CHRISTIAN ENDEAVOR.

Prayer Meeting Topic For Week Beginning April 6, 1913.

Topic.—The Ideal Christian.—IV. His Humility.—Matt. xx, 26-28. (Consecration meeting.) Edited by Rev. Sherman H. Doyle, D. D.

Humility is one of the most beautiful virtues that can adorn the Christian character and must necessarily be possessed by the ideal Christian. At the same time it is in some respects one of the most difficult of the Christian graces to cultivate and develop.

The world usually practices anything else than humility, and it seems more often to bestow its favors upon the proud and self assertive rather than upon the humble in spirit and in life. Being human, it is therefore no easy thing even for Christians to develop the spirit of humility to the extent that they should.

The spirit of humility, although difficult of cultivation, should be prized and sought after. It is most pleasing to God. God loveth the humble, but He knoweth the proud afar off, and He keeps them afar off.

There are several facts the remembrance of which should assist us in developing humility. First, the consequences of pride and ambition. "Pride goeth before destruction." History is replete with illustrations and proofs of this fact.

Christ practiced humility. "Even as the Son of Man came not to be ministered unto, but to minister and to give His life a ransom for many."

MEMORABLE SESSION.

Christian Endeavor Meeting at Christiania, Norway, Shows Great Growth.

Undoubtedly one of the most memorable of all Christian Endeavor conventions is the one that recently closed its sessions in Christiania, Norway. Some account of this meeting has already been given by Mr. R. W. Davies, the treasurer of the British Christian Endeavor union.

To those who have followed from the beginning the story of Christian Endeavor in Europe the account of such a meeting as the convention in Christiania seems nothing short of marvelous. When Dr. Clark first went to Norway, some sixteen years ago, though he was invited by some of the professors of the university, he found little to encourage him as to any future growth of the society in the land of the Vikings.

For years after that, though the seed had been sown, there seemed little prospect of a harvest, but seven years ago the two earnest pastors who have already been named saw the possibilities of Christian Endeavor, its adaptability to Norwegian soil as to the soil of every other country where it is planted and cultivated in the right way.

"The Lord opened the doors for us everywhere," writes Pastor Meyer, "and it became evident that our work for the religious wants and training of the youth for Christ and the church had gained a much larger sympathy than we knew before."

The motto of the convention was most appropriate, "Pro Christo Europa" ("Europe for Christ").

Mutual Benefit Column.

EDITED BY "AUNT MADGE".

Its Motto: "Helpful and Helpful."

The purposes of this column are succinctly stated in the title and motto—it is for the mutual benefit, and aims to be helpful and helpful. Being for the common good, it is for the common use—a public servant, a purveyor of information and suggestion, a medium for the interchange of ideas.

Communications will be subject to approval or rejection by the editor of the column, but none will be rejected without good reason. Address all communications to THE AMERICAN, Ellsworth, Me.

DON'T GET BLUE.

When troubles pile up thick and fast And all your sky seems overcast

With clouds of darkest hue, When everything is going wrong And life's pathway seems rough and long, Just wear a smile and sing a song.

But Don't Get Blue.

When Fortune turns her frowning face And sets a long and weary pace,

When Friendships prove untrue, When Hope lies dead within your breast, And blank Despair your only guest, Just whistle while you do your best,

And Don't Get Blue.

Your troubles soon will flee away, The clouds will pass, a brighter day

Will faith and hope renew, The dismal, downward way will rise And lead you through life's paradise Where fortune smiles from sunlit skies; So look beyond with hopeful eyes,

And Don't Get Blue.

—Walter S. Whitacre in Nautilus.

GOTT'S ISLAND, March 14.

Dear Aunt Madge: Enclosed I send you a poem which has a great deal of cheerful sentiment in it, and I think will be helpful to almost anyone. Please tell Dell that I flew my flag in honor of Congress passing the Webb bill over President Taft's veto. Yours of the column.

M. V. B.

Dear M. B. Friends: M. V. B.'s poem is just the thing for the weather of the past week or ten days. It is good for any time; the title alone is a good motto and easy to remember.

The recipes of two weeks ago should have been credited to E.

Dear Aunt Madge and the M.B.'s: I have enjoyed the column very much, but have done very little to help fill it.

What a nice comfortable winter we have had, and so little snow! I suppose that some of the smart sisters are about cleaning house, but I don't get my courage up until after it gets warmer.

Last month I spent a week with M. G., of Mt. Desert Ferry, who is a dear old aunt of mine, and I will send some recipes that she gave me. We think them very nice, especially the pudding. I saw in last week's paper where she answered about the Mount Vernon ladies' association. My mother belonged to that association, too.

I am glad, Dell, that you have traveled about so much, for you write such nice long letters and tell us about your trips. Best wishes to all.

Thanks for your letter and recipes, Are. Many look first for recipes to try.

A PLEA FOR NELL AND HER BIG FAMILY.

As it is near house-cleaning and the looking-over and "wondering what to do" with this and that garment that is too good to throw away, and is outgrown by your own little ones, let me hint to you that our Nell is at present like "the old woman who lived in a shoe, with so many children she didn't know what to do".

The question is: Where shall she be clothed, as the clothes are nearly all given by charity? Now, whoever has anything and wants to try the parcel-post, just do up a bundle and send to the Maine Children's Home society, Augusta, Me. Nothing will come amiss. Those blankets that have grown thin or small will be nice to wrap those babies in; shoes, stockings, or anything. A thought came to me that each one bring something to the next reunion to make up a surprise box for Nell. I expect to go there again soon, and would carry some things.

