SUNDAY SCHOOL.
Lesson VIII—Second Quarter, For May 24, 1914.
THE INTERNATIONAL SERIES.
R. R. D. SMITH.
Two accounts, in alternate years, as-111erences between the kingdom of the
Buddha, and the kingdom of the
Christ, are found in the "Gospel of the
Great King." They are not1
av vage between the -porta-
ment and the "Peaceful
School.

Sick Women
Made Well
Reliable evidence is abundant that women are constantly being restored to health by Lydia E. Pinkham's Vegetable Compound.

The many testimonial letters that we are continually publishing in the newspapers—hundreds of them—are genuine, true, and convincing proof for the freedom from suffering that has come to these women solely through the use of Lydia E. Pinkham's Vegetable Compound.

Money could not buy nor any kind of influence obtain the results so commonly reported upon that in plain testimony we publish today is honest and true—if you have any doubt of this write to the women whose true names and addresses are always given, and learn for yourself.

Read this one from Mrs. Waters:  

CAMPBELL, R. J.—I was sick for two years with nerves and headaches. My doctors were advised, I had a doctor all the time and there was little relief. I was well once in a while, but spent my time in a coach or in a sleeping-car, and soon it became almost a sickness. Finally during winter was away for my health, and my husband bought of Lydia E. Pinkham's Vegetable Compound and got me some. In two months I got well and now I think I am a new woman and am at my usual weight, I recommend Lydia E. Pinkham's Vegetable Compound to all suffering women.

And this one from Mrs. Hadlock:

ETHS, ONCA.—I was weak and nervous, not to do much work and feel heartily of the belief, with my bloods, and influence. Mrs. Hadlock may have the opinion of the women who say this. I am sure I have had it and I am alive and well, and I have recommended it to others. Mrs. Mary A. Hadlock.

Now answer this question if you can. Why should a woman continue to suffer without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others—why should it fail in your case?

For 50 years Lydia E. Pinkham's Vegetable Compound has been used in all parts of the world by doctors and women suffering from nervous and allied disorders. It has afforded relief to hundreds of thousands of people suffering from nervousness, headache, insomnia, melancholy, pernicious anemia, and many other nervous ills. Millions of women have written or spoken in praise of Lydia E. Pinkham's Vegetable Compound.

As a result of the thousands of letters of appeal and recommendation that have been received, the Lydia E. Pinkham Company of Boston, Mass., has been requested to continue the publication of this series of lessons in the "Sunday School"—the world's largest Sunday School paper.

Among the Grangers.

Mr. Pinkham, of Salem, Mass., is putting to many more useful and interesting purposes the famous Vegetable Compound. He is using it to cure the sandblasting of his factory, which is done once a year. He is also using it to cure the rusting of his machinery, which is done once a year.

Mrs. Pinkham, of Salem, Mass., is using the Vegetable Compound to cure the sandblasting of her factory, which is done once a year. She is also using it to cure the rusting of her machinery, which is done once a year.

John Bratsen was a fun, droll fellow until he fell ill with inoperable cancer. His physician, after examining him, declared that he must be operated upon. It was not easy to find one who would undertake the operation. At last, with Bratsen's consent, Dr. John Bratsen, for they were the same, decided to operate. The operation was a success, and the patient recovered. It was a favor to be in a position to give such a patient his due. Bratsen was a favorite with physicians. His good-natured and kind disposition made him a favorite with all who knew him. In no other way than the service of others, he was able to give to his own profession. It was a privilege to have had such a patient. The operation was successful, and the patient is now in a position to return to his home.

Read The Courier and Daily Times-Union, New York, Thursday, January 10, 1924, page 3, article 4. The article is not related to the topic of a new drink or a change in flavor. It is an announcement of a new operation performed by Dr. John Bratsen on Bratsen's cancer patient.
A Maine woman refugee from Mexico stopped in Bangor one day last week soon to be interred by a commercial agent. She gave a first-hand glimpse of conditions in Mexico. We reproduce part of the article elsewhere in the issue.

FRICKLE-FACE

"Last and Nine Being Only Sarts."

April 27, 1914.

Here's a chance, Miss Freckle-face, to try your hand at painting with the brush or at your favorite hobby. The growth in the number of such clubs has been phenomenal in the last year, and that is due to the new and growing interest in the various arts and crafts. The artist's club is the most popular of all, and there are now many such clubs throughout the country. The members of the club meet every Wednesday evening at seven o'clock and have a variety of programs. The most popular feature of the meetings is the demonstration of the various techniques used in painting, such as watercolor, oil, and pastel. The members also have the opportunity to discuss their work and give each other advice and suggestions. The club is open to all interested in art, regardless of age or skill level. So come and join us for an evening of fun and creativity! 

FRICKLE-FACE

"The greatest advance in pure goodness ever made in smoking tobacco."

Stag isn't just a little better. It's a revelation. You can't smoke half a pipeful without realizing this. Try it and see.
