

MR. UNINSURED AUTOMOBILE OWNER!

The only automobile owner who can safely do without automobile insurance is the wealthy man who can meet whatever claims are collectable from him, up to thousands of dollars. But the wealthy are almost invariably insured, because it is not good business to risk their accumulations.

Mr. Average Motorist driving around without insurance presents an interesting study in human nature. In the first place, he thinks that somehow accidents will never happen to him, though they are happening every day to people who once thought the same. Just what miraculous power is always going to protect him is a mystery to everyone but himself. In the second place, some of those who have some property, such as house, bank account, etc., will see it all go some day to satisfy a judgment. In the third place, some who have nothing to pay for the injuries and damages they cause, will send someone through life a cripple, without being able to help, and it happens every day—hardly consistent with self-respect or the independence which every American cherishes. The automobile owner owes it to the public to be able to pay for the injuries and damages he causes. Preserve your property, your independence, and your self-respect by carrying automobile insurance.

A BASKET OF TIN

Bean Barrel Club Stages a Jolly Time At Ash Point.

The descending rain beat a lively tattoo on the roof of Roy McConchie's new dining porch at Ash Point last night, and the fog was so dense that the keen-eyed Woodbury could not discern the shore, let alone Meunier, but the members of the Bean Barrel Club were not "fair-weather birds," and they enjoyed their outing at Land's End fully as much as though the moon's rays were sparkling on peaceful waters.

The outing appears to have been promulgated for two important purposes. One was to test out the capacity of Mr. McConchie's new dining hall and menu; and the other was to give a "show" to a popular member of the club who is soon to become a benedict.

"Wellesley," the euphonic title of the hospitable McConchie home-stand, met the test most nobly and the Bar-tillees were not in the least disappointed. The combination shore and chicken dinner was the best feast they have ever tucked beneath their hoops. It was served piping hot, and in such amazing quantities that there was scarcely time between acts for the 40 ban-

ROCKLAND'S MEMORIAL DAY

How This City Plans To Pay Tribute To Those Sacrificed By Three Wars.

Another Memorial Day approaches and the survivors of three wars will be able to bear witness that the people of Rockland are neither insensible to, nor ungrateful for, the heroism they showed, and the sacrifices made by those who did not return. Only a slim remnant of the Grand Army forces remains to hear the beating of the drums, and even the ranks of the Spanish War Veterans have materially thinned, but the spirit of the day will be there, and patriotism will not lag. Sunday the patriotic bodies will attend Memorial services in Pratt Memorial M. E. Church, where a special sermon will be preached by Rev. John Dunstan. The Memorial Day oration, Monday afternoon will be delivered by Rev. Charles A. Knickerbocker of the Church of Immanuel, Universalist. In their search for good speakers the local committees do not find it necessary to go outside of its clergy.

The program for Memorial Day will follow very closely the observance of last year. From the headquarters of the grand marshal, Major Ralph W. Brown, the following general orders have been issued:

Having been appointed Grand Marshal of the Memorial Day Parade by the committee representing the various Veterans' organizations in the City of Rockland, it is hereby ordered that all organizations participating report at the G. A. R. hall, Limerock street, at 1 p. m. Monday, May 26.

The First Division will form on Union street, facing south, with the left of line extending down Limerock street.

The Second Division will form on School street, with left of line in Post Office Square.

Organizations will form in the following order:

- Platoon of Police
- Grand Marshal, Maj. Ralph W. Brown
- Chief of Staff, Captain R. F. Saffell
- Rockland Military Band
- First Division
- Capt. Russell D. Gray, commanding
- Battery G, 24th Coast Artillery
- Edwin Libby Post, Grand Army of the Republic
- Ralph Ulmer Post, Spanish War Veterans
- Winthrop Holbrook Post, American Legion
- World War Veterans
- Sons of Veterans
- Ladies Relief Corps, G. A. R.
- American Legion Auxiliary
- Ruth Mayhew Tent, Daughters of Veterans
- Second Division
- Lieut. Ira L. Ripley, commanding
- Rockland Fire Department
- Veterans' Association
- Boy Scouts of America
- Girl Scouts
- Salvation Army
- School Children

The parade will march at 1:30 p. m. over the following route: Union street to Park street, to Main street, to Rockland street, to North Main street, to Main street, to Limerock street, to the Grand Army Hall, where the parade will be dismissed. In front of the Elks' Home flowers will be strewn on the water and a firing squad from Battery G will fire three volleys. Taps and echo will be sounded by buglers of Battery G.

After dismissal of the parade the customary exercises will be conducted by the G. A. R. and other Veteran organizations on the G. A. R. lawn. The program of the exercises following the parade will appear in Saturday's issue.

LOOKS LIKE BASEBALL

But Depends On How Generously The Fans Come Across—Tuesday Night's Meeting.

Encouraging progress toward another season of local baseball was made Tuesday night when the Rockland Baseball Association held its annual meeting, chose a full board of officers and informally discussed the outlook.

