The Helpsomehow met at the home of Carl S. Donnell Monday evening, and enjoyed a pleasant meeting. The usual games were played, and refreshments served. C. R. Hopkins and wife were voted in as members. The next meeting of the society was left to the call of the president.

The Mt. Desert Transit Co. has purchased practically the entire peninsula at Southwest Harbor known as Clark's point. It is reported from there that, in spite of discouraging reports to the contrary, positive assurances have been given that the railroad will be built in at least two years. The company is reported to be negotiating for an adjoining tract of land close to its purchase, of equal extent.

J. H. Nash, of the firm of Treat & Nash, automobile dealers, of Bangor, was returning to Bangor from Ellsworth last Wednesday, when his automobile caught fire. He abandoned it by the roadside a short distance this side of Newhall's corner. The machine, which was destroyed, was an old one which he had just taken in trade at Ellsworth from Frank Sawyer, of Cherryfield, who purchased a new machine.

Frank T. Grows, proprietor and manager of the American house for the past five years, has gone out of the hotel business and moved to his house at the corner of Franklin and Pine streets. He was prominent in athletics, and very popular among the young people of the town. He was a member of the Congregational church. Besides his parents, he leaves one brother, Harry S. Grindall.

The only Sunday train by this schedule is the New York express, arriving from west at 12:05 and leaving for west at 2:23, and this train will be discontinued after Oct. 27.

The school of instruction of the O. E. S. for this district, which was held at Ellsworth Friday afternoon, was largely attended, nine or ten chapters being represented. About 100 were present from out of town. All present seemed to enjoy the meeting. Grand-Matron Elizabeth Leach, of Bar Harbor, and Grand-Patron Newbert, of Rockland, gave instruction in the unwritten work. Another grand officer present was Ruth, Mrs. Kate Pray, of Somerville. At 6 o'clock a bountiful repast was served by Irene chapter, after which there were a number of short after-dinner speeches. Most of the visitors of the afternoon remained for the supper,

and for the inspection of Irene chapter by the grand matron in the evening. Irene chapter very nicely exemplified the work, which was followed by more speeches. One from Judge John B. Redman was especially interesting. After closing, the banquet hall was once more opened, and displayed a prettily arranged table, loaded with refreshments. Irene chapter held up Ellsworth's reputation for generous hospitality.

Mrs. E. G. Burnham pleasantly entertained a large number of relatives at her home on Third street Saturday, in honor of A. Mc. Howard and wife, of Sabra, Montana. Salisbury, Jr., and twin sons, Miss Ulah Marshall, of Lamoine; Asa Flood, wife and daughters Helen and Laura, Mrs. B. S. Jellison and daughter Marjorie, Mrs. E. P. Lord and daughter Hazel, of Ellsworth Falls.

Yesterday a committee from the New England Insurance Exchange was in Ellsworth looking over the insurance situation, especially with regard to rates and the improvement in fire equipment. The committee was sent here at the request of the city government. They gave little encouragement to hope for any material reduction in rates until a modern fire alarm system is introduced. It is understood, however, that a very material increase in rates in Ellsworth, which was under consideration by the underwriters, will, on the recommendation of this committee, not be made, and that there may be a slight reduction in present rates.

There was a pretty reception at the home of Elmer E. Rowe and wife on Pine street Saturday evening, given by Mr. and Mrs. Rowe in honor of their son, Harry E. Rowe, and bride, who were married at Portland, Sept. 10. The bride and groom received in the front parlor, and Mr. and Mrs. Rowe, with Mrs. W. A. Allen, of Portland, mother of the bride, in the back parlor. Dainty refreshments were served by Mrs. F. H. McFarland, Misses Agnes Lord, May Boney and Susie Jordan. Leon E. Rowe was usher. Mrs. Allen, who was the guest of the Rowes over Sunday, left Monday for her home in Portland. Harry Rowe and wife left the same day for their new home in Lewiston.

## AMHERST FAIR POSTPONED.

### Put Forward One Day Owing to Rain Yesterday.

Owing to the threatening weather and showers of yesterday, the fair of the Northern Hancock agricultural society at Amherst was set forward one day, and will be held to-day and to-morrow.

In spite of the weather, quite a number journeyed to Amherst yesterday, and found plenty to amuse them even though the fair itself was postponed. They will make a three-days' fair of it. There will be a dance in the evening, and there will be dances both this evening and to-morrow evening.

There is a good first-day attendance at the fair to-day.

If the pleasant weather of to-day continues through to-morrow, Thursday will be a big day at Amherst.

## ELLSWORTH FALLS.

Mrs. L. J. Maddocks has returned from two weeks' visit with relatives at Orland.

C. W. Smith and wife and Artemas Smith are in Amherst this week, attending the fair.

Miss Bertha Joy and Herbert Ash were in Sullivan over Sunday, guests of Mr. Ash's mother.

## Orland Fair a Success.

The fair at Orland Wednesday of last week was one of the most successful ever held there. The attendance was close to 2,000, and all found enough to amuse and interest them.

There was a good exhibit of live stock, and the vegetable and fruit departments were well filled, in spite of the late season. The showing of fancy work was excellent.

