to stop there, and again voted to have the popular May meeting which is always featured by strawberry short cake and fish's. The committee in charge of that special meeting comprises E. L. Brown, A. E. Brumberg, and F. A. Winslow. Ernest E. Hagar, Arthur L. Orne and W. M. Little was appointed a committee to nominate officers and report at the next meeting. George Hamlin was admitted to membership. Treasurer Almon Bird reported the treasury balance at a low ebb, which inspired Secretary Brumberg to make an appeal for payment of delinquent dues. Prof. Eulich of the University of Maine gave a delightful series of readings, and even at the conclusion of an hour's program the members were insistent upon an encore.

The publicity bureau came in for a lively discussion at the Forty Club luncheon Tuesday and the club enthusiastically voted to get behind the project and render very substantial financial assistance. As outlined at the meeting the bureau will be located in the lobby of the Rockland Hotel and be operated under direction of the Chamber of Commerce for the three summer months. The Forty Club will operate a series of dances to raise the funds. Ralph Tardiff, manager of the basement department of the Fuller-Cobb-Davis store, was admitted to membership. Rev. C. A. Knickerbocker was the speaker and gave a brief but impartial and comprehensive survey of the matter of the foreign loans of the United States. He stated the position of the government which had spent \$40,000,000, ten of it loans, and now desires the contracting parties to arrange for payment on easy terms covering a period of 62 years. On the other side he told of the English, French and Italians giving their life-blood during the 15 months of our preparation and of the havoc they suffered. Too he noted the over-stimulation of German industries which are today flooding the world market, while her competitors are crippled. This was followed by an earnest plea for our government to follow the "disinterested" plan of debtor-generosity adopted by Lord Liverpool in England in 1815.

Supt. D. Webster of Bangor made an official call at the local express office this week.

Up to yesterday noon City Clerk Keene had issued licenses for 136 dogs. And the end is not yet.

The speaking contest of the L. T. L. to have been held Friday, has been postponed. Regular meeting next Wednesday, the 28th.

The Eastern Star will have a meeting Friday with supper at 6.30. Those not solicited will take pastry. Meeting follows the supper.

The regular meeting of the W. C. T. U. will be held at the home of Mrs. George A. Brewster, 43 Rankin street, Friday afternoon at 2.30.

A dance that will eclipse the Community Ball of Washington's Birthday last is being planned by the Forty Club. It will be a May Ball, the date to be announced in the immediate future. The place will be the Arcade.

Knox Lodge of Odd Fellows has a class of 12 candidates awaiting the third degree next Monday night. Grand Master Wyman P. Wadleigh of Bar Harbor and Grand Chaplain Ashley A. Smith of Bangor have been invited.

Rev. W. S. Rounds, Capt. Israel Snow, Clarence E. Daniels and Almon P. Richardson attended the Rotary convention in Manchester, N. H., last week and report a very notable event, with an attendance of about 1000, some very capable speakers, and one of the finest dinners they ever saw served on an occasion of this sort. The trip was made in Capt. Snow's car with the gallant captain, himself, at the wheel.

Nelson B. Cobb and Ernest C. Davis, who have been operating an antique business in this city for a number of years, have now incorporated under the name of Cobb-Davis, Inc., according to papers filed yesterday at the Knox Registry of Deeds. The capital stock is \$100,000, and the corporation is formed for the purpose of carrying on a general merchandising and real estate business. The corporation officers are: President, Rose W. Davis; vice president, Nelson B. Cobb; treasurer, Ernest C. Davis; clerk, Charles T. Smalley.

MORE BRIDGE BORINGS

Engineer Allen of the staff of Dr. J. A. L. Waddell of New York, consulting engineer for the Kennebec bridge commission, resumed borings yesterday in the Kennebec river. Work was held up all winter because of drift ice but with the clearance of the river Tuesday conditions are nearly back to normal and now safe enough for him to resume the work which he was obliged to stop during the winter. These borings will be made as speedily as possible that the final draft of the plans may be completed in order to give the bridge builders the necessary opportunity to study them and submit their bids which will be opened by the commission at the State House, Augusta, Tuesday, May 4.

FR. REILLY DEAD

Matthew W. Reilly, recently appointed rector of St. Dominic's Catholic Church in Portland, died yesterday, after an illness of less than two weeks. Burial will be in Bangor. He came from South Brewer, where he was pastor of a church. During his service in Penobscot valley he erected seven churches. He was State chaplain of the Ancient Order of Hibernians. Father Reilly was born in Frankfort, in 1863; the son of James and Mary Reilly and one of 12 children, 11 of whom lived to maturity. He was a graduate of St. Mary's College at Van Buren and of the Grant Seminary in Montreal. Fr. Reilly was a brother of Mrs. Eugene Harrington of this city.