It was reported that last season's deficit had been wiped out, so that the season will start with a clean slate. The deficit, as many of the fans doubtless know, was due to the stormy Labor Day, which would otherwise have met the last item of expense, and to the fact that the season was unwisely extended one week beyond Labor Day. There's no use crying over spilled milk, however.

In the absence of President Gardner the meeting was presided over by John M. Richardson. The treasurer's report was presented by Samuel S. Lord, and what it means to conduct a semi-professional baseball team may be judged from the fact that Treasurer Lord's figures showed the total expenses last season to have been \$8,152.18.

These officers were elected: President—Obadiah Gardner, Vice President—Fred C. Black, Secretary and Treasurer—Samuel S. Lord. Directors—Thomas H. Chisholm, E. C. Moody, W. A. Glover, G. A. Wooster, John L. Beaton, C. L. Veazie, Charles Thornton, J. F. Carver, L. B. Cook, G. A. Lawrence, A. L. Rogers, J. M. Richardson, F. A. Winslow, Ira W. Peeney, Donald S. Lord.

Arrangements to finance the team will be made at once, and voluntary contributions will be welcomed from those whom the committee fail to see.

A meeting of the directors was held yesterday afternoon and the executive committee chosen in whose hands is vested the direct control of the destinies of the ball club, the committee of course, answering to the board of directors. This triumphant includes Thomas H. Chisholm, Horace E. Lamb and Louis B. Cook. They will proceed at once with the gathering of material for a ball team and with efforts to aid in the formation of the Coast League as of last year. They will get in touch with Camden and Belfast authorities at once. A lively discussion of available players featured the session and a number of applications were read indicating a great plethora of managerial aspirants.

There was plenty of excitement at Newcastle Saturday when Lincoln Academy emerged on the long end of 14 to 13 score which occupied 14 innings. Brunswick High was the victim. The score.

MURDER MYSTERY CLEARED

Officers Say That Leland Wellman of Washington Admits Killing Lincolnville War Veteran—Perley Jones of Washington Also Held.

Leland Wellman, 23, a resident of West Washington now serving a 30-day sentence in Knox County jail for stalking moose in closed season, was the man who murdered Dexter Wentworth, 67-year-old Spanish War Veteran in Lincolnville, according to the confession which the Waldo County officials say that he made in the small hours of this morning.

Perley Jones, 28, of Razorville, now under arrest at Belfast, is also said to have made confession that he was with Wellman when the first blow was struck. Dispute in a dog trade formed the grudge which Wellman says led to the affray in the lonely little dwelling at the foot of Moody mountain last Friday night. Wellman must serve out his jail sentence in this city, and at the expiration of it he will be arrested on the charge of murder, according to a telephone statement made by Sheriff Frank A. Cooper this morning.

The exact nature of the charge which will be preferred against Jones was not decided upon this morning. A chance remark yesterday that Wellman had been seen in the vicinity of Wentworth's house late last week, and that there had been trouble between them a year ago over the purchase of a horse, led Sheriff Frank F. Harding of Knox County to notify Sheriff Cooper that he had in custody a man who might be connected with the Wentworth murder.

"That's the very man I am looking for," replied Sheriff Cooper. Accompanied by County Attorney Clyde R. Chapman, Frank Rogers, an inspector from the attorney general's office, and Cecil Clay, supreme court stenographer, the Waldo County sheriff came to Rockland yesterday afternoon, and at the close of a three-hour interview in the Knox County law library had apparently gained no more important information than that Wellman and a companion named Perley Jones had been fishing for alewives in Jefferson when the crime was supposed to have occurred. From this story he could not be budged.

The officials left him apparently satisfied as to his innocence but immediately drove to Razorville to check up on the carefully gathered details. They found quickly that Jones' story did not tally with Wellman's as to the route which they took when they went fishing, nor the subsequent developments. Wellman had said that he caught several alewives and threw them back into the river. Jones said that they took the fish to the house of a Mrs. Jackson in Washington and cooked them. The officers then interviewed Mrs. Jackson, who stated very positively that neither of the young men had been to her house Friday night.

Jones, who was found by the officers at the home of Wellman's father, proved no match for the skilled cross examination to which he was subjected, and broke down completely. Jones said, the officers declare, that the motive of the crime was robbery. Wellman had told him for a long time that he had a grudge against Wentworth because the latter had lied to him in a dog trade. Wellman wanted Jones to take him over to Wentworth's house, and had said he was going to have the Spanish War Veteran arrested. Jones demurred, he told the officers, but finally consented, and the fateful trip was made last Friday night. They found Wentworth at home and for half an hour or more the three discussed various commonplace subjects. Wellman had evidently worked himself up to a pitch at that time and stepping up behind him hit him a terrific blow over the head with a square club.

