DO YOU LIKE A NICE WHITE KITCHEN? Of course you do—because it looks so CLEAN. And You'd like the mill that makes WILLIAM TELL FLOUR for the very same reason. It's clean from top to bottom—clean as a pin.

By clean machines, the wheat is separated and ground—then the flour is sifted through finest silk, put into new clean boxes and sealed. No human hand touches it until the sack is opened in your kitchen.

We know you want your flour clean and pure and we take no chances.

Next time, tell your Grocer—WILLIAM TELL—and get the very best.

Vinoil will Stop a Cough and Break Up a Cold

A constitutional remedy that removes the cause by building up the system. These elements contained in Vinoil—Beef and Cod Liver Oils, Iron, Magnesia and Glycophosphates—soon create an energy that throws off the cold and prevents its recurrence. It has given ninety per cent satisfaction for sixteen years. HERE IS PROOF:

Dame Anna S., Lawrence, N. C.

The above statement is fully verified by the receipt on file in the office of your company. I have had a cough for years and tried many remedies, but at last, too late. I tried Viniol and no smell ever did such a thing. It made me feel easy and well, better than I have ever felt before and have never had a cold since.

Dame F. S., Portland, Me.

I have been in the habit of stopping up the doors in my cold room during winter, as I was taught to do in my youth. I have often suffered from colds, but have never had a cough. I have used Vinoil for the last year and have never had a cold since.

Mrs. E. C., Ellsworth, Me.

I was suffering from a cold for weeks, but by using Vinoil, I have recovered and have not had another cold since.

Vinoil is not a drug, but a first class medicine, equal to all others in the market.

3 Million Dollars

It sought... music in

No finer example of courage is known to the world of science than Thomas A. Edison's work in perfecting the phonograph. The late inventor was in full chorus when he proposed a better phonograph—an instrument "that could produce music as human as the artists who first gave it utterance."

Mr. Edison's experiments exhausted the prints of the invention and his stock repudiated. He built and rebuilt until he reached the perfection which won him Three Million Dollars.

And the result?

Ask one who attended the Menses concert held in Ellsworth recently. There was the public proof. Miss Menses sang in concert with the RKO Popular Chorus from New York. And no one could distinguish the singing voice from its creation.

The NEW EDISON

The New Phonograph With a Soul

If you have the least inclination to agree with Edison's optimistic predictions, the Brundage Phonograph will please you. The cost of a song is cheap at any price. Yet it is now brought within the reach of every consumer. The instrument has in it mechanism the originality of Mr. Edison's three million-dollar model. It will sell for...
