Grange Days in Ellsworth.

The local committee having in charge the arrangements for the grange field days in Ellsworth Oct. 5 and 6 will this week send out invitations to the granges throughout the county.

The program will be substantially the same as that which proved so successful last year, with several new and important features added, chief of which will be an agricultural exhibit, and an illuminated parade.

On the first day there will be band concerts, the grange parade, addresses by State speakers and others, and a reception in the evening, to which no admission will be charged. The program contest will take place the second day, and the illuminated parade and ball in the evening.

Prizes will be offered for the grange having the largest proportion of its members in line on the first day, and for the grange furnishing the best program. A cash prize of \$25 will be offered for the best general collection of agricultural products, and it is probable that prizes will be offered by merchants for individual exhibits.

All the meetings will be open to the public, one of the great objects of these grange field days being to bring the grangers in close touch with the public, that non-grangers may know something of the great work which the grange is doing.

Fish and Game Regulations.

Announcement has been made at the fish and game department at Augusta that the following decisions have been rendered by the commissioners on petitions from residents of Hancock county:

Petition of L. B. Joyce and seventy-four others, citizens of Swan's Island, asking for a five-year close time on deer on the island, from Oct. 1, 1910. Voted to grant the prayer of the petitioners for a period of four years.

Petition of Simon Bunker and four others, residents of Sullivan, asking that Big Tunk pond and Little Tunk ponds be closed to ice fishing for five years. Voted to close Little Tunk pond to ice fishing for a period of four years.

Stonington Church Damaged by Fire.

STONINGTON, Aug. 16 (special)—Fire broke out in the Congregational church here this morning, and though the building was saved by the prompt action of the fire company, the inside is a complete wreck. Nothing of the contents was saved. A small insurance, \$500, is all that was carried.

The summer home of John L. Goss is near, but was well wet down so did not catch. The fire occurred about 4 o'clock this morning, and no cause is known, as no one had been in the building since Sunday.

LAWN PARTY.

Rebekahs Plan Program for Afternoon and Evening.

Plans for the lawn party to be given under the auspices of Nokomis Rebekah lodge at the home of John P. Eldridge and wife have been enlarged upon, and to allow more time for preparation, the date has been changed from Aug. 19, as first announced, to Monday, Aug. 22 afternoon and evening.

In the afternoon at 4, tea will be served, ladies of the lodge presiding at several tables, and being assisted in serving by the younger girls. There will be music in the afternoon.

In the evening at 8 a short farce, "A Straw Man," by Edward Arbon, will be presented, with the following cast of characters:

Rita Richards, a live girl. Miss Bernice Eldridge
Florence Clayton, her guest. Miss Helen E. Bonsey
Tom Tracy, a guest of Rita's. Edward M. Downey
Dennis, the gardener. Walter J. Clark, jr
Gaston Morrell, engaged to Rita. Roy C. Haines

The decorations will be simple but effective, consisting of large flags, colored lights and Japanese lanterns. Mysterious packages, cooked food, ice-cream and cake, and home-made confectionery will be for sale, and a guess cake will furnish opportunity for guessing skill.

The patronesses of the occasion are Mesdames F. L. Mason, F. H. Osgood, Harvard C. Jordan, H. B. Estey, F. O. Silsby, R. B. Holmes, A. M. Foster, David Friend, C. H. Leland, F. R. Moore, C. L. BLUEHILL FAIR.

PLANS FOR THE EXHIBITION AT MOUNTAIN PARK.

PREMIUM LIST AND INFORMATION FOR EXHIBITORS ISSUED BY HANCOCK COUNTY AGRICULTURAL SOCIETY.

The annual fair and cattle show of the Hancock county agricultural society will be held at Mountain park, Bluehill, Tuesday, Wednesday and Thursday, Sept. 6, 7 and 8.

The officers of the society are F. F. Merrill, president; F. H. Allen, vice-president; Max R. Hinckley, treasurer; C. S. Snowman, secretary; W. J. Creamer, G. A. Morse, J. M. Snow, A. C. Osgood, W. B. Hinckley, directors.

IMPORTANT TO EXHIBITORS.

For any information concerning the fair, address the Secretary, C. S. Snowman, Bluehill, Maine.

Entry book for exhibitors will be opened with the secretary after September 5, 1910.

All entries for the trotting races must be made on or before September 1, 1910, as the entries for those classes will positively close on that date at 11 p. m.

Entries for the draft contests must be made at least one hour before the time for such contests to take place.

Entries for all articles, stock, manufactures, produce, etc., must be made before 12 m. Tuesday, September 6, and all persons contemplating making an exhibition of any kind are requested to give notice of such intention as early as possible, naming articles, etc., to be exhibited, space required, etc.

Promptness on the part of the exhibitors will save much annoyance and delay, and will be greatly appreciated by the management.

No entrance fee will be charged on exhibits of any kind made by residents of Hancock county. A limited amount of space will be reserved for exhibitors outside of the county, at reasonable rates, but no premium will be awarded to such exhibits.

Plenty of stalls and pens will be furnished for horses, cattle, sheep and swine, but exhibitors will please notify the secretary early of space required, so that ample accommodations may be furnished in time.