The war veteran fell to the floor groaning. Jones says that the spectacle made him so sick at his stomach that he was obliged to go out of the house for air. Other blows were struck, and when Jones finally returned to the room Wentworth lay on the floor in a huddle.

It was sometime before Jones could induce his companion to leave, and before they quit the room Wellman extracted Wentworth's purse from the murdered man's hip pocket. After they had gone three or four miles toward home Wellman produced the pocketbook with the remark that he was going to divide the contents. He gave Jones \$6, but even in the excitement of the moment the latter believed that it was not an even division.

Wentworth's gold watch was also taken—by Jones, according to Wellman. He says that Jones took the watch from its place on the wall, and on the journey back gave it to him to dispose of. "Throw it away or get rid of it," was the expression used. The purse was thrown into the bushes somewhere on the journey home, but the watch, according to Wellman, was left at the Jackson residence in West Washington.

Armed with the statement of Jones the Waldo County officials came to Rockland early this morning and Wellman was aroused from his sound slumbers to undergo another rigid cross examination. For a time he adhered to his former story, but when Jones' alleged confession was gradually unfolded to him he followed suit, the officers say.

Wellman says that he took the club with him, when he left home, but Jones' story is that he went out and got the club when they prepared to leave for Wentworth's home.

The alleged confession of Wellman was made in the presence of the Waldo County officials above named, and Sheriff Frank F. Harding. All but Sheriff Harding were present when the alleged confession of Jones was made in Washington.

Wellman is an excellent appearing young man and impressed the officials yesterday with his intelligent manner.

BUY A POPPY

Portion of Saturday's Proceeds Will Go To Mississippi Sufferers.

Plans are completed for the most interesting poppy sale ever conducted in the city. The committee comprises Mrs. Corinne H. Edwards, chairman, Mrs. Hazel Hagkell, Mrs. Annie Alden, Mrs. Susie Lamb, Earl Alden, Eugene Lamb and Austin Brewer. An efficient corps of sales girls will make a thorough canvass of all offices, stores and places of business early Saturday forenoon. During the afternoon young ladies will sell the colorful poppies on the streets, and a booth will be maintained in front of the Security Trust Co. The poppies will also be sold in the theatres Saturday evening.

As a service organization second to none, the American Legion will do its share towards alleviating the sufferings of the multitudes of homeless people in the flooded regions of the Mississippi. The members of the poppy sale committee have voted to set aside a percentage of the proceeds of the sale, this fund to be sent immediately to the Secretary of the Maine Department, who in turn will see that it reaches the proper distributing agents in the stricken area. There are over 200,000 ex-service men in the flooded regions who are homeless and without funds. Already six canteens have been opened by Auxiliary workers, where food and clothing can be obtained.

DANDELIONS

Now dandelions are the short grass. Through all their rapid stages daily pass; No bee yet visits them, each has its place, Still near enough to see the other's face. Unkenn'd the bud, so like the grass and ground In all our country yards where thickest found; Some more it opens a little golden sun. And sets in its own west when day is done. In few days more 'tis old and silvery gray. And though so close to earth it made its stay, Lo! now it flutters wings and lightly flies, A spirit form, till on one night it dies.—John Albee.

No one man in the world's history has encountered such instantaneous fame as we see visited upon that modest and boylike airman Charles A. Lindbergh, to whom the newspapers of every country continue daily to devote an amount of space beyond anything previously known in connection with a single individual. And it is a story whose lightest details engage the interest and imagination, until a lump rises in the reader's throat and the lines blur under the moisture in his eyes. The great French people are paying the lad from America most overwhelming tribute. Never has a citizen of the western republic, a correspondent says, received such spontaneous homage from the old world, its kings, its presidents and peoples. Not all the efforts of diplomats and financiers to bring about good feeling on the part of France for this country, has succeeded in doing what this simple, natural, straightforward American boy is accomplishing. The story reads like the most amazing fairy tale. Saturday Lindbergh flies into Belgium and we look to see the whole region explode in a riotous hospitality of greeting.

We observe that what the London News alludes to as "that popular American melodrama The Octoroon" has been revived in that city by a gifted cast, who in the paper's review of the performance are given flattering praise. In this country an earlier generation set great store by "The Octoroon," which became a great and sure drawing card in its production by metropolitan companies. We did not know that it ever established a vogue in London. The play once had a performance in the Farwell & Ames hall by a group of local players who made of the occasion a notable success. The part of Zoe, the angelic heroine condemned to slavery because by reason of her ancestry she is one-eighth black, was played by Etta O. Conant (now Mrs. Clark of Allston, Mass.). If our memory does not fail us, Wah-no-tee, the Red Indian, whose fight with the villain made one of the high lights of the performance, was played by A. A. Woodbridge, the High School principal. Horace C. Chapman, landlord of the Thorndike Hotel, was Salem Scudder, the rough diamond, and Ira Lovejoy was the thoroughbred villain Jacob McCloskey, the slave-owner. Upon all of these except the heroine the curtain years ago rang down. The cast of the play as we remember was a long one. We should be interested to see a bill of the performance as it was given on that far-off and pleasantly remembered occasion.

