## THE MISSISSIPPI REFUGEES

**Knox County Chapter of Red Cross Asked To Forward \$1325 To Relief of the Sufferers.**

A telegram received from the Washington headquarters of the American Red Cross desires a contribution of \$1,325 from Knox County, for alleviation of sufferers from the great flood.

President Coolidge, as President of the United States and of the American National Red Cross, has issued a proclamation to the people directing their attention to the "sad plight of thousands of their fellow citizens" in the flooded areas of the Mississippi river and its tributaries, and urging "that generous contributions be promptly forthcoming to alleviate their suffering."

He stated that the "burden of caring for the homeless rests upon the agency designated by government charter to provide relief in disaster—the American National Red Cross," and recommended that all contributions, clearly designated, be forwarded to the Red Cross, through the local chapters or the headquarters offices in Washington, St. Louis or San Francisco.

At a cabinet meeting following the issuance of the proclamation, the President appointed a committee of three members of his cabinet to co-operate with the Red Cross upon comprehensive plans for relief of the flood sufferers. This committee, Herbert C. Hoover, Secretary of Commerce, Andrew W. Mellon, Secretary of the Treasury, Dwight F. Davis, Secretary of

War and Curtis D. Wilbur, Secretary of the Navy. This is the first time the President has appointed a committee of his cabinet to work with the Red Cross, and indicates the gravity of the disaster situation as viewed by the leaders of our Government.

The flood, affecting eight States, is one of the most extensive in the history of our country. All reports indicate that it threatens to become our greatest flood catastrophe, despite the almost superhuman efforts being made to hold back the torrents of water.

Great sums of money and supplies are needed to care for the flood refugees, numbering more than 100,000 who must be fed, clothed, sheltered and protected by adequate health measures until the receding waters permit their return to their homes—a period that will extend from four to eight weeks, and in some places longer.

Only through the organized Red Cross can this work be done. There is a chapter of the Red Cross in Knox County and it is to this chapter that the national organization looks. The chapter itself has no funds and must turn to the people. We are asked to give \$1,325.

Contributions may be sent to the secretary, Mrs. Helen W. Lamb, Rockland, or to The Courier-Gazette. Make checks to the order of Knox County Red Cross Chapter.

## "ON MY SET"

"Intercollegiate Night" was the big attraction on the WGY program Saturday night, 80 colleges being represented in the program. The Maine Stein Song was one of those rendered and gave me a regular football season thrill. The banjo trio coming over WTAM was one of the best things I have heard in that line this season. An organ concert on WLW was also worthy of special note.

What kind of a radio law did the Maine Legislature pass this winter? How many of the fans can answer that question off-hand? The chapter of the "An Act To Render Unlawful All Disturbances to the Reception of Radio Waves Used For Radio Telephony" and reads thus: "Sec. 1. It shall be unlawful to use within the State of Maine any radio receiving set which radiates radio waves between two hundred and five hundred and fifty meters wave length, thereby causing interference with the reception of any other radio receiving set unless said radiating set shall be rebuilt or redesigned to prevent said radiation. Sec. 2. Whoever knowingly maliciously or wantonly by any means unreasonably disturbs the reception of radio waves used for radiotelephony, between two hundred and five hundred and fifty meters wave length, shall be punished by a fine of not less than ten dollars and not more than fifty dollars to be recovered by complaint in any municipal or police court or before any trial justice.—Approved April 16, 1927."

The outstanding feature of last night's reception was the address of President Coolidge on our international affairs. I heard it through four or five stations and it came in very clearly. There's no mistaking the Coolidge voice.

WLW was exceptionally good last night, and the program was frequently interspersed with appeals for aid for the Mississippi sufferers. In this respect, alone, the radio is of tremendous value. It spreads the tidings much more quickly than the daily newspapers can possibly do it.

My other stations last night were WEEI, WJZ, WCHS, WNAC, WBZ, WABC, WLS, WRNY and WTAM.