UNION

Mrs. Patience E. Newbert, 77, widow of William T. Newbert, died at the home of her son Lionel, after several weeks of illness. She was born in Lincolnville, a daughter of the late Thomas and Abigail Knight. She was much respected and a good neighbor. She is survived by two brothers, Nathaniel and George A. Knight, four sons, Lionel of Union, George of Vinalhaven, Ralph of Holden, Leander of South Hope, and three daughters, Mrs. J. T. Smyth of Camden, Mrs. Foss Murray and Mrs. Leonie Maddox both of Union. Services were held Tuesday. Interment was in Pine Grove cemetery, Appleton.

PETER PAN BEAUTY SHOPPE

Miss Helen R. Burns Will Open Attractive New Parlor Saturday.

Saturday afternoon and evening will see the opening of the Peter Pan Beauty Shoppe, located over the Vesper A. Leach specialty store, and presided over by Miss Helen R. Burns of this city. Miss Burns is a graduate of Dr. Merton's School of Beauty Culture, Boston, and prior to going there had practical experience in the Roseway Beauty Shoppe. At Merton School Miss Burns made a specialty of chiropody and purposes in the Peter Pan to make the chiropody an important department. The rooms are finished in blue and French gray and the tasty red furniture is in shades to match. The comfortable rest room is large and airy. The work shop is divided into three well lighted booths finished in white enamel and equipped with modern apparatus. The whole is carpeted in blue and gray linoleum in harmony with the general color scheme. For the present Miss Burns plans to operate the shop alone but will add assistants as needed. She includes manicuring, shampooing, waving, facial and body massage, taint tinting, superfluous hair removal and a specialty of chiropody and all foot conditions.

There used to be a popular song which dealt with being in the right church but wrong pew. It had nothing on The Courier-Gazette which Tuesday published a picture of the Catholic church in Camden and labelled it "Galilee Temple." At last count 231 persons had telephoned in to notify this paper of its error. All of which goes to prove our long established theory that if you want to know whether an article is read, or not, have a mistake in it.

WHAT KIND OF A STAND ?

Shall It Be Of Wood Or Concrete, and Shall It Be Built Some Time In the Present Year.

At the meeting of the Rockland Community and School Improvement Association Tuesday night varying opinions were expressed as to what disposition should be made of the money in the treasury. A. C. McLoon again staunchly advocated the erection of a grandstand at Community Park as a continuation of the systematic plan to make this one of the best athletic fields in the State. He found opposition only on the ground of ways and means for the fund in hand it would be impossible to build and pay for a suitable stand this year.

The blue prints submitted by Mr. McLoon contemplate a wooden stand with cement piers, costing between \$2300 and \$2400, exclusive of the necessary plumbing and sewerage for toilets and shower baths.

A difference of opinion was early manifested as to the character of the stand which should be erected. Some thought that a wooden stand would answer for many years; others favored a modern concrete stand which would be permanent. Opinions also differed as to whether the stand should be erected behind the catcher as is customary in baseball parks, or whether it should be on the sidelines like the modern stadia which are now being erected on athletic fields. Examples are seen in the comparatively new stands at Maine and Colby, while the Bates grandstand is also on the sidelines, mid-field.

In the end three committees were appointed—one to determine a systematic campaign of improvements at Community Park, one to ascertain the cost and feasibility of building a grandstand this year, and one to consider the matter of future fairs or entertainments for raising funds to carry on. It seemed to be quite the consensus of opinion that there would be no community fair next winter, but that some open air entertainment might be held in the summer of 1927.

Tuesday night's meeting and banquet were held in the Thorndike Grill, with President Fred C. Black ably handling the reins. Welcome was extended to the four new members of the Association, Donald Leach, L. B. Cook, William C. Bird and Arthur P. Lamb. There were continued lamentations, particularly from Ned's corner, over the absence of Willis, but the latter was listening in on station DIET and did not put in appearance until after the last course calculated to overcome his good resolutions, had been served.

William H. Rhodes, armed with a formidable array of books, recited several interesting stanzas relative to the Association's finances. Book No. 1 told the story of the last community fair, how the receipts had been \$3643.99, and how that the net profit was \$1508.25. Book No. 2 showed that the year's receipts of the Association had been \$4140.15 and the disbursements \$2859.62, leaving on hand the sum of \$1280.53, with all bills paid.

Bill's little oration netted him a good hand, and the Association proceeded to pass votes of thanks for the work done by A. C. McLoon and Walter C. Ladd on the souvenir committee, and the Painters' Union for donating its services in painting the store used by the Parent-Teachers' Association. The use of the Park was extended to Aurora Lodge, F. & A. M., which is to celebrate its centennial July 19, and desires to hold its public exercises outdoor if weather conditions permit. As a mark of appreciation for the loyal support given by the Parent-Teacher Association it was voted to donate \$100 of the community fair receipts to that organization.