Plenty of water on the grounds to supply the stock in the driest time, and for all other purposes for which water is needed.

GENERAL REGULATIONS.

All articles exhibited for premiums should be on the grounds Monday evening, Sept. 5, and nothing will be received later than 12 m. Tuesday, Sept. 6.

Entries for articles and stock to be made on Monday, Sept. 5, and positively not later than 12 m. Tuesday, Sept. 6. Entries should be made with the secretary, C. S. Snowman, Bluehill, Maine. Cattle not drawing premiums, driven over five miles, will be entitled to a mileage of five cents per mile, distance to be reckoned one way.

Stock to be on the grounds by 9 a. m. the first day. Stock will be judged at 9 o'clock on the second day. Each person owning stock must be on hand to bring his animals out in judges' ring.

Specimens of agricultural products must be thoroughly cleaned and in boxes, tubs and baskets, and have a suitable place to be numbered by the secretary or superintendent of the department.

No premiums will be paid except on articles raised or manufactured, and animals owned and kept, within the limits of Hancock county.

Judges examining animals and articles are requested to report their awards to the secretary before 11 a. m. of the second day, and to him only until after the award of premiums is published.

No person who is an exhibitor can act as judge on the class in which he exhibits.

No premium or mileage will be paid on articles or performance unless adjudged worthy by the judges, although there is no competition.

Gratuities will be paid on articles of merit, farm stock and manufactures not included in the premium list, if recommended by the judges and approved by the directors.

Premiums will not be paid to exhibitors until two weeks after the fair. If the society should not receive money enough to pay premiums to exhibitors in full, they will be paid proportionately, according to what the society may receive.

Premiums will be forfeited if not called for before January 1, 1911.

Every animal or article entered for premium must be owned by the person entering it, or his family, and all products of the farm, dairy, orchard, garden, house or shop must be entered by the producer or his special agent, and must be finished and complete.

All farm and garden products must have been produced or harvested the present year, and only one exhibit of every variety from the same planting or crop can be entered for premiums in its class.

Exhibitors, when requested by the secretary or superintendent of departments, are expected to make verbal or written statements concerning their contributions; refusal to comply with such request may bar the exhibit from premium.

Awards will in no case be made

when the exhibit is deemed (by the judges) to be unworthy of the premium.

When there is but one competitor in a class, the judges may award the first premium, if meritorious, but if not worthy of receiving the first premium, and if, in the opinion of the judges, the animal or article may be worthy of the second premium, then the judges must award only the second premium.

The managers will take every precaution for the safe keeping of animals and articles after arrival and arrangement for exhibition, but the association will not be responsible for any loss or damage that may occur. Exhibitors must give personal attention to their animals and articles, and at the close of the fair attend to their removal.

The association offers a liberal reward for the arrest and conviction of any person or persons apprehended in committing any malicious mischief or removing or purloining any articles left with the association for exhibition or otherwise.

No person shall be permitted in the judging rings except the judges, groomers or persons in charge of the animals, officers of the association and members of the press.

Stock, etc., will be marked with tags furnished by the secretary, designating the division and number of entry, and during the entire fair they must be placed entirely under the control of the officers of the association, and must in no case be removed before the close of the fair, without special permission.

Gambling devices of all kinds, and all selling of liquor upon the grounds, are strictly prohibited, and any person observing any infraction of the above rule will confer a favor by reporting the same to the secretary or general superintendent at once.

No intoxicated person or persons shall be allowed upon the grounds, and any person or persons guilty of any disorderly conduct shall be immediately expelled therefrom.

Authentic pedigrees of blood stock of all kinds will be required, which must be filed with the secretary at time of entry. No animal will be allowed a premium unless sound.

GRATUITIES.

Owing to the lack of time and other causes, doubtless many articles of value and interest manufactured and grown in this county have been overlooked in the enumeration of the following premium list.

It is earnestly hoped that all persons having such articles of any kind will kindly bring them in, and they will be awarded space for exhibition same as listed articles, and if, in the opinion of the judges and directors, such articles are entitled to a premium, gratuities will be awarded.

Any person having novelties of any kind that would prove instructive or interesting will confer a favor on the society by presenting them for exhibition.

At the last legislature a law was passed warning all agricultural societies not to pay any premiums on grade males, and in committing any society should not comply with this law it would lose its State stipend, which means a lot to these societies. Therefore, there will be no premiums paid on grade males.

COUNTY GOSSIP.

The warships arrived at Bar Harbor yesterday. The few straggling lobsters at Tupper's ledge won't be disturbed this year.

The scarcity of blueberries and raspberries this season is attributed to late spring frosts. But this does not account for the scarcity and high price of lobsters.

Hancock county furnished much of the stone for the Pilgrim's monument at Provincetown, Mass., recently dedicated. The stone was from the quarry of John L. Goss at Crotch island, Stonington.

The aeroplanes may soon be skimming over Hancock county. The organization of the Aero club of Maine is now under way in Bar Harbor. The stockholders are prominent summer residents, who are much interested in aviation, and who are determined to bring the new sport to Maine. It was hoped to have a meet this year, but arrangements could not be completed. There will be a meet next year.

