When Sch. Calista Was Lost
Editor of The Courier-Gazette:—

Will some of my boyhood friends please find out the year that the Schooner Calista was lost. She was in command of Capt. Bill Fountain, and Capt. John Webster was mate. He was Frank Webster's father. I also have in mind another vessel that was in company with the Calista and that one was the Schooner Corvo. Capt. John Tyler in command. Both were given up as lost and finally one afternoon the Corvo came into the harbor with no sails except the foresail. I was at school at the time. The captain got a send-off. Everybody gave him the glad hand. I do not know, because I have been away from Rockland nearly 44 years, but I do not think that Capt. John ever went to sea again.

TEAM MAY DISBAND

Only Three Season Tickets
Sold On "Street" For the
R. H. S.—Finances Bad

The question as to whether Rockland High School is to continue its baseball or not is squarely up to the citizens of Rockland and the students of the school. If definite and prompt purchase of season tickets is not made within the next week the team is to be disbanded and the sport dropped.

This ultimatum was plainly announced by Principal Blaisdell at a special assembly yesterday afternoon and it is a final and actual situation. Over \$400 was lost at football last fall and it has been necessary to spend \$150 thus far for new baseball equipment. Guarantees and other expenses will bring the total to several hundred dollars and the potential assets are small.

Only three (3) season tickets at \$1.50 for all home games were sold in the Tuesday canvass of Main street. That in itself creates a serious situation. The sale of student season tickets has been in doldrums of equal failure. The special assembly was called by Principal Blaisdell to consider this situation and from down town he brought Willis I. Ayer and John M. Richardson to talk the matter over with the students. Principal Blaisdell and Miss Anna Coughlin spoke for the faculty while Miss Doris Coltart of the student council presided like a veteran.

The seriousness of the situation was recognized by students and visitors alike in a frank discussion and the result is this effort to meet the

COLBY COLLEGE NEWS

Horace P. Maxey of the class of 1929 at Colby has been home, called by a death in the family.

Sydney and Richard Snow of Rockland have been visiting friends at Colby, having come down from Massachusetts Institute of Technology to attend the Zeta Psi fraternity dance.

At present there are 36 secondary schools which have signified their intention of entering contestants in the Lyford prize speaking contest. This is already the largest number ever entered in the 29 years in which these contests have been held.

emergency. The students have agreed to buy 100 student tickets and during the next few days the men on the "Street" and in the offices will be approached with the belief that the citizens will buy 100 of these tickets at \$1.50.

The team this year is coached by a Rockland man, Charles C. Wotton who is making valiant efforts to whip a real machine into shape. The school and citizens owe it to him to support the team by buying season tickets, rather than having the word go out that Rockland High School has disbanded its team and forfeited its schedule through lack of interest. In all probability this will be the last season Rockland will see this year.

Opening School Game At Community Park Finds Rockland Loser Despite Sensational Play

Community Park, crawling out of winter quarters, echoed yesterday to the cracks of the bat, and the baseball season of 1929 was on. Coach Wotton's colts made a gallant attempt to open the season with a victory, but the young Belfast pitcher, Johnson, was too much for them and Rockland High was defeated 4 to 3.

The teams trotted along neck and neck for seven innings, but there was a ticklish spell in the first half of the fifth, when Belfast had the bases loaded, with none down. This situation was a very bad one, but it unexpectedly afforded Philip Dondis an opportunity to bask in the spotlight. Happened like this!

Black, the Belfast second baseman, reached first when Butler dropped his fly in right field. York was safe on a dropped third strike, and Davis was patched. Brown, who had been temporarily occupying the box for Rockland gave way to A. Bickmore, who found himself in a very bad box, with three on and none down. He fanned Horne, who was tagged out by Dondis, who had dropped the third strike. Black started for home and was also tagged out by Dondis, who then threw to Murphy, catching York. It was some moments before the majority of the spectators realized that a triple play had been made, and then the rafter's rang.

Belfast scored one run in the seventh and it was sufficient to win the game, although Rockland had

men on second and third in the same inning, with only one down.

Belfast again loomed dangerously in the last inning, but some fine work by the outfield by E. Bickmore and Hall prevented further scoring.

Johnson had the distinction of fanning 22 men, but his wildness was somewhat of a fly in the ointment for he passed six and plugged two. Dondis was the only Rockland man to hit safely making a single and a double. Had the team batted as well as it fielded there would have been a different story to tell.

Among the interested spectators were Phil Jones, former Rockland coach, who almost had to make a speech; Miss Coughlin, beloved by all the pupils; ex-Senator H. C. Buzzell of Belfast, one of whose four sons plays on the team; and Coach Richards of Camden High.

A DOZEN MUSTERS

May Be Held In Maine This Year—Some Hand Engine Gossip

The annual meeting of the Maine State Hand Engine League, Inc., will be held with the Westbrook Veteran Firemen's Association May 11 and everything points to a very interesting meeting.

The most important business to be considered will be the number of musters to be held this year in this state. Several bids will be heard for the annual payout, and it is expected that at least a dozen musters will be held.

No important changes will be made in the bylaws at the meeting but it is expected that there will be some very hot contests at the election of officers.

Vice President Edwin L. Palmer of the Portland Association has announced his candidacy for president and has the present president, Frank T. Fortier of the Baxter Association of Bath.

For the position of vice president there are several in the field including Westbrook, Randolph, Bath and Rockland, although no one has announced his intentions officially.

It is expected that the present secretary, Charles W. Berry of Brunswick, who has been the league secretary since its organization, and who was influential in getting the organization incorporated, will seek re-election. He has not announced his intentions to run, but it is known that he has received several letters of encouragement and promise of support from several of the most prominent members. It is expected he will announce his candidacy in a few days.

The present treasurer Charles W. Lawry of the Rockland Association is serving his first term as treasurer. He will not be opposed, and should be re-elected with a large majority.

The league elects seven judges at its annual meeting and it is expected that most of those who served last year will be returned. The Androscoggin Association of Topsham will send a large delegation to support its candidate, William O. Sedgley, who served so well at the pipe the past year. The Portland Association will support Judge George W. Platt who has held this position for many years. The Baxters of Bath will bring forward the name of Scott Morse, as it has done many times successfully. Randolph also will be represented on the board of judges with the name of George Hunt.

The Triumph Company of Waldoboro has bought a new machine (the Robert Cosgrove, formerly the Baw Beans) and will without doubt, send a good delegation to this meeting in May.

It is expected that the ex-Chief John F. Cutter of Newburyport will be present at the meeting.

EMBEZZLEMENT ALLEGED

Wilfred S. Fales, postmaster at Winslow's Mills, was arraigned on an embezzlement charge in U. S. District Court this week, and is awaiting sentence under \$3,000 bail.

TALK OF THE TOWN

James Flanagan will act as caddy master at The Samoset this summer.

The James F. Sears Hose Co. has its annual gift ball May 25, in Watts hall, Thomaston.

The Maine Pharmaceutical Association holds its annual convention at the Rangleys Lake House June 26-28.

A State Klorer, or State convention of the Ku Klux Klan will be held in this city June 1st, and it was announced yesterday that Hiram W. Evans, the Imperial Wizard will be present.

Charles G. Hewett has sold his house on Broadway to Charles A. Woodcock, superintendent of the First National Stores, who will have his headquarters here. His territory includes the stores from Searsport to Brunswick.

Harland D. Edwards, Allen de Mass, Gleason Blake and James Thompson, local young men, will appear in Municipal Court tomorrow morning charged with creating a disturbance on Rankin street at 11 o'clock last night. The police allege they were trying to buy some wine from Harry Benovich.

The Colcord restaurant, which has been located near Strand Theatre was moved yesterday to Rockland Trotting Park where it will be remodelled into a ticket office. The removal was speedily conducted through the medium of Fred M. Blackington's powerful truck. Officers Ingraham and Price doing escort duty on Main street.

The funeral of Fred S. Macomber who died at the Elks National Home in Virginia, after five years' stay there, was held at the Elks Home in this city Tuesday afternoon. Rev. W. S. Rounds officiating. The burial was in Achorn cemetery. Mr. Macomber was a son of the late George Macomber, and his early life had been spent in this city. His last active employment was as jeweler in Portland. He leaves no near relatives.

The announcement of the opening of the Newberry 25c & 10c store contained in this issue is real news, for the public has been watching the finishing touches being applied to the big store with much interest. Yesterday workmen were engaged in putting the exterior into shape for inspection and a small army of clerks was busy on the stock under direction of Manager A. P. Beaulieu. There will be 75 salespeople on his staff Saturday morning at 8.30 o'clock when the doors are opened for business. Friday afternoon from 3.30 to 5 and Friday evening 7.30 to 9 the store will be open for inspection, no goods whatever being sold at that time.

The people of Rockland will have the opportunity of viewing the first star of the cinema in a new role when Vitaphone presents Henry B. Walthall in "Retribution" a dramatic playlet at Strand Theatre Friday and Saturday. Walthall has been called by critics, "the first cinema star," because he had the first great role in the movies. It was that of "The Little Colonel" in D. W. Griffiths "Birth Of A Nation" and for years it was considered as the greatest bit of acting upon the cinema. In his Vitaphone debut Walthall is as lovable as he was in "The Birth of a Nation." Gus Arnheim and his novelty orchestra are on the same bill. "Stolen Kisses" a talking picture with May McAvoy is the feature attraction.

