### SUDDEN DEATH.

Mrs. John G. Davis, of Surry, Dies on Way to Circus.

Mrs. John G. Davis, of Surry, died suddenly of heart failure in Ellsworth last Thursday.

Mrs. Davis, who had been subject to attacks of heart disease for several years, came to Ellsworth last Thursday with her husband and two children to attend the circus.

Mrs. Davis, with the children, a boy and a girl, aged about twelve and fourteen years, was on the way to Wyman park for the afternoon performance of the circus. Her husband had preceded her to the circus ground.

Near the house of Miss Flora Watts, on upper Main street, she felt an attack coming on. She succeeded in reaching a bank and seating herself, but in a moment lurched forward and before assistance reached her was dead. Her children, who seemed to realize, even before the adults present, that their mother was dead, were almost distracted by their grief.

The identity of the woman was at once established, and her husband was found at the circus ground. Coroner D. L. Fields was summoned, and gave permission for the removal of the body to the house of Miss Watts. An inquest was unnecessary. The body was afterward taken in charge by Undertaker L. W. Jordan, and taken to Surry, where funeral services were held Saturday.

Mrs. Davis was fifty-three years of age. She leaves besides her husband, one son and two daughters.

NORTH BLUEHILL.

Miss Nellie Douglas spent a few days last week with Miss Alice Wescott. Miss Effie Danbar has returned from Eagle Island, where she has been visiting her aunt, Mrs. J. H. Quinn. All were very much shocked to hear of the death of Percy R. C. Wardwell, aged nineteen, which occurred at the home of his parents Thursday night after a short but painful illness. He was a young man of sterling qualities, and will be greatly missed in the community. Much sympathy is expressed for the family. The funeral took place at the home of his parents on Sunday afternoon, Rev. E. Bean officiating. Flowers were presented by the young people of the neighborhood and by his many relatives. The pall-bearers were Harrie Gillis, Carroll Dunbar, Charles and William Wescott. June 25. D.

SEDGWICK.

KERSWELL-KOCH. June 21, at the home of Mr. and Mrs. H. L. Foster, of Richmond, at high noon, Miss Carrie Kerswell, of Richmond, and Rev. Christian Koch, of Sedgwick, were married. President White, of Colby college, performed the ceremony, assisted by Rev. H. H. Hayes, of Gardiner. The double ring service was used. Evergreen and marguerites were used in the decoration of the parlors, and formed an effective background for the bridal party. The bride was gowned in white muslin and carried a shower bouquet of white carnations. An informal luncheon was served at the conclusion of the ceremony. Mr. and Mrs. Koch will live in Sedgwick. WEST TRENTON. Miss Thompson lost a valuable cow recently. Mrs. Lorenzo Lufkin, of Bluehill, is the guest of Mrs. Moore. Mrs. Priscilla Young, who has been seriously ill with pneumonia, is better. Mrs. Caroline Moore, who has been in Bluehill for some weeks, has returned. Arno W. Marshall, road commissioner, is doing some good work on the roads, which was very much needed. June 25. S.

ELLSWORTH MARKETS.

New Potatoes Within Reach—Butter at Any Price—Eggs Firm. The local retail market presents few features of interest this week. Potatoes and eggs are good property just now, but butter hardly pays for the making. As one dealer puts it, we can get all the butter we want and more, too, at any old price, from 15 cents up. New potatoes are here and retailing at 50 cents a peck. There was a slump in new potatoes in New York last week, and if the northward rush of "spuds" continues old potatoes will soon be forced out of the market here. Watermelons and canteloupe are among the additions to the market this week. A drop in corn has been met by some local dealers who raised the price to \$1.35 last week, and the price in Ellsworth now ranges from \$1.30 to \$1.35 a bag. The quotations below give the range of retail prices in Ellsworth.

AGRICULTURAL BULLETIN.

