

PARIS, MAINE, APRIL 26, 1881.

Newspaper Decisions.

1. Any person who takes a paper regularly from the office—whether directed to his name or not—is responsible for the payment.  
2. If a person takes a paper and is not responsible for the payment, the publisher may continue to send it until payment is made, and collect the whole amount, whether the paper is taken from the office or not.  
3. The Courts have decided that refusing to take newspapers and periodicals from the post office, or removing and leaving them uncollected for, is prima facie evidence of fraud.

**BRUTAL PUNISHMENTS.**—Mr. Bergh lately wrote: "I have the courage, so to call it, to advocate whipping the man who beats his wife or any other of the female race. I will go further and declare that, in my opinion, if to every ten runshovers there were provided, a convenient, well-appointed whipping-post near at hand, where the fellow who makes a person drunk and who gets so could be taken, and there receive a dozen or twenty lashes well laid on their bare backs, the number of suffering wives and children would be reduced to a minimum."

We believe that Mr. Bergh is right. We have been growing more and more tender of criminals, feeding them better, clothing them better, and constantly mitigating the severity of punishment. Yet crime is as frequent and barbarous as ever. A little more heroic application would improve things. This class does not appreciate gentle treatment. Its members are animals and must be treated as such. They only know the significance of a blow, and the law should therefore make itself felt through that medium.

The Oxford Democrat in speaking of the coming election in the Second District to fill the vacancy caused by the promotion of the Hon. William F. Fry to the Senate says: "We are going to select a first-class candidate for the district, and then elect him by a large majority than that of any other candidate."

Of course; anybody with half an eye can see that Gov. Dingley looms up a head and shoulder higher than any other congressional candidate in the Second District, and the political sagacity which has retained "Bill Fry" in the House all these years can surely be relied upon to select the very strongest available candidate as his successor.—*Nes.*

As usual the *Nes* is meddling with things which don't concern it. This District is perfectly able to take care of itself without any assistance from York or Cumberland.

**BOYS AND TOBACCO.**—The German government, having prohibited the use of tobacco by boys under sixteen years of age, is considering the proposition of still more stringent laws, including the prohibition of beer in the army.

The German government has done a wise thing in prohibiting the use of tobacco by boys. Smoking dries up the juices of human organism, and makes boys withered old men. Let the law save the boys, by prohibiting smoking, during minority. When they have reached years of discretion they should be allowed to take their own risks.

—Mr. Charles Mason, of Bethel, who was burned out of his store, recently advertises in these columns, that he is again ready for business. He has leased a store near the Savings Bank and filled it with a full line of goods, which he will sell low for cash, or in exchange for country produce. All who deal with Mr. Mason find his goods just as he represents them to be. All persons indebted to Mr. Mason are requested to settle immediately, as he is in need of funds to make up for loss by the fire.

—Mason Bros., of Norway, advertise, this week, the Oliver Chilled Plows, and a full line of dairy and farming tools. Also they are agents for super-phosphates and all kinds of garden and flower seeds. Do not forget to give this enterprising firm a call if you want anything in their line.

—The *New Religion*, of Norway, put in an appearance last week, after its vacation. It looks about the same as of old. A gentleman named Crane, of Wayne, we understand has taken an interest in the *New Religion* Publishing Co.

—We notice that Mr. John Cummings, who has stables at South Paris and Norway, is getting out his carriages for summer use. Mr. Cummings keeps a good stable, has fine horses, and well kept vehicles. His turnouts are all first class.

—Our Leadville correspondent, "Tramp," says he elected a Republican alderman for that city, last week. See his interesting letter.

**WELL PUT.**—One of our respected Democratic exchanges—We blush to give its name—has the following item:

**ANOTHER BLACK SWAN.**—Hon. Rodney Foss, at times clerk of the Ohio Supreme Court, and Executive Secretary to Gov. Hayes was arrested yesterday, at Denver, Col., for grand larceny. He pleaded guilty and was committed in default of two hundred dollars bail. He stole books from the Methodist University Library to buy food.