The Roman Catholic population in the United States during the last year shows an increase of 604,584 over the population the year preceding, according to the official Catholic directory for 1927. ## A SHRIEKING MYSTERY

Many persons were mystified Saturday afternoon at the repeated sounding of the chief's call on the diaphone. The mystery would have been speedily dispelled, however, if they had known that a Belfast delegation was tuning in on the new fire signal with a possible view to establishing a similar one in that city. The officials who came from the up-bay city were Mayor Foster C. Small (recently elected for a second term); Chief Engineer Francis X. Pendleton, Road Commissioner Ephraim Littlefield, and City Electrician John Brock. Escorted by Mayor Carver, the visitors first went to Box 45 at the corner of Talbot avenue and Traverse street, where the chief's call was sounded. The wind had shifted to the northwest and was blowing quite briskly but the signal was heard very plainly. The next test was made from the corner of Cedar street and Old County road, more than a mile distant from the fire signal, and here again the sound came plainly. "What does the signal sound like nearby?" asked Mayor Small. "We'll see," replied Mayor Carver, and the next alarm was sounded from Box 25 opposite the American Legion building. The visitors were amazed at the power of the signal which came from so small a horn, and were quite agreed that it was the oddest sound they had ever heard. The Belfast officials spent an hour or more at City Hall, and talked shop on various phases of municipal affairs.

## AN ORATORICAL CONTEST

By Mary Perry Rich  
Did you realize, O Public Spirited Citizen, that your presence is called for next Saturday at 2:30 p. m. at the High School auditorium, without fail? Why? What's to happen, you ask? Some of the smartest boys and girls in Knox County are to appear there as representatives of their High Schools and to compete for nearly fifty dollars in prizes. Oh, an indoor athletic meet? you ask. No. This is to be our first Brain Meet, so to speak. But these kids are not going to read prosy, dull, lengthy papers to put you to sleep. No, indeed! They are to talk to you, in a spontaneous, snappy fashion about your own direct primary law. They will be awarded prizes without regard to which side they espouse, by three judges, impartial, from outside our county. Don't miss this. Encourage our future voters to do their own thinking and to become leaders of thought. Encourage enthusiasm for better citizenship in yourself and in them by your attentive interest in their amateur efforts. Observers from all over Maine are to come to prove their belief in Knox County's first oratorical contest of this sort. John Gribbel, Rockport's summer resident, has put up \$50. What will you put up?

The Powers seem astonished to discover that the Open Door opens both ways.—Schenectady Gazette.

## YOUR FAVORITE POEM

**THE BLUE BELLS OF SCOTLAND**  
Oh where! and oh where! is your Highland laddie gone?  
He's gone to fight the French for King George upon the throne.  
And it's oh! in my heart how I wish him safe at home.

Oh where! and oh where! does your Highland laddie dwell?  
He dwells in merry Scotland at the sign of the Blue Bell;  
And it's oh! in my heart that I love my laddie well.

What clothes, in what clothes is your Highland laddie clad?  
His bonnet's of the Saxon green, his waistcoat's of the plaid,  
And it's oh! in my heart that I love my Highland lad.

Suppose, oh suppose, that your Highland lad should die?  
The bagpipes shall play over him, I'll lay me down and cry.  
And it's oh! in my heart that I wish he may not die!

## WALTER RICH SELLS

Former Rockland Man Disposes of Interest In the Vitaphone.

Walter J. Rich, formerly of this city, has sold his interest in talking pictures to Warner Bros. The New York Times says: "Warner Brothers has acquired 100 percent ownership of Vitaphone. A joint statement issued by Western Electric and Warner Bros. says the rapid development of Vitaphone has made desirable an explanation of activities relating to production of pictures and installation of equipment."

With this in view a plan has been worked out whereby Warner Bros. acquire 100 percent ownership of Vitaphone through purchase of the interest of Walter J. Rich and will immediately increase their studio facilities for production of film and records by opening a new studio in Hollywood completely equipped for Vitaphone production. The statement says also that Western Electric through a subsidiary will handle supply, sales, installation and maintenance of equipment for theatres.

One hears lots of crowing and peeping on the Counce farm, Friendship road, South Warren, and why not? The proprietor has 3,400 chickens and 1100 hens.

## ARBOR DAY THURSDAY

Much Of Our Prosperity Rests On Forest Area, Says Gov. Brewster.

Gov. Brewster in a proclamation issued yesterday designated Thursday, April 28, as Arbor Day in the State of Maine.

"Maine enjoys a proud pre-eminence in many lines of forest products," says Gov. Brewster in the proclamation. Upon the foundation of our forest area much of our prosperity must rest," continues the proclamation.

"More than any other State in the East is Maine concerned with the welfare of its trees. Popular appreciation of the importance of our forests has greatly increased in recent years and our hardwood resources are now giving promise of value in the development of our State."

