SUGGESTION FOR THE DUMP

Editor of The Courier-Gazette:—

If the city fathers could be induced to land some half-dozen cartloads of earth and one or two loads of dressing on the city dump, disposing of it in six or eight hills, and planting therein seeds of pumpkin, squash or other cucurbita, these rapid growers would soon cover the unsightly array of old tin cans and ashes which now confront us. NOW is exactly the right time to plant the seeds.

Miss Ednah Howard was yesterday elected captain of the Rockland High School girls' basketball team for next season. Miss Howard played a remarkably fine game the past winter, and will have the distinction of being the only veteran on the team next season. Miss Carrie Breen who was elected manager, gave excellent service as substitute, and is considered one of the most promising players for next season's team.

NELSON'S VISIT

Portland Editor Likens Congressman's Attitude To That of Littlefield

Commenting upon Congressman Nelson's visit to Rockland this week, the editor of the Portland Evening News said:

"The new district which Nelson will represent after the next election will be known as the Second District. It will include from Nelson's old Third District, Kennebec, Somerset and Waldo, and from the present Second District, Knox, Lincoln, Androscoggin and Franklin.

"Thus far no opponent has appeared to Nelson in the coming primaries. The Courier-Gazette, Rockland's local newspaper, in announcing Nelson's visit hails him as 'our own Congressman,' adding: 'In the public life of Maine there is none who takes higher rank than the Augusta man who since 1922 has represented at Washington this Third Congressional district. During this relatively short period of service at the national capital, Mr. Nelson has established himself as one of the foremost figures in the Maine delegation, by reason of character and ability ranking high in the estimation of the entire House of which he is an honored member.'

"It may be added that his future constituents of Knox County will find in Representative Nelson marked similarity to one of their most popular leaders of a generation ago. They scarcely can fail to see in the Augusta man vigor of expression, independence of thought and forthrightness in tackling governmental problems much like the attitude of the late Charles E. Littlefield who was in Congress from the Rockland district from 1901 to 1907."

LARGE MILLERS IN FRIENDSHIP

Editor of The Courier-Gazette:—

Having read with great interest the piece in your paper regarding the immense greens and clams of Medomak, I decided that although down here in Friendship we have, as far as I know, neither greens nor clams to boast of, yet I imagine no other town in Knox County has such a unique way of carrying the mails. The millers here grow so large that only two of them are required to carry all of the outgoing and incoming mails. Even during the holidays and through the summer when mails are heavy they do their task faithfully and well. Amy Stebbins

NO-FOUL IN BIG BOUT

A no-foul rule, with possible reservations, will prevail when Max Schmelling defends his heavyweight championship against Young Stribling in Cleveland stadium July 3.

Announcement that the title would not be decided on a foul was made by the Cleveland Boxing Commission. The Commission, however, considered amending its decision so that in the event a low blow forces the end of the bout, heavy cash penalties might be inflicted.

PUBLIC NOTICE TO DELINQUENT TAX PAYERS

The present city administration faces an unpleasant but necessary duty to collect back taxes. It has been greatly handicapped in the collection of last year's taxes, not only by business depression but because of the fact, that when it took charge of the financial affairs of the city on January 11, 1930 there were more than one hundred twenty eight thousand dollars of uncollected taxes, and of this amount more than one hundred eight thousand dollars was due the city for the years 1926, 1927, 1928 and 1929. The effort to collect such a large amount of back taxes, has in many instances, seriously affected the ability of the tax payers to pay the 1930 tax. The city is borrowing many thousand dollars in anticipation of taxes. The law requires the tax collector to enforce payment of the 1930 real estate tax, by lien filed during the tax year which ends June 16th next. The ten days legal notice has already been served and all unpaid taxes have been turned over to me to bring suit which the law requires to be brought immediately, in order to enforce a lien which shall come ahead of mortgages, other incumbrances and also transfers of title in fee. Mortgagees have the legal right to pay taxes and add the amount so paid to the mortgage, otherwise they may lose the security of their mortgage. If the city is to be run on a sound business basis, the taxes must be promptly collected, otherwise the liens are lost, and in many cases, the taxes are impossible of collection. Thousands of dollars in the past have been lost because delay made collection impossible It is mighty poor business to borrow money on interest and allow revenue due the city to remain uncollected. It is therefore not only good business, but the bounden duty of the city to make a faithful effort to collect the over due taxes. Such an effort should meet with the hearty approval of all our tax payers. The total expenses of the city are practically a fixed and definite sum. Every uncollected tax contributes to an increase in the rate of taxation, and thereby, and to that extent an increased burden on those who pay their taxes. It is from the tax payers who promptly pay their taxes that an indignant protest comes that the delinquent must bear the same proportion of burden and be compelled to pay it. There is justice in such a protest, for those who pay should not carry the whole load while others escape.

I request that tax payers who have been served with lien notices, make arrangements with me or the collector of taxes for the settlement of their 1930 tax before lien attachment proceedings are started on June first next, and thereby save the expense of the same. All persons who owe personal or poll taxes are also requested to make payment to the tax collector at once. Those who are unable to do so are requested to call at the Collector's office and show cause why a warrant should not issue. Every deserving case of inability to pay will receive careful attention. It is a fact that a large number are able to pay and have not paid because others of equal or more ability, have not paid their taxes and no effort has been made to compel them.

It is by no means a pleasure to enforce the collection of taxes by legal process, but in justice to those who have paid their taxes and the need of the city for the revenue due it we are obliged to undertake the task.

Yours truly,
E.W. PIKE,
City Solicitor.

DO YOUR BIT TODAY

And Buy One of the Legion Poppies In Memory of the World War Dead

The attention of the public is again called to the poppy sale being conducted by the American Legion and Auxiliary today.

The poppy was worn in America in honor of the war dead even before the close of the war. In 1919 scattered poppy sales were held by the American Legion and the following year, in National Convention at Cleveland, Ohio, the Legion adopted the poppy as its memorial flower. When the Auxiliary was organized in Kansas City in 1921, one of its first acts was the adoption of the poppy as a memorial flower.

The nation wide sale of poppies to be worn Memorial Day was begun by the Legion and Auxiliary in 1921. At first silk poppies made in France by French widows and orphans were used but soon the manufacture of poppies by American disabled veterans was begun. The paper poppy made by the American disabled in government hospitals and poppy workshops became the standard American Legion and Auxiliary flower.

Each year the number of poppies sold has increased. The earnings of the disabled veterans making the poppies has grown to a large figure. The funds made available each year for Legion and Auxiliary relief work have passed the million dollar mark and, most important of all, the poppy has been kept a sacred symbol of the sacrifices of the men who gave their lives in the World War.

Throughout the world the poppy is recognized as a tribute to those who lost their lives and a means of serving those who live under the shadow of war disabilities.

YACHT CLUB AHOY!

Concert By 40-Piece Band and Other Attractions Tomorrow Afternoon

Folks who do not go away from the city tomorrow are quite likely to be found at the Public Landing, where there is to be an afternoon band concert and other attractions in connection with the season's opening of the Community Yacht Club.

Chisholm Bros. are going to give away 500 toy balloons, St. Clair & Allen are going to distribute 500 pieces of confectionery, the Munsey Motor Co. is going to present 500 bags of salted peanuts, M. B. & C. O. Perry are going to provide something nice, and probably several other concerns will enter into the spirit of the occasion.

There will be free boat rides through the courtesy of John O. Stevens, Everett A. Munsey and Vesper Packard. For those who are airminded rather than ocean minded there will be eight free airplane trips so distributed that greatest joy will be given.

There will be a wonderful concert by a 40-piece band, and for everybody there will be punch and some other refreshments.

Mrs. Ernest C. Davis will act as hostess.

The object of all this friendly attitude toward the public is a desire to create greater interest on the part of the citizens in an institution which means much to Rockland visitors who come by water and to citizens who make use of the waterfront either for business or recreation.

There will be no collections and nothing to sell.

M. S. Dick, Everett A. Munsey and Ernest C. Davis constitute the committee in charge.

Brocoli: "They say your divorced wife has made up her mind to marry a struggling young lawyer."

Spinachi: "Well, if she has made up her mind, he might as well cease struggling."

KENNISON CONVICTED

Rockland Man Before Lincoln County Court, Gets Prison Sentence

The Lincoln County News gave the following report of the Kennison case, which is republished here because of the keen local interest in it:

"Tuesday morning the so-called antique case opened before a drawn jury. The grand jury had found four indictments against Harold L. Kennison of Rockland, an antique dealer. He was charged with complicity in the stealing of furniture and other goods from the house of Miss Ruth Coit, Damariscotta Mills, from the Kaler house in Waldoboro, and the Chellis house in Newcastle. He was tried on the charge of being an accessory before the fact in the breaking, entering and larceny of certain articles from the Chellis house, and with counseling, aiding and abetting in the felony.

"Ruel Eugley of Waldoboro was the first witness for the State. Eugley had already pleaded guilty to breaking and entering and he testified that he was well acquainted with the respondent and that at different times Kennison had suggested that there were antiques in these houses afterwards entered, and that he would take them off Eugley's hands if he could get possession of them.

"Eugley had no car so Kennison asked him if he did not know some one who would help him. Carroll Genthner was thus brought into the picture. The Chellis house was entered and articles stored in Genthner's shed.

"The following night two loads were taken from the Coit house and stored in the same place. The witness testified that Kennison later went to Genthner's and bought a small stand, a picture of the early Presidents, and a plate. He would not take the Coit goods as they belonged to 'rich people' and it would be 'hot stuff' to handle. On advice of Kennison, all of the goods were taken from Genthner's and stored in a barn at Winslow's Mills. Afterwards getting frightened, they asked Kennison to get the articles which he had bought and he did so. It was later brought out that they had been sold to Warren Weston Creamer by Kennison.

"The defense made a general denial of the greater part of the testimony of the State's witnesses and declared that when the three articles were bought at Genthner's they were not shown the Coit goods and did not see them in the shed. This was corroborated by Alden Tyler, who is also under indictment.

"When court adjourned Tuesday afternoon, the evidence was all in and the attorneys' pleas finished. The judge charged the jury Wednesday morning. After deliberating 35 minutes a verdict of guilty was returned."

* * * *

Convicted by the Lincoln County Superior Court jury on the charge of selling vanilla for beverage purposes, Clarence McKown, 61 year-old Boothbay Harbor merchant, was Tuesday sentenced by Justice Manser to pay a fine of $500 and costs and serve six months in jail. The jail sentence was suspended and he was placed on probation for two years. In pronouncing sentence, Justice Manser gave McKown a severe lecture. The jury retired about 10.30 a. m. and returned its verdict at 3.45 p. m.

* * * *

Two reformatory sentences and one jail sentence were imposed in connection with the antique thefts in this section several months ago.

Bryant Levensaler of Waldoboro, for breaking and entering, was sentenced to the Reformatory for Men at South Windham and Reuel Eugley of Waldoboro on a similar charge, was also sent to the reformatory. Carroll Genthner was given six months in jail.

* * * *

Sentence was awarded yesterday—two to four years in State Prison.

Kennison's attorney, Adelbert L. Miles of Rockland, filed a motion for a new trial, which was denied by Justice Manser and an appeal from his denial was taken. Bail was fixed in the sum of $5000 and the execution of the state prison sentence stayed to await the result of the appeal.

BY SHIP AND BY BUS

The Eastern Announces An Important New Arrangement Between Rockland and Bangor

Combination sea and bus trips between Bangor and Boston have been arranged by the Eastern Steamship Lines and will begin on June 1st.

Under the new plan passengers will have the option of leaving Bangor for Boston on the steamer at 2 p. m. daylight, or they may remain in Bangor until 5.15 p. m. daylight, and then be conveyed, without extra charge, by motor bus leaving from Eastern Steamship Lines Bangor pier to Rockland, there to connect with the steamer leaving for Boston at 8 p. m., arriving at destination early the following morning.

Passengers who sail from Boston after June 1st also have the privilege of continuing by steamer up the river to Bangor, or may transfer to a bus upon arrival of the ship at Belfast the following morning at 7 o'clock, and be in Bangor at 8.30 a. m. in time for the opening of business.

Through this arrangement the traveling time between Boston and Bangor, in both directions, can be cut down by several hours and one of the most delightful motor car rides in Maine along the Penobscot is furnished Eastern Steamship Lines passengers without extra charge.

Back of the plan is the desire on the part of the steamship company to enable business men to have more time to attend to business in Bangor and to make it possible for tourists to remain almost three hours more in picturesque Bangor.

Bangor business men at a conference with H. I. Brooks, District Passenger Agent of the Eastern Steamship Lines a few days ago unanimously approved the new schedule and it is expected that the first ship out of Rockland operating on the new arrangement will be crowded.

Of the many trips offered by the ships of the Eastern Steamship Lines that between Boston and points on the historic Penobscot is one of the most enjoyable.

Until June 28 ships and busses will be in operation six days a week and after that date will run also on Sundays.

Maine government officials who have been studying business conditions in that state have reported a remarkable change for the better and they predict for the coming summer the heaviest passenger and freight traffic between Maine and Boston since ships of the Eastern Lines began running on that route.

FOR THE 4TH MAINE

Monument Memorial Fund Continues To Grow—Contributions Welcome

Interest in the Civil War camp site memorial on Middle street hill continues to increase. Letters expressing sympathy with the effort to mark this historic spot and donations of various sizes continue to come in from relatives of veterans of the old 4th Maine and from interested citizens.