Mrs. Edward B. McLean's mother, Mrs. Thomas F. Walsh, widow of Thomas F. Walsh, of Nevada, multi-millionaire mine owner and capitalist, while visiting her son-in-law at Bar Harbor early this summer, became ill. One day she said if she could gain sufficient strength to endure the journey to Nevada, where she could see the sheep feeding on the ranch, she thought she could get well. Her wish came to the ears of her son-in-law, Mr. McLean, who at once telegraphed an order to have an entire flock of registered Shropshire sheep shipped by fast express from Nevada to Bar Harbor, and one morning when Mrs. Walsh awoke from sleep and looked out of the window upon the broad lawn, there were her sheep come all the way from her western home to gratify the wish which she had spoken.

FAMOUS ARMY NURSE DEAD.

Florence Nightingale Passes Away at Her Home in London.

Florence Nightingale, the famous nurse of the Crimean war and the only woman who ever received the Order of Merit, died Saturday at her London home, aged ninety years.

Florence Nightingale was born May 12, 1820. She was the first woman to follow a modern army into battle as a nurse, and in the Crimean war she gained the title of "The Angel of the Crimea". She studied nursing under the Protestant Sisters of Mercy at Kaiserwerth, Germany, and returned to England when the Crimean war broke out. She organized a corps of volunteer nurses whom she led into the field, and was especially celebrated for her noble services at Scutari.

At the close of the war she was enabled by a testimonial fund amounting to \$250,000 to found an institution for training of nurses—the Nightingale home at St. Thomas hospital. She was also the means of calling attention to the unsanitary conditions in camp hospitals. In 1908 she received the freedom of the city of London. King Edward bestowed upon her the Order of Merit, the most exclusive distinction within the gift of the British sovereign. The membership of the order is limited to twenty-four and it includes such men as Lord Roberts, Lord Wellesley, Field Marshal Kitchener, James Bryce, Prince Yamagata and Admiral Togo.

MYSTERY OF THE SEA.

Explanation of Abandonment of Bark Invernesshire.

The widely published tale of the finding of the bark Invernesshire at anchor off the Falkland Islands, with everything snug and trim, no marks of disaster but entirely abandoned, has been partially explained by the following letters to the press by the owners of the vessel, Thomas Law & Co., of Glasgow, Scotland:

On June 14 this year the ship was abandoned off the Sea Lion islands, south of the Falkland Islands. Ten of the crew were down with sickness. Owing to heavy weather, no reckoning had been obtained for fourteen days. The ship was unworkable. As she was on a lee shore Capt. Fleet evidently considered the only thing to do was to abandon the ship. He anchored her, and stood by for twenty-four hours.

Evidently thinking his ship was on the point of breaking up, he landed his crew on the Fanny Islands and wired to Port Stanley for a tug. The Falkland Island agent in Port Stanley writes us that at about that date a shepherd at one of their outlying stations, sighted the ship and communicated with Port Stanley, and a tug was sent which found the ship and towed her in. She arrived at Port Stanley undamaged on July 1.

The Pacific Mail Liner Orpessa on passage from Punta Arenas, apparently also sighted the ship. We know none of the details supplied by Capt. Mancho, as we have so far had no letters or information beyond cables, and in fact can only presume the reason that actually caused abandonment.

Hancock Unitarian Conference.

The nineteenth annual session of the Hancock county conference of Unitarian and other Christian churches will be held at Prospect Harbor this evening, and continue through to-morrow morning and afternoon.

It is expected that ex-President Eliot, of Harvard, Rev. Francis G. Peabody, D. D., of Harvard, Rev. Charles F. Dole, D. D., of Jamaica Plain, Mass., and other noted Unitarian clergymen and laymen, will take part in the conference.

In accordance with the established custom of the conference, those who attend only on Thursday should bring a basket luncheon. The society in Prospect Harbor will provide tea and coffee. Those going Wednesday will be entertained over night.

The Maine Central railroad will sell special excursion tickets at a fare and a third for the round trip from Mt. Desert Ferry Aug. 17 and 18, good for return until Aug. 19.

The regular boat will leave Mt. Desert Ferry at 7.35 a. m. Upon the arrival of this boat on Thursday morning a special boat will leave Bar Harbor, Connors Bros.' wharf, for Prospect Harbor, returning in the late afternoon.

To Enforce Motor Boat Law.

According to instructions received this week from the department of labor and commerce at Washington, D. C., the enforcement of the new motor boat law, recently enacted by Congress, which went into effect July 9, is to be begun immediately. All motor boat owners, unless their craft are already equipped according to the provisions of the new law, should speedily see to it that they have the proper equipment; otherwise they may be prosecuted and fined.

Although the new motor boat law went into effect July 9, collectors of customs have not been able to commence the enforcement of it owing to lack of funds. A few days ago, however, the treasury department notified them that they could draw for all necessary expenses, and the law was passed along to see that the law was enforced.

Judge Bailey, of Bangor, Dead. Charles A. Bailey, former judge of the Bangor municipal court and one of the leading members of the Penobscot county bar for many years, died Friday, at the age of seventy-two years.

Judge Bailey left his studies at Bates to enlist in the Civil war, and on conclusion of the war, graduated from the Albany law school. Settling in Old Town, he held various offices and for some years was agent of the Penobscot tribe of Indians.