A Detroit despatch lends weight to the persistent rumor that the Ford people were to supersede with a new car the model so long in use and whose enormous production has made of Mr. Ford the richest man in the world. The statement—which the organization refuses to deny or confirm—is to the effect that production will start on July 1 on a four-cylinder gear-shift car. It is an interesting trade statement, touching as it does millions of Ford car owners.

Too bad Rockland's Boy Band hasn't had sufficient time for the development which would make it eligible to take part in the musical battle at Council Bluffs, Iowa, May 27 and 28, when two thousand juvenile musicians from every section of the country, representing twenty-six States, will contest for the title of national champions.

THE MALOLO IN COLLISION

Mammoth Steamship To Have Been Tried Here Saturday, In Collision and Must Return To New York.

The passenger steamship Malolo, bound from New York to Rockland for a standardization trial, was in collision with the freighter Jacob Christensen about 15 miles west southwest of Nantucket lightship at 3.50 p. m. yesterday.

The radiogram to the Associated Press from William P. Roth, president of the Matson Navigation Company, aboard the new liner, said that the Malolo had water in her fire-hold and was unable to proceed under her own power. The message further said that there had been no casualties.

The Jacob Christensen, a Norwegian freighter, bound from England to Philadelphia, was standing by Mr. Roth said. The Malolo, he added, was not otherwise damaged and was waiting to be towed to New York.

The passenger steamer Malolo, is the largest and fastest commercial craft ever built in the United States. The latest pride of the American merchant marine, which is reported, cost more than \$7,000,000, is already one of the best known ships afloat by reason of the impressive ceremonies which attended her launching in Cramps Shipyards, Philadelphia, last June.

The trial trip of the Malolo will consist of approximately one week at sea under different conditions, including runs at various speeds over a measured mile course, a 48-hour endurance run at full speed together with combinations of reversing engines from full speed ahead to full astern.

The vessel will have every department in full operating capacity as if she was in passenger service.

In command of the Malolo's sea trial will be Capt. Tilton of the William Cramp & Sons Ship and Engine Building Company, and J. Harry Mullen, president of that corporation. In charge of the engine room will be Chief Engineer Tony Marple, also of Cramps.

W. P. Roth, president, E. D. Tenney, chairman of the board, and Wallace Alexander, a member of the executive committee of the Matson Navigation Company, of San Francisco, are among those to make the trip. The American Hawaiian Line is represented by J. D. Tomlinson, vice president. Capt. Peter Johnson, commander of the Matson Line fleet, who will later command the Malolo, is making the run with Capt. C. A. Bernadson, executive officer, and R. C. Dwyer, chief engineer.

No guests were invited for the trial run, and outside of the above and the actual working crew, there are only William Francis Gibbs, president of Gibbs Brothers, designer of the Malolo, his brother, Frederick H. Gibbs, vice president, and their staff of engineers, draftsmen and inspectors.

The Malolo is the fourth largest ship in the world in point of first-class passenger carrying capacity and is the first ship ever built in the United States that completely complies with requirements of the International Convention for Safety of Life at Sea, held in London in 1914.

The Malolo is 582 feet long, has an 83-foot beam and a displacement of 22,000 tons. She will have a guaranteed speed of 22 knots and will be driven by turbines of 25,000 shaft horsepower. This vessel will be the largest liner ever operated in the Pacific Ocean and will cut four days off the round trip between San Francisco and Honolulu, a run in which she is to be operated.

Some idea of her size may be realized from the fact the combined capacity of her pumping system is sufficient to supply a city of 2,000,000 inhabitants with more than 20 gallons per capita per day, a capacity only exceeded by the water works of New York, Chicago and Philadelphia.

The vessel is also provided with more bath tubs than have ever before been built into any ship in the world. Space provided for her crew far exceeds the standards provided by law.

Following completion of her sea trials the Malolo will proceed to New York for two weeks' public inspection. She will then sail for the coast to enter the San Francisco-Honolulu trade.

BAPTIST BUDGET

Goes Over the Top With \$12,472 — Last Night's Annual Parish Meeting.

The Baptists are over the top on the largest drive they have ever made, according to the final reports made at the annual parish meeting held last night in the First Baptist parlors. Faced with a budget of \$12,150, the workers whistled to keep up their courage and went at it with grim determination to push beyond the goal or die in the attempt. Marshal R. S. Sherman ordered the lines forward on last Friday morning and in one day the workers had cleared the first objective of \$4,400. Pledges continued to swell the amount until at the opening of last night's annual parish meeting only \$1,133 remained to be raised. With Treasurer Robinson at the blackboard this was quickly wiped off by final reports and additional subscriptions, until amid applause and the singing of "Praise God From Whom All Blessings Flow" the budget went over the top with a total of \$12,472 or \$322 more than was aimed at and delayed pledge cards yet to hear from.

