NOT A CAPTURED CRAFT

Schooner M. M. Hamilton Was Simply Being Given a Tow By the Kickapoo

Reports that a rum runner had been captured by the Coast Guard cutter Kickapoo swept along the waterfront at Portland Friday night as the cutter towed a two-masted schooner into the harbor.

After an hour of silence by Coast Guard officials, during which the dimmer lights of the cutter Ossipee flashed through the darkness to enlighten the rumor of a captured craft, it was learned that the schooner was the 60-year-old M. M. Hamilton, recently purchased by professors of the Massachusetts Institute of Technology for research work.

The vessel was on its way from Southwest Harbor to Boston for reconditioning and was given a tow by the Kickapoo.

CUSHING FARM BURNED

Help From Thomaston Makes Possible Saving of Other Buildings In Grass Fire

One set of farm buildings was destroyed and another threatened yesterday when a grass and woods fire swept a large area in Thomaston. The Oscar Burton place, unoccupied, was destroyed and the Hattie Burton place adjoining was saved with difficulty. The latter extensive set of buildings is better known as the old Col. Benjamin Burton place where the old stone garrison was built. The blaze is said to have started from a blueberry pasture burning. Help was called from Thomaston.

FRIENDSHIP HAS TRAGEDY

Mrs. Amanda Wincapaw, 84, Fatally Burned—Body Discovered By Son Who Saw Strange Light

Amanda Wincapaw, widow of Owen Wincapaw, was burned to death at her home in Friendship Sunday night.

Her son, Percy E. Wincapaw, who lives a short distance away, saw an unusually bright light in his mother's house about 7:30 and decided to go across to investigate. He found that the house was afire, but upon passing through the door stumbled over a form lying on the floor, and upon carrying it into the dooryard made the shocking discovery that it was the body of his mother, so terribly burned as to be almost unrecognizable.

Making certain that no spark of life existed he rushed back into the house

and extinguished the flames, which had begun creeping up the walls. It is believed that Mrs. Wincapaw suffered a dizzy spell while lighting the kerosene lamp, and that the flames communicated to the fringe on an old fashioned tablecloth, thence to her person.

Mrs. Wincapaw was 84 and was held in high esteem by the townspeople. Her late husband was a former Advent preacher, and she was a devoted member of that church. The body was taken in charge by A. D. Davis & Son of Thomaston. The funeral services will be held Wednesday afternoon at 2 o'clock.

Mrs. Wincapaw is survived by her son Percy, one brother, Evered Davis, one grandson and six grand-daughters.

WANT REFERENDUM

Sportsmen's Association Ask For It On Fishing and Hunting Licenses

The Knox County Sportsmen's and Landowners' Association voted at Friday night's meeting to petition the next Legislature for a referendum on the matter of fishing and hunting licenses. The petitions will be distributed throughout the State as soon as they are printed.

There was also adopted a resolution asking Commissioner Stobie to publish the reports of his wardens' activities as fast as they are turned in from Knox County, with a statement covering the extra expenses.

The association was informed that the Maine Music Store will present a fishing reel valued at \$7 to the member who catches the largest trout this season. The fish will be on display at the music store.

APPETIZING DISHES

Will Be Prepared At Home Demonstration Meetings This Week

The home demonstration agent, Miss Lawrence, begins a series of meetings this week to be held on preparation of milk and milk products. The following communities are holding these meetings: Simonton, Tuesday; East Union, Wednesday; Hope, Thursday; Off's Corner, Friday. Miss Therese Wood, Food Specialist, is planning to be at Simonton and help conduct the meeting there.

Milk is one of the most important foods. It excels almost all others in the variety and quality of materials that it furnishes the body and is suitable for persons of all ages. Plan to attend the preparation of milk and milk products meeting in your community. Some new appetizing dishes will be prepared. Also there will be motion pictures shown on "Milk in the Home."

A TIE AND A TEN

Wall Street Panic Was Nearly Repeated At The Brook Yesterday

Practical jokers invaded the store of Willis L. Ayer yesterday, and for once they seemed to have real business.

"Let's see your ties," said Charles, and the flashy tie which had dodged purchasers for several seasons, went protesting into a neat parcel.