The Knox Memorial Association, Inc., met in this city Tuesday and contracted with H. N. Spaulding of Boston to conduct a drive for the funds which will be necessary for the construction of a second "Montpelier," as a memorial to the distinguished gentleman who owned the original "Montpelier" and who served under President Washington as Secretary of War and Navy—Gen. Henry Knox. The Association has on hand about \$60,000 and desires to raise \$150,000 additional in order that the task may be carried out fittingly. Mrs. Lois Creighton, vice president, presided Tuesday in the unavoidable absence of Mrs. Herbert M. Lord, the president. The devoted band of workers, with this very worthy object in view, is resuming the task with energy and enthusiasm. Mr. Spaulding has conducted a number of very successful drives in this city, but this differs from the others in that the campaign will be of nationwide moment.

YOUR FAVORITE POEM

If I had to live my life again I would have made a rule to read some poetry and listen to some music at least once a week. The loss of these tastes is a loss of happiness.—Charles Darwin.

IMMANENCE

I come in the little things,
Saith the Lord;
Not borne on morning wings
Of majesty; but I have set my feet
Amidst the delicate and bladed wheat
That spruce triumphant in the furrowed soil,
There do I dwell, in weakness and in power;
Not broken or divided, said our God!
In your straight garden plot I come to flower;
About your porch my vine,
Meek, fruitful, doth entwine:
Walls, at the threshold, Love's appointed hour,
On every nest
I come in the little things,
Saith the Lord;
Yes, on the glancing wings
Of eager birds, the soft and pattering feet
Of furred and gentle beasts, I come to meet
Your hard and wayward heart. In brown,
bright eyes
That peer from out the brake I stand confest,
Where feathery patience is content to brood
And leaves her pleasure for the high emprise
Of motherhood—
There does my Godhead rest.

I come in the little things,
Saith the Lord;
My starry wings
I do forsake
Love's highway of humility to take:
Meekly I fit my stature to your need.
In beggar's part
About your gates I shall not cease to plead—
As man, to speak with man—
Till by such art
I shall achieve an immortal plan,
Pass the low limit of the human heart.

MR. WHITFORD RESIGNS

The resignation of General Secretary Alfred H. Whitford, after 46 years of continuous service in the work of the Young Men's Christian Association, recalls the fact that he was the first secretary of the Rockland Association and that his efficient service here paved the way for a record which resulted in his being listed by Association Men, the Y.M.C.A. newspaper, as one of the first 10 leaders in association work throughout the world. Forty-six years is a long time in which to wrestle increasingly with the vital problems of the boy and the man, but it has not served to lessen the ardor with which Secretary Whitford has continued to approach his labors. Significant also is the statement which he made upon tendering his resignation. "I have never believed more in the Young Men's Christian Association than I do today," he said. Would that his unflagging spirit had remained as an inspiration for the Association in Rockland so that it might have lived to this day an organization of the greatest public value as it was during Mr. Whitford's administration here. But it was not ordained that he should spend a lifetime in such a small field, and one of the great Eastern centers gained what Rockland lost.

It does not require an unusually keen sense of perception to discover that the W.C.T.U. forces and other advocates of prohibition are nearing the cross-roads where perhaps another great battle must be fought for the cause. Wisconsin has spoken against prohibition and its example is being quickly followed by the Illinois Legislature. According to an analysis made by the W.C.T.U. the situation in Wisconsin is not nearly as bad as the action of that legislature would seem to indicate, for in the recent referendum there was a gain of 20,000 dry votes while 31 counties voted dry this year as compared with 18 in 1926. This offers consolation in some degree, but the fact remains that the Wisconsin Wets were in the majority by the ratio of better than two to one. Similar results in many other States could not fail to have its effect upon the morale of the country—a morale which has enough other things to disturb it. In this connection the following statement issued from the headquarters of the National W.C.T.U. in Evanston, Ill., carries special significance:

"As these two trees grow and spread their branches, so the cause of temperance shall grow and spread throughout the world." The late Frances E. Willard, founder of the W.C.T.U., spoke these words 55 years ago as she planted two small horse chestnut trees behind Rest Cottage, her home in this city. The trees took root and grew rapidly. In time they became known as the Temperance Trees because of the custom of posting bulletins on them announcing the progress of prohibition in various States. Recently they began to show signs of decay. Because of their connection with Miss Willard and their dedication as symbols of the cause of temperance, officials of the W.C.T.U. were anxious to save them. Davey tree experts found the areas of decay extensive and a major operation necessary. The trees are recovering and should live for several generations.

One does not hear quite so much nowadays about romance of the whaling industry, but there is something quite practical not to say satisfactory, in the announcement that the steamer C. A. Larson has arrived at Staten Island with a cargo of whale oil valued at \$3,500,000—said to be the largest cargo of its kind ever received at New York. The six months' cruise had netted 75,000 barrels of whale oil.

The Bureau of Public Roads announces that 399 railroad grade crossings were eliminated last year from the Federal Aid highway system and that 4291 such crossings have been excluded since 1917. And now there must be devised some method of eliminating the thousands of careless drivers with which the country is infested.

King George has issued a message thanking his subjects for their solicitude during his long and severe illness. There was hardly any corner of the civilized globe where similar concern was not manifested.

Former Congressman Ira C. Hersey is a candidate for appointment to the Federal Farm Board. Mr. Hersey represents a very important farming section, and his appointment would be something more than a "Lame Duck" assignment.

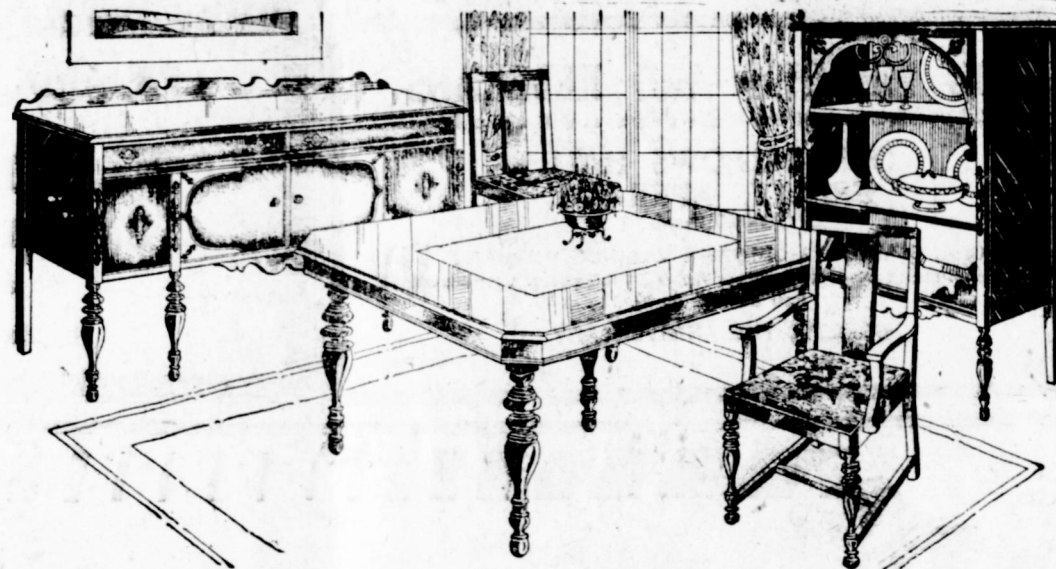

Mirror Lake is full to the level of its banks. But as it is water, and the purest drinking water, at that, no arrest will be made—except by the dam.

.....

Elder E. F. Robertson held a series of meetings at the L.D.S. church last week and attendance was fair considering the rainy weather. Special singing was conducted by Mr. and Mrs. Herman Young and Mrs. Floyd Young. Elder Robertson who resides in Stonington, formerly came from Lincoln, Nebraska. His stay in Stonington has been since last fall.

There was a large attendance of young people at L.D.S. church to see the Bible play, "Ninety and Nine."

Bennie Burgess has returned to Westbrook after visiting relatives here.

Mrs. Charlotte Jordan is expected soon from Worcester, Mass., to live with her brother Walter Mills during the summer.

All are cordially invited to attend Sunday school at the L.D.S. church each Sunday from 9:45 to 10:45 a. m., under the direction of Mrs. Elizabeth Burton. Special singing each Sunday.

There was a social gathering at Mr. and Mrs. George Lawry's last Wednesday and those present were Mrs. Henry Walls Mrs. Albert Ranquist, Mrs. Henry Newbert. Refreshments were served and singing enjoyed. The company was pleased to have with them Mr. Lawry as he soon leaves for New York to command a yacht this season. Accompanying him will be several Vinalhaven men. All wish him success. He is leaving Monday after being home only ten days, having spent the winter in the South.

WARREN

There will be a union service next Sunday evening at the Congregational church to which members of Warren Lodge, I.O.O.F., and Mystic Rebekah Lodge have been invited. The pastor, Rev. C. D. Paul, will speak, using "Fidelity" as his subject.

Mr. and Mrs. George Eaton of Marlboro, Mass., visited friends in town Sunday.

F. Crockett Brown and Miss Lila C. Jones of Boston were dinner guests Saturday of Mr. and Mrs. W. F. Overlock.

Charles R. Overlock left Monday for a visit in Newton Centre, Mass.

Percy Kenniston has moved his household goods from the W. L. Lawry rent and with his family is now with his parents, Mr. and Mrs. Fred Kenniston.

Credit for the early dandelion greens dug last week belongs to Mrs. Annie (Spear) Davis.