No definite goal has been set but it is desired to erect a fitting marker and naturally the larger the fund, the better the marker. Checks may be made payable to John M. Richardson, treasurer, and sent to The Courier-Gazette office. All donations will be acknowledged in these columns at frequent intervals.

Former Rockland Boy Recalls the Famous Fourth Maine Regiment

Editor of The Courier-Gazette:—

The movement to mark the Middle street camp site of the Fourth Maine Infantry, appeals to me as a most creditable, though somewhat belated, attempt to give some recognition to the fact that Rockland sent to the front during the Civil War one of the most gallant and famous regiments in the whole northern army. I am pleased to be able to send the enclosed check as the contribution of a former Rockland citizen who has never lost his love for and interest in his birthplace. Walter V. Wentworth.

"VAGABOND LOVER"

The authorship of the "Vagabond Lover" song that brought fame and money to Rudy Vallee was decided in Circuit Court at Chicago Thursday.

Judge Sullivan ruled that Vallee, his agent, Leon Zimmerman and Leo Feist, Inc., must account for profits from the ballad to Jesse Brown, an attorney. Brown said he composed the song and that Zimmerman had copied it.

YOUR FAVORITE POEM

MARGARITAE SORORI

A late lark twitters from the quiet skies;
And from the west
Where the sun, his day's work ended,
Lingers as in content,
There falls on the old gray city
An influence luminous and serene,
A shining peace.
The smoke ascends
In a rosy and golden haze. The spires
Shine and are changed. In the valley
Shadows rise. The lark sings on.
The sun,
Closing his benediction,
Sinks, and the darkening air
Thrills with a sense of triumphing night—
Night with her train of stars
And her great gift of sleep.

So be my passing!
My task accomplished and the long day done,
My wages taken, and in my heart
Some late lark singing,
Let me be gathered to the quiet west,
The sundown splendid and serene,
Death.

WEAR A POPPY

Poppy Day. Over the entire country the day is receiving observance, not alone because of a solemn association with those memorable fields of France, but also that by reason of the sale of the emblematic flower funds are produced which help support the welfare work carried on by the auxiliaries of the American Legion. Whoever today wears the poppy honors the men who made their sacrifices in never to be forgotten days of a dozen years ago, as well as those who now are engaged with no less patriotism in meeting the responsibilities of these later times. Let us buy of the poppies liberally.

VALUE OF LOCAL NEWS

At the recent annual meeting of the American Newspaper Association, held in New York, in which two hundred publishers of papers in small cities participated, the gist of the reports and discussions agreed that newspapers outside the larger cities should build their circulations upon the bedrock of news strictly of local interest. Statistics were gathered through house to house canvass, two surveys being conducted by Prof. George H. Gallup, dean of the School of Journalism in Iowa University, and Kenneth Fryslie, a graduate of the Iowa University. Professor Gallup's researches found practically no interest in foreign news, very little in political news from Washington, a great deal of interest among women in letters to the editor and a maximum of interest in the picture pages. Bedtime stories and deaths gained large audiences, and health news and recipes, together with advice for persons in the throes of "love" seemed to be absorbed avidly by more than half the women readers of newspapers. The interest in society and personal notes varied, according to Professor Gallup's survey, with the size of the city, with little comparative interest in great cities, but absorbing attention in the smaller places. Sport stories and sports columns have been vastly overdone in the American newspapers, it was agreed in both surveys. One of the best features of newspapers in attracting readers, according to Dr. Gallup, was department store and amusement advertising, women readers being the followers of the "ads" from stores, and men readers the followers of amusement advertising.

These conclusions arrived at through systematic surveys were years ago discounted by The Courier-Gazette. The ability of the metropolitan papers through modern transportation facilities to serve far distant points with the morning daily filled with the news of the world, leaves to the newspaper of the small community a quite inexhaustible field for local news exploitation. It is some time since we gave over endeavoring to make our columns cover the wide-world field. The home must have its bulky city daily, but by its side is certain to be found the smaller sheet whose columns are filled with things that relate to the comings and goings and doings of the Home Folks.

Writing to the Boston Herald's Mail Bag, Steven Byington of Ballard Vale, Mass., says:

One of your correspondents inquires about the spelling of Muscle Shoals, named from mussels. The word, whether for biceps or for shellfish, comes from the Latin for "little mouse." The Latin has the "c"; the English used to have it in both meanings, as your correspondent may see by looking at an old book that mentions the shellfish, where the spelling will be "muscles." More recently we have simplified the spelling for the shellfish, but neglected to simplify it for the biceps. But the proper name has kept the old spelling after the spelling of the common noun was changed; proper names do so now and then.

We have always contended for the mussel, particularly when dealing with the narrow channel that stretches southerly from the entrance to Rockland harbor. Because the bottom of it is thickly sown with the familiar bivalve the name Mussel Ridge Channel naturally belongs to it, and we believe can so be found upon some of the older charts. When "Muscle" Ridge came into vogue we cannot say. We have frequently called the government's attention to the matter with view to bringing about official correction, but nothing has ever come of it. Governments are sometimes that way, and then wonder that they get overthrown.

Biggest run of alewives in Warren's history. That is the word which comes across country, and the reason why so many Rockland motorists are daily riding over to the mill town on the Georges River.

KNOX IN THE REVOLUTION

Citizen of Pine Tree State Who Figures In the George Washigton 1932 Bi-Centennary

The story of Maine's participation in the Revolutionary War is an account of the devotion and patriotism of a people determined to be free. The future Pine Tree State, then a part of Massachusetts, responded to the call to arms with no hesitancy or delay, and many of her sons gave their lives on distant battlefields.

The division of information and publication of the George Washington Bicentennial Commission recalls that one of the most distinguished names of the Revolutionary War period is that of Henry Knox, patriot, soldier, and friend of the First President. The Commission is now completing plans for the nation-wide celebration next year of the Two Hundredth Anniversary of the birth of George Washington, which will commence Feb. 22 and continue until the following Thanksgiving day.

Every person in the United States will have an opportunity to participate in the observance. In every schoolhouse, church and in every building where people assemble in meetings, commemoration programs will be held. Extending even beyond the borders of this nation, the bicentenary observance will include abroad as well as citizens of all foreign countries.

Henry Knox, although born in Boston, became a son of Maine by adoption for it was in Thomaston that he made his home upon retirement from public life.

Engaged in his profession of bookseller in Boston, Knox was among the first to take up arms at the beginning of the war and at Bunker Hill rendered distinguished service as a private in the defense of the American position. When Washington, with his commission as commander-in-chief of the Continental armies, came to Boston to assume the leadership of the troops, Knox was there to offer his services in any capacity in which he was needed.

* * * *

Perhaps the most spectacular exploit of the entire military career of the former bookseller was his transportation to Boston of the cannon taken by Allen and Arnold at Ticonderoga. Washington was seriously handicapped throughout the entire siege by lack of powder and artillery and the value of the cannon he thus received cannot be overestimated. The enterprise and courage which Knox displayed in dragging the captured guns over the snow covered mountains and frozen Lake Champlain earned the respect and admiration of the commander-in-chief and he was placed in command of the artillery. Knox may justly be considered the father of this branch of the army.

From Boston Knox accompanied the army to New York. After the defeats which the Americans suffered in the New York campaign, including the loss of Forts Washington and Lee, the American army retreated across the Jerseys and seemed likely to dissolve. Washington planned and carried out the attack on Trenton and Princeton as a means of bolstering the waning morale of the entire country. In these successful raids Knox was an important factor for with Glover he supervised the transportation of the troops across the ice-jammed Delaware.

His services were recognized by Congress and he was advanced to the rank of brigadier general. At Monmouth Knox further distinguished himself, and at Yorktown, the final great battle of the war, he was in charge of the American artillery which did so much damage to the town in which Lord Cornwallis had fortified himself. It was the well-directed bombardment by both the French and Americans, of the British stronghold there that battered down the fortifications and made the place untenable.

After the war General Knox was among the foremost to advocate the establishment of a strong central government. His views were clearly expressed in a letter to Washington in which he pointed out the inefficiency of a confederation such as that by which the war had been carried on. When the Constitution was completed and presented to the States for ratification, Knox was one of its most earnest supporters.

* * * *

When Washington became the head of the new government as its first President he proceeded to the formation of his cabinet. Knox had been acting as the head of the War Department and in that capacity he was retained by the President. In the controversies which divided the cabinet he stood with Hamilton in the support of a national bank and other projects which came to be regarded as particular interests of the Federalist party. He was however, a friend of Jefferson and with him helped to establish the United States navy to put an end to the piracy which was seriously injuring American shipping in the Mediterranean. Knox may also be said to be the father of the present militia of this country.

From the moment of their first acquaintance a friendship sprang up between Washington and Knox which terminated only with the death of the First President. Their mutual esteem and admiration may be seen in the many letters which passed between them.

Another son of the Pine Tree State, which till 1820 was a part of Massachusetts, who attained eminence in the service of his country, although in a different sphere was William Cushing, prominent lawyer of Lincoln County. Judge Cushing was appointed Associate Justice of the Supreme Court by Washington in 1789. He held this position until his death in 1810.

From the bays and harbors of Maine many ships were built or equipped and sent out as privateers to wreak havoc on the British shipping. It is said, indeed, that the first English naval officer to lose his life in the Revolution was Captain Moore, killed in the harbor at Machias in a fight between the "Margaritta" and the American sloop afterward known as the "Liberty."

It is impossible in a limited space to name all the sons of Maine who took part in various capacities in the Revolutionary War, but if assembled they would present an imposing list. They all combined their efforts under the leadership of George Washington to win the freedom of their country and establish its independence.

In the celebration next year of the two hundredth anniversary of the birth of George Washington a prominent part may, and undoubtedly will be played by the great Pine Tree State. Her people rallied to the support of the man commissioned to lead the Revolutionary armies and cooperation was continued when he was called to fill the Presidential chair. The same spirit which actuated the country at that time and which is the inspiration of the forthcoming commemoration cannot but make itself evident in Maine as well as in all the other States of the Nation founded by George Washington.

In the act creating the United States George Washington Bicentennial Commission Congress invited every one of the States to create bicentennial organizations to cooperate with the national body in the forthcoming celebration. Most of the States have appointed commissions in accordance with this request and it is fully expected that Maine will soon create her own organizations to direct her participation in the greatest national observance in all history.

CAMDEN WON MEET

Alton Keene Big Noise In the Trotting Park Athletic Events Thursday

The triangular track meet at Knox Trotting Park Thursday afternoon resulted in victory for Camden High School, very largely through the skill and endurance possessed by Alton Keene whose day's achievements accounted for 27 points.

The summary showed the following rating: Camden High School, 47½ points; Belfast High School, 34 points; Rockland High School, 26½ points.

Light rain fell occasionally while the meet was in progress, and this rendered the track damp and heavy, but the showing made by the schoolboy athletes was very satisfactory on the whole.

The officials were H. J. O'Brien of Belfast, starter; Durwood S. Heal of Rockland and Standish Perry of Camden, judges; Raymond D. Bowden of Rockland, clerk.

The summary:

100 yard dash—Won by Keene (C); Horne (B) 2nd; Ellingwood (R) 3rd. Time, 10 4-5 sec.

"ON MY SET"

Reception has been unusually strong and clear this week, and the programs have afforded much pleasure.

* * *

An orchestra of unusual merit was broadcasting over WIP Thursday night, and at the conclusion I heard the announcer say that the concert was given through the courtesy of Mrs. Mary Louise Bok.

* * *

The Camden-Rockport Lions Club will broadcast through station WLBZ next Thursday night from 9.30 to 10.15, a feature of the program to be the Boys' Band.

WITH THE BOWLERS

In the 10-string sweepstakes contest last night these totals were made: V. Norton 1013, Rackliff 1003, Glidden 955, Howard 921.

Repairs are being made by the I. L. Snow Co. on one of the cement kilns, the shell of which had been damaged by overheating.

YMCA-ING IN BRAZIL

Secretary Gallyon, Recently Returned From Sao Paulo Tells of Work There

From Gardiner, Me., to Sao Paulo, Brazil, is a far cry, but distance yields to duty when one joins the force of international Y. M. C. A. workers.

And so with I. H. Gallyon, the Maine man who for the past 18 years has been general secretary of the Association down in South America. Mr. and Mrs. Gallyon were in the city for a brief stay this week, making the detour in order to pay a social visit to two very dear friends whose acquaintance they had formed in Sao Paulo—Mr. and Mrs. Harold L. Karl.

Mr. Gallyon chatted interestingly with a Courier-Gazette reporter regarding the efforts which he has been directing in the Brazilian city in the interest of "spirit, mind and body," the triangular motto of the Young Men's Christian Association.

Here in the North we know so little about the expansiveness and progress of the South American countries. We know in a general way that Brazil is a large country, and that we used to be happy in collecting Brazilian stamps but not many of us know that Sao Paulo is a city of more than a million inhabitants, and that it supports a Y.M.C.A. of 2000 members, housed in a fine two-story building, 40 meters long.

Mr. Gallyon's work has been at Y.M.C.A. work since 1903, having been located in Boston, Pittsburg and Kansas prior to accepting the Brazilian appointment from the foreign department of the National Council in New York.

In his new assignment he found assembled boys and adults representing 27 nationalities—a melting pot which necessitated the assimilation of at least three languages. And in this connection how many of you knew that Portuguese is the predominant language of Brazil.

Boys and men are not the only ones who enjoy the privileges of the Sao Paulo Y.M.C.A.; girls and women have the use of the institution, especially the physical department at certain hours.

