SUICIDE AT CASTINE.

Postmaster Charles H. Hooper Ends His Life.

Postmaster Charles H. Hooper, of Castine, despondent because of ill health, took his life by drowning in the harbor at Castine last Friday morning. Deceased was an influential and esteemed citizen of the town, and his sad death causes general sorrow.

Mr. Hooper was born in Castine in 1842. On April 19, 1861, he enlisted as a private in Co. B, 2d Maine volunteers, and was discharged at expiration of service, August 23, 1863. For several years he served as clerk in the store of Samuel Adams & Son, and afterward went into business with the late Isaiah L. Shepherd under the firm name of Hooper & Shepherd.

Mr. Hooper for many years had been one of Castine's most active and prominent men. He was a much-interested and zealous member of Hancock lodge, F. and A. M., having served five years as master and seventeen years as secretary of the lodge. He was also a member of Castine R. A. C., having been demitted from Hancock R. A. C., at Bucksport. At the time of his death he was worthy patron of S. H. Whitney lodge, O. E. S.

He was a member of Charles L. Stevens post, No. 16, G. A. R.; had been its commander, and at the time of his death was its quartermaster. During his whole life he had been warmly interested in whatever he thought would promote the interests of the town, especially in its moral and religious aspects. For very many years he had been the superintendent of the Unitarian Sunday school.

He leaves a widow, two sons and two daughters. The funeral was held at the Unitarian church Sunday afternoon, Rev. R. C. Douthitt officiating. The church was filled to its capacity. The G. A. R., Woman's relief corps, Hancock lodge, F. and A. M., Order of Redmen and Order of Foresters, of all of which he was a member, were all present in a body. The flowers were abundant and beautiful. The G. A. R. held services at the grave.

Until a permanent appointment is made, Boyd Bartlett has been made temporary postmaster of Castine to succeed Mr. Hooper. Mr. Bartlett is a graduate of the Ellsworth high school, and of Bowdoin college. While in college he won the \$300 Smyth mathematical prize, and many other honors. After graduation he was principal of the Castine high school for two years and married the daughter of Dr. G. A. Wheeler, of Castine, and has spent every summer there.

A year ago he resigned his position in the Boston Latin school and came to Castine to reside with his family. When Mr. Hooper became ill, he arranged tentatively with Mr. Bartlett to take his place in the office. Upon Mr. Hooper's tragic death, his bondsmen selected Mr. Bartlett to take charge of the office, pending the ar-

CHRISTIAN ENDEAVOR.

Prayer Meeting Topic For the Week Beginning Sept. 15, 1912.

Topic.—Getting the most from prayer.—Ps. xxiv, 1-2. Edited by Rev. Sherman H. Doyle, D. D.

It is only right and proper that we should aim to get the most and the best, in the truest sense, out of everything in life. We should never be satisfied with anything but the best. This is especially true of religion and of everything that pertains to it.

The Psalm selected for our topical reference makes several suggestions that may help us in our efforts to get the most from prayer:

1. Prayer should be accompanied by praise. "I will bless the Lord at all times; His praise shall continually be in my mouth."

2. Prayer should be definite and specific. This, of course, applies to the petitions in our prayers. There is much "saying of prayers" that is not praying.

3. Prayer should be accompanied by faith. "Blessed is the man that trusteth in Him." We all acknowledge that prayer without faith is vain.

BIBLE READINGS.

II Chron. vii, 14; Ps. cxlii, 1-12; Matt. vi, 6-15; vii, 7-11; Luke xlviii, 1-8; xxi, 36; John xiv, 12-14; xv, 16; Rom. xli, 12; Eph. iii, 14-21; Col. i, 9-12; I Thess. v, 17; Jas. iv, 3; v, 14-20.

Keeping True Time.

One sometimes sees in a clock shop a number of timepieces, all running, but no two keeping the same time. It may be that they are kept going merely for their own sake without regard to conformity to true time.

Real Christian Work.

Christian common sense, too, would teach us that there is a great deal we can all do along the line of Christian citizenship to make the world better.

Mutual Benefit Column.

EDITED BY "AUNT MADGE" Its Motto: "Helpful and Helpful."

