NEWSPAPER HISTORY
The Rockland Gazette was established in 1846. In 1874 the Courier was established and consolidated with the Gazette in 1882. The Free Press was established in 1885, and in 1891 changed its name to the Tribune. These papers consolidated March 17, 1897.

Men are judged not by their intentions but by the result of their actions.—Earl of Chesterfield.

Sherman E. Eaton who was an object of search upon the part of the coast guard cutter Kickapoo, Wednesday night, returned home Thursday forenoon unaware of the efforts which were being made in his behalf. He said that the engine on his power boat had broken down when he was near Islesboro, and that he had spent the night repairing it. The Whitehead Coast Guard station was making ready to join in the search when he reappeared. He was an uncomfortable experience, and attended by a certain amount of danger, but Mr. Eaton was inclined to make light of it.

GARDNER FOR GOVERNOR

Boomed By Portland Evening News As "Wet" In Theory But Absolutely "Dry" In Practice.

Gus Merrill, the well known political editor of the Portland Evening News, is working overtime these days in the development of new candidates. His latest effort is to drag from retirement Rockland's well known citizen, ex-Senator Obadiah Gardner, and launch him as a gubernatorial candidate. The following article appeared in Wednesday issue of that paper.

Obadiah Gardner of Rockland former United States Senator, may be the Democratic candidate for Governor in 1932.

It was almost 20 years ago that Mr. Gardner made his first run for Governor and came within 9,000 votes of defeating Bert M. Fernald.

Two years later, in 1910, Mr. Gardner was beaten for re-nomination by Frederick W. Plafiedt of Augusta, who defeated Mr. Fernald for re-election and became the first Democratic Governor to be chosen in Maine for 28 years.

Mr. Gardner's friends believed that had he received a second nomination he would have been elected Governor. The validity of that claim apparently was recognized by Gov. Plafiedt who named Mr. Gardner as United States senator to fill the unexpired term of Senator Frye.

Following his period of service as United States senator, Mr. Gardner served for 10 years as a member of the International Joint Commission, which has charge of matters dealing with boundaries and boundary waters between the United States and Canada.

Attention has been drawn within the past month to Ex-Senator Gardner through his service as chairman of the federal Grand Jury. For many years it has been the custom for men prominent in business or public affairs to find an excuse from jury duty. When Mr. Gardner was drawn he told the court officials that he was willing to serve on the jury and that he held jury duty one of the most important functions of citizenship.

Ex-Senator Gardner is absolutely "dry" in practice but considerably "wet" in theory, believing that the 18th amendment is a blow at American liberties and a fosterer of hypocrisy and crime. Consequently those who favor his candidacy argue that the Rockland man's "Dry" practice will appeal to the prohibition element of his party, while his outspoken stand against the 18th amendment will make him a logical candidate for the Governorship at the same time that delegates pledged

REMEMBERS A LAUNCHING

Editor of The Courier-Gazette:—The most impressive launching I ever saw was in Castine in 1872. G. T. Fletcher, principal of the Normal School, took us students to see it. A beautiful rainbow spanned the heavens and as the ship slid down the ways and out under the rainbow we sang Longfellow's lines from "The Launching."

We know what Master said the keel. What workmen wrought thy ribs of steel, Who made each sail, each mast, each rope, What hammers beat, with what a heat Were shaped the anchors of thy hope.

We are having hot weather here in Frisco on this disturbance, a repetition of last month's similar disturbance. I mark these disturbances a year ahead and find they agree closely with eastern disturbances in heat, cold, rain, cyclones or earthquakes. I have verified it a hundred times.

MAYOR CARVER RENOMINATED

Republicans Turn Out In Storm and Show Their Approval of the Present Incumbent's Record.

The Republicans of Rockland stood pat Thursday night by renominating Mayor James F. Carver whose excellent handling of city affairs the past two years richly earned him the compliment that the nomination implies. Mr. Carver did not seek a second nomination, but fully appreciated the action of the voters, even as he appreciates the many words of approval which have come to him voluntarily by Republicans, Democrats and Independents alike.

An undefined rumor that there might be a contest possibly made for a much larger attendance than one usually sees at any stormy night

Mayor James F. Carver

caucus. Inside, however, there was not the slightest intimation of a contest and the voters were apparently of one mind.

Luke S. Davis, chairman of the Republican City Committee, called the meeting to order, and Edward R. Veazie was made chairman. Organization was completed with the choice of Milton M. Griffin as secretary.

Alderman John M. Richardson, who is retiring this year from municipal affairs, after six years of efficient service in the City Government, presented Mayor Carver's name in a manner that met the full approval of the caucus.

"It is the particular business of this convention" said Mr. Richardson, "to select from the Republicans of Rockland a man fitted to serve this city as its chief executive for the ensuing year. Under the present form of municipal government we know the added responsibilities of the Mayor's office require a man particularly adapted for the task and a man in a position to give a maximum of his time and energy."

"For the past two years it has been my pleasant duty and privilege to be closely associated with the

taxable property as much as any road I know" he said, adding that in a recent trip through the State he noted that it is threatened with splendidly good roads and that no road could be located to better advantage than the one proposed.

Mrs. Claire S. Carter senator-elect from Androscoggin county stated that about a year and a half ago her late husband, Senator Charles B. Carter, conducted the hearing for the petitioners for this proposed State highway and as she had been elected to fill his unexpired term, she naturally was greatly interested in the project. She understood that the towns along the way had agreed to keep up their portions of the road, and she brought out the point that the City of Lewiston had already expended \$5,000 on the road at that end to Sabattus. She hoped the Commission would render a favorable decision.

Mayor Wiseman of Lewiston told of the work done by the City of Lewiston for the construction of the road to Sabattus and would continue in support of the project if the designation was affected.

L. H. Lord of Whitefield said that his town would continue to put its third-class money on this road.

Herbert A. Clarke of Jefferson, former member of the Maine Senate, said that the people of his town are much in favor of the project and would co-operate in the maintenance of the highway.

At the conclusion of the remarks, Chairman Smith said that the Commission would take the matter under advisement and make its decision a little later.

ARTHUR C. WYMAN

Arthur C. Wyman of Auburn, died Tuesday night at St. Mary's Hospital in Lewiston, after an illness of four weeks, his death being due to Bright's disease.

Mr. Wyman was born in Freeport 65 years ago, the son of Spencer M. and Emma L. Wyman. He came to Auburn as a young man, and had made his home for most of the time since. For eight years he was deputy warden at the Maine State prison, under Warden Hillman Smith.

Since his return to Auburn he has conducted restaurants much of the time. A few years ago he was proprietor of a restaurant on Lisbon street and later in charge of the Exchange Hotel in Lewiston, just after it was remodeled and renovated. Recently he was proprietor of a store on Auburn Heights, which he afterwards sold to Murry Watson. His last active work was as night clerk at the Cortland hotel in Auburn, and it was there that he was taken ill.

Mr. Wyman married Miss Georgia Thomas of Belfast, who died about three years ago. He leaves two sisters, Miss Annie L. Wyman and Mrs. Alden G. Bradbury both of Auburn, and a nephew, Hollis D. Bradbury of Schenectady, N. Y.

Burial was at Belfast.—Lewiston Journal.

BARBARA FRITCHIE

Declaring She Waved the Flag, Frederick, Md., Enshrines the Act.

Barbara Fritchie's home, restored and stocked with all of her existing relics, once again stands on the bank of old Carroll Creek in Frederick, Maryland, this time with tourists flocking through its doors at the rate of a hundred a day. On the same spot where Dame Barbara defied the passing Confederate soldiers by waving a Union flag before their faces, and in a Frederick whose clustered spires still "stand green-walled by the hills of Maryland," the home of the heroine of John Greenleaf Whittier's famous poem has been reconstructed so carefully and accurately that the setting of that stirring scene of half a century ago has become virtually a reality again.

The home was restored by the Barbara Fritchie Home Association, composed of local citizens, in response to a widespread popular demand. For years visitors have shown great interest in everything that pertained to Barbara Fritchie, and the story of the episode in her life that inspired Whittier's poem which bears her name. Frederick has become known wherever the English language is used, through this poem. Since the restoration of the home thousands have passed through it, evincing the keenest interest in everything it contained. The relics on view are the flag that Dame Barbara waved before the passing Confederates, letters, personal effects, furniture, dining and kitchen utensils, her bedroom with its furnishings just as she used to sleep in it, and many other belongings of the famous heroine.

