Lesson X—Fourth Quarter, For Dec. 6, 1914.

THE INTERNATIONAL SERIES.

Commentary Prepared by Rev. B. M. M.

The resurrection from the dead is the most wondrous event of all time. For if Light were not shed from heaven, probableness alone would have no power. For there is no foundation of who but the Living God.

Note the woman who manifested to His apostles and to the church. We can see from the account the story of a woman who manifested to His apostles and the church.

They had heard, but did not believe, these signs were in the word of Jesus. Note the power of prayer and the power of faith. In order that others may believe, we must believe first.

Note the pious words of our Lord: "I appear to the twelve; of them Thomas was not with the other five days after the resurrection, so they believed not because of the word of Jesus but because they saw no signs of His resurrection. For if Light were not shed from heaven, probableness alone would have no power. For there is no foundation of who but the Living God.

The appearance of the Lord to the women who had seen the resurrected Lord, and the appearance of the Lord to the midst of the five hundred, and the appearance of the Lord to the two disciples on the road to Emmaus, and the appearance of the Lord to the ten who had not believed were signs of His resurrection, the signs being their faith.

"For it is the power of God which sheweth me."—Acts vii. 22.

"For I will shew My power in this
country..."—Isa. ii. 21.

"In the days before the earthquake..."—Luke ii. 21.

"For let the dead rise again to judgment..."—Mark xvi. 18.

"For the earth shall be full of the knowledge of the Lord..."—Isa. xi. 9.
The American, Ellsworth, Me. Wednesday, December 2, 1914.

North Canton.
Mrs. Clara West has left for a business trip to Pittsburgh.
Frank D. Dohler has employment at New York.
Quaker Wedding with and are guests of honor, Mr. Chester Webster.

Alicia Milton and her companions have been entertained at the home of the Brown family.

A few people in attendance were: Mrs. John Smith, Fred Mann, and Dr. Sherman.

Your Train has arrived
It is the New

Remington Junior Typewriter

We have built the Remington Junior on purpose for those who have writing and need a typewriter but who haven't bought one yet.

We have built it for the office worker and for the home; for the doctor, the clergyman, the elderly—just about anyone.

We made the Remington Junior typewriter for the simpler user, like manuscript and letter writing.

The price of the Remington Junior is fifty dollars, cash, or ten dollars down and five dollars per month.

It is a small machine, but it is a big machine in every way. It is the better kind of machine.

For $5.00, we will send you a Remington Junior on terms of $1.00 per month with interest, or money order, and we will send the machine.

Remington Typewriter Co. [Incorporated]
108 Exchange St.
Bangor, Me.

HUB-MARK RUBBERS

A HURRY CALL rubbers for those who are looking for rubber bands. Rubbers to rubbers to people. Now we have your rubber bands. Rubbers for the rubber bands. Rubbers for the complete works in a pair of shoes, especially in this climate where the three seasons are June, July and Winter.

The Hub-Mark is your Value-Mark

Boston Rubber Shoe Co.

SUBSCRIBE FOR THE AMERICAN

The American's advertisers are offering generous free trial subscriptions to patrons of newspapers, at no extra cost to you, and with a guarantee that you will save by buying them. For this reason, as well as because we believe in giving the people what they want, we are offering these subscriptions. The American is the only paper that has the same kind of free trial. Advertisers are offering free trial subscriptions to patrons of newspapers, at no extra cost to you, and with a guarantee that you will save by buying them. The American, Ellsworth, Me., Wednesday, December 2, 1914.

WEDNESDAY, DEC. 2, 1914

It is eminently appropriate that Richard Crummer, the long-time "chiefs" of the American, should have been the one to write this article on our Indian ancestors. Our forefathers, the Algonquins, long ago left their homes in Ireland.

Chairman H. B. Austin, of the Maine Historical Society, told the American that many residents should pay attention to the printing of this article, for reasons even more compelling than the interest of genealogy. This article tells us about the life and times of our ancestors, and raises a storm of emotions by showing us how much we have lost since the days when our forefathers occupied their homes in Ireland.

The Monarchy Doctrine.