Mr. Gallyon's work has been attended with much success, and the esteem with which the Brazilian people held him found expression, on the eve of his departure, in the presentation of a solid Brazilian gold medal, "given in gratitude by his collaborators."

The Sao Paulo Y.M.C.A. played a very important part in the recent Brazilian revolution. Five or six thousand youthful soldiers were suddenly centered in the capital city and this was the group which the "Y" helped save—the youth who had come from home in small towns and were unaccustomed to city life. Headquarters were secured and the great work began. Barber shops, lodgings, clothing, sanitary facilities, correspondence tables, social programs, etc., were among the many things which Mr Gallyon was instrumental in putting across with the assistance of many of the outstanding citizens of the city. Many of the leaders in the revolution were friends of the Y.M.C.A., having been members of the Board of Directors and even one or two having been president of the Association

Though still attached to the foreign department of the Y.M.C.A. it is quite likely that Mr. Gallyon will be relocated in this country. He is an enthusiastic Rotarian, and organized three clubs in Brazil during his stay in that country.

He speaks with much admiration of the important work which Mr. Karl did for public service corporations in Sao Paulo and of the high regard in which Mr. and Mrs. Karl were held there.

HEALTH and APPETITE

There is an old adage "thou shalt earn thy bread in the sweat of thy brow." This might have been paraphrased "thou shalt earn thy appetite" because it is generally recognized that it takes labor to lend zest to appetite.

However, the facts are that the appetite is good without labor, when the body is in healthy condition. Appetite depends on healthful action of the stomach and liver. If these organs are normally vigorous, there is usually a good relish for food. The health of stomach and liver depends upon spinal nerves being free and capable of transmitting full impulse. When this is so, there is health and appetite. Chiropractic adjusting will restore the conditions of nervous freedom and vigor to stomach and liver.

By my chiropractic health method I correct diseases of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels and lower organs.

KNOX COUNTY BRIDGES

Great Improvements At Relatively Small Cost To Our Tax-Payers

It seems that the new Main street bridge project for Camden may set the State back $19,500 for a handsome structure, but Knox County will not have to put its hand directly into its pocket for one penny of this sum, nor will it for the Sid-Mill bridge in Washington, likely to cost $11,800, nor for the Medomak bridge between Washington and Union for $20,000, as recently adjusted by the joint boards of State Highway Commission and Knox County Commissioners.

However, the new bridge project at the Keag in South Thomaston is located on a state aid road and may cost $28,800, in which case the county's part will be $8640, the town's part $2041.39, and the State's part the balance of $18,118.61 of the total $28,800.

For the land damage claims for the new road cut-off in South Warren, total awards of over $3000 were lately adjusted by the joint board to fall to the places belonging to seven different estates—Cutting's; McIntire's; Yettaw; Brennan and Spear; Merrill; Robinson; Young and Davis.

Knox County's improvement for travelers will be advanced markedly when this work, which now occasions a detour through Warren village, is completed.

LAWRY

Mrs. Myron Mank, daughter Lucille and Mrs. Clifford Allen of Rockland were at Albion Wotton's last Tuesday.

Marlon Timberlake of Auburn is spending a few days here with his father, Rev. E. H. Timberlake.

Rev. S. Clark is attending the prophetic convention in Waterville this week.

Mr. and Mrs. T. M. Prior, Mr. and Mrs. H. Poland and V. Thompson of Loudville called on old friends in this vicinity last Sunday.

Chester Wotton was the guest of his brother Edmund in Rockland Sunday.

Rev. L. W. Spencer of Springwater, N. Y., (a former pastor of the Advent Church in this town), is calling on old friends and will occupy the pulpit here next Sunday while the regular pastor, Rev. E. H. Timberlake, supplies at Swan's Island.

Mrs. Florence Wallace and son Milton are spending the weekend with her daughter, Mrs. F. Maloney in Thomaston.

A delegation from Friendship attended the service held by Rev. E. H. Timberlake Thursday evening at South Waldoboro.

Mr. and Mrs. Everett Thompson of Loudville visited Mrs. Thompson's mother, Mrs. Delora Simmons, last Sunday. Mrs. Simmons accompanied her daughter home on her return.

STRAND THEATRE

Among the many outstanding features of the Fox production, "Always Goodbye," which stars the gorgeous Venetian beauty, Elissa Landi, and which comes for Monday and Tuesday are the exquisite settings and photography. William Darling, who served as art director on the production, had the full cooperation of William Cameron Menzies, one of the co-directors, on the design and construction of all the sets. Menzies was awarded the Academy of Motion Picture Arts and Sciences medal for the best art direction of last year.

"Always Goodbye" is the first co-directorial assignment of Menzies and Kenneth MacKenna. It tells the romantic and thrilling story of a young society girl, who, upon finding herself bankrupt, chooses the life of an adventuress rather than one of poverty. Supporting Miss Landi is an all star cast, headed by Lewis Stone and Paul Cavanaugh in the male leads. Other celebrities portraying important roles are John Garrick, Lumsden Hare, Frederick Kerr and Herbert Bunston.—adv.

A BIG TENT SHOW

Walter L. Main's Circus, Coming Here June 5 Has Attractions Galore.

When the Walter L. Main Circus Museum, Menagerie, Wild West exposition and Trained Animal Show comes to Rockland June 5 one will wonder at the collection of arenic celebrities, the hippodrome and zoological contingent combined with wild west and frontier days exhibition. Never before has a tented organization offered so many attractive features, and many continents have been productive in furnishing this galaxy of stupendous bewildering program of America's famous out-door sport the circus.

Aerial gymnasts, human butterflies trapeze artists, tinseled riders, rope spinners, jugglers, ladder acts, pony actors, trained elephants, a herd of Siberian camels, two of the largest dromedaries on this continent recently imported, the big rings beneath the electric lighted tent in miracles of action all pepped to the tune of the circus concert band reinforced by the sonorous notes of the specially built calliphone lend a world of enchantment never to be forgotten. Twelve dapple greys from Sussex Farms, Dowington, England, in drills, quadrilles, waltzes and marches, flying feather plumes and sporting brilliant trappings, gloriously glittering troupe groups and herds of performing animals from every clime have been added this year.

The zoological collection of the Walter L. Main Circus excels all previous efforts, and the management offers no apologies here, rather bids you come early and inspect—seeing is believing. The children are invited to ride the ponies around the rings after the afternoon performance—likewise take a ride on the largest Lady Elephant—many miniature features for the kiddies have been introduced this season such as baby leopards, lion cubs, baby monkeys and a baby camel the first to be born in this country in over sixty years. See the baby elephant "Bozo" who takes his daily rations from the bottle. Three bands and the air calliopes will keep the entire show programs well pepped up that you may enjoy every minute spent with the greatest of all American outdoor amusement enterprises, Walter L. Main Circus now enjoying over a half century of continued success. Doors open 1.30 and 7.30 p. m. Performance starts 2 and 8 p. m. Free outside exhibition at 1 and 7 p. m. on the show grounds.—adv.

Arthur "Nate" Saunders is the new proprietor of the lunch room and pool room in Rankin block.

Needed repairs and improvements will be made at Community Park next week under the direction of Willis I. Ayer and John W. Burns.

Mrs. Lena K. Sargent of this city and Mr. and Mrs. Ross Patterson of Rockport are motoring to Bangor today where Mrs. Sargent gives her final broadcast this evening.

Antonio Gustin, charged with taking indecent liberties, was yesterday sentenced to eight months in Knox County jail. He pleaded "guilty" when arraigned before Judge Butler.

Camp days at Chickamauga Park (Spanish War era) are recalled by the Poppy Day display in the window of Commander I. L. Cross' shop on Main street. "Les" will be glad to explain the details.

Members of Winslow-Holbrook Post, American Legion, are requested to meet at the Legion hall Sunday morning at 10 a. m. to attend the services at the Congregational Church.

The "Silver Kings" will play their opening dance at Owl's Head Town hall Monday night The first ten ladies will be admitted free. Refreshments will be served by Parker Stimpson and a good time is assured.

The United States Marines have opened a recruiting station in Portland. The age limit has been reduced from 19 to 18 years. Any information relative to enlistment in the Marines will be gladly furnished by Sergeant William T. McLaughlin, who can be addressed at City Hall, Portland.

District Agent L. A. Walker and his associate, Lloyd Spear, left yesterday for Randolph, N. H., where Mr. Walker is to address a meeting of Maine, New Hampshire and Vermont agents of his company. This group, with ladies, have taken over the Mt. Crescent Inn at Randolph for two days. Mrs. L. A. Walker is a member of the party.

The one-legged man who has been selling pencils on the street "mugged up" Thursday and proceeded to insult pedestrians. Patrolman Ingraham promptly put him under cover and yesterday the man was escorted to the town line. Nine out of 10 of these mendicants turn out that way, and are a very poor advertisement for any city where they ply their trade.

Next week's games in the Knox & Lincoln League are set forward one day because of the fact that Memorial Day falls on Saturday. Rockland High will play at Camden and Vinalhaven High at Newcastle Tuesday, while on Friday Camden High plays at Vinalhaven and Lincoln Academy plays at Thomaston. Please rearrange your schedule accordingly.

Boy Scout Troops 2 and 3 held a joint supper hike on the shore at Ingraham Hill Monday night. Troop 6 also had an out-door meeting there with games. The Cub Pack held its first supper hike Wednesday night at Ingraham Hill. The next court of honor will be held June 5, time and place to be announced later. All merit badge applications must be in by May 30.

Pleasant Valley Grange held another of those pleasant, friendly, informal sessions Tuesday night, after a bountiful supper of beans, greens, and "in-betweens" consisting of various kinds of cake and other sweets. Nearly every member had a story to tell; Jesse Tolman had his usual collection of funny clippings, Robert McIntosh sang, Eunice Morse gave a harmonica solo, some of the old, well known songs were rendered by the Grange, Julia Philbrook and Adella Veazie gave readings, and all agreed that it was one of the most enjoyable meetings of the season During the business session Willis Snow was installed assistant steward, with O. Gardner acting as installing officer. The program for next Tuesday night bids fair to be even more interesting, as several new features will be introduced.

The clinic nurse of the Maine Public Health Association has completed taking chest X-rays of school children who reacted to the tuberculin test. Fifty-one X-rays were taken two weeks ago, 57 May 19 and 50 May 20. The taking of them was delayed one week because of the need for a new part for the portable machine. Reports on the X-rays cannot be expected in less than two weeks. The films are mailed to the sanatorium to be developed. From there they will be mailed to Dr. F. B. Ames, Roentgenologist, Bangor, to be studied. After that is done Miss Davis will report to all parents telling whether or not Dr. Ames has recommended an examination by a chest specialist for the child. The Knox County Medical Society will cooperate in planning the chest clinic when the number to be examined is known. This week the giving of tuberculin tests in Belfast will be begun.

The Past Grands and Past Noble Grands Association of Knox and Lincoln Counties meets at Waldoboro Wednesday, with supper at 6, standard.

Harold Greene sang at the State Street Congregational Church in Portland last Sunday morning. This service is broadcast each Sunday from Station WCSH.

The annual meeting of the Congregational Woman's Society will take place Wednesday afternoon in the vestry at 3. There are many important matters to be discussed which makes a large attendance necessary.

Mrs. Maynard Brasier entertained at bridge and luncheon at her home in Thomaston Monday evening as an observance of her husband's birthday, among the guests being Mr. and Mrs. Leo Howard and Mr. and Mrs. Lloyd N. Benner of this city.

Blue Bonnet Troop Girl Scouts meets Monday afternoon in the Universalist vestry at 4 o'clock. In preparation of the Eastern State Rally to be held in this city on June 13, it is imperative that all members be present. Take signal flags.

The Woman's Committee of the Central Maine Power Company met Wednesday evening with supper in the rooms, after which the members, numbering 15, journeyed down to the Gas House where they inspected the works and listened to very instructive talks by Frank Seavey and Elmer Kaler, in charge.

At the meeting of Edwin Libby Relief Corps Thursday evening final plans were made for the public supper to be held this evening from 5 to 7; also for the annual children's party which will take place Thursday afternoon directly after school, with Mrs. Ida Huntley, Mrs. Nellie Higgins, Mrs. Julia Huntley and Mrs. Eliza Plummer in charge.

A flower and food sale is to be conducted by a group of Universalist ladies in the vestry Friday afternoon at 2 o'clock under the direction of Mrs. George B. Wood. Particular attention will be given to orders for flowers for Memorial Day, Mrs. Grace Ayers Black and Mrs. M. E. Wotton having charge of this feature. Arrangements may be made with them for flowers prior to Friday if desired.

The Masque and Gown, dramatic society of Bowdoin College, will present two one-act plays on Ivy Day at the Cumberland Theatre, Brunswick. One is "Wurzel-Flummery" by the British humorist, Alfred A. Milne, and the other is "The Lost Silk Hat" by Lord Dunsany. In the latter William D. Rounds, '34 son of Rev. and Mrs. Walter S. Rounds of this city, has the role of the policeman.

At the 112th annual convention of the Episcopal Diocese of Maine at Portland this week Rev. Ralph Hayden, rector of St. Thomas' Church, Camden, was elected one of the clerical deputies to the General Convention which takes place in Denver, Colo., Sept. 16. Among the alternates named to the National Convention in Denver in September was noted the name of Mrs. Ralph Hayden of Camden. Mrs. J. B. Waterbury, also of Camden, is a member of the advisory board.