A few weeks ago I was at a bargain-counter and saw an infant's dress for ten cents. I could not resist buying it. My sister said: "What will you do with it?" I sent it to Nell. She told me about as soon as it got there she had a call to dress a baby for a woman to take to her home. That dress just fitted in.

I can second heartily Dell's proposition to help in the good work of the Children's Home. Many who read our column have become personally acquainted with the ladies who go through different parts of the State explaining the help the Home affords and also its needs.

Coughs and Consumption.

Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear.

THE DEAREST BABY

Mrs. Wilkes' Fondest Hopes Realized—Health, Happiness and Baby.

Plattsburg, Miss.—"Lydia E. Pinkham's Vegetable Compound has proved very beneficial to me, for now I am well and have a sweet, healthy baby, and our home is happy."

"I was an invalid from nervous prostration, indigestion and female troubles."

"I think I suffered every pain a woman could before I began taking Lydia E. Pinkham's Vegetable Compound, and I think it saved this baby's life, as I lost my first one."

"My health has been very good ever since, and I praise your medicine to all my friends."—Mrs. VERA WILKES, R. F. D. No. 1, Plattsburg, Miss.

The darkest days of husband and wife are when they come to look forward to a childless and lonely old age.

Many a wife has found herself incapable of motherhood owing to some derangement of the feminine system, often curable by the proper remedies.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

M. B.'s would, perhaps, give her a bit of encouragement.

"We will keep in mind Dell's proposal for 'gathering' at the reunion, but how would it do for as many as conveniently could to send a 'May-basket' in about a month from now? Not a literal tissue-paper affair, but something, even a small remembrance, and be sure to put on it: 'From an M. B.'"

Yes, Dell, I have had the paper representing the work of the Home for several years. Thanks to you for sending me a copy. Also thanks to all those who sent me Easter remembrances.

GREENWOOD, 363, EASTBROOK.

Greenwood grange met in regular session Saturday evening, with forty-five members and one visitor from Mariaville grange. One new application was received and the final degrees were conferred on one candidate. Cake and coffee were served.

MEMORIAL RESOLUTIONS.

Whereas, Our Divine Master, in His infinite wisdom, has seen fit to take from our midst our beloved sister, Jane Wilbur, we feel that we have not only lost a worthy sister, but a dear friend, who has ever in her relations with us, proved herself worthy of our highest esteem. We, as members of Greenwood grange, feel that we have cause to mourn with the bereaved family, and do hereby draw up the following resolutions:

Resolved, That we extend our heartfelt sympathy to the bereaved family, and we assure them that their loss is our loss.

Resolved, That as a token of respect which we feel for our departed sister, we draw our charter for thirty days.

Resolved, That a copy of these resolutions be sent to the bereaved family, also a copy to the Bangor Commercial and Ellsworth American for publication, also a copy placed on our records.

Whereas, Our chain has again been broken by the death of our friend and brother, Carl Butler, we, as a fraternal body, desire to express our deep appreciation of his life. We dare not ask why we are called upon to meet this loss, as it is not for us to question the decree of our Divine Master; therefore, be it

Resolved, That in respect of our brother, Carl Butler, we, Greenwood, grange, extend heartfelt sympathy to the family of our deceased brother; that our charter be draped and our badges be turned for a period of thirty days. Be it further

Resolved, That a copy of these resolutions be placed on our records, also sent to the Bangor Commercial and Ellsworth American for publication, also one sent to the bereaved family.

As Erastus Candage was about to retire Thursday night, he scented smoke, and found that the woodwork had caught fire from an overheated chimney which had been burning out. Prompt action by himself and others saved his home.

Leroy and Leslie Flye suspended operations last week in the logging woods, and took out their crews. Their cut this winter amounts to about 300 cords. The kiln-wood will be shipped by vessel to Rockport, and the hard wood to Rockland, while the logs were hauled to the local mills.

One of the hustling youngsters of Brooklin is Leslie, the twelve-year-old son of C. H. Young and wife. His father told him recently that he could cut logs from his wood-lot if he wished, and buy himself a suit of clothes. Accordingly, taking some of the money which he had earned as janitor fees of No. 7 school-house, he purchased an ax and began chopping Tuesday afternoon. By Thursday night he had cut over 1,000 feet of scaled logs, besides the wood that he was obliged to cut, and had traveled four miles during the time to get an axe-handle to replace one he had broken. Thus he had earned \$10, and became the proud possessor of a nice suit of clothes.

FRESH EGGS FRESH PLUG

Tobacco, Like Food, Must Be Fresh To Be Good

And tobacco cannot keep fresh after it is cut up, any better than bread or meat can. To get fresh tobacco, you must cut it off the plug yourself, just before it goes into your pipe. That's the way you use Sickle tobacco—that's the reason it burns slowly, and always affords you a cool, sweet, satisfying smoke.

Tobacco that comes already cut-up, in packages, gets dry and stale—burns fast and hot, and bites your tongue. The original flavor and moisture cannot escape from the Sickle plug—they are pressed in and kept in by the natural leaf wrapper.

More tobacco—fresh tobacco—no package to pay for—no waste—that's Sickle tobacco. Get a plug at your dealer's today.

"FAGGED-OUT" WOMEN

Will Find a Helpful Suggestion In This Letter.