Upon entering the home, a visitor feels that he has stepped back into another age. Frederick furnishes an ideal setting to recapture the spirit of historic episodes. The process of modernization has robbed the town of little of its old-time atmosphere. The bridge spanning Carroll Creek in front of Barbara Fritchie's house is now a modern structure of iron and concrete, supporting an asphalt street and tracks for electric cars. Automobile line the curbs. Clusters of electric lights illuminate the street and sidewalks. But a century-old background, consisting of most of the same old buildings that saw the Rebels march through on that "Bright September morn" in 1862, still lines the way.

Patrick street on which Barbara Fritchie's house now stands is on the National Highway. Along this smooth ribbon of macadam, "over the mountains winding down into the 'green-walled hills of Maryland,' motorists by the thousands now skim. They still find the "meadows rich with corn;" they still find the scenery "fair as a garden of the Lord;" and as they glide into Frederick where the "clustered spires" still stand, they slip into the old atmosphere which, despite the activity, the bustle, the up-to-dateness of the city, has not been lost. And thousands of them pause on their way to slip into Barbara Fritchie's recently restored home.

METHODIST FAIR

Stormy Day Did Not Prevent Having Their Usual Success.

The lowering skies and continued snowfall of Wednesday did not serve to lessen the success of the Methodist fair which took place in the afternoon, followed by supper at 6 o'clock. The decorations were unusually attractive, yellow, the predominating color being effectively combined with autumn leaves and evergreen trees. The booths echoed this color scheme in bunting, crepe paper and festoons.

During the supper hour the boys' orchestra, which styles itself "The Juvenile Smilers," under the direction of Mrs. Emma Harvey, rendered delightful music. The members of the orchestra are John Moulaison, violin; "Buster" Lawry, cornet; Alvary Gay, drums; Hugh Benner, piano, and Lewis Bowen, sax. While the net proceeds have not yet been determined, a satisfactory sum will be realized for the treasury.

The following chairmen and committees aided greatly in the ultimate success:

General chairman, Mrs. Ida Simmons (substituting for Mrs. Thelma Stanley); supper, Mrs. George Orcutt; aprons, Mrs. Essie Day; vegetables, cooked food and canned goods, Mrs. Elizabeth Morton; candy, Mrs. Minnie Stout; children's table, Mrs. Myra McDonald; dolls, Mrs. Louise Dilliver; fancy table, Mrs. Austin Smith; ice cream, Mrs. Ida Simmons; dining room, Mrs. Sidney Brown; decorations, Ralph U. Clark.

"Powder and Wig" the honorary dramatic society of Colby College is making ready to present the annual fall production of the Society, which this year will be "A Pair of Sixes." Horace P. Maxey of Rockland is a member of the cast.

A PHILOSOPHER

To take things as they be—That's my philosophy. No use to holler, moan, or fuss—If they was changed they might be wuss.

If rain is purin' down, An' 'lightnin's buzzin' 'round, I ain't a-fairin' 'bout it, But grin that I ain't out in it.

If I got deep in debt—It hasn't happened yet—And owed a man two dollars, Gee! Why, I'd be glad it wasn't three!

If some one come along, And tried to do me wrong, Why, I should sort of take a whim To thank the Lord I wasn't him.

THREE-TIMES-A-WEEK

Rockland, Maine, Nov. 12, 1927.
Personally appeared Frank S. Lydell, who on oath declares that he is President in the office of The Courier-Gazette, and that of the issue of this paper of Nov. 10, 1927 there was printed a total of 6300 copies.
Before me, FRANK R. MILLER,
Notary Public.

There is that scattereth, and yet increaseth; and there is that withholdeth more than he meeteth, but it tendeth to poverty.—Proverbs 11:24.

Mayor Carver's speech of acceptance at Thursday evening's caucus was admirable. His brief review of the achievements of his first administration furnished eloquent justification for the approval of his fellow-citizens through the process of re-nomination and election for a second term. His tribute to the officials associated with him in the direction of municipal affairs was as generous as it was deserved. Frank elimination of politics had made it possible, he declared, to treat public questions from the standpoint of the public's interest and he emphasized the obligation he felt himself under for this spirit of co-operation on the part of officials and employees. His remarks were received with warm approval and a manifested spirit on the part of the caucus of representative men and women that suggested endorsement at the coming election of the recognized success of the two years administration now drawing to its close.

Did Barbara Fritchell on that bright September morn lean far out on the window-sill and with a right good-will shake a flag defiantly in the face of the rebel chieftain Stone-wall Jackson? Many a time from the platform of the old High School have we set forth, with declamatory fervor and appropriate gesture, our confirmation of the story as detailed by the poet Whittier, but in these later days the iconoclast of history, who is always busy at his disagreeable job of iconoclasting, marshals data to prove that the dramatic incident as embellished by the poet never took place at all. Dear, dear! But what shall we say then of the Barbara Fritchell Home Association, which is engaged in perpetuating the incident through the restoration of the house in which Barbara dwelt and the inviting of the world to come and worship at that shrine of patriotism? In the face of many affidavits presented to prove the flag waving story in all its details apocryphal, it is more than interesting to note what the people of "Fredericktown" are doing about it. The story as told in another column, communicated to this paper by the officers of the Association, would suggest that in her old home town the brave old lady of the poem remains an accredited asset. Confirming as it does our early declamatory faith, we are very glad to know of it.

Next Tuesday, which is to see the opening of the Carlton Bridge to vehicular traffic, will be a day of great rejoicing to these eastern parts of Maine. When at the center of the bridge Governor Brewster cuts the ribbon stretched across the way, by that official gesture we shall find ourselves put in definite association with the rest of the world, from which since time began a "rolling waters of the Kennebec have separated us. Farewell the ferry boat and the exasperating delays of it. Welcome the swift passage across the lofty structure whose now attained existence confidently assures a development too long denied these regions of the coast.

Amid yesterday's recognition of Armistice Day one's memory ran back to that momentous morning nine years ago when the news of ceased hostilities came over the wires and Rockland rose up from sleeping beds to voice its rejoicing. The boys were coming home. That was the first thought. Armistice Day is destined to grow in the affections of the people as with the perspective of time it takes on added significance.

At Kent's Hill Seminary yesterday was unveiled a bronze tablet memorializing the boys from that institution who fell in the World War. The money for the tablet was contributed by former pupils scattered over the four quarters of the country, and this includes our own vicinity, which during the past three-quarters of a century has sent many boys and girls to this famous school among the Androscoggin hills.

Let us especially commend these teachers of the little country schools who enlist their pupils in the observance of Armistice Day and so instill and emphasize the wholesome spirit of patriotism. In this and countless ways the community stands under everlasting obligation to these faithful instructors of our young.

While with a feeling of triumph we open to service our own new bridge let us not omit a note of sympathy for Vermont whose five hundred bridges lie in ruins.

Perhaps some of our clever rhy-meters, reviewing the manufacturing situation at the Maine State Prison, might essay a variant of Hood's "Song of the Shirt."

"WINSLOW-HOLBROOK SQUARE"

Rockland's Armistice Day Marked By Deserved Recognition Of Its World War Heroes.

Yesterday, Armistice Day, Rockland again honored the memory of its two sons who early made the supreme sacrifice in the World War. A marker was affixed to the monument at the junction of Main and Park streets, and that much traveled section will for all time be known as "Winslow-Holbrook Square," named for Arthur E. Winslow, who was killed in action; and Lieut. Albert D. Holbrook, who, mortally wounded, died in a German prison camp. As all local residents know Rockland's Post of the American Legion—number one in this State—is also named for these two heroes.

The speakers who were assigned the duty of presenting and receiving the memorial were escorted to Winslow-Holbrook Square by a procession which included the Rockland Band, the Rockland Boys' Band, Winslow-Holbrook Post and allied patriotic bodies (Grand Army, Sons of Veterans and Spanish War Veterans), a detail from the U. S. S. Kickapoo, Fire Department, Girl Scouts and school children. The absence of the city's one military body, Battery G, was not generally understood.

Major Ralph W. Brown, always of valuable service in that direction, acted as marshal, with Captain Francis Saville as aid.

