A HAPPY REUNION

Kent's Hill Folk Meet At Seminary — Dr. Bickford Re-elected President

The third annual summer reunion of the Kent's Hill Alumni Association at Kent's Hill Seminary Saturday proved one of the happiest gatherings in the history of that organization, more than 250 former graduates, representing ten States, all the way from the Pacific to the Atlantic coast, being registered. In the gathering were professors, ministers, lawyers, doctors, and many other professional men and women. Carter B. Kene, a prominent lawyer of Washington, D. C. was present. After meeting old friends and renewing acquaintances, the time was spent wandering through the seminary, reminiscing over the old days. Following cafeteria lunch on the lawn, the alumni adjourned to Ricker Hall where the business meeting opened the activities of the afternoon. The president, Dr. R. W. Bickford of Rockland, and the secretary, Miss Gibbs of Kent's Hill, were re-elected for another year.

The program was of an informal nature, wholly delightful and profitable. H. Warren Foss of Portland opened the program with an interesting talk. Miss Doris Hathaway, a 1929 graduate of the music department, contributed two piano solos splendidly done. Alberta Black, a dramatic teacher in Spokane, Washington, was a speaker of rare charm. Prof. John O. Newton of Kent's Hill spoke on the needs and requirements of the school, and the new principal, Prof. Hink, outlined his plans and hopes for the coming year. A letter from William S. Stahl of Tulsa, Okla., setting forth the particular needs of a new gymnasium, was read, and right then and there plans for such a gym were made, ground to be broken this fall. Other alumni spoke on matters pertaining to the school of yesterday and today.

Alumni from Rockland and vicinity attending were Mrs. Charles A. Emery, Dr. R. W. Bickford, Mrs. George Green and G. B. Butler of South Thomaston, and Mrs. William Clements of Massachusetts, formerly of South Thomaston. Mrs. Green, 68, had the distinction of being the oldest alumni present.

It required 10 horses to haul the boulder from its birthplace, but once it was on the main highway two teams moved it to Gushue's Corner, where it will be placed in the center of the town's memorial boulder.

Now, back to our own Appleton celebration. Friday the men held a bee and from Fred Demuth's farm extracted a boulder weighing approximately seven tons, to which were subsequently affixed the town's memorial tablets.

APPLETON IS "ALL SET"

Prosperous Town In Northern Knox To Celebrate Centennial Tomorrow—Here Are the Details

Given good weather tomorrow the town of Appleton, way up on the border of Knox County, is going to inform the world that it has reached the ripe old age of 100 years, and is feeling mighty pert.

It remained for one of the town's most distinguished native citizens to take the initiative in arranging a centennial celebration, and to him, also, has been assigned the important task of reciting the achievements of the municipality which was named for Nathaniel Appleton of Boston. Reference is made to J. Asbury Pitman, principal of the Salem (Mass.) State Normal School, upon whom was recently conferred the degree of "Doctor of Education." Mr. Pitman is also president of the Salem Chamber of Commerce, and is a man of much influence in shaping the affairs of the old Bay State city.

It is interesting to note that on Mr. Pitman's farm still stands the old barn which was used as a meeting place by the plantation and town of Appleton prior to the erection of the town house in 1843. This farm was also the site of the first schoolhouse, in which town meetings were likewise held. The Pitman house was also the scene of town meetings.

Mr. Pitman is managing to enjoy his summer vacation despite many calls upon his time, and the knowledge that when he returns to Salem there will devolve upon him the multitudinous duties that go hand in hand with the celebration of the 75th anniversary of the founding of the Normal School. This takes place Sept. 19-21, with elaborate programs for three days, among the speakers being Bertram E. Packard, Maine's Commissioner of Education; and Dr. A. O. Thomas, his predecessor. Mr. Pitman will present a history of the school.

DARK HARBOR ITS BRIGHTEST

Third Annual Horse Show Thursday—A Brilliant Society Wedding Takes Place Saturday

The most brilliant week of the Dark Harbor social season will culminate Saturday with the marriage of Miss Carolyn Clark, daughter of Mr. and Mrs. George Crawford Clark of New York, and Arthur Nye McGee, Jr., which will take place in Christ's Church, Islesboro, at 12.30 p. m., Rev. Sherwood Billings officiating.

Society from Newport, New York and Boston will tax the capacity of the club to take care of many of the wedding guests, several of the villas have been opened and others will be placed at the disposal of Miss Clark for her friends. Among the arrivals will be Harold I. Pratt of New York, who comes down from Glen Cove, his Long Island place, for the wedding. Mr. Pratt's villa on the West Shore has been closed this summer and the family has remained at Glen Cove. Miss Barbara Pratt was at Islesboro earlier in the month for a visit with friends.

Then there will be George C. Clark, who will come on for the wedding of his sister, with his bride, who will be one of Miss Clark's attendants. The wedding will be followed by the reception and dance at the Clark place, where a pavilion has been built on the grounds and Myer Davis orchestra will come over from Bar Harbor.

For her maid of honor, Miss Clark has chosen Miss Ruth Pruyn of New York, and her bridesmaids will be eight in number, Miss Grace Wrenn, Miss Betty Bliss, Miss Katherine Barnes, Miss Louise Iselin, Miss Phyllis Thompson, Miss Peggy Miller, Miss Evelyn Lawrence and Mrs. Crawford Clark, Jr. The bridegroom will be attended by Nathaniel S. Clifford, and the ushers will be George Crawford Clark, Jr., Gordon McGee, Robert Raymond, Francis Kernan, Thomas S. Kernan, Charles McKim Norton, E. T. Harrison, O. P. Jackson.

After the wedding, the bride and groom will leave for their honeymoon. The wedding will be followed by the reception and dance at the Clark place, where a pavilion has been built on the grounds and Myer Davis orchestra will come over from Bar Harbor.