Interesting Letters From Hancock County Farmers. The last bulletin of the State board of agriculture contains the following letters from Hancock county: BROOKVILLE—The old way has been to spread the dressing, harrow it in, and seed down with some kind of grain, but the farmers are getting sick of that. The grain saps the ground and leaves nothing for the grass. Now we are laying down without the grain and getting a better catch. I think the better way is to seed down in the fall. The best seed for my land is timothy, alsike clover and browntop. Red clover is too coarse, there is too much waste. Alsike cut when in blossom is the best hay I ever used for cows. I think if any farmer could topdress after taking off the first crop of hay, with any kind of fine dressing, he would get well paid. L. C. ROBERTS.

SEBEC—I think different soils require different preparation for the grass crop. On clay soil I get the best results to dress it well after haying, turn it over, and seed it down. Gravel or loam I cultivate two years and seed it down in the spring with grain. I think barley the best to seed down with. I have tried seeding down with grass alone and the first year got nothing but weeds. My neighbors have had the same result. I should rather have timothy to feed my horse than clover. I think clover is too dusty for horses, but better for dairy cattle. Think grass should be fully grown and the seeds fall before it is cut. Would not have it ripe, but well made before putting it into the barn. A. H. DORRITY.

BROOKLIN—For grass, I think land should be planted to hoed crops two or three years and well dressed each year, then thoroughly pulverized and sowed for grass, using timothy, red, alsike and small white clover, and redtop or browntop with any kind of grain. A coat of fine dressing spread after removing the first crop of hay is a fine thing, and helps prevent winter-killing. I have never experimented with clover and timothy for horses, but think a mixture of all the different grasses makes the best feed for all kinds of stock. Grass should be cut before it is ripe enough to shake out in handling. E. P. COLE.

ELLSWORTH—I think the land should be plowed and harrowed as well for grass seed as for any other seed. I like to have the dressing plowed in for any crop. For land that will not wash, I like to haul and spread the dressing in the fall or winter. The best piece of grass we have is one that was seeded to grass alone, and not cut the first year. RALPH B. CUSHMAN.

SEBEC—Will Japanese millet keep well in the silo? P. B. FARRIS. Note—Those who have raised Japanese millet for the silo, report fairly good results. We have never advised it for an ensilage crop, if the conditions were such that corn could be raised instead. Corn is the plant for silage.—Commissioner. NORTH SEDGWICK. Roy Allen and wife moved into their new house Saturday. Joseph H. Grindle, of Deer Isle, is visiting his sister, Mrs. W. E. Closson. Maurice Allen, who has been quite ill for a number of weeks, is much better. Miss Abbie Elwell is visiting friends, at Woodbine cottage, Surry, for a few days. Mrs. Hattie Carter, who has been at West Sedgwick for two weeks, returned Saturday. Miss Inez L. Page has closed her school at district 9, and is at home. She had a successful term of ten weeks. Miss Jennie Herrick and Miss Olive Carter, of Bluehill, are visiting Mrs. Hannah Abbott and Mrs. Dora Pettengill. School closed Thursday afternoon. It has been a very successful term, taught by Mrs. Viola Haskell, of South Brooksville. The many friends of Rev. S. M. KITTERY TO CARIBOU.

William S. Dennett, vice-president of the Second national bank of Bangor, and for many years its cashier, died Friday, aged ninety-two years. Millard F. Steele, aged twenty-seven, a lobster fisherman, was drowned near Squirrel Island last Wednesday. He leaves a wife and child in Eastport. Patents have been granted to Maine inventors as follows: Arthur P. Brown, Bradley, tackle-block; Edward Southworth, Portland, machine for perforating paper.

The body of Alonzo J. W. Merrill, aged sixty-five, of Foxcroft, was found on the shores of Sebec lake last Wednesday. Merrill disappeared on June 10. He wandered away from home while temporarily deranged, and died of exposure and hunger. James B. Drake, of Bath, for many years president of the Kennebec and Eastern Steamship Co., died last week. He was engaged in the insurance and brokerage business and had built a considerable fleet of vessels. He was president of the Bath Trust Co., also a director in the Lincoln national bank.