The purposes of this column are succinctly stated in the title and motto—it is for the mutual benefit, and aims to be helpful and helpful.

THE M. B. REUNION.

There had been no little anxiety among the Mutuals concerning the kind of weather Dame Nature would see fit to send for August 29, the date of the annual gathering of the clan.

It was indeed a merry party that was welcomed for that third time at Dell's hospital home. All were glad to find her in the best of health.

Aunt Maria, as usual, was the first to arrive, accompanied by her John, or rather Uncle Mark, and the granddaughter Carolyn.

The next arrivals proved to be L. E. T. and her John and Mrs. Susie Willins, and editor, in order not to keep the dinner waiting as on the previous year.

All were pleased to greet Aunt Sue and her John for the first time at an M. B. gathering, but it is hoped it may not be the last.

If Aunt Maria didn't bring as large a bouquet as usual, she certainly made up for it in that enormous pot of beans, which supplied the whole thirty-two present with all the beans they wanted.

But that didn't complete the bill of fare. Oh, no! The tables fairly groaned under the weight of so many goodies which were prepared at a seasonable hour.

The tables presented a very pleasing appearance with Aunt Maria's dahlias, Amy's sweet peas and a variety bouquet also contributed by Aunt Maria.

The sweet peas later were presented to Aunt Madge, but she, ever mindful of others, shared them with B. E. S. on her way home.

After the willing helpers washed up the dishes, the cameras were in evidence, but not before the arrival of Uncle Madge, who actually was obliging enough to wait for his dinner long enough to have his "picter took" twice.

After the cameras, which by the way, were operated by "Amy" and "Charity", all gathered on Dell's piazza, where, first of all, it was voted to change the name of "Ego 2d" to "Sunshine".

Next a hearty vote of thanks was extended the host and hostess for their kind hospitality, after which Capt. Chatto announced that Mr. and Mrs. Stephen Gross, of Orland, had planned to come to the reunion.

Then followed the reading of letters from Alexia and Janet which appeared in the column last week, also a poem read by C. P. DeLaitre, of Atkins, Minn., a former Ellsworth boy.

To the regret of all the auto arrived to whisk away Mr. Rollins and family before the exercises were concluded. All too

The Men Who Succeed as heads of large enterprises are men of great energy. Success to-day demands health. To all is to fail. It's utter folly for a man to endure a weak, run-down, half alive condition when Electric Bitters will put him right on his feet in short order.

NERVOUS DESPONDENT WOMEN

Find Relief in Lydia E. Pinkham's Vegetable Compound—Their Own Statements So Testify.

Plata, Pa.—"When I wrote to you first I was troubled with female weakness and backache, and was so nervous that I would cry at the least noise, it would startle me so. I began to take Lydia E. Pinkham's remedies, and I don't have any more crying spells. I sleep sound and my nervousness is better. I will recommend your medicines to all suffering women."

—Mrs. MARY HALSTED, Plata, Pa., Box 98.

Here is the report of another genuine case, which still further shows that Lydia E. Pinkham's Vegetable Compound may be relied upon.

Walcott, N. Dakota.—"I had inflammation which caused pain in my side, and my back ached all the time. I was so blue that I felt like crying if any one even spoke to me. I took Lydia E. Pinkham's Vegetable Compound, and I began to gain right away. I continued its use and now I am a well woman."

—Mrs. AMELIA DAHL, Walcott, N. Dakota.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

soon, the time came when all had to start on their several ways toward home, but not before they decided this to be the banner reunion. As there were several present for the first time, the list is given in full below for the benefit of the absent ones.

The list would not be quite complete without the names of Mrs. O. M. Stover, Bluehill, and Miss Martha Barron, West Ellsworth, who made afternoon calls.

Every niece and nephew of the M. B. family will appreciate this report of the reunion of 1912, so finely written up by S. J. Y. And the sincere thanks of Aunt Madge are hers for this labor of love.

Personal requests have been made to Aunt Madge that the receipts be printed in larger type. I am sure this will be granted.

TOMATO MINCE MEAT—Four quarts green tomatoes, chop them and drain, then cover with water, cook one-half hour and drain, add one and one-half pounds brown sugar, one pound seeded raisins (one-half pound chopped and one-half pound whole), table-spoon salt, one cup chopped suet, one cup vinegar. Cook till thick. When cool, add one teaspoon cassia, one teaspoon cloves, one tablespoon nutmeg.

