## A COMMUNICATION

Speech of Candidate Moran Evokes Comment By a Bangor Editor

Rockland, April 15.  
Editor of The Courier-Gazette:—  
Will you kindly give the enclosed editorial from the Bangor Daily News space in your paper, as I feel that the candidate and the article deserve consideration.

#### Leading the Wrong Way

In his speech in Belfast the other night, E. C. Moran, Jr., of Rockland, the Democratic candidate for Governor of Maine, said something well calculated to create the suspicion that this state, whose motto is Dirigo, may be headed the wrong way, financially at least. Said he: "How do our expenditures compare with other States? In 1927 on the per capita basis, Maine was the sixth most expensively governed state in the United States. You can judge for yourself whether there is any reason for this. In 1928 Maine was the ninth most expensively governed state in the Union. We are apparently headed for the top. Our state motto is Dirigo, and we may soon live up to it in this most unenviable respect."

"In addition to this glorious orgy of state expenditures, we are piling up a handsome debt, for ourselves and future generations. In 1926, on the per capita basis, Maine had the seventh highest state debt in the country. On the per capita basis in 1927, Maine's state debt was the fifth highest in the United States! Again you can judge for yourself. Here again we think of the state motto of Maine."

"What are we going to do about it? I say, do the same thing many other states are doing! This remedy applies, whichever party is in power. Effect politics from our state government and substitute business methods! For example, when we want to build highways, be sure that our highway commission is composed of business men who have an eye for getting one hundred cents of value for every dollar expended; choose highway commissioners for their knowledge of road work, instead of selecting them, and firing them, for political purposes. Re-organize the state government on a business basis. Virginia saved a million dollars in the very first year after it so re-organized its state government. Many states have taken this course; it is no theory; it is an actual accomplishment in many states. Abolish that archaic relic, the Governor's Council, and substitute the heads of departments as a cabinet, in fact if not in name."

Of course, Mr. Moran is running for the governorship, and must have issues, like any other candidate, but it must be admitted that here he is on solid ground and has something that will stand a lot of discussion.

We have right here in Bangor the same money-burning practices, on a smaller scale, that prevail at the state capital. And something has got to be done about it. On every hand are heard expressions of dissatisfaction with the way things have been going at City Hall in recent years, and indications are not wanting that before very long the present clumsy, complicated and costly form of municipal government will be discarded for a simpler, more directly responsive and less costly way of administering our public affairs.

## THE GHOST SCENE

Featured the Program At the Lions Club Meeting Yesterday Noon

Into the melting pot of Lions Club topics yesterday went the famous Shakespearean play "Hamlet." The speaker was L. True Spear, Rockport's postmaster, who had figured quite conspicuously as a humorist in the advance propaganda. His definitions and application of the word "humorist" affirmed his right to the title.

Mr. Spear gave an outline of the play and quoted from the famous ghost scene and soliloquy, showing such a keen appreciation of the great dramatist's words that his interpretation was very effective. At the close King Lion Smalley expressed the hope that he would again be heard in a Shakespearean role when the program offered more time.

A distinguished guest yesterday was District Governor Holman of Bangor who gave an alluring outline of what the district convention at the Samoset June 13 and 14 will be like. When the 41st district had its gathering a year ago it comprised only 15 clubs; today it has 29, and there are several other communities which look like good prospects. When these have taken their place in the lineup the Lions will be the leading service club in Maine. The present membership is 1072, and inclusive of women it is expected that the Rockland convention will have an attendance of 500 or possibly 600. The convention will impose no expense on the Rockland Club, but there will be plenty of work for all the members in order to make the organization glad to have them here. Earl Hodges of New York, who will be the next president of the International Association, will be the principal speaker. There will be an automobile parade through Thomaston, Rockland, Rockport and Camden, two banquets and all sorts of diversions at the Samoset. The local committee was increased by the addition of Eugene E. Stoddard, A. W. Gregory, R. P. Saville, Blake Annis, Kenneth V. White and Carl Morse.

The visitors yesterday were Horton Frisbie of the Portland Club, Col. J. Dusenbury, U.S.A., Major Rowland, U.S.A., and H. P. Studley.

## ARBOR DAY

Gov. Gardiner Names May 9 As the Date and Urges Its Observance

Gov. Gardiner has proclaimed May 9 as Arbor Day declaring that the occasion might be fittingly observed wherever citizens shall gather in the interest of the common welfare.

The proclamation follows: "Among our natural resources trees have had and will always have a place of first importance. Maine is the Pine Tree State and upon its seal a pine tree symbolizes the unflinching source of the prosperity and happiness of our people."

"In the very beginning of this State, when the men of Maine went down to the sea in ships, our great trees furnished both carriers and cargoes. Today, with 78 per cent of our area in forested lands, the further development of our commerce and industry depends in largest measure upon the conservation of these gifts of nature."

"It is our duty and high privilege as citizens to leave nothing undone to secure to those who come after us the same material benefits and the same beauty and refreshment in our trees and forests that we now enjoy."

"To this end, therefore, and in accordance with a wise law of the State, I hereby proclaim Friday, May 9, 1930, Arbor Day in the State of Maine and ask that this day be fittingly observed throughout the State, not only in the schools, but wherever citizens shall gather in the interest of our common welfare."

## NOW GO AHEAD!

House Authorizes the Purchase of Land For Light-house Depot

The House Interstate Commerce Committee has ordered a favorable report of a bill containing an amendment which would permit the Secretary of Commerce to purchase land "in the vicinity of Rockland" for a lighthouse depot.

Authority to buy a site for this depot was contained in a bill which passed last session and money for it was included in the Department of Commerce Bill this year, along with authority and money for lighthouse depots at Newport, R. I., and at South Portland.