He came to Bangor in 1881 and formed a law partnership with Hon. Daniel F. Davis, who had just finished his term as governor of Maine. He later served as county attorney. He was recognized as one of the best legal authorities in the State, and on two occasions was prominently mentioned for the supreme bench.

Correspondence.

Choral Society's Concert. BLUEHILL, AUG. 15, 1910. To the Editor of The American:

You ask me to give you some of my impressions at the concert of the Bluehill choral society last Friday evening. The choir shall prevail in my comment—the *les loci* or the *les forma*? Shall I set up the standard of New York or the standard of Bluehill? I know the former from an experience of thirty years. I do not know the standard of Bluehill, unless it be that established by the musical members of its summer colony at the concerts given for several years past for the benefit of the road improvement fund. If so, it is a standard which is certainly unique—not only in Maine and its summers, but in all the towns and cities of the country outside of the recognized music centers.

I should be most pleased to think of last Friday's concert in connection with the road concerts of which they are an outgrowth. The steps are easy to follow: If we had not Mr. Kneisel in our community we should not have Mr. Bostelmann nor the young violin virtuosi who come with him every summer to Bluehill to continue their studies. Mr. Bostelmann called the choral society into being; the young violin virtuosi (and other teachers and students from the Institute of Musical Art in New York) have provided the instrumental elements for the concerts, and the result, as we saw last Friday, was an entertainment of which any city in Maine, or any other state for that matter, might have been proud at any time—never mind the summer!

To me the most interesting demonstration of the evening was the singing of the chorus. It was much better than at the concert of last year—better in quality of tone; better in precision; better in balance between the voices; better in enunciation of the text. But more significant than the improvement in the chorus's singing was the fact that it had been kept at work during the winter months; a cause of which the improvement in the singing was no doubt an effect. If you want to know the extent of a community's love for music you can generally find it by listening to the singing of its chorus—in the churches and concert-rooms; and it pleased me to think that Bluehill is acquiring not only a love for good music but also an appreciation of it. The chorus's performance of Piniotti's "Crusaders" and "Good-night, Beloved" and the Soldiers' chorus from "Faust" was convincing testimony, while its own demonstration of gratitude at the close toward Mr. Bostelmann and the conductor, who had kept them together during the winter months, was a proof of the enthusiastic interest in the work which has been awakened in it.

Of the solo numbers the finest was Master Gardner's performance of the violin fantasia, "Souvenir de Moscow" by Wieniawski; it is a show piece for virtuosi of the highest rank and Mr. Kneisel's pupil played it with a musical maturity and finish of style. I have seldom heard the variation in harmonics on the old Russian folk-melody "The Red Sarafan" played more clearly by seasoned artists.

Thoroughly delightful, also, was Moszkowski's Suite for pianoforte, and two violins played by Miss Altman, and Masters Gardner and Jacobson.

Songs were sung by Mrs. Walsh, whose fine, pure soprano voice was much more effective in her song than in the two ambitious waltz, and Mr. Mayo, for whom I wish more of that quality which artists call temperament, for his voice is pleasing and he has a nice sense of intonation.

That all of the musicians of the summer colony do not belong to the professional coterie at Parker Point was proved by the fact that the chorus's accompaniments were played by Mr. Benjamin Curtis, a cottager across the bay.

Sincerely yours, H. E. KREBIEL.

P. S.—It occurs to me that I have neglected to say that the conductor who was made to feel the chorus's gratitude for the work done during the winter was Mr. Rollins, of Ellsworth.

BROOK TROUT.

Characteristics of this Popular Game Fish.

(By Charles G. Atkins, superintendent of Craig Brook fish hatchery, Orland.)

There are trout and trout. No less than nine distinct species in twenty-eight varieties, are known as trout among the fishes of North America. There are, for instance, the great lake trout, the rainbow trout, the dolly-varden trout, the Sunapee trout and so on; and in Europe and Asia there are many other species. But at the head of them all, in beauty and quality and renown, stands the speckled brook trout of North America.

This is the trout that inhabits every cool brook in Maine, and nearly or quite all the deep and cool ponds and lakes. In the brooks it is generally a diminutive creature, weighing only a few ounces; in the lakes it is a fish of pounds, but it is the same species in both cases, known to the ichthyologist as *Salvelinus fontinalis*—that is, the trout (or "charr") of the fountains. This name "charr" is one that our brook trout has escaped by some sort of accident; for those trout of the old world which are most closely related to it in structure are not called "trout" at all, but "charr" and some of the old world writers who are fussy about names, insist that our fish should be called only the "American charr."

But what is in a name? To us this favorite fish has always been a trout; and trout it shall remain, whether we catch it in a little brook or in Patten's pond or Moosehead lake; and when anyone brings us a laker from Moosehead and calls it a "trout" we will say "togue"—better call it a "togue," and keep the name "trout" for our speckled friend.

A trout begins life in a little, round, half-transparent, pale, yellowish egg, about an eighth of an inch in diameter, the shell of which is flexible and elastic like India rubber. These eggs are deposited by the mother fish in autumn, in heaps of gravel in rapid brooks and left to their fate. When they have lain there hidden for some weeks, say about Christmas, if we should get one out and examine it we should find it tenanted by a minute fish, with two immense staring black eyes, a slender body coiled up around the yolk, a pulsating heart, veins and arteries through which courses red blood.