P. S.—I add the spices and cook all together, and like it better. This is by request from a constant reader, and one who is much interested in the M. B. column. When her paper arrives, she says, she always turns to the column the first thing. Like Aunt Maria, she, too, makes sour-milk emptyings biscuit. She also desired that there be more recipes sent in.

Was glad to see Dell at the Bluehill fair looking fresh as a lark after entertaining the M. B. reunion, which we all voted was the best yet—an ideal spot and an ideal host and hostess, with ideal people—what more is needed to insure a jolly good time. ANN.

TRACY FAMILY REUNION. The seventeenth annual reunion of the Tracy family was held at Gouldsboro point, Saturday. For the first time since the reunion association was formed, seventeen years ago, the day of meeting was otherwise than pleasant. The attendance was small, only about 100 being present.

Some arrived in the morning and served a picnic dinner on the tables in the grove, while many did not arrive until after dinner. At the beginning of the afternoon program, H. J. Hovey, retiring president, welcomed the Tracys to the old homestead and then introduced Rev. Wallace Cutter, who made the opening prayer. Mr. Cutter was a former pastor of the Methodist church here. He now has a pastorate in California.

At the business meeting, the minutes of the last meeting were read and officers elected as follows: President, C. L. Tracy; vice-president, B. E. Tracy; secretary, Annie Tracy; treasurer, Jemima Tracy; committee on entertainment, Addie Guphill, Mrs. Fred Tracy and Mrs. Charles Tracy. Other officers are the same as last year.

During the afternoon a subscription paper was started to raise money to build a bungalow on the grounds. MARY DRIVEN FROM HOME. Every year, in many parts of the country thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. It helps in coughs, colds, grip, croup, whooping-cough and sore lungs. Make it a positive blessing. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

The Renewal a Strain. Vacation is over. Again the school bells ring at morning and at noon, again with tens of thousands the hardest "ind of work has begun, the renewal of which is a mental and physical strain to all except the most rugged. The little girl that a few days ago had roses in her cheeks, and the little boy whose lips were then so red you would have insisted that they had been "kissed by strawberries," have already lost something of the appearance of health. Now is a time when many children should be given a tonic, which may avert much serious trouble, and we know of no other so highly to be recommended as Hood's Sarsaparilla, which strengthens the nerves, perfects digestion and assimilation, and aids mental development by building up the whole system.—Advt.

Gave Him A New Stomach

"There are thousands of sufferers from stomach and liver troubles whom I wish I could meet and tell what Chamberlain's Stomach and Liver Tablets would do for them," writes H. M. Young, editor of the Sun, Lake View, Ohio. "One bottle of the tablets would end the trouble for most of them. I suffered intensely after eating and never felt well, and no treatment of medicine I tried ever seemed to do me any good until reading an advertisement for Chamberlain's Tablets in my own paper. I tried a bottle. The first few doses gave me surprising relief, and the second bottle seemed to give me a new stomach and perfect good health. I didn't think anything would give me such a complete cure. They are wonderful!"

MONEY-BACK CATARRH REMEDY

Dosing the stomach won't kill Catarrh germs. Neither will sprays, douches, snuffs or ointments.

The quickest way to kill germs is to breathe deep into the lungs the vaporized air of Booth's HYOMEI.

As this antiseptic air passes over the sore spots infested with Catarrh germs, it not only destroys them, but heals the inflamed membrane and stops discharge of mucus.

Then hawking, spitting, snuffing, crusts in nose and foul breath will disappear, and vile, disgusting Catarrh will be conquered.

A complete HYOMEI outfit, which includes a hard rubber inhaler, only costs \$1.00. Extra bottles, if afterwards needed, 50c; and G. A. Parcher is authorized to refund your money if dissatisfied.

BLUEHILL FAIR.

BACKWARD SEASON AFFECTS THE AGRICULTURAL DISPLAY

SECOND DAY A RECORD BREAKER—GOOD RACING—MUSIC—PREMIUM LIST.