Land at South Portland has already been chosen by the department for the Portland depot but the department could not find suitable sites at either Newport or Rockland so the enabling act must be changed so as to permit the department wider latitude in its search for sites, wherefore the wording "in the vicinity" is included in the general lighthouse bill ordered favorably reported. It makes no difference in the purpose of the authorization.

#### EMERGENCY SHUT DOWN

The water will be shut off today from 1 to 2 o'clock in Rockland, North Main and streets northerly and easterly being affected. This emergency shut down is made necessary because of a broken gate in the 12-inch line at Rankin block, which broke shut. The mechanism will be removed and the gate left open this afternoon. Householders and business houses in the affected area are being notified in addition to this public notice. The bulk of the city's homes will be fed by the Broadway main and thus be undisturbed. Special arrangements have been made so that service may be instantly resumed in case of fire.

## LOOKED DEATH IN THE EYE

State Patrolman Daniel S. Pray Rides Almost Onto Live Trolley Wire, and Stands Guard

His ability to act promptly in an emergency was undoubtedly the means, Tuesday night, of saving the life of Daniel S. Pray of the State

State Highway Patrolman Daniel S. Pray

Highway Police, and that of his wife. The couple were motoring toward their home in Lincolnville, and upon reaching the curve which marks the entrance to the Ballard Park woods Mr. Pray suddenly observed a loose

guy wire hanging from one of the Street Railway poles. Suspicious that it betokened danger he applied the brakes only a few inches short of a live trolley wire which had been pulled into the street when it became severed in some unknown fashion. It was suspended directly in the pathway of passing vehicles, a death-dealing object sufficient to inspire anybody's fear.

Patrolman Pray backed hastily out of the danger zone, and sent his wife in the car to the power house, to notify the officials. Meantime he stood in the middle of the road, warning cars which approached from both directions. Although traffic was interrupted nearly an hour there were only two motor cars going toward Rockland, and about a dozen headed toward Camden. Patrolman Pray also gave a seasonable warning to a trolley car which was carrying workmen homeward.

The Central Maine sent a section crew as soon as it was possible to assemble it, and in the proverbial "three shakes of a lamb's tail" the broken trolley wire was spliced, temporarily, and back in position.

The elements of a bad tragedy were on the Camden road that night, and it is hard telling what would have happened but for the presence of mind of Patrolman Daniel S. Pray.

## THE WILL OF FRED J. TABER

Rockland Man Who Accumulated Wealth In the West Disposes of Estate In Will Filed At Knox Probate Court

Fred J. Taber, who maintained a residence in Rockland, although located in California at the time of his death a few weeks ago and temporarily in Boston, when his will was drawn in 1925, is said to have left an estate valued at nearly half a million dollars. A large slice of this fortune, falls to the American National Red Cross upon the death of his wife, according to the terms of the will filed in Knox County Probate Court Tuesday.

Mr. Taber specified that a portion of the trust fund not exceeding \$25,000, shall be set apart as "The Fred J. Taber Honor Fund," to be used in furnishing the American National Red Cross Society with badges, medals and such other insignia as officials may from time to time require.

"To my friend Walter W. Spaulding," of 24 Rockdale street, Mattapan, Mass., was bequeathed the sum of \$500, but upon the death of Mrs. Taber he will also receive \$10,000 from the balance of the trust fund. Mr. Spaulding is an official of the Eastern Steamship Lines, Inc., in the Boston office.

Charles D. Taber of Mattapan, Mass., a brother of the deceased, receives \$5000 in trust, the balance

after his death to be paid to his daughter, Mrs. A. W. Foss of Rockland.

A sister, Mrs. Brenton Clark of Oak street, Milton, Mass., also receives \$5000, and a nephew, Frank A. Faber, of Kansas City gets \$1000.

Numerous other relatives receive smaller bequests, including Mrs. A. W. Foss, who is a beneficiary in the sum of \$500.

The entire income of the trust fund goes to the widow, who shall not, however, have the power to will the balance.

The remainder of the estate is bequeathed in trust to the State Street Trust Company of Boston, which is named as executor.

Mr. Taber went to California about 10 years ago, firm in the belief that something would "turn up." With the modest amount of money at his disposal he bought land near Los Angeles, and with the expansion of the motion picture industry he was able to dispose of his holdings at a tremendous profit.

He visited Rockland about a year ago, making the transcontinental journey in a motor car which attracted much attention here, equipped as it was, with the luxuriousness of a parlor car.

## TESTING THE NORTHAMPTON

Out On the Course This Morning To Make Top Speed—Some Class To Luncheon Menu

Slight trouble with the air pumps prevented the cruiser Northampton from completing her standardization trial on the Rockland course yesterday, and the top speed runs were being made this forenoon as The Courier-Gazette went to press.

The cruiser began standardizing Tuesday noon working up gradually from 10 knot speed, and had reached 31 1/2 knots when it was deemed advisable to leave the course yesterday. As she has already shown a speed of better than 33 knots, unofficially there is no apprehension on board as to her meeting the desired speed of 32 1/2 knots. Yesterday there was a strong wind on the course and the strength of the tide was estimated at 2 1/2 knots. The Bethlehem Shipbuilding Corporation's official photographer, Mr. Lord, was right on the job and from the decks of the Calista G. Morrill made some pictures which were of the "thriller" type.

Capt. Joseph L. Kemp, who is the navigating officer for the trials, has some excellent company on the bridge, including his brother, Benjamin P. Kemp. The others are Capt. David Cunningham, remembered here as captain of the tug Neptune; Capt. Robert Johnston and Capt. Small.