Life has begun, but not until spring does the little fish break the shell and begin to breathe. Some time in May he begins to feed, eating the tiniest water animals. When first born he weighs perhaps a couple of grains. With such immense rapidity does he grow, if conditions are favorable, that in six months the two grains have become one or two hundred grains, and in three years he weighs from one to several pounds, that is, from four to ten thousand times the weight with which he started in life. If we humans grew like that we should get to weigh twenty tons apiece before we were old enough to go to school.

Trout appear to be able to adapt themselves to their environments remarkably well, growing slowly and remaining always small fish in very close quarters, in a very small brook, for instance, and where food is scanty, but in deep and roomy waters, with abundant food, growing to very large size. Perhaps it is in the Rangeley lakes that they reach the greatest weight. The writer once saw the catch of an afternoon fishing-party at the Rangeleys laid out side by side on a table, and there was a trout for every half pound up to eight pounds. Larger fish than this have, however, been caught in those waters; there are well-attested instances of eleven-pound trout, and perhaps larger.

The brook trout is a favorite subject of artificial propagation and rearing. The United States fish commission distributed 5,000,000 of various ages during a single year. In southeastern Massachusetts there are several fish-farms devoted to the growing of trout for market. Spring brooks are transformed into ponds where many thousands of trout are fed by hand on chopped meat, chopped fish, etc., on such a scale that the product marketed amounts to several tons annually for each farmer. The cost of the operation would not permit of a financial success were it not for the great reputation of trout among epicures, which warrants dealers in paying very high prices, such as forty or fifty cents per pound.

One thing that trout insist on is cool water. Young salmon will thrive in water that rises often to eighty degrees or a little more; but trout would perish at that temperature and even suffer when it gets up to seventy degrees. About sixty to sixty-five degrees Fahrenheit suits them admirably, and in lower temperatures than that they maintain their health perfectly but grow slower. So in rivers where they abound they seek the mouth of cool brooks during the hottest part of summer, and in lakes they move into the depths, where it is at that season always cooler than at the surface. Shallow lakes, say thirty feet in extreme depth, are apt to get too warm, and trout seldom if ever inhabit such waters in any considerable numbers.

Another essential for trout is suitable spawning ground. The best is a good stream of clean water with gravelly rapids. Next to this a gravel bar or gravelly shore in a lake, but in this case the water must be very pure. Craig pond, in Orland, may be named as a piece of water where the latter conditions prevail. Trout have maintained themselves there since time immemorial by spawning on the gravelly shores. It is, however, rare that they are plenty in such waters.

Trout appear to be in all cases animal feeders. When young they eat minute crustaceans; when a little larger their food consists almost wholly of insects, but as soon as they are large enough to swallow other fishes they prey on all such as come within reach, and care not if the victim be of their own race. A trout of medium size taken once in the winter at one of the Rangeley lakes was found to have the tail of a fish projecting from his mouth. This was pulled out and found to belong to a smaller trout, which had been seized and half swallowed, and the smaller trout had

SUCCESSFUL SONG RECITAL.

For Benefit St. Joseph's Church—A Great Success.

A rare musical treat was the song recital given at Hancock hall last evening for the benefit of St. Joseph's Catholic society.

It was the outcome of the gracious offer of Mrs. Mabelle Monaghan Swan of her services for such an affair.

Mrs. Swan was fortunate enough to secure to assist her Randall Hargreaves, baritone, a young English singer who is spending the summer at Bar Harbor;

Master Elias Breeskin, violin, a talented pupil of Franz Kneisel; Mrs. Katherine Forristall, of Boston, and Master Jacob Bellin, of Ansonia, Conn., as accompanists.

A large and representative audience greeted the artists, and it is safe to say that rarely, if ever, has a musical function of a higher character been held in Ellsworth.

Mrs. Swan sang three groups of three songs each; these were selected with a view of illustrating the many characteristics which her pure, true, magnetic soprano voice possesses.

She was enthusiastically received, and generously responded to encores. St. Joseph's society is deeply indebted to her, and thoroughly appreciates the spirit which prompted her to give her services to this occasion.

Mr. Hargreaves is possessed of a rich, powerful, highly-trained and sympathetic baritone voice. With his first selection, "Drink to me only with thine eyes," he sang himself right into the hearts of his audience, and with each succeeding selection the feeling grew.

His rendition of Handel's "Honor and Arms," an extremely difficult and dramatic song, was magnificently done and was thoroughly appreciated.

Mr. Hargreaves is a young Englishman, not many months in this country, and is bound to be heard from in the musical circles of this country.

Of young Breeskin, it is not easy adequately to describe his remarkable performance on the violin. Nothing like it was ever heard in Ellsworth before.

Under fifteen years of age, he played with ease, with indescribable beauty and expression, the difficult "A Gypsy Dance," by Sarasate. His playing simply entranced the audience, and it was with difficulty that even an encore satisfied.

He generously added a number not on the program, playing Paganini's sonata 12, and in response to another vociferous recall, repeated it.

