A Message For Women

Those of Middle Age Especially.

When you have a choice, look for the houses that oppress you during change of life, when through the long hours of the day it seems as though your back would break, when you have been oppressed and suffered from these dreary bearing down pains, do not forget that as the Sheep's Vegetable Compound is the safest and surest remedy, and has carried hundreds of women through this critical period.

Read what these three women say:

From Mrs. Hornung, Buffalo, N. Y.

BUFFALO, N.Y.—I am writing to ask you how much your medicine has done for me. I failed terribly during the last winter with the rheumatism. All the doctors I have seen could not help me. I have been troubled with this complaint for years. I am now well and very hearty, and have been a blessing to my husband and family.

THINK simple rule of health is daily called attention to by every doctor in the land, whose first question to the patient almost invariably is, "Are your bowels regular?" Yet there's not one person in fifty who takes proper care of the bowels. And the result of this foolish neglect is all too evident in the health.

If today you are unable to free your body of waste matter at the usual time, or if the act causes straining, pain and discomfort, don't let that condition occur again tomorrow. Unless your bowels can carry away your waste materials left after food is digested, decay sets in, the poisons of which, taken up by the blood, increase the risk of Typhoid Fever, Appendicitis, and many other dangerous diseases.

In treating constipation, there is a right way and a wrong way. The wrong way is to take harsh purgatives which even though they do clear the bowels, cause griping and nausea, injure the delicate tissues, and so disturb the normal function as to cause the return of the constipation. The right way is to help Nature to produce normal movements, without pain or discomfort, by using

Sold Last Year

This enormous quantity was used with good results by busy men who suffered from conditions due to lack of exercise, or indigestion caused by over-eating; by women whose parents realize the harmful effect of emotional depressions—by old people whose systems cannot stand anything harsh or violent during or after childbirth, when any medicine with a violent action would be positively dangerous. Many of these people are your neighbors and friends. Ask anyone who has ever used them—they will tell you Excedar Ordinary satisfied and helped them.

**VALUE OF RHEUMA FROM THE COURT**

Judge Burkett Was Believed of Rheuma After Having Passed

If you have tried every other remedy and doctor and have failed and found them, do not be anxious to try every thing, we know of, for you will fail and be worse.

However, he has been cured of the same, and we have never been found to be so strong since. He has been examined by several physicians. The only thing that was used is Mr. Peasley's Rheuma. It is a sure remedy in all cases. We urge you to apply for it, as we know it will do you a great deal of good.

Chancellor Billie R. Poindexter confirms the appointment, as third member of the Board of Commissioners, Mr. C. D. Seacord, is a repetitious and, occasionally, an eloquent man.

President Winstead's plan for the third session of the legislature is to give the people a wholesome change. Rumors start to circulate from the House of Representatives that the state budget will be cut.

The progressives of State have voters who believe that the speed at which the state is racing may be harmful to the city, which adds to the growing concern of the state. The governor has been asked to issue a public statement.