The names of the builders' representatives appeared in the preceding issue. Highly interested observers are found in the group of naval officials comprising Capt. Walter N. Vernou, who will command the Northampton; Commander Thomas A. Symington, who will be executive officer; Lieut. Commander Dennis L. Ryan, who will be engineering officer; and Lieut. Commander Albert H. Rooks, who will be ordnance officer. Lieut. Commander William F. Dietrich is also aboard.

The trials are being superintended by Rear Admiral S. E. W. Kettle as president of the Trial Board, the recorder being Commander J. H. S. Dessez.

The ship will be here until Monday at least, and it is quite evident from the accompanying luncheon menu

provided by Fitzpatrick Brothers, caterers, yesterday noon that nobody is going to suffer from hunger.

The fire apparatus was called to the Highlands last night by a small fire at the Samuel Burkett house. The fire was fought from a chimney spark, igniting the shingles on the roof of the ell. The damage was small.

## YOUR FAVORITE POEM

If I had to live my life again I would have made a rule to read some poetry and listen to some music at least once a week. The loss of these tastes is a loss of happiness.—Charles Darwin.

#### FROM SNOWBOUND

O Time and Change,—with hair as gray  
As my old sire's that winter day  
How strange it seems with so much gone  
Of life and love, to still live on!  
Ah, brother! only I and thou  
Are left of all that circle now.—  
The dear home faces whereupon  
That faithful light shone and shone,  
Henceforward, listen as we will,  
The voices of that hearth are still.  
Look where we may the wide earth o'er  
Those lighted faces smile no more.  
We tread the paths their feet have worn,  
We sit beneath their arched trees,  
We hear, like them, the hum of bees  
And rustle of the bladed corn;  
We turn the pages that they read,  
Their written words we linger o'er,  
But in the sun they cast no shade,  
No voice is heard, no sign is made,  
No step is on the conscious floor!  
Yet Love will dream, and Faith will trust  
(Since He who knows our needs is just)  
That somehow, somewhere, meet we must.  
Alas for him who never sees  
The stars shine through the cypress trees!  
Who, hopeless, lays his dead away,  
Nor looks to see the breaking day  
Across the mournful marble play!  
Who hath not learned in hours of faith,  
The truth to flesh and sense unknown,  
That life is ever kind of Death,  
And Love can never lose its own!

#### THE D. A. R. CONGRESS

### "If They Build Ships Do We Intend To Scrap Them?" It Asks

The "Indomitable Americanism" report of Mrs. Lowell Fletcher Hobart, president-general of the Daughters of the American Revolution, which championed National defense, was ordered printed for nationwide circulation by the 39th Continental Congress of the D. A. R.

"Distinguished men and daring women have brought this nation thus far," the Hobart report said, "if they build ships do we intend to scrap them? If they provided for common defense, shall we shackle our defense forces?"

The session of the congress Tuesday was chiefly devoted to reports on the new Constitution hall. Speakers said the hall has been pronounced by authorities one of the 18 most beautiful in the United States.

A pilgrimage was made to Mount Vernon to place wreaths on the graves of George and Martha Washington.

The Maine delegates held their state meeting in Continental Hall, with Mrs. Victor Warren of Dover-Foxcroft, state regent presiding. It was announced that the state field day would be celebrated at Brunswick, July 12.

Mrs. Herbert M. Lord, president of the Knox Memorial Association, gave details of the progress of the organization, which has the support of the D. A. R. and announced the dedication of the Knox Memorial home at Thomaston, July 25.

Mrs. William Smith Shaw, national vice president, was a guest Tuesday night at the Missouri State banquet before going to the reception given by the Daughters to the national officers.

DOC. TAKES DIFFERENT VIEW  
Says He Didn't See Much Rain In Florida

Editor of The Courier-Gazette:—I have just read in your issue of April 1st your interview with H. N. McDougall, in which he told of his stay of a few weeks on Davis Islands in Florida, the past winter, and stated that "there was a solid week of rain."

We have been here since December, have neither seen nor heard of such a spell of weather, and think that Friend Mac must have shed so many tears at being on Davis Islands that he just thought it was raining. While we admit that the weather has been colder and that there has been less sun than usual, we feel that his statement in regard to the weather should be corrected, out of courtesy to the Floridians, from whom we have so much friendly attention. If he would spend one winter in St. Petersburg he would find a real city, and if he would look at things with an open mind he would get a very different angle on the business situation than he seemed to receive from Davis Islands and the golf links.

The 15 or 20 Camden people who have spent part or all of the winter here agree that the slogan "Maine in summer and Florida in winter" is the correct one, and express the hope of spending more winters in the sunshine of St. Petersburg.

St. Petersburg, Fla.  
The Scottish Rite bodies for the Valley of Rockland will have their annual meetings Friday—Rockland Lodge of Perfection at 4.30 p. m. (no work); Rockland Council, Princes of Jerusalem immediately following (no work); Gen. Knox Chapter, Rose Croix, immediately following Princes of Jerusalem meeting. The Chapter will communicate the 17th degree and confer the first section of the 18th prior to the 6.30 banquet and at 7.30 the second section will be conferred in full form.

#### MRS. W. H. ARMSTRONG

### Sudden Death of Rockland Woman Prominent In Music and Society

Seldom has greater grief been brought into a community than that caused by the death of Grace Phelps Armstrong, wife of Dr. William H. Armstrong of this city, which occurred Sunday morning after a brief illness, the cause of which had been wholly unrealized by her until too late.