For all this Ellsworth is deeply indebted to the kindness of Franz Kneisel, Master Breeskin's teacher, who kindly permitted him to come here.

Mrs. Forristall is an accomplished accompanist, and performed her part of the program with rare taste and skill. So, too, did Master Bellin, who accompanied young Breeskin, coming from Bluehill, where he is spending a portion of the summer.

He is but sixteen years of age, which makes his performance at the piano all the more interesting. The program follows:

- Songs—(a) Girls of Seville.....Denza (b) The Day is Gone.....Lang (c) Flower Rain.....Schneider Mrs Swan

Songs—(a) "Drink to me only with thine eyes,".....Old English (b) If thou wert blind.....Noel Johnson Mr Hargreaves

Violin—A Gypsy Dance.....Sarasate Master Elias Breeskin (Pupil of Mr Franz Kneisel. Mr Bellin at the piano)

Songs—(a) Si mes vers avaient des ailes.....Hahn (b) My Bairnie.....Yannah (c) Roses after Rain.....Lehmann Mrs Swan

Song—Honor and Arms.....Handel Mr Hargreaves

Violin—Sonata 12.....Paganini Songs—(a) Boat Song.....Ware (b) Three Green Bonnets.....D'Harlot (c) A Birthday.....Cowan Mrs Swan

The proceeds of the entertainment were very satisfactory, and Fr. Flannagan in a few words expressed his thanks.

"Laziness" The utter stupidity of the passion so many parents have for demanding that their sons and daughters be always the first in school, no matter what their mental equipment or physical condition, was proved by Dr. Laumonier, a famous practitioner, who shows that 80 per cent. of school children supposed to be lazy are victims of hereditary disease, their parents having suffered before their birth of various kinds of illnesses—diabetes, gout, nervous diseases, etc.

"Children born under such conditions," says the doctor, "are not lazy, but ill, and instead of punishment inflicted upon them by unthinking parents, who have only their own glory at heart, they deserve every kind of consideration.

"They should have extra food and an extra allowance of time to play. Foolish teachers, who keep these children after school hours, should be educated up to the facts, and if they do not want to take notice of them, should be discharged.

"Many parents set their children a bad example by eating too fast. Fast eaters are attacked by that 'tired feeling' after the meal. It's the same with children. When they return to school after luncheon, the troubles of their digestion will not allow them to learn or understand. Again, foolish teachers call such children lazy."

The physician has observed that children who have a very light sleep, and snore, are usually called lazy. Investigation showed that 70 per cent. of such children were suffering from illness of the respiratory organs. They ought to be placed under a doctor's care.

Whenever a child is called lazy, it is well to inquire whether his or her respiratory organs and digestion are faultless; furthermore, whether they are not suffering from hereditary diseases that ought to be eradicated.

To Smoke a Pipe. "Either a tobacco or a coal fire should burn the same way," said an old pipe-smoker the other day. "By that I mean that it should burn in a slightly conical mound, evenly on all sides and the middle, until it is down to the ashes. That is the reason that so many pipe-smokers never get the good out of their tobacco and throw more than half of it away.

"It is a usual superstition with pipe-smokers that a pipe is not good and sweet and even burning until it has 'cooked' or 'caked' about the sides. That is a rank fallacy. It is a matter of fact that some smokers 'cake' a pipe much sooner than others, for some reason with which I am not acquainted, nor have I ever heard any plausible argument as to the exact reason.

But a man who wants a good smoke should keep this 'cake' away from the inside of his pipe always.

"The interior of the bowl must be kept smooth. Otherwise the tobacco will only burn in the centre and will not be consumed toward the rim. When it is lighted the tobacco will smoulder down through the centre and finally go out, with only half the charge actually smoked. Poking down the unburned tobacco on top of the coal only makes the smoke rank and causes the pipe to become foul.

"Any man who knows how to build a good fire in his furnace and keep it in good condition during a cold snap should have no difficulty in applying the same logic and method to his pipe. And it stands to reason that if it is the proper way to burn coal it is also the proper way to burn tobacco. It will cut down the bills a good deal if you smoke all the tobacco and don't waste it. And, better still, it will enable the smoker to have a sweet, cool, even smoke."