The newly formed Garden Club will meet Thursday evening in The Thorndike grill at 7.30 when actual organization will take place. Everyone is asked to take a clipping pertaining to gardens or flowers or to relate a personal experience of their own gardens. All those interested in the movement are requested to be present. Mrs. Nina Beverage who is acting as temporary chairman will be glad to take names of those who wish to become members if unable to attend Thursday's meeting.

Appointment of Mrs. John E. Walker of Thomaston as Rockland and Thomaston chairman is announced as a first step in plans for Maine's participation in the activities of the National Women's Committee for Washington Cathedral, of which Mrs. Robert Hallowell Gardiner Jr., of Gardiner is State chairman. Associated with Mrs. Walker is Miss Margaret Buttomer of Rockland who has been interested in this work for some time. This committee's general purpose is to arouse nation-wide interest in the work of completing the North and South Transepts of Washington Cathedral for use during the George Washington Biennial observance in 1932.

The annual State Convention of the Knights of Columbus will be held in Orono Tuesday. Following the business session, a banquet will be served at the Penobscot Exchange in Bangor at 7.30. Among the speakers will be Peter W. Collins, director of employment from the Supreme Office of the order in New Haven; Supreme Director James Carroll, Past State Deputy Fred D. Harvey of Portland, District Deputy Raymond Grady, State Deputy J. Frank Baker of Orono, J. Edward Sullivan, master of the fourth degree, and Grand Knight Harold Sullivan of Orono. It is also expected that the Right Rev. Bishop John Gregory Murray of the Diocese of Portland and pastors of surrounding parishes will deliver addresses. Ralph Tardiff, grand knight of the local order, and Raymond Moulaison, past grand knight, expect to attend the convention.

Baraca Class met Thursday evening in the Methodist vestry with good attendance. These committees were named: Executive, George W. Gay, Mrs. Shirley Rollins, H. M. deRochemont, Mrs. Fanny Dow, Mrs. Ruth Ellingwood, Rev. Harry H. Marr and Leroy Chatto; membership, Mrs. Margaret Rackliffe, Ralph U. Clark and Mrs. Evelyn Orcutt; social, Mrs. Esther Dolliver, Mrs. Fanny Dow and Mrs. Thelma Stanley; devotional, Rev. H. H. Marr, Mrs. Ruth Ellingwood and Ralph U. Clark; missionary, Mrs. Ruth Ellingwood, Mrs. Edith Tweedie and Mrs. Jessie B. Marr; visiting, Mrs. Margaret Philbrook, Mrs. Thelma Stanley and George B. Orcutt; ways and means, Mrs. Ruth Ellingwood, A. W. Gregory, Mrs. Thelma Stanley, Ralph U. Clark and Mrs. Shirley Rollins. Rev. and Mrs. Harry H. Marr and Mrs. Emma Martin were voted into membership. Games and music rounded out the evening, ice cream and cake being served under the direction of Mrs. Anah Gay.

Rev. W. M. Brewster will preach Sunday at Owl's Head at 11 a. m.

Frank Lothrop has moved from the Melvin house on Warren street into the Conary house on Pine street.

Members of the G.A.R., and allied patriotic bodies are asked to meet Sunday morning at 10 o'clock at the G.A.R. hall for the purpose of attending divine worship at the Congregational Church.

The silent policeman which has done voiceless duty in Winslow-Holbrook Square—Park and Main streets—has been replaced by a mushroom traffic light, and the granite marker bearing the name of the square has been set in concrete alongside.

The 155 m. m. gun lately assigned to the Rockland battery of Coast Artillery will be seen in the Memorial Day parade, and will furnish an astonished public with a better idea of the perils that brave men faced in the World War.

The W.C.T.U. held a special meeting Friday afternoon at the home of Mrs. Hope Brewster. Reports of superintendents of departments for the year were read. Delegates to the county convention at Warren were appointed.

The children at the Warren street school are having a wonderful time with the chute-the-chute, which has been placed on the school grounds for their enjoyment, but much to the detriment of their clothing, and the neighbors' ear drums especially in the early evening.

Mt. Battie Lodge, I.O.O.F. of Camden conferred the first degree at the recent district meeting of Odd Fellows in this city. Mt. Battie's degree staff came in for general commendation on its excellent work. Past Grand John Johnson acted as noble grand and Past Grand Hanson as degree master.

Two mammoth elms, which have stood in front of the rooming house of that name, on the street of that name, were removed by the axeman Thursday, and the thoroughfare has lost much of the gloominess which too many trees gave to it. There are many other Rockland streets which could profit similarly.

In connection with the program at Park Theatre Thursday night announcement was made that Mrs. David S. Hyler of 18 Oak street, had won the souvenir offered by the Eastern Furniture Co. It was delivered yesterday—a mahogany library table, selected by Mrs. Hyler from among many fine articles placed at her disposal.

Many members of Knox Lodge, I.O.O.F., will hie to Warren tonight to attend the district meeting being held today by the district comprising the Warren, Waldoboro, Union and Round Pond lodges. District Deputy Moore of Warren is presiding. Waldo Lodge of Belfast will work the third degree.—Pittsfield Encampment is to work the Royal Purple degree in this city June 6.

The Penobscot Bay Dental Club met May 19 with Dr. Ralph Hutchison, exodontist of Portland as the guest speaker, assisted by Miss Louise Libby, anesthetist. The afternoon clinic was held in the offices of Dr. Lloyd Richardson and dinner was enjoyed at the Copper Kettle by 19 dentists and seven dental assistants. Following this Dr. Hutchison addressed the dentists, illustrating his remarks with lantern slides while Miss Libby presented a paper to the dental assistants.

Thomaston High School will pass into first place in the Knox & Lincoln Baseball League this afternoon—"if" it is able to defeat Vinalhaven High in this afternoon's game at Thomaston—a proposition that does not look altogether easy in view of the fact that the gallant island lads have not lost a game this season. Comparative scores show Vinalhaven High to be a logical favorite, for Thomaston was defeated by Lincoln 3 to 2, while Lincoln lost to Vinalhaven 15 to 1. Comparative figures are apt to furnish inconsistencies, however, so hold your hosses before you bet your automobile, radio or pipe against the disciples of Styvie. The game will be played at 3.30, and is likely to draw a large crowd from Rockland in view of the fact that the Rockland team is playing Lincoln Academy away over in the other end of the district.

Mr. and Mrs. A. C. McLoon are on a weekend trip to Haverhill, Mass.

The furnishings for the new Sankaty which has been rebuilt at Snow's were provided by the Burpee Furniture Co.

A box alarm from 25 called the fire department to the Legion hall at 10 this morning where a lively roof fire was in progress. Much excitement but little damage resulted.

A meeting of the Sea View Cemetery Association directors and members will be held Monday night at 7.30 in the Chamber of Commerce rooms.

E. F. Maxim, the well known Lewiston building contractor, who is just now erecting a new High School building in that city, was a business visitor in Rockland Thursday, and dined at the home of Deputy Sheriff Ludwick, who formerly worked for him in Lewiston.

"Alumni is always the same old thing" cannot be the complaint this year, for President Herman M. Hart and his energetic committee have some plans that are genuinely different. The meeting will be held in the high school building the evening of June 19. Misses Katherine Veazie and Mary Holbrook are collecting dues.

The Thomaston cement plant is chewing up about 1200 tons of limerock a day, and after reading this statement the public will no longer marvel at the encroachments which are being made on the southern side of the New County road. As the corporation owns approximately 900 acres of mineral rights the mills will not have to go on a diet for some time.

The Knox County W.C.T.U. convention will be held in Warren at the Baptist Church Thursday at 10 a. m. daylight. Miss Helen Louise Byrnes field secretary of the National W.C.T.U. will be the speaker. Miss Byrnes is scheduled to be in Rockland Wednesday when she will speak at a joint assembly of High School and Junior High in the forenoon and will be guest speaker at a Y.P.B. banquet at the Littlefield Baptist Church in the evening.

Between whiles the Lawrence Portland Cement Co. has been manufacturing concrete posts for the 1400 foot fence which it purposes to build in front of its property on the New County road, commencing near the cement entrance and running easterly. The posts are 4½ feet high and will carry two galvanized cables. The fence will be of the Massachusetts highway standard, and will resemble those seen in Maine road projects except that the posts will be of concrete instead of wood.

The Ford parade was a general topic of conversation along the street yesterday and proved well worth a look. It was located on Tillson avenue during the afternoon and today and tomorrow may be seen at the Knox County Motor Sales show rooms. The exhibit consists of 22 models of 1931 Ford commercial vehicles and is very instructive. Special interest is manifested in the patrol wagon and ambulance which may remain in this city. There was a fire truck and all sorts of new wrinkles in delivery trucks A cordial invitation is extended for all persons interested to visit the Ford headquarters.

Dr. Alvin W. Foss was elected president of the Rotary Club at yesterday's meeting. Charles M. Kalloch is vice president; Louis A. Walker, secretary (reelected); Joseph Emery, treasurer, and Dr. William Ellingwood, Elmer B. Crockett and retiring president Homer E. Robinson, directors. In observation of Memorial Day a group of Civil War veterans were present including Col. Fernando Philbrick, State Commander H. R. Huntley, William H. Maxcy, Eugene Rider and Samuel Rankin. Col. Philbrick and Capt. Huntley spoke briefly and the group was warmly applauded. A table of Spanish War vets included A. C. McLoon, Dr. Foss, W. A. Glover and M. R. Pillsbury. The annual reports showed the club to be prospering financially and doing much active work Its membership is 55 and for the year past has rated highest in clubs of over 50. Visiting Rotarians were Herbert Thomas, Kendall Hopkins, Harold Nash and Col. E. A. Robbins of Camden, and Ned Leighton of Waterville.

A good rat dog is almost indispensable on a farm where old buildings attract rats and offer shelter for them. A small terrier dog especially when taught to hunt by itself, will often keep a farm entirely free from rats.

EIGHT SMALL WORDS

[For The Courier-Gazette]

The sun went down in the golden west,
And the gypsy moon hung low.
No sound was there in the silent night
But the great sea's ebb and flow.

I was left alone with my thoughts and God,
And the tang of the salt sea air.
I was left alone in solitude,
With the great rocks standing there.

I watched the moon on the restless sea,
And on the salt-caked sod;
I thought of the Scriptures holy words:
"Be still and know that I am God."

I looked, and the turbulent sea was calmed;
The moon had a purer light.
His presence was nearer than breath itself,
As those words rang out on the night.

SERMONETTE

Time

A child asks "What time is it?" A simple question easily answered you say—but be very careful that he does not leave off the "it." for you might well traverse the entire range of philosophy and likely never find the answer. Some would say only God knows, and still others answer it is a measure of man's unknown to God.

The tick of a clock is clever man's device
To measure time, which knows division not;
He recks his calendars by sun and dark,
Yet sun knows not a night nor season's change.

In philosophy there has been even more difference of opinion as to the nature of time than of space. How early man began to use a measure of time, which never concerns creatures, we know not; but the first mention of such a measure is in Isaiah 38:8:

"Behold I will bring again the shadow of the degrees which is gone down in the sun-dial of Ahaz, ten degrees backward. So the sun returned ten degrees, by which degrees it was gone down."

Ecclesiastes says: "To every thing there is a season, and a time to every purpose under the heavens," and enumerates many, between the timeposts of birth and death. It is enough for most of us, to know that by time we measure our existence. "So teach us to number our days that we may apply our hearts to wisdom."

It is a serious thing to treat a child's question as simple, for so few questions really are simple.

DOINGS OF THE GIRL SCOUTS

Report of Their Activities For the Past Year Indicates a Live Organization

Orissa Merritt, secretary, has submitted her annual report of the Girl Scout Council, for the year ending May 14.

Regular meetings have been held with an average attendance of nine; 17 councillors accepted duty in the organization. The loss of two members by removal from the city, is regretted—John Thompson and Rev. Jesse Kenderdine.

Those present at every meeting were: Mrs. Ruth Ellingwood, commissioner; Mrs. Nina Beverage, captain of Troop 3; Herman Hart, treasurer; and Mrs. Orissa Merritt, secretary. Those having missed but one meeting were Rev. W. S. Rounds, Mrs. Gertrude Wooster, Mrs. Maude Blodgett, Mrs. Margaret Flanagan, Mrs. Kathryn Sherman and Miss Ellen Cochran.

There are 36 registered Scouts, with an enrollment of 46; divided thus: Seven first class Scouts, seven second class Scouts, 22 tenderfoot Scouts and ten who are doing the work, but who have not attained the age to become Tenderfoot Scouts. Ninety-two merit badges have been distributed this year. Helen Rubenstein has the largest number, 22, and Avis Lovejoy and Alice Gay 21 each.

* * * *

Eight Scouts have had perfect attendance for the year. One girl in Troop 3 has had perfect attendance since the troop was organized.

There are at present two Girl Scout Troops—Blue Bonnet, with Mrs. Nina Beverage captain and Miss Irene Lunden lieutenant; and Clover Leaf having Mrs. Lou Emery as captain and Mrs. Ethel Lovejoy as lieutenant. The latter troop was organized in October 1930, and with Miss Lunden's assistance, at the first few meetings, work got underway quickly. The meetings are held in the Congregational vestry. These meetings have had the opening ceremony, the Salute to the Flag, the repeating of the Girl Scout promise, laws and motto. Following this the girls have formed into two patrols. A pleasant part of each meeting is the singing.

Mrs. Ellingwood invested nine girls with the rank of Tenderfoot. The other five who attend the meeting have not yet reached the age of ten.