The ties were produced, and Charles selected one which for flashyness rivaled one of those automobile headlights that you oftentimes meet on the highway in a dark night.

"Wrap it up!" commanded Charles, and the flashy tie which had dodged purchasers for several seasons, went protesting into a neat parcel.

"Smallest I have," said Ernest handing the proprietor a ten-spot. The new president of the Children's Playground never batted an eyelash and the ten went into the drawer whence many other tens have gone.

The change was carefully counted out, and Charles and Ernest were on the point of leaving the store when along came Ralph.

"H-h-h-old on," said he, "that ten's a c-c-counterfeit."

Then the storm broke and the "gallery" proceeded to plaster poor Willis with that fruit now known the world over as razzberry.

Charles passed over the tie and the blushing Willis passed over the ten.

The "customers" started for the door, and the tale might have ended there if it had not occurred to somebody that the mischief makers were still \$9 to the good.

The flashy tie again occupies its time honored position in stock, and Ernest still has the ten that somebody had put across in the dry goods emporium.

Apparently nobody will want either again.

CRUISER TRIALS

Northampton Is Ready For the Word On the Rockland Course Today

The new scout cruiser Northampton arrived last night from the builders' yard in Quincy, Mass., and when this paper went to press was about to begin her standardization trial on the Rockland course. This test will be conducted in two sections, the low speed runs this afternoon and the full power runs tomorrow forenoon. The designed speed is 32½ knots an hour.

Capt. Joseph I. Kemp, the veteran port captain of the Fore River Company, will be on the bridge during all of the builders' acceptance trials. The builders are represented by H. E. D. Gould, general manager; E. S. Campbell, general superintendent; John E. Burkhardt, chief engineer; J. N. Preston, who has weathered many warship trials, is also on the scene of action.

The ship is manned by a yard crew of about 400 men, but on board are numerous observers, including officers who will be in charge of the crew when she goes in commission. The trial board arrived this forenoon, headed by Rear Admiral S. E. (W. Kettle), its president. Commander J. H. S. Dessez is recorder.

STRAND THEATRE

"The Woman Racket," co-starring Tom Moore and Blanche Sweet, will play Wednesday and Thursday at this theatre. Metropolitan gangsters and night club life furnish the background for this all-talking picture, said to be the first accurate portrayal of New York's racketeering game.

The "Great White Way" is here in all its artificial glamour and unravels a story of a night club hostess used as a "come on" by an unscrupulous gangster. It is the old story blazoned forth in metropolitan newspaper headlines almost every day, expertly adapted to the screen to make exciting dramatic entertainment.

Robert Ober and Albert Kelley, joint directors, are said to have played up the materials in an unusual fashion, using detailed closeups of the spectacular police raids, gangster fights and the night club scenes. A humorous touch is shown in the scene in which Moore is promoted to detective sergeant and is decorated for loyalty to the police department by Mayor James Walker of New York.

Wilbur Mack, who impersonates the mayor, is said to be a perfect double for the well-known "Jimmy."

The night club scenes give Miss Sweet an opportunity to dance and sing and include a revue conceived and staged by Sammy Lee, the well-known Broadway musical comedy dance coach.—adv.

MAINE REGATTA CIRCUIT

Camden's Big Motorboat Show In July Will Be Linked Up With Two Other Notable Events

Plans for three Maine speed boat regattas in July, comprising what will be known as the Maine Regatta Circuit, are of considerable interest to Knox County people, as Camden will be one of the towns in the circuit which is expected to attract hundreds of famous speed boat drivers to Maine during the nine days from July 18 to 26.

The dates of the three regattas making up the Maine circuit are: Portland, July 18-19, Lake Umbagog, July 22, and Camden, July 25-26, a schedule which will afford five days of racing within a nine-day period.

It is believed that this is the first time a group of regattas has been co-ordinated and promoted as an individual circuit and the plan has met with enthusiastic approval in speed boat racing circles all over New England. It offers many advantages both to contestants and spectators.

Camden, with the success of last year's regatta still ringing in its ears, is already well along in its plans for this summer. Official American Power Boat Association sanction has been granted and co-operation has been assured from many important quarters. The enthusiasm which the Camden committee and the Megunticook townspeople are putting into their preliminary work presages an event this year that will overshadow last summer's success.

