Sheriff Wescott was notified that about \$50 worth of supplies and bedding had been stolen from the camp. Suspicion led him to the home of Mrs. Abbie Kenney, where search disclosed nearly all the stolen goods. Mrs. Kenney and her daughter, Mrs. Rose Pickering, were ar-rested and brought to Ellsworth. The auxiliary boat Alexis I. duPont, built by the Ellsworth Foundry & Machine Works, is now on her way to Jacksonville, Fla., having sailed from New York last Friday. Capt. John Peterson and Carl Wiberg, who sailed on her from Southwest Harbor to New York, arrived home Friday. Both were enthusiastic over her performance on the trip. She showed seaworthiness, encountering some rough weather, and being light, this gave her a pretty thorough testing. Her engines worked smoothly, without a skip for the entire trip, and she developed better than a nine-knot speed, where the requirement was only nine. The boat itself bids fair was only line. The boat itself bids fair to prove the best kind of an advertisement for the Ellsworth builders. The Ellsworth Foundry & Machine Works now has orders for two more boats, smaller than the duPont, and is already getting out stock for one of them.

Dear Aunt Madge:-

Dear Aunt Madge:—

I don't want to get a corner on the column, but I do want to add my sympathy to Aunt Susan, Charity, Lyall and Bonny. I think of them all and many others who have been bereft of dear ones. We shall miss Frances much, she was such a constant attendant at our reunions in years past. I had not heard a word from her since two years ago, when we called on her on our return from the reunion, therefore her death was very unexpected. I have often thought of her, and supposed she had got over her accident and was in her usual health. in her usual health.

Y. W. C. A. OPENS **WORK IN ITALY**

Tea and Club Rooms Opened for American Women.

Miss Charlotte Niven, Director of Italian Work, Prepares for Influx of American Woman Students.

Italy is now included in the war work of the American Y. W. C. A.

Miss Mabel Warner of Salina, Kan., and Chicago left Paris a few days ago for Rome, where she will be in charge of a Hostess House for American girls employed there by the American Red Cross, the Embassy and the new Tuberculosis Commission. Miss Warner has been director of the Y. W. C. A. Hostess House at Brest, France.

Miss Warner will open a tea room and club rooms where the American women can gather for social times. Rome is harboring a refuge population of about 40,000 and accommodations are difficult to find.

The work in Rome was started as a direct result of the appeal of Miss Charlotte Niven, one of the National Y. W. C. A. secretaries of Italy, who is spending a few months in France as advisor in the French work.

Miss Niven's dreams of Y. W. C. A. work in Italy include the maintenance of a residence for non-Italian women, who, she feels, will come to Italy in great numbers after the war to study music and art.

"I believe at this time such a project is particularly important because women from other countries should be encouraged to come to Italy to replace the great numbers of German women who flooded Italy in the past, many of them paid agents of their government," Miss Niven said in discussing her plans.

Miss Niven has asked the American Y. W. C. A. to aid the Italian Association in establishing a center, perhaps at Genoa, with two American secretaries, with physical and recreational training, to act as a training school for Italian women. In connection with it her plan would include a Hostess House for girls passing through the city or employed there. Such a center would become eventualy the center for all Y. W. C. A. work in Italy, both Italian and foreign.

In her formal appeal for help for the Unione Cristiana Delle Giovani (the Italian name for Young Christian Association) Miss Niven has emphasized two facts, the poverty of the Italian Association on the one hand and the need and opportunity on the other for an American program in Italy at the present time.

Miss Niven's favorite way of illustrating the friendliness of the Italian woman to America is by telling the story of the Italian mother who said she had taken down the picture of the Madonna which had hung for many years over her bed 'nd was putting in its place one of President Wilson,

"In our work in the Unione we have lacked trained leadership as well as the material resources to give such training. We have had no means to buy modern equipment. Consequently we have not the visible results of American and British work.

"Feeble as our work may be, it is not useless. Many girls in all parts of Italy have told us how much the Unione meant in their lives. Italian girls are touchingly grateful for the smallest efforts. They respond eagerly to friendliness, *

"There is no other agency doing in Italy what the association is trying to

Miss Niven has spent the past seven years in work with the Italian women, starting as director of a hostel, or boarding home for Italian women students, at Florence. She is an American from New York, where she was onetime head of the Christadora Settlement House.