The following appointments on the official staff of Frederick S. Walls, the new department commander of the G. A. R. have been made: Assistant adjutant general, Thomas G. Libby, of Vinalhaven; assistant quartermaster general, James P. Armbruster, of Vinalhaven; inspector, Gilman P. Smith, of Cherryfield; judge advocate, Leroy T. Carleton, of Winthrop; chief mustering officer, Joshua W. Black, of Searsport.

Winslow Burbank, aged nineteen, of South Paris, and Miss Lulu Libby, aged seventeen, of Auburn, were drowned at Lake Auburn Thursday by the overturning of a canoe. Two companions in the boat with them were saved. Burbank's cap blew off, and Miss Libby made a grab for it, overturning the canoe. Burbank went to her rescue, but she threw her arms about him and dragged him down. Chairman Carleton of the commission of inland fisheries and game has received from Warden H. E. Redmond, of Somerset county, a specimen of beaver cutting which he found near Spencer pond, which is the finest specimen of this nature that has yet been received at the department. The cutting is on the butt of a yellow birch eighteen inches in diameter. For some reason the beavers did not succeed in cutting clear through the butt, and a section of about seven inches in diameter was left in the centre. The marks of the chisel-like teeth of the animals show plainly in the wood.

CLARION FURNACES are WE MADE. Common furnaces do not do good work because they are poorly planned and carelessly put together. You might as well try to burn fuel economically in a fire-place where most of the heat goes up the chimney. CLARION'S have radiating surfaces liberally proportioned to and in direct connection with their fire surfaces. Accurate fitting makes absolute control of CLARION fires an easy matter, keeping the house temperature uniform with small consumption of fuel. Ask your local agent about CLARION'S, or write us. Republican Convention.

The republicans of the four congressional districts of Maine have heartily endorsed their representatives in Congress by renominations.

The several district conventions were held yesterday. In the first, third and fourth districts, Congressmen Allen, Burleigh and Powers were renominated by acclamation.

The only contest was in the second district where John H. Swazey, of Canton, contested the honor with Congressman Charles E. Littlefield. The vote, 283 to 88 in favor of Mr. Littlefield, is complimentary to the congressman.

To-day the republicans are holding their State convention in Portland. The renomination of Gov. Cobb is assured, and on a platform which will command the respect and support of the great majority of the voters of Maine.

No that the type of canal to be built in Panama has been settled, it would seem that there is nothing to prevent quick action. The President is reported to have told the commission, "Now cut loose and dig." This is what the whole country will be expecting of them, and with all the money that has been spent in preparation—and this country has not been niggardly—it would seem that the real work ought to go on. There is one serious contingency. The railroad interests are as much opposed to the canal as ever. They cannot hope to defeat it in the long run, but there are ways still in which they can obstruct and delay.

The republicans of the third district at their convention yesterday, paid splendid and deserved tribute to their able representative in Congress, "Gov." Burleigh. The platform adopted by the convention is dignified and unequivocal. It endorses the splendid administration of President Roosevelt, heartily commends Gov. Cobb and his firm stand on the enforcement question, declares in no uncertain tones its opposition to re-submission, and reiterates its loyalty to the principles of the republican party.

The appropriation bills are nearing completion, but the House persistently stuck to its resolution not to sanction the new \$10,000,000 battleship till it had more definite information on which to proceed. And the matter has been allowed to go over till next year, when the secretary of the navy will present detailed plans for the great fighting machine.

The Maine democrats, at their State convention in Bangor last week, nominated Cyrus W. Davis, of Waterville, for governor, on a re-submission platform. Incidentally they cheered the name of the party's habitual presidential candidate, Bryan.

COUNTY GOSSIP.

Castine will celebrate the Fourth in good old-fashioned style.

The burning of the Hotel Sorrento on the threshold of summer, is a serious blow to Sorrento.

The war ships, it is now announced, will visit Bar Harbor and Lamoine the latter part of July.

The East Orland hatchery has taken during the season just closed 930 Penobscot river salmon for spawn.

Castine has lost one of its "grand old men", William H. Witherle, who has been actively identified with the best interests of the town for nearly three-quarters of a century.