Principal Verrill of Rockland High School was in favor of banking the existing fund until such time as the Association is able to build a suitable grandstand with shower baths and other modern conveniences. He thought it would be a mistake to try to build a \$2500 plant, and that the public would not be satisfied. Valentine Chisholm also favored banking the money.

A somewhat different viewpoint was adopted by A. C. McLoon and Frank A. Tirrell, who felt that the money had been raised through public patronage, and that the public was entitled to see something done with it. G. H. Blethen coincided with the idea that the people want to see something done, but was in favor of appointing a building committee, having plans made, putting in a foundation for the stand, and going as far as the Association can afford to this year. Another year more money could be raised, and the public would be more interested in helping if it saw that a start had been made.

"We don't want to go at this thing hit or miss," said President Black. "It should be considered carefully and we should decide whether wood or concrete would be better for our purpose."

Mr. Chisholm wanted to know how much it would cost to put the grounds in condition for this year. Mr. McLoon's opinion that it could be done for \$100 was looked upon by several of the members as an underestimate.

Mr. Chisholm's motion to bank the money was lost.

These committees were finally appointed:

To draw up a building program: G. H. Blethen, Edward R. Veazie, Philip A. Jones, William C. Bird and Elmer R. Verrill.

To ascertain cost and feasibility of building a grandstand: Fred C. Black, G. H. Blethen, H. P. Hodgett, A. C. McLoon and W. C. Bird.

To make plans for future entertainments: Philip A. Jones, Arthur P. Lamb, Albert T. Thurston, V. Chisholm, L. B. Cook, E. R. Veazie and C. F. Snow.

The proposition of the Veteran Firemen's Association to have a firemen's muster at Community Park this summer was not accepted.

Another meeting will be held April 30 at the Postoffice.

Says "Goodbye Washboard"

New kind of soap makes her clothes whiter than she could rub them

I'm through with washday drudgery. No more hard rubbing for me. No more red, rough hands. This new way soaks out the dirt gently in an hour or two in the morning or overnight, whichever is handier for me. It makes the clothes cleaner and whiter than ever before—in half the time.

And I don't even touch the washboard. I've said goodbye to it forever. Rinso does all the work for me. The loosened dirt floats away in the rinsing—leaving the clothes sweeter and whiter than I could rub them. And now I don't boil the clothes either, because Rinso soaking whitens the wash better than boiling—and sterilizes, too.

Since using Rinso I find that my clothes last much longer because there's no wear and tear rubbing against the board. Even the most soiled spots on hems, cuffs and collars—need just a gentle rub between the fingers to make them spotless. Many of my friends use Rinso in their washing machines. They say it's better than anything else—it gets the clothes so much cleaner. Ask your grocer today for

The granulated soap that soaks clothes whiter—no scrubbing.

There Was Nothing So Good For Coughs and Colds as Mustard

But the old-fashioned mustard plaster burned and blistered. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. Gently rub it in. See how quickly the pain disappears.

Try Musterole for sore throat, bronchitis, tonsillitis, cough, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bites, colds of the chest (it may prevent pneumonia).

BOWKER'S FERTILIZERS

If you want big yields

USE Bowker's Fertilizers because they are made to produce maximum yields on New England soils.

Fifty years of constant study of the needs of New England soils is back of them, fifty years of unequalled crop production records, fifty years of manufacturing experience.

They are especially well adapted to New England money-crops. The plant foods they contain are selected with particular reference to quality yields.

They have a sustained crop-growing record that has never been excelled in the history of the fertilizer industry.

Remember, no other fertilizers are like Bowker's. Their record is unexcelled.

SPURN TUESDAY'S PUZZLE

A lecturer says somewhat cryptically that "Those who had the right kind of home training still maintain a belief in hell."—Arkansas Gazette.

STRETCH YOUR AUTO

"Stretch your automobile," is the startling advice to all motorists given in an editorial in the *Palmer-Jewett Magazine*.

"When raw rubber pieces were artificially raised to an exorbitant figure," says the editorial, "American motorists backed up Herbert Hoover in a campaign to 'stretch rubber'—that is, to make their tires last longer. A considerable break in prices resulted."

"Now, let's not stop at rubber. Let's stretch gasoline, oil, brakes, engines, and everything—in short, let's stretch the whole automobile. When we stretched rubber we prolonged the life of the tires; as the motorists put it, we got more mileage per tire, and postponed replacements, by careful use of the tires."

"Careful use of your automobile will have the same beneficial effects on other items. Keep your carburetor correctly adjusted, and stretch your gasoline. Avoid abuses that cause crankcase dilution, and stretch your oil. Use your brakes with discretion, and stretch your brake linings. Treat your car with greater consideration, and stretch your automobile."