Overworked, run-down, "fagged out" women who feel as though they could hardly drag about, should profit by Miss Richter's experience. She says: "Last winter I was completely run down and felt fagged out all the time, was nervous and had indigestion."

"One of my friends advised me to take Vinol, and it has done me great good. The tired, worn-out feeling is all gone, and I am strong, vigorous and well. The stomach trouble soon disappeared and now I eat heartily and have perfect digestion. I wish every tired, weak, nervous woman could have Vinol, for I never spent any money in my life that did me so much good as that I spent for Vinol." Marie Richter, Detroit, Mich.

Thousands of women and men who were formerly weak and sickly owe their present rugged health to the wonderful strength-creating effects of Vinol. We guarantee Vinol to build you up and make you strong. If it does not, we give back your money. P. S. For itching, burning skin try our Saxo Salve. We guarantee it. Geo. A. The Easy Laxative

In justice to yourself you should try Rexall Orderlies,—your money back if you don't like them. They are a candy confection that really do give easy relief from constipation.

Good health is largely dependent upon the bowels. When they become sluggish the waste material that is thrown off by the system accumulates. This condition generates poisons which circulate throughout the body, tending to create coated tongue, bad breath, headache, dull brain action, nervousness, biliousness and other annoyances.

Make Us Prove It

We guarantee to refund every penny paid us for Rexall Orderlies if they do not give entire satisfaction. We ask no promises and we in no way obligate you. Your mere word is sufficient for us to promptly and cheerfully refund the money.

Doesn't that prove that Rexall Orderlies must be right? You must know we would not dare make such a promise unless we were positively certain that Rexall Orderlies will do all we claim for them. There is no money risk attached to a trial of Rexall Orderlies, and in justice to yourself, you should not hesitate to test them. Rexall Orderlies come in convenient vest-pocket size tin boxes: 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c.

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all drug stores. You can buy Rexall Orderlies only at The Rexall Stores. You can buy Rexall Orderlies in this community only at our store:

Mustard Aids Digestion

Most of us eat mustard because we like it, not because we are conscious of needing it. But pure mustard does more than sharpen the appetite and make food taste good; it supplies just the stimulant nearly everyone needs to increase the flow of the digestive fluids. Make sure of getting pure mustard.

ASK FOR Stickney & Poor's Mustard

Stickney & Poor's Mustard It's the finely pulverized flour of carefully blended seeds from which the hulls have been separated, leaving only the spicy kernels. It's STRONG because it's PURE. Add flour to it, if you prefer it mild. It's cheaper to do that yourself than to buy inferior brands, paying the price of pure mustard for a mixture of flour and mustard. Almost every grocer sells it in 1/4 and 1/2 lb. cans at 10c and 20c. Write for our book of receipts; you will be delighted with it.

Among the other Stickney & Poor Products are: Pepper, Cinnamon, Cloves, Ginger, Mace, Pimento, Sage, Savory, Marjoram, Celery Salt, Curry Powder, Paprika, Tapioca, Nutmeg, Cassia, Allspice, Whole Mixed Spice, Pastry Spice, Turmeric, Thyme, Soda, Cream of Tartar, Rice Flour, Potato Flour, Sausage Seasoning, Poultry Seasoning and Flavoring Extracts.

If you just say "Stickney & Poor's" when ordering, your grocer will give it to you. But—be sure to SAY IT. STICKNEY & POOR SPICE CO., 184 State Street, Boston.

ESSEX HIGH GRADE FERTILIZERS

PROFITS ON THE FARM are determined largely by the proper selection of a fertilizer. Essex Fertilizers supply, in available form, the substances necessary to plant growth. They improve the soil by furnishing a surplus of organic animal matter and high grade chemical salts that is held as a reserve fertility for another season.

Changes in Maine's Judiciary.

Chief-Justice Whitehouse retires from the supreme bench full of years and honor. In this county, as well as elsewhere throughout the State, Judge Whitehouse has hosts of whole-hearted friends who wish him many years of health and happiness.

Hon. A. R. Savage, who succeeds Judge Whitehouse as chief-justice of the supreme judicial court of Maine, is a jurist well qualified to follow in that position his many distinguished predecessors.

It is not unusual for governors of Maine to come to Hancock county for men to fill high positions. While Warren C. Philbrook, elevated to an associate justiceship, is now a citizen of Waterville, Sedgwick, in this county, claims him as her own, and all Hancock county cheerfully joins that town in loaning him to the city of his adoption.

Speculate all you please over Gov. Haines' motives in bringing the enforcement of the prohibitory law into the limelight, we believe in his ability, his judgment, his sagacity, his integrity sufficiently to have the profoundest faith that what he is doing will be beneficial to the State, and reduce to a minimum, if it does not put a stop to, the wholesale nullification now rampant in several counties.

After signing the public utilities bill last Thursday, Gov. Haines said: "I consider it the most important piece of legislation enacted in Maine in a quarter of a century, at least. As amended, I deem it a better law than the Wisconsin law, because better adapted to conditions in this State."

Gettysburg Veterans.

The fiftieth anniversary of the battle of Gettysburg is to be celebrated on the famous battlefield next July, and for the four days of the celebration, all honorably discharged veterans of the Civil war will be furnished with quarters, subsistence and medical attendance by the United States government and the state of Pennsylvania.

Maine will furnish free transportation to Gettysburg and return for all participants of that battle now resident in Maine and in addition will provide subsistence and medical attendance for the journey. Veterans of the war who were not actual participants can avail themselves of very low excursion rates.