The lobster fishermen have not only lobster thieves and trap stealers to contend with, but now a new danger presents itself. Down at Seawall, R. E. Newman stored his lobster traps in Dudley Dooliver's barn. Dudley's horse got loose and ate up three of the traps.

George E. Gogins presided and Martin L. Lord was chosen secretary, and C. E. Marcey and Clarence Madden, tellers. The following delegates were elected: State convention—E. S. Clark, C. E. Marcey, L. The following are the Bar Harbor delegates and alternates to the democratic county convention in Ellsworth to-day: Delegates—E. N. Benson, Julius Kurson, E. K. Whittaker, Leo Canning, O. H. Harnden, Lester McFarland, H. D. Joy, Reginald Ingalls, O. H. Jellison, William Sawyer, James Bernadini, H. R. Willey, Wilbur Smith, L. A. Austin, H. A. Lawford,

HON. EDWIN C. BURLEIGH. Renominated for Congress by Republicans of Third District.

the Ellsworth Bank. It is dated Jan. 1, 1853, and is signed by Seth Tisdale, president, and James H. Chamberlain, cashier. The bill now is valuable only as a curiosity. Bills of the old Hancock bank are much more common than those of the Ellsworth bank.

Friday evening's electric storm held up the record which is being made by showers this year in this section. At Amherst the barn of Forrest O. Silsby was struck and burned. At Mariaville a barn was struck, but fire did not follow. The storm seemed particularly severe in the vicinity of Hancock, but no damage is reported, though the lightning struck several times in the woods.

The Congregationalists of Hancock county in their annual conference recently, put themselves on record as against re-submission, and in favor of revision of the divorce laws of Maine. The resolutions adopted are as follows:

Resolved, That we express ourselves in favor of the enforcement of the prohibition law and against re-submission.

Resolved, That in view of the increasing number of divorces we urge such revision of the laws as will remedy the present deplorable conditions in regard to divorce, and would advocate the promotion of healthier public sentiment in respect to this and other questions of social morals.

Gov. Burleigh yesterday secured an appropriation of \$140,000 for the light and fog signal station at Isle au Haut. Construction of the station was authorized through his efforts on an omnibus light-house bill several weeks ago. Yesterday's action assures early building of the station.

Political Notes.

At the democratic State convention in Bangor last week, Frank E. Mace, of Great Pond, was made State committeeman from Hancock county.

The democrats of the fourth congressional district have nominated George M. Hanson, ex-mayor of Calais, for Congress. At the third district convention in Waterville yesterday, which renominated Congressman Edwin C. Burleigh by acclamation, Edward S. Clark, of Bar Harbor, presided very gracefully. W. H. Davis, of Bar Harbor, was chosen the Hancock county member of the district committee.

MOUTH OF THE RIVER.

Josiah Garland is here from Boston, visiting his mother while his vessel is in port.

Inez L. Pratt made a short visit to her parents, Capt. W. L. Pratt and wife, recently. She has been traveling for the National Biscuit Co. for the past year.

Mrs. George F. Ray, of Bartlett's Island, who has been visiting her parents, Capt. M. W. Moon and wife, and other relatives for the past week, has returned home.

Bar Harbor property is now protected by a fire alarm system which is second to none of its size in the State, and with the very efficient fire department of the town, property owners may feel reasonably safe.

The new Gamewell fire alarm system, which was voted for at the last annual town meeting, is now in perfect working order. The ten boxes of the system are on two separate circuits, eight boxes being on the underground circuit and two on the surface. The work cost the town \$2,500 and is considered by everybody money well spent.

Thursday afternoon of last week a thorough test of the new system was made, an alarm being rung in from each box, and the steam whistle at the electric light station, which will be used as the fire signal, sounded the proper signals.