The presentation of the memorial was by Mayor Carver, who, addressing the big throng, said:

"On our national calendar three days stand out above all others—July 4 celebrating the birth of our nation; May 30, which we devote to honoring the memory of those heroes of our Civil War whose devotion to their country made possible these United States; and Nov. 11, which we keep as the anniversary of the ending of the world's greatest conflict."

"The growth of this nation from the original thirteen Colonies to the great union in which we live today has been made possible by the heroism and self-sacrifice of its young men who flocked to the colors at every alarm."

"Among those who fell in this world conflict were the two boys to the memory of whom we are here today to pay tribute. These boys who gave their all that the march toward human liberty should go steadily on. It is fitting that this city should take proper recognition of its heroes and nothing could be more fitting than to name this square Winslow-Holbrook Square, that their names may always be before the eyes and on the tongues of its citizens to the honor of Winslow and Holbrook, and you their comrades whom they have left behind. And now I take great pleasure on behalf of the city in thus officially naming 'Winslow-Holbrook Square.'"

The response to the mayor's timely words was by Past Commander Edward C. Moran, Jr., who accepted the memorial in behalf of Winslow-Holbrook Post. His speech was a fine example of literary ability, in the delivery of which he was handicapped by a cold so severe that he was ordered to be immediately after the exercises. Mr. Moran's speech follows:

Winslow-Holbrook Post, No. 1, American Legion, gratefully accepts this Memorial as presented by the City of Rockland through His Honor, Mayor James F. Carver.

Nine years ago today the World War ended. We are still too close down. Trafton again made the point. Rockland pushed her way to another touchdown with Trafton making a 30-yard run for the score. The try for point failed. After this touchdown Coach Macomber began to relieve his mud coated regulars. Each of them was given a great hand when he trotted to the bench. When the fourth period was five minutes old not a Rockland man was on the field who had started the game, the regulars began right where the regulars had left off and with Wiggins, Wasgatt and Glover carrying the ball they made some good games.

In the final minutes play C. McDonough shot several long passes but the ball was so heavy by this time that they didn't carry the necessary distance. Clark knocked down several forwards and Ken Wiggins intercepted another. The game ended when Glover scooped up a fumble on his own 35-yard line. The summary: Rockland 26 Cheverus 0

Cheverus tried to punt but the pass from center was low and the ball slipped away from Napolitano with Parsons recovering for Rockland. Here the Rockland second team backfield was sent in by Coach Bill Macomber and they were forced to punt soon. The period ended with Cheverus in possession of the ball on their own 20-yard line.

to the greatest conflict of modern times analyze it historically; the historian of the future will separate facts from propaganda; he will consider purposes and results and ignore the blind partisanship and heated nationalism which now clouds our vision. Even with full understanding that a true analysis during our generation is undoubtedly impossible, nevertheless we can at least consider and express our individual opinions.

America did not enter the World War to repay its debt to Laysan by saving France in her hour of peril. America did not enter the war to avenge the wrong to Belgium, although that wrong did more to shape American public opinion against Germany than any other single event. America did not join the conflict out of sympathy with the aims of our fellow English speaking nation—Great Britain—although our feelings in that direction were very strong. Nor did we enter the war primarily to avenge the loss of American lives and property on the high seas, although that was the situation which fanned the flame. America's late entry into the conflict proves all this.

In the words of our War President, America entered the war to end war. That statement was accepted without question ten years ago. With the close of the war, however, a reaction as inevitable as it was disappointing occurred. Materialism replaced idealism. Materialism even told us that we entered the war "to save our own skins."

Today we reassess our idealism because we are proud of it. Idealism has carried America to ever soaring heights. Idealism made our country the Revolutionary War was a bitter, almost hopeless, struggle for an ideal. Idealism saved our country; the Civil War was a terrific four year struggle for the sake of our ideal. Idealism in 1898 carried our flag up San Juan. Idealism in 1917 brought our nation to a new consciousness. It made us realize that the Christian words "Peace on Earth, Good Will to Men" are an ideal and not an empty phrase.

Our martyred Rockland patriots—Winslow and Holbrook—did not give their very lives "to save their own skins." Their lives were sacrificed, as have been the lives of countless patriots with them and before them, for an ideal. They answered America's call to join the colors to do their magnificent share to purge our civilization of its greatest enemy, War. Whether we accomplished that ideal is immaterial; the cause was a Crusade, and they responded nobly.

Today, as we dedicate this Square in the names of those two brave Americans, let us do more than carry out an empty ceremony. Let us re-consecrate ourselves to that idealism which has made our country great. In the words of Lincoln, "Let us dedicate ourselves to the great task remaining before us; that from these honored dead we take increased devotion to that cause for which they here gave their last full measure of devotion." Let us take upon ourselves that hallowed, Christian cause, to do our share to make war forever impossible. Let us make their sacrifices everlastingly worth while by making their cause triumphant. In the words of Sir Alfred Noyes: "Make firm, O God, the peace our dead have won. For Polly shakes the tinsel on her head, and cries, Beware of Visions. While our dead still cry, it was for visions that we fell."

JUNIOR BOOK WEEK

Children Who Like Good Reading To Have Their Innings Nov. 13-19.

Children's Book Week will be observed at the Public Library from Nov. 13 to 19, inclusive, and under the direction of Miss Hazel Marshall who handles this branch of library service in an efficient manner, many interesting features will enter into the week's celebration, the object of which is to stress the importance of children owning books, of having their own library, and reading the right type of literature. Many new books for the juvenile department have recently been received and will be on exhibition; several of these are beautiful editions with fine cuts and illustrations in colors and artistically bound. There will be a display of posters by pupils of the High School, done under the supervision of Mrs. Carlton, teacher of drawing, especially for this occasion, and other appropriate pictures and posters. An interesting exhibit will be that featuring a book a year for the child, from the age of 3 to 15 years.

There will be two story-hour periods during the week, that on Friday evening at 6:45 for children from 9 to 14 years; and the other on Saturday morning at 10 o'clock for children from 4 to 8 years. The hour will be devoted to the usual story with games added for an extra attraction.

Thursday evening in the Congregational vestry a party will be given to the members of the Summer Reading Club. This club was formed to create an incentive in the child to read, and to do so a plan of travel by means of reading was drawn up. Each child chose a country to visit, and read all the books possible pertaining to that country. It was necessary for each child to tell briefly the story he or she had read, so the reading was done intelligently and consistently, and by means of maps and colored pins the child could see how fast his journey was progressing.

Some of the children read as many as 50 books during the summer season. Thursday evening's party is to be given for these children. Already invitations have been sent out, and in addition invitation is extended to the parents to be present also. The children are to come in costume, and the games played will pertain to travel as far as possible. The hours are 6:30 to 8.

Miss Marshall is a devoted student of the work in which she is engaged and will be glad at any time to recommend appropriate books for Christmas gifts or suggest titles that appeal to the various ages. The general invitation which is issued to the public to inspect the new books and other exhibits in the juvenile department during Book Week is open at all times.

"ON MY SET"

Another Rockland man, who signs himself Radio Fan, also logged 28 stations Wednesday night, going on the air at 8:45 and signing off at 1:30 a. m. Stations which he logged, and which I did not, were KMOX, WBNY, WCCO, WCFL, WENR, WGN and WMAC. Two of the stations appeared too far off their usual wave length and he has written the Boston Globe to learn the cause.

I am informed that House-Sherman, Inc., has installed an electric Freshman console for A. B. Allen.

The programs last night were very generally of a character appropriate to Armistice Day. I will venture to say that nobody failed to enjoy those war songs, now nine years old, but still possessing power to thrill.

AT ROTARY LUNCHEON

Rotary luncheon yesterday had for its speaker Rev. Fr. Flynn, who in recognition of the anniversary which the day celebrated took for his subject the lessons to be drawn from national holidays, which days, he said, should not be given over alone to sports and recreation. Patriotism was his theme. Loyalty to country, he declared, a thing recognized not by civilized and uncivilized peoples, is next to love of God the world's noblest possession. Ancient peoples observed it, Christ came and embodied it. The wars fought by this nation had all been characterized by the great principle. In the Great War our young men fought to make the world safe for democracy, now it is their business to make democracy safe for us. It is our duty to oppose a growing disrespect for authority, an evil greatly prevalent through various manifestations of anarchy; and also that other evil of today, intolerance. Speaking as an American citizen he believed every man should be granted the freedom of religious preference, which God decreed and which the Constitution of this country guarantees, safeguarding the future for all citizens. The admirable address, full of the sentiment of patriotism and touched with humor, was warmly applauded by the speaker's audience. Guests present were Roger Wolcott and Dr. Stephen Whitten of Hartford, Conn., and Capt. John Bernet.