Every investor, large or small, should have some definite investment plan. In other words, he should not buy this or that type of security merely on recommendation of friend or acquaintance.

To those who cannot afford to assume risk, safety is the most important feature. Consider first of all, is the industry well established with a good demand for its products? It must be efficiently managed. Earnings must be steady and of sufficient volume to return a good income. Book value and marketability are other features that should be given consideration in judging the value of a security.

Diversification in the general list is all important. Proper diversification, in other words, means a scattering not only so far as investments are concerned but in the case of the invested capital as well.

The best investment plan is to put yourself in the hands of a good investment banker.

The Courier-Gazette

Rockland, Me., Aug. 20, 1929.
Personally appeared Frank S. Liddle, who on oath declared that he is President in the office of The Courier-Gazette, and that of the issue of this paper of Aug. 17, 1929, there was printed a total of 6134 copies.
Before me, FRANK S. MILLER,
Notary Public.

Better is a dinner of herbs where love is, than a stalled ox and hatred therewith.—Proverbs 15:17.

Rockland had a distinguished visitor over the weekend in the person of Gen. William Mitchell, former chief of army aviation. Gen. Mitchell has been cruising along the North Atlantic Coast from Norfolk to Calais, from which latter point he went to the Grand Lake region and enjoyed some prolific fishing. In Eggemoggin Beach on the return, the yacht struck an obstruction and damage was sustained to the propeller blade. The damage was repaired at the South Railway. Those who came in contact with the General found him affable and democratic, and an extremely interesting conversationalist. It is understood that his family is at York Beach.

The matter of an efficient grade crossing signal at Pleasant street and New County road was broached at yesterday noon's Rotary Club gathering. The recent accident at that point brought the matter to attention. It was voted to hold the annual meeting of next Monday evening at the Camden Yacht Club. A slate of candidates was presented for consideration throughout the week. A special musical program will be presented. L. B. Cook, Dr. N. A. Fogg, Fred C. Black, A. F. McAlary and P. P. Bicknell were made a special committee to study the swimming pool project from all angles.

The police have so many strange demands made upon their time that nothing surprises them nowadays. Office Ingraham did gasp, however, when a phone call requested his presence at 42 Waldo avenue to take charge of a seagull which had wandered inshore, and seemed unable to fly. As soon as there came a lull in proceedings, Patrolman Ingraham went to the gull's assistance, and finally concluded that there was nothing else to do but leave it at the city dump where several thousand of the bird's fellow countrymen congregate. If the bird survives the dump it is good for a century at least.

A demonstration of modern efficiency was pulled off Sunday when within four hours the cellars for two new houses on North Main street were dug, the "power behind the throne" being the trustworthy steam shovel of the Rockland & Rockport Lime Corp. The houses on which work will be begun shortly are to be for Donald Kelsey of The Highlands, and Ralph Doherty, now living on Hill street.

Merle Harriman of Readfield, State Lecturer of the Grange is to be the speaker at the business meeting of the Woman's Educational Club, Friday with Mrs. Lena Merrill, 84 Rankin street, 3 to 8 p. m. Reports to be followed by box luncheon; speaking at 6.45. Mr. Harriman's subject will be the issues involved in the special Sept. 9 election, with special attention to Water Power expert.

Many automobiles are bearing placards directing attention to the Labor Day celebration which the paving cutters of St. George are to hold one week from next Monday. We don't like to think that Labor Day is so close at hand, but there's nothing like celebrating it properly, and apparently that's what the St. George boys are going to do.

The July issue of The Goodyear News, trade publication of the tire company of that name, carries a picture of Charles H. Berry and Everett A. Munsey of this city made in connection with their recent flight to Boston to attend a convention. Jack Dodge was their pilot and he is shown on the plane.

BIG CARNIVAL HERE

Exhibition At Burrows Field Under Auspices of American Legion

The California Carnival Shows, said to be by far the largest that ever visited this section, blossomed forth on the Burrows field off Pleasant street yesterday and will spend the entire week there, with performances each evening and Saturday afternoon.

The Carnival comes here under the auspices of Winslow-Holbrook Post, A. L., which will share in the proceeds.

The big feature is the Lindy Loop ride, there being only three others of the kind in operation in this country. This one has been only a few weeks. A "Whip" is being operated for the first time in Rockland, and there are other rides in the form of a merry-go-round, Ferris wheel and chairplane.

The Carnival carries a side show which is said to be as good as the average circus has, and there is an especially good minstrel show.

SATURDAY'S GOLF CONTEST

Saw L. E. Wardwell For a Second Time the Winner

A number of the most dependable of the local golfers were taking part in the tournament at Lakewood, cutting down a little the usual Saturday field at the Country Club, and with that some of the players were off in their game, thereby declining to turn in their cards. But it was another good day of weather and the course following the rains in fine condition, so that the occasion was greatly enjoyed by all. For the second time this summer Louis E. Wardwell of Camden walked away with the marbles, while another Camden member, Bennie Mathews figured as runner-up. The scores:

L. E. Wardwell	80-9-71
B. F. Mathews	91-18-73
N. McDougall	91-17-74
Marcus Chandler	98-25-75
William Wood	89-9-77

St. George Has Walk Over In Camden, But Latter Gave Rockland a Scare Last Night

This Week's Games

Wednesday (5.10)—St. George at Thomaston.
Thursday (5.10)—Camden at Thomaston—a postponed game.
Friday (5.10 p. m.)—Rockland at Camden.
Saturday (3 p. m.)—Thomaston vs. St. George, at Rockland.

St. George 14, Camden 5

Hitting for a total of 26 bases Coach Kewley's St. George team won an impressive victory over Camden Saturday, making eight singles, two doubles and a triple off Boynton and four singles off Smith, the New York High School boy, who succeeded him in the box. Two of the four hits off the student twirler were scratchy.

