**Eat Every Grocer's Label**

Mr. Walter Scott, of the New York Times, has just returned from a trip to the South, where he found the price of tea at the Union Station, $1.50 per pound, and at the New York Stock Exchange, $2.00 per pound. He has advised his friends to buy tea at these prices, and has promised to keep them informed as to the price of tea in the future.

"FARM POULTRY"

POULTRY

OF A SMALL FLOCK

It is Forlorn Hopes for Eggs From Small Flocks Should Be Fed With This Food

(Prepared by the United States Department of Agriculture)

The actual purpose of keeping a small flock of poultry is for the production of eggs. Consequently one should feed with this in mind. Practically every breeder has a quantity of table eggs which can be sold. This is particularly so in the case of young birds. In fact, if young birds are not fed adequately of raw and dry meal should be provided in order to produce the best results.

The Flavor Lasts So Does the Price! They Win You On Quality! Your enjoyment of Camels will be very great because of their refreshing flavor and fragrance and mellowness and is so distinctly different. You never tasted such a cigarette! Elite is eliminated and there is a cheerful absence of any unpleasant cigarette after-taste or any unpleasant cigarette odor!

Camels are made of an expert blend of choice Turkish and choice Domestic tobaccos and are smooth and mild, but haven't forgotten the full-bodied and certainly hand out satisfaction in generous measure. You will prefer this Camel blend to either kind of tobacco smoked straight!

Give Camels the stiffest tryout, then compare them with any cigarette in the world at any price for quality, flavor, satisfaction. No matter how liberally you smoke Camels they will not tire your taste!

What other phonograph dares this test?

D'yo ask me one of the Edison Tone-Test recital given recently at Hancock Hall? The startled audience was dumbfounded by Mr. Morrison's living voice the played the bucket. It then announced the Edison New by its splendid voice, even unto its finest variation of shading and feeling. Any one who was present will tell you.

The art of the living artist and its RECREATION by the New Edison can not be told apart.

It is in life places that you can enjoy them, Middlesex, Homeplace, Spalding—in your home. The New Edison brings all the great artist one can, except his physical presence. It is the phonographic triumph of the age.
