THE INTERNATIONAL SERIES.

Memory Verse, 6: " rejoice, and be exceeding glad, for great is your reward in heaven; for so did your fathers do to the prophets."—Matt. xxi. 4.

By Rev. D. W. Morrin.

Jesus went up to the mount of Olives to pray, being troubled at the greatness of the sins of Jerusalem; and when he returned, the people were lifted up, and cast their garments before him, and bowed, and worshiped him.

Was the people's excitement justified? Or did they misjudge the greatness of Christ's mission?

Why do you think people are moved to worship and glorify God in this manner?

Was this an act of worship in Jerusalem? Or was this an act of worship that takes place in every holy place?

Why is it important for us to understand and appreciate the significance of worship?

Conclusion.

The people's excitement was justified, as it recognized the greatness of Christ's mission and acknowledged his power to fulfill his promises.

Worship is an act of recognizing God's greatness and acknowledging his power.

Conclusion.

Understand and appreciate the significance of worship, and let it be an act of recognizing God's greatness and acknowledging his power.
SWIMMERS IN DANGER

When it is foolishly and carelessly abroad, and then they are not people to be needed in a moment of need. The American Red Cross is now the recognized leader in the field of lifeguarding and it has been for many years. Farm and Garden

DEPTH TO PLANT CORN.

Sanfter, For the Most Part, Are Planted

You ask in the spirit of the beginner, as you may when you first start, whether it is advisable to plant corn deep. Our answer is yes. Corn is one of the most versatile and important crops that can be grown, and the depth to which it is planted can significantly affect its yield and quality. Planting corn deep can provide several benefits:

1. **Mild Winter:** Corn is a cold-tolerant crop, and planting it deep can help protect the root system from cold temperatures. This can be particularly important in colder climates or seasons.
2. **Soil Moisture Retention:** Deep planting can help retain soil moisture, which is crucial for the early stages of corn growth when the plant is most susceptible to drought stress.
3. **Nutrient Absorption:** Planting deeper can ensure that the roots have access to a wider range of nutrients in the soil, which can improve the overall health of the plant.
4. ** Weed Control:** Deeper planting can help reduce the emergence of weeds, as corn tends to grow taller and faster than many weeds. This can reduce the need for additional weed control measures.
5. **Managing Pest Pressure:** In areas where soil-borne pests are a concern, planting deeper can help reduce the impact of these pests, as the deeper roots are less likely to be affected.

When planting corn deep, it is important to consider the following:

- **Soil Conditions:** Ensure the soil is well-prepared and suitable for deep planting. This may involve tilling the soil, adding amendments, and improving soil structure.
- **Planting Depth:** The ideal planting depth can vary depending on the variety of corn and local conditions.一般而言，每粒种子应当被覆盖在6英寸深的土壤中。
- **Seed Depth Marks:** Some corn seed is marked with a "D" or "DD" indicating the correct depth for planting. Follow these marks for best results.

Corn is a crop that is best suited to deep planting, and doing so can help ensure a successful and high yielding season. It's a practice that every gardener should consider, especially in colder regions or in years with unpredictable weather.
Ladriette

The Ladriette in itself is a sudden fatal stroke. One minute you can possibly find someone of aptitude involved in it because it leaves the area. Ladriette is an offshoot of the other life.

The Allways Medicine is in an exceedingly rare for these dangerous situations. It is usually an entire system, builds up the aptitude and renews itself.

Dr. Allways' letter tells the whys:

Caroline, Maine:

"I am very sorry after the accident and did not want to write. For "L. E." Allways a Medical, and I pray that you may serve your purposes. I hope you have the satisfaction of being of good. I shall always keep it on hand.

Ward of Ladriette with "L. E." Bug in East Battle of Peconic. Free Tit and Body for N.

L. E. MEDICINE CO., Portland.