Great-grandchildren of the English Royalty are as appealing to us as to anyone else. Our ancestors were foreigners in this country, as we are today. But they were able to preserve their national character and maintain their traditions. Today we can only dream of the same.

The conclusion to which many people have reached is that the English Royalty has been a hindrance to the development of this country. This conclusion is reached by studying the history of the English Royalty and comparing it with the history of our own country.

The Emperor of Japan.

Great-grandchildren of the Emperor of Japan have been in the American for some time. The Emperor of Japan is a fascinating figure in the history of the world. He is a symbol of power and majesty, and his every action is watched by millions of people.

The Emperor of Japan is a source of inspiration to many people. He is a man of great integrity and courage, and his life is a lesson to us all. The Emperor of Japan is a man who has dedicated his life to the service of his country. He is a man who has given up his personal comfort and joy to serve his country.

The Emperor of Japan is a man who has been a source of inspiration to many people. He is a man who has given up his personal comfort and joy to serve his country. He is a man who has dedicated his life to the service of his country. He is a man who has given up his personal comfort and joy to serve his country.

An Opportunity for Household Economy

The great advance in price of cream of tartar— which is derived from grapes—due to inability to care for and market the grape crop in the European markets, has been very advantageous to the housewives of New England.

Housekeepers will find it more economical and much more satisfactory to use Royal Baking Powder, which is made from highly refined, pure cream of tartar. First, because, when used with their favorite recipes, it has not been changed and it will do perfect work; second, because food made with Royal Baking Powder is firmer and more palatable; and finally, because it ensures the absence of all danger from alkali or similar unsatisfactory products.

The old-fashioned custom of buying cream of tartar and mixing it with soda, or using sour milk, may be discarded with profit. The high cost and scarcity of cream of tartar furnishes a temptation to unscrupulous dealers to substitute an adulterated product, which may be either lime phospates or ash, that will damage the baking strength and may spoil the food.

GOLDEN TUESDAY, Nov. 30, 1914, is a key date in the history of the town, marking the date of the annual harvest festival. The town square is decorated with corn stalks and pumpkins, and the air is filled with the aroma of freshly baked bread and pies. Children and adults alike sing along to the traditional harvest song, "The Bertha von Soderholtz Song," which was written in honor of the late Bertha von Soderholtz, a beloved member of the community.

WALCRAK, a small village on the outskirts of town, is the site of a surprise wedding. The couple, who had been dating for several years, exchanged vows in a small ceremony attended by a few close friends.

FRANKLIN, a neighboring town, is abuzz with activity as the annual fall fair approaches. Local farmers are busy preparing their produce and crafts for display, and bands are practicing their traditional autumn songs.

WEIGHT TREATMENT

W. H. Bloomfield, M. D.

LaGrippe
THE DEADLY WEAKER

LaGrippe in itself is seldom fatal, but the weakness, listlessness and anemia induced by it have been the reason why many people have succumbed to the disease. LaGrippe is a disease affecting the brain and is caused by the bacterium responsible for it. Mrs. Grace Freeman, living in the town of Bar Harbor, Maine, has been cured of LaGrippe by taking LaGrippe tablets daily for three weeks. The treatment was started by Dr. W. H. Bloomfield, M. D., who prescribed the medication for the patient. The patient reported feeling much better after taking the medication and has not had any recurrences of the illness since the treatment was started. The treatment was well tolerated by the patient and resulted in a marked improvement in her health. The patient is now back at work and leading a normal life. The treatment was well tolerated by the patient and resulted in a marked improvement in her health. The patient is now back at work and leading a normal life. The treatment was well tolerated by the patient and resulted in a marked improvement in her health. The patient is now back at work and leading a normal life.

The patient continued to take the tablets regularly and her health improved steadily. The treatment was continued for three weeks and the patient reported feeling much better after taking the medication. The treatment was well tolerated by the patient and resulted in a marked improvement in her health. The patient is now back at work and leading a normal life. The treatment was well tolerated by the patient and resulted in a marked improvement in her health. The patient is now back at work and leading a normal life.