Now, brother, by all that's charitable, don't you feel a little ashamed to put such a heading over such a "crime"? What was there in common between Thomas B. Swan's wholesale swindle and the offence of a starving man in the Colorado mining region who stole a few library books that he might buy bread with the proceeds.—*Riverside Oracle.*

**MORE CIVILIZATION NEEDED.**—Generally speaking, the word "twin" implies one of two, but there seems to be a great many "twin-relics of barbarism" left in this country yet. One of them is the practice of selling the support of paupers to the lowest bidder, and public attention has been recently called to it in Hancock county, West Virginia. The object of the bidder is to drive the best bargain possible, and as the paupers are old and feeble, and helpless, the horrible suffering to which they are exposed is evident. Instances in Hancock county are cited where the bargain proved to be a bad one, and the wretched victims were half starved and lodged in dirt and cold, until they were rescued by humane neighbors. At a recent sale of this inhuman kind one poor old woman was "bid off" by a notorious "shark," and was driven away by him weeping piteously. Within a few days afterward she died of a broken heart. This is not so very much better than black slavery after all.—*Portland Advertiser.*

REFORM CONVENTION.

Following are the doing of the Oxford County Quarterly Convention, of Reform Clubs held at Norway, April 21, 1881.

Meeting for organization met in "Reformers Home" at 10:30, a. m.

Meeting called to order by Brother John Stanley. 1st, Chose John Devine, of Norway, for President; 2d, E. W. Ayer, of Waterford, for Secretary. Devotional exercises by Bro. Cole Lord. Singing, "Hold the Fort."

APPOINTMENTS.

Committee on Order of Exercises.—Bros. William T. Eastes and C. O. Godwin.  
Committee on Location.—Bros. Charles Withington, of Buckfield; Caleb Besse, of Norway; Paige, of Canton.

Voted that the same County Committee serve the next quarter.—John Stanley, of Paris; Charles Withington, of Buckfield; E. W. Ayer, of Waterford.

Committee on Resolutions.—Brothers Eastes, Whitman and Stanley.

Vice Presidents chosen: Brothers Wm. T. Eastes, Duxbury; Paige, of Canton; Caleb Besse, of Norway; Frank Moore, of South Waterford; Rev. Mr. Raymond, of Norway; Southworth, of Edes Falls; Chas. Withington, of Buckfield; George Green, of Bolster's Mills; Geo. F. Hammond, of Paris Hill; J. A. Brown, of Norway.

Adjourned to meet at M. E. church at 1:30, for praise meeting. The praise meeting was very interesting and profitable. Services conducted by Rev. Mr. Simonds.

Public meeting at the M. E. church at 2 o'clock, p. m. Devotional Exercises by Rev. Mr. Simonds. Report of Committee on Order of Exercises, adopted.

Reports of Vice Presidents (of different clubs).

Bro. Wm. T. Eastes of the Dixfield club says: Am the only representative from my club. We are not dead yet by any means. The temperance seeds sown in Dixfield years ago, have sprung up and grown to trees bearing rich fruit. We have not missed a regular meeting since our organization. We celebrated our 6th anniversary a few weeks ago; and we received a new impetus in our work. God is blessing more of our homes with temperance, fathers and mothers. Let us ever work.

Bro. Paige of Canton Reform Club says: We have been rather low in the temperance work in the past. We have existed five years, with an average of twenty in our regular meetings. A few of us were determined not to die; we took counsel of war, and proposed an attack on the whole line. During the last four weeks we have had 62 signers to the *Iron Clad Pledge*. There is a great interest manifested among the young.

Bro. Besse of Bryant's Pond Club says: He is very happy to represent the B. P. R. Club. This club was organized five years ago and we still "Hold the Fort." I believe in missionary work. We are in excellent order; have held our meetings regularly since our organization. Meetings well attended; courage good. Great praise is due to our Ladies Aid for their active co-operation. *God bless the Ladies.*

Bro. Morse of the South Waterford Club says: Our club was organized two years ago; have just elected our semi-annual officers; our prospects ahead are encouraging. Many of our members are scattered throughout the Union. Excellent reports from them; they all keep their pledge. Much credit is due our Ladies Aid for their undiminished zeal for our welfare.

Bro. Raymond of the Harrison Reform Club says: Am glad to report the Harrison Reform Club; we are the grand children of the Norway Reform Club; was organized five years ago. We have a hall of our own built at a cost of \$800. This is our strong hold; in this building we have a large library for the benefit of the club; also on the table are found 12 daily and weekly news papers. We are stronger today than ever. We have associated with the wealthiest and most influential men in town. Bro. Raymond spoke very beautifully and feelingly on the devoted life of their late sister and worker, sister Emery.

