MUTUAL BENEFIT COLUMN.
Edited by "Aunt Madge."
MOTTO:—HELPFUL AND HOPEFUL.
The purposes of this column are succinctly stated in the title and motto—it is for the mutual benefit, and aims to be helpful and hopeful. Being for the common good it is for the common use—a public servant, a purveyor of information and suggestions, a medium for the interchange of ideas, in this capacity it solicits communications, and its success depends largely on the support given it in this respect. Communications must be signed, but the name of writer will not be printed except by permission. Communications will be subject to approval or rejection by the editor of the column, but none will be rejected without good reason. Address all communications to The American, Ellsworth, Me.

COMPLETE CURE OF INDIGESTION

One Box of "FRUIT-A-TIVES" or "Fruit Liver Tablets" Brought Relief

WILLIAM GALE SHEPHERD

Old Chatham, Columbia Co., N. Y.
"I was bothered with Constipation, Liver Trouble and Indigestion for three years; and tried all kinds of medicine with no relief.

I was so bad I would have a dull, heavy feeling in the pit of my stomach; generally about three or four hours after eating.

I saw advertised in the "Troy Times" "Fruit-a-tives" and sent to R. W. Seymour's drug store in Chatham and bought two 50c. boxes. Before I had finished one box, I was relieved and now have no more trouble. I can eat anything I desire.

I would advise anyone in the same condition as I was, to take "Fruit-a-tives"; it is a God-send, and I would not be without "Fruit-a-tives" in the house".

cratinated in sending my answers, and in issue of June 16 are the answers. In looking over them I found the answer to question 2 as 1572, date of the massacre of St. Bartholomew.
In question 7. I found in Barnes' history, John Cabot given as an English explorer, stating, however, that very little was known of him. Ruoff's "Century Book of Facts" gives John Cabot as a Venetian pilot, born in Genoa, who entered the service of Henry VII of England.
Question 19. I found Charlemagne French king, 742-804 A. D.
Question 20. I found Sweden the country of Gustavus Adolphus.
Please see if I am correct. Send us some more of the history tests. They are just fine. I am "shut-in," so I enjoy them all the more.

The test questions and answers which have been in the column were written by Dr. Frank Crane, and printed in the American Magazine for January. Question 2 was, "When was the massacre," etc., but it is nice to have the date. The American Encyclopedia, referring to John Cabot (question 7), says his name first appears in the archives of Venice, March 28, 1476. Denization was granted him after the customary residence of fifteen years. In 1495 he resided in Bristol, England, with his Venetian wife and three sons. March 5, 1496, he and his sons obtained a patent from Henry VII authorizing them to search for islands or regions in other seas. He landed on the coast of Labrador, and planted on the shore the banners of England and Venice.
Question 19, Charlemagne, or Charles the Great, called emperor of the West and King of France, is given as Charles I of Germany, dates as you gave them, 742-804. It was war, war during his reign. War was prosecuted against the Saxons for thirty-two years.
Question 20: There were four kings of Sweden by name of Gustavus, the second, third and fourth bearing also the name of Adolphus. I am very glad you, with so many others, are enjoying the test questions.

Answers to miscellaneous questions: 1. American, Cheshire, Roquefort, Camembert. 2. Champagne, claret, sauternes, burgundy. 3. Between stridion and tenderloin. 4. \$75,000 a year. 5. No. 6. Pound sterling, 400 to 500, varies, franc, 20. 7. Sucker, Illinois; Hoosier, Indiana; wop, Italy; chinck, China; greaser, Mexico. 8. Food management; Whitlock, minister to Belgium; McAdoo, Secretary of Treasury. 9. violet, indigo, blue, green, yellow, orange, red. 10. Mississippi. 11. Everest. 12. Can live in air or water. 13. As Saturn, Mars, Venus, Jupiter, Mercury. 14. Years divisible by 4, the hundred years by 400. 15. In Africa, etc. 16. China. 17. America both. 18. Air-brake. 19. Founder of religion in India. 20. "Give me liberty or give me death."

YOUR CHILDREN NEED LAXATIVE.
The children need your closest attention, especially after "stomping" or the like.
They are liable to get up in the morning complaining of cramps, had tasting mouth; liable to have puffed eyes; cranky; distempered and whimpering. Act promptly! Give them a dose of Dr. Price's Elixir, which millions of mothers were given by their parents, to-day, to their little ones.
Only the purest of herbs are used—no harmful drugs—will relieve promptly the ordinary cases of children's biliousness, constipation—worms, etc.
Symptoms of Worms: Constipation, deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly, with occasional griping pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching of the rectum, short dry cough, grinding of the teeth, little red spots sticking out on the tongue, starting during sleep, slow fever.
Mrs. Wm. G. Bonin of Caddo, Oklahoma, wrote regarding Dr. Price's Elixir: "We have used it for our children the last twelve years, and certainly know the value of it."
Three sizes. AT YOUR DEALER'S.