The largest single pledge received was for \$1100 and all the 375 donors in this campaign gave with a fine generosity. Among the first to send a pledge was Gen. H. M. Lord, Director of the Bureau of the Budget, who paid his tribute of regard for his old church. The youngest pledge on the list is Master Bertram Snow, 2½ year old son of Mr. and Mrs. Walter E. Snow who has been a pledge since he was six months old. High praise is given the splendid direction of the campaign and the tireless devotion of the volunteer workers in it.

The report of Treasurer Robinson showed that the church had raised and expended for all purposes during the year \$15,983.88. Treasurer E. J. Morey's report showed \$2804 of this amount paid for missionaries; and the Woman's Association reported receipts of \$127.30.

Officers were elected for the coming year as follows:
Moderator—Clarence S. Beverage.
Clerk—C. H. Morey.
Treasurer—Joseph W. Robinson.
Assistant Treasurer—Mrs. Lois P. Cassens.
Member Financial Committee—E. H. Crie, 5 years.

Trustees—For 5 years Fred A. Carter; 4 years Mrs. H. W. Frohock; 1 year Frank W. Fuller.

Chrysler dealers are in position to extend the convenience of time-payments. Ask about Chrysler's attractive plan. All Chrysler cars have the additional protection against theft of the Federal System of numbering.

DRIVE the Chrysler "70"—not a perfunctory demonstration over a standard route—but a real test over all sorts of roads and through all sorts of traffic, in the way you are accustomed to drive.

Do that and you'll prefer the dash and vigor of its smooth performance to cars even much higher priced.

How often you have watched the cars lined up at a traffic intersection. And, at the signal, each time you have seen a Chrysler "70" whisk away in the lead.

Or on the open road, how often you have seen a Chrysler "70" pass car after car.

Now experience these thrills yourself. Drive it into the byways. Cobblestone roads and rutted detours lose their dread

beneath the cradling comfort of its chrome vanadium springs, its special spring mounting and its shock absorbers.

See how easily you direct it by its pivotal steering gear. And once you have felt the sure safety of its four-wheel hydraulic brakes, you'll want them above all others.

Come in today. There'll be no need for us to explain "70" beauty of line, coloring, upholstery and appointment, for these instantly delight and charm your eye.

Cold-Water Tinting

(Copyright 1927)

There are lots of "prepared tints" for home tinting of your dainty lingerie, but did you ever try real dye-tinting with a real dye? You get glorious effects when you begin with the true tones that only real dyes can impart to fabrics!

An envelope of the actual dye powder is only fifteen cents at any drug-store. Stir a bit in cold water—dip the garment—and it's done. Only you'll have a smooth, even tone just exactly like materials have when bought; none of that streaky look; never weak or "washy" no matter how much you dilute or lighten the color. Furthermore, you can "see" the tint if you want, by merely having the water boil.

Every drugstore has Diamond dyes, color cards and suggestions for exquisite tinting or regular, permanent dyeing of anything. Or, write for Color Craft—a marvelous book of ideas in full colors; free from DIAMOND DYES, Dept. N33, Burlington, Vermont.

"Nothing but blue skies from now on"

LIKE the fellow in the song, I "never saw the sun shining so bright - never saw things going so right." For I've found Prince Albert and complete pipe-enjoyment. I thought I knew all about pipes and pipe-smoking. I had no idea what a change for the better P.A. would be.

What a treat it was to open the tidy red tin and free that wonderful Prince Albert fragrance! To a pipe-hungry man, no other aroma ever came within a mile of that. I could hardly wait to tumble a load into the bowl of my jimmy-pipe and light up. And then... that marvelous taste!

Cool as a summons to court. Sweet as winning your case. Mild as the congratulations of the second-best man. Mild, but with a full, rich tobacco body that satisfies your smoke-hankering to the absolute limit. I'm talking about a grand old pipe-smoke, Men... Prince Albert.

No matter how satisfied you appear to be with your present set-up, give Prince Albert a whirl. You'll never know till then what a friend your pipe can be. P.A. never bites the tongue or parches the throat. It never wears out its welcome. Try this long-burning tobacco. You'll check with all I've said.

-the national joy smoke!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidor, and pound crystal-glass humidor with sponge-moistener top. And always with every bit of bite and punch removed by the Prince Albert process.

RADIO

Within a few days we will be called upon to log the stations anew, as the result of the Federal Radio Commission's work the past few weeks. On the whole this will be an interesting task and no body will begrudge the time if the results are to be as beneficial as now expected. Very interesting too is the announcement that the Springfield station, WBZ, is to increase its power from 5000 watts to 15,000 watts. It ought then to be the paramount station of "down east."

Much volume and quite a bit of static marked Tuesday night's reception, when I listed the following stations: WGBS, WGY, WJZ, WEEI, WNAC, WMCA, WBZ, WFEI, WRNY, WTAM, WMAK, WBBR, WOR, KDKA and CKCL. The last named a Toronto station, was new to my list.