Simmons pitched only two innings for St. George. It being the desire of the team's manager to save him for this week's engagements. He was touched up for three hits, but the home team was unable to go through his line for a touchdown. Lowell was hit safely eight times, but only three of the five runs made off him were earned.

St. George served notice of its intentions in the very first inning, when Archer led off with a smashing triple. Lowell and Cal Smith followed him with singles, while H. Smith, who was arrayed this day in full batting regalia, added a nice little double. This barrage netted four runs, to which were added three more in the third when Archer, Simmons, Schreiber and H. Smith made clean singles. The game was then over, all intents and purposes.

A wild pitch figured in Camden's first score, in the fifth inning, as did also Dalley's double, which he did not "quite blow over the school-house," but which went well out toward it. Nash's single scored Dalley. Camden staged a ninth inning batting rally, with singles by Plaisted and Dalley and a double by Thomas. The rally was ended in spectacular manner by Wilson's fine running catch in left field.

One-sided as the contest was, there was much interest in it, and much yagging. The Poughkeepsie parson, who is training for that Aug. 31st marathon, ran 6 1/2 miles after foul balls.

Darkness intervened after Camden had tied the score in the first half of last night's game at Community Park and the tally went back to even.

To Identify Genuine Aspirin

THE increasing use of Bayer Aspirin every year is proof that it has no ill effects. It is the accepted antidote for pain. It always helps; it never harms. Quick relief when you've a headache, or cold; or are suffering from neuralgia or neuritis. Rheumatic pains yield, too, if you'll only give these tablets a chance. But you want genuine Aspirin, so look for the Bayer Cross on every tablet. The box always bears the name Bayer and the word genuine printed in red.

Aspirin is the trade mark of Bayer Manufacture of Monocrocinacidester of Salicylicacid

Innings with Rockland one point in the lead. Errors figured numerous, but not enough of them to destroy the interest.

Rogers went well for the locals, faltering only in the third inning, when a wild pitch and base on balls were contributing factors in the three scores that Camden made in that frame. So also were the two infield errors. Smith, the young High School pitcher from New York, was in the box for Camden and held Rockland to five scattered hits. Mealey was the only Rockland man to make two safe blows.

Oney's brilliant fielding was a feature. The shades of night were falling fast when Camden went to bat in the eighth. "Perfect" Dalley fled out to Oney, but the latter made his solitary error when Thomas, the next batter grounded to him. Dalley stole second, and then capered home when Flanagan hove the ball into midfield, mistaking Mealey for the second baseman on the darkness. Oney was at bat, but it was admittedly too dark to continue. The score:

The Chicago Cubs have set a new major league record by signing a player just 13 years old. He is "Red" Solomon, manager and third baseman of the New York Kiwanis Club team, despite his extreme youth. An agreement was entered into between the boys' parents and Joe McCarthy regarding the contract. Walter Host signed by the Giants in 1915 at the age of 16 previously was the youngest major league recruit.

The Kickapoo ball team has been practicing day and night for tonight's engagement with the Chisox at Community Park. Somebody will walk the plank if the sailors fail to win.

PARK THEATRE

Vilma Banky, star of "This Is Heaven," which comes Wednesday and Thursday was delighted with the opportunity this picture gives her to play the part of a modern girl in America instead of the series of foreign period parts to which her public have become accustomed in her pictures. In "This Is Heaven" Miss Banky's role is that of a Hungarian immigrant girl who finds love and happiness while working as a waitress in a New York restaurant.

"I am an American girl now," she says, quite proud of her new citizenship papers, "and I am tired of being a Spanish princess and a French duchess and an English lady. If I am an American girl, I want to play the American girl parts. I want to wear the kind of clothes I do in real life and behave the way I do to."

"When I did the 'Awakening,'" she says, "I was glad that I could be even a little peasant girl in Alsace, because that was nearer what I wanted than anything else I had ever done. But this is so much better. I am very happy that I can prove to everybody that I really am American."

Consequently, no one was ever happier than Miss Banky in New York last fall when, in preparation for the filming of "This Is Heaven," she went about from department store to department store buying ten

dollar dresses to fit the part of the little waitress she was playing. Most of her past roles have involved the grand lady's air. Her public, remembering "The Dark Angel," "The Night of Love," "The Eagle," "The Son of the Sheik," "The Magic Flame" and "Two Lovers," think of her as a duchess or continental rather than as the simple body she would like to be—adv.

STRAND THEATRE

Paramount's all-talking pictureization of the famous, Fox Rohmer story, "The Mysterious Dr. Fu Manchu," is one of the most thrilling mystery-adventure films ever shown here. Audiences who saw the opening performances last night were held spellbound as the gripping melodrama unfolded.

Six Rohmer has always occupied a unique place in world mystery fiction. His books have been popular best-sellers for years. Now that Warner Oland has created his famous character, Dr. Fu Manchu, on the talking screen, a new enjoyment is in store for those who have already thrilled to the novels.

"The Mysterious Dr. Fu Manchu" tells the tale of a wicked, vengeful character who seeks to avenge the death of his wife and child on several English families. For this purpose, he hypnotizes his beautiful ward and makes her his willing instrument.

How love outwits the crafty villain in a series of exciting events is the name of the picture. Warner Oland is Dr. Fu Manchu personified. The well-known oriental actor is at home in this splendid role and, with Jean Arthur, Wampas Baby star for 1929, and Neil Hamilton, popular hero of "The Studio Murder Mystery," in the romantic leads, the picture has a full quota of artistic talent. There are horrors, laughs, thrills and love in "The Mysterious Dr. Fu Manchu"—but, more than anything else, there is splendid entertainment.