SOUTHWEST HARBOR. Miss Gladys E. Whitmore, a graduate of the Maine Central Institute at Pittsfield, who has been teaching in Sherman the past year, is to return Sept. 6, to teach a larger school with advanced pay at Island Falls, under the same supervisor. Miss Lulu Mayo is to return to Island Falls to the school which she has taught with marked success for three years. Aug. 13. SPEC. Frank Trundy and wife, of Sorrento, are spending a week with Henry Gray and wife. Leon Gilley, of Lawrence, Mass., spent two weeks at Southwest Harbor, the guest of Montraville Gilley. Mrs. Bebe and sister, of Syracuse, N. Y., will spend a few weeks here boarding with Mrs. O. W. Cousins. Rev. Mr. Nelson, a classmate of Dr. J. D. Phillips, accompanied by his wife, is visiting at the Phillips home. Mrs. Marsh and her daughter, of Massachusetts, who have spent their vacation at the Trundy farm several years, arrived last week. The Southwest Harbor ball team went to Bar Harbor on Friday to accept the challenge of the Bar Harbor team, returning highly elated with the victory won. Masonic hall has been doing a rushing business with rentals to various theatre troupes for the past weeks. The Gladys Kiarik Co. played here three nights of last week. Mrs. James Hastings, who has been visiting her mother, Mrs. Eben Richardson, returned to her home in Bangor last week, accompanied by her aunt, Mrs. Eliza Robinson. Much sympathy is felt for the family of Rev. J. R. Aldrich, a former Methodist pastor here, in the recent loss of his son Vaughn, who died from injuries received on the ball field. The friends of Miss Mary Snow, who is now located in Chicago, are glad to welcome her back to her summer home here for a rest from her busy school work. She has with her, as usual, her assistant. Prof. Rackliffe, a skilled taxidermist, has recently greatly improved the collection of stuffed birds sold by J. T. R. Freeman some years ago. Fine new cases with plate glass fronts, and the addition of many new birds and small animals, make a very attractive collection. Owing to the recent sad news regarding the finding of the remains of his son Kenneth, lost two years ago, Rev. A. A. Archibald was obliged to cancel his date for a sermon here, and Rev. J. Coleman Adams, D. D., favored the people at the Congregational church with a fine discourse. Sunday, Aug. 7, Rev. C. F. Dole pleased a large congregation with one of his excellent sermons. The many friends of Mrs. Chester Sprague were grieved to learn of her death, at the home of her mother, Mrs. Julia Gilley, Saturday, Aug. 13, of consumption. The sad event, though not unexpected, has brought a wave of sorrow to the entire community, and sincere sympathy is felt for the bereaved husband and mother, sister and three brothers. Mrs. Sprague leaves two little children, Marjorie and Adelbert, too young to realize their loss. The annual summer sale of the ladies' aid society of the Congregational church was held at Masonic hall August 9. Fair weather and good patronage made the sale a success. A fine entertainment in the evening was thoroughly enjoyed by a full house. Thanks are expressed to the singers and the pianists; also to Mrs. James Stanley, who sold more than 150 tickets to the summer people. Something more than \$175 clear of expenses was added to the circle funds. Aug. 15. SPRAY. FRANKLIN. Mrs. Locke left Saturday for her home at Kittery Point. Mrs. Seth Crabtree and children are visiting her sister at Old Town. Miss Dorothy Branscomb, of Northeast Harbor, is the guest of Miss Alta Blaisdell. Simon Bunker and wife, of Tunk Pond, were guests of Mrs. Fred Donnell last week. The Franklins, on the home diamond, played the Sullivans Saturday, and were defeated. Mrs. Grace French and little daughters Ethel and Ruth returned Monday to Oakland. Mrs. Robert M. Woodruff, of Ridley Park, Pa., is visiting her niece, Mrs. J. W. Blaisdell. Miss Hiland, of Philadelphia, who is in town for a short time, is stopping at the Belay house. Miss Millicent Belyas, of Blaine, is spending a week with Mrs. Lowell at Mrs. Abbie Dunn's. Miss Alice Varona Bunker, of Augusta, is spending her vacation with her parents, Josiah Bunker and wife. Mrs. Dorr, of Ellsworth, who has spent several weeks with Eugene Bunker and wife, has returned home. The Baptist Sunday school enjoyed a picnic down the bay Friday, landing at Basking Island for dinner. Thomas Bragdon and wife arrived Tuesday from Portsmouth, N. H., for an indefinite stay at the home of his mother. Harold Wilbur and Miss Jessie Olsen, of Bangor, are spending their vacation with Mr. Wilbur's father, Z. L. Wilbur. Friends regret the illness of Mrs. Perrin Swan, Mrs. Leslie Swan and Mrs. Thomas Havesy, hoping for them a speedy recovery. Charles Carroll and wife, of Greenbush, who visited Mrs. Carroll's father, Roscoe Bragdon, and other relatives here, re-