The State authorities wish to secure, as soon as possible, the names of all veterans who desire to go to Gettysburg, either at State or their own expense. Any veteran who served in a Maine organization which has a regimental or battery association should immediately write to the secretary of such association and ask to be included on the list to be sent the adjutant-general.

Veterans who served in organizations from other states, in the regular army or in a Maine organization which has no active association, should write immediately to the adjutant-general, Augusta, Maine.

In writing either the regimental secretary or the adjutant-general, veterans should state the organization in which they served and whether they expect to go at State or personal expense.

Growth of the Telephone.

The report just issued by the American Telephone & Telegraph Co. for the year ending December 31, 1912, shows that the telephone has become in the United States, to a greater extent than anywhere else in the world, a household necessity.

There are now 70,000 towns, cities and hamlets from which telephone messages may be sent. This is 5,000 more than the number of post-offices in the United States, 10,000 more than the number of railroad stations, and nearly three times the number of regular telegraph offices. There are altogether 7,456,074 telephone stations in the Bell system, which is an increase over last year of 823,449 stations.

Including the traffic over the long-distance lines, but not including the connecting companies, the daily average of toll connections in 1912 was about 738,000, and of exchange connections about 25,572,000. This compares with 645,000 and 23,484,000 in 1911. Speaking broadly, this means that the daily average of telephone conversations last year reached 26,310,000, or at the rate of about 8,472,000,000 for the year, against 24,129,000 in 1911, when the rate was 7,770,000,000 a year.

COUNTY GOSSIP.

A West Franklin mother-cat has adopted a fox. The little fellow, now a month old, is thriving. He will surprise his foster-mother some day.

Eastbrook goes those triplet black lambs of Sedgwick one better. A sheep owned by Hamlin Kingman, of that town, recently gave birth to four black lambs.

Friends of THE AMERICAN in Omaha have sent copies of Omaha papers portraying in pictures more vividly than words can the terrible work of the recent cyclone in that city.

Seven thousand dollars will be expended this year in advertising the attractions of Bar Harbor. The town has voted \$3,500 of this, and the Maine Central Railroad Co. will expend a like amount.

The town of Eden has united with the town of Hancock in forming a union school district. Ernest L. Palmer, at present superintendent of the schools of Eden, will act as superintendent of the new district.

Two Hancock county students at Colburn classical institute have received class prizes. Lester Edward Young, of Lamoine, has received a senior part to general scholarship and excellence in English, and Elizabeth Helen Macomber, of Seal Harbor, has been elected by the class as historian.

After a conference with Gov. Haines, Parker L. Hardison, State commissioner of highways, deems it advisable to hold no county road meetings the present year, owing to the fact that there is a great amount of work in his department which needs attention at once; also that the new law makes no provision for those meetings.

But one more step remains to be taken to change the name of Eden to Bar Harbor. The governor has signed the bill, and now the voters of the town will have a chance to vote on the proposition. The upper part of the town is practically unanimous in opposing the matter and there is not a little opposition in Bar Harbor. There will be a determined fight to retain the name which has been in existence since 1796.

Mrs. R. L. Olds, wife of a former Bluehill pastor, now of Dexter, who has been spending the winter in the West, was at Havelock, Neb., which was in the path of the recent destructive cyclone. She writes home that she is safe, and gives a vivid description of scenes during the cyclone. One large building she saw picked up by the wind and bounced along, striking the ground three times before it burst in pieces.

A cow owned by George Tredic, of Ellsworth Falls, gave birth to freak Siamese-twin calves last week. The calves were joined to the muzzle, or rather, back to the eyes, just as if they had met head-on and been welded together. There were two perfectly-formed bodies back of this point—each with its full complement of legs, tails, ears, etc., but with only two eyes between them, one in each side of the joined head. There was no mouth or nostrils. They were born dead.

The burning of the bark Penobscot at Conception, Uruguay, strikes from the marine list another of the rapidly-disappearing American square-riggers. The Penobscot was built at Bucksport, and launched in May, 1878, from the shipyard of William H. Genn. She was mostly of oak construction, double-deck, of 994 tons net register. She has always been under the management of John S. Emery & Co., of Boston, and for many years was in command of Capt. Peter C. McCaulder, of Bucksport. Although there have been reports from time to time that she was to be converted into abarge, she "died" with all her masts and spars standing.

To Publish Farm Paper. Major Edward H. Kelley, of Bangor, until recently managing editor of the Bangor Commercial, is to engage in the business of publishing a magazine section to be issued weekly with three leading morning papers in Maine.

It will be largely devoted to the development of agriculture in Maine, and plans to be inspirational, educational and interesting to the tiller of the soil in a large or small way, in city or country, as well as the women of the Maine home, urban or rural.

With a State-wide circulation, the new publication is expected to be one of the most potent forces in the uplift of Maine along its most important line. Major Kelley is a graduate of the University of Maine, in the course of agriculture, and although engaged in newspaper work many years, has been in close touch with the movement to build up the State agriculturally and industrially.

Nominated by the Governor.

Among nominations by the governor recently announced are the following in Hancock county:

Notary public—C. Fred Jones, Castine Justices of the peace—H. O. Johnson Sullivan; Will B. Watson, Tremont.

Trial justice—Loren W. Rumill, Tremont.

STATE SOLONS.

Legislative News of Interest to Hancock County Readers.