"Citizens may properly give attention to the lessons associated with this day. Care of trees in our communities and in our woods is a matter of mutual concern for ourselves and our posterity."

"We may cultivate this opportunity to elevate our forests to that position in our esteem which they are entitled by reason of their contribution to the welfare of the State."

The Forty Club May dance will be held in the Arcade, May 2, with Marston's Orchestra, special decorations and a jolly good time. Public invited. 50-52

### SHALL WE HELP THEM?

With a death list running above half a thousand, with nearly 200,000 men, women and children homeless and in suffering, with a property loss reckoned at the staggering sum of \$500,000,000, the tragedy of the Mississippi region presents itself as the most appalling in the country's history. Secretary Hoover who at the desire of President Coolidge has taken charge in person of the work of relief, says that the called-for fund of \$5,000,000 is needed at once, and perhaps more will be required.

National headquarters has asked the Knox County Red Cross Chapter to provide \$1,225 as its allotted proportion of this indicated amount. Contributions may be sent to this office, or direct to the secretary. Checks should be made payable to "Knox County Chapter, American Red Cross." To date the following have been received:

Thomaston Branch Red Cross 25.00  
The Courier-Gazette 25.00  
Dr. and Mrs. Ellingwood 25.00  
Mr. and Mrs. H. A. Buffum 10.00

Total to date \$104.00

### OUR COUNTY FARED WELL

Knox County fared well at the hands of the 83rd Legislature. Our delegation made no effort to see how much they could "get out" of the State, but they worked persistently and with success for those measures in which the county and its towns were interested, and secured the assistance of the State government in those undertakings which it is the policy of the State to assist.

Assistance in road construction was secured for the towns of Appleton, Washington, Union, South Thomaston, Cushing, St. George, Warren and Camden, and a new bridge was provided for the town of Hope.

State aid for the Knox County General Hospital, which has heretofore been fifteen hundred dollars each year, was increased to two thousand dollars each year; and the Home for Aged Women in Rockland secured a renewal of its allotment of three hundred dollars per year.

The proposal for a planning board for the city of Rockland was approved and granted, as was also the proposal for a charter for the town of Camden.

Measures requested by the Knox County Fish and Game Association for the improvement of fishing and hunting conditions in various parts of the county were enacted into law. A general statute was passed for the benefit of Knox County, authorizing the Governor and Council to lease the right to harvest kelp on the submerged lands of the State. It is expected that this law will result in the establishment of a new industry in either Port Clyde or in Rockland.

One bill which was passed as a result of the combined efforts of the Knox and the Lincoln County delegations, transfers the upkeep and maintenance of the long bridge between Wiscasset and Edgcomb to the State Highway Department. This bridge has long been a burden upon five small towns in Lincoln County; and now with the heavy traffic the need of repairs upon it has become almost constant and very expensive.

While no action was taken by the Legislature with reference to the reconstruction of the highway between Rockland and Rockport, present indications are that it will be built this season, a highly needed piece of reconstruction.

That Knox County comes out of the session with so many of its needs supplied is a source of gratification to our citizens and a testimonial to the faithfulness of service rendered by its elected representatives, headed by Zelma M. Dwyer of Camden in the Senate, and in the House by George L. St. Clair of Rockland, Sam'l E. Norwood of Warren, Robert D. Thurston of Appleton, Hollis H. Gilchrist of Thomaston and Albert J. Rawley of St. George, to whom the warm appreciation of their constituents is rendered.

"The love we give is the only love we keep. The greatest and noblest men and women are those whose lives and actions are founded upon tender sympathies and who never fail to show kindness to the helpless who come within the sphere of their influence whether a human being or an animal."

### TOOK FORMER NAME

Dudley Francis Wolfe Shares  
In the Fifteen Million Dollar Smith Estate.

(Boston Herald)

The fact that Dudley Francis Wolfe, Harvard student, changed his name to Smith to comply with the wishes of his wealthy grandfather, Benjamin Franklin Smith, and then changed it back to Wolfe after he felt he was doing an injustice to his father's name, is revealed in the allowance of Benjamin F. Smith's will at Rockland, Me., according to Lowell A. Mayberry, counsel for Wolfe.