turned home Saturday accompanied by Miss Ellen Bragdon for a short visit. Mrs. Mary A. Bragdon, who has been at her home two weeks, has returned to West Sullivan, where she is housekeeper for George H. Tracy. Charles Brown and wife, of Wakefield, Mass., and Mrs. Florence Jordan and daughter Ella, of South Braintree, Mass., are visiting Wesley Clark and wife. Aug. 15. B. SOUTH SURRY. David Curtis and son Harry are visiting relatives here. Henry Clifford, Mrs. Herbert Clifford and son Ralph are guests of Mrs. Charlotte Speed. Mr. and Mrs. Bradbury, of Monson, Mass., and Mrs. Vilora Harden and son Francis were guests at F. H. Harden's last week. W. W. Mayhew and wife, of Braintree, Mass., with their nephew, Will Minchin, who have been guests at Mr. Wilder's the past two weeks, have returned home. Mrs. Henrietta Coggins, who has been visiting relatives here, was called home to Brooklyn, N. Y., yesterday by the serious illness of her brother, Arthur Shedel. The supper at the church Wednesday evening was a success. There were but few present from other parts of the town, but the proceeds, over \$16, were highly satisfactory. The proceeds are to help build a new chimney for the church. THE CORINNE STEWART LIBRARY. An important event for South Surry and adjacent portions of the town of Surry, and in fact for Surry generally, is the establishment of a public library association and library, under title of the Corinne Stewart public library association. The nucleus was presented in the form of the books and manuscripts of the late Miss Corinne Stewart, daughter of William P. Stewart and wife, of "Seawillows", where the association was organized under public call and under response, to which the following persons were present, and with others formed the board of trustees: Mrs. R. A. Coggins, Hollis A. Bonsey, Calvin C. Young, E. M. Cunningham, Mrs. Hattie Curtis, John Young, Mrs. Eunice Rich, Willis Rich, E. M. Curtis. Founder patrons, Dr. Edward C. Briggs, Dr. Charles P. Briggs. Founder donors, Prof. William P. Stewart, Mrs. Mary Wood Stewart. The object of the association, as stated in its constitution, is "to insistently promote popular enlightenment and to broaden social recognition and enjoyment". Miss Corinne Stewart has been the recording genius of South Surry, and has peopled with a rare imagination its romantic woods and waters with creations which, like Scott's works for Scotland, has given its past a present-day interest and inspiration. Aug. 15. TRAMP. GREAT POND. Rev. Ida Garland spent a few days at her home here this week. Edgar Williams, of Fairfield Centre, is visiting relatives here. Mrs. Charles Silsby and Mrs. Helen Mace visited friends here recently. Mrs. Mathew Laughlin, with her children Donald and Marguerite, have been here for a short visit. The party from the island, with F. E. Mace and family, enjoyed a fishing trip to Leighton brook, with picnic dinner. F. E. Mace and Albert Mace, with their families and a few guests, are at Forest Home, middle branch, for a week's outing. Mrs. Helen Chick and daughter Laura have returned from Milo, where they have been visiting her sister, Mrs. A. H. Stevens. Mrs. Colburn gave a party Wednesday evening for her son, Burns Avery, who is to go to Woburn, Mass., with Harold Archer Monday. Dr. and Mrs. Reynolds, of Brooklyn, N. Y., who have been two weeks at Alligator, left here Monday for a visit to Cape Cottage, Cape Elizabeth. Miss Lillian Clarry, of Dorchester, Mass., has opened the bungalow on the island. She has several guests, among them being W. Morse, assistant U. S. marshal. Edgar McIninch and J. Colburn, who went away two weeks ago as guides for Dr. Jones and a friend from Pennsylvania, returned Thursday evening, accompanied by the genial doctor, who has been here several seasons. Aug. 14. E. COREA. Morris Young, who has been employed in one of the boats at Bar Harbor, is at home. Miss Olive Norton has gone to Prospect Harbor, where she is employed in the home of Stephen Cole. Mrs. Charles Bartlett, with her three children, has gone to Minton, where her husband is employed on the quarry. Tested and Proven. There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation. For months Ellsworth readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit. Mrs. R. I. Moore, Ellsworth Falls, Me., says: "The cure Doan's Kidney Pills effected in my case several years ago has proven permanent, and I have since recommended this remedy to many of my friends, who have used it with good results." On Feb. 7th, 1905, Mrs. Moore gave the following statement regarding her case: "I deem it a pleasure to recommend Doan's Kidney Pills. In 1903 I underwent an operation, and after that was in misery nearly all the time. I did not regain my strength and my kidneys became badly disordered. The pains in my back were almost unbearable, and all the medicine and doctors' treatment had no effect whatever. Finally I began using Doan's Kidney Pills, procured from Moore's drug store, and they went at once to the seat of my trouble. They not only cured the backache but built me up in general and corrected the difficulty with the kidney secretions." For sale by all dealers. Price 50 cents. YOUNG-GORDON.

An August wedding of happy incidents took place at 3 o'clock Wednesday afternoon, Aug. 18, at the home of Mr. and Mrs. Arthur L. Young, in this city, when their daughter, May Augusta Young, was united in marriage to Adelbert W. Gordon, of West Sullivan. The ceremony was performed by Rev. George W. Farmer, minister of the Methodist church of this city, and those present to witness this interesting feature were members of the families of the bride and groom. The couple was unattended. The bride wore a handsome and becoming dress of white silk and carried a bouquet of bride's roses. The home had been very prettily decorated for the ceremony, and in all particulars the occasion was one of the pleasantest. The bride is a successful teacher in the schools of Maine, and came here for the summer to reside with her father, who is a deputy collector at the United States internal revenue office in this city, having himself formerly been a teacher in Maine. The groom is a district superintendent of schools for Sullivan, Gouldsboro, Winter Harbor and Sorrento, Me. The couple was generously remembered and received many gifts from various friends. They left shortly after the ceremony for an automobile wedding trip. They will reside at West Gouldsboro after August 20. The friends of the bride in this city, who have found her to be an excellent young woman and charming companion, wish her and her worthy young husband every possible happiness.—Portsmouth (N.H.) Many advertisers forget that advertising space in a newspaper is valued according to the circulation of that paper. Advertising space in a journal without circulation is dear at any price the publisher may demand. Without circulation there can be no results, and without results the money which the advertiser invests is lost.—Leavenworth (Kansas) Times.