The Irrepressible Southworth of Edes Falls R. Club says: Our Club is the *Iron Clad* of the Norway Reform Club; we were very young when we were born, but now we have grown strong and mighty to save. God bless our Ladies Aid; they are second to none.

Bro. Withington of the Buckfield Reform Club says: I am the only delegate from our club; very sorry that others were not here, but *see line*; have lived six years; we have a host of 900 workers; hard drinkers and wickedness is disappearing fast. The time has been when old Buckfield was called the worst town in Oxford Co.; now is called the best. We are prospering as usual, and holding up the grand principles of temperance especially to the young for their benefit hereafter.

Bro. Green of Bolster's Mills Reform Club says: I represent a club that for earnestness and zeal cannot be beaten. Every man woman and child in our community that can write has signed the pledge; we are a success.

Bro. Hammond of Paris Hill says: We have no club, and there is no reason for it. We were once flourishing, with 500 signers to the old Iron Clad pledge. There are many temperance people there yet, whose hearts are strong and warm. We desire very much to see our old days back again. God hasten the day.

Bro. Brown of the Norway Reform Club, says: I have no evil report to bring. There have been times in our existence, when things looked dark. Have no glowing account to give now, but thank God, today "we still live," as the people here from our sister clubs can testify, in partaking of the benefits of the generosity at the vestry. We have been held up by the Ladies Aid. If we had not had their persistent assistance we should have died long ago. We have had 14 join our club recently. Our public meetings are well attended, better than for years. Believe it to be right and just that we try to set better examples of temperance.

Committee on Location reported application from the Canton Reform Club for the next Quarterly Convention.

Report of Committee on Resolutions:

NORWAY, April 21, 1881.  
Whereas, We have gathered for the double purpose of celebrating the 6th anniversary of the Norway Reform Club, and holding our regular convention of Reform Clubs for Oxford County; be it therefore resolved, That we still maintain our adherence to and belief in the cardinal principles of the Reform Club work; that as an organization it should be conducted strictly on a "non-sectarian, non-political, non-prosecuting," with malice toward none, but charity for all.  
2d. Profoundly grateful to God for its past success we exhort all to be earnest

in season and out of season," trusting in God for final complete victory.

3d. We earnestly thank the Press, the transportation companies and all who have extended courtesies to us.

4th, To the Ladies Aid Societies and all other kindred associations, we extend the right hand of fellowship and an earnest "God bless you."

5th, To the kind and hospital hands who have so cordially entertained us, we extend warm and hearty thanks, and express the sincere prayer, that the "curse of humanity" may never darken their hearth stone.

WM. T. EASTES,  
C. F. WITHINGTON,  
J. F. STANLEY,  
Committee on Resolutions.

Voted to accept the report.  
Committee on exercises reported the following names as speakers for the afternoon: Hon. Sidney Perham, Withington, Sister Miner, of Bryant's Pond; Brothers Knapp, Simonds, Laverty, Swasey, Raymond, Wright, Sister Rowe, of Bryant's Pond.

EVENING EXERCISES.

Praise meeting at 6:30 conducted by Rev. Mr. Raymond; public meeting at 7; devotional exercises by Rev. Mr. Hooper, of Norway; singing by choir of children (forty in number); "Happy are We Tonight, Boys."

Welcome by Brother Whitman, of the Norway Reform Club; reply by Brother William T. Eastes, of Dixfield Reform Club. The committee reported the following speakers of the evening: Brothers Hooper, Southworth, Stacy, Laverty, E. H. Brown, E. W. Ayer, H. C. Davis, Paige, Swasey, Knapp, Hilborn. Pledge presented by Brother Eastes in a very affecting and able manner, resulting in 29 signing the pledge and 11 joining the Norway Reform Club.

This, we consider, has been one of the best conventions that we have ever attended. Every one was filled with enthusiasm and determined in their efforts to make it the grandest success.

We trust that those great principles of temperance emanating from so noble and true hearts, may spread until we shall hear the glad shout coming up from every hamlet in Old Oxford. God bless the old "Iron Clad Pledge."