SERIOUS KIDNEY TROUBLE

Government Inspector In Rochester Praises "FRUIT-A-TIVES"

MR. R. B. O'FLYNN

39 North Union St., Rochester, N.Y. "For five long years, I was afflicted with Stomach, Liver and Kidney Trouble, which developed into serious Bladder Trouble. During that time, I am safe in saying I tried over 50 different remedies without relief.

I saw a testimonial of, I think, a Montreal man about 'Fruit-a-tives' and concluded to make one more trial. By the time the sample box was finished I found quite an improvement; and when I had finished a 50c. box, there was a grand improvement far beyond my expectations.

To make a long story short, I believe "Fruit-a-tives" or Fruit Liver Tablets the best Stomach, Liver and Bladder Medicine the world has ever produced".

LABOR UNREST ALARMS ENGLAND

Nearly All Trades Demanding Either Higher Wages or Shorter Hours, or Both.

BEER ISSUE AGAIN REVIVED

Dock Workers Complain of the Quality of Beverage and Shortage of Supply-Unions Strong and Well Organized.

London.-The industrial unrest prevalent throughout the country is causing serious anxiety, not only to large employers of labor, but even to conservative labor leaders. The labor leaders taking this attitude include J. H. Thomas, general secretary of the Railwaymen's union, who warned a meeting of postal workers who were demanding a 42-hour week, more holidays and curtailment of night work, that "the industrial and economic position of this country gives cause for alarm.

Demand Shorter Hours.

The postal workers are only one of many trade unions which are demanding shorter hours with the present or better pay. Up to this time the demands of the miners have been embodied in the resolutions of the Southport Miners' Federation, who demanded that the government demobilize all miners in the army and that wages other than war wages be advanced 30

per cent. The attitude of the miners has caused the most comment, as coal and its price more directly affect the public. It is estimated that to grant a 30 per cent increase in wages would send the price of coal up at least a dollar a

In addition to the miners, the shipbuilders on the Clyde and in other centers are agitating for a 40-hour week, with daily wages of £1. The men engaged in the same industry in Belfest threaten to throw down their tools unless they get a 44-hour week. The carpenters throughout the United Kingdom are asking for a 47-hour week, and the iron molders, who recently got 47 hours, are threatening to strike unless this is lowered to 44

May Go to Extremes

The dock laborers are putting forth a demand for 44 hours for day work ers and 41 hours for night workers. They are also much agitated over the shortage of beer and the poor quality of that beverage, and during the weel there has been much slacking, particularly at Liverpool, from the cause. There has been a temporary shortage of beer at some shipping points due to the strike of brewery employees, who also complain of long hours.

All these unions are strong numerically and well organized, and from the tone of speeches at their meetings the members apparently are prepared to go to extremes in their efforts to have conditions of labor improved along the lines laid down in their resolutions.

There also have been minor troubles in the labor world. One of these at fected the crew of the liner Adriatic. The sailing of that vessel for New York with a full list of American passengers has been delayed several days, and there is yet no indication of a set-

Stays Home for More Than a Year After Sentence Before Being Taken to "Pen."

Cleveland, Ohio.-Rosario Spinello for more than a year has been supposed to be serving a term in the penitentiary for manslaughter. And all during that time he has been at his home with his wife and seven children -either there or at his work in a factory here. The authorities merely neglected to come and get him. He did not attempt to evade the serving of his sentence. But he was not going to go to the police and insist on it. He did not even dodge policemen who knew he had been convicted, he says.

The crime was committed more than two years ago. For a year the case was in the courts. Then the appellate court sustained the verdict and ordered the sentence executed. But papers ordering his arrest, giving the police official information of the decision of the appellate court, were stuck in a pigeonhole somewhere and it was not until the middle of January that they came to light and the police went to Spinello's home and took him away to jail.

Ellsworth is in line in the nationwide movement for boy conservation. A boy welfare club has been organized here. A community has no more valuable an asset than its boys, and a little leadership, a little encouragement or direction of effort at the right time, will make more valuable the men of to-morrow in the boys of today. The club is one, therefore, in which the whole community is vitally interested, and to which it should give its unstinted support.

