GOOD JOBS
— for some rugged, red-blooded, ambitious, American young men

Here you have any logging, sawmill or lumber handling experience? If you have, you may be one of several young men we are going to hire.

At Poungkoephe, N. Y.—a bustling city on the Hudson River—we have great modern lumber storage yards where we carry in stock all the time twenty to thirty million feet of Pacific coast lumber—cut from the giant trees of California, Oregon and Washington. This lumber is brought on steamships via the Panama Canal and by rail. The yards are equipped with the most modern devices for receiving, handling, resawing, dressing and shipping lumber.

It is a place where there is not a dull moment from morning till night. There is something doing all the time.

It is a place full of opportunities for young men.

We are going to give these opportunities to young men who are ambitious to settle down and earn.

—young men determined to stick to and rise in one of the best businesses in the world—with a good firm.

—young men of good character, who have strong bodies in the best of health—bodies kept strong by good habits.

—young men who are hustlers—right up on their toes to learn every minute and believe in "do it right or do it the hard way.

—young men who are not only not afraid of hard work, but who know that experience through work is the only road to success.

—young men who are honest and from good families.

Many young men who can show us these qualities are going to be mighty glad they did.

Are you one of them? If you think you are qualified, sit down and write us all about yourself.

If you want to know our standing, ask any banker to tell you our commercial rating.

Hear it for Yourself
The Phonograph Which Amazed All Ellsworth

ARE you one of those who believe that no phonograph can match the voice of the living human? An astonishing discovery awaits you—like the thousand Ellsworthites who attended the Marie Morrissey recital.

Thomas A. Edison gave his famous Tone-Test recently at Hancock Hall. He had Miss Morrissey sing in direct comparison with the RE-CREATION of her voice by the New Edison. Music lovers were completely baffled. Their ears were unable to distinguish the RE-CREATED voice from the living. You have never heard any phonograph that approaches the New Edison. It RE-CREATES not only the musical notes, but every elusive quality of tone and color which identify the original artist.

The New Edison
"The Phonograph With a Soul!"

Come in and hear the identical instrument which was used at Hancock Hall. Make the great discovery for yourself.

ELLSWORTH, MAINE

The instrument used in the Tone-Test in Ellsworth is the regular model which sells for $25. It is an exact duplicate of the laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.

Liver Tablets are Vital

By Sister Gray

Sister Gray has bought the little house she has always wanted. The family from Ellsworth, Mr. and Mrs. Gray and daughter, have come to Groton to help. Sister Gray has bought her little house. It is a small cottage situated on the outskirts of town. The Gray family has always wanted a house of their own, and now they have it. Sister Gray has been looking for a house for some time, and finally found one that she liked. She has been very happy with the house, and she and her family have been enjoying it very much.

Men on Battlehip New Jersey Sail For Thrift Stamps

Thrift Stamps for Jack. That is the slogan of the new stamp drive. New Jersey is participating in the national stamp drive. The drive is being conducted by the United States Treasury Department. The purpose of the drive is to raise money for the relief of destitute children. The stamps will be sold at the regular price of 2 cents each, and the proceeds will be used for the relief of destitute children.

Treasury Savings Certificates for Christmas Gifts

Treasury Savings Certificates are available at the post offices of the United States. They are available in denominations of $50, $100, $500, and $1,000. They are a safe and secure way to invest money. They are not subject to market fluctuations. They are a good way to save money for the future.

**Handling the Household Income**

By AMOS BOWES

**WHY KEEP HOUSEHOLD ACCOUNTS?**

"I keep accounts for years and years," said Mr. Jones. "I believe it is the best way to keep track of your money. I know what I have, and I know what I have to spend."

A characteristic reply to a request to 'show your books' is, 'Oh, I don't keep any accounts.' The next time you hear that reply, remember that it is the most likely to result in mismanagement of your money.

Did you ever wonder at the end of the year how much you had spent? Do you ever wonder how much is left in your purse? Keeping your accounts is the only way to find out these answers. It is the only way to keep track of your money.

I have heard many people say that they are too busy to keep accounts. This is not true. It is easy to keep accounts. It is a simple matter to keep track of your money.

Jack's Adventure in Norland

As the sun set behind the hills, Jack, the little boy, was on his way home. He had been on an adventure that day. He had been to Norland, a place he had heard about but never been to before.

"It was the night before Christmas," said Jack. "I had determined this year to wait until Santa Claus came. I had been watching the stars, and I had seen Santa Claus in the sky. I had seen him in the sky!"

"That's because you didn't have enough money," said Jack. "Santa Claus never comes to people who don't have enough money."

"I have heard that," said Jack. "But I have heard that Santa Claus always comes."

"That's because you don't have enough money," said Jack. "Santa Claus always comes to people who have enough money."

"I don't have enough money," said Jack. "But I want to have enough money!"

"You can have enough money," said Jack. "You just have to work hard and save money."

"I will work hard and save money," said Jack. "I will do it."

"I am sure you will," said Jack. "You are a good boy."