Mr. Snare and wife, and George Nickerson and wife, all of Hampden Highlands, Mrs. Ansel Manchester of Northeast Harbor, Mr. Montgomery of Southwest Harbor.

Ask some one in when you're happy. And the joy that you feel will grow; Send some one part of your gladness. And the flame of your own will glow.
Don't shut up your feelings in shadows Or the gray depths of a room. But let them go out to the meadows, And scatter them round with the bloom.
There's a hunger and need every moment For all we can share and can give. That amid all the riot and foment Men may snatch little moments to live.

Seattle, Wash., June 17, 1920.
Dear Aunt Madge:
Saturday, June 5, three sisters went sailing into the West via the Eastern Steamship line. We had a fine sail on the Penobscot river, stopping only at Belfast and Camden. A large ship was being built at Camden, and the wharves were a busy place. The lovely June foliage on the banks of the river, and the distant hills made a panorama of great interest.

The storm, which began before we left Bucksport, had increased to a gale by the time we reached Rockland. The steamer did not leave the wharf that night, so we had a fine night's sleep in spite of the storm that was raging. The next morning the rain was still falling and we took the 7 a. m. train for Boston. Thomaston was the first stopping place. We saw three large shops in process of construction there. We passed through Warren, Waldoboro, Winslow Mills, Glendon, Nobleboro, Damariscotta and Sheepscot.

Damariscotta is an old, historic town much visited by tourists. It was one of the first places to be settled in Maine, and many houses there are quaint and old-fashioned. Wiscasset, on Sheepscot bay is another town with many old traditions about its early settlers. We stopped for awhile there, then went on to Woolwich, where we crossed on a ferry boat to Bath, noted for its iron foundries and great ship-building plants. We waited over an hour there, and had lunch in a small restaurant, called the Nutshell.

Brunswick was our next stopping place, and we changed there again for Boston. The train was an express from there to Boston, so we only stopped at a few places. The salt marshes near Newburyport interested us very much. They are vast tracts of level land partly covered by water in the spring. Many tons of hay are cut on them and stacked on wooden racks. The hay has a salty flavor, and is

eagerly eaten by cattle. We passed also through Salem. Many of Nathaniel Hawthorne's books were written there. The original "House of Seven Gables" has been preserved, and is kept open to visitors. The rooms are furnished just as they were in Hawthorne's time.

At Boston we took the train for Whitman, passing through Quincy, the great granite center of Massachusetts. The Fore River shipyards are also located in Quincy, and many mammoth ships were built there during the war. At Abington, another station on the line, we passed through acres of land belonging to the great Bay State Nurseries. Flowers and shrubs were growing in profusion. The rhododendrons and lilacs were in bloom, and many other flowers. We reached Whitman at 6.45, and found the Goodwins just ready to go into Boston to meet the belated boat.

I know you must be tired now, so will write more about our journey later. With cordial greetings to you and all members of the column. "Ford."

We shall all enjoy following "Ford" on her western trip.

ST. JOHNS' DAY.
 Observance by Blanquefort Commandery, Knights Templar.

The observance of St. Johns' day by Blanquefort commandery, K. T., last Thursday evening, was the most delightful social affair of the season in Ellsworth. Over 200 Sir Knights and ladies were present. The program, which included presentation of jewels to past commanders and service medals to ex-service men who are members of the commandery, was also unique and pleasing.

An elaborate banquet was served at 6.30. After a social hour following the banquet, the party assembled in the lodge room for the presentation exercises. The presentation of the jewels was made by Rev. Ashley A. Smith of Bangor.

The commandery was especially pleased to have present Benjamin F. Whitney of Gorham, the senior past commander of the commandery, and the only charter member of the commandery living. This commandery was instituted in Portland, and afterward transferred to Ellsworth. Mr. Whitney served as commander during the time it was in Portland. He was the first to be called for the presentation. The other past commanders receiving the jewels are Joseph W. Nealley, James E. Parsons, Elvert E. Parker, John F. Knowlton, Harry E. Rowe, Eben K. Whittaker, John A. Haynes, Harvard C. Jordan, Edward F. Robinson, Harry C. Austin, Ralph L. Hodgkins. Other past commanders unable to be present to receive the decoration in person, but to whom jewels will be sent, are F. C. Burrill, Edgar J. Trussell, Chester E. Norris, Carl R. Wiberg.

Following the presentation of the jewels, Rev. R. B. Mathews presented the service medals. Those receiving them, in person or by mail, are: George F. Berry, Bartlett Cottle, Roy C. Haines, Benjamin L. Hadley, Walter J. Joy, Robert P. King, Ralph H. Kingsley, Willis L. Pratt, William A. Rennie, Tobias L. Roberts, Carl G. Whittaker, Ralph Hayes, James P. Whitmore, Guy E. Torrey, R. W. Wakefield.