The first day of the Bluehill fair this year while not up to the average, owing to the threatening weather, was an improvement on the first day of last year's, when the weather man compelled a postponement. This was the twenty-first annual fair of the Bluehill agricultural society, and will rank well up in the list among its predecessors. The backward season is alone responsible for the falling off in the quantity of the agricultural exhibits, and the wonder is that the display in this department was as good as it was, for some exhibits were far above the average.

The farmers of western Hancock have an enthusiastic ally in E. J. Brooks, of New York, who, not only makes an excellent exhibit himself, but also encourages his fellow-farmers by offering special prizes; last year he offered three prizes for the best collection of produce, and the offer greatly stimulated the farmers of Bluehill and vicinity, and helped not a little in making the exhibits of last year above the average.

Among the farmers stimulated by these special prizes is D. E. Emerton, who two years ago received first premium for best potatoes. His interest has been so maintained that this year he exhibited twenty-two varieties; this so pleased Mr. Brooks that he donated to Mr. Emerton a special prize of \$10.

This sort of thing must be highly gratifying, and it is hoped that it will prove stimulating to the farming interest of this vicinity.

Mrs. Henry Fernstrom, of Norfolk, Va., whose summer home is at Bluehill Falls, is another summer visitor who takes great interest in the Bluehill fair. Her specialty is flowers, and her annual exhibit is greatly admired.

Thomas Grieve was superintendent of the hall, and also of the agricultural products, and throughout the fair wore a smile that doesn't go well with his surname. Mrs. Eliza Herrick was, as usual, in charge of the fancy work and domestic manufactures.

The music throughout the fair was furnished by the Ellsworth band, and that for the dancing at the town hall evenings by Monaghan's orchestra, also of Ellsworth.

The mare started against the track record of 2:18 1/2 held by Salinus, and went a pretty mile in 2:16, cutting two and one-quarter seconds off the previous track record.

BALL GAMES.

Tuesday's ball game was between Bluehill and Penobscot, Bluehill winning, 4 to 3.

On Wednesday Bluehill played Sedgwick, and lost, Sedgwick winning by a score of 10 to 6.

On Thursday Bluehill won from North Penobscot, 9 to 4.

THE AUTO PARADE.

An entirely new feature of the fair at Mountain park this year was an automobile parade. A large number of machines were entered, all of them decorated, and many of them handsomely.

Mrs. John E. Gale, of Haverhill, Mass., was awarded first place; Mrs. R. R. Quay, of Pittsburg, Pa., second place, and Winthrop Thomas, of New York, third place. In the matter of autos Mr. Brooks again shows his interest. He states that if the people will take an interest he will next year offer a suitable prize.

The grounds during all three days of the fair were enlivened by the usual number of side-shows, fairs, a merry-go-round, and other attractions. On the platform opposite the grand stand a troupe of gymnasts and acrobats gave exhibitions between heats during the horse racing, which were thoroughly enjoyed.

No fair management in Maine uses greater efforts to suppress the sale of liquor on the grounds. This year the sheriff and several deputies were on the grounds. No attempts at pocket-ped-

dling were discovered, and there were very few evidences of excessive drinking. On the whole, the Bluehill fair of 1912 will go on record as one of the best ever held at Mountain park.

REPUBLICAN NOMINEES.

NATIONAL ELECTION, NOV. 5, 1912.

FOR PRESIDENT, WILLIAM H. TAFT, OF OHIO.

FOR VICE-PRESIDENT, JAMES S. SHERMAN, OF NEW YORK.

The Election. After all, there is really nothing to wonder at; it was only the expected which happened.

Vested with full control of the State's affairs, the democratic party was never in its history afforded a better opportunity to make good; to stand by the pledges it made in the last campaign; to keep its promises; to prove itself competent to conduct the business of the State safely, sanely, economically.

Thus far in its term of office it has done none of these things; it ignored the good advice of its most influential members, and almost from the beginning has been controlled by a group of ambitious and unscrupulous leaders who have subordinated their party's fortunes to their own.

These political adventurers have played a desperate game, and have lost, as they deserved to. There may still be dissatisfied republicans, but they have wisely decided that the worst their own party can do is to be preferred to the best the democrats have shown that they are capable of doing.

The Result in Hancock County.