In the baby show there were ten entries: Oscar Bridges and Hazel A. Bridges, of Verona; Claudia May Bennett, Florence Halney, William Edgar Leach and Edith Evelyn Douglas, of Orland; Louisa Augusta Griffin, Kenneth Smith and Gilbert A. Stevens, of Bucksport; Helen Moore, of Gott's Island. Claudia May Bennett was considered the prettiest baby. She is the daughter of Ernest Bennett and wife, of Orland. Kenneth Smith, the heaviest, is the son of Harry Sami and wife, of Bucksport.

CHRISTIAN ENDEAVOR.

Prayer Meeting Topic for the Week Beginning Oct. 6. By REV. S. H. DOYLE.

Topic.—Rally to the work.—Ex. XIV, 13; II Chron. XXXI, 21. (Consecration meeting.)

The word "rally" is defined as "the act of bringing disordered troops to their ranks." This word in this sense is therefore very appropriate to express the significance of rally day in the modern church and its various organizations.

No church should close its doors. Some one will always be present at the meetings, and the Master often preached to an audience of one. Certainly no Endeavor society should abandon its meetings.

The first requisite in a rally day is to get the ranks filled. All absentees should be notified of the meeting, both by mail and a personal visit, if possible.

Another necessary requisite to a successful rally is plans for definite work. These should be arranged before hand. Rally to the "work."

There's a work for me And a work for you, Something for each of us Now to do.

Put the emphasis upon "now" and then do it.

BIBLE READINGS. Josh. 1, 1-7; Neh. iv, 15-17; Prov. iv, 25-27; Matt. xx, 1-16; xxv, 13-30; Luke x, 1-2; John ix, 4; I Cor. v, 58; Gal. vi, 9-10; Rev. ii, 10.

A New Picture of Dr. Clark. The beloved founder of Christian Endeavor, the Rev. Dr. Francis E. Clark, has consented to pose for a new photograph, a reproduction of which is herewith presented.

REV. DR. FRANCIS E. CLARK. same kindness of expression which has so endeared Dr. Clark in all parts of the world is true to life in this newest picture.

Speak Appreciatively. Christian Endeavor has constantly to recruit its ranks from new and untried material, while it moves its trained workers along into the Sunday school as officers and teachers, and into the church as elders, deacons and committee members.

Heads Together. In union there is strength and wisdom as well. If you want to maintain your Christian Endeavor work at the best, hold frequent conferences with other workers.

Mutual Benefit Column.

EDITED BY "AUNT MIDGE." Its Motto: "Helpful and Hopeful."

The purposes of this column are succinctly stated in its title and motto—it is for the mutual benefit, and aims to be helpful and hopeful. Being for the common good, it is for the common use—a public servant, a purveyor of information, and a medium for the interchange of ideas.

Waiting. Serene I fold my hands on a seat, Nor care for win, or tide, or sea; I rave no more 'gainst time or fate, For lo! my own shall come to me.

I stay my haste, I make delays, For what avails this eager pace? I stand amid the eternal ways, And what is mine shall know my face.

The waters know their own and draw The brook that springs from yonder height; So flows the good with equal law Unto the soul of pure delight.

The stars come nightly to the sky; The tidal wave unto the sea; Nor time, nor space, nor deep, nor high, Can keep my soul away from me.

Dear M. B. Friends: To some of the Mutuals the above initials will call to mind how significant and appropriate the poem "Waiting" is to the sender, and personally I thank her for it.

Here are some visions of the past, which will cause those who read the letter to recall memories of their own earlier days.

Dear Aunt Midge: Now that we are moved away from dear old Maine is no sign that we are no longer concerned about her, and her sons and daughters who are content to remain on her shores of granite or among her rugged hills.

We live again as fishermen, camping upon the shores or in forests. We fish, we plow, we mow and we hoe. We go to school and play tennis. We copy sums from others' slates and thereby fool ourselves—not the teachers.

Dear M. B. Friends: I have three new ideas—at least new to me and trust they will be to some of you. The first comes from a maker and lover of good coffee.

My second is an easy way to clean the silver—which all sisters will hail with delight, I am sure. Place the silver needing cleaning in a pan of sour milk; let it remain two hours, then wash in hot water. Isn't that labor-saving? This idea came from a Kansas woman.

My third and last comes from a professional New York cook. When making berry or fruit pies, when the under crust is so likely to be moist and soggy, after greasing the plate sprinkle well with very finely rolled bread crumbs before placing the crust on plate, and you'll all be pleased with the result.

Well done, Novice; we are glad to hear from you once more, and the suggestions are all fine. I give you now the recipes of A. M. D. for pickles of different kinds.

MUSTARD CUCUMBERS AND ONIONS.—Slice 2 two-gallon crock with layer of large green cucumbers peeled, then layer of large white onions, merely salting to taste each layer until crock is full. Let stand over night, then put in colanders to drain a couple of hours. Put these in mustard vinegar, let simmer quite a long time to be sure onions are done but not cooked to pieces. Will keep

A Criminal Attack on an inoffensive citizen is frequently made in that apparently useless little tab called the "appendix." It's generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis, and establish regular habits of the bowels. 25c. at E. G. Moore's drug store.

Women Avoid Operations

When a woman suffering from female trouble is told that an operation is necessary, it, of course, frightens her.

The very thought of the hospital, the operating table and the knife strikes terror to her heart.