This great picture is shown today and tomorrow, with "The Rich" for Thursday and Friday—adv.

Weather This Week
Weather outlook for this week in North and Middle Atlantic States: Mostly fair except for scattered thunder showers about Wednesday and a period of more general showers at the end of the week. Temperatures near normal in New England, and slightly above normal in the middle Atlantic states first half of week, followed by cooler at end of week.

Miss Olive Edwards, clerk in the Knox Registry of Deeds, is spending a week's vacation in Boston.

Battery G of the Coast Artillery will hold a regular drill Tuesday night. It is expected the pay checks for the last quarter will be here.

Almon Bird, who has been motoring at will in neighboring States during his two weeks' vacation from the letter carriers' force, is again on his beat.

Alfred M. Strout of Thomaston who has been employed in Alan L. Bird's law office, has resigned to take a three years' course at Harvard. He is spending the week in Boston.

Rockland Lodge of Masons has four or five candidates for the second degree tonight.

Randall Marshall is at Deer Isle spending part of his two weeks' vacation from Glendinning's Market.

Nomination of officers for the coming year is listed on the program of Miriam Rebekah Lodge for tonight.

Miss Margaret Crockett of Camden has resumed her duties at Alan L. Bird's law office, after a fortnight's vacation.

Weekly prizes at the Star alleys last week were won by Charles Carrell, Earl Pettigill and Eugene Peters, whose respective scores were 136, 126 and 120.

Alderman Leforest Thurston is confined to his home at Alan L. Bird's by an infected foot resulting from stepping on a rusty nail. He is recovering satisfactorily, expecting to be up today.

The broken wing of Eddie Whalen's biplane has been skillfully repaired by Chester Fissette and by the latter part of this week the machine will be ready for the barnstorming trip which Mr. Whalen expects to make to several Maine fairs.

Pentecostal Tent meetings begin next Friday at 7.30 p. m. on Broadway, opposite the Curtis Flying field. The services will be conducted by C. B. Staples. The sect has bought for this purpose the large tent formerly used at "The Ding Dong" at Tenant's Harbor.

Oliver Steward of 213 Park street sidled into a truckload of lumber while walking on the New County road near the Trotting Park Sunday, and was thrown with sufficient violence to cause a scalp wound. Patrolman Ingraham carried him to Knox Hospital, where it was found that his injuries were not serious.

Lieut. A. W. Cushman of the State Highway Police broke away from his arduous summer duties long enough to attend Skowhegan Fair last week. "Cush" hails from the Skowhegan zone and is still convinced that it is the original "God's Country," in spite of the skepticism of Bob and Earl who choose to consider it a land of perpetual ice and snow.

The following machines have been entered for the Waterville muster: Senator Baxter, Bath; G. F. Burgess, Rockland; Niagara, Saco; Atlantic, Oakland; Hecla, Randolph; Massasoit, Damariscotta; R. H. Counce, Thomaston; and Androscoggin, Topsham. The Niagara of Saco and Atlantic of Oakland are newcomers in the League.

The Wednesday night dance at the Country Club promises to be especially attractive this week. It will, of course, be informal.

A man whose name was not learned fell overboard from Tillson wharf Sunday night. His name would have been "Dennis" if sailors from the Cutter Kickapoo had not responded to his outcries and fished him out.

High string at Carr's alleys last week were made by these bowlers: L. Sharlat, 129; C. Smalley and E. W. Brennan, 127 each; L. L. Hyler, 115; B. Smalley and Jacques, 108 each; Shannon and F. W. Frost, 105 each. They received cash prizes.

Overness Sarkesian, one of the most successful market gardeners around Rockland, proudly exhibited yesterday a blue Hubbard squash weighing 31½ pounds, and numerous head of cabbage weighing from 15 to 17 pounds each, stripped—heads—weight.

John E. Abbott, formerly of this city, lost practically all of his belongings in a recent fire at Mathias, mention of which has already been made in these columns. He is moving soon into the Lew Burgess house on the western side of the island.

Comrade James F. Woodsum of Edwin Libby Post returned last night from Skowhegan, where he attended the fair and races as the guest of the chairman who is one of his pals. Mr. Woodsum took along a fair amount of spondulix, but the money might have been counterfeit as far as ability to spend it was concerned. Everything was free to this popular Civil War Veteran—box seat and all. "Never had a better time in my life," he told a Courier-Gazette reporter.

Mr. and Mrs. Clifford Witham have bought the Bucklin house, 15 Frederick street and will reside there. Arthur E. Saunders has sold his fish market building and land at 237 Main street to Karl W. Hoffes of Waldoboro who will conduct the business and become a resident of Rockland. Another family is added to the city's population through the purchase by Joseph Richardson of Boston of the Harry Brown confectionery business at Rankin block. These several sales were engineered by Freeman Young.

Awning, curtains, visors, truck covers, tarpaulins, water-proofing preparations. Prompt, efficient service, reasonable price. Rockland Awning Co., Inc. Mr. Simmons, Tel. 1262-W. 100-102.
FOR SALE—Four week old pigs, M. F. DUNKER, Lincolnville, Me. Tel. Cam. 138-2.

The Rockland Commercial College opens Sept. 16.

Aurora Lodge will have a special meeting Wednesday evening for work on the Entered Apprentice and Fellowcraft degrees.

Those of the committee who have not turned in tickets and money for the Crosby-McDougall concert are asked to do so at once, making the return to Miss Margaret Stahl, Lime-rock street.

Walter O. Frost is busy throughout the State carrying on a campaign to combat the increasing danger of the white pine blister rust. An exhibit tending to show the nature of the damage created by white pine blister rust attracted much attention at the Skowhegan fair last week and will doubtless have a similar showing at other fairs.