The Camden committee has already received assurance that a group of 151-class boats from Lake Umbagog will be present, two 1929 outdoor champions have signified their intention of attending, and several other famous drivers will undoubtedly compete in several of the dozen or more outdoor races. Milton Dick, Rockland's well-known outdoor driver, is building a new boat and will undoubtedly be a hard-to-beat competitor in one or more classes.

Portland and Coboscoosecote, already well established as a result of their 1928 and 1929 regattas, are co-operating with Camden in every way, with the single thought of making the 1930 Maine Regatta Circuit the outstanding speed boat racing event in the East this year.

More than \$5000 will be expended for prizes and cash awards in the three events and approximately \$12,000 will be spent to promote the schedule as a whole.

The advertising value to the State of Maine and the three communities comprising the Maine Regatta Circuit will be tremendous. Not only will hundreds of people be attracted to Maine as a result but thousands who do not come will be told of Maine

through the medium of the printed word.

This rapidly growing sport is attracting thousands of thrill-loving men and women, from millionaires who drive their own 50-mile-an-hour mahogany runabouts to the enterprising craftsmen who build their own outdoor racing shells.

Greater interest and closer competition is indicated in outdoor racing this year as a result of the drastic changes in American Power Boat Association rules governing competition.

Under the new rules, outdoor racing has been divided into three divisions, divisions 1 and 2 being entirely amateur while division 3 is made up of professionals (drivers who are in any way connected with the boat or engine industry or who receive compensation in any form for racing). Division 1 is for amateurs who have not competed in 15 heats or races and division 2 for amateurs who have started in 15 or more races.

Another important change in rules is the weight of boats for the different classes. Previously, drivers have been permitted to use any combination of boat and motor that suited their personal fancy, the result being that records have been established which are almost unbelievable. Several drivers with class D motors propelling a so-called "flying shingle" have gone better than 50 miles an hour unofficially and established official records of over 49 miles an hour.

Under the new rules, however, class A boats must weigh at least 1000 pounds, class B and C boats at least 150 pounds and class D boats 190 pounds, without motor and exclusive of equipment other than steering wheel and controls.

New boat designs and faster motors will, however, partly offset the new weight limits so that 1930 racing will provide plenty of thrills and speed with a higher degree of safety and closer competition.

A joint meeting of the three committees sponsoring the Maine Regatta Circuit will be held in the near future for the purpose of co-ordinating events through the circuit and arranging for special prizes to be competed for by drivers who race in all three regattas.

The committees are made up of the following well known boating enthusiasts, Camden—Harold Corbitt, chairman; A. L. Anderson, John Bird, Chauncey B. Borland, Eugene Rich, O. W. Mayhew, R. W. Jamieson and George Grant; Portland—Fred F. Boyce, chairman; A. G. Frost, W. O. Thompson, Frank Wardwell, John DeWolfe; Coboscoosecote—John McBride, chairman; Henry Ottman, Harris Woodman, W. H. Gannett, R. G. Webber and Charles P. Kinsman.

HIS BUSY FORENOON

Judge Frank B. Miller Disposes Of An Armful of Variegated Cases In Jig Time

Main street merchants were not the only ones who had a busy Saturday. There was Judge Frank B. Miller, for instance, hurrying to get away to a Pomona Grange session, and faced by almost as many court cases as there are varieties of ice cream in a harlequin. A man new to the job would have found the day none too long for the disposal of his docket, but Judge Miller plowed through the menu of misdemeanors with the same ease and skill that he used in turning the soil on that Cushing farm back in his boyhood days.

Robert J. Patterson of Warren pleaded guilty to the charge of tipsy driving, and was sentenced to 90 days in jail with 30 days additional if costs of court (\$13.76) are not paid.

Andrew Woodlaw of Thomaston, who claims to have preached the word of God to the Finnish people, but who seems to have no eye for following the narrow path that he counsels for others, was sentenced to 90 days in jail for intoxication, atop of the 30 days' sentence which he had just served. Whether it was "the same old drunk" or whether there was a brief intermission is not stated.