It is quite true that these troubles may reach a stage where an operation is the only resource, but a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after an operation has been decided upon as the only cure.

Lydia E. Pinkham's Vegetable Compound

Dear Mrs. Pinkham:—Lydia E. Pinkham's Vegetable Compound has cured me of the very worst form of female trouble and I wish to express to you my deepest gratitude. I suffered intensely for two years so that I was unable to attend to my duties and was a burden to my family.

Mrs. Pinkham's Standing Invitation to Women. Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised.

MISS ROSE MOORE

unsealed, but if jars are plentiful it is better to seal them. For vinegar, use two quarts of any kind handy, two cups sugar, put on to boil and then thicken with four tablespoon flour, three dried mustard and one of tumeric (to be had in drug stores), mix up with cold vinegar and stir in the boiling vinegar. If it is lumpy, run through a sieve for it must be smooth. In this mixture add a tablespoon of white mustard seed and heaping teaspoon celery seed, drop in cucumbers and onions, and proceed as above.

I have tested these recipes for years, but do add more or less ingredients according to the liking of our family, and have kept these and watermelons three years sealed and they were fine.

CUCUMBER RELISH.—Take the rind of watermelon with outside peeled off and all red scraped off, cut in little squares or any pretty shape, and cook in salt water until a silver fork can pierce them; take out and let drain. Take two quarts of white vinegar, one quart of sugar, twelve drops cinnamon oil, two drops oil of cloves; boil this vinegar ten minutes, then drop in rind, let simmer until thoroughly heated through, and seal. These are very easy to prepare and simply excellent. Citron can be done the same way and is excellent, and in winter time taste like fresh cucumbers.

SMALL WHITE ONION PICKLES.—Pour boiling water over the onions and peel, then cook in strong salt water a very few minutes, take onions immediately from this water, fill up bottles, pour over them the prepared vinegar already hot and seal. For prepared vinegar take two quarts of white vinegar, two cups sugar, two tablespoons white mustard seed, six drops cinnamon oil, six drops oil of cloves. A small red pepper put in the bottles now and then makes a very pretty pickle. This is enough for six quarts of small onions.

I guess this is quite enough for once, but my list is in no way diminished yet.

CHAPTERS OF INSTRUCTION OF ROYAL ARCH MASONS will be held at Dexter, Monday, Oct. 14, and at Rockland, Thursday, Nov. 7.

Mrs. Amanda Shaw, aged ninety-nine years, died at Dexter Thursday.

James C. Ledyard, of Bath, died Friday, aged seventy-three years. He had been president of the Bath savings institution and the Lincoln national bank, and was mayor in 1882 and 1883.

Thomas Marrison, of Portland, a messenger for the American Express Co., running between Bangor and Boston, was killed near Glenburn Sunday by the accidental discharge of his gun while hunting partridge.

Eight-hour day for Housewives. "Exceptions aside, the average woman can do about as she wishes with the average man," says the editor in Women's Home Companion in a strong editorial on President Roosevelt's recent speech to an assembly of farmers in Indiana.

"If the wives strike for eight hours they will win; a union composed of such powerful individual members, and with a walking delegate so distinguished, would overcome all obstacles. And what are the obstacles? Why is it that the woman of the house, especially the woman on the farm, rises when the sun is ashamed to rise, and works long after the sun has sunk to rest? Is it the men? Are they such beasts that they require more of the women they promise to love and cherish than they do for themselves? In some cases, yes; but in most cases the question never rises in the man's mind. He never saw his mother do anything but work, until she died or went crazy, poor thing; and his wife—why, of course there are always little things to do around house. Of course he has more help in his own business when it gets too big for him to handle, but he wouldn't think of giving his wife more help. Wouldn't he? Try and see. Perhaps, after all, women themselves are the chief obstacles in their own way to a square deal.

"And there are few wives who, if they went to their husbands and told them that their long hours were depriving them of their health and their right to enjoy life in its best sense—there are very few who would be refused the help that the circumstances required."

His Dear Old Mother. "My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Branson, of Dublin, Ga. "she has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children, too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by E. G. Moore, druggist. 50c.

Doing Their Duty.

Scores of Ellsworth Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty. When they fail to do this the kidneys are sick. Backache and many kidney ills follow. Urinary trouble, diabetes. Doan's Kidney Pills cure them all. Ellsworth people endorse our claim.

A. M. Franks, carpenter, of 27 High Street, Ellsworth, Me., says: "About twenty years ago I noticed my back was growing lame, and as time went on it became a regular thing to have backache, and finally I was compelled to lay off from work for several days. I was in this condition when I got Doan's Kidney Pills. The few doses helped me and when I had taken a couple of boxes I was entirely cured. This last fall I contracted a cold which settled in my kidneys and caused another attack. I remembered how Doan's Kidney Pills had cured me two years ago so I went to E. G. Moore's drug store and got a box. They soon removed the ache in my back, and I have not been annoyed with it since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

FARMERS' CLUB FAIR

AT NORTH ELLSWORTH THE BEST YET HELD.

FINE DISPLAY OF FRUIT AND FARM PRODUCE—GOOD PRACING—GOOD ATTENDANCE—PREMIUMS.