For the past ten years or so Hancock county has been saying in a variety of ways that it would no longer tolerate unscrupulous nullifying sheriffs, republican or democrat, have been turned down, and now, as if to emphasize its indignation at further attempts to ignore the law, an appointive sheriff, who has been substituting his own private views for constitutional law, has been defeated at the polls, and on Jan. 1, 1913, the present law-defying sheriff will be succeeded by an officer who knows and respects the law.

It is greatly to be regretted that the only republican candidate defeated should be the county attorney, between whom and the sheriff there should be the heartiest co-operation in the matter of enforcement. The successful candidate, though a democrat, has a splendid opportunity to make good.

The only other regret is that Hancock county is not to have a solid delegation in the House who will vote for Burleigh and protection, but as the legislature is safely republican, and Mr. Burleigh's election as United States senator assured, the two lone democrats from this county can at least do no harm.

Hancock rejoices with its sister counties of the third district in the election of Mr. Goodwin, a republican and a protectionist, to the national House.

Dear Mr. Gould: Don't forget to turn over to Mr. Goodwin any unfinished business you may have on hand next March. Of course you don't want to embarrass your successor as you say your predecessor embarrassed you.

It is reported that writer's cramp struck the Waterville Sentinel Monday night after the election returns began to come in. Anyhow, Tuesday's paper hadn't a line of editorial comment on the "unpleasantness" of the day before.

Wonder if the Waterville Sentinel has received complete returns from Soldiertown?

Now will you be good?

State Board of Trade. The State board of trade will meet in Bangor next week, Thursday and Friday, Sept. 19 and 20.

MAINE MUSIC FESTIVAL

PROMISES TO BE THE BEST YET—NORDICA THE STAR.

AT BANGOR OCT. 10, 11, 12—PORTLAND OCT. 14, 15, 16—A REMARKABLE LIST OF ARTISTS.

The sixteenth annual Maine music festival is announced. Bangor built a new auditorium which was dedicated at the first festival, but Portland has to-day for the first time a magnificent auditorium in the new city hall, and the opening concert for this season will inaugurate the future home of the western Maine festival.

The immense new stage will be filled with the largest chorus ever assembled as Director Chapman has arranged to have delegates from all the choruses in eastern Maine join with western Maine in rendering the program which he has selected as appropriate for this.

GREAT OPENING NIGHT. The orchestra will play "The Dedication of the House", by Beethoven; Madame Nordica will sing "Let the bright Seraphim"; by Handel; Mr. Chapman will play the "Largo" by Handel, on organ with orchestra accompaniment; and the chorus will sing the grand "Hymn of Thanksgiving"; by Cowen.

The second part will include selections from "Die Meistersinger", for soloists, chorus and orchestra; "The Liebestod" from "Tristan and Isolde," operatic arias by Bridewell and Ormsby; and will close with the ever-popular jubilee overture by Von Weber, soloists, chorus and audience joining with the orchestra to sing the familiar strains of America. The soloists have also been especially selected for this opening night.

Mme. Nordica, the special pride of Maine's music-lovers, the greatest star of the operatic world whose versatility as an artist is the greatest of any living singer famous in Wagnerian roles, as well as Italian, and also in the concert field of song; Mme. Nordica will sing the first solo note in the sixteenth annual festival, and will be the first great singer to dedicate the new Portland auditorium to song, as she dedicated the Bangor auditorium sixteen years ago. The other artists who will appear are Mme. Carrie Bridewell, whose glorious contralto voice made her a favorite at the Metropolitan opera house during her career in opera, and who is gladly welcomed now that she returns to the concert world, after an absence of four years; and Frank Ormsby, the famous oratorio singer, soloist in the Rockefeller Baptist church, who has sung with every prominent oratorio society in the United States.

THE SECOND NIGHT will present Julie Lindsay, an American artist, who sang the leading soprano roles for three years in the grand opera house, Paris, and possesses an exceptionally beautiful voice. It will be the only appearance of Chev. Salvatore Giordano, the great Italian tenor, who made a success in New York last season, and is the special protegee and friend of Caruso and the great-grandson of the noted Italian composer Giordano.