Ellsworth will have a municipal election next Monday. It will be called that, but as a matter of fact it will be little more than an endorsement of Mayor Hagerthy and the present adminstration by the voters of Ellsworth. It is practically the same administration. Mayor Hagerthy has been renominated for a twelfth term as mayor, and Aldermen Horace F. Wescott, Frank R. Moore and Leon H. Brown have been renominated. In ward 4, Lyndon H. Phillips has been nominated for alderman by the republicans and endorsed by the democrats, and in ward 5 Charles F. Fuller has been nominated for alderman by the republicans. Fred B. Marden has been nominated for street commissioner, and will have no opposition. The democrats went through the motions of having a caucus and nominating a ticket, but the candidates named declined to sign the nomination papers, so that the republican ticket is without opposition. There is just one contest on the entire ticket, and that for the unimportant office of ward clerk in ward 4 The full ticket for the city appears in the specimen ballot as printed on pages 6 and 7 of this issue.

Downtrodden Calf Skinner Obliged to Toil Diligently for 56 Hours for Stipend.

Chicago, Ill.-Consider the poor, downtrodden calf skinner-likewise the equally poor and equally downtrodden boner of chuck. The calf skin ner, diligently plying his trade at the Chicago stock yards, and the boner of chuck-by diligently wielding a wicked cleaver at the same place-can earn but a mere trifle of-but here are the official figures:

Carl Meyer, attorney for the packers at the recent wage hearing before Judge Alschuler, produced pay vouchers showing the calf skinner received for 56 hours' work \$112, while the chuck boner received \$74 for a 62hour week.

Of interest to the general public was the prediction of Meyer that as demobilization continues large quantities of food released by the government for civilian consumption will bring the present peak prices for food tumbling down to within the reach of the man less fortunate than the poor, downtrodden calf skinner and the boner of

Farmer Accused of Selling Mortgaged Cows Is Arrested by Disguised Boston Policeman.

Boston.-Disguised as a bellboy, a Boston police inspector arrested Wilbur Lowe, a farmer of Waterbury, Vt., sought here by the constable of that

town. Arrested for selling mortgaged cows, Lowe was locked up in the town caboose, but escaped. A clue was discovered in a Boston hotel and Police Inspector Manning was put on the job.

The inspector became a "bell hop" at the hotel. His first call after donning the uniform led him to a room occupied by a man who had signed "Walter Lowey" on the register. Walter was thirsty and ordered liquid refreshments, which were duly served by the bellboy Manning. The latter appeared to be so surprised by the large tip he received from the hotel guest that he demanded an explanation. Finally "Lowey" admitted he was none other than the former owner of the mortgaged cows.

RUSS RUBLE WORTH 12 CENTS

Currency Values Fixed by British Au-Government

London.- Northern Russia's new ruble currency, that is, the currency arranged by the British government to assist the Archangel provisional government in stabilizing finances, has a fixed rate of exchange of 40 rubles to one pound. That places the ruble at 6 pence, roughly 12 cents in American money.

Exchange on the old rubles, both those issued under the imperial government and the Kerensky government, has been extremely unstable throughout the bolshevik regime in all parts of Russia.

The distribution of money is uneven. Money famines are constantly appearing in many sections, regardless of the fact that all money presses are kept going day and night.

The Ellsworth American GETS ONLY \$112 PER WEEK EVERYBODY IS **NOW FIGURING** INCOME TAX

In Order to Be Helpful to Public, Internal Revenue Bureau Has Every Available Officer in Field.

SEVERE PENALTIES IF YOU DELAY BEYOND MARCH 15

With the due date for Income Taxes only a few weeks away, the collection of this far-reaching tax on 1918 incomes has started off with a bang. Everybody is figuring income tax.

Payments and sworn statements of income must reach Internal Revenue offices on or before March 15, and there

are severe penalties for delinquency.
Residents of Maine, New Hampshire and Vermont should make their re turns and pay their taxes to Seth W. Jones, Collector of Internal Revenue, Portsmouth, N. H., or to any of his deputy collectors who are now doing free advisory work on Income Tax.

"Pay your Income Tax by March 15," is the slogan of the Internal Rev enue Bureau, which has sent every available officer into the field to help the public to understand the require ments and to prepare the returns.

Who Must Make Return.

It is estimated that many thousands of single and married persons in this section of the United States who have never before made annual returns are required to do so this year.