The annual fair of the Farmers' club of North Ellsworth was held last Wednesday and Thursday, and, taken all in all, it was the best exhibition that has yet been held on the grounds.

The attendance on the first day was smaller than had been anticipated, but the second day made up for it.

On Thursday there were from 1,300 to 1,500 people on the grounds, and everybody was satisfied. The only thing that could have been improved was the condition of the track for racing and the grounds for getting about; this was no fault of the managers of the fair, but was due to the heavy rains early in the week.

The displays of fruits and vegetables were far and away ahead of those of any other fair in this section this year, and was a revelation to those from away, who had no idea of the extent to which orcharding and the raising of farm produce were carried on hereabouts.

The domestic manufactures department was an interesting display of industry, taste and skill on the part of the housewives of North Ellsworth.

The exhibits of farm machinery and implements attracted no little attention, while the exhibits of live stock, though not large, were creditable.

The merry-go-round was well patronized, the fakirs did a thriving business, the elder "made while you wait" was good, and found a ready sale; the lower hall was taxed to its utmost in feeding the hungry ones; the free dance in the upper hall in the afternoon was appreciated. The crowd was good-natured, and seemed thoroughly to enjoy itself.

The horse racing furnished lots of excitement, although the time was necessarily slow, owing to the condition of the track. Following is a summary:

Table with 2 columns: Race Name, Result. Includes 'Out Race, Prize 25 Bushels Oats', 'Kittie B. L. Treadwell, Ellsworth Falls', 'Fauntleroy, William Jordan, Bar Harbor', etc.

Farmers' Race. Dick, Francis McGown, North Ellsworth. Miss Skiddow, Fred Smith, Ellsworth. Bonnie, George E. Davis, Ellsworth Falls. This race was for the nearest to four minutes. Bonnie's time was 3.59.

In the peg race there were but two entries, Fred Smith, of Ellsworth, was first; Walker Smith, of Ellsworth, second.

Lynch's band furnished music throughout the fair, and Monaghan's orchestra the music for the dancing both evenings. The attendance on Thursday evening was really too large for comfort, but all took the crowding good-naturedly.

Many regrets were heard at the non-appearance of the balloonist, who failed to keep his contract. The officers of the North Ellsworth farmers' club are: Francis McGown, president; H. Fremont Maddocks, secretary; Alvin E. Maddocks, treasurer; trustees, Charles W. Sweeney, Webster M. Higgins, Joseph Howard McGown, George E. Davis, Roscoe Holmes.

Out of Sight, out of mind, is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles, too, and chilblains disappear under its healing influence. Guaranteed by E. G. Moore, druggist. 25c.

COUNTY GOSSIP.

Down around Southwest Harbor electric road hopes still run high.

North Ellsworth and Orland fairs both report records for attendance broken.

Amherst this week is winding up the fair season. Then the harvesting of a few late crops, and it will be time to "bank" your house.

What with the undertakers, the Eastern Stars and the schoolmas, Ellsworth had her hospitality severely taxed last week, but rose to the occasion as usual.

The open time for deer began yesterday, but that bull moose which recently treed Superintendent M. J. Drummy, of the Ellsworth poor farm, still has the State protection for a couple of weeks.

Bar Harbor is "talking up" a new town hall. The site of the old Rodick house is considered desirable. But with a new \$90,000 schoolhouse, a bill for sewer construction and repairs in prospect, and an already high tax rate, the conservative element urges patience with regard to a municipal building, though the need is recognized.

Mrs. Vesta Moore, of Lakewood, has a flock of hens which seem bent on establishing records. One of the hens recently laid two eggs within five minutes, both perfect eggs, but the second one with a thin but not soft shell.

FESTIVAL OPENS TO-MORROW.

Eleventh Annual Maine Music Festival.

The music festival season opens at Bangor to-morrow evening, and will continue through Friday and Saturday in Bangor; and on Monday, Tuesday and Wednesday of next week the programmes will be repeated in Portland with the same artists and orchestra, but with a different chorus.

This year's festival promises to outshine in interest and enthusiasm and attendance all of its predecessors, barring possibly the first festival in 1897, when Nordica was the star. This year the peerless Calve is to sing, and a galaxy of artists, new to Maine, but famous the country over.

The souvenir programmes for this year's festival are out; they are gotten up on most artistic and pleasing lines. The covers show a real Spanish red and yellow, as a sort of "Carmen" compliment, the combination being strikingly attractive.

The book is larger than ever, including among other important matter the entire libretto of the opera of Samson and Delilah. As this opera has never been given in Maine, it will add greatly to the pleasure of all who intend to listen to its rendition at the festival concert if they read it before going to the auditorium. A fine picture of Saint-Saens and a part of his great oration on Gounod will be found on one page.

Other interesting features are a sketch and photo of Henry T. Finck, the talented musical editor of the New York Evening Post, a page of Chapman family sketches, the recapitulation of ten years of work, the words of all songs and explanation of the works to be rendered, together with photos of the prominent composers.

The book is replete with matter of decided interest to all music lovers, whether festival devotees or not; it is on sale at Andrews' music store, Bangor.

That readers of THE AMERICAN may know the character and scope of this year's music, the programmes of the five concerts are given as follows:

INTERESTING WILL CASE.

Will Admitted to Probate Ten Years Ago Now Subject of Contest.