Sunday morning at the Baptist church the thought of the sermon will be "Cooperation." The evening service will be omitted in order that all may attend the 110th anniversary service of the L.O.O.F. at the Congregational church.

The annual supper, reports and election of officers at the Baptist church will be held May 4. Every member and all contributors to the work are urged to be present. Supper served at 6 o'clock.

Mrs. Earle Robinson went Tuesday to Portland for a few days' stay.

The Central Maine Power Company installed a fine electric refrigerator in the G. H. Gardiner drug store Tuesday, for demonstration to the general public. Everyone is invited to call and inspect the exhibit.

FRIENDSHIP

Mrs. Almon M. Wallace entertained her aunts, Mrs. Abbie Fernald, Mrs. Jennie Simmons and Miss Georgia Winchenpaw Tuesday.

Capt. Josiah Poland and Stanley Poland went to Matineus Monday and loaded 4800 pounds of lobster which they took to N. F. Trefethern's shop in Portland.

Capt. Harold Leeman of Bailey's Island was in town Tuesday. Francis B. Winchenpaw is building a 45-ft. lobster snack for him.

The lobster fishermen at the Harbor are all equipped and ready to put out their traps as soon as the weather permits. It has been very rough outside the harbor.

Edward Delano of Georges Island was in town Tuesday and put into commission a new 30-foot lobster boat which Eugene A. Brown built for him.

Mr. and Mrs. Earl Fields of Monhegan were in town Monday.

LaForest R. Burns and Capt. A. J. Sterling are assisting Capt. James Burns at Trefethern's pound getting it ready for lobsters.

William Delano is confined to his home in Lawry by illness.

Mrs. Ilbur A. Morse entertained the Ladies' Aid Wednesday.

William Bramhall has put out the Village Improvement Society float at C. H. Stenger's wharf. An electric light, furnished by Mr. Stenger will be an added equipment this year.

Myron Hahn of Rockland visited Dr. and Mrs. William H. Hahn recently.

WALDOBORO

Mr. and Mrs. John Devorak are moving into Dr. B. E. Flanders' house on Pleasant street.

Paul Rowe was at home from Auburn for the weekend.

Mr. and Mrs. S. H. Weston were in Bremen Sunday.

Postmaster William C. Flint has received a letter from John Hugh Stanton of Portland, Oregon, in which he enclosed a clipping of local interest. It is illustrated by an Associated Press picture of the ship George Curtis being burned on Puget Sound and says "Finis was written for the sailing days of the famous old ship George Curtis when she was burned here recently. The George Curtis was constructed at Waldoboro, Maine and sailed the seven seas before she became a cannery tender, a few years ago." In commenting on the fact Mr. Stanton remarks, "How many of us Down Easters ever thought when we were building these beauties that Seattle junkmen would be their final owners. What an ignoble end for such fine products of the Waldoboro yards in the days of iron men and wooden ships!" The George Curtis was built by A. R. Reed in 1884 and was named for the father of the late Edwin Upton Curtis, a former mayor of Boston.

All schools in town were closed Friday on account of the holiday.

Mrs. Osborne Welt is visiting in Rosindale and Sherbourne, Mass.

Holliston Linscott of Melrose, Mass., has been the guest of his mother, Mrs. Jennie H. Linscott.

The Odd Fellows will hold a public supper in their dining hall Thursday night.

Mr. and Mrs. Harold Thomas of Rockland were in town Saturday.

Prof. Herbert C. Libby of Waterville will speak in the Baptist church under the auspices of the Parent-Teacher Association May 8. A local orchestra will furnish music for the occasion. Prof. Libby is a brilliant speaker and will undoubtedly call out a large audience. Miss Agnes L. Creamer and Mrs. Carrie Perry are on the committee in charge of the meeting.

E. C. Moran of Rockland was a business caller in town last week.

The Susannah Wesley Society met with Mrs. Nellie Overlock Monday evening.

Mrs. Theresa Keene has returned from Thomaston where she has been for several weeks. She was accom-

panied home by her sister, Mrs. Abbie Montgomery.

Rehearsals for the play to be given for the benefit of the Waldoboro Band are going rapidly forward. The cast includes many able local amateurs and bids fair to be a great success.

Mrs. Jennie H. Linscott who has spent the winter in the South returned Saturday.

The Patriotic Social given at the Baptist church last Thursday evening was a great success. The occasion marked the opening of the holiday bags which brought in a comfortable

sum of money to be used in the repair fund. A pleasing program was carried out and refreshments served by the social committee of which Mrs. Gertrude Benner is chairman.

Miss Frances Simmons and Miss Elsie Mandel sang; a musical sketch was given with Mrs. Gertrude Benner, reader and Floyd Benner accompanist; Olive Piper and Barbara Sampson were enthusiastically received in their recitations; Mrs. Saxe Weston contributed a musical reading with Miss Gladys Bailey accompanying her on the piano; Mrs.

Maude Clark Gay read "The Kitten of the Regiment," an incident of the Civil War and Eugene Field's "Jest Before Christmas." The closing feature was a patriotic pageant with Misses Gladys Bailey, Marion Welt, Elsie Mandel, Freda Dalton, Barbara Benner, Betty Stahl, Agnes Gracie, Olive Piper and Edith Perry in the cast.

It's easy to make money as a farmer. You just work hard for twenty years and then sell out to a golf club. —Fountain Inn Tribune.

By Chapin Class

Harry Booth and John H. McGrath have been spending a few days at the former's camp at Molasses Pond. The trip furnished Mr. McGrath with an opportunity to give Bucksport the once over this being his native home, as well as "Old Jed Prouty's."

News has been received here of the death yesterday in Chicago of Mrs. Alice Wilson, a native of Rockland. She was a sister of Charles A. Mitchell, Oak street, who with Mrs. Mitchell, went on to Chicago Sunday, called by Mrs. Wilson's illness. Interment will be in this city.

ON MY SET

Opportunity offered a late session Tuesday night and it revealed that the dial offered numerous distant stations. Those which I logged were WLW, Cincinnati; WMAQ, WBBM and WENR, Chicago; WJR, Detroit; WJXS, Gary, Ind.; WHAS, Louisville; KMOX, St. Louis; KRLD, Dallas, Tex.; WWL, New Orleans; and CFRB, Toronto. The New Orleans station was especially welcome as it was new to my list, and made my 24th station. It was coming in very clearly.

I think I could have added 10 more stations to my Tuesday night log if the call letters had been announced more frequently. What I cannot understand is why an announcer will waste so much time on "guff" when the mere announcement of the call letters occupying an infinitesimal part of a second would carry so much satisfaction to late-hour listeners in different parts of the country. You who read this little department can aid in bringing about a change by writing your ideas to the station to which you have been listening.

In presenting a mystery drama which called for the croaking of a frog at a tense moment, station KGO ran a wire to a near-by swamp and at the proper instant, a switch was thrown so that the mike picked up the lusty voice of one of the greenbacks that make nightly chorus there. Comment from the listeners was mixed, some writing in that it was "real lifelike" and others saying the frog "sound effect" was crude.

Playing is work for Irma Glen, staff organist for WENR, whose radio programs are daily features. Miss Glen gives at least 55 solos each week, and she believes she walks at least 15 miles over the pedals of the huge organ every seven days.

More than a million men, women and children on the farms of America will be brought together by radio on June 7 when Louis J. Taber of Columbus, Ohio, national master of the Order of the Grange, or Patrons of Husbandry, will address Grangers and others from Washington, D. C. through a coast-to-coast network of NBC stations.

Ground was broken yesterday for the new transmitter of Station WEEI in North Weymouth. Authorization to erect a 1000-watt transmitter at Weymouth near the Fore River bridge was given by the Federal Radio Commission some time ago, after a request for an increase in power of the Boston station was refused. The new station will be in operation by July 1. Apparatus of latest design will produce a of the Boston station was refused, tant listeners will hear, and a signal strength which more studios will remain in Boston as at present, and telephone lines will be used for interconnection. This is good news to the local fans who are not finding WEEI too satisfactory of late.

Harold E. Watts has returned to Belmont, Mass., after a weekend spent with relatives in town. The Garden Club is holding its annual meeting this afternoon at the home of Mrs. R. O. Elliot at 3 o'clock. Nicholas Anzalone has a new Majestic radio.

Two large elms which stood in front of the A.P. store have been cut down. One of them was so twisted by the late gale that it was a menace to the public. The job was in charge of the road commissioner.

Repairs are being made to the brick wall of the M.C.R.R. station. A part of it had bulged out and had to be rebuilt. This building was built in 1893 or 94 and was one of the group of buildings erected for Gen. Henry Knox in connection with his historic mansion. It was servants' quarters and stood northwest of the mansion.

Temperature Wednesday morning at Capt. Chadwick's, West Main street 29 degrees above. At Albert Hall's,

Beechwoods street, 24 degrees above. A bit cold to sprout potatoes in the ground.

Gordon Spaulding who came home to spend the holiday has returned to Portland. Mayflower Temple, Pythian Sisters, has received an invitation to meet with the Camden Temple next Tuesday evening.

Miss Marian Starrett has returned from a visit with Miss Josephine Davis on Monahan.

Miss Cora H. Russell who has spent the winter among her friends in Massachusetts returned Tuesday night and is the guest of Mrs. C. H. Washburn.

Ramos Feehan is spending the week's vacation from Keene Normal School at home. He has just gained honors as Modest the Jew in the cantata of "Esther."

Mrs. Dorothy Schmidt, who has been the guest of Miss Helen Carr this week has returned to her home in Cushing.