"Everybody stretch—and get more mileage per dollar!"

SPRUCE HEAD

Mrs. M. F. Post and son Edgar are visiting her mother, Mrs. M. E. Russell at South Thomaston.

Mrs. W. E. Dennison and sons Wendall and Cecil are at W. Victor Dennison's.

Spruce Head is having exciting times. Just before 12:30 Tuesday a little boy started a fire back of the schoolhouse and it got ahead of the teacher and pupils. The alarm was given and with the crowd gathered it was at W. D. Todd's house (formerly the Alonzo Manker place). A woodshed caught, the whole village turned out and the Coast Guard crew came with brush, broom and water. The fire swept to the shore and burned over nearly the whole of Todd's lot, some of the J. W. Simmons's pasture, also E. W. Hutton's. It was certainly lucky the wind was the way it was or a great many of the homes here would now be in ashes.

Workmen have begun tearing down the old S. L. Hall store.

Miss Estelle Caddy entertained the Noisy Nickels Tuesday evening.

Mrs. S. L. Simmons entertained the Smart Set Thursday evening.

Raymond Conley and daughter Edwina of Camden are guests this week of Mr. and Mrs. James Conley.

LOWER SUNSET

Miss Bertha L. Small is employed by Mrs. Myra Powers while the latter is ill.

Mrs. Martha Stinson spent Friday with Mr. and Mrs. William Coolen.

Raymond Small was in Little Deer Isle on business Saturday.

Russell Watts of Stonington is working on the Steadfast cottage.

AFTER FIFTY YEARS

Former Tenant's Harbor Boy Looks Back On His Golden Wedding Day.

Editor of The Courier-Gazette:—

For many years I have looked forward to this day, and at last it has arrived—Friday, April 9, 1926. Fifty years ago, April 9, 1876, was my wedding day. So this morning I am looking back over the years that have passed and am moved to record a few thoughts for your very interesting paper that comes to me three times a week away off in this southwestern corner of the country.

This morning I received a copy of your paper dated April 3, and looking it over I found some very interesting things, among them the story about one of my old townsmen, Rufus Teel, which I will allude to later.

Reflecting upon the years that have passed, I thought of the changes that have come. In some ways this seems to be another world when contrasted with that of 50 years ago. When I came to California, in October 1857, I had to make the last of the journey in a stage-coach with pair of broncos. There were no automobiles, airplanes, telephones, radios or electric cars. The coyotes (a kind of prairie wolf) ran over the doorstep at night and raised the hencoops. If they were not well secured, Hawks were plentiful in the daytime. Between the hawks by day and the coyotes by night you would oftentimes have to go without eggs for breakfast.

These are only to hint at the things that the people of those days had to endure. Now all has changed. There are no more stages. Auto busses of the finest make take you anywhere at 25 miles an hour. No more sandy roads and tired horses. The streets are paved. The latest report on the number of automobiles in California gave one to 29 persons. This notice came in the morning mail: "Attention, Mailers! Daily transcontinental air mail from Los Angeles will be inaugurated April 17, 30 hours to New York, postage rate per ounce 25 cents." What changes in 50 years. Who is wise enough to tell what will be next?

I wonder if the people are any happier now than they were before the time of these inventions. One thing I am sure of, the standard for happiness is character; and all these things if used in a judicious manner can be made to conduce to the sum total of human happiness.

I received a letter from Mr. Crocker (Boze) in which he quotes from Dad's diary concerning Tenants Harbor weather 50 years ago: "Heavy snowstorms, turning to rain, later, roads impassable; cold and cloudy. I used to be out in the storms myself in those days and I can testify to the truth of the diary entries. It was very stormy weather from April 5 to 9 in that year 1876; but on the 9th it cleared, the sun shone bright, with the wind northwest, and it was quite a pleasant day. How it has been with you there in 1926 I am unable to say. Perhaps the weather has not changed, so there will be one thing remaining the same."

The weather in California however has been quite different from that of former years. Since April 4 we have had 7.43 inches of rain, the largest fall recorded since the Los Angeles 48 years ago. It's a thing for the country, for we have had several very dry years.

W. J. Hutton, 289 North Johnson St., Los Angeles, Calif.

MAINE VS. FLORIDA

In Which a Union Man Sends Reply To Jim I. Jr.

I love to read the papers that come down to me from Maine. But it surely gives me quite a turn when I see in print my name. They've said that Florida was a place where only rich men dared to go. But I ran the risk when I came down, and found it was not so.

I flattered down in my sedan, escaped trans-Atlantic charges. I found it was two thousand miles between my two garages.

I think I made a mistake in the man he met on the street. For Jim was down in Miami, while I'm in old St. Pete.