An important question is before Judge E. E. Chase of the Hancock county probate court, a question which seems to be without parallel in Maine. Ten years ago Mrs. Frankie M. Jordan, died and left an estate variously estimated at from \$70,000 to \$100,000. The will which was offered for probate was signed by four witnesses—Mrs. Lizzie Gott, Mrs. Nettie B. Patton, Mrs. F. Marks and Laurie F. Marks.

It is now contended by petition to the probate court that the last two signatures represent one and the same person, and further that Laurie F. Marks, a beneficiary under the will, is the same person as Laurie F. Marks, one of the subscribing witnesses. It is claimed that a will to be valid under the laws of Maine cannot be witnessed by a person who is beneficially interested.

Another claim of the petitioners is that the execution of the will of Frankie M. Jordan was obtained by fraud, collusion, accident or mistake, and that the decree admitting the instrument to probate was by fraud. The full story of the case follows:

An appeal from the decision of the probate court was held Feb. 18, 1898, which upon petition was withdrawn March 1, 1898. The reason for the withdrawal of the appeal is not shown by the records, but it was brought out in evidence at a recent hearing that several of the heirs not named in the will had been settled with, and that all the bequests under the will had been paid. The records of the probate court do not show that an inventory has been returned, or that any account has been filed or settled.

Mrs. Frankie M. Jordan, of Orland, died Dec. 7, 1887, leaving a will, which was proved and allowed at probate court at Bucksport, Feb. 1, 1888, and upon which letters testamentary were issued to Andrew J. Jordan, of Orland, husband of the deceased, named as executor, no bond being required under the terms of the will.

After the withdrawal of the appeal, all went well until the death of Andrew J. Jordan, the executor and principal beneficiary under the will in question.

Andrew J. Jordan, the executor, died Jan. 6, 1907, leaving a will which was offered for probate Jan. 15, 1907, and was proved and allowed at a term held at Ellsworth, March 5, 1907, and upon which letters testamentary were issued to the Merrill Trust Co., of Bangor, they being excused from giving bonds under the terms of the will.

Feb. 5, 1907, at a term of the probate court held at Bucksport, a petition for administration upon the estate of Frankie M. Jordan, asking for the appointment of J. Fred Partridge, of Orland, was filed by Arthur E. Partridge, of Eden, an heir. Public notice was ordered on the petition and upon the return day, March 5, 1907, as appears by the records, O. P. Cunningham, of Bucksport, and F. H. Appleton, of Bangor, representing Fred D. Jordan, special administrator of the estate of Andrew J. Jordan, Merrill Trust Co., executors of the will of Andrew J. Jordan, and Luke Saunders, one of the next of kin of Frankie M. Jordan, appeared in opposition to the granting of the petition.

A petition was filed at the April term, 1907, by the representatives of the estate of Andrew J. Jordan, asking that the petition for administration referred to above on the estate of Frankie M. Jordan, be dismissed. No action has thus far been taken upon the petitions.

On June 4, 1907, a petition was filed by Hattie M. Hartford, of Rochester, N. H., praying that the decree of the probate court, entered Feb. 1, 1888, allowing a certain instrument, as the last will and testament of Frankie M. Jordan deceased, be vacated, disallowed and rejected, and a decree entered annulling said decree, and that it be decreed that Frankie M. Jordan died intestate. Public notice was ordered on this petition, returnable at the July term following. On account of July term being held in Bluehill a continuance was asked for and granted. On Aug. 6, 1907, an informal hearing upon this last petition was held before Judge Chase at Ellsworth. O. F. Fellows, of Bangor, appeared for the petition and O. P. Cunningham, of Bucksport, for the opposition. Judge Chase has not yet entered his decree upon this last petition. Should his finding be that the will was illegal, an exceedingly interesting situation would be created, especially as relating to titles to real estate given by the executors of the wills.

Free Baptist Quarterly Meeting.

The September session of the Free Baptist quarterly meeting convened at the Clifton church Sept. 29-31. The traveling was excellent, and the weather all that could be desired, conditions which brought many visiting friends and delegates. Home people attended the meetings in large numbers.

Sisters Garland, of Amherst, and Jordan, of Waltham, and dearly-loved Bro. Whitcomb, of Maine, Bro. Smith, of West Franklin, and Bro. Goding, of Danforth, all delivered excellent and helpful discourses. The presence of Rev. S. S. Davis, of East Eddington, at part of the services, added much to the good-fellowship and brotherly kindness, which was a marked feature of the whole session.

The prayer and testimony services were interesting. The praise services were led by Bro. Fred E. Blaisdell, of East Franklin, and added much to the success of the meetings. Generous collections were donated for both foreign and domestic missions. A good and healthful spirit pervaded all the meetings.

The session proper closed Sunday afternoon by a most impressive service of the ordinance of the Lord's supper, administered by Bros. Whitcomb and Smith to nearly sixty communicants. Bro. Whitcomb remained over for the evening service at the church, which resulted in great encouragement to the church, and brought to a close a series of meetings the influence of which will remain for a long time.

HANCOCK BAPTISTS.

Meeting of County Association at South Penobscot.