Some of the activities of this troop were a hike to the Breakwater and another to Chickawaukie Lake, on which work in laying and following trails was practiced.

A Christmas party was held with a tree, presents and refreshments. At this time a large basket of gifts, donated by the girls, was taken to Boy Scout headquarters for delivery. There was a coasting party at Mrs. Emery's, a Valentine party and an outdoor May meeting with field work, followed by a pleasant social hour at Mrs. Emery's home.

The girls responded to the Red Cross call by a donation of $2 taken from the weekly 5-cent collection. They have between $5 and $6 in the treasury.

Troop 3, Mrs. Nina Beverage captain and Miss Irene Lunden lieutenant, has 32 Scouts—seven first class Scouts, seven second class Scouts, 12 Tenderfoot Scouts and six girls joining at the last meeting; three girls are working to become Eagle Scouts; seven girls are taking cooking lessons of Mrs. Ellis of the Central Maine Power Co.'s staff.

At Thanksgiving they contributed to Miss Corbett's work.

Outside activities in which the Scouts have participated are: The 10th annual review of Massachusetts State Scout leaders, at the Boston Garden, May 17, 1930, where Scouts from all sections of New England were invited. Rockland sent 12 representatives accompanied by Mrs. Ellingwood and Mrs. Beverage.

* * * *

Thirteen Scouts and others attended the Eastern Maine rally in City hall, Bangor, June 7, under the direction of Miss Ruth Hedlund, regional director for New England. The Rockland Scouts made a splendid showing winning first place twice in games.

In September 1930 Rockland had the distinction of sending one of the two delegates of which Maine was entitled, to Springfield for a week, with all expenses paid, as guests of Mrs. James J. Storrow. Miss Helen Rubenstein was the girl chosen because of her outstanding work in Scouting.

In July 1930, two girls were sent by the Council for a two weeks' course at Camp Edith Macy—Irene Lunden and Mary Lawry; also Alice Gay for two weeks at Camp Piscataquis in East Barrington, N. H. These girls brought back much that was of value to them and to their troop and it is hoped another summer all first class Scouts can take a course at a Scout camp.

May 10, 1931, was observed as the first Girl Scout Sunday in Rockland, with a special service at the Universalist Church, at which all Girl Scouts and Council members were invited. Blue Bonnet and Clover Leaf troops attended in body and were represented by almost 100 percent attendance. Miss Alice Gay, patrol leader of the High School group of Blue Bonnet troop, gave a fine and comprehensive address on Scouts Ideals and Accomplishments.

Scout work pays big dividends in satisfaction and results.

People willing to give of their time and strength, as leaders, are few and Rockland should feel very grateful to Mrs. Beverage, Mrs Emery, Mrs. Lovejoy and Miss Lunden for the outstanding work they have accomplished with the girls.

The Scriptures tell us it is "precept upon precept, here a little and there a little" and to review the year as a whole it is plain that those who have labored have not labored in vain.

Rev. Aug. N. Nilson, evangelist from Southern California, who is preaching at the church of the Nazarene, Union, in a series of revival services. The meetings will continue another week each evening, except Saturday at 7.30 standard. Rev. Mr. Nilson is a widely traveled, well known evangelist and brings splendid, spiritual messages, in the opinion of his followers.

MAINE WOMEN WORKERS

One Maine woman makes her living by coal mining, writes the Washington correspondent of the Portland Evening News.

Sixteen others told the census-taker their gainful occupation is the "extraction of minerals," two in oil and gas wells and 14 in other mines and quarries.

Manufacturing and mechanical industries give work to more Maine women than any other group of industry, 30.9 per cent, or nearly one-third of Maine's 68,623 women with gainful occupations being in this group.

Domestic and personal service ran manufacturing a close second in providing work for women in Maine, in 1930, with 19,991 women, or 29.1 per cent of the working women, telling the census-takers that they made their living in some form of domestic and personal service.

Maine had 38 women farm managers and foremen, 1,262 women farmers (owners or tenants), 192 women farm laborers, of whom 91 were wage earners and 101 unpaid family workers, agriculture providing employment for 1,509 Maine women, or 2.2 per cent of the women with gainful occupations.

Some of the jobs held by Maine women, considered unusual for women but shown by the 1930 census to give jobs to many women all over the country, are 48 foresters, and 17 women making their living by fishing; 107 in saw and planing mills; 27 in slaughter and packing houses; 15 in blast furnaces and rolling mills; 12 in automobile factories; 22 in automobile repair shops; 223 in garages, greasing stations, and automobile laundries; 13 in construction and maintenance of streets, roads, and sewers; 14 on street railroads.

But if it looks that Maine women are taking "men's jobs," it should not be overlooked that only 227 Maine women made their living by baking bread, pies and cakes, while 1,205 Maine men work in bakeries. Everywhere it is the men who are baking pies "like mother used to make."

Leather industries claimed more Maine women than any other one manufacturing industry, 5,083 women listing this as their occupation, 5,054 of them in shoe factories. There were last year 4,087 Maine women workers in cotton mills, 2,526 in woolen and worsted mills, and 1,294 in other textile mills, so that the textile industry as a whole led all manufacturing in the number of Maine women in the occupation.

Only 21.4 per cent of the Maine women and girls over ten years old reported a gainful occupation last year, as against 74.4 per cent of the men. People reported "gainful occupation" whether employed at the time or not.

TENANT'S HARBOR

Mrs. Emma Torrey has returned from Massachusetts and Connecticut, where she has been passing the winter with relatives and friends. She is now a guest of her daughter Mrs. Wesley Comstock of Rockland.

Mrs. Rose Dukeshire and Mrs. Fannie Orcutt of Massachusetts are making a brief visit at their cottage at Elmore.

Mrs. Rinna Andrews and Mrs. Mabel Rose motored from Springfield, Mass., last Saturday, and are guests of Mrs. Blanche Simmons. Mrs. Andrews will remain at home for the summer and Mrs. Rose returns to Springfield today, Saturday.

Mr. and Mrs. Charles Hathorn and family of Waltham, Mass., are occupying the Abbie Clark house.

Master Cecil Polkey recently celebrated his birthday with several of his boy chums as guests. Refreshments were served by his mother Mrs. Minnie Benson, and grandmother, Mrs. Margaret Thompson. The kiddies had the usual fun which a party furnishes them.

Members of the summer colony are beginning to arrive and more are expected Memorial Day.

At the Baptist Church, Rev. F. W. Barton, the Sunday morning subject will be another in a series on "Luke's pictures of Jesus as the Perfect Man," the specific subject, "Restoring That Which Was Lost." There will be special music; C.E. at 6, topic, "Why Is the Bible Worth Knowing?" will be in charge of the devotional committee. Following the 7 o'clock service in song led by John Reid the sermon subject will be "Filled With New Wine." Remember the Wednesday evening prayer meeting. Prayer still changes things.

Complimentary Banquet Tendered

The Girl Scouts who have just completed a course of instruction in first aid under the tutelage of Rev. F. F. Fowle tendered a supper to their instructor Tuesday evening at the Baptist vestry. The tables arranged in the form of a cross and decorated with Red Cross emblems presented a very striking appearance, the color scheme of red and white being also carried out in many ways. The place cards were in the form of vials of various first aid requisites on which appeared the name of the party and the red cross emblem. The menu consisted of boiled ham, potato salad, hot rolls, pickles, angel cake and coffee.

In appreciation of the work done by Mr. Fowle, he was presented with a gold piece from the Girl Scouts. He thanked the friends and said that words could not express his feelings of surprise and happiness, and hoped the instruction given would bring them both benefit and pleasure in rendering first aid.

A prize was offered for the best note book brought in on the First Aid course and Miss Mary Veazie was the winner, receiving a first aid kit. The whole affair, carried out under the able supervision of Scout Leader Mrs. Mildred Holmes, was a credit to the organization. Other guests present were Mrs. F. F. Fowle and children and Rev. and Mrs. G. F. Currier.

"CIRKIS" IS COMING

Famous Showman Says That Elephant Is Most Intelligent Animal Trained

"Of all the animals that are trained for circus performances, the elephant is the most intelligent." Thus quotes this well known circus showman of Walter L. Main Circus, Museum, Menagerie, and Egyptian Caravan, which will give afternoon and night performances in Rockland, June 5.

Walter L. Main ought to know animals for he has been an animal trainer ever since he was a boy in his teens, and ranks as one of the most efficient and expert trainers of animals in the United States Among other interesting things Mr. Main quotes: "Elephants learn with phenomenal quickness and they do not show that aversion to their tricks that the cat animals do. I have seen animals practice difficult tricks voluntarily when they didn't know anybody was around." Speaking of the cat animals Mr. Main says that about seven weeks are required to teach a trained lion or a bear a trick while a little longer time is required to teach a leopard or a tiger. It is the opinion of Mr. Main that the above named animals have even more capacity for learning than a horse. He said that while a tiger can be taught to walk upon its hind legs in three or four months, it will require a much longer period of time to teach a horse to do the same trick.

There are many outstanding animal features with the Walter L. Main Circus. A baby camel was recently born and said to be the first to be born in this country in over fifty years. With the two Egyptian dromedaries the largest ever imported came a baby elephant which takes its daily rations yet from the bottle. These along with the baby leopards and lion cubs have everywhere endeared themselves to the hearts of the kiddies and older element. The circus with its blazing three bands, grand opening spectacle and hippodrome tournament will transform the interior of the big circus tent to that of a mystic realm which brings to the youthful mind as well as others a grand transformation that proves bewitching and bewildering, scenes long to be remembered.

A grand free outside exhibition on the show grounds at 1 and 7 p. m. Doors open at 1.30 and 7.30 p. m. Performances at 2 and 8 p. m.. Prices of admission have been reduced for this day and date only.

Yes, there will be a street parade.

BAY STATE CIRCUIT

Former Rockland Man's Stable To Figure in Noteworthy Races This Season

An enthusiastic catch phrase builder, styled running races the "Sport of Kings" conceded to be fitting for the sport patronized by England's Kings and other crowned heads of Europe, whence the thoroughbred was first introduced into the United States. But as a sport made famous by standard bred horses both trotters and pacers, a breed originated and fostered by Americans, the above title is not fitting, and as it is an American sport to a greater extent than in any other country in the world, our choice of descriptive phrases is "Sport of Americans," according to Walter Moore, veteran harness horse writer in his annual forecast of Bay State Circuit activities.

Eighteen years ago, a number of sportsmen and business men of the highest order at the instance of the late George F. Leonard of Boston, organized the Bay State Circuit. Early closing events worth as much as $25,000 have been offered, satisfactorily staged, and decided to the lasting benefit of the harness horse sport in New England, and the benefit of the harness horse not alone in New England, but all over the United States for horses have been shipped from California to New England to participate in the fine programs of the Bay State Circuit meetings.

The Bay State Circuit members are in the "Heart of New England", with one exception, that of Chatham, N Y., the new member for 1931, bubbling over to outdo its brother members in hospitality, liberality, and new scenery for the visitor. The circuit opens as noted June 9, at Northampton, Mass., for a three day session, the main purses for $1,000 each colt races, and a well designed program. The "Man Behind the Wheel" at Northampton is W. H. "Mace" Dickinson, one of the Connecticut River Valley's leading tobacco growers.

Sturbridge, Mass. follows, June 16-17-18. This year's program standing out with two three-thousand dollar features, and nine one-thousand dollar purses The Sturbridge meeting is fostered by Tom Ashworth, who spent liberally in improving the Cedar Lake Park track and grounds. The track is one of the best in the circuit Plucky setting a world's record of 2.06¼ over it in 1929. Avon, Conn, follows June 23-24-25 at the "Pocket in the Hills" track. When Avon has finished her three day session you travel nearer Hartford to Windsor, Conn. The dates are July 2-3-4.

From Windsor the racing caravan moves 25 miles to the Eastern States Expositon track at Springfield. The meeting July 7-8-9 is an appetizer for the greater meeting during the annual Eastern States Exposition in September.

Greenfield, Mass., comes next on July 14-15-16. The seven weeks march through New England, thence leads over Jacob's Ladder, one of the East's most noted scenic highways towards Chatham, N. Y., a new member admitted this year. The dates are July 21-22-23.

The Bay State Circuit is the market criterion for colts sold at New York sales, the flower of the land going to New England to race in the Bay State Circuit, many of them later on World's champions.

A commendable feature of this year's programs, never before given is the amateur races. There are two races, one for 2.19 trotters with 29 horses named and a 2.13 trot with 13 horses named.

Of course the features of Windsor are the two ten thousand dollar purses, each for 2.12 horses. The 2.12 trot has 18 horses entered with Bennett Volo 2.04, the fastest in point of record. Allie Pluto 2.10 now owned by George R. Ford of Windsor, Conn., winner of six straight races last fall and with the Jersey Giant, Charley Mabrey to pilot her Allie Pluto will certainly be a factor. Then there is Dora Ortolan 2.07 winner of a dozen races last year. Walter E. Newbert's Best 2.08½ is another consistent horse to reckon with, and in fact the field looks evenly balanced, assuring split heats, fiery finishes and the sport that men look for. The stewards have announced already that no excessive scoring will be countenanced, also that the weekly meetings will be presented in a way pleasing alike to sportsmen and the general public.

AS A GAME FARM

State Department Receives Offer of 600 Acres With Modern Buildings

An offer of 600 acres of land and a group of modern buildings fully equipped has been made to the Department of Inland Fisheries and Game for its use as a game farm and deer refuge, Commissioner Stobie said Wednesday.