Neighbors gathered at the attractive home of S. A. Adams on Lime-rock street Tuesday evening to help celebrate his birthday. The affair was a complete surprise. He was presented with a birthday cake made and tastily decorated by Mrs. Electa Philbrook and the neighbors contributed a box of cigars. Cards and music were the evening's pastimes. Refreshments were served.

Mr. and Mrs. Ralph B. Loring were recent visitors in Portland.

Mrs. Katie Studley is visiting her daughter Vera, a student at Lassell Seminary.

Misses Carolyn and Alice Erskine have returned from a ten-days visit to Newton Center, Mass., where they were guests of President and Mrs. Everett C. Herrick.

Miss Elizabeth Hagar of this city has been selected one of the three delegates to represent Gorham Normal School at the Maqua "Y" camp.

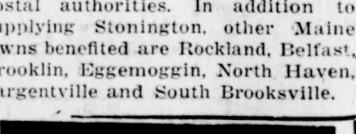

Capt. Jacob Thorndike is having a furlough from Sutters' Snug Harbor, most of it devoted to shaking hands with his many Rockland friends.

Tuesday evening all roads led to the West Meadows, where a party had gathered in honor of Evangeline Winchenbaugh's birthday. The first of the evening was devoted to music, followed by the popular game of guessing what different advertisements represented. The prize in this game was won by Ethel Smalley, and the booty prize by Dorothy Blackington, who was obliged to wear the prize the rest of the evening. A delicious luncheon was served by Mrs. Winchenbaugh and Mrs. Carroll. The dining room was very attractive, the color scheme being pink and white. Myriads of colored streamers were suspended from the ceiling to the table. Place cards were decorated with wax roses in two shades of pink, the work of Miss Smalley, whose talent in this line has attracted a great deal of attention. Little basket souvenirs, dainty napkins, and a wonderful birthday cake brilliantly lighted with pink candles in pink rosebud holders, added to the attractiveness of a table daintily set with a tempting luncheon. When the attempt was made to extinguish the candles two remained burning, but a particular "friend" of Miss Winchenbaugh's stated that the two candles had nothing to do with when a person got married. Miss Winchenbaugh's birthday gifts testified to the regard in which she is held by her friends.

CAMDEN BALL MEETING

Camden has called a mass meeting for tonight to discuss the baseball situation. In spite of contrary reports, indications point to a league in that town, it is said.

MRS. ALVIN H. HURD

May L. (Bowden), wife of Alvin H. Hurd, died last Saturday at her home in Ash Point, after a prolonged illness, the end being hastened by an attack of acute Bright's Disease.

The deceased was born in Sweden 64 years ago last month, the daughter of Charles and Clara Bowden. Thirty-five years ago she was married to Mr. Hurd in South Thomaston, and their happy home at Ash Point, known as "Otis Villa" is pleasantly known to hundreds of people throughout the State, who have been domiciled there during the summer season. Her motherly kindness was well known to all the residents of that community, and her happy disposition made her very popular with those who became temporary members of her family during the summer season. Of the many deeds of kindness and charity which she performed the world knew little, but they are written on the hearts of the beneficiaries in words which will never fade. Mrs. Hurd was a member of Forget-Me-Not Chapter, O. E. S. of South Thomaston.

She is survived by her husband, and five children—Mrs. Herbert Pierson of Martinsville, Mrs. Walter C. Bay of Honduras, Mrs. Matthew S. McNelly of Brookline, Mass., Harland H. Hurd of Rockland, and Carl W. Hurd of Ash Point. An especially sad feature in connection with the bereavement which has fallen upon this family is the fact that Carl Hurd was taken to Knox Hospital two days after his mother's death and operated upon for an acute case of appendicitis.

The funeral services were held at the residence Tuesday afternoon, the officiating clergyman being Rev. Elmer Longley of Portland. Miss Marianne Crockett sang two hymns very effectively—"Beautiful Isle of

Scores of handsome floral offerings brought sweet and tender comfort to the sorrowing ones. The bearers were Alvin H. Hurd, Harland Hurd, Herbert Pierson and Matthew S. McNelly. The interment was in the Ash Point Cemetery.

A new corporation recorded at the Knox Registry of Deeds yesterday is the Eastern Real Estate Co., capitalized at \$50,000. The officers are: President, Charles A. Emery; treasurer, Francis P. Fisher of Portland; directors, the above and Mary A. Johnson.

Ben Pratt Now In Fighting Fettle

Popular owner of "Allen Range" resort had painful experience. Now in tip-top shape, gained 50 lbs., and tells his friends how Tanlac helped him

"Allen Range" Inn, on the Federal Post Road at Brunswick, Maine, is a Mecca for tourists from all over the Union. Its genial proprietor is known to the outside world as Mr. Benjamin Pratt, but here in Maine we call him affectionately, "Ben." At his present rate of progress we'll soon be calling him "Big Ben."