Mrs. Evelyn Davis of Rockland, Mass., who has been guest of Mrs. Theodore Bradford has returned to her home.

Louis Hodges entertained friends at dinner Tuesday night.

Henry H. Hastings of Bethel and Phineas H. Gay of Newcastle, prison commissioners are registered at Knox Hotel. Joined by Alva W. Gregory of Rockland they are inspecting the State Prison.

A good sale of tickets for the play tonight, "Mother Carey's Chickens" is reported.

A practice game of baseball was played on the local grounds Wednesday, St. George vs. Thomaston.

Russell Gray has returned from a trip to Boston and New York.

Baseball Saturday afternoon, Camden vs. Thomaston at Thomaston, league game.

Webster Clark, expressman between Thomaston and Rockland is driving a new Reo speed wagon.

Mr. and Mrs. Woodbury Richards are being congratulated upon the birth of a daughter Monday night, at the home of their aunt, Mrs. Levi Jones.

The Ladies Aid of the Methodist Episcopal church will meet at their vestry Friday afternoon at 1.30 for a knitting. A good attendance is desired as there is much to be done.

Lawrence H. Dunn is having the exterior of his buildings painted. Capt. Alton Chadwick and crew are doing the work.

Miss Katherine Killoran is reported as improving in health.

The town treasurer announces that all checks for road work that are not obtained at the town office Tuesday or Wednesday evening of each week, may be obtained at the Thomaston National Bank for the balance of the week. All other checks will be mailed, with the exception of the teachers' payroll checks, which may be obtained at the George National Bank the Friday nearest the 20th of each month.—adv.

SOCIETY

In addition to personal notes recording departures and arrivals, this department especially desires information of social happenings, parties, musicals, etc. Notes sent by mail or telephone will be gladly received.

Mr. and Mrs. E. L. Stone celebrated their second anniversary last Saturday with the following friends at dinner: Gilman Stone, Miss Martha Stone, Mrs. Addie Catland, Carroll Fuller, Miss Mary Buttomer, Mrs. Ida Lewis, Mrs. Adelia Smith. The dining room, in which the delicious chicken dinner was served was prettily decorated with pink, white and lavender crepe paper. The evening was spent with selections on the phonograph and vocal selections by Miss Ida Lewis, accompanied by Mrs. Snow.

Mr. and Mrs. W. O. Fuller and Commander and Mrs. Douglas W. Fuller whose guests they were in Philadelphia, spent the weekend at Atlantic City.

Mrs. Sadie Leach held her eighth recital last Sunday afternoon, with this program, which gave much pleasure to the visitors and pupils, as well as gratification to Mrs. Leach: La Spagnola, Chari, Ariene Gray; Waldermarch, Abt-Neures, Thelma Spear; Mummuring Waves, Kahlert, Myra Watts; Les Sylphes, duet, Bachmann, Thelma Spear and Mrs. Leach; In a Garden, James, Daisy Gray; Walzertraum, Jahn, Olive Jameson.

Miss Dorothy Blaisdell of Marblehead, Mass., arrives home tomorrow to spend a week with her parents, Mr. and Mrs. A. P. Blaisdell. Mrs. Blaisdell who fell and broke her right arm, is getting along comfortably.

Mrs. Adelaide Butman who has been spending the winter in Boston has returned and is opening her home at 41 North Main street.

Monday evening Miss Phyllis Wyllie and Mrs. Clara Curtis made several calls on friends to pass the time away while waiting for a friend to take them to Miss Wyllie's home in Warren. After waiting until 8 o'clock it was decided that it would be too late to visit Warren, and so they went back home. When Mrs. Curtis turned the lights on she fully decided however that Warren had come to her home. Cards were in order followed by a luncheon which proved to be a double birthday celebration. The color scheme was yellow. Two large yellow may baskets filled with gifts were presented to Mrs. Curtis and Mr. Comery whose birthday was also celebrated. The birthday cake was made by Mrs. Yerna Thomas, who was voted an artist in that line. Mr. Comery won the prize and the consolation was taken by Lawrence Leach. It would be well not to question Larry too closely as to the nature of the prize.

Representatives of the Rubinstein Club gave a pleasing program at the morning assembly at the High School Tuesday and were enthusiastically received. The program featured Mrs. Katherine Hooper Pooler and Miss Marian Marsh in piano solos, Mrs. Lydia Storer, contralto, and Mrs. Helen Wentworth, mezzo-soprano, also in musical readings. Mrs. Storer was accompanied by Mrs. Neufville Averill, and Mrs. Wentworth by Mrs. Faith G. Berry.

Kathleen Webber, Gurtha Barter and Blanche McCurdy have returned from Bermuda, where they have been employed at a winter hotel.

A despatch from Mexico City says that Mrs. Dwight W. Morrow and her daughter, Anne, expect to start for the United States within a few days by train to Laredo, Texas. The Ambassador will remain in Mexico until some time late in May and will visit Washington before joining his wife and daughters at either of their Northern homes. The belief persists that the marriage of Col. Charles A. Lindbergh and Miss Morrow will be in June at one or the other of the Morrow homes in Englewood, N. J. and North Haven. No statement has yet been made by the Morrow family of the plans in this particular.

Burr V. Atwood entertained a few of his little friends at supper Tuesday at his home on Willow street and later in the evening they made a theatre party at the Park, to celebrate Burr's 12th birthday.

The home of Mr. and Mrs. Frank Taylor of Winthrop, Mass., was the scene of a very pretty reception on the evening of April 17th when Mrs. Taylor's parents, Mr. and Mrs. E. J. Southard received in honor of their 55th wedding anniversary. The beautiful flowers throughout the house was marked evidence of the many friends this remarkable couple have made during their visits to Winthrop in the past six years. After Mrs. Southard cut the bride's cake, ices were served by Mrs. Arthur Lovejoy of Dedham, Mrs. Robert Conners of Lynn, Mrs. Walter Stout and Mrs. Stout and Mrs. Richard Clifton of Winthrop.

Mr. and Mrs. Newton Ward and Miss Dorothy Birch of Dedham, Mass., spent the weekend with Mrs. C. A. Ward, Maverick street.

Mrs. J. N. Southard entertained the Breakfast Club Monday, the members in costume lending color and interest. Calendars were used effectively as table decorations. Mrs. J. O. Stevens carried off the honors in cards.

B. C. Perry has arrived home from a brief visit in Norfolk, Va., with his daughter, Mrs. Russell Merco.

Mrs. C. W. Higgins of Mobile, Ala., who has been visiting at R. A. Green's, has returned home.

Mrs. Lucius Howe and Mrs. Zelma Dawkins were hostesses at a luncheon and auction Tuesday at the farmer's home. There were 10 tables of auction, favors being awarded thus: Mrs. Herbert Thomas, Mrs. Charles Lord, Mrs. Finlay Calder, Miss Mary Polly, Mrs. George Hodgman, Mrs. Robert Jamieson, Mrs. Oscar Emery, Mrs. John Hughes, Mrs. Millard Long and Mrs. Faustie Gardner. A guest prize was awarded Mrs. Theodore Strong and a consolation prize to Mrs. John Coombs. Piano selections by Mrs. Theodore Strong added greatly to the occasion.

The auxiliary of the Missionary Society connected with the Littlefield Memorial church, will meet this evening at the church vestry. Go prepared to sew. Take collection and reports. There will be an election of officers.

P. F. Dondoro of Lewiston, who manages Oakland Park in the good old summer time, has been in the city this week inspecting his plant, which will probably be opened about May 25. "Phil" is in ecstasies over the 10-piece orchestra which he has engaged for the season's dances—three per week.

Tuesday evening Mrs. Carrie Douglas entertained the Moonlight Club, at her home on Warren street, with auction bridge. There were four tables. First and second prizes were won by Miss Hazel Nutt and Miss Lenore Benner. Mrs. Gladys Orr carried off the booby prize. The radio furnished music and entertainment for the evening. Refreshments were served.

LINCOLN LOOKS GOOD

Coach Clunie's Team Strong Factor In Knox & Lincoln League

"I believe we will have a pretty fair team this season if we are given a chance to get the boys in trim."

Thus modestly speaks Robert Clunie, Jr., principal of Lincoln Academy, and coach of its baseball team. That he is not "exaggerating" the situation may be judged from the fact that the team in a recent practice game fairly swamped the existing champion, Thomaston High.

The following veterans ought to clinch positions:—Raymond Stevens, catcher; Ross Francis, pitcher; Paul Schroeder, first base; Kenneth Bates, shortstop; Gordon Vagnab, third base; Bernard Bailey and Herbert Chickering, outfielders. Edwin Haggert at second, played in a few games last year. The newcomers are Fred Cormier, a good outfielder, and James Hilton, a southpaw, who gives much promise in the box. Douglas Elliott is substituting behind the bat and, for a freshman, is showing up well.

Ross Francis is captain and Fred Cormier, manager. The schedule follows:

April 27—Wiscasset Academy at Newcaste.
May 1—Open.
May 4—Rockland at Newcaste.
May 7—Lincoln Academy at Rockport.
May 7—Lincoln Academy at Rockden.
May 14—Rockport at Newcaste.
May 18—Lincoln Academy at Vinalhaven.
May 22—Lincoln Academy at Wiscasset.
May 25—Thomaston at Newcaste.
May 29—Vinalhaven at Newcaste.
June 1—Lincoln Academy at Thomaston.
June 5—Open.
June 8—Camden at Newcaste.
June 12—Lincoln Academy at Rockland.
June 14—Alumni vs. Lincoln Academy.