Mrs. Armstrong was born in Philadelphia, Sept. 8, 1874, daughter of the late William Pitts Phelps and Annie Lloyd Phelps. During her childhood the family moved to Merchantville, N. J., where the greater part of her education was received. At a very early age her marked musical talent manifested itself, and as young as nine years she had attracted considerable attention by her ability at the piano. Of a musical family, a quartet of instrumentalists was formed within the home circle, composed of the father, sister and brother, with Little Grace at the piano. Later, extensive voice study was undertaken, the most ambitious of which was with William Shakespeare in London. Her entire life was marked by musical activity. In Merchantville she was a prominent figure in musical circles, occupying church positions and appearing in recital and concert work, and upon becoming a resident of Rockland she immediately became a central figure in music. For several years she was active in the Rubinstein Club, a member of the Congregational quartet, chorister at the Methodist Church, and in recent years had carried on choral instruction with the Harmony and Junior Clubs in a most efficient manner. She had always figured prominently as a soloist, lending her voice in many causes. Her most recent appearance as a soloist was in the Lenten recital conducted by St. Peter's Church this year, one of her numbers being Harriet Ware's "Dance the Romaika" which she sang with a brilliance that will linger long in the memory of all who heard her.

Her marriage to Dr. Armstrong was in September, 1900, in Merchantville shortly after her return from abroad. In 1904, with their two little daughters, they came to Camden where Dr. Armstrong engaged in practice, and after a short period in Lincolnville in similar work, the family moved to Rockland where the home has been maintained since 1909. A year ago the property at 29 Union street was purchased, the home there reflecting in its friendly atmosphere, artistic furnishings and arrangement the refined taste and loving care of Mrs. Armstrong. Her married life was a very happy one. Her home came first always; there she found her greatest happiness, despite the many calls she had for outside service.

Mrs. Armstrong was a member of the Methebesee Club and the Educational Club, and was affiliated with the Episcopal Church. In the Methebesee Club her work was outstandingly brilliant, not only because of her musical ability, but because of the manner in which she led and contributed to literary programs.

It is the privilege of few persons to have the esteem and affection accorded Mrs. Armstrong by all who knew her. The possessor of a remarkable memory and a vivid mind, she surrounded herself with countless friends in all walks of life who recall her unselfish thought and generosity of spirit. The summary of her life can be made in the statement that hers was a noble character and that to know her was to love her.

Her immediate relatives in addition to the husband are two daughters, Mrs. Edward Cutting of South Portland and Miss Rhodena Armstrong who has been engaged in home economics work in Ely, Nevada; a sister, Mrs. William Beatty and brother, Lester Phelps of Merchantville, N. J.

Prayers were said at St. Peter's Church Monday morning, with Rev. E. O. Kenyon officiating. The members of the Methebesee Club attended in a body, and there were large groups from the Educational Club and the Rubinstein Club. The remains were taken to Merchantville, N. J., where funeral services were held Wednesday at the home of Mrs. Beatty. Interment will be made in the family lot there.

#### "ON MY SET"

Those who tuned in on WEEI around 7.30 last night and remained until the Globe news came made no mistake. That American Legion Band and the Percy Grainger concert must have appealed to all music lovers, while Grantland Rice's interview with Tris Speaker certainly pleased the sports. Grantland classed Cobb, Ruth and Speaker as the greatest outfielders of all time. Speaker said that the greatest catch he ever saw was made by Harry Hooper in the World Series of 1912, and that his own greatest catch was of a fly knocked by Joe Jackson in 1920. It was a one-hand stab and Speaker crashed into a concrete wall as he did. He sees the Giants and Yankees as runners-up in the major leagues.

In keeping with Holy Week, the Victor Hour tonight over WEEI at 10 o'clock will present Lawrence Tibbett, baritone, and Richard Crooks, tenor, as soloists in the radio production of Stainer's famous cantata "The Crucifixion." Mark Andrews, noted organist, and the Trinity Choir, will assist in the program.

The Pan American program of WGY Friday night, at 8 o'clock will be dedicated to Brazil. The program by the General Electric Concert Orchestra directed by Victor Wagner will include the Good Friday spell from "Parsifal" and compositions of well known Brazilian musicians.

I hope other radio fans are having better success with WCHS than I am. It has been many days since I heard a program decently from it.

The baseball broadcasts each weekday afternoon are claiming the attention of many scores of Rockland listeners.

#### LIMEROCK POMONA

Limerock Valley Pomona met with Pleasant Valley Grange, Rockland, Saturday the meeting being called to order by the Worthy Master Charles M. Woster. Greetings were extended by Worthy Master of the host Grange, with response by J. Herbert Gould. State Master Crawford of Houlton gave a very interesting address. He had been in Knox County for 10 days and met many old friends, while gaining lots of new ones. He is a man one never tires of listening to and none will forget. His motto is "The thing that goes the farthest toward making life worthwhile, casts the least, and does the most, is just a pleasant smile." He returned home Monday, leaving lots of pleasant memories with the patrons.

Supper was served to about 140, after which the fifth degree was conferred on a large class of candidates. In the evening the host lecturer gave a very interesting program. All spoke in highest praise of the way they were entertained by the host Grange and the supper it served.

Miss Leonora Thayer entertained the Highland Club Monday evening at the home of her aunts, Mrs. Mary Brown and Mrs. Annie Thomas. Those present were Misses Margaret Peniston, Frances Pettie, Marion West and Helen Knight. Miss Thayer at the piano and Miss Pettie with her drum furnished music which with games and refreshments made a jolly evening.

#### PARK THEATRE

Unique in story, rocking with laughs, "One Hysterical Night," starring Reginald Denny, comes for Friday and Saturday.