I've seen alligators here and the reptiles must be few. I see many alligators and snakes down in the "Zoo."

You hear a lot about the pests—propaganda, you can bet. For in the last six months I've caught six mosquitoes in my suit.

We go in bathing mornings when we haven't overslept. The water is so nice and warm it fills one full of pep.

The fishing beats the band—when you cast your line, I'll say, You're always sure to get a catch in beautiful Tampa Bay.

I love to sit on my bungalow porch where the palm and orange groves, And enjoy the soft and balmy breeze, while your Maine wind coldly blows.

But when the springtime heater draws my thoughts begin to roam To Maine, my dear old native State, my birthplace and my home.

Yes, I'm in my native town, no other place is the same. I love her brooks and pretty views, when springtime comes again. And so, although I'm lonely here (in winter time the best), I always boom the State of Maine and shall come back there to rest. E. Messer, St. Petersburg, Fla.

Hair Dry, Brittle
from Constant
Waving, Curling

The constant curling and waving demanded by present styles in bobbed hair, slowly burns the color, lustre and very life from the hair, leaving it dry, faded, brittle, and full of dandruff, then the hair roots shrink and the hair falls out fast.

Since girls just must curl and wave the hair to appear their prettiest, try "Dandierine" to offset any bad effects. After the first application your hair will take on new life and that healthy, youthful lustre, become incomparably soft, wavy and appear twice as thick and abundant. Falling hair stops and dandruff disappears.

A 35-cent bottle of refreshing "Dandierine" from any drug store or toilet counter will do wonders for any girl's hair. It goes right to the roots, invigorates, nourishes and strengthens them, helping the hair to grow thick, healthy and luxuriant.

County Notes

MARTINSVILLE
Mr. and Mrs. Arthur Davis are the guests of Mr. and Mrs. Edw. Harris. Mr. and Mrs. Harold Hupper were dinner guests of Mrs. Hupper's mother Mrs. S. T. Lowe in Rockland Sunday.

George Hall of Camden is visiting his sister, Mrs. Sidney Dow.

This community was saddened by the death of Mrs. Teresa Hooper. All extend sympathy to her daughter and son to whom she was a faithful mother.

Everett Pease was unable to work the latter part of the week on account of a bad cold.

Herbert Pierson is employed by Harold Hupper on the "Shenandoah".

Austin Wentworth and Arthur Freeman are fitting wood for Mrs. Celeste Harris.

Miss Winifred Hackett visited Mr. and Mrs. Nelson H. Gardner last week.

Edgar Levine, William Cook and Clarence Dwyer are having their marine engines overhauled preliminary to the summer fishing.

Owing to the illness of the teacher, Mrs. Annie Packard, there has been no school the past week.

Roscoe Hupper of New York was the weekend guest of Mr. and Mrs. Harold Hupper.

Mrs. Clarence Freeman visited Mrs. Granville Rochester Friday.

Rev. Sidney Packard has been in the past two weeks and all are glad to see him out again.

Miss Cecilline Watts visited her cousin at Tenants Harbor last week.

Miss Alvah Pierson is much improved after a siege of the grippe.

TENANT'S HARBOR
Bailey Aldrich, Harvard '28, is making a brief vacation visit at William Wall's, Elmore, and giving his boats the spring once-over to see that they are in condition for the coming summer vacation, which he is to spend as usual with his family at The Crag.

Lincoln Monaghan of Braintree is a guest of his parents over the holiday.

Miss Eva Torrey, who has been employed by Mrs. J. K. Monaghan for a few weeks, has completed work for the present.

Mrs. Mary Monaghan, who broke her ankle a short time ago, is able to get around by the aid of crutches.

The funeral services of the late Mrs. Addie Hastings were held Sunday from the residence. Mrs. Hastings was a kind neighbor and will be greatly missed. She was a member of the Baptist church, also a great worker in Naomi Chapter, O. E. S., of which she was a member having held different offices for several years, until ill health befell her and she was obliged to give up the official cares. She leaves a husband, an aged mother, a half sister of New Hampshire, who came here a few weeks ago. Rev. Perley Miller officiated. Crozier & Bove of Rockland conducted the funeral.

Grippe colds are quite prevalent in this place. It keeps Dr. Leach continually on the jump. He seems to stand up well under the strenuous sickness.

Capt. D. W. Wall, who has been critically ill, is slowly improving.

Mr. and Mrs. Claude Wiley have returned home. Mr. Wiley will resume his old occupation as paving curbs.

Several townspeople are nursing the pink eye.

Capt. Thomas Hart of Rockland is a guest of Capt. David Wall.

Mrs. Oris Murphy of Camden is with Capt. D. W. Wall during his illness.

Walter Ulmer has had a steel ceiling put up in his kitchen, the work done by Joseph Simmons and Forrest Wall.