WHY A GLENWOOD CAN BE INSTALLED IN YOUR HOME AT SO SMALL A COST. READ THIS—

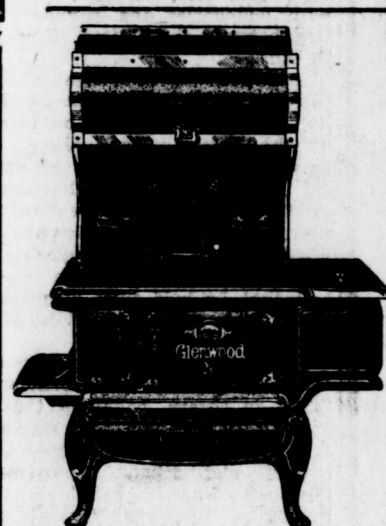

The Burpee Store is a part of the great Glenwood Range Co. It is the warehouse and distribution point for this part of Maine. Furnaces and Ranges are shipped to Rockland in carloads. A big storehouse (Atlantic Wharf) is used for furnaces, another storehouse on Florence street is used for Ranges. At No. 10 Winter street is still another storehouse for all the repair parts. In the basement of our store at 361 Main street is the beautiful GLENWOOD DISPLAY ROOM. Every range or furnace is sold at wholesale plus a charge for overhead expenses and the actual cost of installation. Workmen, trained in the Glenwood Foundry, are employed to deliver and set up every job. Every furnace and range is guaranteed by the Glenwood Range Co. CONSIDER THE SAVING. NO JOBBER'S PROFIT. NO EXPENSE BETWEEN THE FOUNDRY AND YOUR HOME EXCEPT THE COST OF FREIGHT AND HANDLING.

Glenwood Ruby Pipeless Furnace

Will heat the average 6 or 7-room house. It is very easy on coal, many reporting using only 5 tons of coal the entire winter. A furnace easy to run, and which with ordinary care will wear for many years.

TALK OF THE TOWN

The Ladies Auxiliary S. of V. will hold its fair at G. A. R. hall Wednesday.

Robert M. Packard is back on the job as foreman for the telephone company after an extended leave of absence on account of his health.

Rockland High (second team) is playing Augusta Y. M. C. A. at Community Park this afternoon. Your presence will help inspire the lads to do their best.

Florence Clark, the young trombonist, is to appear in solo work at the Baptist Church in Camden Sunday morning and at the First Baptist Church, Rockland, at the evening service.

The Knox County Ministerial Association holds its monthly meeting next Monday at the Baptist Church in Owl's Head. Rev. C. A. Knickerbocker will introduce a discussion on "Practical Problems."

Frank Thompson, day clerk at the Thorndike Hotel, has completed his annual vacation and is again handing the pen to the hotel guests. A visit to Dover, N. H., with Mrs. Thompson was one of his diversions.

Robert Fillmore has returned from Hollis where he has been visiting his sister, Mrs. Elita MacLean. He is now engaged in working for the Maine Institute for the Blind telling corn brooms, with the Maine Farmer's Almanac for 1928 as a sideline.

There will be a meeting of the Past Noble Grand Association at Odd Fellows hall next Wednesday afternoon. Picnic supper. Rockland members are to furnish the hearty food and visitors the sweet food. All members are invited.

Wilbur Abbott, who was arrested by the sheriff's department for breaking, entering and larceny on the premises of George Philbrook at Owl's Head, pleaded guilty in Municipal Court Thursday and was held in the sum of \$1000 for the January term of Superior Court. He was charged with having stolen \$200.

Wednesday at the Baptist Woman's Missionary Society (Mrs. Carl Cassens led in the absence of the president, Mrs. Evelyn Hix. Letters from missionaries in the foreign field were read. One from Miss E. Grace Bullard, Kayah, Nellore District, India, one from Rev. T. V. Witter, Podili, Ongole, South India, and another from Miss Charlotte A. Wright who is working in Tura, Assam. These letters from missionaries are highly entertaining, giving an idea of the work being done. They tell of the amusing happenings, as well, if not more often than the sad conditions of life in those countries with scarcely ever a word of their own personal hardships and loneliness.

Winslow-Holbrook Post scored another big success with its Amistote Ball in The Arcade last night. The large crowd and many dancers enjoyed the novelties, the music, and whether "tripping the light fantastic" or watching from the balcony, had a glorious time.

The missionary meeting of the Congregational society will be held next Tuesday afternoon at 3 o'clock with Miss Caroline Littlefield. Please note the change both in date and place of meeting. The reading of the book "The Christ of the Indian Road" will be continued. The meeting will be informal.

Mr. and Mrs. John Henderson, formerly of this city, are congratulating themselves that their home is located on high ground. They reside in Arlington, Vt., which, as some readers know, is in the Vermont flood zone. They suffered no losses, but write home that it was an unforgettable sight.

The Rockland Veteran Firemen's Association held its annual meeting last night and chose these officers: George C. Simmons, president; Van E. Russell, vice president; Charles M. Lawry, financial secretary and clerk; Harry W. French, treasurer; George W. Doak, foreman; George Wheeler, second foreman; George W. Wheeler, third assistant; Louis Hastings, third foreman; Burleigh C. Nash, director for two years.

Charged with keeping a noisy rooster, Willis I. Ayer faced a more or less dignified jury in Odd Fellows hall the other night, and in the end was forced to pay \$28.15. Hereafter he will probably content himself with his radio set, which may be just as noisy, but which is less expensive even when the batteries run down. The mock trial was listened to by a faithful audience, and was presided over by Charles E. Gregory. Tobias Smalley was sheriff, Judge Frank B. Miller was counsel for the plaintiff and County Attorney L. R. Campbell turned loose his eloquence in favor of the accused. J. A. Tolman requisitioned at the last moment as chaplain, endowed that position with wit and humor which it would not possess at other than a mock trial. The proceeds were divided between Miriam Rebekah Lodge and Rockland Encampment.

It looks like a big revival in girls' basketball this winter with three local teams in the field and interest at fever pitch. Miss Stevens has a High School team that is decidedly formidable in spite of the loss of several veteran players through graduation and removal. This sextette is led by Carol Flanagan, Mabel Pales, a recognized star and seasoned player, is captain of the Rockland Commercial College team with a large squad to pick from including last year's stars from Lincoln Academy, Rockland, Rockport, Camden and Vinalhaven High Schools. Last, but not to be ignored, come "Bill" Sullivan's Old Timers, a decrepit group of has-beens built around the venerable Pauline McLoon Rogers whose sturdy fighting spirit brought State championship to R. H. S. back in "the days of '21."

FIRST BAPTIST CHURCH

Deputy Collector H. W. Thorndike has resumed his post at the Custom House after a trip to Boston with Mrs. Thorndike.

The Methodist ladies netted about \$120 from their fair in spite of the very inclement weather. The supper was a very popular feature.

Francis Ripley and Clarence Lamson entered the employ of John Bird Co. this week, and Norman Davis and Lanscomb Miller will join the staff Monday.

A long hard run over slippery roads was the lot of the Central Fire crew which left at 11:15 Thursday night when a chimney fire developed in the home of Horatio D. Hall, West Meadow road. Only nominal damage resulted.

The Rockland merchant who got half-way to the distant smelting grounds and found that he had left his bait and gear behind, indulged in some figures of speech as he trudged back after those necessary articles. "Ross" is not usually that forgetful.

The 163rd annual session of the Methodist Conference will be held in Clark Memorial Church, Portland, April 11-16, according to information furnished by Rev. John Dunstan Thursday. Bishop Anderson of Boston will preside. Four ministerial and four lay delegates will be chosen for the General Conference, which will be held in Kansas City in May.