It was learned some time ago that a large number of the war vessels of the North Atlantic would assemble in Frenchman's bay during the first week in September. This news was hailed with joy at Bar Harbor, as the coming of the warships adds greatly to the social life of the resort, and the liberal-handed tars leave considerable cash in the hands of the merchants. Within a few days has come the welcome announcement that an earlier visit from the ships may be expected. Postmaster Fennelly has recently received a letter from Admiral Bradford of the third division of the North Atlantic squadron stating that he will be at Bar Harbor July 20. Mr. Fennelly has also received a letter from the captain of the Des Moines saying that his ship will arrive here July 15.

Mutineers Re-Sentenced.

Adams and Sawyer, the negro mutineers of the schooner Harry A. Berwind, whose appeal for a new trial has been refused by the United States supreme court, have been re-sentenced to be hung on Friday, Aug. 17.

Scott, the third of the mutineers, is under sentence to be hung on July 6. The only chance now left for Adams and Sawyer, whom many believe to be innocent, is the remote possibility that Scott, before his execution, will make a confession exonerating the other two, who say Scott alone was guilty of the murders.

"Quick lunch" is one of the commonest of city signs. The sign doesn't say "a hearty lunch" of good food the character of the food apparently is not considered. It's just a quick lunch—eat and get away. Is it any wonder that the stomach breaks down? Food is thrown at it, sloppy, indigestible and nutritious food, very often, and the stomach has to do the best it can. Normally there should be no need for medical assistance for the stomach. But the average method of life is abnormal and while this continues there will always be a demand for Dr. Pierce's Golden Medical Discovery. It is the one medicine which can be relied on to cure diseases of the stomach and other organs of digestion and nutrition. It is not a cure-all. It is a medicine directed to the stomach, and to cure through the stomach remote diseases which have their cause in the derangement of the stomach and digestive and nutritive system. It cures when all else fails.

Dr. Beckenridge, a well-known American clergyman, and his two brothers, also of the same profession, one day paid a visit to their mother. "Do you not think, mother," said he, "that you ruled with too rigid a rod in our boyhood? It would have been better, think, had you used gentler methods." The old lady straightened up and said: "Well, William, when you have raised up three as good preachers as I have, then you can talk!"

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness results, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

COUNTY CONVENTION.

DEMOCRATIC TICKET NAMED IN ELLSWORTH TO-DAY.

ACCOMPANIMENT OF BRASS BAND AND ORATORY - CANDIDATE DAVIS PRINCIPAL SPEAKER.

The democrats of Hancock county in convention this afternoon placed in nomination their candidates for county officers.

The convention was the most enthusiastic ever held by this party in the county. The hope that springs eternal in the democratic breast was everywhere apparent, and if anything was necessary to brace it up, the blare of trumpets and fountains of brilliant oratory were not lacking.

The entrance of Cyrus W. Davis, the nominee for governor, was greeted with loud applause from the convention, and a burst of music from the band. With prophetic sarcasm, the selection played was "Good-bye, Little Girl, Good-bye".

The convention was called to order by Dr. Otis Littlefield just before 2 o'clock. Prayer was offered by Rev. J. P. Simon-ton.

H. F. Maddocks and Charles P. Halpin, of Ellsworth, were made temporary secretaries, and Frank E. Mace, of Great Pond, chairman.

Mr. Mace, in taking the chair, spoke in his usual forceful style. He roused the convention to frequent applause.

The county committee was made a committee on credentials. The committee reported that out of the whole number of delegates entitled to representation, 161, there were present 158. The report was accepted.

The temporary organization was made permanent.

Seated on the stage, beside the officers of the convention, were Mr. Davis, Dr. E. L. Jones, of Waterville, chairman of the democratic state committee, Rev. S. L. Hanson, of Bar Harbor, and County Committeeman Higgins, of Eden.

Committee on resolutions appointed as follows: Andrew P. Hovey, of Sullivan; W. H. Dresser, of Ellsworth; Leonard A. Austin, of Bar Harbor; Frank H. Miller, of Penobscot; and Theodore H. Smith, of Bucksport.

THE PLATFORM. Mr. Hovey, for the committee on resolutions, reported the following platform:

We, the representatives of the democratic party of the county of Hancock, in convention assembled, re-endorse the principles of democracy as promulgated in the state platform of the democratic party.