The donor who wishes to remain anonymous until the State has accepted his gift, plans the farm as a memorial to his sister, a well known Maine woman who has been a great bird lover and protector of wild life.

The farm is located in Sagadahoc County, 28 miles from the State House and is believed ideally situated for the purpose. Mr. Stobie plans, however, to have the land viewed by an expert on game raising before acceptance is made of the gift so the State can be certain the land is adapted for the raising of partridge and pheasant.

In addition to the wholesale raising of game birds, which will later be liberated throughout the State, the commission plans to establish a refuge for "orphan deer" picked up in the woods by game wardens after their mothers have been killed or accidentally shot. Every year, Mr. Stobie says, the wardens find dozens of the helpless little animals in the woods and take care of them as best they can until they are old enough to look after themselves.

The Sagadahoc County farm has a great deal of dense woodland which would afford the proper cover for the deer and where they could grow up in conditions approximating the wilderness into which they will later be liberated.

The 85th legislature authorized the commission to spend $10,000 a year out of its funds for the establishment and continuance of a game farm and it had been planned to spend viritually all that sum the first year for the purchase of land. If the gift is accepted all the money can be spent on bird raising.

It is planned to obtain partridge and pheasant eggs this summer and begin the actual work of hatching next September, so that a sizable quantity of fully grown birds will be liberated next spring. The law authorizing the establishment of the farm does not go into effect until July 4, 90 days after the ending of the legislature, and for that reason the commission is not moving hastily.

If the land offered is found suitable for bird raising it will be accepted by that time, Mr. Stobie said.

Successful Minstrel Show

The event of the week was the minstrel show, presented Thursday night by members of Ocean Bound Rebekah Lodge at Odd Fellows hall. H. L. Coombs was director, Mrs. Cora Peterson, interlocutor. The circle and endmen were black faced, end men, Fred Chilles, Hazel Dyer, Kenneth Amiro and May Lawry, whose jokes made many hits. The musical numbers were very pleasing and the solo dances exceptionally well done. It was a most interesting affair throughout and largely through the efficient work of the director H. L. Coombs made a success. The program:

Chorus, Down Where the Cotton Blossoms Grow, Carry Me Back to Old Virginny, Anchors Aweigh, Dixie, Old Kentucky Home, Sweet Jennie Lee; solo, When Your Hair Has Turned to Silver, Hazel Roberts; duet, The Bird on Nellie's Hat, Hazel Dyer and Dorothy Cassie; solo, Here Comes the Sun, Fred Chilles; duet, When the Chapel Bells Are Ringing, Gertrude Vinal, Kenneth Amiro; dance, Violet Baum; solo, Tears, Eleanor Conway; tenor solo, Oh How She Lied, David Ross; tap dancing, Gertrude Vinal; bass solo, Oh Dem Golden Slippers, Alfred Headley; dance, Violet Baum, Kenneth Amiro, Fred Erickson, Will Williams; tenor solo, Wabash Moon, H. L. Coombs; solo dance, Nina Ames; song, Let Me Call You Sweetheart, double quartet, Will Lawry, H. L. Coombs, Will Williams, Clinton Teele, Thomas Baum, Fred Chilles, David Ross, Kenneth Amiro; finale, Anchors Aweigh. Mrs. Ola Ames was pianist and Nina Ames played the saxophone.

In the younger set this circus was recently given at the home of Leslie Dyer, Jr., who was ring master and animal trainer: Burton Dyer and John Chilles in a black face act; Stanley Conway, acrobatic stunt; Carolyn Dyer, snake charmer; speeches were made by Edith Roberts and Carolyn Dyer; hoop jumping by Patches the dog, cat leaping by Fluffy; romonica solo, Sonny Ewell; side show, Burton Dyer, Henry Ewell Jr., John Chilles, Edith Roberts, Carolyn Dyer, Leslie Dyer, Jr.; Maine Stein Song, chorus. Candy and pink lemonade were on sale, $1.10 netted.

WHEN STATIC INTERFERES

[For The Courier-Gazette]

The symphony is soft and sweet,
Without a static stir,
When all at once there crashes in
That horrid br-r-r.

With station tuned and voice superb
The song is coming in,
Until some near-by dynamo,
Starts up its dreadful din.

Of all the noise that man can hear,
The worst is radio
When thunder-storms and stations clash,
To mess and stop the show.

Ten thousand fiendish imps it seems,
Pounding on pan and door;
Along with all of Afric's beasts
Let loose in deaf'ning roar.

The radio is a delight—
It entertains and cheers;
Infernal racket! Shut it off!
When static interferes.

Tuesday of last week Searsmont nine played Appleton nine, 7 to 4 in favor of Searsmont. They also played with Liberty nine Friday, 17 to 5 in favor of Searsmont.

Eben Cobb is home from the hospital and gaining every day.

Will Woods and Lewis Robinson are putting another story on the ell of the Pineo cottage, "The Pines," at Quantabacook Lake.

NORTH HOPE

Quincy Peabody was peddling Warren fresh alewives Monday. These, either fresh or smoked, are a favorite dish in the spring menu along with greens and rhubarb.

Nathan Pease recently got his hand cut quite badly while playing baseball, necessitating a doctor's attention and two stitches being taken

The date set at a former meeting of the Farm Bureau to bring seedlings and any plants to the hall for exchange is May 27. It is hoped many will take advantage of this privilege.

Leland Perry of Owl's Head has started a fish route through this place and to other points and hopes to be able to cover the same each Thursday. He catches his fish himself and thus customers are assured of getting them as fresh as is possible.

Mr and Mrs. Ford Davis with their son and daughter-in-law of New Harbor and Monhegan were recent visitors of Mrs. A. I. Perry. Sunday callers were Miss Gladys Bennett of Camden; Mr. and Mrs. Joe Kelley and Shirley Wheelden of Damariscotta; Miss Mary Leach of Sargentville; Charles Maxcy and friend of Rockland; Mr. and Mrs. L. H. Perry and two children, Owl's Head; Mr. and Mrs. R. L. Coose and daughter Frances, Searsmont.

The telephone is out of commission at this writing, thus the newsradius is small. We suspect the trees being cut just above here is responsible.

A crew of men are cutting bushes along the sides of the road. This is encouraging as it is a "prelude" to the road construction work which will start before long. There is about a mile more which will finish the State highway to the Appleton line just below the barn on Willow Brook Farm. This is a favorite route of travel to several towns farther inland and many are expressing the wish that Appleton will begin at this section and continue the road for the short distance left unfinished last year.

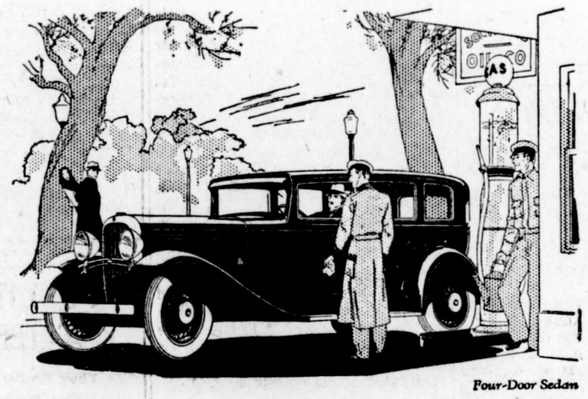
OLDSMOBILE'S NEW *quiet* SECOND GEAR GIVES A *new* KIND OF ACCELERATION



Four-Door Sedan

SWIFT • SMOOTH • QUIET

You can't appreciate how much a really *quiet* second gear adds to driving enjoyment until you take the wheel and try the new Oldsmobile.

For this feature, one of many important new ones now offered in Oldsmobile, gives a new kind of acceleration. It is unusually swift, to give you the lead in traffic. It is remarkably smooth, to give added zest to fast getaway. And it is almost unbelievably noise-free—actually rivaling high-gear performance in quietness.

These unusual advantages of Oldsmobile's new Quiet Second Gear are given the highest possible degree of utility by the famous Syncro-Mesh transmission. This feature enables you to shift smoothly and easily through all gears without clashing. And this applies not only to the shifts from low into second and from second to high, but also to the change from *high back to second*. This shift . . . so difficult with the ordinary transmission, and so useful for a quick burst of speed in traffic . . . can be made easily and silently, without reducing car speed.

The new Oldsmobile is a great car to drive for many reasons. And not the least of these is its new Quiet Second Gear—transforming Oldsmobile's smooth, increased power into keen, fast, *quiet* acceleration . . . and contributing new pleasure—new satisfaction—to driving.

NORTH HAVEN

In connection with the church here there is a fine group of young people. The past two weeks they have been making and hanging May baskets and 30 of the sick and shut-ins have been remembered. This means much. The chairman of the committee has been Alice Woodman. Mabel Bray and others assisting.

The afternoon boat to Rockland leaves at 4 o'clock, standard time.

Edw. York went to Rockland Wednesday afternoon.

The Westport began its six days a week schedule May 19. It comes Sunday morning and returns Sunday night.

A big day is expected at the church Sunday.

Plans for Memorial Day will be the same as in other years. At 10 o'clock pupils of the school will march to the ferry landing for brief exercises after which flowers for the sailors will be scattered upon the water. Services at the church will be at 2 o'clock. Address by the pastor. The orchestra will furnish music.

The library premises are being fixed up by Mr. McDonald. A new flooring to the porch with supports has been laid by Henry Duncan and appearances in general have been greatly improved.

Not for a long time have we listened to such a broadcast and broadside of hold-ups, murders, suicides and other crime reports as came over the air Thursday morning at 6.15. America needs a religious awakening.

Fifty had the opportunity to listen to John M. Richardson's talk during the social hour following the monthly supper at the Montgomery rooms Thursday evening. Mr. Richardson cited some interesting facts in regard to the newspaper and exhibited some type from the linotype machines. The newspaper world is divided into two parts, the metropolitan, and the country, The Courier-Gazette coming in the latter class. Mr. Richardson compared the two and said that the rural paper was undoubtedly great help to a community. In his talk he said that the World War changed the papers because of the increase in the cost of materials and workmanship. Whereas there were about 20,000 of the country newspapers before the war, this number decreased to less than 10,000 at the present time. National advertisers made a survey recently finding that more goods were sold in towns and small cities than in great centers with the result that the smaller newspaper gets more advertising. The Courier-Gazette is the only three issue a week paper in the State. A piano solo by Mrs. H. I. Drewett and vocal solo by Chester Wyllie was also much enjoyed at this time.

The next meeting of the Camden Garden Club will be held at the Congregational parish house Tuesday at 2.30 o'clock.

The Young cottage at Lake Megunticook was the scene of a very attractive party Monday evening when the hostesses, Miss Katherine H. Bennett and Mrs. Florence Gray entertained in honor of Miss Gladys Fernald. Cards were enjoyed until 10.30, when the guests assembled in the artistically decorated dining room, the color scheme being peach and blue. A miniature pond in which floated tiny sail boats made up the center piece of the table and a dainty placard hanging from the chandelier asked the question, "What will my ship bring in?" At each place was a toy fishing pole with a small magnet. When the guests had guided their ship to port, they found a message announcing the engagement of Gladys Fernald and Forrest Young. A delicious lunch was served after which each guest received a gift presented in a humorous manner. Those present were Mrs. Doris Lankton, Mrs. Evelyn Norwood, Mrs. Charlena Dalzell, Mrs. Florence Grey, Miss Helen Dougherty, Miss Katherine MacDonald, Miss Gladys Fernald and Miss Kay Bennett.

NOTICE OF FORECLOSURE

Whereas John Q. Adams of Searsmont in the County of Waldo and State of Maine by his mortgage deed dated the twentieth day of June in the year of our Lord one thousand nine hundred and twenty-seven, recorded in Knox County Registry of Deeds, Book 213, Page 529, conveyed to T. E. Gushee of Camden, Knox County, Maine and R. A. Gushee of New York, County and State of New York, a certain lot or parcel of land in Appleton, in the County of Knox and State of Maine, bounded as follows:

Northwesterly by the county road; northeasterly by the line between ranges No. 17-18; southeasterly by the line between ranges No. 16-17 embracing all that part of the third lot in the 17th range which lies south of the County road.

Also another lot in said Appleton being a part of the third lot in the 18th range, bounded as follows:

Northwesterly by land of John Whitmore; northeasterly by land of Wm. McLain; southeasterly by the county road; southwesterly by land of Wm. McLain, containing 11 acres, more or less.

And whereas the condition of said mortgage has been broken, now therefore, by reason of the breach of the condition thereof, we, the said T. E. Gushee and R. A. Gushee claim a foreclosure of said mortgage.

Dated May 5, A. D. 1931.

T. E. GUSHEE
ELIZABETH C. NEWBERT
Atty. for R. A. Gushee

STATE OF MAINE

Knox, SS. May 12, 1931.

KIRMA'S FAREWELL

This His Last Day At Park Theatre—More Questions Answered

The Great Kirma concludes his week's engagement at Park Theatre today, and the management reviews with satisfaction a series of crowded houses, when standing room has been at a premium.

The Courier-Gazette's mail was swamped with questions yesterday and Kirma has answered the first 15 thus:

L. M.—No. I do not advise the trip which you have in mind. You would not be granted the possibilities you are expecting.

J. B.—Marriage to this man would be quite successful. I do not suggest that he make the change of employment however.

H. S.—Your condition is not serious, but I do advise that you continue treatments.

M. Y.—The article will not be recovered and I do not feel that your suspicions are correct.

G. G.—I see improvements in your business.

H. A. A.—It will be necessary for you to continue for sometime, to hold the bonds.

D. C.—You could be very successful in your study of law. I suggest that you enter this field.

O. T. K.—This man will not keep his appointment with your husband, neither will he advance the necessary money for this deal.