Captain William H. Clarke left for New York yesterday to be present at the annual Congress of the Salvation Army. The series of meetings in connection with the Congress will be conducted by Commander Evangeline Booth, who is the national leader of the organization in this country. The Commander will be welcomed home again from her recent visit to Europe in connection with the visit of the American Legion, which she addressed in France.

Class 26 will have a Rummage Sale at the Methodist vestry, Tuesday, Nov. 15.—adv.

THE BUTLER CLOCK

Many Queries Regarding the Time Piece Lead To Re-printing of Article.

The frequency with which queries are made relative to the striking, winding and lighting mechanism of Rockland's fine municipal clock makes advisable the reprinting of an article published in this paper shortly after the installation of the time piece in June 1926. It might be said in passing that through the year the clock has kept extremely accurate time with a minimum of attention and only nominal expense.

One of the provisions of the will of the late Capt. E. A. Butler set aside a sum of money for the installation of a striking, illuminated town clock, the sole restriction being that the site be selected and the bequest be accepted before a certain date. The conditions were met and the clock duly installed in the tower of the First Baptist Church on Main street where it commands the respectful admiration of tourists, citizens and visiting yachtsmen too, for it overlooks the harbor.

The clock itself was made by the E. Howard Clock Co. of Boston and comes fully guaranteed. It strikes hourly using a heavy hammer that strikes downward on the outside of the present Hooper bell of the church which weighs 2200 pounds. There is an arrangement on the striker which prevents accident in case the bell ever happens to be swinging when the clock strikes. This bell is of medium pitch and good volume, the only larger bell in the city being that of the Methodist Church. When struck by the exterior hammer the bell gives off an exceptionally clear, mellow tone.

The dials of the clock are located above the bell in the tower proper, being set in dormers especially built for the purpose. The faces themselves are 5 foot 6 inches in diameter of heavy ground plate glass which makes a good appearance day or night. The figures and hands are of cast iron and the whole is weather-proof. The inside is stippled, giving the clock face, its clear white effect.

The clock room or the place where the machinery is located, is one floor below the bell deck of the tower, thus securing the complete elimination of vibration. The works are connected by shafting with the hands in the tower, two floors above. The "works" make a compact machine standing six feet high in a heavy green painted iron frame. All the moving parts are made in the

finest manner possible, the wheels of the movement being of hard hammered clock bronze with accurately cut teeth and with arbors and pinions of the best open heart steel, cut, ground and polished. All bearings are of composition bronze so set as to be easily removable.

The escapement is the Graham dead beat pattern, universally acknowledged to be the best. The huge pendulum is 9 feet long and swings in the room below the clock room. The makers of the clock give an unconditional guarantee that it will keep correct time, run without a variation of more than thirty seconds a month. This is the year round, summer and winter, for the clock is not affected by temperature though it is situated in an unheated room. The rods which connect the clock with the hands are provided with expansion joints to take care of frost action.

The clock is self-winding and needs no manual attention week in and week out. The force which controls the striking hammer is gained through the dropping of a heavy weight. The weight reaches a certain point in its descent and strikes a trip switch which starts a small electric motor and winds the weight to the top where it is stopped by another trip switch. Safety devices are provided in each instance in case the switches fail to work. The time end operates in the same manner, entirely automatic. In case the power fails the clock would not be bothered until it ran down which would be about 24 hours. The power in all probability never will be off that long, but in case it is the clock may be wound by hand.

The lighting is automatic too, a switch which may be set like

an alarm clock causing the tower of the movement to come on at any hour near sundown and to go out at midnight or when desired. Each of the four faces in the tower is lighted by three 40 watt electric lamps and at night the glowing faces make an outstanding mark whether viewed from the harbor, from the extreme North end or from the western part of the city as Middle street hill. The mellow notes of the bell sounding through the reaches of the night bring to every citizen a feeling of pleasure and unconscious companionship that is good for the soul.

The donor of the splendid piece of civic property was ever looking toward the city's betterment. He took a great interest in the Rockland Public Library and it was largely through his untiring efforts that the present plant materialized and the R. P. L. gained the very high standing it has in State library circles.

For many years Capt. Butler had been interested in the matter of a town clock and had made a rather extensive study of the matter. In his will he made ample provision for the fulfilling of this wish of a lifetime and the carrying out of his wish was undertaken by a committee of City Fathers. It was suggested in the will that the clock be installed in the Court House tower but a careful survey of the situation with the County Commissioners proved that location impossible, structurally and otherwise, so the slightly tower of the First Baptist Church, home of Capt. Butler's forefathers, was selected. The title to the clock is vested in the city and it is maintained in whole by the same, the church trustees donating the use of the tower.

CONCRETE ROADS

Forty Foot Width Now Common In New York State.

Out in Montana horses of fair muscle and with the flush of youth still in their eyes are being sold to dog biscuit factories for two to five dollars a head. In New York state the construction of main highways to a width of 40 feet is not only being advocated but actually practiced, for in the last twelve months 35 miles of wide roads have been built or placed under construction.

That all main trunk lines be built to a minimum width of 30 feet, was the recommendation made by the New York state Automobile Association at its annual meeting held a short time ago in Rochester. The New York program already underway bears out the justification of this demand, which a quarter century ago would have been scoffed at, even as would have been the suggestion that range horses in the west be some day so valueless as to constitute a menace.

Conduit Boulevard, a 40-foot wide piece of concrete to extend for 16 miles from Rosedale to Amityville, Nassau county, New York, will indeed be a road worthy of the flood of modern motor cars that will soon pass over it. Saturday and Sunday traffic, of several times more volume than ordinary week day travel, sweeps along uninterrupted by turn-outs and accidents.

Not all communities, naturally, can expect to build luxurious paths 40 feet in width, nor is such construction always necessary. Yet throughout the land countless towns of small population are actually in need of wider rural outlets. The adequacy of a road is judged by its efficiency over the weekend.

The rug and carpet cleaning department of Peoples' Laundry has had a splendid business this fall. The work is promptly done and the rugs and carpets look exactly like new.

Mr. and Mrs. Lawrence Hahn and Mr. and Mrs. Weston Pettie and child have returned from Boston where the child received treatment at a hospital.

The supper and program of the Baptist ladies' church Wednesday evening had larger attendance than usual. Both supper and program gave good satisfaction. The housekeepers were Mrs. J. E. Creighton, Mrs. Louise Brown, Mrs. Ralph Ayers and Miss Christine Moore.

A large elm tree on the Knox place has been cut down. It was four feet across the stump, tall and with spreading top. It was one of the oldest trees in town.

The factory on the Knox lot is being built as fast as weather and the supply of lumber will permit. A foundation of cement piers is being put in east of the mill which was purchased of the Atlantic Coast Co.

The small house has been moved some distance to the eastward of its old site. The contractor has delayed the construction work.

Mrs. (Dr.) Boyer of Waterville is with her aunt, Miss Arline Bunker.

Funeral services of Emma Seavey, wife of Edward Seavey, who died Nov. 8, were held Friday afternoon at her late residence on Hyler street, Rev. J. L. Pinkerton of the Methodist Church officiating. The bearers were Alpheus Jones, Hollie Harrington, Hiram Libby and Horace Yose. There was a large attendance. Besides the husband, Mrs. Seavey is survived by a daughter, Mrs. Percy Hup of Port Clyde. She was the daughter of Farham and Harriet (Thompson) Stone of Cushing. Her birthplace was Monhegan Island. She had lived in Thomaston 41 years. As a housewife she was busily occupied with family cares. Sickness was not infrequent in her home. In the evening her time and strength were met with a willing and faithful spirit. She will be missed in the home.

Interesting Occasion

Malcolm Corner School, fourth grade, held a speaking contest Tuesday afternoon as follows:

Landing of the Pilgrim Fathers, Alice Clancy Pickett; Robert Robinson; The Telephone, Katherine Starrett; The Tour of a Smile, Christine Starrett; The Village Blacksmith, Grace Clancy.

The judges chose Christine Starrett and Harlan Spear to speak at the hall, Nov. 18. There were 40 visitors.

Katherine Starrett had invited more than any other pupil. Remarks were made by Mrs. Ralph Wentworth, Rev. and Mrs. C. D. Paul and Rev. and Mrs. H. M. Purinton. These exercises were preceded by four reading classes and a spelling match. Jennie Lampinen won in the fourth grade and Samuel Cullen in the third. Spear were tied winners in the third grade.