The Junior Harmony Club netted \$18 from the food sale at Johnston's drug store last Saturday. The members appreciate Mr. Johnston's kindness.

The sensational new Viking, the latest 8-cylinder car of the great General Motors family has been received by Munsey Motor Co., fortunately in season for today's parade. The new number is a handsome big brother of Oldsmobile and Mr. Munsey is delighted with the appearance and performance of the latest addition to his business family.

Mrs. Caleb Morris and children Carmelita and Caleb Jr., who have been making their home in New Jersey, are guests of Mr. and Mrs. E. L. Morris at The Highlands until May 3, when they go to Corpus Christi, Texas to join Capt. Morris, who is in the employ of the Standard Oil Co. He has recently been appointed port captain at this point, a promotion that is particularly noteworthy. He went to Corpus Christi some weeks ago following a brief visit to his former Rockland home.

STRAND THEATRE

"Wolf Song" with singing and orchestration featuring Gary Cooper and Lupe Velez is now showing. The Follies Bergeres—famous Paris music hall—with its lights, its laughter, its pretty girls and its engaging air of informality, is the hectic setting for many scenes in "Stolen Kisses," a talking picture, starring May McAvoy, which comes Friday and Saturday.

The beautiful chorus girls of the Follies afford an entrancing background for the riotous action that takes place within the theatre, with May's rather diffident husband and his peppery but susceptible old father forced to take part in the mocking caresses of the furbelowed ladies. This is the scene that really starts the trouble, and brings about a series of situations constantly increasing in fun—fun, at least, for the audience, though the characters themselves are plunged into the depths of chagrin. "Stolen Kisses" as a comedy of errors is unequalled.

Miss McAvoy's supporting company includes Hailam Cooley, Reed Howes, Claude Gillingwater and Edna Murphy—adv.

THEY LIKE ROCKLAND

Charles G. Hewett, secretary of the Chamber of Commerce yesterday received the following note from R. G. Ervin, New England general manager of the Curtiss Flying Service:

"Thank you very much for your extremely courteous letter of April 22 with regard to Mr. Winecup. He writes me that you and your fellow citizens have been more than courteous to him, and I can assure you that it is greatly appreciated by this office. We hope to establish a well equipped, well run air taxi service for Maine this summer. We agree with you that Rockland is one of the best places in Maine to establish a base, and we intend to do this just as soon as possible. Any cooperation that you can give our Mr. Winecup will be greatly appreciated, and in return we can only say that we will do our best to supply you with the required air service."

ROCKPORT

The Trytohelp Club will meet next Monday evening at the home of Mrs. Ethel Spear.

The Saturday Club was entertained at the home of Mrs. Lida Champney. Refreshments were served. An invitation has been extended to Harbor Light Chapter to meet with Ivy Chapter of Warren, May 3, supper to be served at 6 o'clock. All wishing transportation please notify the worthy matron as soon as possible so arrangements can be made. Mrs. Blanche Ellsworth is confined to the house by illness. William Hewes has returned to Whitinsville, Mass., accompanied by his father George Hewes.

The Social Eight were very pleasantly entertained at the Shepherd Place Monday evening with Mrs. Annie Gardner as hostess. Mrs. E. C. Dunbar of Lowell, Mass., was a guest.

A SAFETY CONTEST

A safety contest between the quarries of J. Leopold & Co. at Vinalhaven and John Meehan & Son at Clark Island will begin next Wednesday, lasting six months. The details were arranged Tuesday by H. W. Laughlin of Portland, who comes onto the scene as the representative of the Liberty Mutual Insurance Company.

The saving of eyesight is one of the practical points which will be stressed in this contest. The quarry which is able to keep its flag at the top of the mast the most weeks during the six months will win the other's flag, and is based on the payroll per hundred men.

At Leopold's quarry are approximately 150 men and Marshall E. Sails is superintendent. At the Meehan quarry about 180 men are employed and the superintendent is William T. Hocking. The two crews will enter the contest with much enthusiasm for they realize that it is being conducted in the interest of their personal safety.

In connection with the proposed contest a safety organization is being formed at Vinalhaven.

The Liberty Mutual Insurance Co. is also behind the cement company's safety contest.

HOW CAN LINDBERGH LAND IN ROCKLAND WITHOUT A FLYING FIELD?

Whiter clothes now —from washer or tub

IT'S enough to make you sing for joy—to see the whiteness of clothes that are washed the safe Rinso way. A gleaming, snowy, sweet-smelling whiteness!

And there's no hard rubbing at all with Rinso! No boiling, either. In Rinso's thick, creamy suds, dirt soaks out. How that saves the clothes—and your hands, too.

The makers of 36 leading washing machines recommend Rinso. One cupful of this compact, granulated soap gives more suds than two cupfuls of lightweight soap. Get the BIG household package.

A complete obituary will appear in the Saturday issue of this paper.

PARK THEATRE

Al Jolson in "The Jazz Singer," a singing and talking picture will be shown for the last time today.

"On Trial," the latest Warner Brothers all-talking presentation, based on Elmer Rice's sensational stage success of the same name, comes Friday-Saturday with the noted actress, Pauline Frederick, in the leading role. Miss Frederick is supported by a fine cast, headed by Bert Lytell and Lois Wilson.

"On Trial" is a powerful melodrama developed with rare skill and culminating in a gripping climax as a mystery murder is unfolded in a number of effective court room scenes. The technique used in this film is to present the development in court with corresponding throwbacks of the events described by witnesses on the stand. This procedure coupled with the forcefulness of spoken dialogue, heightens the picture's suspense in convincing fashion.

Gerald Trask, a wealthy man-about-town is shot to death by his friend, Robert Strickland. That same day, Strickland had paid Trask a debt of \$20,000 in cash. Inasmuch as the \$20,000 had been stolen at the time of the murder by an unknown accomplice, Strickland is accused of both murder and burglary. Strickland, however, maintains a stubborn silence. Having established burglary as the motive for the murder, the attorney for the prosecution, weaves his net about Strickland. But Strickland's attorney has two star witnesses; one is Strickland's ten year old daughter and the other is his wife, who had disappeared on the night of the murder. As the testimony of the mother and daughter is introduced into court a vivid and stirring story that grips the imagination, is unfolded with telling effect. "On Trial," which was directed by Archie Mayo, is an absorbing melodrama, well conceived and developed with great dramatic force.—adv.

MAY DAY AT UNION

Program To Be Presented In the Town Hall For Child Welfare

May Day, the opening of the outdoor season, has long been dedicated to the children of this country. For years adult hearts have thrilled with theirs as they crowned their May pole. It is especially gratifying to have May Day officially set apart as Child Health Day. Already much has been done toward combating infant mortality and children's diseases, and training children in habits of health.

There are many ideals toward which are being striven for as "the health of the child is the strength of the Nation." Not least among these ideals is to "assure every child the complete birthright of a sound mind in a sound body."

If you love children and are interested in their welfare visit Union town hall on the evening of May 1st. A program will be presented by local children and Miss Edith Soule, State director of the Division of Children's Welfare will explain the work that is being carried on among the children of the State.

The new members added to the committee for the May Day program are Dr. H. H. Plummer, Principal Robert Douglas, Mrs. Robert Ferris, Mrs. William Robbins and Miss Lovica Pendleton.

DECLINED MORE PAY

Bishop Slattery, Son of Former Rockland Rector, Refuses Increase

Bishop Charles L. Slattery of the Episcopal church has declined to accept the \$2,000 additional salary voted him by delegates to the Episcopal diocesan convention and instructed the secretary of the convention to inform the members of that body of his action.

Rev. Frances E. Webster, secretary of the convention has received a communication from Bishop Slattery in which he says that his present salary is all he wants or needs and that he is unwilling to place an extra burden upon the diocese. His present compensation is about \$13,000 a year.

At Wednesday's session of the convention in the Cathedral Church of St. Paul, the delegates passed a motion giving Suffragen Bishop Samuel G. Babcock an increase in salary of \$2,000 a year. Bishop Slattery, who was presiding, asked if there was any more business after the conclusion of this transaction and Judge Philip S. Parker sprang to his feet and made a motion that Bishop Slattery be given a similar increase. Bishop Slattery interrupted with an emphatic declaration that he didn't want an increase in salary, and requested that Judge Parker withdraw his motion. Judge Parker, however, refused to withdraw the motion, and it was passed unanimously. Next day, however, Bishop Slattery decided not to accept the increase, and he informed the Rev. Mr. Webster of his decision.

Commenting editorially upon Bishop Slattery's self-sacrificing spirit, the Boston Herald said:

"Now comes word that Bishop Slattery will not accept the increase. In his refusal he has disclosed one of those qualities which, as Rector of Grace Church in New York, endeared him to a large group of clergymen, and which ultimately led to his election to the Episcopate. In his New York ministry he was addressed by the fondest title that can be applied in the church, Pastor Pastorum."

"When a man is elected to the Episcopate he is harassed by administrative detail and the impression grows that he is unsympathetic, when he is merely busy. Bishop Slattery's action shows that he is not unsympathetic, and in spite of that of which St. Paul wrote, 'which cometh upon me daily, the care of all the churches,' making it impossible for him to indulge in those intimacies which drew men to him in New York, he still deserves the title there bestowed. His reasons for refusing the increase may be summarized in a single sentence. He did not think his own life ought to be made easier by an augmented salary while rectors were struggling to make their parishioners meet the parish budgets and missionary apportionments. Bishop Slattery's refusal will be a salutary thing to the Diocese, and the prediction may be ventured that during the next year church members everywhere will add largely to their giving if only they may bring the Diocese to such prosperity that a larger and more nearly adequate salary will not be thought unseemly by a Bishop beloved."