Income tax returns must be made between now and March 15 by persons who come under the following classifications:

Any unmarried person whose 1918 net income was \$1,000 or over. Widows and widowers, divorcees and married persons who are living apart from their husbands or wives, are for the purposes of the Income Tax classed as unmarried.

Any married person living with wife or husband whose 1918 net income was \$2,000 or over. The income of both husband and wife must be considered, together with the earnings of minor children, if any.

Revenue Bure u Offere Ald.

Each person in the United States who is in either of these classifications must get busy at once if penalties are to be avoided. He should secure a blank Form 1040 A for reporting net income up to \$5,000, or Form 1040 if his net income exceeded that amount. Forms are being distributed by Collectors and their Deputies, also by banks By following the instructions on the forms a correct return can be prepared at home. If a person needs advice or aid, the Deputy Collectors in the field will furnish this without charge.

The new Revenue law places the Income Tax duty on citizens and resi dents. The Internal Revenue Bureau is sending its men to work right with the public to get the tax and the returns in. With active co-operation every tax due March 15 will be paid and every return required by law will be in the Revenue offices on time.

Exemptions Are Allowed.

A single person is allowed a personal exemption of \$1,000. If he is supporting in his household relatives who are dependent upon him he may claim the status of the head of a family who has the same exemption as if married.

married person who lives with wife or husband is allowed a personal exemption of \$2,000. The head of a family is entitled to claim a similar personal exemption.

An additional exemption of \$200 is allowed for each person under eight-een or incapable of self support who was dependent upon and received his

chief support from the taxpayer. A husband and wife living together are entitled to but one personal ex-emption of \$2,000. If they make separate returns the exemption may be

claimed by either or divided. Accuracy Required.

Absolute accuracy is necessary in making up income figures. Any person who is working for wages should find out exactly how much he received during the whole year 1918. bank interest, bond interest, dividends rents received and all other items must be reported correctly. guesses are not accepted, for they are unjust alike to the taxpayer and the Government and defeat the proper administration of the law.

* INCOME TAX IS TRULY POPULAR.

"The payment of income taxes takes on a new significance, which should be understood by every citizen. The taxation system of this country is truly popular, of the people, by the peo-ple and for the people. Every citizen is liable to tax, and the amount of the tax is graduated according to the success and fortune attained by each individual * in availing himself of the opportunities created and preserved by our free institutions. The method and degree of the tax is determined by no favored class, but by the representatives of the * people. The proceeds of the tax should be regarded as a national investment."—Daniel C. BOY WELFARE CLUB.

Important Community Service Work Started in Elisworth.

A Boy Welfare club has been organized in Ellsworth. It is an important work, in line with the large movement for community service which has received new impetus since the war, and upon which the Y. M. C. A. is now engaged in a world-wide campaign.

The Ellsworth club is fortunate in having available at the start most attractive and desirable quarters. Mayor Hagerthy has placed at the disposal of the club Whiting hall and banquet room on the second and third floors of the Whiting

The second floor will be fitted up as a community hall or club room, with reading and writing tables, games, pool tables, etc. The third floor will be used for physical and military drills.

The club has formed a temporary organization. The boys have chosen as a board of directors M. Y. McGown, Rev. J. W. Tickle, L. F. Giles, Roy C. Haines and Charles H. Leland.

The club starts in a modest manner. It needs and deserves the whole-hearted support of the community. Its needs and its objects are set forth in the following appeal to the citizens of Elisworth from the board of directors;

FEB. 26, 1919,

Citizens of Ellsworth:

An earnest, sincere appeal is made for your support in behalf of the Boy Welfare club. This club has to do with boys. It at once becomes a valuable institution, regardless of whether reconstruction is to revolutionize community life or not. The time has come, and it is highly important also, that the boys of Ellsworth should be recognized and that they should receive a reasonable amount of care and attention.

A group of boys have already organized, into their constitution rules and published later. regulations for a proper decorum and for the dispatch of business, have outlined a program for military and physical drills. for athletics, and a social program supported by a library and reading room. to which has been added a certain amount of games.

The board of directors has general supervision over the finances, deportment and the carrying on of the various programs. The basic idea is to have the boys accept the responsibilities of the entire organization.

To thoroughly establish the project Mayor Alexander C. Hagerthy has made it possible for the boys to have Whiting hall and the banquet hall beneath. The banquet hall will be the boys' community home. Here games are to be played, a pool table, reading and writing tables installed, and attractive pictures, posters and banners will decorate the walls.