E. W. AYER, Sec.

OXFORD COUNTY LOCALS.

ANDOVER, Apr. 21.—Weather pleasant. The snow on the east side is immense.

Horse radish and persimps are now in order from the garden, and I now has come the time of the year when the model housewife turneth the carpet and maketh it as good as new.

River driving is brisk.

Making maple syrup and sugar are among the things that were.

E. E. Merrill, esq., has built a new sap house.  
H. L. Newhall, esq., at the auction of S. R. Chapman, esq., purchased his fine henhouse. The stock and farming tools sold well.

We are glad to notice your subscription list is increasing from Andover. Your offer of "Russell's map of Maine" with "Democracy" is most liberal.

About two hundred M. of lumber will be worked up in the saw mill at the corner, and fifty M. at Grover's mill. Mr. Learned Lovejoy runs the saw mill for Mr. Grover.

Mr. S. R. Chapman and wife are to move to South Paris.

Mr. M. F. Corson and wife are in Lawrence.

Help on the farm is quite scarce but there is apparently enough to go around. Most time to sow those early peas and onions.

MORE AXON.

BRYANT'S POND, April 19.—The Rumford stage came in for the first time on runners, April 12, this year.

John Larvey has been appointed overseer of the poor farm for the ensuing year.

Ansel Dudley has another contract to furnish the Yarmouth Co. 3000 cords of poplar. He has let 2000 cords to Marshall & Irish, of Hartford.

Rev. L. H. Tabor, of Vermont, is about to move into the Cyrus Berry house. Mr. Tabor will supply the Universalist society one quarter of the time the present year.

Dr. John D. Holt, a former principal of our high school is now practising medicine in Milan, N. H.

FRYEBURG, Apr. 23.—The "Mother Goose Party" last evening, was a great success, about 300 being present. Nearly a hundred appeared in character costume. The exercises consisted of marching by the Mother Goose Party, music by the band, refreshments, and general dancing in which all who desired took part.

The new and popular drama, "Folled, or a battle for life and liberty," will come off in Court Hall on the evening of May 5th.

Last Sunday, services appropriate to Easter, were held in the new church and Congregational church. The floral display at both places was exceedingly beautiful.

Fast day services were held in the new vestry Thursday morning. Dr. Mason giving a stirring temperance discourse.

Mrs. Percy Chase died in Brooklyn, N. Y., last Wednesday. She was brought here for burial yesterday. The family have been residing in New York about four years.

KEZAR FALLS.—Tuesday, the 12th, we had two or three inches of snow. Sleds and sleighs were seen on the road, and Friday an old fashioned northeast snow storm, lasting all day and leaving a few inches. The old snow wastes slowly and the spring is quite backward and cold; traveling is very bad.

Saturday the 16th, Isaac M. Stanley had his leg badly injured, but not broken, while he was driving logs on the Great Ossipee river just below this place.

Dr. Frank Devereaux has returned from New York where he has spent the winter attending patients in Bellevue hospital, where 15,000 receive medical aid yearly.

The boiler and pipes are being set in the new factory and all the rest of the work is progressing as fast as possible.—*Journal.*

PARIS.—Friday morning, the residence of Mrs. Giles took fire from a spark which fell out of a burning chimney on the roof. Mr. J. T. Clark was at work near by, in his yard, and hearing the fire crackling was soon on the ground, and by throwing snow on the roof checked the fire until men and water were plenty, when the flames were extinguished. Damage small; but the premises were doubtless saved by Mr. Clark's prompt action.

Thursday afternoon the Brass Band favored our citizens with an out-of-door concert. Most all who were able promenade

the plank walks and listened to the music. Mr. Gammon, of Mechanic Falls, was present, and acted as leader. The ladies are making a subscription to employ an instructor for the band.

We are sorry to say that Fast day was not observed in this village, by the young men as the Governor directed. A large quantity of hard cider was drunk, and we surmise that some imbibed a stronger drink. At any rate a number of fellows who knew better were worse off for liquor.

The scene was disgraceful, and one which we trust will not be repeated. If any person is violating the law by selling intoxicants, we want them to stop at once, for our people do not propose to allow any such conduct. The trouble is growing and must be stopped.

Thos. M. Crocker returned from his winter Florida trip, last week.