The seventy-third annual meeting of the Hancock Baptist association was held in South Penobscot, Sept. 24-26. The meeting set for Tuesday evening was delayed on account of the late arrival of many of the delegates, but it was a full service. Dr. Mower told of the splendid work in the State, and we were made to feel that we had a part in it. An address by Dr. J. A. Francis was one of the fine things of the association, and will be long remembered. A consecration service led by the clerk closed a helpful session.

The sunrise prayer meeting Wednesday was led by Rev. Gideon Mayo. At 8:30 o'clock Rev. A. W. Lorimer began the morning session with a devotional service, after which organization was effected by the choice of Rev. G. Mayo as moderator, Rev. P. A. A. Killam, clerk; Dea. H. S. Dority, treasurer, and Dea. W. M. Means, auditor. The letter to the entertaining church was read, recording a good year's work and extending a hearty welcome.

The annual sermon by Rev. C. C. Koch, was an inspiring discourse. The reading of the letters from the churches was next in order. While some of the churches reported a loss in membership, the tone of the letters was hopeful. Winter Harbor, Franklin, Eden and Bar Harbor reported large accessions by baptism. It was gratifying to note an increase in membership and benevolences as compared with last year. The meeting closed with prayer by Dr. Owen.

A praise service, led by Pastor Bailey, began the afternoon session. Then came the "women's hour", with Mrs. Angie S. Dority presiding. Prayer was offered by Rev. C. H. Bryant, pastor of the Methodist Episcopal church. Mrs. M. C. Reynolds, of the Women's Home Mission society, gave an inspiring address on the work of the society among the Indians and Negroes. Rev. W. B. Boggs, D. D., of Ramapatam, India, graphically pictured the difference between heathenism and the Gospel in the foreign field. After a stirring appeal by Mrs. Lile C. Smith, the offering was taken, amounting to \$14, which was divided between the women's societies.

Rev. C. E. Owen, D. D., of the Anti-Saloon league, gave an earnest and convincing argument against re-submission. Zion's Advocate was represented by Mr. Killam. The symposium, "A Denominational Survey," was the next feature. The speakers were Rev. R. L. Olds, Rev. H. M. Purrington, Rev. James A. Thoms, Rev. G. Mayo, and Rev. C. F. McKay.

A praise service, led by Pastor Thoms, gave the evening session a good start. The business meeting of the young people's society was held, Pastor McKoy presiding. Reports from the societies showed that the greater number were in good condition and I great help to their churches. Rev. C. F. McKay was elected president, C. L. Bickford, vice-president, and Miss Phoebe Higgins, secretary-treasurer. The president was elected as delegate to the State convention.

The association then resumed its meeting. Dr. Boggs vividly described the preparedness of the Orient for the gospel. The offering for the convention amounted to \$7.65. The associational sermon by Pastor Lorimer was an effective plea for larger fruitfulness and truer living.

The sunrise meeting on Thursday morning, Rev. C. C. Koch leader, brought out a good company of early-risers. At 8:30 o'clock Rev. R. L. Olds led the praise and prayer service that began the last session. The committee on time, place and preacher reported, leaving the time and place of the next annual gathering with the offering of Rev. C. F. McKay to preach the annual sermon, with Rev. A. W. Bailey as alternate; Rev. H. M. Purrington to preach the annual sermon, Rev. J. A. Thoms alternate.

The temperance committee reported a resolution offering its allegiance to the prohibition law, commending the efficient work of Sheriff Mayo and the firm stand of Gov. Cobb, and opposing re-submission and all candidates who stand for it. The vote was an emphatic affirmative.

The treasurer's report showed that there was \$110.52 to the credit of the association. The auditor's report approved the treasurer's and both were accepted. Rev. Gideon Mayo was again appointed as executive committee man, and Rev. R. L. Olds was delegated to the Northern Baptist convention. The report of Rev. A. W. Bailey, missionary treasurer, was adopted. S. I. Smith, of Bluehill, was elected to serve in his place.

The meeting will go on record as one of the best. The abundant hospitality of the church and community, the untiring efforts of pastor Gavin and his helpers to make all feel at home, and the goodly spirit of fellowship and worship that pervaded every meeting, combined to make the gathering a red-letter one. By a rising vote of thanks the delegates showed their appreciation.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nice cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

TEACHERS MEET.

HANCOCK COUNTY CONVENTION HERE LAST WEEK.

GOOD ATTENDANCE AND INTERESTING MEETINGS—F. E. BRAGDON ELECTED PRESIDENT—THOSE REGISTERED.

The annual convention of the Hancock county teachers' association was held at Hancock hall, Ellsworth, Friday and Saturday of last week. Only a few years ago, the county association of school teachers seemed in a fair way to pass into history.

The total registration this year was about 140; last year's registration was 130. There was a liberal attendance of townspeople who did not register.

The convention was called to order Friday afternoon by President C. J. Richards superintendent of schools of Eden. Prayer was offered by Rev. P. A. A. Killam, of the Ellsworth Baptist church.

The president announced the following committees: On resolutions, F. E. Bragdon, F. E. McGouldrick and Miss Frances C. Small. On nominations, E. A. Cooper, R. W. Martin, Mary C. Richardson.

Report of the secretary and treasurer, M. L. Allen, was read and accepted. The convention then settled down to work, and the morning programme was taken up as follows:

Drawing in Country Schools—Miss Nellie F. Harvey, Castine normal school. Preparation for Grade Work—Miss M. Hawley, Bar Harbor kindergarten.