In the picture Denny finds himself, as "Napoleon," at a fancy dress ball, where those present believe that he is cuckoo and really thinks he is "Napoleon." The merry-makers band against him and precipitate a series of dramatic and humorous situations. It is there that he meets his "Josephine," Nora Lane, who also believes that he is deranged. How he establishes his sanity makes a spirited and entertaining story.

William Haines will star Monday and Tuesday in "The Girl Said No." As a football hero fresh from college who consents to begin his business career in a bank and in his first day does everything but fire the president, our hero is well nigh irresistible. And to complicate matters, he falls madly in love with the beautiful secretary of the big boss. Within five minutes he has asked her to marry him at least 12 times and to her rather firm reply of "no" he pays little if any attention. But win he must and if you know your William Haines, win her he does, but not until he causes more excitement and laughs than you can possibly imagine. The girl who says no until too weak to say anything but yes, is charmingly played by Lella Hyams. A beautiful blond with a soft, appealing voice, Miss Hyams, last seen in "The Idle Rich" acquires herself in splendid fashion.—adv.

#### STRAND THEATRE

"The Sap" an all-talking picture featuring Edward Everett Horton will be presented at this theatre Friday and Saturday. "The Sap"—that is what the whole village called Bill Small, his notions of things to better the town and the nation at large, and even including the betterment of the condition of his faithful wife, Jane (played so delightfully by Patsy Ruth Miller), or his nagging sister, Jane (played by Edna Murphy).

Bill's wife encouraged his flights of fancy, in proportion to the fault-finding of Jane, who compared him always with her loud-mouthed and showy husband, Ed. Mason, a bank employee. The tide turned when not only Ed Mason, but the big banker of the town were implicated in the stealing of several thousand dollars from the bank. The sap at once had another bright idea! "Give me," he said, "enough to make \$50,000, and I will vanquish, taking the blame for the embezzlement!" This they did. Investigations were about to bring the stay-at-homes' duplicity to light when word came that the wandering sap had bought the local bank and was on his way back. Home he came.

The use of overloaded motor trucks on our highways, while the latter are having that "spring feeling" is going to be discouraged by the highway department, with the cooperation of the courts. Judge Miller on Tuesday imposed a fine of \$43 on a truck owned by the Pompeo Transportation Corporation of Quincy, Mass., and driven by Richard J. Christie; and a fine of \$15 on Samuel Jacobson of Portland. Both fines were at the rate of \$1 per hundred overweight. The fines go to the State Highway Department.

Mrs. H. V. Tweedie entertained the girls of her Methodist Sunday School Class (Pratt M. E. Church) Saturday evening at supper at her home on North Main street, with all present except Jacqueline Biethen who was kept at home, to the regret of her classmates, by illness. The girls arriving at 4 o'clock were presented with pencils and paper, and given 50 questions reviewing the Sunday School lessons of January, February and March. The result of this intelligence test was very gratifying to Mrs. Tweedie, as some of the girls came out with 100 percent ranking, while others had 90 or more. The supper table was prettily decorated in keeping with the Easter season. The remainder of the evening was devoted to games and music. Those present were Dorothy Harvey, Gladys Strout, Dorothy Kenderline, Donna deRochemont, Helen Condon, Thelma Day, Arlene Walker, Margaret Carlson, Eleanor Winchenbaugh, Alice Porter, Helena May Mahoney, Clara Gregory and Vera Simmons. As the girls departed for home, Mrs. Tweedie gave them a little talk on Palm Sunday, impressing upon them the significance for children the observance held, and requesting them to attend church Sunday morning with her. She was made very happy Sunday morning on arrival at church to find 11 of her class waiting for her.

WARD ONE'S POPULATION

The first hint as to what Rockland's new population figures will be was conveyed this morning in a letter received by The Courier-Gazette from the office of the Supervisor of the Census for this district. The preliminary count (which is subject to correction) shows the population of Ward 1 to be 129. As the population of this ward was not shown separately at the last census in 1920, there is no way of comparing but as Ward 1 is one of the smallest precincts in the city it means, undoubtedly that Rockland is going to show a substantial gain, between \$200 and \$400, we should say, for a guess. The population of Rockland at the last census was \$105.

Mrs. Florence Kaler is having a vacation of 10 days from the Palmer Jewelry store.

"Rockport's Big Minstrel" made a big hit in Rockport town hall, according to reports which reach this city, and it is due to be repeated tonight at 8 o'clock. The Rockport Boy Scout Band is the beneficiary.

PLEASING PROGRAM

Principal Blaisdell Puts On Lots of Talent For Parent-Teacher Association

The meeting of the Parent-Teacher Association Monday evening was one of unusual interest, largely due to the presence of two of the State officers, Mrs. Haven Sawyer, treasurer, and Mrs. Albert Blanchard, a vice president, both of Bangor, who addressed the gathering on the work of the State and National Federation, stressing the importance and value of being affiliated with both organizations. The meeting was presided over by Mrs. Mary Flanagan, president, Mrs. Nan Higgs, secretary, and Miss Ellen J. Cochran, treasurer, gave reports.

Between the addresses and business phases the High School orchestra, under the direction of K. V. White, gave several selections, and Miss Coughlin's class in community civics gave a demonstration, Dana Phillips, Leon White, Bernard Freeman and Kenneth Dailey of the freshman class participating.