There has been little of interest in the legislature this week. According to present indications, the regular legislative business, outside the investigation of the enforcement of the prohibitory law, will be completed Wednesday or Thursday, and the whole time of the legislators may then be devoted to the inquiry launched by Governor Haines.

The bill introduced by Rep. Bragdon, of Sullivan, making jail sentences obligatory in liquor cases, has been reported adversely by committee.

A new draft of bill relating to elections in the town of Eden has been accepted by both Senate and House.

The committee on salaries, it is understood, has decided to turn over all requests for changes in salaries, including the Hancock county list introduced by Rep. McBride, to the special committee appointed to make an investigation during vacation and report a general revision of the whole salary list in the State at the next session of the legislature.

A bill to establish a close time on lobsters in certain waters of Hancock county seems likely to die between the two branches of the legislature. It was passed to be engrossed in the Senate, but the House voted to "indefinitely postpone".

MATTERS OF GENERAL INTEREST.

The Donigan bridge bill which came over from the last legislature, has been reported "ought not to pass".

The House Thursday refused to concur with the Senate in accepting the favorable report in the Massachusetts ballot law.

The bill to provide a State hospital for tubercular patients was "indefinitely postponed" by vote of the Senate Thursday.

There will be no more discussion of the State paper proposition. The matter was laid to rest in the House Friday. From the Senate came the report that that body adhered in supporting the Portland Press, and asked for a committee of conference. The House voted to insist, and refused to appoint a committee of conference. This leaves the New Age the official State paper, since the law creating it is not repealed.

IMPEACHMENT PROCEEDINGS.

Gov. Haines last Thursday instituted impeachment proceedings against Sheriff Moulton, of Penobscot county. His message to the legislature was accompanied by a list of eighty-eight places in Portland where it is alleged liquor is sold, and a list of witnesses who can be called to testify. The governor also intimated that similar action will be taken against officers in other counties.

After refusing to concur with the House in including Sheriffs Ballou, of Sagadahoc county, and Emerson, of Penobscot county, in the resolve for impeachment proceedings, the Senate Friday adopted resolutions asking for the removal of five county officials. The officials are William H. Hines, of Lewiston, county-attorney of Androscoggin county; Sheriff Turner, of Androscoggin county; Sheriff Emerson, of Penobscot county; Sheriff Ballou, of Sagadahoc county, and Sheriff Tolman, of Knox county.

These resolutions were tabled in the House until Tuesday morning. The deadlock was broken yesterday by a committee of conference between the two houses. The cases will be tried by counties, that of Sheriff John W. Ballou, of Sagadahoc, opening the investigation on Friday. It is likely that this course may meet with delay, but it is believed that adjournment may be reached by the last of next week.

PUBLIC UTILITIES BOARD.

Gov. Haines yesterday announced the appointment of the new public utilities board as follows: Hon. L. B. Deasy, of Bar Harbor, chairman; Hon. William B. Skelton, of Lewiston, and Hon. Joseph Williamson, of Augusta.

GOOD ROADS COMMISSION.

Gov. Haines also announced yesterday the appointment of the following as members of the good roads commission: Hon. Lyman H. Nelson, of Portland; Col. William N. Ayer, of Oakland, and Philip J. Deering, of Portland.

NORTH ELLSWORTH.

Miss Cora Richardson is at home from a visit to Bar Harbor.

Mrs. Lizzie Nason and Miss Nellie Maddocks are visiting relatives at Ellsworth.

Mrs. H. F. Maddocks came home from Bangor Saturday, after spending the week there.

A daughter was born to Hamlin Maddocks and wife March 24, at their home in Bangor.

Mrs. Claudia Richardson and daughter Marjorie were guests of relatives at Ellsworth last week.

The Farmers' club held a meeting at Agricultural hall Saturday night. Officers for the ensuing year were chosen. Cake and coffee were served by the ladies. About thirty were present.

DOLLARDTOWN.

W. L. Kemp, jr., wife and two children, of Bangor, were here to attend the funeral of their grandmother.

Isabel, widow of Lemuel Smith, died at the home of her daughter, Mrs. Margaret Kemp, Thursday, March 27, aged eighty-one years. She had been a great sufferer from a fractured hip since October, 1911. Funeral services were held Saturday afternoon, Rev. P. A. A. Killam officiating. Interment was at North Surry. She leaves two daughters—Mrs. Kemp, of this place, who has tenderly cared for her in her declining years, and Mrs. Lena Drake, of Ellsworth; also eight grandchildren and four great-grandchildren.

Green Mountain Pomona.

At the meeting of Green Mountain Pomona grange in West Eden April 11, Dr. R. W. Wakefield, of Bar Harbor, will deliver an address on "Tuberculosis."

Real Estate and Summer Home Issue.

On Saturday, April 5, the Boston Evening Transcript will print a generous amount of reading matter which will be of interest to real-estate owners in New England, investors and those who lease or have summer homes at the seashore, mountains or country.

Anyone having a house, farm, cottage or desirably located land for sale or exchange, or a summer place to rent for the season, will do well to secure advertising space in this issue, for it will have a wide circulation among interested people all over the United States.—Advt.

WEDDING BELLS.

GILES-ACHORN.

The leading society event of the year thus far was the brilliant wedding last Wednesday evening at the Congregational church, followed by a reception at the home of the bride's parents. The bride was Bernice Edna, daughter of Mr. and Mrs. J. T. Giles; the groom, Harry Carver Achorn, of Boston.