Several more cars are needed to transport the Rockland Three-Quarter Century delegation to Auburn next Monday. The party will leave Thorndike Hotel at 7.30 and leave Auburn mid-afternoon on the return trip. The local membership has increased since last year. Anyone who can give the use of a car should notify John M. Richardson at The Courier-Gazette or telephone 1262-R.

LOCAL
Visitation day was observed at the Hope Corner church Sunday with Rev. Mr. Robbins of Lawrence, Mass., delivering a masterly sermon. Mrs. W. E. Morgan, contralto, of Rockland was a soloist, giving Mrs. Forman's appealing song, "Some Morning, Oh Some Morning." In addition to the Hope Corner attendants there were several from Rockland, Camden and other of the outlying towns. Basket lunch, augmented by hot coffee, was served on the lawn of the L. A. True home across from the church.

Visitors to Wesley Lodge, the popular Boothbay Harbor resort managed this season by Manley T. Perry of this city, report that business is booming there, and that Mr. Perry has found it necessary to lease three cottages to take care of the overflow. Already there are many bookings for September. Mr. Perry plans to remain open until Nov. 1st, if all goes well. His recent guests have included Frank H. Wilbur and Frank Achorn of Camden, and Mr. and Mrs. Frank A. Tirrell, Jr. of Rockland. With the Tirrells were Mr. and Mrs. Frank A. Tirrell, Sr. and daughter. Mr. and Mrs. Paul Allen Knott and son Paul of Quincy, who found the occasion an especially pleasant one, as they were well acquainted with Proprietor Perry when he was a resident of Quincy.

MY FAVORITE DRIVE

What One Sees On the Beautiful Roads of Knox County

Prettiest Drive in Knox County

Editor of The Courier-Gazette:—For a real sample of beautiful scenery in Knox County I think the following drive, though short, offers unsurpassed beauty.

Let us start from the corner of Limerock and Main streets, following the car line out towards Camden. Now for a view of a really beautiful harbor, glance to your right at the first opening, and as pretty a sight as one could wish for meets your eyes—the sparkling water with its jutting breakwater hemming in all types boats is indeed picturesque. But we must hasten on, up North Main street to Hart's Corner, turning to the right, along by the deep quarries to Juniper Hill. At the very brink it is worth while to stop. At your left, Chickawaukie Pond, nestling at the base of a sharp cliff known as Bear Hill. On the opposite side Dodge's Mountain with its varied landscape. Now look straight ahead at Penobscot Bay in all its splendor, in the far distance Blue Hill and Mount Desert. A beautiful panorama, is it not?

Now on, until suddenly to the right as a surprise comes Glen Cove, a miniature harbor with its two jutting points and tiny island, with a background of blue distant islands. Now

down on the main road, turning to Warrenton street around the Samoset road. Through arches of trees is a glimpse of Rockland harbor at another angle. Turn again and back to your starting place, with a picture printed in your mind that will never be forgotten.

ON THE MAINE COAST

[For The Courier-Gazette]
No richer purple ever dyed the drapings of Tyrian emperor's couch than in this field stains huckleberries growing in the grasses. And freely offering their bounteous yield.
And no rich tint of eastern sky and water was ever clearer than the shining blue above these wooded points and scattered islands.
And bays that mirror back the sky's own hue.
And never perfume from the files of spices in southern seas where summers never wane was sweeter than the breath of sweetfern blended
With taint of salt and the pine scents of Maine!
New York City

HOLLYHOCKS

[For The Courier-Gazette]
Hollyhocks are growing
Beside a garden wall,
With dignity they stand
Stately, fair and tall;
They look down on lesser posies
In aristocratic way.
Like gentlemen and ladies
Back in the olden day.
The lesser posies look aloft
To heights they cannot reach.
High and low, side by side,
They a lesson teach.
That some have the high places,
And all, their praises sing.
While others lower down look up
As subjects view their King!

"Lovely Skin Essential"
say Movie Directors

HOLLYWOOD, Calif. — Leading movie directors say no girl is alluring unless she has exquisite skin. They agree that there is not a single instance of a girl's becoming a screen star without it. As Ralph Ince, director for F. B. O., says: "Every screen star I know has skin of exquisite smoothness. Without it no girl can be a success in the movies."

No actress knows better than does lovely Mae Murray how much a girl's power to stir hearts lies in her soft, smooth skin. Of the 451 important actresses in Hollywood, including all stars, 442 keep their skin charming and smooth with Lux Toilet Soap. It is not only the chosen toilet soap of 9 out of 10 screen stars—but it has been made the official soap for the dressing rooms of all the great film studios.

tion for his work in connection with this and the entire South Waldoboro highway which is completed now to the Friendship line.

BOOTHBAY RACES

Phil James Winner of Three Years' Feud — Camden Boats Winners

In view of the fact that there were in the Boothbay Harbor motor boat races Friday so many boats which also took part in the recent Camden regatta the following brief report will doubtless interest many readers:

The State of Maine speedboat championship, 16 mile race, turned out to be the race of all the years, a grueling battle eight times around a two mile course between two old rivals.

The feud of three years' standing between Phil James and Edgar Curtis, both of Portland, was settled Friday, but by a scant three seconds. In the home stretch of the last lap, Phil drove his Rip IV, past the Miss Maine, and won the championship of the State.

Phil's time for the eight laps was 14 minutes and 41 seconds and his best lap was made in one minute and 50 seconds, or at a rate of 61.9 miles per hour. Curtis was clocked at 14 minutes and 43 seconds.

Portland's speed king, Phil James, also ran away with the outboard's free-for-all, again driving his now-famous corn popper, Ouch. This win might be called good luck for Phil, for Ross Maddocks, veteran Boston driver, led Phil by several yards at the first lap but was forced out of the race by a collision with Shepherd Titcomb in a Mullins outboard, took second place in this event.