Bishop Slattery's father was the first rector of the Episcopal church in Rockland, then located on Park street. He was married to Miss Emma Hall, daughter of Lewis Hall of Rockland, sister of Mrs. Sarah Hall Kaler.

Gen. Lord Decides To Retire Before New Fiscal Year Begins

Brigadier General Herbert M. Lord, the Director of the Budget, has decided to retire before the beginning of another year's labor, says an Associated Press dispatch from Washington. The Government fiscal year ends June 30.

At the request of President Hoover, Gen. Lord withheld his resignation when the new administration came in March 4, but he has informed the President of his desire to return to the business world after seven years as the director of the nation's financial program.

Mr. Hoover is scanning the field for a successor to Gen. Lord but so far he has made no selection. Nor has the director determined which of several offers now before him he will accept.

Gen. Lord took over the newly organized Budget Bureau in 1922. He was the second director succeeding Charles G. Dawes, newly appointed Ambassador to Great Britain. Dawes was called to organize and head the bureau by the late President Harding.

Director Lord worked all through the administration of President Coolidge with whom he was in close consultation on the financial plans for the government. He is maintaining that close relationship with Herbert Hoover.

MAINE CENTRAL MATTERS

Morris McDonald Re-elected President Tells of Road's Future

President Morris McDonald of the Maine Central railroad re-elected to his office at the annual meeting of the company said that road earning for 1929 should be as good as 1928, when he said the net income was \$788,430 equal after preferred dividends to \$5.31 a share on the common stock.

If 25 per cent or a substantial majority of stockholders favor the move, directors are willing to have the railroad's stock listed on the New York stock exchange, he announced. General sentiment at the meeting seemed against the plan.

Articles authorizing directors to refund two bond issues were approved, one pertaining to \$175,000 on the Dexter and Piscataquis and the other, for \$1,043,000 on the Upper Coos railroad.

Some return to the railroad's net income as a result of the reduced taxation voted by the citizens of Maine last September is hoped for by President McDonald.

We're not going to get snooty about the Einstein theory, because if there's nothing else to be said in its favor, at least no one has written a theme song for it.—New York Evening Post.

THE VIKING, an entirely new car—a product of General Motors, built by Oldsmobile—brings to the medium-price field the advantages of ninety-degree, V-type, eight-cylinder design.

Never before has any medium-priced car offered more completely balanced performance—more brilliant styling—more luxurious comfort. Never has there been a more significant event in automotive history than the introduction of the new Viking.

Viking performance is the result of the ninety-degree, V-type principle—characteristic of high-priced cars—brought to a new high stage of development by the introduction of new engineering advancements based on well-established time-proven fundamentals.

This new engine delivers 81 horsepower, with exceptional smoothness throughout its entire speed range. Its response to the throttle is remarkable in all gears. Its top speed is more than ample for any emergency. And it provides a mighty power reserve for steep hills, long grades, and hard pulling.

An advancement that makes possible many of the new features of the Viking is the integral casting of the cylinder block and crankcase in one unit. This results in greater rigidity, easier accessibility, a new and highly efficient valve arrangement, and advanced cooling and lubrication.

The natural compactness of the Viking engine . . . the ribbing and trussing of the crankcase—the short, rigid crankshaft, which is counter-weighted for maximum balance—large, oversize bearings—and special shock-absorbing rubber engine mountings . . . assures exceptional smoothness, quietness, and long life.

Another important advancement in automotive engineering practice is the new Viking valve

arrangement, which combines the fuel efficiency of the overhead location of valves with the quietness, simplicity, and rigidity of side-valve design.

The Viking engine is more accessible than the conventional automobile engine. For example, the valve mechanism may be easily reached by lifting the two horizontal cover plates located on top of the engine.

Fuel distribution is based on the down-draft principle. A new type of manifold takes the incoming fuel vapor always downward, after it leaves the carburetor—an equal distance to each cylinder.

In the new Viking lubricating system, all main, connecting rod, camshaft, and rocker arm bearings are pressure-lubricated—as are the piston pins—through rifle-drilled connecting rods. Oil dilution is prevented by crankcase ventilation. Injurious foreign matter is removed by the new Viking precipitating-trap system of oil cleaning.

Cooling is also exceptionally efficient. Equal manifold distribution of the water in the twin blocks, with graduated outlets direct to points of greatest heat, assures uniform, efficient cooling of the entire engine. Cylinder walls, valves, valve stem guides, and combustion chambers are water-jacketed. There is an engine temperature gauge on the dash, and thermostatically-controlled radiator shutters are standard equipment.

And the great Viking ninety-degree, V-type, eight-cylinder engine is mounted in a great chassis—a chassis that is truly noteworthy for its strength and balance.

The strong, rigid frame is built of heavy steel reinforced by five stout cross-members. It tapers to the front to permit a short turning radius and is low-swung to provide a low center of gravity.

The wheelbase of the new Viking is 125 inches. It is equipped with oversize mechanical four-wheel brakes of the new two-shoe internal-expanding type. Four Lovejoy hydraulic shock absorbers, synchronized with the spring action, assure restful riding comfort.

The bodies of the new Viking are the smartest, latest style creations of Fisher artist-engineers. In designing the Viking, they sought distinction along the most difficult path—the achievement of beauty and grace through simplicity. The result justifies their diligence, for the new Viking takes its place among the smartest of cars, regardless of price.

In keeping with their beauty, the Viking bodies are luxuriously furnished. There is plenty of head room and leg room. Seats are deep-cushioned, and incline at just the right angle to provide arm-chair comfort. Upholsteries and appointments are rich in quality and tasteful in design.

For the driver's comfort and convenience, both steering wheel and front seat are adjustable, making the driving position a matter of individual choice. All controls are easy to reach and to operate. Dash instruments are grouped under glass on a handsome, directly or indirectly lighted panel.

Because it provides, at a medium price, qualities of advanced design, beauty, luxury, performance, and stamina heretofore found only in costly cars, the Viking is a value leader.

The new Viking is now on display. Come and see it. Inspect it closely. Take it for a trial drive. Compare it critically with other cars. You can come to only one conclusion—that the new Viking offers a combination of appearance, performance, and value unsurpassed by any other car.

9 out of 10 screen stars keep their skin lovely this way...

Mary Duncan, exotically lovely Fox star, says: "A screen star's skin simply must be silken smooth to be 'studio skin.' That's why I am so faithful to Lux Toilet Soap."

THE next time you see tiny Olive Borden, notice how exquisitely smooth Lux Toilet Soap keeps her skin.

"It's so important for my skin to have the special velvety smoothness we mean by 'studio skin,' and Lux Toilet Soap is so splendid for it that I am delighted."

Smooth skin always wins...

Hollywood directors find

"BEAUTIFUL smooth skin is the great heart winner." George H. Melford, famous movie director, thus expresses the experience of 39 leading Hollywood directors.

"The public certainly takes to its heart the actress with a skin that shows flawless—faultlessly smooth—under the terrific test of the close-up lights," he continues. "Such a skin is a prime factor in making her a star."

Nine out of ten screen stars use Lux Toilet Soap. It keeps their skin exquisitely smooth for that most important of all tests: the all-revealing close-up. And all the great film studios have made it the official soap for their dressing rooms.

You, too, will find that this delicately fragrant white soap keeps your skin exquisite and smooth. Try it—today. And use it for bath and shampoo, too.

Deplores Activities of Pacifists On Armaments—Other Matters

A resolution to "further the enactment of an oath of allegiance to the United States as one of the qualifications required from teachers in schools and colleges of our land" was adopted by the 38th annual convention of the Daughters of the American Revolution.

Other resolutions approved the refusal by the United States to recognize Soviet Russia; urged Congress to extend limitation of immigration to Mexico and South American countries; recognized the "Star Spangled Banner" as the National anthem; and deplored "the activities of pacifists and obstructionists toward befogging the minds of the people with regard to the relative strength of the navies of the world."

Another resolution adopted urged support for the chemical warfare service of the Army and also a continuation of Reserve Officers Training Corps and military training schools.

The organization likewise urged Congress to provide "a Navy appropriate to American dignity and power and fulfilling the 5-5-3 ratio agreed upon at the 1921 armament conference."

Asserting that it is "generally conceded that quota restrictions should be extended to Mexico, the West Indies, and the countries of Central and South America," the conference declared a need of "much larger appropriations by Congress" for the purpose of deporting "thousands of aliens, criminals and others already now in the country who are subject to deportation."

THE UNCEASING SHEPHERDESS

(For The Courier-Gazette)

Through long millenniums of song She's been the shepherdess Whose crook was busy gathering lambs From every known distress.

Whose eye and hand have been so wise, So full of magical device, To capture youths whom she espies And bind them with a tress.

But in this new millennium, Though still a shepherdess, She goes without her famous crook— Almost without her dress— The trees with which she bound before Is now a souvenir of yore, Among antiques; one item more Her memory may care.

Yet still the shepherdess instinct clings, Despite her vagabondage; And still her hand is reaching forth, Through all her new mutations, To shepherd—be it but a fly— That struggles on a pane hard by— Or some bright youth who, passing nigh, Would join her recreations.