The conflict of names has caused considerable embarrassment to Wolfe, who feels that some people might think that he took his grandfather's name in order to inherit the fortune that came to him, but this theory is dispelled by Mr. Mayberry.

Dudley Francis Wolfe is a son of Mrs. Joseph M. Baldrige, a daughter of Benjamin Franklin Smith. He has two brothers and a sister. In 1922, when George Warren Smith, a brother of Benjamin F. Smith, died at his home in Rockport, Me., he left by will, which was about 50 yards long, his estate, in excess of \$17,000,000 to Benjamin F. Smith.

To that money Mr. Smith added his own wealth, and created a trust fund for the benefit of Mrs. Baldrige and her children and Clifford Warren Smith. By the terms of this trust fund, Dudley Francis Wolfe is to get three-twentieths of the income of the fund, estimated at \$15,000,000 and

representing approximately the entire holdings of the creator of the fund.

Subsequent to the establishment of that fund, Mr. Smith asked his grandchildren on the Wolfe side, if they would perpetuate the Smith family name by dropping their own and assuming his. The three boys, Clifford Warren Wolfe, Grafton Wolfe and Dudley F. Wolfe agreed to, but their sister, Gwendolyn F. Wolfe, declined to forfeit the family name.

When Mr. Smith made his will he referred to the boys as Smiths. Later Dudley F. Wolfe Smith felt that he was not doing justice to his father's name by relinquishing it for another. He went to his grandfather and told him so. The latter said that he wanted the boy to be happy and that if he felt he ought to honor his

father, then he might resume the name of Wolfe. Dudley applied to the court at Rockland, Me., again for permission to rechange his name. Mr. Smith signed Dudley's petition and the court allowed him to be known as Wolfe once more.

While Dudley is named as Smith in the will, the court's letter appointing him as executor of his grandfather's estate made out to Dudley F. Wolfe.

Wolfe was a student at Harvard in the early stages of the World War. He gave up his studies to enter the army. Returning to civil life he did not immediately return to college, but recently went back to get his degree.

### "COLLEGE AND STATE"

President Sills of Bowdoin Gave Fine Talk At Forty Club.

President K. C. M. Sills of Bowdoin College greeted 58 men at the Forty Club luncheon yesterday noon and delivered a masterly speech on "The College and the State." He centered his message around the thought that the real business and objective of all colleges was to be of service to the State, i. e. the people. He made particular mention of two ways in which the college is fulfilling its obligations through the educating of our people to an understanding of our complex economic life and to an intelligent public point of view on international relations.

"We cannot live for and with and by ourselves alone," said President Sills in speaking of the important developments in international economics and politics bound to take place in the next 25 years. A further extension of college service is seen in the civic and municipal survey and bulletins put out by Bowdoin in common with many other colleges whereby the research departments render very real service and also the notable initiatives that Bowdoin has conducted in recent years such as the Institute of Modern Literature and this year's Institute of Art. The studies made by Prof. Gross into the matter of the extinction of the heath hen and the ruffed grouse and the many similar activities of the college are examples of its public service. Its aim is to help the nation to distinguish between the real and the sham in public things.

President Black expressed the sentiment of the club in promising to help the Red Cross in raising funds for the Mississippi sufferers. The final plans for the Forty Club's May dance were presented and made an alluring picture with Marston's Orchestra, special May decorations including 169 huge May baskets produced by the Forty Club ladies.