The Unitarian club has already given \$50. The club needs:

A piano

A phonograph and records. One stove.

Three dozen chairs. One dozen tables.

Several good pictures and posters. All kinds of athletic equipment.

Notwithstanding all the wants and necessities, simplicity is to govern all departments and conservatism exercised in regard to expenditures and the installation of equipment.

In view of this brief statement, we the undersigned directors of the Boys Welfare club, solicit your interest in one of the worthiest undertakings yet presented before you. Do not wait to be asked, but kindly volunteer your services and your support at once, whether it be money or some part of the equipment.

We believe that all these things should be secured during the balance of the present week. We would also be pleased to have you call anyone of us on the telephone or communicate in any way with us so that you may come into possession of all the details.

Yours, in behalf of the boys,

M. Y. McGown. JOHN W. TICKLE, L. F. GILES, ROY C. HAINES, CHAS. H. LELAND.

BLOOD DISEASES

Like Scrofula, Eczema, and Many Skin Troubles,

Skin Troubles,

As well as a general Spring medicine for catarrh, rheumatism, dyspepsia, Hood's Sarsaparilla is of great value to men, women, children. It does its thorough work in these well-defined diseases by cleansing the blood, on the pure, healthy condition of which depend the vigor and tone of the whole system.

Hood's Sarsaparilla is equally successful in the treatment of troubles that are not so well defined—cases of a low or run-down condition or general debility, loss of appetite and that tired feeling, or cases in which we see now very plainly after-effects of the worry and anxiety caused by the world war and the debility following the grip, influenza and fevers. In all such allments it has accomplished a wonderful amount of good. Hood's Pills help as a stomach toning, digestive cathartic.

Annual Gathering of Hancock County Folk In Cambridge.

The Lamoine reunion rounded out a full dozen years of its existence Monday evening, Feb. 17, at Cambridge, Mass. Now Their Job Is Done They Will Fight to a Finish With Best Friends Over Question of Who Won War,

London.-Three wounded boys who are left behind in the hospital, the ones whose names were crossed from the lists of those who sailed away in time to reach home for Christmas, are the especial charge of the women who volunteered to work on the care com mittee of the Red Cross way back yonder last summer when there was a war on.

We thought that with the signing of the armistice our work soon would be over and the Christmas plans we already had begun to make were abandoned under the impression that there wouldn't be any wounded to entertain in England. But that was all a mistake; it seems as if our work might go on for quite a bit yet. Anyhow, our hospital at Tottenham is one of those which is still full. Every afternoon trains of ambulances pour out their burdens in our receiving wards just as in war times, and boys who have been for months in French or British hospitals are for the first time among their own home folks.

Wounded Captives Received.

Then there are our wounded prisoners-now beginning to dribble back from Germany-to be looked after and made much of. To listen to their stories alone takes one person's entire

There was no bother about Christmas dinner at Tottenham. Uncle Sam saw to that ages ago. Every boy in the hospital here had such a Christmas dinner as he will remember for years. Sir Thomas Lipton gave a party, one of his many, and it had special Christmas frills. The boys who could be moved assert they had a bully time at Sir Thomas' house.

He understands American boys, and more, he gets people to help entertain who understand them, too, like them and don't contradict them when they declare that they won the war. It's all a matter of that little phrase with These children of a larger growth who have been masquerading in khaki these last few months have become children again; now their job is done and they will fight to the finish with their best friends over the question of who won the war. They just naturally can't keep off it. And some of the ones who arrived too late to fight at all declare that it's not won yet, and that wars and wars and

wars are going to follow. By night time they are all worn out with fighting it all over again and they sink back in their narrow little gray cots and the indulgent nurses-girls of our Denver unit in their quiet gray cotton dresses and their snowy capspass down the long wards tucking in this quivering battler, smoothing the forehead of that boy of nineteen who has lost all his faith in any government whatsoever because he lost his hospital allowance to a guy from Cincinnati before he had had time to even pack it in the cherished money belt

the Red Cross gave him. But most of the boys who are being left over here are seriously wounded and it is thought best for them not to take a sea voyage for a while longer; so we try to plan little surprises for them week by week to pass the time

until their joyful summons comes. It isn't so easy, either, to think of something that will amuse a lad who must always lie on his chest to keep a piece of shrapnel lodged somewhere it his interior from floating into a locality where it may cause a great deal of damage.