Beneath a canopy stretching from the curb to the church door, the guests, who completely filled the auditorium, entered the church. Appropriate music was played by H. Everett Hall, of Bangor, who, upon the entrance of the bridal party, played Wagner's familiar wedding march from "Lohengrin".

The ceremony was performed by Rev. R. B. Mathews, pastor of the church. The double ring service being used. Following the benediction, and to the stirring strains of Mendelssohn's wedding march the party left the church, and proceeded to the home on South street, where the reception was held.

The bride is one of Ellsworth's most charming young women. She was graduated from the Ellsworth high school in 1904, and attended the Martha Washington seminary in Washington, D. C. during the school year 1905-6. She has always been a leader in the social events of Ellsworth, and is deservedly popular.

The groom is a former Ellsworth boy. He holds the responsible position of superintendent of the New England Confectionery Co., of Boston. Mr. and Mrs. Achorn expect to take up their residence in Brookline.

The best man was Joseph Woodward, also a former Ellsworth boy, now of Bangor and Bar Harbor, cousin of the groom.

The ushers were Howard E. Morse and Charles Carswell, of Boston, F. Carroll Burrill, of Portland, and Leon E. Rowe, of Ellsworth.

Little Rachael Haynes, daintily dressed in white batiste, was train-bearer.

The bride was charming in white imported bridal crepe with overdress of hand-made pointed applique, yoke and sleeves of white chantilly lace. Her veil of white bridal net with duchesse lace was tastefully draped in cap effect with a wreath of orange-blossoms. She carried a shower bouquet of lilies-of-the-valley and wore a diamond and sapphire pendant, a gift of the groom.

Mrs. Giles wore a wistaria charmuse, with trimmings of silver lace; also diamonds. Miss Hazel Giles, the maid-of-honor, a sister of the bride, wore yellow satin charmuse with overdress of yellow accordion plaited chiffon, trimmed with crystal bead trimmings, and carried a bouquet of yellow marguerites.

The flower-girls were Misses Christina Doyle, Dorothy Coughlin, Margaret Hall-Helen Shute, Winifred Doyle and Martha Milliken; they wore pretty gowns of different colors, and all carried bouquets. Miss Hall's dress was pink and white; Miss Shute's dress was yellow; Miss Milliken's pink; Miss Winifred Doyle's lavender; Miss Coughlin's light green; Miss Christina Doyle's pink and white.

Mrs. F. Carroll Burrill, a sister of the bride wore a beautiful gown with gold-beaded tunic over light blue satin charmuse, with slippers to match. Miss Bertha Giles, another sister, was charmingly gowned in pink satin with lace and pearl trimmings, and slippers to match. Mrs. C. R. Burrill wore blue silk chiffon over silk with silver hand-made trimmings.

At the house the newly-married pair received their guests most graciously. In the receiving line and assisting them were the parents and sisters of the bride, the mother of the groom, and Mrs. S. B. Woodward, an aunt of the groom.

The bridal gifts were good to look upon—many and beautiful; ornamental and useful, and excited the admiration of all. Out-of-town guests, besides those already mentioned, were the groom's mother, Mrs. Sylvia Achorn, of Boston, Mrs. Margaret E. Woodward, of Bangor, Mrs. Emily E. Carswell, of Boston, Mrs. Joseph Woodward, of Bangor.

Mrs. F. C. Burrill and Mrs. Charles R. Burrill served; they were assisted by Mrs. Harry W. Haynes, Misses Hannah Holmes, Louise Eppes, Mary Holmes, Harriet Rollins and Susie Jordan. Miss Bertha Giles poured, assisted by Mrs. C. C. Knowlton and Miss Catherine Hurley.

Mr. and Mrs. Achorn left on the 10:53 train; they were preceded to the station by a group of friends who made things interesting for them as they boarded the train, showering them with confetti and all sorts of good wishes for a long life of wedded bliss.

The decorations at both the church and the house were most artistic.

At the church the only flowers used were Easter lilies. Heavy strands of laurel roping were festooned from the central chandelier to the top of each window, and from the smaller chandelier over the pulpit two strands of the laurel rope led back to the first window on each side, while two other ropes were caught up to the arch at either side of the organ. This effect was duplicated from the chandelier at the rear of the church over the gallery.

Around the walls, festoons of the laurel were draped between the windows and across the front of the gallery where they were caught up by bunches of lilies. Large baskets filled with Easter lilies hung from the laurel ropes in the centre of the wall space at each side of the pulpit, and the windows were filled with pots of lilies.

The beautiful mahogany pulpit, draped with laurel and banked with ferns and

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

palms, among which were set great bunches of lilies, formed a rich setting for the picture made by the wedding party. The house decorations were simple but effective. Scarlet carnations were used in the hall and the stair-rail was trimmed with laurel. In the parlors the colors were white and yellow. The mantels were banked with ferns and carnations, and the spacious bay window was filled with ferns, marguerites and genistas. Bouquets of yellow tulips and white carnations were effectively placed about the rooms.

The dining-room was bright with yellow daffodils, bunches of them being hung on the walls and a large centerpiece of the same decorated the refreshment table.

The entire scheme of decorations was designed and executed by Miss M. A. Clark, of Ellsworth.

ELLSWORTH REUNION.

EIGHTH ANNUAL A GREAT BIG SUCCESS.

HUNDREDS OF OLD FACES - MANY NEW ONES - NO LET-UP IN THE ENTHUSIASM.