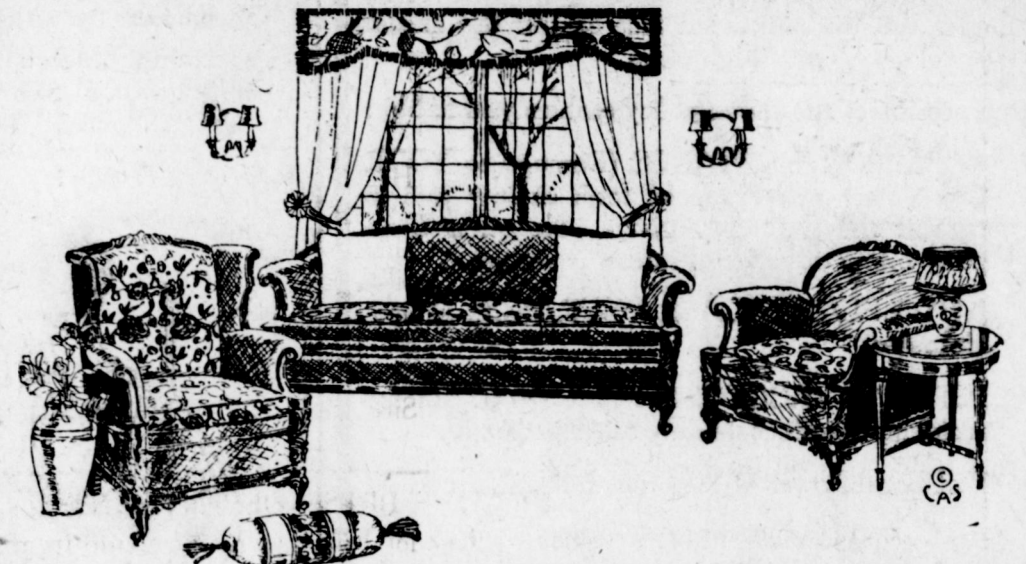

Special guests of the day were Ensign Otis, George Gay, Lloyd N. Benner, C. S. Roberts, J. A. Jameson, John Andrews, Lloyd Daniels and Fred Jordan. The committee on boys' work to cooperate with the Rotary Club was appointed thus: L. B. Cook, J. W. Thompson, A. L. Miles, Dr. F. F. Brown and J. M. Richardson. A lively informal reception for President Sills followed the luncheon.

Handsome pictures of Old Ironsides appropriately framed in plain and hand carved frames are to be seen at E. H. Maxey's shop, up stairs "at the Brook" and may be bought at pleasingly low prices. Mr. Maxey is always ready to do prompt and expert work in picture framing at reasonable prices.

The Knox County officials find a few more greenbacks in their pay envelopes as the result of the recent legislative session. The salary of Milton M. Griffin, clerk of courts, was increased from \$1800 to \$2100 and the salary of Edward R. Veazie, county treasurer, was increased from \$400 to \$500. Certain it is that none of the Knox County officials has ever been overpaid.

The 1933 annual session of the Maine Methodist Conference convened this morning, and is being presided over by Bishop William O. Shepherd of Oregon. Tonight the welcome of the Rockland District to the Conference will be extended by Rev. L. G. March, the superintendent. It is announced that the appointments will be read next Monday morning at 8 o'clock.

A special convocation of King Solomon's Temple Chapter, R. A. M., will be held at Masonic Temple, Thursday evening at 7:30 p. m. Tickets are now on sale for the musical comedy "College Days" by the members of the Rockland High School Glee Clubs. This production is to be given by the Glee Clubs in the High School auditorium May 6, under the direction of Mrs. Eleanor Howard. Mrs. Howard has spent much time in drilling the cast and choruses, and it is safe to predict that the audience will be delighted with the success of her efforts at the presentation of the opera. Some of the numbers are especially pretty and undoubtedly will call forth encores. "College Days" appeals not only to music-lovers but also to play and sport fans. Tickets will be exchanged for seat checks at the High School on May 3.

At their annual meeting Friday the trustees of the Public Library re-elected the officers of the preceding year—W. T. Cobb, president, W. O. Fuller, vice president, J. C. Perry, secretary—and the president named as members of the several committees those who have served respectively the past year. The resignation of Miss Kathleen M. Snow was received. Miss Snow has filled the position of librarian the past four years with such exceeding ability that it was with sincere regret that the trustees accepted her resignation, which is to take effect in July. The matter of a successor to the position was left in the hands of a committee of which the president of the board is chairman.

Atop of the heated spell under which New England sweated the last of the week, came a wintry selection. Ice froze to a thickness of three-quarters of an inch, and somebody is authority for the statement that it was only 13 above in Appleton.

The efforts of the Knox Trotting Club to give the turf fans another opportunity to see good racing at Knox Park is appreciated by many lovers of the sport, not a few of whom will doubtless welcome the opportunity to help relieve the financial strain which such an attempt has visited upon the promoters. To this end a five-dollar membership card has been issued, and quite a number of these have already been taken up. If you want to see trotting made a permanent feature in this section you have it in your power to greatly encourage those who are doing the work. The officers of the club are: Frank F. Butler, president; J. H. Hobbs, vice president; James T. Jones, treasurer, and Fred Carlin, secretary. An exceptional amount of attention is being accorded the big double window display of charming apparel for women on display at the Fuller-Cobb-Davis store. The exhibition is made in connection with the famous motion picture "Fashions for Women" which is soon to be presented at Park Theatre. Several pictures of the beautiful star, Esther Ralston, adorn the window. The sheer beauty of the display attracts all passers.