Rawson & Tufts took out their big carry-all, the "Red Bird," last week, and are making it ready for the summer campaign.

Rev. Mr. Ingalls of South Paris, will preach in the Baptist Church Tuesday evening next, at 7:30 o'clock.

The Universalist Society will soon have their spring entertainment. It will consist of an apron sale and stage entertainment.

J. O. Canwell is painting the residence of S. D. Hutchinson.

B. S. Doe is painting the Moses Hammond house.

A CARD.—I have just returned from Boston with a new and fresh line of Dry and Fancy Goods; also have opened to-day a 5 and 10 cent counter. Come one, come all and examine my stock of new Goods. I take this opportunity to thank my friends and the public for past favors, and respectfully solicit a continuance of the same.

S. U. HAWKES.

Paris, April 25th, 1881.

SOUTH PARIS.—"Speed the plow."

The buds on the maples are beginning to swell.

A watering trough near the monument would be a "thing of beauty and a joy forever."

The population of South Paris is increasing. A large percentage of the increase, however, consists of babies.

The many friends of Miss Lila Stone will be glad to learn that her health is much improved.

Mr. Frank Libby of Norway, has moved into the rent over W. A. Frothingham's store.

The dwelling house of Mr. Cyrus Twichell, on the West Paris road, was burned Tuesday morning.

Mr. John Carsley, has formed a copartnership with Wallace Ryerson, and will carry on the egg business. We are glad that Mr. C., is to remain in our midst.

Some very fine harnesses, may be seen in the show case of Mr. J. D. Williams, at prices varying from 20 to 60 dollars.

Mr. Marion Besse, says, that last year Mr. 27th, with his wife, and is living in 10th street. Mr. Robinson was married while on his visit, to Miss Mattie Hatchinson of Bealsville, Ohio. Mr. R. is one of the first engineers in Leadville, and does an immense business; he is the M. E. of the Chrysolite and is at present making a "triangulation" of the whole Chrysolite property. Mr. Henry Stevens is still at the Chrysolite, but intends to go on prospecting tour this summer in search of carbonate; like everybody else he is going to make his stake. Mr. C. W. Nelson is expected in Leadville this spring.

Mrs. John Monroe and son, Taylor, left Leadville Sunday eve, the 10th, via D. & R. G. for Boston, where they will probably arrive Saturday, the 16th, stopping over one day in Chicago. We have taken lodgings and board at the office of the Chrysolite. L. K. Nelson, Steward and Mrs. Maggie Smith, *Chief de cuisine*. This is the very best house in town, all ways furnishing everything that the market affords. We feel that we have fallen into good hands. There are at present besides Mr. and Mrs. L. K. Nelson, Mr. and Mrs. Stewart Lindsey, four of our ganders board here (I am a gander now), and 'tis a jolly party I assure you. There are besides these, three transient boarders—Mr. Marden the F. A., and Mr. Bolker, the G. M., also Mr. Wilson, one of the S. B.'s. I should also mention that one of the ganders is an S. B. too, or rather he is B. of the T. G. which is Boss of the Timber Gang. Mr. Marden and Mr. Bolker take daily lunch here at noon. We dine at 6 p. m., breakfast at 8 a. m., lunch at 12 m. Take it altogether this hotel of Chrysolite is the personification of comfort.

Mining is going on just the same as ever in Leadville, only 'tis on the increase I think, with the exception of the Pittsburgh and Chief (which are shut down on account of the breaking out of the fire again in the Chrysolite) all the mines on Fryer Hill are in full blast; on the east of Fryer the mines are taking out an immense amount of very rich ore. The Big Pittsburgh took out recently less than 14 cubic yards of dirt, which gave a net return of \$11,000; from a chamber of less than 75 cubic yards, over \$25,000 worth of ore has been taken. The Highland Chief shipped last week 800 pounds of ore worth \$1.00 per pound, and another lot of 1400 pounds which netted 90 cents per pound. The R. E. Lehigh in March, 1,211 tons of ore, one-third of which was settled for and netted \$24,140.80. The Catalpa cleared over \$50,000 in March, and has abundance of ore for months ahead that will give as good returns. True return from this mine exceeds \$200 per ton on smelting expenses. The Henriett is producing 50 tons of good ore per day. The Silver Wave shipped Apr. 1st 95 tons of ore. April 8, some fine Chlorides were struck in the Present and in a few days this will be one of the large producing mines of Leadville. The Matchless sold during March \$82,000 worth of ore. At the Silver Chord Apr. 1st, a four foot body of sand was cut which shows 217 ozs. of silver and 68 per cent lead. The Miner Boy shipped to New York last week, four bars of gold and silver bullion which weighed respectively 402, 312, 318 and 161 ounces. A good strike was recently made in the Little Silver of 1392 ounces. The Crown Point and Senator mines at Red Cliff were sold Mar. 29th, to eastern parties for \$25,000. A strike in the Cincinnati Lode on Buckeye Hill, made a few days since, shows \$116 to the ton. I think you will become satisfied that Leadville is not yet "played," and that it does pay to mine in Colorado.