"IF A LAW IS WRONG"

Rigid Enforcement Surest Guarantee of Repeal, Says President Hoover

President Hoover said Monday that in many large American cities murder apparently can be committed with impunity, and he appealed for obedience to laws of all kinds.

Speaking at the annual luncheon of The Associated Press the President said that robbery and burglary is far commoner here than in Great Britain, and that even in such premeditated crimes as embezzlement and forgery our record stands no comparison with stable nations.

"No part of the country, rural or urban, is immune," he said. "Life and property are relatively more unsafe than in any other civilized country in the world."

The President began the reading of his prepared address with the statement that he considered enforcement and obedience to the laws the dominant issue before the American people. Mr. Hoover made it plain early in his address that his concern was with all laws, with itself as law, and not particularly with the Eighteenth Amendment or any single piece of legislation.

"In order to dispel certain illusions in the public mind on the subject," he said, "let me say at once that while violations of law have been increased by inclusion of crimes under the Eighteenth Amendment and by the vast sums that are poured into the hands of the criminal classes by the patronage of illicit liquor by otherwise responsible citizens, yet this is but one segment of our problem. I have purposely cited the extent of murder, burglary, robbery, forgery and embezzlement, for a small percentage of these can be attributed to the Eighteenth Amendment."

The President suggested as a crime deterrent that newspaper publishers invest the acts of enforcement officers with some of the glamor of romance and heroism "which our American imaginative minds throw around those who break the law."

As he did in his inaugural address seven weeks ago, the President placed before the people their responsibility in the matter of law observance and said the real problem was to awaken the consciousness, the moral sense of the citizens and, if necessary, to segregate where they could do no future harm "degenerate minds" which have not the intelligence and the moral instinct to obey the law as a matter of conscience.

"If a law is wrong, its rigid enforcement is the surest guaranty of its repeal," he said. "If it is right, its enforcement is the quickest method of compelling respect for it."

Mr. Hoover warned that in the desire of the people to be merciful the pendulum had swung in favor of the prisoner and far away from the protection of society; that the sympathetic mind of the American people has swung too far from the family of the murdered to the family of the murderer.

For his own administration, the Chief Executive pledged a strengthening of the law enforcement agencies by orderly processes week by week, month by month, year by year, by steady pressure, steady weeding out of incapable and negligent officials; by promotion and recognition for those who do their duty; and by the most rigid scrutiny of the records and mental attitudes of all persons suggested for appointment to official posts in the law enforcement machinery.

SOME POULTRY TIPS

County Agent Wentworth Recommends Range Roosting Crops

Chicks raised under the range rotation system of management showed a loss of less than 10 percent last year, County Agent Ralph C. Wentworth, Rockland, Maine, told Farm and Home Week visitors at the University of Maine last week.

Pullets housed in the open air shelters did better than those in the regular 12x16 brooder house, Mr. Wentworth declared and the pullets showed no loss during the winter and the egg production was exceptionally heavy.

Bare ground over which poultry has run in previous years is quite likely to be contaminated with parasites and diseases and for that reason Mr. Wentworth recommended that all pullets be grown on a clean range and preferably not more than 500 to the acre. The range should be changed each year, he said. A three or four year rotation is best which includes a legume and a hoed crop. Lime, he said, should also be used on the land either with the hoed crop or directly following.

If alfalfa is used as a legume, the chicks can be put back again the third year without trouble.

Mr. Wentworth recommended the use of range roosting crops which are 7x3½ feet and will accommodate 100 pullets. The pullets use these houses until they are transferred to the laying house.

PLEASANT RELIEF FROM CONSTIPATION

Shoulders droop under weight of years. Young, yet beauty has fled. Cheeks are sallow and drawn. Unsightly pimples. Keep your system clean and you keep the beauty of youth. Its energy. Its irresistible charm. Then life is not a failure.

Clogged bowels and inactive liver cause poisons to seep through the system. Health vanishes and with it beauty and energy. Dr. Edwards' Olive Tablets will save you from this dark hour. For 20 years they have been prescribed in place of calomel to men and women seeking health and freedom from constipation. They act easily and smoothly. No dangerous griping. Take nightly before retiring. Results will amaze you.

A THOUSAND ROTARIANS

Will Attend Annual Conference of the 38th District in Portland

Nearly a thousand Rotarians and their ladies will assemble in Portland May 13, 14, and 15, to attend the annual conference of the 38th District, Rotary International. The host is to be the Portland Rotary Club and committees are now at work to make the event the greatest in the history of the District. The 38th District comprises all of Maine, Southern New Hampshire and Northeastern Massachusetts. In it are 34 clubs and over 1,500 members.

The Conference is to be made notable by the presence of Dr. Thomas Stephenson of Edinburgh, Scotland, first vice president of Rotary International, and immediate past president of Rotary International of the British Isles.

An elaborate program is being prepared. One of the features will be the presence of the ladies, as all Rotarians are being invited to attend with their wives and any members of their family. A special program is being prepared for the entertainment of the ladies, which will be even more extensive than that being arranged for the men.

All luncheons and Round Table sessions will be held at the Falmouth Hotel, all morning convention sessions at B. F. Keith's Theatre and the annual dinner will be held in the Eastland Hotel.

Feel Better, Look Younger and Have Steadier Nerves

If you only knew—you rundown, anemic women—who are dragging yourself around on your "nerves"—what a wonderful increase in strength and health Tanlac will give you, you wouldn't hesitate a moment about going to your druggist and getting a big bottle of this splendid medicine.

Mrs. Addie Ham, of 11 No. Pine St., Dover, N. H., says: "I was run down, thin and anemic. My housework was a burden. Now my appetite has improved so that I can eat anything—three hearty meals a day. My housework is easy and I never feel nervous."

Tanlac is as free from harmful drugs as the water you drink—only Nature's own medicinal tonic herbs. Druggists know this and for the past 10 years have recommended it to men and women who need a quick "pick up" that will put them on their feet and give them a new interest in life.

So confident are the makers of Tanlac that if you are not helped by it, you get your money back on request.

Who Is Making Good In Consular Service—Is Now In Spain

Raymond O. Richards a native of Appleton, has been appointed vice-consul at Seville, Spain. He is now vice-consul at Malaga, Spain.

Richards was born at Appleton on May 6, 1901. He was employed by a wholesale fish concern in 1921 and 1922, after having attended high school and business college.

He became chief clerk of the International Joint Commission of the United States and Canada in 1922, and served in this capacity a year. He then went to Santo Domingo as a clerk in the American consulate there, serving from June to November, 1923.

On Nov. 15, 1923, he became vice-consul at Santo Domingo, which post he held until March 23, 1926, when he became vice-consul at Caracas. He remained at Caracas less than a month, and went on to La Guayra as vice-consul on April 29. From there he went to Port au Prince, Haiti, as vice-consul on June 29, and thence to Malaga.

APPEAL FOR TREES

Is Made By Gov. Gardner In Arbor Day Proclamation

Gov. Gardner has issued a proclamation designating Friday, May 10, as Arbor Day.

"Perhaps no gift bestowed upon us by nature brings a more ready and deserving appeal than the tree," says Gov. Gardner in the proclamation.

"Its beauty and sturdiness furnishes inspiration and encouragement for human life."

"In our own State of Maine the tree bears a special significance, not alone in the diversity of three score varieties, but in the great part it has played in affording our people a happy, healthy and prosperous livelihood."

"In the hope that the worth of our trees may constantly stand forth in our minds, and in accordance with the statutory requirement, I hereby proclaim Friday, May 10, Arbor Day in the State of Maine."

"It is furthermore suggested and desired that the schools, clubs, various civic bodies and individuals will see fit to take some part in giving proper observance to this day."

BURPEE UNDERTAKERS

IN RECESS TIME

Legislative Committees Will Study Fishing, Sunday Laws, Etc.

The 84th legislature before it closed, appointed several recess boards to study and report on subjects on which the members in session could not agree.

One such committee about which very little was heard during the session is a committee to investigate

and recommend regarding a sales tax. The committee is to be headed by the chairman of the board of state assessors and will include two senators, to be named by the president of the senate, and two representatives, to be appointed by the speaker of the house.

The committee is instructed by the resolve creating it, to "investigate the advisability of an excise tax on certain or all sales of merchandise with particular reference to the advisability of an excise tax applicable to any retail mercantile business divided into separate units conducted

as branch mercantile establishments."

Authorization is given to study the laws of other states, and the committee is directed to report to the next legislature its recommendations for legislation.

The investigation and prospective tax are aimed, it is explained, at chain stores which make rapid turnovers of their stocks during a year and which, according to report, sometimes have small stocks on hand when tax assessors call. At conventions of assessors in the past the subject of taxing chain stores has come in for considerable discussion and it was generally agreed that no satisfactory way has been discovered to deal with them.

Another recess commission has been provided for, to investigate the need for revision of the Sunday law, in addition to the revision made by an act passed at the session just closed to legalize the operation of trains, taxicabs, newspapers, drug stores, etc., on Sunday. This committee will consist of five citizens, "representing the business and religious interests," named by the governor. The committee is to consider making changes of any kind in the Sunday law, but "especially the advisability of legislation permitting amateur games and sports on Sunday."

The committee is authorized to hold hearings if necessary, and is directed to make a written report to the governor and council on or before Jan. 1, 1931, to be transmitted to the next legislature.

On the last day of the session, when it became evident that no hope remained of reaching an agreement on the revision of the fishing laws, the legislature passed an order for a recess committee of 18 of its members, one from each county, to be named to work out during the inter-

vening two years a plan for revision, to be presented to the next legislature. This committee was named by the president of the senate and the speaker of the house immediately.