Education Week

The past week known as annual Education Week, has been simply, but very successfully observed at the High School. The practice of having special programs was discontinued this year, and the usual school work carried on in order that visitors might have the opportunity of seeing just what the students are doing.

However, the school has been favored with short addresses by visiting speakers and Wednesday morning there was an impressive flag-raising ceremony. The building has long been without a flag, so Gramma and High School pupils all contributed, and now a beautiful new banner flies from the staff. In observance of its raising, the students repeated the American Creed and the Pledge of Allegiance. The pupils also had the privilege of listening to a very inspiring address on "Courtesy and Dependability," by Supt. P. D. Howe.

Thursday morning Mrs. Ralph Wentworth spoke very interestingly on "Obedience," and brought a kind message from the school board. The perfect unity between the board and students is very gratifying.

Mrs. Willis Vinell furthered the Educational Week project by introducing many national songs into the music period. A number of parents and friends have visited school during the week, and their interest is greatly appreciated.

THIS WOMAN FOUND RELIEF

After Long Suffering by Taking Lydia E. Pinkham's Vegetable Compound

In a little town of the Middle West, was a discouraged woman. For four months she had been in such poor health that she could not stoop to put on her own shoes. Unable to do her work, unable to go out of doors or enjoy a friendly chat with her neighbors, life seemed dark indeed to Mrs. Daugherty.

Then one day, a booklet was left at her front door. Idly she turned the pages. Soon she was reading with quickened interest. The little booklet was filled with letters from women in conditions similar to hers who had found better health by taking Lydia E. Pinkham's Vegetable Compound.

"I began taking the Vegetable Compound," Mrs. Daugherty writes, "and after I took the third bottle, I found relief. I am on my eleventh bottle and I don't have that trouble any more, and feel like a different woman. I recommend the Vegetable Compound to everyone I see who has trouble like mine. I am willing to answer any letters from women asking about the Vegetable Compound."—Mrs. E. DAUGHERTY, 1305 Orchard Ave., Muscatine, Iowa.

One of the most enjoyable affairs in the history of the Universalist Mission Circle took place Wednesday, when Mrs. E. F. Glover entertained the members at her home on Claremont street. There were 22 members and one guest present, and through the kindness of Rev. C. A. Knickerbocker, E. F. Glover and others, several of the older members, such as Mrs. Holmes, Mrs. Perry, Mrs. Frohock, Mrs. Spear, were able to attend. Luncheon was served at 12:30, followed by sewing until 3 o'clock when the members listened to very interesting reports of the Hartford convention given by Mrs. Glover and Mrs. Knickerbocker, and an unique Japanese program arranged on lines suggested by the missionary, Miss Alice Hathaway. This program embraced the reading of Japanese legends, stories of the mission schools, singing of the Japanese national anthem and other music, the inspection of several Japanese articles such as shoes, silk, burlesque handkerchiefs, raw silk and cocoon, etc. Those taking part in the program were Mrs. Maude Blodgett, Mrs. Etta Stoddard, Miss Myrtle Herrick, Mrs. W. E. Morgan, Miss Alice Fuller, Mrs. E. F. Glover, Mrs. Mary Messer and Mrs. C. A. Knickerbocker. The next meeting will be a catchy tune about "Banana Bandit" and proceeded to hold up all present for a collection which, according to the usual method when bandits are holding forth was given over very willingly. The neat little sum of \$10.15 was netted from the entertainment alone.

The Congregational circle supper Wednesday found an unusually large attendance, and the entertainment which followed, given under the auspices of the entertainment and candy committee with Mrs. Ruth Whitehead in charge, was much enjoyed for the originality and cleverness displayed. The program opened with musical numbers by Sidney and Marian Carr, followed by an original song of puns at the expense of many members of the parish, given by Misses Virginia Snow, Corlie Thomas and Max Johnston. At present request the pantomime "The Murder in the Lighthouse" which was given a few years ago, was repeated, with this cast, Miss Margaret Snow, the lighthouse keeper; Miss Dorothy Snow, the wife; Miss Corlie Thomas, the "villain"; Miss Marian Norton, the neighbor, and Howard Atherton, the fisherman. The closing number was a duet by A. J. Bird and Henry B. Bird, who attempted to sing "My Bonnie Lies Over the Ocean," and who were immediately held up by three masked and fierce bandits who proved to be, when unmasking time came, William Rounds, Kennedy Crane, Jr., and Ted Lawrence. These bandits sang a catchy tune about "Banana Bandit" and proceeded to hold up all present for a collection which, according to the usual method when bandits are holding forth was given over very willingly. The neat little sum of \$10.15 was netted from the entertainment alone.

MRS. EUGENE STANTON
The community was saddened on Saturday, Nov. 5, by the death of Mrs. Susie Stanton at her home on the Old County road. Mrs. Stanton was born in North Haven, Aug. 2, 1878, daughter of the late Benjamin and Phoebe Caldwell, coming in 1890 with her parents to Rockland where she had since resided. In 1896 she was married to Eugene H. Stanton of South Thomaston who survives her, together with a son Harold and three grandchildren of Quincy, Mass.

Of a cheerful, loving disposition, ever looking for the comfort of others, few realized the seriousness of the trouble with which she was afflicted. Her home was her throne and to it her relatives and friends, both young and old, were always gladly welcomed. She was a good friend, a loving wife and mother and a devoted grandmother, greatly missed by all. Besides these relatives she is survived by three sisters, Mrs. Frank Beverage of North Haven, Mrs. George Carter of Rockland and Mrs. Harry Ring of Bath.

Funeral services were held at her late home Monday afternoon, conducted by Rev. E. M. Holman of Camden. The floral offerings were many and beautiful, silent testimonies of love and sympathy.

Sheldon's famous Rexall One Cent Sale comes next Thursday Friday, Saturday, Nov. 17, 18, 19. Don't miss it.—adv.

THE WOMAN SPECIAL
A Graphic Story of How B. P. W. Members Crossed the Continent.
Mrs. Ellen Libby Eastman, State president of the BPW clubs, gave a very interesting talk before the Rockland club at its monthly meeting. She expressed her pleasure at the splendid manner in which she had been entertained and her enjoyment of the bounteous supper. It was one of Mrs. Susie Davis' best and that is saying quite enough.

Mrs. Eastman gave a vivid description of the journey to the 9th National Federation Convention in Oakland, Calif. She told of the pluck and perseverance of the committee which approached the railroad officials asking for a special train from Maine to California, arranged and practically managed by women—in other words an "all-woman's" special to accommodate and transport 842 women across the continent. A special in three sections was provided, termed the Blue, the Green and the Red—with not a man in the party excepting the conductors and porters, and with the entire train practically at their command. It was called the "President's Special" as the BPW national president was one of the party, and the girls say Queen Marie was not in it with them for attention received all along the line.

The speaker stressed the prestige held by BPW clubs, especially in all the larger cities of the United States and Canada, and across the ocean, and that some day there will be an international as well as national federation. All along the route they were joined by members and wherever the train stopped, they were royally welcomed, being met by BPW girls and women and given a wonderful reception, hands playing, flags flying, the cars filled with flowers, loaves and fruit. When the stay was long enough to permit it, luncheon was served and there was a ride around the city, etc. A daily paper was issued each day while enroute.

In St. Louis a wonderful reception was provided. In Kansas City they were royally entertained, and upon reaching Santa Fe—where an all-day stop was made—it resembled a holiday carnival. The whole populace had turned out to meet and entertain the delegation. The people were in holiday dress, the band played all day in the square, the Indians came in from the Reservation in full regalia and gave some of their dances, escorting the visitors to the station where their ceremonial dance was given in honor of the departing guests.

Another interesting day was spent in Colorado Springs with wonderful greetings, automobiles in waiting to take them to Pike's Peak, and every attention paid them. The girls and women of the Southwest are capable of doing big things, and filled with the federation spirit put over some remarkable stunts.

Reaching Los Angeles the girls gave them a grand reception at the beautiful new clubhouse. A visit was made to Catalina Island, the wonderful new Chinese theatre was thrown

open to them. Mary Pickford entertained at her Hollywood studio, and trips were made to the beaches and around the city.