The Chamber of Commerce has been advised that the quota for Knox County for the Citizens' Military Training Camp is 11, and so far there has not been any application filed within the county, so there is an opportunity for 11 young men to take advantage of this wonderful opportunity the Government is making to spend a month at Fort McKinley in Portland Harbor. Anyone desiring further information should get in touch with the Chamber of Commerce for available literature and application blanks.

The dart booth another of the school booths, was in charge of Edward Ausland who did a good business selling baby dolls. The decorations were red and white. Clark's Products, Rockland were exhibited in a booth of pink and green. Another High School booth with black and white coloring was presided over by Kenneth Overlock and samples of various kinds were freely distributed. I've found a new soap that soaks out stains

I NEVER saw clothes get clean so easily—and so safely!

Just soak my week's wash in the rich, mild Rinso suds. Rinso soaks out the dirt and stains. They float right off by themselves, and I haven't a bit of hard rubbing to do.

Rinso is a different kind of laundry soap—granulated. It's so economical. It's all needed on washdays. No barsoaps, chips or powders. Rinso alone makes our water wonderfully sudsy.

It's so easy on my hands, too. They don't get red now, as they did with old-fashioned soaps and powders.

My friend tells me Rinso is great in her washer. The makers of 30 leading machines endorse it.

The minstrels were also enjoyed with solos by Philip Spear, Roland Richards, Lloyd Rhoades, Doris Wellman, duet, Misses Dorothy and Ruth Upham, solos, Roland Crockett, Gertrude Noyes, Elmer Crockett, interludes and Albert Adams accompanist. There was great enthusiasm over the popularity contest. Those in the contest were Misses Doris Ballard, Isabelle Perry, Susie Buckminster, Cora Robbins, Gwendolyn Morrill, Merle Richards, Helen Crockett, Ruth Crockett, Katherine Roberts. The contest during the carnival was in charge of Wesley Morton. Miss Doris Ballard received 9218 votes and was crowned "Miss Rockport." The crowning ceremony was performed by Rev. J. L. Wilson. The occasion was honored by having present, "Miss Belfast," "Miss Rockland" and "Miss Camden," who were invited to seats upon the platform and were received with applause. Miss Ballard responded very modestly to the honor conferred upon her.

The committee in charge of the carnival who deserve much credit for their untiring efforts and its success were Everett E. F. Libby and Mrs. Libby, Mr. and Mrs. Herbert Mann, Dr. and Mrs. W. G. LeFurgy, L. True Spear, Roland Crockett, Maynard Ingraham, Earl Dow, Walter Carroll, Raymond Payson, Charles Gregory, Frederick Richards was chosen financial secretary. The net proceeds as nearly as could be estimated at this writing were \$400. Special mention is made of the carpenters, J. Carleton Davis, Charles Marston and L. E. Upham who kindly donated their services. Also Alphonzo Price of Camden for the gift of a beautiful lamp. The faithful services of the janitor, Edwin Simmons were also appreciated, and all who in any way assisted in making the event so successful. ### SOUTH THOMASTON

In the recently published account of the Easter concert two of the best recitations given during the evening were omitted. One was by Master Robert Gregory who spoke very impressively and well, the other by Virginia Brown who had a fine piece, "The Miracle" and presented it in a manner which would have been a credit to a much older girl. Every number on the very excellent program was thoroughly appreciated and the townfolks feel great pride in the fine, bright looking group of youngsters who so willingly do their parts on every occasion.

Mr. and Mrs. R. W. Tyler and family spent the weekend in Camden, guests of his parents.

Mr. and Mrs. C. L. Sleeper went to Bangor Saturday afternoon called there by the illness of Mr. Sleeper's friend, Oscar Fickett.

Mrs. L. G. Coombs has opened her home here for the season. Mr. and Mrs. Harold Coombs are with her for the present as they have recently sold their home in Rockland.

C. L. Sleeper is having his house painted red with white trimmings. Earl Burton and crew from Rockland are doing the work.

Charles Davis is having a garage built beside his house, by H. A. Alford and son of St. George.