A fellow countryman, Yokela, who appears also to have followed the line of least resistance, and who had just completed a 90-days' sentence, was before the Court at the same time on the same offense. His specialty was canned heat—five packages of

it—he told Judge Miller. On the contrary of a suspended sentence he agreed to return to Fitchburg, Mass., and also agreed to pay part of the ex-preacher's costs providing his sentence would be suspended under similar conditions.

Judge Miller, whose date of birth was considerably prior to yesterday, suspended the sentence, but knowing that the offenders sometimes sell their railroad tickets for more booze he arranged for the officers and have the tickets placed immediately in the custody of the conductor. This was done by Patrolmen Ingraham and McIntosh.

Charles L. Skinner of Steuben who drove his car through the closed gates near the old depot, paid \$50 and costs and surrendered his license to Lieut. Cushman of the State Police.

His case was made a bit more serious from the fact that a piece of the gate struck the gate-tender and caused him to discover several planets additional to the one recently listed by some learned astronomer.

Carl A. Jacobson of St. George, charged with non-support of his wife and four children, under the ages of 12 years, was ordered to pay \$12 a week.

Raymond Webber of Portland, charged with driving a truck carrying 4600 pounds in excess of the legal limit, on the road between Warren and Thomaston, was fined \$1 on each extra hundred pounds.

at Fort Williams, showing Battery G in action at Battery Sullivan. The boys had a good chance to see themselves as others saw them, and were highly interested.

The guests of the battery included Col. Savage, Major Ralph W. Brown, Alderman Arthur Lawrence and 1st Lieut. S. E. Willard.

Dr. A. W. Foss is in Boston to attend the joint convention of the American Society and the New England Society of Physiotherapy at the Copley Plaza.

YOUR FAVORITE POEM
If I had to live my life again I would have made a rule to read some poetry and listen to some music at least once a week. The loss of these tastes is a loss of happiness.
—Charles Darwin.

IT'S A GAY OLD WORLD
It's a gay old world when you're gay
And a glad old world when you're glad;
But whether you play
Or go toiling away
It's a sad old world when you're sad.
It's a grand old world if you're great
And a mean old world if you're small;
It's a world full of hate
For the foolish who hate
The uselessness of it all.
It's a beautiful world to see
Or it's dismal as every day
The thing it must be
In its gloom or its glee
Depends on yourself alone.

The Courier-Gazette

Rockland, Me., April 15, 1930.
Personally appeared Frank S. Lydie, who on oath declared that he is President of the office of The Courier-Gazette, and that of the issue of this paper of April 12, 1930, there was printed a total of 6313 copies.
Before me, FRANK R. MILLER,
Notary Public.

Fear the Lord, and serve him in truth with all your heart; for consider how great things he hath done for you.—I. Samuel 12:24.

The Seacoast Mission boat Sunbeam arrived at this port yesterday, after a busy season along the Eastern Maine coast. A passenger was Miss Rebecca M. Douglas, R.N., who has been ministering to the people of Matineux the past three months, and among other duties assisted in two cases of childbirth. She is a former resident of North Carolina, and her pleasing personality has made her a very welcome guest at the hospitable plantation this winter. Miss Douglas returned to Augusta last night and will receive a new assignment. The Sunbeam on her runs between the Mouth of the Kennebec and Lubec furnished succor for a man with a broken leg (far from the nearest aid) and a woman with a broken arm.

Maine Central Railroad announces that its annual Easter excursion to Portland and Boston will be operated this year from all State of Maine points next Friday. Tickets will be sold and good going on this date only, limited for return to April 28, inclusive. This low rate excursion at exceptionally low prices allows ample time to take a side trip to points beyond Boston. This is an ideal time of the year to visit Washington and a trip to the Nation's capital is especially pleasant when it's cherry blossom time. Opportunity is offered to witness the annual B.A.A. Marathon race and the spectacular women's indoor track meet at the Boston Garden. Patriot's Day in addition to the regular Easter attractions at "The Hub."

