SCHEDULE OF MAIL

On Saturdays, all mail will be delivered at 10 a.m.

Weather in Ellsworth

This past week was characterized by moderate temperatures and relatively clear skies. Precipitation was below average, contributing to the dry conditions that have persisted throughout the season. A cold front is expected to move in late in the week, bringing a slight chance of snow.

FARMERS' ATTENTION

We have a small list of best seed at 50% off. Now's the time to purchase your seeds from us. We are offering discounts on all varieties, including corn, beans, and vegetables. Don't miss this opportunity to get ahead for the growing season.

CEDAR WANTED

We are in the market for Cedar for railroad ties, and posts. Will buy in the round, or hewn two sides. If you have any cedar, it will pay you to see us now. We are paying top market price.

HAVE you tried it lately?
It has always been known as a better flour, but to-day the trade says the best of all is

WILLIAM TELL FLOUR

We are continually experimenting—always striving to make Williams Tell a finer and better flour.
Some changes just completed, involving new refinements in our machinery and methods, have brought us just a little nearer to perfection in color and baking quality.
Try it and you'll see the difference at once.
Better tell your grocer to-day—WILLIAM TELL.
It costs no more to use the best.

ALCOHOL GROWS ON TREES.

Legal Decreed to be Fruitful in States Which Enforce Prohibitory Laws.

Alcohol in these days has attention from publishers of books on the subject. England has had a temporary effect that the prohibition of alcohol is to be used in prohibited states.

The opportunities discussed by the law will be increased in the States, where it is in the interest of the reader to have the books written on the subject. The time is the best time for the subject to be written on the subject, and subjected to the influences of the State, which is the best time for the subject to be written on the subject, and subjected to the influences of the State.

**Is Your Motor Extravagant in Gasoline?**

That depends largely on the quality of your gasoline and the mixture you use.

By high quality, uniform gasoline and the carburetor adjusted to insure complete, clean combustion, any motor will show gasoline economy and will pay for itself in lower fuel costs, whether crawling in traffic or pulling up a heavy grade. The careful, rigid processes of refining and testing SOCONY Motor Gasoline guarantee its high quality and uniformity. Simply adjust your carburetor to SOCONY and ski to it. They'll get you big mileage out of your gasoline. It is uniform, rapid-fire, clean-burning and powerful wherever you get it. For motoring economy standardize on SOCONY.

At filling stations look for the red, white and blue SOCONY Sign.

Every gallon the same.