Bobby Moore, 12-year-old local favorite, put in a busy day. Bobby drove three boats in four races, and took two second places and a third place. His six-year-old sister, Beverly, correctly attired for a speedboat racing, accompanied Bobby in his first race the one cylinder class. Bobby first drove his "one lugger," then Lotta Pep, Jr., in the 20 horsepower class, and finally his brand new Down Easter, which he has named Lotta Pep III.

One cylinder boats, five miles, won by Dottie, Edward Holbrook; Evelyn, Earl W. Pratt; Put Put, Baby Moore. Time 21 minutes, 55 seconds.

Outboards Class B, five miles, won by Baby Rocket, Huerer, Fuller, Hartford, Conn. A18, Dick Frost, Portland, Jil J. Halsey Gulick, Portland. Time 6.29.

Runabouts, not more than 20 horsepower, won by Imp, Chauncey Parsons, Lotta Pep, Jr., Baby Moore; Miss Boothbay, Harold Dodge. Time, 9.22.

Outboards Class—five miles, won by Tascie, Millard Jackson, Augusta; Baby Whale, H. Ross Maddocks, Boston; A-31, Charles Clement, Danvers, Mass. Time, 5.33.

Runabouts, not more than 40 horsepower, five miles, won by Maripae 11, M. C. Welles, Boothbay Harbor; Red Dodge, S. Raphaelson, Boothbay Harbor; Wanderer, Chauncey Parsons, Boothbay Harbor. Time, 8.10.

Cruisers, time trials, five miles, won by Nance, G. W. Huerer, Matey, Phil James, Portland; Margie, A. F. Porter, Boothbay Harbor. Time, 12.04.

Runabouts, not more than 60 horsepower, five miles, won by Maripae 11, M. C. Welles, Boothbay Harbor; Red Dodge, S. Raphaelson, Boothbay Harbor; Trilby, S. E. Cliff, Boothbay Harbor. Time, 7.26.

Outboards Class A, five miles, won by Moby Dick II, Charles Harris, Augusta; Gypsy, Millard Jackson, Winthrop; Jil J. Halsey Gulick, Portland. Time, 7.50.

Outboards, family runabouts, two and one-half miles, won by Shepherd Titcomb; Phil James, Charles Heuer. Time, 2.55.

Cadyfour outboard, five miles, won by Moby Dick II, Charles Harris, Augusta; Gypsy, Millard Jackson, Winthrop; Jil J. Halsey Gulick, Portland. Time, 11.23.

Boothbay Harbor championship, 10 miles, won by Thrill, Judson Morris, Dolphin, Miss Sylvia Atwater; Christcraft, Ralph Scott. Time, 9.49.

Outboard, free-for-all, five miles, won by Ouch, Phil James; Mullins, Shepherd Titcomb, Torture, J. Halsey Gulick. Time, 4.56.

Cruisers, handicap, five miles, won by Nance, G. W. Huerer, Matey, Miss Sylvia Atwater; Sun Tub Two, Robert W. Moore. Time, 16.38.

Special race, runabouts not over 90 horsepower, five miles, won by Howard Anderson, Camden, Carney Anderson, Camden; Van Moore, Boothbay Harbor. Time, 5.32.

State of Maine speed championship, 16 miles, won by Rip IV, Phil James; Miss Maine, Edgar Curtis; Betty, Lou Pierce. Time, 14.41.

Grand free-for-all handicap five miles, won by Bud Bonelli, M. C. Welles, Harold Jackson.

KNOX ARBORETUM

Real Progress Being Made On Museum—Some Interesting Notes

Record for visitors at the Museum and Arboretum Sunday, 36 registering, from Rockland, St. George, Friendship, Augusta, Port Clyde, Thomaston, Warren, Waterville, Tenant's Harbor and Whittinsville, Mass.

Wednesday, Friday and Saturday of last week (18 hours) with a crew of nine men (including two sail-farers) all the steel beams and girders were hoisted and bolted into place, ready for running of the concrete second floor.

Walter P. Hinckley of Good-Will Farm was a visitor at the Arboretum Friday.

Two High School boys of Thomaston who are collecting and studying minerals, have recently joined the Academy.

The Central Maine Power Company and Lawrence Portland Cement Company have recently become "Patrons"—each contributing \$100 to the Building Fund. Mrs. Katherine G. Norton of North Haven and New York city has also joined as a Patron. Messrs. E. F. and W. A. Glover and Owen Lermond of North Haven have each contributed \$25 being enrolled in the Academy as "Life Members." Ferdinand Lefrenz of New York city sends his check for \$500.

The program for the State Field Meeting to be held in the Arboretum Wednesday, Aug. 28; (or, if stormy the first pleasant day following) will soon be published in these columns. We still need from \$2,000 to \$3,000 to finish the interior of the first story of the museum building.

N. W. Lermond, Director.

OWL'S HEAD

The entertainment which was held in the church Friday evening for the benefit of the Owl's Head village library was much enjoyed by all and especially appreciated by the village people who are striving so hard to pay for the building. So much praise for the different artists is heard on all sides more can hardly be added.

Thanks are due Misses Edna and Helen Ross and Beryl Borgerson who helped so materially in selling tickets; Capt. Hilt for the use of his piano, and all those who helped in any way. The goodly sum of \$45 was netted. The musical program was given by Mr. and Mrs. John Bergher, Miss Lucy Arey and Mr. Shultz, all of whom are vacationing at Crescent Beach. Miss Madeline Rogers, the reader, is a teacher in the Rockland schools and has been especially kind, it being the second time she has given her services for this cause. Dr. Russell's lecture was very instructive and entertaining, dealing with his work on the Mayan Peninsula.

With his family he will leave this country in September for a three years' stay in Manila. It is much appreciated that these people who though they came here for a rest and vacation, were glad and willing to give their services for this cause.