Herold Meek, the young Canadian baritone, who sang with Tetrazzini during her great tour in the United States, winning many laurels for his artistic singing and beautiful voice, will also appear. The program will include in addition to opera acts by the soloists, the first act from the opera of "Otello" by Verdi, never before rendered at a festival, several popular numbers by the chorus, and the favorite "Soldiers' chorus" from Faust. An innovation at this concert in Portland will be the singing of part songs by sixteen male voices, solo singers in the choir of Portland.

THE THIRD NIGHT, Marie Rappold, who sang her way to the hearts of all festival hearers two years ago, will be the star. Mme. Rappold is a wonderful artist. Not only has she attained success at the Metropolitan opera house, but she has also been in great demand for festive and concert work.

She was the star of the twenty-third national sängerfest held in Philadelphia in July, and afterward sang in City hall plaza to 15,000 people, in the greatest open air concert in the history of the city. Portland will be the scene of the first act from the opera of "Otello" by Verdi, never before rendered at a festival, several popular numbers by the chorus, and a popular program for the chorus.

THE FIRST MATINEE will be the orchestral program, and will include Mendelssohn's concerto for the violin and orchestra, played by Frank Holding, a Maine boy who has won many honors abroad by his talented playing. He is an acknowledged master of the violin. Mme. Bridewell will be heard in an aria and in songs for which she is famous. The orchestra will give the first movement from Schubert's unfinished symphony, a suite by Tchaikowsky, and the Bach prelude in E minor; also a number in memory of Massenet.

The orchestra is surely a star attraction at the festival, and will be better than ever this season. Its members have been selected from the Boston opera house and symphony orchestras, and include many solo players of great ability. Mr. Pierre Herrotte will again be the concert master.

THE SECOND MATINEE will present a popular programme. The chorus will sing the most pleasing numbers, and Miss Lindsay and Mr. Ormsby will be the soloists. The organ will be heard at every concert, played by noted organists who will be announced later.

Honor Family Reunion. The twelfth annual reunion of the Honor family will be held in the grange hall at Salisbury Cove Tuesday, Sept. 17. All relatives of this family are cordially invited to be present.

AUTOS FOR BAR HARBOR?

Bound to come, according to Charles J. Glidden.

According to C. J. Glidden, one of the world's most enthusiastic and daring automobilists, several hundred cars will be seen on Mt. Desert island before the close of 1913.

Writing to the Boston Globe Mr. Glidden, after describing restrictive measures in many foreign lands, says: "Foreign countries were not alone in barring the automobile from their roads, and some sections of America have acted unwisely in this direction, none more so than this famous health resort of Bar Harbor, not unlike some sections of the west coast of Scotland in climate and scenery."

"During the past five years business has slowly fallen off, and cottages built for rent are idle or occupied at much lower prices, while the hotels are not filled as in the past when 1,500 or more transient guests occupied them. There are also fewer yachts in the harbor."

"All this I attribute to the action of the authorities in keeping out the automobile, as hotels on the automobile routes are well filled and enjoying a prosperous season. It certainly cannot be assigned to any other cause, as the beautiful scenery has not changed, and Bar Harbor and the surrounding country will always hold first place among the charming spots of the world."

"There is in Bar Harbor, not counting the city streets, 120 miles of good road now traversed by some 600 public vehicles, not including the large number of private conveyances. To this can be added 240 miles of good road in the adjoining towns on Mt. Desert island."

"The people are longing for the return of good old times and the entry of the automobile, which can be accomplished only by an act of the legislature during the coming winter."

"In 1910 and 1911 the town voted against admitting the automobile, but in March of this year fully 80 per cent of the people voted to ask the legislature to repeal the act, and 1913 will see motor cars running over the various roads of the entire island and through every village."

"The roads, while narrow in some places, are suitable for the automobile limited to a speed of twenty-five miles per hour, but on the short curves and through the villages the cautious and sensible motorist will reduce speed to twelve or less hourly."

"New York and Boston tourists will follow the well-charted routes to Ellsworth, then over the old stage route on a fair dirt road to Trenton, eleven miles, crossing the narrows on a substantial bridge, bearing left, practically following the coast line via Eden, Salisbury Cove, Hull's Cove, to Bar Harbor, a distance of nine miles, or twenty miles from Ellsworth."