Postmaster L. True Spear of Rockport will address the Rockland Lions Club tomorrow noon.—A new Lions Club has been organized in Dexter with Lloyd H. Hatch as president. The charter will close with 20 members.—King Lion M. C. Orleton of the Bangor Club (a former Rockland boy) sprang a new stunt at the last meeting, when he informed the Bangor Lions that they were to eat their lunch with their left hands and that a fine should be imposed on those who were seen using their right. More humorous comment was heard when the waitresses completely reversed the menu, serving the dessert first and concluding with soup and fish.

Knox Arboretum has received several large contributions of unusual and foreign plants, mostly from the Arnold Arboretum, but some from the Federal acclimatization station at Chico, Calif. The Knox Society will make special effort this season to provide shrubs and trees, which retain their fruit during the winter, so as to provide the birds with a supply of natural foods under natural conditions and at a minimum cost. The huge pines and hemlocks shelter the birds as comfortably as buildings would but there is a shortage of winter foods at present. The plants so far received are Manchurian, Chinese and Japanese.

The Elks were out in force last night for the annual installation of officers, a pleasant duty which was happily performed by Past Exalted Ruler Everett Davis with the assistance of Harold J. Philbrook as grand esquire. A lobster supper was served. The new officers are: Exalted Ruler, E. W. Pike; Esteemed Leading Knight, Maynard Mowbray; Esteemed Loyal Knight, Richard Reed; Esteemed Lecturing Knight, T. E. McInnis; Secretary, Wallace E. Spear; Treasurer, J. N. Southard; Tiler, J. B. McGrath; Trustee for three years, T. J. Foley; Representative Grand Lodge, T. J. Foley; Alternate, A. C. Jones.

A very unusual sight on Main street Saturday night was the dark store formerly occupied by Burpee & Lamb in Spafford block. With the possible exception of a very stormy night it is believed to have been the first instance when the lights have not flashed in this store on a Saturday night during its long occupancy by Burpee & Lamb. The effect is going to be even more pronounced when the Danieles' jewelry stock is removed to the new store at the corner of Main and Spring street.

Rockland had just a glimpse yesterday of the noted Arctic explorer Donald B. MacMillan, who came here aboard the handsome yacht Mizpah, owned and commanded by his friend, Commander Eugene F. McDonald. Ashore Commander MacMillan paid a visit to his nephew, Dr. Neil A. Fogg, but being a trifle indisposed saw no interviewers. As already told in these columns his expedition this summer will be to Iceland.

Overness Sarkesian is minus 20 valuable hens killed by a bound the other day. And now there's one more armed citizen laying for vicious dogs.

BASEBALL SEASON

Major Leagues Swing Into Action—Some Guesses Are Made

The big league baseball season got underway yesterday and interest at the outset seems to be more pronounced than ever. Everybody read the Associated Press prediction Saturday that the Cubs would finish first in the American, and the Athletics in the American, but William Brancher of the N.E.A. service gives quite a different version after visits to the Southern training camps. This is how he does it:

American—Philadelphia, Cleveland, Detroit, New York, Chicago, St. Louis, Washington, Boston.

National—New York, Pittsburgh, Chicago, Philadelphia, Cincinnati, Brooklyn, St. Louis, Boston.

The Baseball Magazine, making its annual pennant selections, picks the Philadelphia Athletics and the Chicago Cubs to repeat in their respective leagues. The New York Yankees are the choice to finish second with the other American League clubs finishing as follows: Cleveland, Detroit, St. Louis, Washington, Chicago and Boston. Pittsburgh is picked to follow the Cubs to the wire in the National League chase. The New York Giants are named to come in third with Philadelphia, St. Louis, Brooklyn, Cincinnati and Boston to finish in the order named.

With the major league baseball opening on Monday, Maine fans are awaiting with interest the first reports from the front concerning the Pine Tree favorites—Del Bissonette of Winthrop and Clyde Sukeforth of Washington, says A. C. Buck, sports editor of the Portland Evening News. The former is starting the season at first base for Uncle Wilbert Robinson's Brooklyn Dodgers, while the latter is the regular catcher for the Cincinnati Reds.

Another Maine boy—Alonso R. Smith of Steuben—is making his major league debut as a pitcher with the Boston Braves. Smith has hurried for Providence of the Eastern League and also shown his wares in the Western and Cape Cod circuits. Reports from the South indicate that the 22 year old right hander is ready for fast company.