Mr. and Mrs. Claude Wiley who have been spending the winter in Massachusetts, returned home last week.

Mrs. Nellie Monaghan, who had the misfortune to break one of her legs recently, is making a good recovery, and hopes to be able to resume her duties as teacher of the Long Cove school very soon.

Mr. and Mrs. Edwin Wheeler have rented the late James Wheeler house, formerly known as the Charles Gilden place and are pleasantly located.

Mrs. J. K. Monaghan has returned from Boston with her new line of spring millinery and fancy goods.

Lincoln Monaghan of East Braintree, Mass., was a guest of his parents, for a few days, while on a business trip, which included Maine territory.

Influenza is prevalent in the town and both doctors are busy men.

Where are the April showers this year? March winds and snow squalls are still on hand.

Mrs. Teresa F. Hooper
Mrs. Teresa F. Hooper, widow of the late Capt. Thomas G. Hooper, died April 14. She was born in Gloucester, Mass., daughter of Capt. James L. and Mary J. (Meserve) Romky, and spent her early days in that city. After her father's death the family moved to Tenants Harbor, where she attended school and made her home until her marriage. In early life she was baptized and united with the Tenants Harbor Baptist church and always retained her membership there. Her married life was spent in Martinsville where she was living at the time of her death. Mrs. Hooper had been in poor health many years. In her last sickness, it was believed that she had passed the crisis and was recovering, but she took a sudden ill-turn Wednesday morning from which she failed to rally. She was a quiet home-loving woman of charming personality and generous heart which was shown not only within the family circle, but among her many friends and acquaintances. Services were conducted at her home Friday afternoon by Rev. Sidney E. Packard, who spoke comforting words to the family and friends. Interment was in the family lot in Ridge cemetery. She is survived by one son Leo B. Hooper, one daughter, Mrs. Hazel G. Hupper, a son-in-law, Leroy N. Hupper, all of Martinsville; also two sisters, Mrs. Lizzie E. Boyles of Rockland, Mrs. A. T. Stuart of Bath, one brother, A. W. Simmons of Tenants Harbor and a step-sister, Mrs. Levi Robinson of Rockland.

WEIGHED ONLY 98 POUNDS

Helped by Lydia E. Pinkham's Vegetable Compound

Cleveland, Ohio. — "After having my first baby, I lost weight, no matter what I did. Then a doctor told me I would be better if I had another baby, which I did. But I got worse, was always sickly and went down to 98 pounds. My neighbor told me about Lydia E. Pinkham's Vegetable Compound, as it helped her very much, so I tried it. After taking four bottles, I weigh 116 pounds. It has just done wonders for me and I can do my housework now without one bit of trouble." — Mrs. M. RIENINGER, 10004 Nelson Ave., Cleveland, Ohio.

If some good fairy should appear, and offer to grant your heart's desire, what would you choose? Wealth? It's a transient thing that brings its own cares. Happiness? It's an elusive thing which we keep by giving away. Health? That's the best gift. Health is riches that gold cannot buy and surely health is cause enough for happiness.

Lydia E. Pinkham's Vegetable Compound may be the good fairy who offers you better health.

After Flu and Colds Tanlac Brings Back Health

After a bout with the flu, when your knees are wobbly and your feet like lead, when your back is weak and your head swimming, tone up your system with Tanlac. Note how you pick right up from the first few doses.

Thousands of men and women are happy and vigorous today because Tanlac carried them over similar periods of weakness and depression. Its action is perfectly natural because its ingredients are all natural. Roots, barks and herbs long known for their medicinal values, combine their tonic properties and give to Tanlac its amazing power to revitalize the blood and invigorate the digestive organs. It snaps the whole system into fighting trim.

If flu has left you just "half-alive" don't delay in taking Tanlac. So long as your system is weak, tone up your system with Tanlac. Note how you pick right up from the first few doses.

Step into your druggist's today and get this amazing tonic. The first bottle will convince you of its merits. And as an added precaution, keep your bowels open with Tanlac Vegetable Pills.

Movies

STRAND THEATRE

Buster Keaton's latest photoplay is bound to give the world a sideache— from laughing. "Go West," which has its last showing at Strand Theatre today has the greatest assortment of chuckles, laughs and roars the frozen-faced comedian ever crammed into multiple reels.

Do you want to see Greenwich Village? Do you want to see all the hectic revelry of that world-famous colony? Do you want to see what one girl found when she went to "The Village" to live her own life? Then see "My Lady of Wilms," when it comes to the Strand Theatre next Friday and Saturday. On the same bill popular Harry Carey will be seen in "The Prairie Pirate."—adv

EMPIRE THEATRE

"His Secretary," featuring Norma Shearer and Lew Cody, and Pete Morrison in "The Desperate Game," will have its last showing today.