Bracelets Are Praised.

Little silver bracelets with tags bearing the boy's full name and his military number are perhaps the most coveted trinkets, but as these cost \$1.50 apiece, they cannot be got by the dozen by a single person. And then by the time they were all engraved and the numbers verified in all probability the boys would be transferred and far away. I asked one boy how it was that Yanks were crazy to wear bracelets, and he said it was a little queer how the idea had taken, and then he added:

"What can you expect? We took to wrist watches because they told us fighting men wore them; we found they wouldn't go, but we got the habit of having something on our arms, and it all came down to this: if you've got your stuff chained to you it's yours; just once pry it off and you pass on and leave it, just like we have left so many things we thought sure we couldn't get along without."

against 1,000 for the Johns. Furthermore, he says, there are 262 John O'Briens and 50 of these have wives named Mary.

ELLSWORTH FALLS.

The ladies' sewing circle will meet Thursday afternoon with Mrs. Leonard R. Jordan.

Robert H. Haynes was home from Bowdoin over Sunday.

Miss Buth Treworgy returned home Monday morning from a visit in Boston. Mr. and Mrs. C. M. Whitcomb have just received a letter from their son Reuel, who, with his brother, is with the A. E. F., at Brest, France, and both in the motor transportation corps. He has this to say for the Red Cross: supplies us with the daily papers and plenty of magazines, and whatever toilet articles we need. It is certainly doing a wonderful work here. It is the soldier's best friend in Europe, and every tellow in the A. E. F. speaks only words

of praise for the organization." Hiram W. Hamilton on Tuesday fore noon, while working near the slip at the Treworgy mill, lost his balance and fell off the boom about twenty feet above the flume. Carried along by the swift current, his head struck some ice frozen on the bottom of the slip, rendering him partly unconscious. He was taken out of the water quickly and carried home, suffering eonsiderably from the shock and exposure. Mr. Hamilton was feeling better Tuesday night, and it is hoped he will

fully recover. Mrs. Elmira F. Blonditte, one of our most respected and elderly ladies, died Wednesday evening at the home of her daughter, Mrs. Martha Witham, with whom she had lived since the death of her husband about five years ago. Her age was seventy-one. She had been feeble for several years, but had been ill only about two weeks. Mrs. Blonditte was a woman of quiet unassuming nature, and had won many friends the ten years she had lived here. She leaves three daughters-Mrs. Alfred Conary of Providence, R. I., Mrs. Abbie Kenney of West Ellsworth and Mrs. Witham of this place, and two sons, Charles of Arlington, Mass., and Alexander of Lagrange; also a brother, Mark Milliken, of Bar Harbor. The funeral was held Friday at the house, Rev. Henry W. Conley officiating. Burial at Juniper cemetery.

When the eraser becomes well worn it is apt to smear the paper when it is used to erase a letter. To avoid this, simply rub a little chalk on the edge of the eraser and no smear will occur: and the erasure of the letter will be done much more quickly as well as more neatly.

Nimrod Uses Booze to Make His Bait Lively

Winsted, Conn.-How Kerney Haywood succeeds in catching big strings of fish through the ice when others fishing in the same waters and using the same kind of bait fail has long been a puzzle to local fishermen.

Moved by the prospects of a dry nation, Haywood unfolded the secret of his success. In the pail of water containing the bait fish he places a little John Barleycorn. The spirits make his bait more lively than shiners and chubs used by others, Haywood explained, and the pike, bass and perch cannot help but be attracted.

SIX CLAIM BODY OF "HUBBY"

Philadelphia Coroner Called Upon to Perform Judgment Similar to That of Solomon.

Philadelphia, Pa.-Coroner Knight has been called upon to perform a judgment similar to the one that made Solomon famous in biblical history. Six "widows" have put in claims for the body of Anthony Oster, thirty-four years old, who died in the West Philadelphia Homeopathic hospital on December 26, of injuries received while fighting for one of them.

Each of the "bereaved" emphatically states that Oster was married to her. It is the herculean task of Knight to decide whose claim is legitimate.