With Principal Joseph Blaisdell in charge, a pleasing program was presented as a stimulus to interest the parents and teachers to attend the meeting. Features were selections by the Girls' Glee Club, Miss Esther Stevenson directing; pantomime, "Tea and Bridge," with parts taken by Ruth Perry, Fannie Maslin Dorothy Lawry, Joan Moulaison and Marion Mullen; Miss Olive Pride's reading "Op o' Me Thump;" selections (including the Maine "Stein Song") by the harmonica band, composed of Edwin Robinson, Harold Hallinan, Frank Babbidge, Harold Snowman and Ernest Rich; harmonica solos by Edwin Robinson, "Over the Way," "Tiptoe Through the Tulips," "Mocking Bird" and "My Blue Ridge Mountain Home;" harmonica solo, "Happy Days" by Frank Babbidge; a play given by the French class, directed by Miss Marion Norton, with the following parts: "Monsieur Perrichon," Israel Snow; "Madame Perrichon," Mildred Sprague; "Mlle. Perrichon," Phyllis Snowman; "The Porter," Richard Stoddard; and "Ticket Man," Albert McCarty; reports of the Washington trip given by Almon B. Cooper, Jr., Albert McCarty, Doris Coltart and Margaret Adams.

An interesting event tonight at Memorial hall will be the appearance of Miss Elena Batchelder Shute and Wesley E. Patterson, formerly of the Mae Edwards Players, in three clever one-act plays. These two young artists are well known over the State, and for all who enjoy the spoken drama a real treat is in store for them. The plays in which they appear are all entirely different, and costumed attractively. The first offering "The Paved Road" is a clever playlet dealing with the marital woes of a young married couple. Their second sketch is "The Apache," a play in which Miss Shute and Mr. Patterson have a chance to display their real histrionic ability. "A Sketch of Spring," their last offering is a jolly little sketch, exceedingly modern and catchy. A few reels of pictures will be shown in conjunction with their program. A dance will follow with music by the Fakers' Orchestra.

Some concern is being felt for the fate of our street lights, as it is found that funds for that purpose are exceedingly low. That expense has always been met by the Village Improvement Society consequently the members are to have a supper in the Grange hall Friday night and they most earnestly request everyone to both contribute cooked food and to attend the supper. It would seem a great pity to not have our streets lighted after the great amount of work already done to bring about that result.

SOUTH WALDOBORO

Mrs. Martin Collamore passed a few days in Thomaston last week, the guest of her sister Mrs. Verne Acorn.

Kenneth Sabourin of North Waldoboro spent the weekend with his chaperone Lowell Wallace.

Mrs. Fanny L. Harding of Auburn-dale was a visitor Thursday with Mrs. Franklin L. Pitcher.

Mrs. Alvin Wallace gave a birthday party in honor of Miss Frances Oliver April 10. Twelve members of the Sunday School class were among the guests present. The color scheme of the decorations was yellow and green, table and room being of the same. Games were played and a name guessing contest furnished much amusement for the youth that had gathered to make merry. After the games lunch was served. The occasion proved a double celebration as Mrs. Wallace's birthday anniversary occurred on the next day.

Mrs. William Gilchrist and son of Thomaston and Hiram Labe were at A. E. Wallace's Sunday.

The funeral of the late Mrs. Mary Winchenbach, who died at the home of her daughter in Jefferson, was held from the local church Wednesday morning. Rev. T. H. Fernald was the officiating clergyman. There was a large attendance, as this town was Mrs. Winchenbach's former home until she went to Jefferson to reside with her daughter, about 20 years ago. Mrs. Winchenbach leaves two sons, Elbridge of Thomaston, Herbert of this town, and one daughter Lillian of Jefferson, who died at the home during her declining years, giving her the kindest administration possible. Interment was made in the family lot at the Seiders cemetery.

NORTH WASHINGTON

M. W. Lenfest who has been engaged in carpenter work for his son in Wakefield, Mass., for about eight weeks, returned home Saturday. Mr. Lenfest was accompanied by his two sons Maurice and George, the latter returning to Massachusetts Sunday.

Mrs. Alice Lenfest who has been confined to her room for some weeks, was taken to Augusta General Hospital last week and Saturday her condition was reported as somewhat improved.

W. A. Palmer is again at work for E. Boynton at the village, as also is Bernard Leigher. They expect to be engaged there for the season trucking and in general work.

Elbridge Lenfest arrived home Sunday from Augusta, where he has been employed for some months.

The London Conference has at least succeeded in reducing its aims—Publishers' syndicate.

SOMERVILLE

Turner mill pond cleared of ice April 13.

While sawing wood for Charles Rose, Roland Dyer recently met with a severe accident which necessitated treatment at the Augusta General Hospital. Two fingers on his right hand were terribly mangled, but according to last reports amputation can be avoided.

J. B. Brown, who visited his son H. C. Brown and family at the Corner last week, has returned to Week's Mill.

An Ailing CHILD

Are you prepared to render first aid and quick comfort the moment your youngster has an upset of any sort? Could you do the right thing—immediately—though the emergency came without warning—perhaps tonight? Castoria is a mother's standby at such times. There is nothing like it in emergencies, and nothing better for everyday use. For a sudden attack of colic, or the gentle relief of constipation; to allay a feverish condition, or to soothe a fretful baby that can't sleep. This pure vegetable preparation is always ready to ease an ailing youngster. It is just as harmless as the recipe on the wrapper reads. If you see Chas. H. Fletcher's signature, it is genuine Castoria. It is harmless to the smallest infant; doctors will tell you so.

You can tell from the recipe on the wrapper how mild it is, and how good for little systems. But continue with Castoria until a child is grown.