"It was my privilege to drive over this road. Part of it is a State road and the remainder one of the best for motoring, perfectly safe for the largest touring car. An average speed of twenty miles per hour can safely be maintained all the way from Ellsworth to Bar Harbor."

"Great enthusiasm prevails here over the prospects of the roads being opened to the automobile in 1913, and several cars are now on the island, tuned up now and then in a garage and occasionally during the wee small hours of the morning a short run is made, but the liability of a \$30 fine and a court record prevents a greater violation of the law."

"On my run to the bridge, my host, Mr. Roberts, of the Newport, two miles from the bridge, took his car from a stable and in it the drive was finished. Returning to the stable, the car was left and we returned by horse power, but the car was run in open territory in the town of Trenton."

"Bar Harbor people will give the automobile a royal reception. Special roads are under consideration to the summit of Green mountain, 1,500 feet high, by a grade not exceeding 10 per cent. Many roads will be widened, and where necessary, bridges widened and strengthened, and before the season opens next year Mt. Desert island will be added to the automobile world."

"An invitation will be sent to the National association and the Bay State association to run the big tours here in 1913, and special arrangements will be made for all who participate."

"The railroad is considering the erection of a large modern hotel on the water front, in anticipation of a large travel here by automobile. Local people will buy about fifty cars, and all the out-of-town residents will come here in the automobile, and it is estimated several hundred cars will be seen on the island before the close of 1913."

Womanly Wisdom.

From the Farm Journal. An old rule for roasting turkey is "an hour for each year."

Before chopping raisins, rub a little butter on each side of the chopping-knife. When tea is spilled on the table-cloth, as soon as possible cover the stain with common salt. Leave it on for a while, and when the cloth is washed all the stain will have disappeared.

A nice home-made candy for the children is made as follows: Boil two cupsful of sugar and one cupful of corn syrup until crisp when dropped in cold water. Add to this the whites of two eggs well beaten. Beat this for five minutes until nearly stiff. Drop by spoonfuls on oiled paper.

If you have been unfortunate enough to tear a dress of thin material and are at a loss how to make the rent invisible when mended, try threading a hair into your needle. I know of a new brown mohair skirt that was mended in this way, and the skirt rounded out a long and useful life without this scar upon its smooth surface being detected. A hair is strong, fine and pliable, and if reasonably long can be used to advantage by skillful fingers.

"Willie, you musn't fight any of the boys in your class." "Well, if you think I'm going out of my class and go up against some 110-pound guy, you're mistaken."

Gumption on the Farm.

From the Farm Journal. There is nothing that gives a man such safe anchorage in life as a good wife.

File the crosscut saw yourself: you will thus soon save enough to buy a new saw.

Blessed be work! It gives us the chance of making 'strives, capable men and women of ourselves.

Take the frost out of your grindstone before you grind the ax, but do it gradually, and not by using too hot water. That would injure the quality of the stone.

Keep wide paths shoveled to every out-building. Help to open the roads when heavy snows drift them, whether you are called out by the road commissioner or not. See that the stock is sheltered from the cold every day and every night.

While waiting impatiently for the State to repair that mud-hole, washout or other bad place in the highway, wouldn't it be a good idea to take a few hours off and fix it yourself? If every farmer spent a few hours, occasionally, working on the road, our highways would soon show a decided improvement. Let us not only talk good roads—let us work bad roads!

When G. A. Parcher, the enterprising druggist, first offered a 50-cent package of Dr. Howard's specific for the cure of constipation and dyspepsia at half price, and guaranteed to return the money if it did not cure, he thought it probable from his experience with other medicines for these diseases that he would have a good many packages returned. But although he has sold hundreds of bottles, not one has been brought back.

To those suffering with dizziness, headache, poor digestion, constipation and straining, Dr. Howard's specific offers quick relief. It is an invaluable boon to all who feel uncomfortable after eating, and is to-day the popular dinner pill in all the large cities.