We heartily endorse and commend the administration of Mr. Mayo, sheriff of Hancock county, for the honest, conscientious

MOSES, FLOREST, BAR HARBOR, Open all the year 'round.

and thorough manner in which he has performed the duties of his office.

We demand the strict and impartial enforcement of all laws, especially the prohibitory law.

We demand the passage of all reasonable legislation aimed to better the condition of laborers of all classes and to ensure them the just rewards of their toil and the full enjoyment of their rights as citizens.

We pledge to the nominees of this convention our individual support and ask for the co-operation of all honest, law-abiding citizens.

Chairman Mace then introduced Mr. Davis, who was greeted, as he stepped to the front of the platform, with the most enthusiastic demonstration of the convention.

Mr. Davis spoke at some length. He complimented the democrats of the county on the effective organized work shown by the convention. He threw a few bouquets at Ellsworth, mentioning the fact that it was the home of a United States senator, the chief justice and attorney-general, for all of whom he had great admiration.

He said no personalities and no national issues would enter into the campaign. He called attention at some length to the issues outlined in the democratic State platform, laying emphasis on the prohibitory law.

Mr. Davis went at some length into the history of the resubmission proposition, devoting the greater part of his speech to this. The applause at the close of his remarks was in the nature of an ovation.

NOMINATION OF CANDIDATES. The attention of the convention was then called to the business in hand, the nomination of candidates.

The following nominations were made by acclamation: For senator from the western district, Charles L. Knowlton, of Stonington.

For senator from eastern district, Frank E. Mace, of Great Pond. The cheers which greeted the nominating speech by Reginald Ingalls, the warmest bit of oratory of the afternoon, made all that had preceded it seem tame. Mr. Ingalls was, later in the convention, dubbed by Mr. Benson the "Little Bryan of Bar Harbor."

For sheriff, Dr. M. A. Wardwell, of Penobscot, presented the name of Byron H. Mayo, paying tribute to his past two years' service. The nomination was seconded by D. E. Harley.

At this point in the proceedings H. F. Maddocks called upon Rev. S. L. Hanson for remarks on the shrivelly situation. He praised Mr. Mayo as a man and as a sheriff.

The nominating vote was cast for Mr. Mayo, and Mr. Mayo was called upon and addressed the convention. He received an ovation.

When nominations for judge of probate were called for, E. N. Benson, of Bar Harbor, took the floor, and in an extended speech in which he went into the situation in this county in respect to this office, presented the name of Theodore H. Smith, of Bucksport, who was nominated by acclamation.

For county attorney, Jerome H. Knowles, of Northeast Harbor, was nominated.

For county commissioner H. F. Maddocks presented the name of C. C. Homer, of Bucksport, referring to the republican nominee as a "small farmer" who could easily be beaten by a business man.

For register of deeds, Edward E. Biady, of Ellsworth, was nominated.

For clerk of courts in respect to this office, presented the name of Frank A. Miller, of Penobscot, and he was nominated by acclamation.

For county treasurer, George B. Stuart nominated Frank S. Lord, of Ellsworth.

The convention closed by an appeal for funds which was liberally responded to.

NATIONAL CIGAR STANDS. Better Cigar Values at Lower Prices Than Ever Sold Before. Exclusive Brands; Unvarying Quality; Proper Condition.

Important News for Smokers Here's the National Cigar Stands' Proposition

Some 2,000 American druggists (the undersigned included in the number), have united in a new plan for conducting the cigar branch of their business.

Heretofore, each store has bought its cigars independently; usually from jobbers and in quantities necessarily small. The prices paid were loaded with from four to six unnecessary profits and were always on a small-quantity basis besides.

Now, these 2,000 stores have concentrated their cigar-buying power in a single, co-operative concern-the National Cigar Stands Company. These 2,000 stores

Constitute The Greatest Retail Cigar Outlet On Earth

and the National Cigar Stands Company which must provide them with cigars, becomes the largest single customer for tobacco ever known in the history of the cigar business.