Heading slowly but gradually northward Mr. and Mrs. W. O. Fuller have been enjoying the Southern hospitality in Virginia—"down where the South begins," as the announcer of Station WRYA has it. A visit to historic Jamestown and Williamsburg was one of the numerous side trips in which they have recently indulged. Writing from Keswick, Va., where they were delightfully entertained at "Airsle," Editor Fuller writes: "I can't do much in the letter line where we are this week, in the midst of Piedmont Valley, in Virginia's famous Albemarle County and among the aristocratic country homes—marvelous beyond words, great estates of 100 to 2000 acres, big colonial houses like 'Montpelier,' with the old fashions of courtesy and entertainment. Yesterday it was a hunters' race (horseback) rich folks owning and racing, no jockeys. Then a barbecue, where all the neighborhood were on common footing. Our hosts are northerners, retired, bought a fine old estate and we are sorry to make so short a stay—five days—when we are so strongly urged to make a real visit. I look out of my window as I write, and the view is so beautiful that words refuse to run to my pen adequate to giving a picture of it. The countryside, the homes in the midst of spacious ornamental grounds, the riding to hounds, the social customs, the courtesy—it all seems like story books of England of a past century."

Miss Helen Gregory who recently graduated from Knox Hospital is recovering from a three weeks' illness caused by ptomaine poisoning which prevented her from taking her State examination at Augusta this week.

George W. McLain and Mr. and Mrs. Carl Adams are visiting relatives in Massachusetts.

Mrs. Verna Ryan is visiting her sister in Lewiston.

Mr. and Mrs. Edwin Martin of Beverly, Mass., were in town last week. While here they sold their farm to Willis Ladd. It is very pleasing to have young people settling in our midst. Several vacant farms remain which would make nice, comfortable homes and the community would be only too glad to welcome more young people.

Battle Howes is steadily gaining in health.

**Leonard F. Clark**

Leonard F. Clark, a resident of this neighborhood for the past nine years, died in a hospital in Portland, April 10. Mr. Clark went to Portland three months ago hoping to regain his health. When it was found that his disease was incurable his family joined him and remained with him to the end. (His wife (Ora M. Newhall) and three daughters, Beatrice, Arlene and Virginia Clark have the sympathy of their many friends here. Mr. Clark being a carpenter by trade was not only a handy man in the community, but was a kind and obliging neighbor, and it was sincerely hoped that his health would be restored and that the family would again be with us.

## TALK OF THE TOWN

Ernest Ames has moved from the Rice-Snow house, Talbot avenue into the Sullivan house on T street.

John Sullivan has been home on a short visit from Hanover, N. H. His brother Jerry, who has been in ill health for some time entered Knox Hospital Tuesday.

The humorous play, "The District School at Blueberry Corners" is to be presented the latter part of the month for the benefit of the Universalist Ladies Society. Mrs. Grace Rollins is in charge, and rehearsals are underway.

At the meeting of the Blue Bonnet troop Monday afternoon the older girls voted to put on the play "Connie Burns the Trick" within three weeks to raise money to make it possible for some of them to attend the State rally in Boston May 17.

Several of the cantata books "The Seven Last Words of Christ" loaned to chorus members have not been returned. It is important that these be sent in to Miss Margaret Stahl, Limerock street, as soon as possible as they are either church property or belong to individuals who made the loan for the occasion.

Rev. Pliny A. Allen (formerly of Rockland), now pastor of the Norway Universalist Church, was speaker at the Tuesday noon luncheon of the Kiwanis in Portland, his address being devoted to the spirit of Patriot's Day. A feature of the meeting was the University of Maine program put on by Kiwanis graduates from the college, who led lustily in the singing of the "Star Spangled Banner."

At last accounts no salmon had been caught at the Bangor Pool this season, this being the third year since 1892 that a fish had not been taken up to April 14. Twice since that year the first salmon has been taken by a Rockland fisherman. April 1, 1915, John L. Thomas caught two fish weighing 16 and 12 pounds respectively. April 6, 1917, he was again first, catching a 12-pounder.

Herbert E. Messer of Union who is a candidate for the Democratic nomination for representative to Legislature from the Warren, Union, Washington and Rockport class, has filed his primary papers.

The bridge party conducted at Grand Army hall Tuesday evening under the direction of Mrs. Riah Knight and Mrs. Winifred Butler had eight tables in play, with honors falling to Mrs. Grace Keller, Mrs. Raymond Stewart, Mrs. A. J. Crockett, Mrs. Annie O'Brien, Mrs. I. J. Shuman, Mrs. Milton Dick, Mrs. Emma Douglass and Arthur McCurdy.

The housekeepers in charge of the supper at Miriam Rebekah Lodge Tuesday were Mrs. Maud Cables, chairman, Mrs. Ida Simmons, Mrs. Eva Flint, Mrs. Grace Rollins, Mrs. Carrie House, Mrs. Nettie Stewart. There was practice on degree work. Among the visitors were Mrs. Inez Crosby of Camden, a past president of the State Assembly, and Miss Crockett, noble grand of Maiden Cliff Lodge, Camden.

An exhibition of the Western Union simplex paraphernalia is being made at the Fuller-Cobb-Davis store under the direction of Miss E. A. Knight, a local operator who is reputed to be one of the speediest and most efficient operators in the State. This district now has eight students at the Simplex School in Bloomfield, N. J., making 15 that have been sent out of Rockland by Manager Frank L. Clark. The seven who went out in 1928-29 proved 100 per cent efficient, and Sup't. Ames now banks so thoroughly on Rockland that he sends here every spring for recruits which he is able to obtain, thanks to Manager Clark's missionary work and through the assistance of the Commercial College.

The recommendation of the work of two former residents of Maine in the annual report of Near East Relief recently submitted to Congress has particular interest for Rockland, as one of the two is Joseph W.