Those who missed the services in the chapel Sunday night have cause for deep regret. This community is always glad of an opportunity to hear that remarkable couple, Otha Hatch and his mother sing and Sunday night Mr. Hatch broke all records made here before in the two solos and in leading the congregational singing. His sincerity and fine character coupled with his delightful voice makes it a joy to listen to him.

Mrs. Hatch adds greatly to the pleasure with her accompaniments on the piano and occasionally joining with her sweet clear voice in song. The pastor, Rev. Herman Winchenbach in giving his farewell sermon after a pastorate of 4 years, outdid himself in bringing home to his hearers the joys of a Christian life. Mr. Winchenbach has been very faithful in the performance of his duties and has made a host of true friends. While his has not been a spectacular pastorate he has demonstrated that religion can be lived every day as well as Sunday.

It is with real regret that the community views his leaving. Supt. F. L. S. Morse made some fine remarks along the same line that Mr. Winchenbach had spoken and brought out some pertinent truths and also proved to the community how fortunate it is to have a man of such high ideals at the head of its educational department. This followed a short talk by the Rev. H. A. Chadbourne, a well known evangelist, and the congregation were unanimous in wishing that they might hear him frequently and at length. It cannot be known definitely until after Conference when this town will have a minister. Next Sunday evening Mr. Chadbourne has offered to conduct a service here and all may be assured that they will regret it if they miss it. There will be special music also.

SWAN'S ISLAND  
Mrs. Calvin Stinson entertained the Methodist Aid on Friday.

Maynard Staples has a new Chevrolet touring car.

Herman Staples has a new Ford car.

A large crowd was out to church Sunday morning to hear Mr. Burnham's farewell sermon. He will preach in the Baptist church in Brookline the coming year.

Miss Edith Spiers, Red Cross nurse, who has been working in this town for several years, has resigned her position and has gone to her home in Arlington, Mass.

### Breakfasts That "Stand By" You

Quaker Oats Supplies Vigor to Speed up Your Mornings

**NOURISHING** breakfasts of well-balanced food are now being widely urged by authorities as an important aid to business success of adults, and physical and mental development of school children.

Some 70% of the day's important work in the business world, it is now known, falls into the four morning hours, 80% of the important school work, in thousands of schools and colleges recently investigated, including Princeton, Harvard, most state universities and public schools, falls in the same period.

To be right mornings, you must eat right food; meaning rightly balanced, complete food.

Thus Quaker Oats—excellently balanced in protein, carbohydrates, minerals, vitamins "B" and the bulk that makes laxatives seldom needed—is the world's dietetic urge. Savory, delicious food that "stands by" you through the morning. No other cereal compares. Always remember that.

Get Quick Quaker—which cooks in 2½ to 5 minutes—or regular Quaker Oats today at your grocer.

### Buick Power

is proved on the 24-Hour Hill

Buick knows that the famous Buick Valve-in-Head Engine produces more power for its size than any other automobile engine on earth.

Buick has proved this fact decisively at the great Proving Ground of General Motors, on the "24-Hour Hill"—a mechanical device which faithfully duplicates the pull of any hill for any number of miles.

Test, not guess, is the basis for Buick design. Buick success is founded on this constant search for the new and better thing—on this accurate, beforehand knowledge of results.

### SIX MILLION FARMS

And One Farm In Each Six Has a Radio Set It Is Said.

There were 6,371,640 farms in the United States in 1925, with a total population of 28,931,692, according to figures issued by the United States Census Bureau.

The figures show one farm in five mortgaged for an average of more than 40 percent of its value, the farm mortgages having increased more than \$500,000,000 in five years. More than 40 percent are on unimproved roads. Only one farm in 12 has a tractor. Only about one in 25 had a radio, according to the 1925 statistics. The number of radio receiving sets is said to have increased greatly over the above figure in the last two years, however, a recent survey by A. Atwater Kent indicating that the number of radio sets on farms is now more than 1,000,000—about one to every six farms.

The farm population has further decreased from the above figure, according to a report just issued by the United States Department of Agriculture, estimating the farm population of Jan. 1, 1927, as 27,892,000—a falling off of more than 1,000,000.