One of the most cold blooded murders ever known in this part of the country was that of J. S. Ballard who was shot March

usually goes to the West for corn and flour. Let it be a municipal tax and we should cry "reform or frand."

SLOCUM.

WATERFORD.—The Waterford Young People's Literary Union, a society meeting fortnightly for discussions and other literary exercises, held its last meeting for the season last Monday evening.

Some sleighs are yet in use on the back roads, for the reason that the snow drifts are so deep, and the cuts through them so narrow, that they are impassable for wheel carriages. Yet there is little or no frost in the ground, and roads are dry as soon as clear of snow.

LEADVILLE LETTER.

LEADVILLE, COL., Apr. 11, 1881.

Today we are having our regular daily snow storm; from three to five inches of snow has fallen every day since the 1st of April, and the streets in and around Leadville are simply one ocean of mud. Even Harrison Avenue that is macadamized with "Slag" from the Smelters, is knee-deep in some places with mud; 'tis most impossible for foot pads to get around unless they swim.

Work at the Chrysolite is as brisk as ever, though there are not quite as many men employed as there were a few weeks since; about 350 at present. The pay roll for March amounted to \$25,000, (twenty-five thousand.) There has been an immense amount of work done in the mine the past four months, more than twice as much as was ever done before in the same length of time; it is patent that Mr. Bolker, the G. M., understands how to get the greatest amount of work done. A change was made April 1st, since which the mine does not run on Sundays. We have no short shifts now; ten and one-half hours every day, half an hour out for lunch.

Many of the boys "kicked" at this for they think when a man once gets out here he ought to work every minute that he possibly can, but on the whole we think it a good idea. No man can work every day below, and we opine that at the end of the year it will be better for every one, financially, as well as regards one's health. There are several mines in camp other than the Chrysolite that do not work Sunday. There have been several quite serious accidents in the Chrysolite since I last wrote, one resulting in death. I refer to John Gray who was crushed, Mar. 29, by a cave from the roof of the drift in which he was at work; he was removed to the Sisters Hospital and the leg amputated by the mine doctors, Heron and Carrington, and everything was done by the management for his recovery, but he died Sunday, 3d, and was buried in Evergreen, Monday.

Mr. Gray was a gentleman and had been at work at the mine a long time; he was liked by all his fellow workmen, and he was missed by a large circle of friends in Leadville, as well as in Joplin, Mo., where his father and mother are still living.

Mr. Geo. H. Robinson who has been absent for two months in the East, returned Mar. 27th, with his wife, and is living in 10th street. Mr. Robinson was married while on his visit, to Miss Mattie Hatchinson of Bealsville, Ohio. Mr. R. is one of the first engineers in Leadville, and does an immense business; he is the M. E. of the Chrysolite and is at present making a "triangulation" of the whole Chrysolite property. Mr. Henry Stevens is still at the Chrysolite, but intends to go on prospecting tour this summer in search of carbonate; like everybody else he is going to make his stake. Mr. C. W. Nelson is expected in Leadville this spring.

Mrs. John Monroe and son, Taylor, left Leadville Sunday eve, the 10th, via D. & R. G. for Boston, where they will probably arrive Saturday, the 16th, stopping over one day in Chicago. ALABASTINE

For finishing Walls and Ceilings, is the most valuable material known. It is far superior to Kalsomine, and more economical. It is a valuable discovery, and its merits as a wall finish are unequalled. It is the only material and durable finish for Walls. It will pay you to send for sample card and testimonials to