In Berkeley the same cordial welcome was bestowed. In Alameda a great stunt was undertaken and successfully carried out by the women of that city. Expecting to entertain at luncheon at a certain date they found the new hotel in which they were depending to accommodate the vast crowd was not nearing completion fast enough. They interviewed the builders, asking that the place might be ready for the date stated, and were told that it would be impossible! But the women said it must be done—and set their wits at work, insisting that extra help be put on and night work done if necessary. Consequently rooms were finished; temporary cement walks that had to be taken up the day after were laid; small trees that had to be removed the next day were set out; and potted plants and flowers were transplanted from other places and put down in the unoccupied flower beds, thus enabling the Community Hotel to extend a floral welcome, and the visitors were entertained in grand style.

The convention was a wonderful get-together and much good work was accomplished. When the federation was first established a \$12,000 debt stared it in the face. Reports at the convention said the debt had been wiped out and that there was several thousand dollars cash on hand, all raised by women of the country, and which will be used for the good of women in the best possible way. There is much need of vocational training among the young women of today, in fitting them for a better business life and some of the money will be devoted to that purpose.

Mrs. Eastman likened life to a garden, and urged all to do their very best with whatever kind of seed had fallen to them to plant. "If your neighbor raises roses and you raise cabbages," she said, "remember that you can enjoy his roses today and tomorrow he will be enjoying your cabbages."

Mrs. Eastman is a fluent and fascinating speaker, fully interested in the club work, and it was inspiring to listen to her and to realize what an asset and a power the BPW organization is throughout the land, with its 47,000 members.

THE REALM OF MUSIC

Gladys St. Clair Morgan

"Beauty and Spirit," already noted in this paper, a collection of poems by the late Beulah Sylvester Oxtun, should appeal to all who had the privilege to know that beautiful woman to avail themselves of a copy and read it from cover to cover, for therein is reflected the beauty of her character, her love for flowers and birds, keen intelligence, deeply religious nature, cheerful disposition, her altruistic spirit and zealous love of humanity. The poems are so lovely it would be difficult to choose the best. There are rare bits of description, thrilling combinations of words, eloquent phrasing and quaint humor. Many of the shorter ones are rarely lovely, for example, "Fog:"

The sea-winds are weaving wonderful webs
To deck the country-sides:
One they drape on the mountain top—
A veil on a stately bride.

And one, all soft and clinging folds
They trail the valley down:
This, with flowers about the hem,
Is the train of the wedding gown.

To those who knew the extreme suffering she passed through before death released the brave spirit this one, with the title "Pain," is eloquent:
A flood of flames that suffocate and sear,
The sting of stab of cruel, thrusting spear;
Hereic fight 'gainst overwhelming odds,
An echoed strain of jarring, minor chords.

A steep, hard trail where patient pilgrims climb,
The rack, the stake that martyrs make sublime,
The vigil in a garden of Gethsemane,
A crown of thorns, a cross on Calvary.

And a verse from "November":
The black boughs toss against the sky,
Dripping with rain and clinging dew,
The gray clouds lower and swathe the hills,
Where brooks flow gloomily at their feet.

No sun, no warmth, no tender glow
To cheer the earth where the brown leaves lie
Withered and trodden upon the sod—
No singing bird is a-wing in the sky.

And this striking verse from "Vesper":
The blue waves breaking along the sands
As the tide comes in and more,
Sing, as they fondle with tender hands,
The great rough cheeks of the shore.

The volume is divided into three books—Beauty and Spirit; Maine, the Sunrise Portrait; and America. Beloved. It is artistically bound, a satisfactory book to own or to present as a gift.

The many friends Mrs. Joyce Lehigh, dramatic soprano, made during her summer seasons at Crescent Beach, will be interested to know that she gave an evening of songs at the Union Avenue Junior high school, Rutherford, N. J., the evening of Nov. 3. She was assisted by a "cellist"—whose name in the clipping is not legible, but said to be an artist of enviable reputation and hailed as a "second Casals"—and by Walter Golde, reputed as one of the greatest accompanists in America.

Mrs. Lehigh began her musical career as a church singer in Central New York, later coming to New York City as a pupil of Maestro Vilnot and later of Walter Golde. She has broadcast from station WPG (Atlantic City) and has sung before the Federation of Women's Clubs and many other organizations. She has given to Rutherford one other recital with Harriet Ware which was a marked success, and the announcement of her second appearance was hailed as an opportunity to hear the best.

In a copy of the Brooklyn Eagle appears a picture of Miss Kitty McLaughlin who is appearing for two weeks at the Brooklyn Strand, the first in the observance of Gounod Week, when with two assisting artists she gave the prison scene from "Faust," and the second week (the present) singing Victor Herbert's magnificent "Ode to Freedom" assisted by a male chorus. Miss McLaughlin's picture was featured as "The New England Nightingale."

which to us who consider her beauty of voice like that of the nightingale in its sweetness and poignancy is apt characterization.

A letter from "A Friend" in Arlington, Mass., reads: You will no doubt enjoy looking at this concert program carried out by "The President's Own" (United States Marine Band). Three xylophone numbers were introduced. The vocal selection delighted the audience and "Semper Fidelis" was not omitted, of course. The band was extremely generous as to encores and altogether the evening (Nov. 3) was a most enjoyable one. Wish the music lovers of Rockland and vicinity could have the pleasure of a visit from the band during its present tour. I understand the band was paid \$400 for the two appearances, afternoon and evening, in Watertown; the evening audience was enthusiastic, but not as large as Knox County could furnish.

Among the programmed numbers I note Les Preludes by Liszt, the caprice "Elegance" by Edward Van Loock, Capriccio Espagnol by Rimsky-Korsakov, Gottschalk's "Pasequade" and Tchaikovsky's "Finale of the Fourth Symphony."

Let's bear in mind the evening of Nov. 20, when Dr. Charles Leach Gulick will give an organ recital of the First Baptist Church. Dr. Gulick is an organist of national reputation, playing with style and understanding and presenting discriminating programs. Rockland has so few opportunities to hear renowned organists that music lovers should make it a point to attend and greet this artist with a capacity house.

Pasquale Amato, famous Metropolitan Opera star, has been engaged by Warner Brothers to play the role of Napoleon in the screen version of "Glorious Betsy," starring Dolores Costello.

I read that John Philip Sousa would observe his 75th birthday on Nov. 6. The Observant Citizen of the Boston Post gives his age as 73. In any event the March King has our hearty and admiring congratulations.

In the spring Chicago sends her opera company to Boston and in the fall Boston reciprocates by sending the Symphony Orchestra to Chicago. The opening performance Nov. 3, proved a great success. Despite the fact that the opera season opened on the same night, the large hall was crowded and many were turned away. It was a brilliant triumph for Serge Koussevitsky and the orchestra which he has brought back to its former prestige. Chicago's enthusiasm was a pleasant tribute to a deservedly renowned orchestra.

The irony of life set forth in the brief announcement that Marceline, who has been one of the most famous clowns ever known, committed suicide Nov. 5. His full name was Orbes Marceline. He had appeared a number of seasons in the Hippodrome and with the Barnum-Bailey-Ringling circuses. His burlesques of life have upstartedly entertained untold thousands of people, and yet —

Mme. Ernestine Schumann-Heink sings to Boston her last farewell as a concert artist on the afternoon of Dec. 4.

Oscar L. Jones, a Portland youth of 19, is probably the youngest trumpeter who ever played with the Boston Symphony Orchestra, having joined that organization on Oct. 5 of this year. He is the son of Mr. and Mrs. Howard L. Jones of 25 Richardson street.

BUDGE PERKINS' GIRL

The school teacher stopped a moment to talk
With a freckle faced boy by the chopping block.
She had asked what Nate and Spike were yelling
And this is the story Budge was telling:

"Aw, the fellers all laughs and they said to me,
'Ole Jane White's your girl, ain't she?'
They can't understand why I chop her wood.
They think she pays me or else I'm good.
They laugh at the funny way she walks
And the way she sniffs when she talks.
I laughed at her once on the sly,
Just then Doc Gray comes a ridin' by.
Know him? He's old and kinder lame
But he's a good feller just the same.
He says 'Lo Budge!' and I kinder grin
And he stops his car and takes me in,
I don't know just how he happened to
But he began telling 'bout some folks he knew.
They sent for him cause a woman was sick.
Something would happen if he didn't come quick.
He was flat on his back with lumbago,
So he says to 'um 'Get Jane White—she'll go!
'Twas a awful night and a-dritin' snow,
They had to drive most terrible slow,
Then the horse just couldn't hawl the sleigh,
So Jane had to walk quite a piece of the way.
With rheumatiz like Jane's, I doubt
If most folks would 'uv started out.
But she got there in time and she kept her head,
And saved two lives, so Doc Gray said.
And when she got 'em fixed up good
She up and fainted where she stood.