Rebecca J. Glidden

Funeral services of Rebecca J. Glidden who died Wednesday were held Sunday at the family residence on Pleasant street, Rev. Albert G. Henderson, pastor of Union Church officiating. The beautiful floral offerings testified to the love and respect in which she was held. She had been a member of Union Church for 33 years and was also a member of Marguerite Chapter, O. E. S., which order attended the service. Just before the service Sunday her husband, Israel Glidden died. Both Mr. and Mrs. Glidden have been very seriously ill for some weeks and passed away within a few days of each other, having lived a long life together. Mr. Glidden's service will be held Tuesday (today). Husband and wife will be placed in the family lot at Carver's cemetery. ### Harry Hartz—

America's Champion Race Driver says of the

### Studebaker Commander:

"Based on my experience driving my personal Studebaker Commander and in making the recent record run at Culver City Speedway with a Studebaker Commander strictly stock model, it is my opinion that it will maintain any given speed, up to sixty-five miles per hour, longer, more smoothly, and at less expense per hour traveled, for gasoline, oil and repairs, than any other stock automobile now being built in the United States."

In a sensational test made at Culver City, California, under the auspices of the American Automobile Association, The Commander, a strictly stock enclosed car, ran 5,000 miles in 4,909 minutes, total elapsed time—better than mile-a-minute speed for 81 consecutive hours and 49 minutes—the fastest speed for the farthest distance ever attained by any stock car!

**Repairs Negligible**

This is equivalent in stress and strain to 25,000 miles of ordinary driving. Yet in establishing this and nine intervening world records, the only replacements and repairs necessary on The Commander were three grease cups (damaged by hasty greasing), one spark plug, and one tire change.

Harry Hartz had bought a Commander Victoria for his personal car prior to his participation in the establishment of ten new world records. So there is real knowledge back of his statement that The

Studebaker Commander will "maintain any given speed up to sixty-five miles per hour, longer, more smoothly and at less expense per hour traveled for gasoline, oil, and repairs than any other stock automobile now being built in the United States."

**Drive Commander Yourself**

To know the real thrill of Studebaker Big Six performance, its flashing speed, giant power, and finger-tip ease of handling, you must drive a Commander yourself. Only with your own hands on the wheel, your own foot on the throttle, can you fully appreciate why the Studebaker Big Six now far out-sells the combined totals of all other cars in the world of equal or greater rated horsepower—why we say and how we prove that The Commander will out-perform and out-live any other car, six or eight, selling for less than \$2500.

An exact duplicate of the champion Commander is waiting for you at our showroom. See it—drive it—today.

### STEVENS-HARRINGTON

"There was a sound of revelry by night." It followed the marriage ceremony performed early in the evening at the Methodist parsonage on Beech street, where Charles L. Stevens of Bridgeport, Conn., and Miss Frances L. Harrington of this city were united by Rev. John Dunstan. The couple were attended by Mr. and Mrs. Leroy C. Field and Mr. and Mrs. Fowler.

A gaily decorated motor car awaited the newlyweds upon leaving the parsonage and the placards, other attachments left nobody in doubt as to what the subsequent racket was all about when the car rolled through the streets with horn in full blast, and pursued by other cars displaying like symptoms. The couple left last night for Bridgeport, Conn., where they will reside. Mr. Stevens is employed on the Bridgeport newspaper. The bride, who is a daughter of Mrs. Field, has been in the employ of the bookkeeping department of the I. L. Snow Co. for several years. Congratulations follow the happy couple to the Natick State.

Odd Fellows and Rebekahs to the number of about 100 marched to the First Baptist Church Sunday morning, under escort of Captain Lafayette, P. M., I. O. O. F., the occasion being a special sermon preached by the pastor, Rev. B. P. Browne to commemorate the anniversary of Odd Fellowship. Pastor Browne's subject was "The Golden Rule Religion," a simple doctrine so forcefully presented as to make a deep impression upon his hearers. The congregation was a large one and all the members stood as the brethren of the Three Links filed out.

In connection with Better Homes Week which is being nationally observed April 26-May 6th, the Rockland Public Library is calling special attention to its collection of books on house plans, interior decorating and gardening books. The regular collection has been supplemented by some interesting recent books on these subjects from the State Library at Augusta. Although the collection is far from being exhaustive the library offers several very excellent books on early American furniture, glass and crockery. They are especially valuable in identifying the period and dates of family heirlooms.

At the last meeting of the R. V. F. A. Charles M. Lawry was elected a delegate to the State League meeting for two years and George W. Doak was elected alternate for the same period. The next meeting will be held in Randolph May 14.