Preparation for High School—Prin J. W. Lambert, Bar Harbor high school. Preparation for College—Dean Hart, University of Maine.

Supervision of Schools—Hon Payson Smith, State Supt of Public Schools. Question Box—Conducted by Supt Smith.

The only change from the printed programme was the address by Dean Hart, in place of President Fellows, of the University of Maine, who was unable to be present.

A round table conference of superintendents and principals was held in the office of the superintendent of schools Friday afternoon. Many interesting points were discussed.

FRIDAY EVENING. There was a good attendance at Friday evening's meeting, which opened with "Twenty Minutes with Browning", in which Miss Florence Inez Jaynes, teacher of elocution at Bucksport seminary, recited several of Browning's poems.

The address by Supt. William C. Bates, of the Cambridge, Mass., schools, on "The Power of Our Expectations", was full of suggestions to teachers for the bringing out of the best in their pupils by believing in them and showing them that they did believe in them.

SATURDAY FORENOON. There were many changes in Saturday forenoon's programme, several papers announced for the afternoon being moved forward. The programme as carried out was as follows:

How Much Physiology?—Prin William H. Crafts, Mt Desert high school. Our Joy in Our Work—Supt Bates. The Citizen's Point of View—Rev Robert B. Mathews, Ellsworth.

The Value of Story-telling—Miss Mary C. Richardson, Castine normal school. Preparation for Bookkeeping—E. A. Cooper, Bucksport seminary. Question Box—Supt Smith.

Saturday morning the address by Supt. Bates, like that of the evening before, was "full of meat", and an inspiration which will lift teachers over many annoyances and irritations of the school year before them.

Resolved, That whereas we, the members of the Hancock county teachers' association, are convinced of the feasibility and importance of teaching drawing in all our schools, we will severally and collectively use our influence with parents and school officers in our communities to create a sentiment favorable to such instruction.

Resolved, That whereas we, the members of the Hancock county teachers' association, are convinced of the feasibility and importance of teaching drawing in all our schools, we will severally and collectively use our influence with parents and school officers in our communities to create a sentiment favorable to such instruction.

Resolved, That whereas there is persistent and widespread conviction that the graded and the high school ought to be more closely related in methods of instruction and immediate aims, we urge teachers of upper grammar and lower high school grades to make frequent interchange of ideas through conferences and visitation.

Resolved, That whereas we are convinced of the great need of skilled supervision for the rapid development of our school system in rural communities, we will urge upon the citizens of our respective towns the advisability of accepting the benefits conferred by the recent legislation concerning the employment of skilled superintendents.

Eat What You Want.

Science Has Now Found the True Way to Cure Indigestion. A few years ago, when a sufferer from indigestion went to a stomach specialist, the result was a rigid diet list that almost meant starvation.

But the first thing to do in the case of indigestion or stomach weakness is to strengthen the muscular walls of the stomach and intestines, so that they will care for the food that is eaten. In no other way can this be done as well as by taking a Mi-o-na tablet before each meal. This restores strength to the stomach muscles and stimulates the pouring out of gastric juices, so that the food is digested readily and its nourishment retained in the system to build up energy and vitality.

Do not think the sick headache, heartburn, bad taste in the mouth, coated tongue, spots before the eyes, sleeplessness and the many other symptoms that are the direct result of indigestion, will go away of themselves. The stomach must be built up and strengthened by Mi-o-na before you can be well and strong, free from suffering and distress. The guarantee that E. G. MOORE gives with every 50-cent box of Mi-o-na, to refund the money unless the remedy cures, shows his confidence in the treatment.

The satisfactory manner in which Capt. Robert E. Tapley has filled the position of government hull-inspector at Norfolk, Va., is not a surprise to those who know him. He is a descendant of a family of mariners that have never been fairly beaten by the elements when in command of sailing vessels in the foreign trade. We knew the elder Tapley; there were eight brothers, all captains: William, Robert (the father of Inspector Tapley), Simeon, Abram, Thomas, John, Jerome, and George Tapley. Neither of them ever owned up to shipwreck, although several of the vessels they commanded have been on their beam ends, dismantled, in fact in every position but foundering; and although in consequence arriving a little late at the port of destination, they have all turned up so as to enable these hardy mariners to retire in good time to enjoy their declining years ashore. After several years' sailing-ship experience, Inspector Tapley served as an officer in the Morgan and Old Dominion lines, where he was employed when he received his commission from the government. He has a fine residence in the city of Norfolk and a summer cottage just across the bay from the Jamestown exposition grounds, where the latching hangs out to his many friends.—Marine Journal.

## DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root and the address, Binghamton, N. Y., on every bottle.

### Best of Proof

That Hyomel Will Cure All Forms of Catarrhal Diseases.

Testimonials could be printed by the thousands, many of them from Ellsworth and nearby towns, that Hyomel is an absolute cure for all catarrhal troubles, but the best proof of its unusual curative powers is the guarantee that G. A. Parcher gives with every outfit that he sells: "Money back if Hyomel does not do all that is claimed for it."

Hyomel is not a secret remedy. Its formula is given freely to physicians who want to know what they use when they prescribe Hyomel. It is guaranteed under the Pure Food and Drug Law by serial No. 1418.