She was awful sick, they thought she'd die,
Rheumatic fever, 'twas;
And that, he says, is the reason why
She walks the way she does.
I don't laugh now, but I ain't told Nate,
Nor Spike, nor Charley Vaughn,
But Jane, she knows I 'preciate
Her helpin' me git born."

VOYAGING AROUND THE WORLD

Of Jugo Slavia

Our shore trip to Ragusa (now called Dubrovnik) in Jugo Slavia was such a marvelous surprise. At the foot of a steep mountain, with typical Mediterranean flora (cypress trees, olives, palms, etc.) lay this charming little medieval town. It curved out into the water to enclose the cutest tiny harbor imaginable with great forts and city walls about it. The walls were real ones—square, solid, thick walls, castellated. The walls were still intact as in centuries past, with ramparts and moats and draw-bridges. The town within the walls lay on two hills with a valley, its main street, between K— and I rambled up and down the narrow old streets with the old, old houses, quaint roofs, tiny windows in rich pastel colored walls.

At each city gate, east and west, were monasteries, with such beautiful cloisters, quiet, secluded, with plants and orange trees, heavily laden with luscious fruit, chapels, et al. You looked down upon them from the great walls. There were Byzantine churches and a market place with many domes. It had been a saint's day before we reached there, and green garlands and red, white and blue banners and bunting had been left up about the churches, the city gates and along the main street. In the market place we saw some peasant men and women in from the country in their embroidered and hand manufactured clothing—shoes of curious make, hand done, coarse bright colored woven bags to carry purchases in, etc. The bright kerchiefs on their heads were the only articles not self-made. Such good-looking strong buxom girls! We went into the tiniest cafe by the square to get warmed up and some peasants came in. Some of the women wore beautiful headresses.

We just avoided the Ryndam bunch and had a good meal of bread and cheese and beer, in a little cafe, and then after exploring more walls, etc., took a long walk along the miniature Riviera outside the city walls. We came to a fascinating old deserted convent by the sea. Its setting of pine and cypress, cactus and olive trees, its quaint walled garden and gently murmuring sea front, made it an ideal place of dreams. How I longed to spend months in one of its sun-flooded chambers. There were lovely villas and their Italian gardens, wall enclosed, and we passed on that walk, and we were happy with the beauty of it all, trying to forget the strife of years, yes, centuries, that has made that country an evil place to live in. Taken all in all, it was an ideal day.

Venice
Then, before we knew it, there we were in Venice! The weather here was gorgeous, cold and sunny. It was choppy out at sea and the pilot had a hard time getting to us. We were delayed getting over the bar and into the lagoons, but oh, it was lovely. Slowly we came into view of all the wonderful things we had read about and had seen in pictures. We anchored right at the entrance of the Grand Canal. There were two plague suspects on the ship, members of the crew, so we were not allowed ashore until it was ascertained that everything was O. K., about 9.00 p. m. But I did not regret those sunny hours with brown and red winged sail boats floating by, two cross-rigged vessels in dock, many alluring gondolas on the water ways, and the Bridge of Sighs, the Doges Palace, St. Mark's and its Campanile in full view.

I was ready to get off with the rest, and K—, who has been in Venice before, took E—, D— and me through the town on foot. Oh, it is

THE PRISON SHIRTS

Manufacturers Oppose Competition But Get It In the Other States.

Garment making by prisoners does not tend to develop them as citizens nor fit them to work when they get out of prison; the State receives only small benefits from prison labor of this kind; the contracting manufacturer who is outside of Maine, who pays the State no taxes and does it no good, benefits largely; the local manufacturers whose labor costs are more than twice as much, are injured by competition with prison made goods.

The case for the manufacturers was conducted by Rufus Stone of the M. C. Stone Company, Lewiston. He contended that competition between free and prison labor is wrong in principle and that the success of the new contract will depend wholly on the fact that the prison commission will be obliged to put out the shirts in violation of the statutes relating to prison laboring and to the employment of not more than 20 per cent of the prisoners on any one industry at one time.

Answering a question by Chairman Henry H. Hastings of the prison commission whether there is any law preventing the shipping of prison made goods from other states into Maine, Mr. Stone said he was not aware of any.

"And they are shipped in from Rhode Island, Connecticut and elsewhere, are they not?" asked Mr. Hastings.

"Yes."

"So that you are in competition now with prison made shirts?"

"Yes," replied Mr. Stone and added that the manufacturers oppose not only the Maine contract but all prison garment making anywhere in open competition.

Lynwood B. Thompson of the Thompson Manufacturing Company of Bethel said that his firm until about six years ago made and distributed to Maine retailers a large quantity of work shirts; that they came to a point where the retailers could buy them made by prison labor at less than his firm could manufacture them for, and that finally his firm had to give up that class of work.

He added that the National Association of Garment Manufacturers has been fighting prison labor for years.

Edward W. Bridgman, representing the city of Bath where there are two shirt factories, said there would be slight objection to the prison contract if the work was done according to the statutes governing prison labor, but that it was unfair and unjust to have the convicts in direct competition with private manufacturers.

Howard Woodside of Portland entered the protest of the Maine Federation of Labor, saying that all prison made goods push down the wage of free labor and that the workers must be well paid in order for the State to be prosperous. In reply to a question from Governor Brewster, Mr. Woodside said the Federation and also the Garment Manufacturers' Association have endorsed the principle of prison manufacture of goods for the use of State institutions.

Frank Smith of the Hathaway Shirt Company, Waterville, said that prison labor on shirts would earn at the most a dollar a day but that he couldn't ask his help to do that and eat. If he could get labor as cheap as prison labor he could compete and live, he said.

J. M. Chrysler of the J. M. Chrysler Company of Boston, distributors, said his firm had found Maine made shirts very satisfactory and that though he had been approached to buy prison made ones, he did not care to do so. He added however, that the competition under which retailers could buy prison made goods for \$2 a dozen less than other goods, is disastrous.

Gov. Brewster called attention of the manufacturers to a portion of the statute which says that the provision prohibiting the employment of more than 20 per cent of the prisoners in one industry, shall not apply to classes of goods not made prior to 1888. The manufacturers asked for time to gather data on that point and for opportunity to present it, which was granted.

"ELECTION HORRORS"
Emily Marks, Republican candidate for the assembly in the ninth New York district, arriving at her voting place said she had distributed over 50 pounds of candy during the morning. The candy, she explained, was the woman's equivalent for the man politician's cigars.

So ends Venice. For I left with a young Mrs. L— and one of the boys for Ravenna and Florence. I missed K— awfully, but she wanted to save her money for elsewhere, and she knows Italy well.

The trip to Ravenna was not interesting and I was rather disappointed in the things we saw the first afternoon. Dante's tomb is awful. Ravenna itself is not picturesque. But two very old churches and the mosaics seen the next morning and the old ruins of 400 A. D., etc., were well worth the stop-over.

Tomorrow I go to Assisi, with some of the boys who also got away, and then to Naples.

THE UPPER BRIDGE DECK

Before the coat of asphalt was put on the Kennebec bridge the entire vehicular deck was carefully swept by men with coarse brooms. Then there was applied a heavy coating of what appeared to be an asphaltic oil. This was rubbed into the concrete base by means of large mops. This priming coat is to act as a sort of filler for the concrete to prevent any leakage from the roadway's asphalt top.

SENATORIAL AMBITIONS
From several sources very close to Gov. Brewster it is learned that the Governor plans to make formal announcement that he will be a candidate for the Republican nomination for United States Senator at the June primaries, probably inside of two weeks. The Governor has con-

fided to a number of his friends that he proposes to delay his announcement but a very short time longer and his reopening of his attacks on Senator Hale is regarded as preliminary to his proclaiming himself a candidate to succeed the present senator.—Press Herald.