Handicapped. This is the Case With Many Ellsworth People. Too many Ellsworth citizens are handicapped with bad backs. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest, and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause if the kidneys are weak. To eliminate the pains and aches of kidney backache you must cure the kidneys. Doan's Kidney Pills are for weak kidneys - thousands testify to their merit. Can you doubt Ellsworth evidence? Mrs. John Meader, Ellsworth, Me., says: "I was so well pleased with the benefit I derived from Doan's Kidney Pills in 1902 that I gave a testimonial at that time publicly recommending them. I am glad to say that I have had no need of a kidney remedy since. For several years my back was weak and sore and I found it difficult to stoop or arise from a sitting position. I also had sharp pains in my kidneys which felt like a knife-thrust. Until I procured Doan's Kidney Pills at Moore's Drug Store, nothing did me any good. This remedy went directly to the seat of my trouble and brought about a cure." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name - Doan's - and take no other.

Gumption on the Farm. (From the Farm Journal.) It is not a woman's place to care for the pigs and poultry, to chop wood or milk cows, when there is a strong, healthy man around. Keeping a home in good order is enough for any woman. It is quite a chore to get stovepipe up every time just right. Tell you how we do it: When we take the pipe down we mark every length with a piece of white chalk. Do it before you take it down, and there will be no trouble next time. "Do you not remember me, Mr. Roosevelt?" said the effusive stranger to the colonel. "N-no, but delighted, I'm sure. When did I have the pleasure?" "Why, when you returned from Africa, and there was that big crowd on the wharf, I was the man in the brown derby hat." Make your garden plantings smaller and plant more frequently—every week or ten days; this will produce young vegetables that are more tender, juicy and sweet than where large plantings are made, and part of the vegetables are allowed to become big, tough and strong flavored. A good, balanced feed for a horse is one quart of oats and one of bran twice each day, when idle, and three times a day when at work—substituting corn for oats occasionally; and half a bundle of fodder, or one good forkful of hay, three times a day at regular hours. My horse keeps fat on this. He is given plenty of water. Some farmers wait because the robins and catbirds eat cherries. Now I have noticed that with all their eating the birds only eat a small share. I have several cherry trees, and let the robins eat all they want. If a share of my cherries will coax them to build and rear their young in my orchard, acting as bug police meanwhile, I am the winner. Water-Drinking With Meals. Pursuant to a tradition of long standing, it is a common custom to forbid the drinking of water at mealtime. There was a time when such advice appeared most reasonable. Professor Hawk and his pupils at the University of Illinois have been investigating, during the past few years, the correctness of the current attitude toward this question, with results quite at variance with the traditional idea. When the influence of water-drinking with meals was examined by direct experiment on man the alleged direful consequences were found missing. There were no apparent ill effects. On the contrary, the general conclusion from all the findings was that if water is taken with meals there is a better digestion and a more complete utilization of food. A pronounced improvement in the digestibility of fat was also observed. Since there is a constant tendency, at least among persons whose knowledge of the given subject is slight, to carry to extremes conclusions derived from experiments, it seems worth while to add a

Lands Still Unexplored. Lying within the basin of the head waters of the Amazon in western Brazil are three regions much larger in area than all the New England states which are still outside the pale of our knowledge. This large territory, says the Christian Herald, lies between the parallels of ten degrees south latitude and five degrees north latitude and the meridians of sixty degrees and seventy-three degrees west longitude. Not a country of South America has been accurately defined and fully explored. The great difficulties with which the scientist must contend in mapping this continent in the equatorial regions account for the large areas still uncharted. It is the hardest section in the world to penetrate. Dense forests, a deadly climate inducing the worst scourges of disease, as yellow fever, cholera, beriberi, etc., the fierce wild beasts, poisonous serpents and savage tribes are some of the obstacles to be encountered in penetrating the Amazon country. The entire central part of Australia is an unknown tract save for a direct line in which the trans-continental telegraph system has been laid. The greatest difficulty was encountered in stretching the wires across the desert waste, and the small strip thus opened up is all that is known of the heart of the island continent. It is supposed to be a vast sandy plain, interspersed here and there with salt lakes to vary the horrible monotony. Hundreds of daring men have tried to penetrate its mysteries, and most of them have paid for their temerity with their lives. Then there is the "Never-Never" land in western Queensland, into which many have gone and few have returned. In the south of the country, extending for hundreds of miles inland from the great Australian Bight, is a terra incognita, the extent and nature of which can only be surmised. Advertisements.