But for six years Ben was a sick man. Here's what he said on the Boston train recently. "I was so ill that I often went two days at a time without tasting food, rather than suffer the agony I knew would follow. I grew peevish and lost my normal healthy interest in life. Even the highest food disagreed with me, and restful sleep was out of the question. Six years of that life wrecked me. I fell away to 130 lbs., which is 30 lbs. below normal for me. Between loss of weight, loss of sleep and loss of appetite, I could hardly get around. "Since taking Tanlac I've not only won back my normal weight, but 20 lbs. additional—fifty pounds of firm, wholesome flesh! Changed from a scrawny weakling to a husky athlete! Right now I can run 100 yards with any man in town. I eat as I please, without any discomfort afterwards, and never miss a meal. Sleep? I sleep like a top! I'll tell the world that Tanlac is the most wonderful tonic I've ever known of. Just look at me and ask yourself if it isn't."

Mr. Pratt is but one of thousands helped to rugged health by Tanlac. In our files are over a hundred thousand letters from grateful folks who credit Tanlac for their vigorous health. It is nature's own remedy made from roots, herbs and barks. Over 52 million bottles already sold. Your own druggist has it.

MOTOR STYLE SHOW

Great Paige Exhibit Will Be Here Next Week—Twenty New Models.

Something decidedly different in style show will take place in this city next Wednesday and Thursday when the Paige Motor Co. will present 20 new models in the greatest motor style show of any car ever given in this section. The great exhibition would of course be impossible of production by any one dealer so the company is sending the great exhibit from city to city.

Outstanding models among the 1927 Paige motor cars, including types in the three series of Sixes and the new eight cylinder car, with four speed transmission, will be exhibited here at the showrooms of the Jones Motor Co. on Main street, at the open space on Main street at the foot of Talbot avenue and at the Limerock street rooms in addition to constant demonstrations.

In conjunction with the extensive showman display, the new models will parade the streets both days.

Coupees, sedans, cabriolets, and other types, in twenty body styles and distinctive color combinations, will vie for the popular favor. All of the cars in the parade will display de luxe finish and appointments as the Paige executives decided this year to provide the finest finish for all cars rather than continue both the "standard" and "de luxe" types of previous years. A feature common to all of the models is the marked richness of the interior, obtained through the skillful use of two harmonized dominant colors and the style of the trim and finish. The equipment is most complete. All cars have hydraulic four-wheel brakes, air cleaner, cowl ventilator, snubbers, stop light, automatic windshield wiper, coincidental steering and ignition lock, sun visor, gasoline gauge on the instrument board, light switch and dimming control, rotary window lifts and remote control inside door handles.

According to R. A. Green, manager of the Boston branch, the style parade has already proved a success in Lawrence, Haverhill, Amesbury, Newburyport and Manchester, N. H.

THEY WHOOPED 'ER UP

These 95 Lincoln County boys certainly did make the welkin ring on the occasion of the Boys Scramble Tuesday of the Damariscotta-Newcastle Rotary Club. There were 25 gaily decorated cars in the procession which passed through this city at 10 a. m. preceded by State Highway Patrolmen. The cars were thoroughly equipped with horns and other noise makers and were accorded a noisy welcome by the Rockland citizenry.

The arrival at the rendezvous, Oakland Park, found Scout Executive John W. Thompson and an efficient corps of Scouts in waiting to aid in every way possible. The Scouts put on the famous hot dog program, assisted in organizing the games and acted as guides. The day was largely spent in playing baseball and in wandering around the beautiful park. Mayor Carver came up at noon and extended the official greeting of the city of Rockland. Numerous members of the Rockland Rotary and Forty Clubs were up to pay their respects and rendering possible assistance. The Rockland Rotary Club added a harmonica for each guest to the noise quota.

The homeward trip was started early in order to give time for a survey of the Rockland & Rockport Lime Corp. plant and quarries and a glance at the cement mill operations on the Thomaston road. These educational side trips proved of great interest to the boys, being something entirely new in their experience.

The scramble was favored with a fine day and the 95 boys found Oakland Park an ideal place for the frolic. There were 25 older boys present but it must be said in passing that they too had a rollicking good time.

The commissary department functioned perfectly, arriving in the nick of time via trucks and added another pleasant feature to a well enjoyed day.

MISS REED WINS CUP

Handsome Silver Trophy Is Awarded To Rockland's Bowling Queen.

Rockland's bowling queen came into her heritage last night when Miss Elizabeth Reed was presented with a handsome silver trophy at Allen's Recreation Parlors. The occasion was the May Ladies' Night and there was an excellent attendance.

Miss Reed won the coveted prize through consistent good bowling, her average for several weeks past being 109. Her highest single string was 109. Her nearest competitors in the roll offs were Miss Harriet Hall with 108 and Miss Celia Dyer with 107. In

accepting the cup the champion completely forgot the lengthy and well-studied speech she had burned much midnight oil to prepare, presenting instead a gracefully naive word of appreciation which won a great hand.