Bissonette, in his first year up, hit .320 for Brooklyn, but last season, due to sinus trouble, failed to come through at bat, finishing with an average of .281. An operation performed during the winter has corrected the ailment and although handicapped by boils this spring, is ready to resume where he left off in 1928.

The Brooklyn first baseman played for Westbrook, Seminary, Kent's Hill, University of New Hampshire and Georgetown before casting his lot with the professional ball tossers. Before going to Brooklyn he played in the New York-Pennsylvania and International leagues. He was also with Cleveland for a short time as a pitcher.

Sukeforth is a former Georgetown athlete. His only minor league experience was gained with the Manchester-Nashua club of the New England League. Last season was his best since he joined the Reds in 1926, the Washington boy hitting .354. He took part in 84 games.

Wiscasset is going to have a ball team this summer. It will be run under the name of the Cities Service Five, same as their basketball team. Among the court stars who will be in baseball togs will be Johnny Carlton, a first baseman; Tiny Overlock of Augusta, a shortstop; Buddy Winslow of same city, outfielder; Red Perkins of Wiscasset as an outfielder.—Bath Times.

BOWLING CLIMAX

Star Alley League Made Good "Cleanup" at Perry's Cafe Last Night

The candlepin artists who have been making the Star Alley Bowling League such a success the past season forgot all about spares and strikes last night when they sat down to the delicious chicken supper at Perry's Park Street Cafe. A banquet is always the climax of the bowling season, and it was the unanimous opinion of the League members that they have never been provided with a better one than that of last night. The menu comprised fruit cocktail, tomato bisque, chicken, with fixin's and strawberry shortcake. Proprietor Manley T. Perry blushed very becomingly as he listened to the words of praise which rewarded his efforts.

Fred C. Black proved a very happy toastmaster, and allowed no guilty man to escape.

First there were some business matters to be settled. The League voted to have Proprietor John L. Thomas of the Star alleys select 10 two-man teams to meet similar candlepin combinations, also to pick a team to meet the powerful Knox Woolen Mill combination.

The sentiment was very strong for another league next winter, and these officers were elected:

President—Fred Howard.
Vice President—Roland (Darby) Rackliff.
Secretary—Harold A. Thomas.

Treasurer—John L. Thomas.
Toastmaster—Black said that the league had been productive of much good sport and sportsmanship, and at his suggestion the boys gave a big hand for the winning Odd Fellows. Captain Valley responded for the champs, expressing his keen satisfaction with the work which the team had done.

"Well, we got licked," said Captain Brewer of the Public Strand team, "but we had a good time and I promise to be good next season. Captain Lawry told how the Veteran Firemen had finished with three men, but he believed he could "dig up a full team" for next season.

How the Merchants had fared was indicated by Sam Rogers when he said he had tried to eat \$15 worth.

Captain Cargill of the Alley team was anxious for a league next year. Toastmaster Black, speaking for the Forty Club, allowed that it had finished where it belonged, perhaps, but that the boys had all had a good time. He objected to one man bowling on two teams, however. President Howard was glad everything had gone okay. "I had a nice time and besides I needed the money," said Proprietor Thomas.

Harry Mayo told of an expedition to Washington County. Captain Valley read a message from "Ty" Cobb, who said that he would be glad to hear from the boys. He is in Bart-

lett, N. H. The League sent telegraphic greetings to him.

Deputy Sheriff Earle Ludwick said he used to bowl, but that the only man he could beat was Frank Gardner. County Treasurer Earle C. Dow said he had enjoyed the games and League's hospitality. Frank Gardner said he had been on the sidelines most of the time, but when he did bowl found other low scores.

These feature attractions were offered at the local theatres this week: Strand—Today, Charles Morton and Janet Gaynor in "Christina;" Wednesday and Thursday, Blanche Sweet and Tom Moore in "Woman Rackett;" Friday and Saturday, Edward Horton in "The Sap;" Park Theatre—Today, "Cameo Kirby;" Wednesday and Thursday, "Hallelujah;" Friday and Saturday, Reginald Denny in "One Hysterical Night."

and of his strategy in keeping Thomas off the team.