W. W.—You will not be successful in selling your property this year. I see a disposal of this property during the fall months of next year however.

G. R.—Your eyesight will never be totally recovered. Through treatment it will be possible for you to partially recover from this condition.

S. J.—Your father-in-law will return to his wife sometime during the next month. Upon his return, he will remain for only a short time, after which he will return to his position in Michigan.

E. B.—I do not advise that your son take up aviation. It will prove to be a waste of time and expense as he will never be a success in this field.

J. J. N.—I do not suggest that you discharge this man. He was not responsible for this accident but rather is shielding another. Your son.

F. L.—Forget this man. He will never mean more to you.

D. N.—I see a settlement of this estate within two years. However, I see that you will be disappointed with your share.

Miss Margaret Hellier was one of the three designers of costumes for the recent May pageant given by Wheaton College. The costumes were of great beauty, showing much originality.

Mrs. Leola Rose entertained the Contract Club Thursday afternoon at her home on Union street.

Mrs. Edward Gonia entertained at a small bridge tea Wednesday afternoon at her apartment on Talbot avenue when honors were won by Mrs. A. M. Moody. Thursday Mrs. Gonia entertained at a bridge luncheon at which Mrs. George L. St. Clair and Mrs. Harry Brown won the highest scores.

Miss Arlene Newbert entertained with a beefsteak fry Monday evening at her camp at Caddy's Grove, Wiley's Corner, among her guests being Mr. and Mrs. L. B. Cook and children of Rockland.

Mrs. John Clayter of Camden entertained the Thursday Auction Club. Playing was preceded by dinner. Honors fell to Mrs Fred T. Veazie, Mrs. Perley Damon and Mrs. F. E. Follett.

Miss Mary Neilson who has been spending a few days in the city with Mrs. Almon M. Young. Purchase street returned Friday to Vinalhaven.

Ethel Quinn Greely with husband and children is visiting Mr. and Mrs. George Quinn on Rankin street, at The Highlands. Mr. Greely will return to New York in a few days while Ethel and the children will remain for probably a month.

Isaac Berliawsky and Mr. and Mrs. Benjamin Mildwoss (Lillian Berliawsky) arrived here Friday from New York. Mr. and Mrs. Mildwoss will remain here for a short visit.

Mrs. Lena K. Sargent's Crescent Beach cottage was the scene of a jolly picnic yesterday, participated in by the students and faculty of the Rockland Commercial College, to the number of 25. Cards were in order in the afternoon, the tables being set out of doors. Honors were won by Miss Alma Seavey and Edward Barnard. Picnic supper was served.

The Knoweachother Club held its annual spring luncheon yesterday afternoon at the home of Mrs. Julia Murray, who was assisted by Mrs. Nan Higgs, Mrs. Alice Spear and Mrs. Eva Toner. There were 14 members present. The new officers are: President, Mrs. Murray; secretary, Mrs. Toner; treasurer, Mrs. Bertha Greenlaw, and chairman of programs, Mrs. Ida Hartshorn.

Mrs. Walter Wilson of Dorchester, Mass., is the guest of her mother, Mrs. Addie Allen.

Mrs. Linwood Rogers arrived home yesterday from Fort Fairfield where she spent several days with her husband, Dr. Rogers.

Mrs. A. J. Huston of Portland is making a brief visit with Mrs. Leola Rose.

Mr and Mrs. Albert Cables celebrated their silver wedding last evening at their home on North Main street. There were about 55 neighbors and relatives present. Bouquets of beautiful tulips and pinks were disposed about the rooms, together with a few potted plants. All enjoyed a pleasant evening. Cake and punch were served. Mr. and Mrs. Cables were recipients of some very nice silverware, as well as other presents. They received many congratulations. Among those present was a cousin, Mrs. Walter Wilson of Dorchester, Mass.

THE REALM OF MUSIC

Gladys St. Clair Morgan

We always rejoice in the accomplishments of our own home musicians, and today I have two to tell you about.

The first concerns Edna M. Gregory, the daughter of Mr. and Mrs. William W. Gregory, who on the evening of May 15 gave a very successful and delightful piano recital as a feature of the completion of her work in the college course at the Faelten Pianoforte School, Boston. Her numbers were:

Sonata, Op. 10, No. 2 ..... Beethoven
Allegro
Allegretto
Presto
Prelude, Op. 3, No. 2 ..... Rachmaninoff
Clair de Lune ..... Debussy
Valse, E major ..... Moszkowski
Habanera ..... Cassado
Rhapsody, No. VIII. ..... Liszt

Classmates, including Irene Young of Thomaston, gave an opening performance of "Invitation to the Dance," an ensemble arrangement of Weber's well known composition by Dresel. In the closing number "Concerto, Op. 15," by Beethoven, Miss Gregory was assisted by George Pratt Maxim of the faculty at the second piano-forte, and by four classmates in ensemble.

Miss Gregory is a member of the graduating class, the exercises to take place in Steinert Hall, Boylston street, Boston, June 12. Her work at Faelten has been marked by excellence, showing steady progress and consistency.

A paragraph at the foot of the program attracts attention. It reads:

"The Faelten System is a complete course of Musical Instruction which: Systematizes advantageously the study of music; develops practical results; leads pupils to an intelligent appreciation of music, and makes them Independent Musicians. Pupils who have studied music elsewhere are not put back when entering the school, but are credited with whatever correct musical knowledge and skill they possess, and are graded so as to insure rapid progress."

Our other home musician is Adelaide E. Cross, daughter of Mr. and Mrs. Justin L. Cross. She is employed in New York while becoming acquainted with the musical layout of the city. Miss Cross charmed her hearers when appearing as a soloist in a music week concert presented by the Parent-Teacher Association of Sea Cliff, L. I., May 5.. Her songs were "Within the Little House," by Bennett, "A Blackbird Singing," by Head, and "Wake Up." by Phillips; and she also appeared in two duets with a Miss Rosana Hicks, contralto "O That We Two Were Maying" by Nevin and "Nearest and Dearest" (Tuscany Folk Song).

Miss Cross is a graduate of the New England Conservatory of Music, holding a post-graduate diploma, and her sweet voice and charming personality are treasured by her friends.

AN OLD SONG

Author's name not known—From an old scrap book

You laugh as you turn the yellow page
Of that queer old song you sing,
And wonder how folks could ever see
A charm in the simple melody
Of such an old-fashioned thing.

That yellow page was fair to view,
That quaint old type was fresh and new,
That simple strain was our delight
When here we gathered night by night,
And thought the music of our day
An endless joy to sing and play.

In our youth, long, long ago,
A joyous group we loved to meet,
When hope was high and life was sweet;
When romance shed its golden light,
That circled, in a nimbus bright,
O'er Time's unwrinkled brow.

The lips are mute that sang these words;
The hands are still that struck these chords;
The loving heart is cold.
From out the circle, one by one,
Some dear companion there has gone.
While others stay to find how true
That life has chord and discord, too,
And all of us are old.

'Tis not alone when music thrills,
The power of thought profound that fills
The soul! 'Tis not all art!
The old familiar tones we hear
Die not upon the listening ear;
They vibrate in the heart.

And now you know the reason, dear,
Why I have kept and treasured here
This song of bygone years.
You laugh at the old-fashioned strain;
It brings my childhood back again,
And fills my eyes with tears.

The local summer music colony is to have a new comer this season—George Harris of Richmond, Va., who holds a personal note of interest for many of us in that he appeared as soloist at a Maine Music Festival several years ago, singing in Verdi's "Requiem." Mr. Harris is a musician of note, and we feel very proud that he is to be an addition to the ever growing music colony. He is to have "The Pines" at Ballard Park, which is being put in readiness for his occupancy about the latter part of June.

Mr. Harris had his musical training in Boston under Clayton Johns, beginning when he was 11 years old, and lasting until graduation from Amherst in 1906, when he went abroad. He went to the Boston Symphony concerts regularly and heard much other music in Boston, growing up in a musical atmosphere.

Piano had been the thing until graduation, when it was felt his voice was promising, so he went to Paris and studied for three years with Jean de Reske. His debut was made at the Worcester Festival and met with varying success later. While never what is considered a popular singer, he won much recognition from musicians.

He sang at Bar Harbor a great deal and had such things as two tours with the St. Paul Orchestra out through the far West. There were many recitals in New York and Boston, and he sang also with the choral societies in Boston, Providence, Chicago, the Maine Music Festival, etc. Later Mr. Harris took up as a side line translating texts of foreign songs, and taught more or less. War-work which for him took the shape of singing for men in camp about New York rather affected his general health, and immediately afterward illness in his family and the death of both parents in the winter of 1921-22 almost brought his singing days to an end. It was at that time he decided to go to Richmond to live, his introduction to that city having been through John Powell, renowned pianist, a close friend.

Meantime, after giving up composition as a hopeless task in his student days, an interest in it began to develop again after Mr. Harris had passed his 30th birthday, and Mr. Powell encouraged a renewal of the work. For 15 years Mr. Powell has watched over and assisted Mr. Harris. Schirmer published a piano suite and about 10 songs some years ago. Last January Mr. Powell played a very pretentious piano composition of Mr. Harris' in New York, "The Ballad of the Questing Beast," and recently a trio for violin, 'cello and piano in one movement has been done at the State Choral Festival and Convention of Music Clubs at Charlottesville.

Three years ago Mr. Harris was made music-critic on the Richmond Times-Dispatch, which position has provided wonderful opportunities. Advance articles on what is to be performed at each concert, historical and analytical, are done, together with articles on general musical subjects. Reviews are done on music, art and travel books.

Mr. Harris is on the board of governors of the Musicians' Club of Richmond, and is intimately associated with the Federation of the Music Clubs of the State, having to judge contests and do all sorts of odd jobs at the convention each year.

At the meeting of the executive board of the Maine Federation of Music Clubs at Gorham, Miss Caroline Fenno Chase, of Augusta, Mrs. S. Merritt Farnum of Lewiston, Mrs. Guy P. Gannett of Cape Elizabeth and Mrs. E. F. Berry of Rockland were appointed by Mrs. Gannett, president of the Federation, to work with the committee from Aroostook Clubs in planning for the annual convention of the Federation at Caribou in October. These plans will be formulated the coming months for the two-day sessions, being held for the first time in the fall as a result of a vote of the Board earlier this spring. Heretofore the convention has been held in the spring at the close of the club season, and it was felt that a change to the fall would be beneficial to all clubs.

We are gratified that a Rockland musical club is to be represented in the series of broadcasts under the auspices of the State Federation. Tomorrow afternoon at 2.30 over Station WCSH, the Rubinstein Club will present Mrs. Helen Wentworth, soprano; Mrs. Lydia Storer, contralto; Miss Bertha Luce, violinist, Miss Alcada Hall, pianist, and Mrs. Ethel Lee Hayden, accompanist. The broadcast should be one of pleasure.

The Viennese composer and theorist, Dr. Hans Weisse, comes to New York next year to teach at the David Mannes Music School. He is the pupil and disciple of Dr. Heinrich Schenker, considered by many leading musicians as the greatest theorist of our times. Although Dr. Weisse is only 39 years old, he has already accomplished notable work both as composer—his music has been played throughout Germany and Austria—and teacher. In the latter capacity he is known to many American students who attended his private seminars in Vienna. He will teach composition, theory, analysis, and interpretation at the New York school, and give courses of lectures there and elsewhere. This announcement holds interest for us in that Frank Bibb who summers at Camden is head of the voice department of the David Mannes School.

Augusta will offer in her next community concert course the Cherniavsky Trio, considered one of the world's most famous instrumental trios, three brothers who have toured the world several times and have played in almost every country; Grace Leslie, outstanding American contralto, and Robert Goldstand, the 19-year-old Viennese pianist, the new sensation in the piano world.

Eastern Steamship Lines Asks Permission To Carry Between Bucksport and Northeast Harbor

The Eastern Steamship Lines, Inc., has asked the Public Utilities Commission for permission to operate an automobile route to carry passengers for hire between Bucksport and Northeast Harbor.

Ellsworth, Bar Harbor, and Seal Harbor would be served, but no local passengers would be carried between Ellsworth, Bar Harbor, Seal Harbor or Northeast Harbor in either direction, the petition said, adding that operation of the machines would not be in competition with any other established transportation system.

A public hearing on the petition was ordered by the Commission to be held in Augusta next Monday at 10 a. m., standard.

An American tourist walking down a street of a large town in Scotland noticed a sign over a shop door: "Portmanteaux, travelling bags, over land trunks, etc."

Thinking to take a rise out of the shopman, he went in, and the following dialogue ensued:

American: "Have you got an overland trunk?"

Sandy: "Yes, sir."

American: "Could you please supply me with an underland trunk?"

Sandy: "Yes, sir, Here, Frank show this gent to the coffin department."

VACATIONING IN HAWAII-LAND

Hilda George Describes Some of the Life Experienced In the Pacific Wonder Island

[Begun at Koku, Kanai, finished later in Honolulu, April 4.]