It is likely that the body will be given to Mrs. Anna Oster, who says that she was married to Oster 11 years ago and that they had two children. The woman with whom the deceased was living at the time of his death is known as Mrs. Frances Oster. Two "widows" and four children in Lancaster, Pa., and two "widows" and four children in Reading also claim the body.

Oster was killed by Henry Eugene Loomis, a boarder, after Oster accused him of insulting the woman with whom Oster lived.

KILLING SONG PETS IN WEST

Butcher Birds Are Carrying Off Canaries by the Score in California.

San Francisco,-Scores of canaries have been carried away from their cages during the last week by butcherbirds, who by the thousands have taken up their winter abode here in the fastnesses of Sutro forest.

The butcherbird is described as a first cousin to the hawk, is about onequarter the size and possesses a predatory bill. It is his habit to circle high in the sky until his sharp eyes catch sight of a canary as it perches in a cage hung on some veranda. Then, when it is satisfied that its move-ments are not being watched, it swoops noiselessly down, thrusts its taions and hooked beak through the bars of the cage, pulls the luckless bird from its domicile and flies swiftly away with its prey. Sometimes the butcherbirds seem to be satisfied with the mere killing of the songbirds.

The butcherbirds kibernate each winter in the Sutro forest, but their number this year is greater than ever before. In the summer they fix to warmer climates.

NEW WAY TO GET RICH QUICK

Man Charged With Shipping Bibies to lecting \$5 Thereby.

Seattle, Wash .- A new way to get rich quick is alleged to have been discovered by F. J. Comeau of this city whose complaint led to the arrest in Tacoma of H. A. Jourdan, who is accused of shipping Bibles to dead persons C. O. D. and then waiting for the cash to rell in from relatives.

Jourdan is alleged to have obtained the names of dead persons in the Northwest from obituary notices in the newspapers. As soon as the names and addresses were obtained Bibles were shipped with a bill for \$5 each. In almost every case the Bibles would arrive on the day of the funeral and the relatives would immediately send the \$5. The Bibles are said to be worth about 75 cents. To add dignity to the scheme the name of "Rev. In Worth," a mythical person, is alleged to have been used.

SALVATION ARMY LASSIES BRAVE **BATTLE PERILS**

Heroic Women Carry Doughnuts and Pie Where Bombs Are Smashing.

PROUD RECORD OF SERVICE

Earn Admiration and Gratitude of Armies They Serve-Day After Day They Stuck to Their Posts, Ministering to the Boys in Front.

Paris.-Tales of bravery and extraordinary courage shown by women working with the American and British armies continue to interest us at every turn over here.

Day after day and month after month, women stuck to their posts in hospitals, in advanced dressing stations, in work of ministering to the boys behind the lines, without the slightest show of fear or hysteria, while falling shell and bursting bomb tore up the earth about them.

These women have earned the admiration and gratitude of the armies they served. Among this big number of courageous women are two young members of the Salvation Army, Capt. Young and Lieut. Stella Louise Young of New York city. They shared the hardships and dangers of the American doughboy in the battle zones of France and are now continuing their work of sewing on his buttons, mending his clothes, baking pies and doughnuts, writing letters home and being a sister in service with the First American army division, now on German soil.

Their record of work is a remarkable one not alone for the wonderful assistance they were able to give but because of the opportunity they had by reason of the confidence placed in them by the military authorities for service in the furthest advanced positions permitted to women

These two young women were virtually born into Salvation Army work, for their parents for years were working members of this great They went to France peace army. last February. The following notes of their work, jotted down in diary form, gives in part the interesting story of work done by these two plucky American girls: "February - At last we are in

France! We have a quaint old house for our canteen, and where do you suppose we sleep? In a dugout under house next door. I say sleep, but for several nights after we arrived here we didn't sleep much. The village is bombed almost every night.

"Two days after we arrived we had our first introduction to real warfare. We had just finished cleaning up the canteen preparatory to opening for business the next morning. We used up a scrubbing brush and several pieces of soap and a lot of washing powder, but the place shows it. My arms feel it.

"We have gone to our dugout. There is something about this accommodation reminds one of wild animals encrouched in hillside holes. This comparison suggested itself to me as recalled the thousands of men in the armies in France who live like moles in the earth, in trenches, in dugouts, in shell holes and rifle pits.

Thankful for Cots.