And back to the alley went the happy bowlers.

Harbingers of spring are seen and heard on every hand. The carolling of the birds, the hammering of the woodpeckers in the early morning hours may cause wakefulness, yet they all bring joy and happiness. And the flowers, too. PARK THEATRE

"Cameo Kirby," starring J. Harold Murray, is today's feature attraction. One of the best known negro stage actors in American drama—a former chorus girl of the "Blackbirds," negro revue—a former minister and negro editor, one of the few remaining ex-slaves—a vaudeville singing comedian—a cotton-field worker—these are some of the players in the diverse cast in "Hallelujah." King Vidor's great all-negro talking drama which comes Wednesday and Thursday.

When Vidor, after three years of entreaty, finally won permission to make the daring new picture, the first all-negro drama in history, the assembling of the cast was his first task. Singing "Old Man River" in "Show Boat" in New York, he found Daniel Haynes, bronze Adonis with a gorgeous bass voice. For Missy Rose he needed an actress who could sing in the religious sequences, and on a phonograph record he heard Victoria Spivey, famous "blues" singer. He looked her up—she got the role.

With these and other players, he told a dramatic story of love, faith and savage retribution. The story is his own, based on personal experiences as a boy in the South—adv.

BACK FROM KANSAS

A Vinalhaven Man Brings
Gratifying Report Con-
cerning Thad C. Carver

Edward G. Carver returned yesterday from Pratt, Kansas, where he was the guest during a fortnight's vacation of his cousin, Thad C. Carver. The latter is making steady recovery from his ill turn of some months ago, and is again actively engaged in his important business affairs. Recently he went to Topeka to attend a bankers' convention. He plans to come East the last week in May or early in June, and has faith to believe that the Vinalhaven sea air will put the finishing touches on the restoration of his health.

Edward Carver found the winter wheat crop of Kansas looking fine in spite of the fact that the State has been in the clutch of a dry spell since the first of the year. The fields there are as green now as they are at mid-season in the East.

Mr. Carver made a three days' trip through Kansas and Oklahoma with Walter Robbins, and saw that locality to best advantage.

VINALHAVEN

Flavilla Arey returned Saturday from Rockland.

Gus Saderquist of Tenant's Harbor arrived Saturday.

Mrs. Wilma Billings was in Rockland Saturday.

Charles Robinson returned Saturday from a business trip in Belfast.

Miss Dora Landers recently entertained friends at her home on East Main street, in honor of Miss Ruth McKenna of Charlestown, Mass. Cards featured the evening's pleasure and two tables were at play. Lunch was served.

Mrs. Herbert Calderwood returned Saturday from Rockland.

Mrs. Kate Dyer was the guest of Mr. and Mrs. Russell Whitmore over Sunday.

Vernard Mossman returned Monday from Rockland.

News was received of the birth April 10 of a son Edwin Franklin, Jr., to Mr. and Mrs. Edwin Maddocks (Phyllis Shields) of Weymouth, Mass.

Miss Lucy Ryan of Millinocket, arrived Saturday and is teaching the sub-primary school.

Mrs. Frank Mullen left Saturday for Bangor called by illness of her sister.

There will be an Easter sunrise service at 6 a. m., at Union Church.

At the 11:30 service De Valois Commandery, K.T., will attend. A pasteurized, "The Gate Beautiful" will be shown in the church auditorium at 7 p. m.

Highly Successful Entertainment

An interesting and unique entertainment was presented Friday night for the benefit of Union Church. The vestry was crowded to overflowing and proved a most enthusiastic audience. About 50 persons were in the cast and the play went off with a snap, every part being well taken. Much credit is due the committee, and their efforts disclosed marked originality and resourcefulness in the development of the several sketches. The committee included Cora Peterson, Margie Chiles, May Lawry, Beulah Drew, Carrie Cassie, Hester Ames, Sadie Robbins, Addie Bucklin, Nellie Wilson, Hilma Webster, Cora Bunker, Florence Mullen.