Shirley Speed returned to Boston Sunday night after spending a week here with his mother. Mrs. Joseph Maddocks of Marseilles, Ill., and Willis Maddocks of Hartford, Conn., recently visited their grandmother, Mrs. C. E. Maddocks.

The annual Sunday school picnic will be held Wednesday, leaving the church at 10 o'clock. Cars will be furnished. Everyone take drinking dish and plate with their lunch.

DENTIST'S METHOD
BEST WAY TO CLEAN
ARTIFICIAL TEETH

Referring to Artificial Teeth an eminent dentist says he repeatedly urges his patients, who wear these dentures, to cleanse them thoroughly every day. The same care must be given to the natural bridges. Neglect will surely injure the plates and, since there is danger of bacterial formation the mouth may become diseased. Unpleasant breath always results from lack of care or improper methods of cleaning. Plaster in tube is guaranteed to antiseptically cleanse and deodorize these plates with artificial teeth, also bridges. Dentists who test it endorse it as the most thorough cleansing paste. A special plate brush always should be used. Plaster in tube is wonderfully effective and economical. Your druggist should supply you, but if he cannot, be sure to write Depuy Laboratories, 27 Free St., Portland, Maine and receive a liberal free sample. (Adv.)

AN ORDINATION

Native Son Becomes Pastor of North Haven Baptist Church

At the call of the North Haven Baptist Church an Ecclesiastical Council convened Friday afternoon to consider the advisability of recommending to the church the ordination of one of its members, John B. Alexander, to the Christian ministry.

At 3:30 the Council was organized, with delegates present from churches of the Lincoln Association with Rev. H. F. Huse of North Haven as moderator and Rev. F. W. Barton of Tenant's Harbor as clerk. After listening to the candidate's account of his religious experience, his call to the ministry and views of Christian doctrine the council went into executive session and took this vote: Resolved: That being satisfied with the result of our examination, we approve the setting apart of John B. Alexander to the Christian ministry, and recommend to the church that it proceed to the public services of ordination.

These services were carried out at 7:30 o'clock with invocation by the pastor of the church, Rev. H. F. Huse. This was followed by a selection by a quartet of young ladies of the church comprising Mrs. Neil Burgess, Miss Albra Stone, Miss Phyllis Duncan and Miss Marjorie Huse. The Scripture lesson was read by Rev. F. W. Barton of Tenant's Harbor. The sermon was preached by Rev. E. M. Holman, pastor of the Baptist Church at Camden. It was most appropriate to the occasion and was received with fine appreciation. The prayer of ordination was offered by Rev. H. F. Huse. The right hand of fellowship was extended by Rev. H. F. Huse. After a duet selection by Miss Phyllis Duncan and Miss Marjorie Huse the charge to the candidate was given by Rev. Clarence E. Hellens, pastor of the Congregational Church of Fall River, Mass. Mr. Hellens is a summer resident of many years at North Haven, purchaser of the old parsonage, and a man beloved by the people of North Haven.

The ordination service was brought to an end by the congregation uniting in singing "Blest be the tie that binds our hearts in Christian Love," and the benediction by the Rev. John B. Alexander. At the close the entire company went forward to congratulate Mr. Alexander and wish him Godspeed. A native of North Haven and graduate of its High School, Mr. Alexander is a graduate of Bates College with highest scholastic honors. For the past year he has been engaged as pastor of the Litchfield church; also a teacher in its academy. In September he enters Yale Divinity School for further theological studies. The congregation Friday night was one that all but filled the church, and was not only a fine compliment to Mr. Alexander, but to the people of North Haven, that between Sundays, with a popular show in town and a motion picture, the attendance was so very large. Many of the candidate's friends from abroad were present. This is the third ordination in the local church. Everything was of a high order of excellence and sincere of immense satisfaction to church, community and candidate.

NORTH HAVEN

Kendall Stone is ill with an attack of bronchitis. Mrs. Herman Crockett left Saturday night on steamer Morse for Boston where she will join her husband Herman Crockett at the Faulkner Hospital. Letters from the hospital report Mr. Crockett gaining in strength with expectation of an operation Monday. In letters to friends Herman reports a call from Mrs. Etta Noyes whose condition seems improving day by day.

Harold Beverage of New York, an employee of high standing in the Radio Corporation of America, is passing this week with his parents Mr. and Mrs. Fremont Beverage. Miss Reta Beverage of Washington, D. C., is also at home and has as her guest Miss Viola Russell of New York city.

Annual meeting of the North Haven Library Association was held Wednesday evening, called to order by the secretary, Mrs. Chester Dyer, secretary's and treasurer's reports were accepted. The librarian's report as presented by Miss Jennie Beverage followed. Number of volumes in library, 5092; added during the year, 197, made up of fiction 169, non-fiction 65, juvenile 23. The circulation of books for the 12 months has been 4876, an increase of 2073 over that of 1928—fiction 3961, non-fiction 435, juvenile 480; average daily circulation, 46 against 30; largest monthly circulation 537 in March against 398 the preceding year; and number of books in circulation at present 305 against 286. The showing is a splendid one and indicates the interest of the people of North Haven in good literature, for nothing but the best finds a place upon the shelves of the North Haven Library. Officers elected: President, Rev. H. F. Huse; secretary, Mrs. Chester Dyer; treasurer, Mrs. F. W. Winlock; book committee, Mrs. F. Bartol, Mrs. N. P. Halliwell, Miss Lily Lewis, Mrs. Chester Dyer, Rev. H. F. Huse. It was voted that the president appoint a committee to bring in a new by-law for consideration at next year meeting, regulating the duties of the book committee.

The doctors tell us that 90 per cent of all sickness is due to stomach and bowel troubles. You can't be well if your digestion is bad; you are likely to get sick unless you relish food and digest it properly.