## Amazed! Way Tanlac Relieves Stomach Troubles

For years the remarkable results obtained from Tanlac in the treatment of general rundown conditions have amazed its users, but most surprising of all is the quick relief this remarkable medicine gives in cases of "rheumatism" and stomach ills that yield to nothing else.

Men and women who thought themselves beyond human aid, who suffered for years with pains from stomach and bowel troubles, neuritis, chronic headaches, dizziness, sleeplessness, constipation, who saw themselves daily going down into a sickly early old age have through the amazing stimulating and cleansing action of this REAL MEDICINE, Tanlac, found themselves once more in the possession of a strong healthy stomach and a body free from pain. One user says, "I suffered tortures from muscular rheumatism, but after taking Tanlac for a couple of weeks I was over the rheumatism, my kidneys acting fine, my digestion in apple-pie order." Try it—get a bottle from the nearest druggist. Satisfaction guaranteed or money back. Accept no substitute.

Beach of Bangor, son of Dr. David Beach of that city. Both Dr. Beach and his son have preached at the local Congregational Church. Mr. Beach is special missionary of All Souls Congregational Church in Bangor of which Dr. Charles A. Moore, formerly of Rockland, is pastor. Mr. Beach is manager of the work in the four Caucasian republics of Armenia, Georgia, Azerbaijan and Adakasia. The report concerning the area in which he works and where 22,000 orphan children have been placed in homes and industries, says: "A survey of this area found 90 to 95 per cent of the population troubled with intestinal parasites, tuberculosis greatly increased since the war, medical personnel, very insufficient in country districts, widespread ignorance of general hygiene and child care, villages under-garmented, faring miserably in winter, livestock disease prevalent, low milk yields, and serious winter livestock starvation due to lack of equipment and ignorance as to methods." Mr. Beach's work in improving and overcoming existing conditions has received highest recommendation.

## AN OPEN MEETING

Young Folks Furnished An Interesting Program At The W. C. T. U. Meeting

The W.C.T.U. held an open meeting Friday evening in the Methodist vestry. The program was given by the junior branches of the organization, the Y.P.E.'s and L.T.L.'s.

Part I was a very colorful pageant by the children of the L.T.L., entitled "Good Will Among the Children of the Nations," under direction of Mrs. Mildred Washburn. The children of America were in midday dresses and dark skirts, with flags, flowers and balloons; the children of the Nations in native costumes and carrying their flags. Those taking part were:

Good Will, the magician, Charles Emery; Children of America, Lilla Sherman, Helenamary Mahoney, Irene Allen, Grace Clancy, Gracie Grant, Pauline Oliver, Marie Thistle, Elaine Ames, Mary Cross, Marion Ludwick, Virginia Rockliffe and Clara Gregory; Japan, Nathalie Waldron; Italy, Julia Molway; Spain, Teresa Mazzeo; Spanish folk dance, Eleanor Ames, Beulah Wright, Marion Harvey, Cleveland Morey, Charles Emery and Clarence Thistle; Netherlands, Virginia Gray; China, Eleanor Mattatall; Russia, Ruth Harper, who sang a Russian folk song; England, Leona Risteen; Germany, Bernice Robinson; Scotland, Charlotte Mattatall (who danced a Scottish folk dance); Philippine Islands, Alice Clancy.

This was also a send-off program for the Friendship Treasure Chest which the children have filled to send to some school room in the Philippine Islands. Part II consisted of the reading of prize essays written by members of the Y.P.E. Decisions were made by Mrs. Mary Roberts, State superintendent of S.T.L. and cash prizes were awarded by Mrs. Mildred Washburn, State superintendent of Y.P.E.'s—first to Ernestine Simmons, on "Results of Total Abstinence from Alcohol," second to Francis Hammond, same subject; third to Vivian Chapies, "Results of Total Abstinence from Narcotics." Groups of spirited songs were sung by Y.P.E.'s. Mrs. Hope Brewster, local president presided. Baskets made by the Y.P.E. girls were on exhibition and sale, the proceeds swelling the fund for mission work.

# The Red Rocket

a demonstrator of Pontiac's finer performance

Beginning today, you'll see the car with the RED ROCKET on the streets and boulevards of this city. It is a New Series Pontiac Big Six, marked with a RED ROCKET to symbolize its remarkable speed, pick-up and power. This demonstrator is on the streets for two reasons. First, so you can obtain a vivid impression of its speed, its quick getaway, its smoothness and easy handling. Second, so you can receive a demonstration on the spot—anytime, anywhere you see this car. We want you to take the wheel. For only in this way is it possible to realize what excellent performance you can now enjoy in this new low-priced six!

**SPEED AND POWER.** Pontiac's 60 horsepower engine, with 200 cubic inch piston displacement, is the largest in any six of its price. This accounts for Pontiac's exceptional top speed, its swift acceleration, and its abundant power on the hills.

**SMOOTHNESS.** This engine is also very smooth because of its new-type

rubber mountings and its Harmonic Balancer which counteracts torsional crankshaft vibration.

**EASY HANDLING AND RIDING.** A new steering system acting on roller bearings and improved four-wheel brakes make this car delightfully easy to handle. And riding is unusually smooth, thanks to its comfortable new Fisher bodies with mohair upholstery of excellent quality, and improved Lovejoy Hydraulic Shock Absorbers.

Now ask to drive the car with the RED ROCKET. Or come to our showroom, where you can learn about Pontiac's reliability, economy and long life. A demonstration will show you what splendid performance Pontiac now is offering at very low cost.

The New Series Pontiac Big Six, \$745 and up, f. o. b. Pontiac, Mich., plus delivery charges. Shock absorbers standard equipment. Bumpers and spring covers at slight extra cost. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values. Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.