For Friday and Saturday "The Handsome Brute," featuring William Fairbanks, will be the feature attraction.

The picture is said to deal with the trials and troubles of a young man whose chief ambition is to be a member of the great police organization and do something worthwhile in it. There is ample opportunity to complete this desire.

"Big Bill" for one reason and another, mostly due to his truthfulness and good nature, is about ready to be dismissed for incompetence, when he achieves singleness of purpose and wins a beautiful bride at the same time.

In addition there is the 5th chapter of "The Scarlet Strain" and a two-reel comedy.—adv

PARK THEATRE

Gloria Swanson in "The Untamed Lady" will have its final showing today. There is a scene in this picture in which Gloria is forced to go down into the stokehold of a yacht during a raging storm and shovel coal into the furnace, so that the yacht may make port.

Miss Swanson confesses that although the experience was a trying one and she was not a little seasick after it was all over, she got a great "kick" out of it.

Tom Mix in "My Own Pal" and "Phantom of the Forest," featuring Thunder, will be shown on the same bill Friday and Saturday at the Park Theatre.

"My Own Pal" is a story ideally suited to the big western star. It tells the story of an easy-going top hand who leaves the ranch to look for excitement in a nearby city. He has barely started on his way when he runs into adventure and he finds life in a big city made up of one thrill after another.

"Phantom of the Forest" is a stirring drama of the outdoors staged amid the mighty giant forests of the West. Thunder does some of the most thrilling and sensational stunts ever performed by an animal actor.

Additional novelty is given the production by the screen debut of "White Pawn," a beautiful police dog said to be the only pure white specimen in existence.—adv

Look First

The only quick-cooking oats with this flavor is "Quick Quaker"

FLAVOR is the all-important point in food. In oats it is probably more important than in any other.

That is why people who once taste the toasty richness of Quaker Oats are spoiled thereafter for all others.

Quaker flavor is unique, toasty and delightful. No other oats offers it to you. Some 50 years were spent perfecting it.

Quaker milling, too, retains much of the "bulk" of oats. And that makes laxatives less often needed. Protein, carbohydrates, and vitamins and the "bulk" are thus combined to make Quaker Oats an excellently balanced ration.

For your own sake, say "Quaker" when buying oats. Say "Quaker" at groceries. Quick Quaker (cooks in 3 to 5 minutes) and Quaker Oats as always.

Pre-natal care of the expectant mother is very important if one wants to escape the many complications of this condition.

TELEPHONE AND MAIL ORDERS CAREFULLY FILLED

On our opening days—last Friday and Saturday—we were so swamped with business and had so many visitors that we were unable to give our usual prompt, courteous and complete service.

We are now thoroughly settled in our new store and are prepared to give complete service on any volume of business.

We wish to take this way to express our appreciation of the good will shown by our friends these opening days and of the unprecedented volume of business.

London Friday to Rockland. Capt.
Eaton's mother has been spending
the winter in New London with her
sons, Capt. W. P. Eaton and Capt.
C. P. Eaton; Mrs. Welch has been
visiting her brother for ten days.

Mrs. C. P. Eaton went to Little Deer
Isle Saturday and spent the week-
end with her mother, Mrs. William
Weed, returning to Rockland Mon-
day. Capt. C. P. Eaton and son
were weekend guests of Capt. Eaton's
sister, Mrs. Clarence Gray, Camden
street, meantime calling on other
relatives and renewing the acquaint-
ance of Miss Grace Dorman of the
Rockland Rubber Co. Capt. Eaton
and Miss Dorman were classmates at
Castine Normal School in 1902-1903,
this being the first time they have
met since school days in Castine.

Capt. Eaton, wife and son returned
to their home in New London Mon-
day, motoring in their new Dodge
sedan.

Miss Dorothy Snow is making a
slow but steady recovery from her
recent severe illness. She is now
back at her Tabbot avenue home.
Her brother Carl is in a Massachu-
setts hospital following a series of
complications following a throat op-
eration there. He will come home
to convalesce as soon as his con-
dition warrants.

Milton French, who has been ill
with grippe, is much better and ex-
pects to be out of doors this week.

Misses Winnie and Myra Fitch of
Worcester, Mass., spent the weekend
in this city. They expect to dispose
of their properties here and make
their future home in Massachusetts.

Dr. E. W. Peaslee has passed the
days since Monday convalescing
from a holiday golfing trip made
with Dr. Rupert Stratton. The lat-
ter suffered no ill effects and has
thus had the leisure to repair the
clubs they used. Some who saw the
twelve youngsters accompanying
them on the homeward hike took it
for a Boy Scout troop. Others be-
lieved the twelve were very neces-
sary caddies. Dr. Peaslee will be
back at his office today.