The commercial advantage of a large purchasing power is well-known. The National Cigar Stands Company takes at once a masterful position in the tobacco market. It can, and does, own its own brands, control its own factories, and its own prices. In all this it merely acts for the druggists who own it, and each store gets the full benefit of all the advantages acquired and all the savings effected.

The saving in manufacturing and buying is almost equaled in the saving in selling expense. The distribution from producer to retailer being direct, there is no expense for jobbers or traveling salesmen. There is little or no rent to be charged on the prices of cigars by National stands and no extra salaries for salespeople.

In brief, the cigars come to the National stands freed of all middlemen's profits and can be sold practically free of expense. Between producer and smoker there are but two small profits instead of the usual four to six big ones. The result of this double saving is that

Never Before Have Cigars Been Sold So Close to Cost of Production

The proof of this will be found in the cigars now offered for sale. They give a quality never before known at the prices asked. The brands are all the exclusive production of, by and

for the National Cigar Stands. Let them speak for themselves. All National Stands are equipped with a new and scientifically designed storage case which constantly and automatically maintains the proper atmospheric conditions necessary to keep the cigars at their best.

It isn't a National Cigar Stand unless the National's emblem is in the window.

Sunday, in honor of St. John's day, the members of Hancock lodge, F. and A. M., and the ladies of the Eastern Star met in the evening at their hall and marched to the Methodist church, where they listened to a very interesting address by Rev. Mr. Luce. Music for the service was furnished by Mrs. E. H. Carpenter, Mrs. E. E. Phillips, F. A. Douglas and J. C. M. Gardner, with W. A. Ricker as organist.

Mr. Witherle was born at Castine eighty-five years ago, and on attaining his majority entered business in town, when the fishing and shipping business was at its height. He continued in business until a number of years ago, when he retired from active life, but kept alive his interest in the affairs of the town until his death.

He was a man much respected in the community, of strict business integrity, one whose "word was as good as his bond," and in the death of whom Castine loses one of her best citizens. The family have the sympathy of many friends in their bereavement.

Henry Tracy has commenced work on the foundation of the new schoolhouse, which will be an object of interest until its completion. It is located a little back of the present site. The disposal of the old house as still in doubt, but it will probably be sold and removed.

Mrs. Randall, for good and sufficient reasons, has decided to retire from the trying duties of entertaining hotel guests. She sold a large part of her furniture and will leave soon for Vinalhaven to visit her parents and daughter before deciding her future location. # THE BEST FRIENDS OF PE-RU-NA ARE THE MOTHERS AND CHILDREN

When Sickness Comes to the Little Ones It is the Mother Who Chiefly Suffers.

She suffers even more than the child who happens to be sick. Her sympathy is deeper than that of any other member of the family. The mother looks forward with dread to the torrid heat of summer, thinking of her children and the many liabilities to disease that are before them. Spring and summer are sure to bring ailments, especially among the little folks. It does not take a mother very long to discover that Peruna is the best friend she has in time of illness among the children.

**A Multitude of Mothers** Have discovered that Peruna is their stand-by, and that in many of the ailments of spring and summer to which the children are subjected, Peruna is the remedy that will generally quickly relieve.

Whether it is spring fever or stomach derangement, whether it is indigestion or bowel disease, a catarrhal congestion of the mucous surfaces is the cause. Peruna quickly relieves this condition of the mucous membranes. Its operation is prompt, the children do not dislike to take the medicine, it has no deleterious effects in any part of the body. It simply removes the cause of the disagreeable symptoms and restores the health. Every mother who has not tried Peruna in her family should familiarize herself with Dr. Hartman's booklet, *The Ills of Life*. This booklet should be in every family. It gives most valuable advice as to the use of Peruna for the various catarrhal diseases so general to-day.

Peruna is a household remedy for all catarrhal ailments of winter and summer, acute or chronic. The mothers all over the United States are the best friends that Peruna has.

**The Mothers Hold Per-ru-na in High Esteem.** Not only because it has cured them of their various ailments, but because it promptly rescues the children from the throes and grasp of catarrhal diseases.