In last night's contests Miss Reed's Champion's defeated Mrs. Sleeper's Wonders by 18 pins in a hotly contested 4-string match, the score being 224 to 216. Mrs. Sleeper carried off the individual honors however with a 4-string total of 303 and highest single string, 102, and incidentally won the \$2.50 prize in gold. Miss Reed bowled 101-98-101 in her 3-string exhibition match. One of the evening's features was Miss Grover's strike on a spare. The match summary:

PARK THEATRE

The feature picture for today is Douglas MacLean in "Let It Rain." The double feature program for Friday and Saturday is "Summer Bachelors" starring Madge Bellamy, and Ranger in "The Outlaw Dog."

"Summer Bachelors" based on the story by Warner Fabian, author of "Flaming Youth," is Mr. Dwan's first production for Fox Films. Madge Bellamy plays the featured role, with a brilliant cast including Allan Forrest, Matt Moore, Charles Winninger, Walter Catlett and Hale Hamilton.

Ranger is a comparative newcomer to the screen, and in his few times before the camera is a finished actor. Even though he has only played in four or five pictures he is the proud possessor of a large fan following. No one should miss his fine picture by the peer of canine stars—Ranger in "The Outlaw Dog."—adv.

EMPIRE THEATRE

The double feature program for today is Vera Reynolds in "The Little Adventuress," Dorothy Reynolds in "Poor Girls."

The ladies' fan is promised something new in western entertainment Friday and Saturday when "The Valley of Hell," introducing Francis McDonald as a new western star, is to be shown. Novelty and an effort to avoid triteness were the keynotes of Isidore Bernstein, who supervised the picture, and Cliff Smith, the director. Particular care was taken in the selection of the locations, a strong supporting cast was chosen, and the story of Bernstein is the result of months of labor.—adv.

IS A HEALTHIER STRONGER GIRL

Because She Took Lydia E. Pinkham's Vegetable Compound

The fertile valleys of Oregon help to supply the tables of America.

This is possible thru the magic of the humble tin can.

In one of the canning establishments, Julia Schmidt was employed. It was complicated work because she did sealing and other parts of the work. It was strenuous work and she was not a strong girl. Often she forced herself to work when she was hardly able to sit at her machine. At times she would have to stay at home for she was so weak she could hardly walk. For five years she was in this weakened condition.

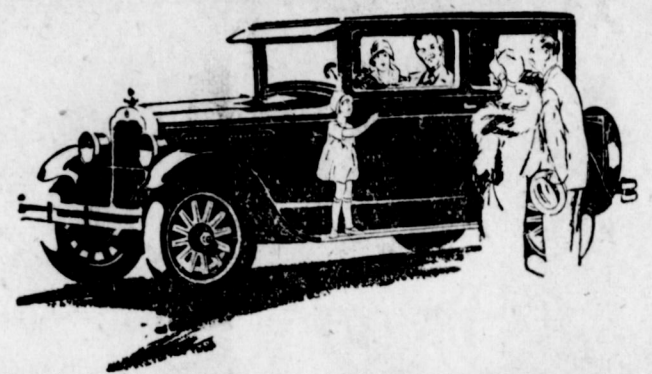

She tried various medicines. At last, a friend of hers spoke of Lydia E. Pinkham's Vegetable Compound and Miss Schmidt gave it a trial.

"Everyone says I am a healthier and stronger girl," she writes. "I am recommending the Vegetable Compound to all my friends who tell me how they suffer and I am willing to answer letters from women asking about it." Julia Schmidt's address is 113 Willow St., Silverton, Oregon. For sale by all druggists.

STRAND THEATRE

Today's feature is entitled "May-rage" and in brief, tells the story of the clash of two temperaments. An idealistic young inventor marries a very materialistic young woman. But when financial difficulties arise, trouble looms. It is only after the wife arrives at the conclusion that unselfish love is a prime requisite to married life that the pair find real happiness.

Could or would you kill your sweetheart to save your native country from crushing defeat in time of war? This is the dilemma that confronts Jetta Gondal in the thrilling dramatic climax of "Three Faces East," a thrilling war-time mystery drama of the Secret Service, which will be shown Friday and Saturday. Jetta is deep in the confidence of rival powers, apparently giving valuable information to both sides, and it is not until the last few feet of film that her true identity is revealed. In the development of the story, Miss Gondal, as Miss Hawthorne, presumably a German spy, falls in love with Valdar, a German spy. When he is about to send a message to Berlin that all is in readiness for an air raid on London which, if consummated, means the death of thousands if not the destruction of the city itself, she covers him with her revolver and threatens to kill him if he sends the message. A revolver battle ensues with the result that Valdar is mortally wounded, but by whom, only the final scenes reveal. The De Forrest Talking Pictures performance.—adv.