Miss Eva Wiggin of this city and
Mrs. Lois Pitcher of Camden return
from Augusta tonight where they
have taken their State Nurses'
examinations.

There will be a card party at the
Country Club this afternoon. It is
hoped that as many of the members
as possible will attend.

Mrs. L. E. Bates of School street
has returned home after visiting
relatives in Boston and Lewiston.

William Flanagan was home from
Bliss Business College, Lewiston, to
spend the holiday.

"We have had a very enjoyable
winter here, and plan to leave the
8th for good old Maine," writes
L. C. Thurston of Union. The winter
has been very fine, he adds, and cold
weather is unknown.

Mr. and Mrs. A. H. Flood, who
have been spending the winter in
Burlingame, Calif., are enroute for
Rockland, where they will make their
home at 25 Pleasant street.

Mrs. Elmer Crockett has returned
from Boston.

Vesper Grover, who has been
working in Boston this winter, has
returned home.

Mr. and Mrs. George Gilchrist
have arrived at their Belfast home
after their winter in Florida. They
were accompanied in their journey
north by Mrs. Annie F. Simmons,
who has spent the season in Florida
and will now visit her daughter,
Mrs. Frisbie in Framingham, Mass.,
before returning to Rockland.

In connection with the Continental
Congress of the Daughters of the
American Revolution, which is being
held in Washington, D. C., this week,
the name of Mrs. Herbert M. Lord,
wife of Gen. Lord, is being promi-
nently mentioned. She is one of
the slates, probably the winning one,
as a candidate for corresponding
secretary general.

HARRIET BAKER DUDLEY

The death in Augusta April 15 of
Mrs. Harriet Baker Dudley will re-
call to older readers of this paper
one who many years ago was a
frequent visitor in Rockland, as guest
of her aunt, the late Mrs. A. S. Rice,
and where with a large circle of
friends she was held in affectionate
regard by reason of her intellectual
qualities and high spirits that made
of her a most engaging associate.

From the Kennebec Journal the fol-
lowing obituary mention is taken:

"Mrs. Harriet Baker Dudley, young-
est daughter of the late Judge Henry
K. Baker of Hallowell, Maine, and
wife of Edwin C. Dudley of this city,
passed away Thursday afternoon at
her home on Winthrop street at the
age of 70 years, after a painful and
lingering illness of several months.

Mrs. Dudley was survived by her hus-
band, two sisters, Mrs. Ellen B. Buck
of Atlanta, Ga., and Mrs. Anna S.
Ham of San Diego, Cal., and one
brother, Sanford A. Baker of Putney,
Ga.

"Mrs. Dudley for 16 consecutive
years was the lady visitor to the State
hospitals, having been appointed by
seven different governors. During
all these years of active and efficient
service she deservedly held the affec-
tion and good will of the officials and
hundreds of these institutions.

"In her church she was a constant
and tireless worker for its prosperity
and success. In the community she
was ever foremost in the promotion
and support of every good cause, and
was always thoughtful of those who
needed assistance and kindness. She
was held in the highest respect and
esteem by all who were fortunate in
the enjoyment of her friendship.

"She lived not for herself alone, but
for the good she could do, her con-
stant endeavor being to make those
around her happy and to confer joy
and comfort upon those with whom
she was associated. Those who knew
her best loved her most. Her life, her
deeds, her kindness, will ever remain
a delightful memory and a blessing
for all who knew her."

And from the Monday issue of the
paper:

"The funeral of Mrs. Edwin C.
Dudley was held Sunday afternoon
from the Congregational church in
the presence of a very large number
of relatives and friends of the late
Mrs. Dudley, who was loved by all
who knew her. The service was con-
ducted by Rev. Andrew T. McWhor-
ter, pastor of the church. Interment
was in the family lot at Forest Grove
cemetery. The honorary bearers
were Judge A. J. Spear, Judge Warren
C. Philbrook, Judge Sanford L.
Fogg and Dr. F. C. Tyson. The ac-
tivity bearers were William G. Booth-
by, John R. Gould, George C. Fer-
nald and William T. Johnson.

In attendance at the funeral were
Mrs. Carlton P. Snow and son
Richard of Rockland; Professor
and Mrs. H. C. Libby, Mrs. W. M.
Dunn and Miss Florence Dunn all of
Waterville; Mrs. Jennie S. Dudley of
Saugerville; Mrs. Mrs. Henry W.
Dunn of Lynn, Mass.; Miss Mary
Brooks of Gloucester, Mass.; Mrs. W.
M. Dunbar of Damariscotta, and Miss
Belle C. Preble of Hallowell."

The Harmony Club held its final
meeting of the season at the B.P.W.
Club rooms Wednesday evening.
Special features of the program were
the selections by younger guests of
the club. Miss Alinda Hall was
chairman of the program, which
members and friends of the club en-
joyed.