"But we have army cots and blankets and a wooden box for a dressing table, with a supply of wax candles. The candles and the cots mark the dividing line between civilization and the early caveman's state:

"How thankful we are for these How tired we are! We feel quite luxurious lying here wrapped in blankets. Hundreds of soldiers passed through here today. I wonder where they are now and what they are doing?

"What is that dreadful noise? never heard anything like it in all my life except once in the thunder-ing crashes of a tornado out West when I was a girl of ten. I lit the candle and dressed. Perhaps a bomb had killed some of our people. I hur-ried upstairs, where all was quiet. It is cold and damp outside, but the moon is bright. I walked over to the

room. All was peaceful there, so I went through the next room and into

"I could have cried with the sight The kitchen was, or had been, covered with glass. A bomb had been dropped on that glass and our kitchen, which we had scrubbed to almost snowy whiteness, was now a mass of broken glass and splintered wood.

"The day after we are promised a canvas roof for our kitchen. The debris is cleared away. Two of our men have arrived with a truckload of supplies. At last we are at our real work of baking ples and doughnuts. The men have carried gallons of wafrom a nearby well and have helped us to prepare the coffee.

"I have seen enough things on wheels today to encircle the globe. They all pass through here on their way to the front. Huge, lumbering wagons, carrying tons and tons of ammunition, others carrying tons of food and other supplies; scores of rolling kitchens, ambulances too nu-

merous to count, and several cars carrying both French and American officers.

"We are ready to serve. We, too, are now a part of this big program of warfare. I am eager to meet the boys. One feels a queer little thrill of excitement as they come marching up the road, one big picture of moving khaki.

"Our captain has gone down the road a way to inform the commanding officer that we are ready to serve the boys with hot coffee and doughnuts if he would permit them to stop long enough en route to accept this truly American refreshment. He gives his consent.

Doughnuts Surprise Boys. "Our big tank of coffee is placed on

wooden box outside the canteen. It is boiling hot. Hundreds of freshly baked doughnuts furnish a surprise to the boys as they tilt their tin hats backwards to get a better view of the refreshment counter-a bit of a curiosity in this place, it seems,

"A youth from New York observed this big attack on the doughnuts. 'Gee!' he said, 'you girls must have begun baking when we started from

the States.'
"'How did you ever get up here?" one asked. 'Aren't you afraid of the Boche bombs? When did you leave the States? and dozens of other ques-

"They liked our coffee. They praised our apple pie. Their enthusiasm is infectious. Everybody is cheered by their presence, and as everyone says,

their self-confident manner insures "The roof of our dugout is covered with sandbags, but the enemy is determined to wreck the town. Our men to that effect. We have been told by the authorities that we must leave, as the danger is too great. This has been a busy center for

many weeks, and we give it up reluctantly. "Two weeks later: I thought it was quite an event when I distributed doughnuts to the boys in the trenches, but here we are in the thick of the battle itself. Traveling since six o'clock in the morning, at two we reached a small town from which the Germans had been driven only a few hours before. The earth at times seems to tremble with the vibration of the guns as we stand before the

improvised evacuation hospital. "While our men unload the big supply of oranges, lemons and sugar we have brought with us, sister and I report to the doctors. A continuous moving line of ambulances is bringing in the wounded-Americans, French and Germans alike. As their wounds treated and dressed they are placed in other ambulances and sent to the special trains waiting, and thence to the base hospitals.

Doctors Work Like Mad.

"The doctors are working like mad. The chief surgeon scarcely looked at 'Yes,' he said, 'get them some thing cold to drink, and get it quick.' "'We have lemons and sugar,' I said. 'We can make lemonade.'

'Do it quick,' he snapped. 'And

"While we squeezed lemons into a bucket Billy Hale bustled off in the camion in search of water. It didn't take him long to find a spring with water clear and cold as ice. He filled the huge tank and sped back to us. soon had gallons of lemonade ready to serve to the boys, hot and

feverish from the fight. "They are wonderful, these boys of Being an American, this moment thrills one with pride. Battered and broken in the fight, and surely suffering terribly from the awful wounds that war has inflicted, these canteez. I lit the candle in the front boys are marvelously brave. Lying

there on blood-stained stretchers, calmly, patiently waiting the doctor's hand, no complaint is uttered. There is no outcry from these young heroes, almost superhuman, it seems to me, in their super self-control."