BOSTON, April 1, (special) - Weather conditions were favorable last Friday evening, and the eighth annual Ellsworth reunion in Paul Revere hall came within nine of reaching the high record for attendance. There were 548 persons present, and there is no doubt that the occasion was a most happy one.

Many were there who had never attended one of these delightful meetings of Hancock county citizens or former citizens and their relatives and friends, and it is the sight of unfamiliar faces and the sound of voices long unheard which provide the reunions with their greatest source of pleasure.

For those who cared to dance there was most excellent music by Poole's orchestra which gave a concert in the ball-room from 8 to 9, and refreshments were served in the hall and the dining-room adjoining. There were no speeches and no singing - and this in spite of the fact that Deasy, of Bar Harbor, Hancock county's brilliant before-at-or-after-dinner speaker was there; and also were Mabel Monaghan Swan and Alice M. G. Swan. To read about these reunions one might think that they are very quiet affairs. They are not. They are, in fact, noisy. A small orchestra would be buried in the buzz of conversation.

"Reunioning" began this year at 6.45, when the Floor-Directives Howard H. Adams arrived on the scene and got acquainted with the first arrivals, W. M. Doyle, of Hyde Park, and E. L. Fullerton, of Reading. From that time until 10 o'clock there was a steady procession of new arrivals.

At 9 Mr. and Mrs. William P. Clough led the grand march, as they have done at nearly every reunion, and the floor was soon gay with dancers. Mr. Adams' aids were Mrs. Charles E. Bullard, Mrs. Lyman L. Lord, Miss Marion L. Bartlett, Mrs. Morey Tripp, Miss Ella F. Jordan and Messrs. Lyman L. Lord, E. E. Jordan, Walter L. Smith, Oliver L. Angell and Herbert Foster. They succeeded in getting F. S. Lord to dance, but failed to induce L. B. Deasy, of Bar Harbor, to venture out upon the slippery surface.

The dancing went on until about midnight. The order follows. It was noticeable that the quadrilles received heavy scores.

A LIST OF THE DANCERS.

2. Waltz.....Folks at Home
3. Schottische.....Picnic Days
4. Two Step.....Our President
5. Quadrille.....The Good Old Times

Many whom regular attendants at the reunions expected to see this year were kept away for one reason or another, but, as was said above, there were new comers, and President Kendrick and her fellow-officers were assured again and again that this reunion was the best yet held.

Probably the longest trip to the meeting was made by Mrs. Harriet Benson Tracy, of Brownville, Texas. Mrs. Ann Carroll came down from Springfield, Maine, with her son Lawrence, and seemed to enjoy the party as much as anyone could, and, of course, that is saying a great deal with the crowd that came Mrs. H. C. Woodward and Miss Alice Dresser.

Mrs. Josie Essington Banford, of Lawrence, came to the reunion for the first time, and appealed to Floor-Director Adams to find some old friends for her. In the midst of three months there stood before her Capt. W. C. Bellamy, Frank Milliken, Milo Austin, Fred Davis and "Gus" Hodgkins, all of whom had been her schoolmates. None of them had seen Mrs. Banford in fifteen years or more. "Gus" was the only one who recognized her at the first scrutiny.

Such little reunions make the occasion what it always is, the big event of the year for several hundred Massachusetts citizens.

During the last year the officers have been: Mrs. Fred H. Kendrick, president; Mrs. Morey Tripp and Mrs. Lyman L. Lord, vice-presidents; Miss Ella F. Jordan, secretary; Howard H. Adams, corresponding secretary, and Stetson Foster, treasurer. Their work has been worthy of high praise. They will help elect their successors next Friday evening, April 4, at Mrs. Kendrick's home, No. 2 Wellington street, Boston, when the annual meeting will be held. And to this meeting Mrs. Kendrick cordially invites all who are interested in the work for next year.

POSTOFFICE IMPROVEMENTS.

New Furnishings for Entire Building Allowed by Government.

The Ellsworth custom-house or post-office building, recently enlarged, will be almost refurnished throughout when the new equipment and furniture allowed by the government are in place. Some of it is already here. Just now the building is receiving the most thorough cleaning and renovating in its history at the hands of Janitors Ralph Cushman and Clifton Beal. They are giving the building a thorough cleaning from top to bottom.

Collector O. W. Tapley, as custodian of the building, and Postmaster J. W. Nealey, in the interest of his department, have asked for new furnishings and equipment for the building, practically all of which have been allowed.

Additional improvements on the building itself include a new terrazzo floor in the corridors of the old part of the building, like that in the corridors of the recently-built addition. Contract for this has already been placed with a Bangor firm.

A change will also be made in boxes, to raise the lock drawers on the north corridor to a higher level.

Superintendent-of-Construction A. W. Griffin has also recommended other improvements for which provision has not yet been made. This includes the closing of the two present doors in the old part of the building, and the placing of a new turnstile door at the corner, midway between the two present doors; also the setting back of the postoffice screen flush with the boxes at the extreme end of the northern corridor, which would widen the corridor nearly two feet - an improvement which would be greatly appreciated.

New equipment for the postoffice already ordered, and some of which is here, will include a general-delivery newspaper case and table, four city delivery carrier routing cases, four rural delivery routing cases, a combination letter and newspaper separating case, a new bag rack with capacity for forty to fifty bags, a money-order registry case, a wing mailing case, three clocks, office chairs, mirrors, etc.

In the collector's department there will be a new sectional letter-filing cabinet and new typewriter table. New rugs have been laid in the postmaster's and collector's rooms. There will be new window-shades throughout the building, and twenty-one metal individual lockers for employees in all departments of the building will be installed.