Tanlac has a wonderful record as a relief from digestive troubles, even those of years' standing.

Mrs. H. D. Wickett, of 129 Fourth St., Old Town, Me., says: "I didn't enjoy anything to eat and had to quit milk and coffee. Now I do the cooking, washing, ironing and housecleaning and it doesn't tire me out."

If you suffer from gas, pains in the stomach or bowels, dizziness, nausea, constipation, or torpid liver; if you have no appetite, can't sleep and are nervous and all run down, you need Tanlac. It is good, pure medicine, made of roots, herbs and barks. Get a bottle from your druggist today. Money back if it doesn't help you.

HUPMOBILE PRESENTS
the greatest Six in its History

This car is a Hupmobile, 100%. Powered by the selfsame motor that made the Hupmobile Century Six the greatest success in Hupmobile history. Built in every detail to Hupmobile precision standards... But it is a hand-somer, faster, and smarter Hupmobile. Stepped up from 57 to 70 horsepower. Made smoother by the counterweighting of the famous Hupmobile crankshaft, and by rubber-cushioned engine mountings. Made more comfortable by more seat and leg room, and by many engineering refinements adding speed, safety and ease of driving... Now Hupmobile's long renowned as "The Car of the American Family" gains new emphasis... 25% more power... Yet priced at 25% less than its illustrious predecessors!

HIGHLIGHTS OF THE NEW 1930 HUPMOBILE SIX
70 m.p.h., 70 h.p. Acceleration from 5 to 25 m.p.h. in 7 seconds... counterweighted crankshaft and rubber-cushioned engine mountings. Improved 4-wheel steel-draulic brakes... Foot operated dimmer... Rear seat 50 1/2 inches, front seat 49 inches... 6-inch chromium hub caps... New front fender parking lights of same design as headlights. Custom equipment—6 wire or disc wheels, two spare side-mounted in fender wells, available at slight extra cost.

Rockland Maine

The surplus power export law.

Maine is about to vote on the most important question that has ever been submitted to a referendum. That question is:

"Shall the act to provide for the exportation of surplus power, as defined and restricted in such act, permitting the sale outside of Maine of hydro-electric power not needed in Maine, be accepted?"

Maine Power Companies believe approval of this Law is urgently necessary for the present prosperity of the State, and will become increasingly so in the future.

Every voter in Maine should understand the Law, the way its limitations safeguard Maine and Maine's future generations, the provision it makes for the encouragement of rural electrification, and its tremendous benefits to Maine industry and Maine progress.

To that end, Maine Power Companies are presenting in a series of advertisements—of which this is the first—the facts about the Surplus Power Export Law and its effect upon the State.

Every voter in the State should register an opinion on the Surplus Power Export Law September 9.

MRS. R. J. WASGATT

Mrs. Maud Josephine Wasgatt, wife of Dr. R. J. Wasgatt of this city, passed into rest Friday night after a very serious illness covering a period of eleven weeks. During this time she had been confined to her bed in an unconscious condition.

Mrs. Wasgatt was born in Orrington, 57 years ago. She began teaching school at the age of 16. After attending Backport Seminary she followed a two-years' course there she taught a school in Mississippi. Her education was completed at Boston University. For a number of years she was a prize teacher in the public schools of Somerville, Mass.

Twenty-three years ago she was married to Dr. Wasgatt and came to Rockland which had since been her home. Besides her husband she leaves four children, Mary, a senior at Colby College, a senior at University of Maine; Wesley, a sophomore at Dartmouth; and Cynthia, a junior in Rockland High School.

Mrs. Wasgatt was a woman of intellectual strength, keenly interested in literature and in current events. She was a widely read and discerning student. Her deepest interest centered in the home circle. To her family she gave the full measure of unselfish devotion, counting no service too great for those she loved. She made her home a place of wholesome activity and joy. Socially, she enjoyed a wide circle of friends whom she was fond of entertaining, and who trusted and loved her. She was generous in giving and broad in her sympathies.

Mrs. Wasgatt was a faithful member of the Congregational Church in Rockland. Until health failed she was a regular attendant at Miss Sleeper's Bible class. Her friends

will remember her as a cultured Christian woman. "She rests from her labors and her works do follow her."

Mr. and Mrs. Zebadiah Simmons have returned from an interesting vacation trip which took them first to Boston, where they were joined by Mr. and Mrs. G. W. Freeman of Boston, N. Y. Enroute to Niagara Falls they passed through Cape Cod Canal and Delaware Water Gap to Watkins Glen, which, in the opinion of Mr. Simmons, is fully as interesting as Niagara Falls. The falls are beautifully illuminated at night, and the members of the party viewed them from the Canadian side. One night was spent at the New St. Lawrence Hotel, Alexandria Bay. Considerable time was spent in Montreal and Quebec. In Sherbrooke, Canada, on the return, they stopped at the New Sherbrooke, which Mr. Simmons pronounced one of the finest hotels at which he ever stopped. The trip home through Maine was by the way of Lewiston and Augusta. The trip covered 1600 miles.

An Appreciation

Lena K. Sargent, Principal,
Rockland Commercial College,
Rockland, Maine.

Dear Madam:

I want to tell you how much I appreciate the good work being done by the eight or nine graduates of your school who have been employed by us within the past two years as Office Managers, Cashiers or Simplex Operators.

They have all shown a willingness to do their work to the best of their ability, and have entered into the spirit of our Organization in a way that makes them stand out prominently as employees.

I expect to call on you for some young men early next spring and I hope you will be able to help me out as you have done in the past.

Yours truly,
C. F. AMES,
Superintendent.

This is one of many such communications received by Lena K. Sargent, principal of Rockland Commercial College, concerning her graduate pupils.