We have in our files many testimonials from mothers whose children have been cured by Peruna. However, the large majority of mothers who use Peruna, we never hear from.

But we do hear from a great number of mothers who are so overjoyed at some special good they have received from Peruna that they cannot restrain their enthusiasm. They are anxious to share these benefits with other mothers.

## Per-ru-na Should Be Kept In Every Household

### Where There Are Little Children.

Peruna should be kept in the house all the time. Don't wait until the child is sick, then send to a drug store. But, have Peruna on hand—accept no substitute.

Children are especially liable to acute catarrh. Indeed, most of the affections of childhood are catarrh.

All forms of sore throat, quinsy, croup, hoarseness, laryngitis, etc., are but different phases of catarrh.

### Per-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna, if taken according to printed directions, is perfectly harmless. It can be used any length of time without acquiring a drug habit. It does not produce temporary results, but it is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh.

Mrs. F. Brockman, 818 Meade street, Appleton, Wis., writes: "I have never had a return of the catarrh, which had made me so miserable and unhappy before I began taking Peruna. I have a baby boy, two years old, to whom I give Peruna for a cold, and my husband also takes Peruna. I thank you and wish you well."—Mrs. F. Brockman.

**No Doctor Required.** Mr. Edward Otto, 927 De Soto street, St. Paul, Minn., writes: "I cannot say enough for Peruna. It has done great work in my family, especially for my oldest boy. We had doctored with three or four different doctors and they did not seem to do him any good. We gave up hopes of cure, and so did they, but we pulled him through on Peruna. We had several doctors and they said they could do no more for him, so we tried Peruna as a last resort, and that did the work. Since then we keep it in the house all the time, and no doctor is required."—Edward Otto.

There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any narcotics.

### The Benefit Which the Children of the United States Have Received From Per-ru-na Can Never Be Put Into Words.

The chronic ailments it has prevented, the suffering it has mitigated, will never be fully recorded. But at least this much can be said that the coming generation owes a great debt to Peruna, for it is in the tender years of youth that slight ailments are liable to develop into lasting disease, thus blasting the whole career of the individual.

The mothers who are bringing up their children to-day to believe in Peruna are speaking from their experience. These children brought up to believe in Peruna from the start, will, when they become heads of families themselves, use Peruna with unquestioning faith.

### A Child's Life Saved.

Mr. G. H. Farmer, New Martinsville, W. Va., writes: "Our little son, Harry, is well and healthy now and we think if we do as you directed us, he will keep his health and grow strong. We know that our little son's life was saved by your wonderful medicine, Peruna, and we shall always praise Peruna and use it in our family when needed. Should we have any more catarrhal trouble in our family, we shall always write to you for treatment."—G. H. Farmer.

### Medical Advice.

For free medical advice, address Dr. S. B. Hartman, President of the Hartman Sanitarium, Columbus, Ohio. All correspondence held strictly confidential.

Mrs. J. C. Sterling, 133 Brown Avenue, Norfolk, Va., writes: "My little boy, Meredith, suffered with indigestion so badly he could not eat anything without it making him very sick, so I thought (as many others have) that I would try Peruna, and it worked like a charm. Now he eats anything he wishes, and I would not be without it for anything. My other little boy, Alfred, two and a half years old, has taken it and received as much benefit from Peruna as his brother. I hope my testimonial may be of some benefit to others, as I feel as though I cannot praise it enough."—Mrs. J. C. Sterling.

Mr. Howard Andrew Sterner, Muddy Creek, Pa., writes: "I have Peruna in my house all the time and won't be without it. It is good for children when they take a cold or croup. It cured my baby boy of croup. I have introduced Peruna into six families since I received your last letter, and four have seen relief already."—Howard Andrew Sterner.

### Per-ru-na Protects the Entire Household.

As soon as the value of Peruna is appreciated by every household, both as a preventive and cure, tens of thousands of lives will be saved, and hundreds of thousands of chronic, lingering cases of catarrh will be prevented.