Outside the building, in addition to the appropriation allowed for grading and seeding the grounds, as already reported, provision has been made for extending the wall and coping on the south line of the government lot about fifteen feet along the Burrill lot adjoining.

Closing Basket Ball Game.

The basket ball game at Hancock hall Friday evening between Ellsworth high and Bluehill A. A. was one of the closest and most exciting of the season. The Ellsworth boys put up a strong game against their heavier opponents, who won by the score of 26-20.

The local boys were seriously handicapped throughout the game by the illness of Capt. Whitcomb, who has featured for them in all previous contests. Capt. Whitcomb showed the highest courage in staying in the game, although his weakened condition was made manifest by his failure to play up to his usual brilliant standard.

The victory was not easily won. The visiting team found it difficult to cover McGown, who was the particular star in the first period, which ended with the score 10-10, and it looked as if, in spite of the great odds, the home team might triumph.

In the second period, with two of Ellsworth's players disabled, Bluehill could not be kept from scoring frequently, and the contest ended in the survival of the strongest. Individually, the E. H. S. five acquitted themselves with great credit, while Lane and Grindle, of Bluehill, starred for the winners.

The Ellsworth boys close the season with seven games won and seven lost, which is a creditable showing, considering that this is the first season of basket ball for any of the players, and they have averaged much lighter than the men opposed to them. Ellsworth has played a strictly high school team; in fact, the team is composed entirely of juniors and sophomores.

OBITUARY.

RODERICK M'KENZIE PALMER.

Roderick McKenzie Palmer died yesterday at the Jones farm on High street, after a long illness, aged forty-four years. He was a native of Bangor. He came to Ellsworth when a young man to assist his brother, Frederick S. Palmer, in installing the electric-lighting plant.

He married Sallie C., daughter of Mrs. Charlotte Jones, in 1891. Soon after their marriage they moved to Cambridge, Mass., where Mr. Palmer was engaged for many years in the electrical specialty business. On account of failing health, he was compelled to give up his business last July, and came to his wife's home here.

He leaves, besides his widow, one brother - Frederick S., of Somerville, Mass., and two sisters - Mrs. Alfred Walton, of Bangor, and Mrs. Clarence Dodge, of Lyndonville, Vt. Mr. Palmer had many friends both in Ellsworth and elsewhere, who extend sympathy to the family.

The funeral, private, will be held at the house to-morrow afternoon, Rev. R. B. Mathews officiating.

'Tis the honest statement of a resident of this locality. Mrs. R. I. Moore, Ellsworth Falls, Me., says: "I verify all I said in praise of Doan's Kidney Pills when I previously recommended them, and authorize the continued publication of my endorsement given some years ago. In December, 1908, I came home from the hospital where I had undergone an operation. All that winter I was miserable, with a severe attack of kidney trouble. The pain in my back was almost unbearable, and medicine and doctors' treatment failed to do me any good. SIDEWALK ON SHORE ROAD—THIS YEAR'S STATE ROAD MONEY—ROLLS OF ACCOUNTS.

There were two meetings of the city government in one last evening, with the full board present; Mayor Cunningham in the chair.

The meeting was called to order for the recess of the annual meeting, but there being no unfinished business, this meeting was promptly adjourned, and the regular monthly meeting was called to order.

After the reading of the records, the clerk read a letter from ex-Mayor A. C. Hagerthy expressing his deep appreciation for the courtesy shown by the board in taking a recess on March 10, out of respect for his son, the late Alexander R. Hagerthy.

Rolls of accounts were passed as follows:

ROLL OF ACCOUNTS NO. 2. Table with columns: Fund, Name, Amount. Lists various departments like Police, Fire Dept, School, etc.

STREET COMMISSIONER'S ROLL.

Table with columns: Highway, Sidewalk, Amount.

TEACHERS' SALARY ROLL.

Table with columns: Common schools, High school, Amount.

Bonds of officials were approved and filed as follows: Charles W. Joy, treasurer, \$5,000; J. H. Bressanum, as special collector, \$3,000; D. L. Fields, constable-at-large, \$500; Fred B. Marden, street commissioner, \$500.

limits in front of his house on Hancock street. Referred to the committee on highways, with power.

Request for privilege of erecting an iron pole for electric sign at the edge of the curb in front of the Century Boot Shop was referred to committee on highways.

The matter of sewer near the Osgood stable was referred to Alderman Moore, with power to act with the street commissioner in having same cleared.

Alderman Clark reported that he had been informed by sea-captains that unless the harbor-master was a paid official of the city he was without official power to act, and suggested that a nominal salary be fixed, if not more than one cent.

The board voted a salary of \$5 annually. Salaries of city marshal and night policeman were increased from \$1.50 to \$1.75 a day.

A communication from the East Maine insane hospital asking for the appointment of a guardian for Edward Carney, an insane patient, was read by the mayor. Action was deferred, pending legal advice on the same.

The mayor read a communication from the State highway department stating that this year's apportionment to Ellsworth for State road work was \$562. There was some informal discussion by the board as to the location of this year's State road work. Alderman Heath thought it should be on the Ellsworth Falls road near Pond spring. Ald. Clark thought the work should be continued out High street.

It was voted to refer the matter of location of State road work to a special committee of three to be appointed by the mayor. The mayor appointed the regular committee on highways—Ald. Heath, Richardson and Moor.