The legislative committee of ten on revision of the statutes, which was appointed and functioned during the session, is by a resolve which was passed, retained and instructed to supervise the completion of the revision so as to include the acts and resolves of 1929. The new laws will go into effect July 13 next, and it is expected that the work of completion of the new statute book together with the printing of the committee's report will require considerable time, so that the proposed special session for acceptance of the report cannot meet until late next fall.

Graphic Story of South American Vacation Trip As Told To Lions Club By Charles T. Smalley

[At the meeting of the Rockland Lions Club Wednesday, April 17, Charles T. Smalley, a member of the organization, gave an account of the vacation trip which Mrs. Smalley and he made to South America. At the request of the listeners, supplemented by that of The Courier-Gazette, Mr. Smalley has consented to its publication, and the third installment of the unusually interesting narrative follows.—Ed.]

The ship sailed in the late afternoon and two days later we sighted the mountains of Panama, and about sunset passed into the harbor of Cristobal through the opening in the breakwater which protects the deep water channel leading to the canal proper.

So much has been said and written about the activities of our government in the Canal Zone that I shall not weary you with details of this part of our journey but I do want to suggest that in my opinion no American has ever made this astounding engineering achievement without feeling a sense of pride in his flag and the land of his birth and without becoming impressed with the position our country has attained in world affairs. The ships of all nations are constantly passing and repassing through this great artificial waterway and I am totally unable to describe my own impressions as I realized a child might operate the few levers required to lift the mightiest battleship over the Continental Divide and set it down in the Pacific without spilling a drop of water from glasses which might be standing upon the tables in her saloon.

We read the several locks are 1,000 feet in length, 110 feet in width and 70 feet in depth but we cannot visualize the picture, we cannot comprehend the size of the structure or appreciate the tremendous amount of work represented in its creation until opportunity is afforded to visit the scene in person.

Cristobal, the American city on the Atlantic side is separated from Panamanian Colon only by an imaginary line in the center of a broad main street. On one side are clean, attractive office buildings for representative of many of our leading business and commercial enterprises which maintain branches in the Zone; on the other is an endless line of souvenir stores, bar-rooms, gambling shops, dance halls and around the corner half a block, a restricted district of legalized vice.

Here indeed are the "cross roads of the world." Here every nationality is represented. The native government is not averse to filling its coffers by catering to the gambling instinct of its own people as well as the throngs of visitors which a stream of shipping is constantly landing and debarking and salesmen parade the streets with long streamers of tickets in the national lottery. The coupons are sold at a price regulated by the size of the prize at stake, and thousands of dollars are distributed upon the drawing of a given number. Since the World War Panamanian currency has become very scarce and American money of all denominations is freely accepted; in contrast to Jamaica where our coins of less than a quarter in value are not in favor.

The Jamaican will accept them but he stands on the pier when tourists are leaving the island and holding out a dollar's worth of change requests the favor of an exchange for bills or larger silver pieces; courteously explaining he cannot pass them and the banks will not bother with him. The visitor quickly sizes up the situation and the money which has been tossed to the diving boys or spent for curios is back in one's pocket in exchange for denominations which the subjects of His Majesty prefer.

In the course of a chat with the colored driver of a barouche who had been engaged to drive us about the streets of Colon during the evening I learned that his earnings totaled on an average of \$35 a week. He paid three dollars a day for his "rig" and from his profit of \$14 staked \$10 in the lottery; managing to cash in on the remaining four. I inquired if he considered that good business and in answer he explained he was a native of Curacao and would like to return to his native land and work no more. He hoped to some day win the major prize which would enable him to realize his dream. A suggestion that the saving of his weekly lottery deposit might enable him to reach his Dutch island much sooner was met with a smiling shake of the head. He insisted several of his friends had been "very lucky" and his good fortune would come in time. He admitted, however, his friends had not returned to the land of their nativity but had lived the equivalent of American "whoopie" while in funds.

It is an interesting experience to visit the Hindu shops in the evening and see the excited little salesmen as they step out upon the sidewalk and seize a stranger's arm in an effort to induce him to "step inside and see the lowest prices in the Zone"; and it is amusing to listen to the wonderful explanations of the reason why he is thus able to under sell his competitor. The tourist is advised, before going ashore, not to pay over half of what is demanded in these places so they haggle and argue and finally depart with a prize; and in some instances members of our party discovered the same article was not only made in the United States but could have been acquired in New York for less money and much less "talk."

Up with the sun on the following morning we found splendid special cars waiting to convey our party over the Panama Railroad, which parallels the canal, to Balboa and Panama City on the Pacific side. Although the road is a modern steam system, individual cars, operated by eight-cylinder gasoline motors, are used for small parties. They are operated precisely like an automobile, except for the addition of compressed air brakes and speed across the isthmus

Read What Erskine Owners Say!

I defy any car, regardless of price, to stand the pounding which our Erskine receives, as we drive between 40 and 50 miles per hour most of the time. Have never gotten less than 20 miles to the gallon of gas.

W. H. C.—Riverside, Calif.

I drove my Erskine Coupe over the roughest part of this state for 1525 miles at a total operating expense of \$15.80, averaging 28 1/2 miles to the gallon of gas. At times I was confronted with 5 and 10% hills that stretched 9 to 23 miles. She is still hitting on all six and is ever ready to go.

A. W. W.—Nogales, Ariz.

Think it is the greatest little car on the road. Have never been in second since I had it and we have some mountains and hills out here too.

F. D. T.—Northboro, Mass.

Erskine Owners Sing Praises

We have driven our Erskine 24,976 miles and the best part about it, we have never had one bit of work done on it, not even clean the carbon, grind valves, not even set the valves. All we ever did it was drive it past 60 miles per.

C. J. R.—Clearfield, Penna.

I consider it the most beautiful car in any price class as well as the greatest value.

P. R. K.—Oceanide, L. I., N. Y.

We are delighted with our Erskine in both performance and in the looks. It is unsurpassed in the light car field.

C. H. A.—Milford, Del.

Owners Everywhere—Satisfied

We consider the Erskine better value for the price than anything we have ever seen. It climbs hills on high and generally passes a lot of large cars going up—it just meets every demand.

E. L. R.—Pasadena, Calif.

I can drive my Erskine all day and never get tired. It is most comfortable and it cannot be beat for the money.

H. H.—Pennsylv., Penna.

My Erskine is second to none, and I have owned several cars and driven many. It has the world beat in every way for its small cost.

N. O. P.—Durand, Ill.

Erskine Owners—Best Salesmen

The Erskine is the best car for my practice I have had in 18 years, and I have had some expensive ones.

Dr. A. V. F.—Sapulpa, Okla.

It is the best looking of any car on the road in my estimation. It is the best riding light car I have driven.

S. W. P.—Reno, Nev.

I have owned my Erskine 6 months, get 22 miles per gallon of gasoline and we made a trip of 2250 miles and had no trouble whatever. My next car will be an Erskine. We like it better and better every day.

E. G. D.—Frankfort, S. D.

It has always been a joy to ride in the Erskine. I have had no repair expense to date and I have driven it better than 5000 miles.

H. P. H.—West Hampton Beach, N. Y.

Testimony of Satisfaction

I believe that I can say without fear of contradiction that my little Erskine is beyond a shadow of a doubt the greatest car for all around use that I have ever driven. I have driven mine 18,000 miles in 9 months.

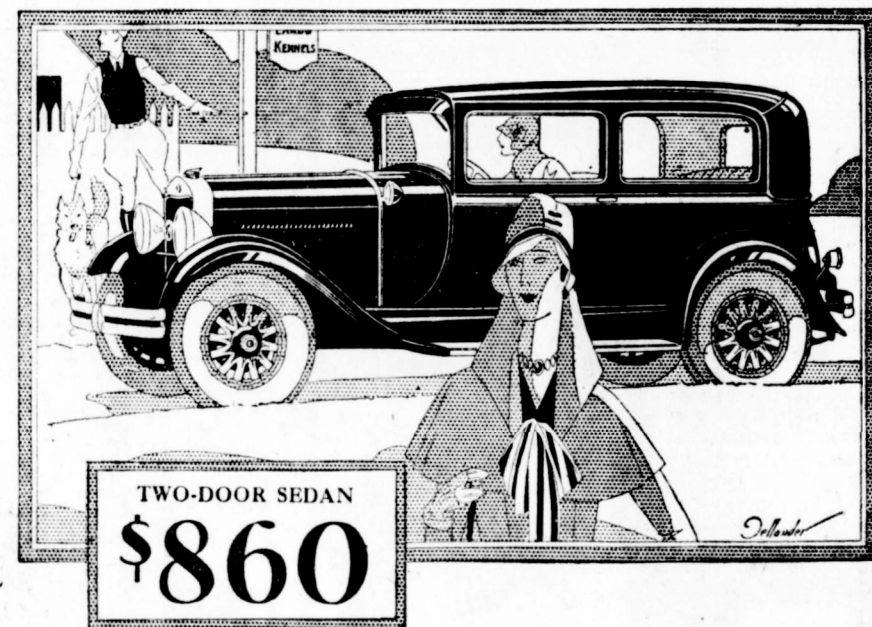

N. Z. S.—Salina, Kans.

My Erskine, which I am very proud of, is a little wonder. Have driven it 13,000 miles over all kinds of roads and in 18 years have never driven anything like it.

T. L. T.—Virginia, Minn.