The performance opened with Irish songs and dances by a large group of boy and girls in the costumes of that country; the Kelley Kids, scarf dance, sailor's hornpipe, Dutch dance and a tableau called "The Irish Burial of plagues," the historical program brought reminiscences of school days which with the appropriate costumes proved most realistic; the Indian scene, the Pilgrims with tableaux of John and Priscilla at the spinning wheel and song, "Why Don't You Speak For Yourself John" the Dutch tableaux, dance and pantomime of Indians, the scene of the Quakers, the Colonial scene of Betsy Ross and our flag, and dance of the minuet, all were highly enjoyable. Each country and its flower were represented by appropriate costumes. A big colorful attraction was the plantation sketch with darkey songs and dances and tableaux of Abraham Lincoln and the slaves. The family album and scene with Barnack called the Fair Lady proved very amusing.

The ladies of the M. E. sewing circle held a food sale Saturday at Moody's store.

During the heavy storm of a week ago, one of the large trees on the Common blew down and landed across the street, blocking traffic there until a crew of men came with appliances to get it into movable shape. Alonzo Butler's barn blew down at the same time. The only stock in the building was the faithful old horse, and by a stroke of good fortune, a large timber rested on another in such a way that the horse was uninjured and was led out safe and sound.

Friends of Mrs. W. H. Armstrong were grieved and saddened to hear of her death Sunday morning.

Those who do not hear the Easter service next Friday at 7:30 at the Nazarene Church will miss a splendid concert. The boys and girls have worked diligently and would appreciate your presence as an indication of interest.

The Benjamin F. Smith Trust Is Asked To Pay \$750 a Month

A trust fund created in 1924 by Benjamin Franklin Smith, Maine pioneer who, when he died in 1927 at the age of 97, was described as "the richest New Englander" and was said to have left \$50,000,000, is the subject of a suit filed in the Supreme Court by the Guaranty Trust Company as trustee of 4,997 shares of stock in the George Warren Smith Corporation. The action involves the validity of one divorce and two subsequent marriages.

The persons chiefly interested in the action are two of the defendants, Clifford Warren Smith, grandson of B. F. S. Smith and stepson of Newcomb Carlton, president of the Western Union Telegraph Company, and Mrs. Ardath Crane Johnston, now wife of a wealthy Pasadena business man. She divorced Clifford Warren Smith in Maine in 1927. Mr. Smith was remarried on July 12, 1928, to Clair Luce, former Ziegfeld Folies dancer and now lives at 77 Park avenue.

The trust fund was created for Mr. Smith and three other grandsons, Clifford and Grafton Smith and Dudley Francis Wolf, who are said to receive more than \$50,000 a year apiece. While the Maine divorce action was pending Clifford Warren Smith agreed to direct the payment of \$750 a month out of his income to his daughter Ardath, now eight years old, and when the decree was granted it gave Mrs. Smith the custody of the daughter, but awarded nothing for the child's support.

The action got into court on the application of Bernard Hershkopf of 15 Wall street, attorney for Mrs. Johnston, to compel her former husband to give particulars in his answer to the trust company's suit for a ruling as to whether it is required to make payments from Mr. Smith's income according to the agreement, or whether it is to continue withholding payments under instructions sent by Mr. Smith last July directing that the \$750 for the daughter be withheld in the future.

Mr. Alonzo, in asking particulars, said that the payments were made regularly until last July and that they were ordered stopped by Smith to force his former wife into "accepting an unconscionable settlement." He also wants details of Smith's contention that the Supreme Judicial Court of Maine, which granted the divorce decree had no jurisdiction over the parties.—New York Times.

Smashing Proof ... of greatest value

As established in Continent-wide tests, by 5,000 New Essex Challengers

All motordom saw the amazing results of Challenger Week.

The New Essex Challenger set outstanding marks in every locality. It climbed hills seldom attempted by any car. It set new marks for acceleration. It established economy results never before associated with such performance. It made inter-city reliability and endurance runs that take place with the industry's great marks.

These feats were established—not by just a few hand-picked specially tuned cars—but 5,000 Essex Challengers in all parts of the country, many of them owner-driven. The results speak for what any and every New Essex Challenger can do.

We continue our invitation to

Ride—Ride—Ride! Know from personal experience what this brilliant New Essex Challenger can do. Then no lesser car can satisfy.