Thursday evening saw three of us getting on the "Waialeale" in our knickers and with our blanket rolls, etc., by the steerage gangplank, with all the Filipinos and Japs. Steerage was mobbed and when I saw the women's cabin with the canvas bunks in three tiers, I was glad it was not pouring outdoors. There were about 80 of the Reserve Officers Training Corps boys from Ponnahou on board and their captain had made arrangements for them to go up on the stern of the 1st class deck and he promised to take us up with him. Believe me we were grateful for that, for there was an awful bunch of steerage passengers, noisy, low type people on board. So after we pulled out of the harbor and got underway we went above where we had a nice piece of deck allotted to us.

It was brilliant moonlight and the view of Oahu was beautiful indeed. As always there were the bright white clouds on the hills. We went past the Waianai mountains too, for Kanai lies to the northwest. After a while we stretched out in a blanket on deck among all the boys. And then the fun began. Golly, that ship tossed like a peanut shell. I felt a hearty sympathy for the lad who remarked the next morning that "had I lifted my head one foot from the deck, I couldn't have stopped until I made the railing." That passage was the roughest they've had for two years, they say. Not until we got right behind the breakwater at the landing did we stop tossing.

* * * *

Approaching the great black headland of Kanai with the pounding surf below, all eerie in the light of the setting moon and gray dawn, was thrilling. I wouldn't have slept in a cabin for anything. The fresh air blowing over us was all that saved Helen and me. But we were a weary bunch by the time they finally got the car off, etc. We had breakfast in a charming little hotel at Lihue. We can none of us remember a thing about the ride to Waimea where we stopped for groceries and got in touch with the man whose cottage we were to have. He piloted us up into the mountains to Koku, a group of cottages by a stream in wooded highlands near a Ranger cabin. To get there you drive up a 16 mile ridge from sea level to 3700 feet and in spots you look right down into a magnificent canyon. It really reminds one of the Grand Canyon. It is almost more scenic for it has more colors (greens especially) and has such fascinating deep long canyons running into it from all angles. We stop at the various lookouts every time we go back and forth to town and of course the lights and shadows are an everlasting joy.

We were too sleepy to take in much the first day. The cottage is very nice and new and clean. We have running water and even a hot shower. We are in a little hollow of the mountains. Was it cold though! But the invigorating freshness of it! I feel like a different person up here. We slept the first afternoon away. Saturday we didn't get a very early start but finally went off in search of the "barking sands." These are some immense sand dunes by the shore. They were a lovely color—pastel shades of cream, soft tan, and, as you kicked them up, a suggestion of terra cotta. But they didn't bark. Only after a dry spell do they perform. That is, when you walk on them, their consistency makes them slide with a "woof, woof" sound.

Although the day was too overcast for striking effects, the great breakers on the coral shore, the dunes and the high cliffs of the northern steep shore line, were very lovely. Florence found some interesting shells on the rocks but Helen and I preferred to sit on the dunes. It was sunset when we returned up the canyon and the views were so much more stunning and unreal than in the daytime. By that time we could also see the island of Nihau out toward the northwest.

* * * *

Easter Sunday we were awakened at dawn by the greatest chorus of birds: nuthatches, Chinese thrushes, mynah birds! I just couldn't stay in bed. We managed to get away by eight o'clock. Again we had the treat of Waimea canyon. This time I tried some pictures. Then we drove to Olokele canyon. First we went through miles of sugar cane, on a red dirt road, the sea behind us, the mountains becoming ever more intriguing ahead of us. With the fields behind us, we covered several miles of weird barren lands with red dirt and a deep gully cutting through it. Then we suddenly rounded a curve and had a view into an enormously deep and narrow canyon suggesting perhaps Taos canyon only with more jagged and picturesque mountain tops.

For four miles we drove along an exciting road—just wide enough for one car, very rough, hilly and on the very edge of the canyon with a drop of 1000-2000 feet below us. The Ranger told us later that he has known women to faint dead away on that road. The curves around promontories certainly kept you on the "qui vive." We were in sunshine most of the time but the crags and crannies were a fleeting pageant of greens and purples with occasional veils of soft gray mist lending a Japanese effect to the distant heights.

At the end of four miles I was glad to relinquish the car at the "ditch man's" house. I must explain that the great sugar and pineapple interests have chained all the beautiful waterfalls of the mountains by blasting conduits and tunnels for miles through the mountains. Everywhere you see the marks of erosion caused by former waterfalls. It must have been Paradise!

From the ditch man's house we continued mountainward by a footpath that was perfectly charming, sometimes leading into dark cool groves of kukui, mango and lehua trees, with an undergrowth of tree ferns, prickly pear, cactus, passion flower vines and many other lovely flora we were unable to identify; sometimes coming out around a corner where ever changing outlines of mountains, saddles, humps and buttresses made us gasp with joy. The kukui trees have a light green foliage which gives an illusion of spring. The tree ferns have leaves ranging from a purple brown to luscious new green. The lehua trees not only have some red leaves besides their beautiful scarlet blossoms but in certain stages their new leaf buds are a soft gray green lavendar. Young mango leaves are a rusty brown.

The remnant of a stream at the bottom of the canyon showed up in dark green pools or white foam leaping over and around the rocky bed. In a few places there were undercuts such as we encountered along the Taos canyon section of the Rio Grande.

* * * *

Here and there we heard the rush of water where some natural cave only partly blocked up revealed the presence of the harnessed waters in the veins of the very mountains. The glorious songs of the Chinese thrush, the glimpses of the Alaskan plover, an occasional owl, of a beautiful white tropical bird which inhabits the cliffs of the islands—all these things kept us spellbound. Sometimes the mists floated down to us—liquid sunshine is the only name truly applicable for it is not wet, neither does it blot out the sun. It does not fall but just trails to earth.

We walked about six or seven miles to one of the two remaining waterfalls and there had our lunch. How we were lured on to see what lay beyond the next turn! Oh, to have had the time to follow clear through to the last tumbling unhampered waterfall from the very heights of the island range! It would have been a perfect horseback trip.

The following day, after a most restful sleep in the cold crisp air of our temporary home, a half a mile from our nearest neighbors, we took a hike of four miles to Kalalau Lookout. This was a foot or horseback trail which started right up near us, climbed another 300 feet to the 4000 foot level and ended at the brink of Kalalau Canyon on the north coast of the island. The trail was quite different from any of the others we took. It was through woods entirely and it was often times ankle deep in mud where we would slip and slide in a most grotesque manner. It wound up and down and around. We separated enough so as to feel all alone and be able to take in quite undisturbed all the intimate details of the vegetation around and above us. The many ferns and vines, the strange fungi and parasites, the masses of dead and dying trees in all their grotesque shapes, the freshness of the young blossoming and budding ones were all most interesting.

CAN SHOOT TEN MILES

A Complete and Official Description of Big Gun Lately Received By Battery E

During the past week the local unit of the 240th Regiment. C. A., has been busy at Rockland Garage making ready the new home for the gun and tractor of Battery E. As this new outfit is open to visits from the public a short description seems in order.

This is an American made reproduction of that famous French 155 mm (G.P.F.) The letters G.P.F. refer to the carriage of French design "Grande Puissance Filloux," which, translated very freely, means gun and carriage of great range or power, Filloux being the name of the inventor.

This strange monster of a weapon is of rugged design, the complete unit weighing about 15 tons. The gun has the extremely high muzzle velocity of 2400 feet per second, a rate of propulsion that throws the 95 pound projectile 18,000 yards or a little more than ten miles.

The wheels of the carriage have a double tread of solid rubber tire. By an ingenious arrangement a caterpillar tread can be applied to the wheels in a few minutes whenever soft ground is encountered.

The main part of the unit is the gun proper which rests in the cradle. The cradle contains the recoil and counter-recoil systems, and is attached to the top carriage by trunions. The top carriage is pivoted and supported on the bottom carriage which in turn is supported by the carriage axle and trails. Movements to the right and left are made by a traversing system which turns the gun, cradle and top carriage through 60 degrees, permitting a large area to be covered by the fire of the gun

* * * *

Movements in elevation are through the elevation rack, causing the gun and cradle to turn at the trunions, giving elevations (ranges) from 0 to 35 degrees. The full powder charge weighs approximately 25 pounds, and this gives a range of about 18,000 yards when the elevation is set at 35 degrees. In order to increase the useful life of the gun target practice is held with a smaller charge, weighing about 18 pounds. This gives a maximum range of 15,000 yards without doing much damage to the bore.

During firing the burning of the propelling charge of powder causes the projectile to move forward and the gun to "kick" to the rear. To overcome this "kick" (recoil) the recoil mechanism is attached to the under side of the gun. As the gun moves backward through the cradle a piston is forced through oil. At the start of the movement little resistance is met, but as the piston moves backward the passages for the oil become smaller and the recoil is slowly stopped without shock. To return the gun to its firing position the counter-recoil mechanism is provided. As the gun moves to the rear a piston in the counter system moves and compresses gas contained in the gas chamber of the counter-recoil system. As soon as the recoil to the rear is stopped this gas expands and forces the gun back to the proper position for the next shot.

During this recoil and counter-recoil and while in the firing position, the weight is supported by the carriage wheels through the axle, and by the trails, the thrust to the rear being taken up by the trails and spades. During marches the gun is placed in the "traveling position." The trails are closed and raised to the limber, and the carriage is raised and springs attached, thus giving the gun a four-wheeled vehicle to ride upon.

* * * *

This traveling unit is pulled by the 10 ton tractor. This is an American vehicle of the track laying type and of the Holt design. The tractors received here were built during 1918 by the Chandler Motor Car Co. and have been in storage at the Erie proving ground since that time. They are practically new as their mileage is less than 50, and that was for test purposes. During the World War the United States purchased 2014 of these tractors, of which 628 were shipped to France. The makers were Holt, Chandler, Reo, Maxwell, Federal Truck and the International Motor Co.

The World War record of 155 mm gun construction, like most of the war time ordnance productions, was a struggle to translate French plans and blueprints into the detailed plans and prints necessary for the American plants. The guns were made by Bullard Engine Works, the carriages by the Minneapolis Steel & Machinery Co, and the recoil and counter-recoil mechanism by Dodge Bros.

The difficulties of plans can be best judged by the fact that there are 479 parts to the carriage. The mechanism made by Dodge Bros. consists of 372 parts and required three months at war time production speeds to complete the cycle of manufacture for one unit. In spite of this there were made in the United States 800 of these guns and carriages. Of these only 16 were shipped to France and 216 were bought in France for units of the United States Coast Artillery manning 155 mm guns, and their outstanding records of efficiency clearly shows in their histories.

The Second Battalion of the 240th C. A. is indeed fortunate in having received these guns and such assignment reflects the credit given past performances of the Knox County Batteries. Battery E. commanded by Capt. Richard F. Saville, and Battery F, commanded by 1st Lieut. Warren P. Eldridge, will use the local guns for training purposes and will fire their annual target practice with 155 mm guns now assigned them at Fort Williams. Dates for the camp this year are July 4-18. Drill at Rockland is held Tuesday nights, but Rockland Garage is open at all times and visitors may inspect the gun in its firing position day or night.

THE SEA BREEZE

Mrs. James Gregory

Went on a cruise up in the woods today, so thought the Nature Cranks might like to hear about it. Found cowslips and lady's slippers, some all budded, so dug up a few and brought them home to set out in my wild flower garden. Black flies were quite numerous but no mosquitoes yet

Came to an old cellar where once there used to be a home. The lilac bush and garden lilies are still growing there, years after the people who once lived on the place are gone, and almost forgotten. They still keep on blossoming.

The martins did build in my new bird house. I can watch them from the kitchen window. A robin has built her nest in a spruce tree in the field. She built on the side next to the road, where cars, teams and people are going by near enough to see the nest, if they were looking that way. I told her she was foolish but she seemed to think that was just the place to build. The best part of the year comes now. Everything is so beautiful.

I think I must be in the Boze class all right, as I went to school to F. O. Young the winter term 1878-79. I have a diploma with some of F. O.'s beautiful shaded writing on it. I also went to singing school to him that winter, and I was thirteen years old, so reckon up and see. N. C. C. 7

Ancient and modern treasure chests

In the old days people kept their valuables in solidly constructed, locked boxes which were called treasure chests. They were usually cumbersome, too expensive to be within reach of everybody.

The modern treasure chest is a safe deposit box in the vault of some convenient bank. Solid steel, masonry, electrical devices give a much greater degree of protection than was obtainable in the treasure chests of old. And the cost of the modern safe deposit box is within the reach of all, approximately one cent a day. If your valuables are not enjoying the protection that one of our safe deposit boxes affords we suggest that you come in and make arrangements to rent one.

GUM
STRANGLES FEED LINES

why TYDOL Gasolines are 99 28/100% Gum-Free

1. SELECTED CRUDES
Crudes selected for their cleanliness are "multi-fractionated" by super-refining equipment costing millions.

2. "GUM-TAPPED"
In towering fractionation stills of the most advanced type, the gum-carrying gasoline is drawn off for re-distillation long before the refining process is completed.

3. GUM-FREE BLENDING
Tide Water's exclusive, secret blend of gum-free gasolines creates the super-power, high-test, anti-knock qualities of *Hi-test* TYDOL.

SCIENTIFIC TESTS EXPOSE HIGH GUM CONTENT

3 ounces of GUM in 10 gallons of Gasoline "X."
2⅞ ounces of GUM in 10 gallons of Gasoline "Y."
1¾ ounces of GUM in 10 gallons of Gasoline "Z."
1⅞ ounces of GUM in 10 gallons of Gasoline "W."
1 ounce of GUM in 10 gallons of Gasoline "Q."

... but TYDOL Gasolines are 99 28/100% Gum-Free