By breathing Hyomel, the healing medication goes directly to every nook and corner of the air passages where the catarrhal germs may lurk, and disinfects and heals. To be convinced of this you have only to give it a trial, remembering that if it does not cure, G. A. Parcher will refund your money.

The complete Hyomel outfit costs but \$1, and in most cases is sufficient to cure the disease, making it not only a scientific treatment but one that is highly economical. Get an outfit today from G. A. Parcher if you have any catarrh.

Keith's Theatre, Boston.

At Keith's next week the bill is strong in comedy features, among them being Peter F. Dailey and company, Stella Mayhew, Bilee Taylor and company; Lew Bloom, Charles F. Semon, Paulton and Dooley, Salerno, Anderson and Goines, and Willie Weston. There is hardly an act on the whole list that is not a smile bringer.

"Pete" Dailey will be seen in a condensed version of "The Press Agent", in which he has a part that fits his style to perfection. He is assisted by a company of twelve.

Stella Mayhew, Bilee Taylor and company will appear in the briek comedietta "It Happened in Utah". It gives Miss Mayhew a chance for her famous character songs. Mr. Taylor sings a couple of new ballads of his own.

Lew Bloom, "The Tramp of Tramps," as clever a delineator of the hobo as the stage has ever known and the first to play the character, has a number of new stories and parodies.

Charles F. Semon, "The Narrow Feller," musical monologist; Salerno, the juggler; Paulton and Dooley, in a funny bicycle act; Anderson and Goines, clever colored comedians, and Willie Weston, with stories and imitations, will cause their share of smiles.

Clara Ballerini, trapeze artist; Donnelly and Rotali, vocalists; The Kalmos, novelty dancers; Milton and his trained dogs; The Walters, in a comedy sketch, and the kinetograph, will round out the bill.

### Eating Before Sleeping.

Dr. Woods Hutchinson writes about "Sleep" in American Magazine. On the subject of eating before sleeping he says: "Diet has little influence on sleep, except in so far as it may produce disturbances of digestion and through these of the general balance of health. The hypnotic effects of certain foods, such as onions, lettuce, milk, etc., are chiefly imaginary. Even the time of the last meal of the day is of relatively little importance, except that it is well to let this be at least two or three hours before retiring. But even this rule has many exceptions, as many healthy laboring men habitually fall asleep over their pipes directly after supper, and children, after poking the spoon into their little eyes, nod off over the tea-table with the bread and butter still clutched in their chubby fists."

The processes of digestion probably go on more slowly during sleep, but they are perfectly carried out, as is illustrated by the almost invariable habit among animals of going to sleep directly after a meal.

"Indeed, a moderate amount of food in the stomach or intestines seems to promote slumber. Many night-workers, for instance, sleep much better for taking a light or even full supper just before retiring."

### Why Pa Was Mad.

Farmer Jones, after eating a hearty dinner stepped out on his porch to enjoy a smoke when he noticed in front of the house, which was on the main road, an overturned load of hay, and beside it a small boy, seemingly in great perplexity. The farmer went out and spoke to the boy.

"Well, my boy, I see you have had an accident; but never mind. Turn your horses to the hay and come in and have some dinner."

"I can't," said the boy; "pa'll be mad."

"Oh no, he won't. Come on."

"Nope, I can't; pa'll be mad."

"Now, look here, sonny. You didn't mean to upset that hay. There's no harm done. Come right along, and after you have had something to eat I'll help you to load up again."

The boy consented, saying as he looked back at the hay, "but I just know pa'll be mad."

After he had eaten and the farmer had started back with him to load up, the latter said, "Now, don't you feel better?"

"Very much, sir, but pa'll be mad, though."

"Why will your pa be mad?"

"Because he's under that load of hay."

### SEAL COVE.

Harlan Murphy, who is employed at Bar Harbor, spent Sunday at home.

Much sympathy is felt for Arthur Rumlill and wife, in the loss of their eighteen-months-old daughter Beulah, who died Saturday morning. Funeral services were held Sept. 30.

Word was recently received here of the dangerous illness of Miss Mary Pierce, a nurse in the Massachusetts Homeopathic hospital, Boston. Her friends hope for her speedy recovery.

Chester Walls, only son of Capt. Watson Walls and wife, died at his home at Bay-side, Sept. 23, aged twenty-five years. Few cases have excited so much interest and sympathy as that of this young man. Chester had been ill for nearly three years, the greater part of that time confined to his bed. During the last few months of his life his sufferings were almost beyond endurance. In the earlier stages of his illness he hoped for recovery, but became resigned, and bore with Christian patience the burden of suffering. Chester will be greatly missed, not only in the home, where he was the object of so much tender care, but by friends and young companions whose thoughts and inquiries for many months have been "for Chester". He was a general favorite, and leaves behind the memory of a youth marred by no vices. His cheerful words and pleasant smile will long be remembered. He leaves besides his parents two sisters, Mrs. Chester Robbins, of Opechee, and Miss Henrietta Walls, of Bayside, and many more distant relatives. Funeral services were held at Bayside school-house, Wednesday, Sept. 25, Rev. N. F. Atwood, of West Tremont, officiating. Burial at Seal Cove cemetery.