During the evening, Mrs. Bertha Giles Lamster sang several selections, and Higgins' orchestra furnished music. Dancing followed the exercises.

Wedding at Northeast Harbor.
 The wedding of Miss Rosamond Elliot to William Gordon Rice, Jr., of Boston took place Tuesday afternoon at the summer home of the bride's father, Rev. Samuel A. Elliot. It was a quiet and simple affair, attended by about fifty guests. The couple was unattended.

The ceremony was performed by the bride's father, and took place in the open air on the west ledge on the grounds. A reception followed, after which the couple motored to Ellsworth to take the night train for Boston. They will spend the summer in Europe.

LOCAL AFFAIRS

members of the society were especially invited, and every effort was made for their comfort and enjoyment. Games and fishing enlivened the day for the youngsters. Ideal weather, pleasant surroundings and cordial hospitality made the day one long to be remembered by the seventy-five guests.

Harold Homestead and family of Bangor are camping at Contention Cove.

Mrs. Eric Chase of Hallowell, with little daughter Mary, is visiting in Ellsworth.

David C. Jarvis and wife of Brockton, Mass., are in Ellsworth for a short visit.

There will be dancing at Smith's pavilion Monday, July 5, afternoon and evening.

There will be a strawberry festival at the Baptist vestry to-morrow evening.

Mrs. D. E. Brown of Brockton, Mass., was the guest of Mrs. Sarah Stockbridge Monday night.

Mrs. Pearl S. Thorsen and Miss Callista Bauer of Weehawken, N. J., arrived yesterday, for the summer.

Mrs. Frank Cook of New York is visiting her husband's parents, Mr. and Mrs. James L. Cook, for the summer.

Mr. and Mrs. O. W. Tapley attended the meeting of the Maine Bankers' association in Bangor Saturday.

Mrs. Harry C. Achorn of Brookline, Mass., with her two children, is here for the summer with her mother, Mrs. J. T. Giles.

Dr. Arthur H. Parcher is attending the Maine medical meeting at Augusta as delegate from Hancock county. He expects to return this evening.

Chandler Hagerthy, who shipped on an ocean steamship some months ago, and has visited Africa and other foreign countries, is at home for a short time.

Dr. Eugene R. Kelley, state health officer of Massachusetts, with his family, will occupy "Hillcrest" at East Surry this summer. They are expected the last of this week.

Dana McGown, son of Mr. and Mrs. M. Y. McGown of Ellsworth, has enlisted in the marine corps at Mare Island navy yard, San Francisco, Cal., and is now in training.

The Unitarian church and Sunday school will be closed during July and August. The pastor, Rev. G. T. Jones, will attend Harvard university summer school during July.

Miss Julia Trowgry, a member of the recent graduating class of Ellsworth high school, has accepted a position as stenographer in the office of the Hancock County Farm Bureau in this city.

Miss Carrie Goss of Attleboro, Mass., is the guest of Mrs. Louis F. Higgins. Miss Goss, who has purchased the Parcher lot on High street, expects to build a home there next summer.

The house and lot of the late Fred B. Aiken, at the corner of Oak street and Birch avenue will be sold by the administrator, T. F. Mahoney, at public auction on the premises next Wednesday afternoon at 2 o'clock.

Dr. George E. Parsons, who for the past two years has been practicing in Islesboro, going there from Castine, has moved to Milbridge, where he has taken over the practice of Dr. J. H. Walling. His family went through to Milbridge Saturday.

H. C. Stratton's bungalow at Contention Cove is practically completed, and Mr. Stratton and family are occupying it. Leslie C. Beckwith's cottage will be ready for the arrival of Mr. Beckwith and his family about July 8.

C. E. Bellatty and family arrived at their Contention Cove cottage Friday, coming by car with Prof. Harold Whitehead of Boston university, who returned Saturday to Boston. Miss Margaret Franklin of Boston will be with the Bellattys this summer.

Clarence Tapley of Boston, whose work has brought him into Maine recently, has been spending the week-ends with his parents, Mr. and Mrs. O. W. Tapley, while his wife is visiting her home in the South. They will occupy the Tapley cottage at Pleasant Beach during August.

Lester L. Salisbury, who has been employed by the Union Trust Co., has gone on the road for the "Sunshine" biscuit firm, succeeding Leslie F. Jordan in this territory. Mr. Jordan has gone with the Salada Tea Co., but will retain his home in Ellsworth for the present. Harry S. Parker, who has been on the road for the Burroughs Adding Machine Co., has returned to the Union Trust Co.

Thompson & McIntosh of Belfast have purchased the entire stock of James A. McGown's shoe store. This brings Mr. McGown's retirement, after more than fifty years in business, a few weeks earlier than originally planned, and relieves him of the arduous work of conducting a closing-out sale as announced. The new owners will conduct a sale here for about ten days, and then move the remainder of the stock to Belfast.

Fred H. Tinker's sawmill on Water street, near Card's book, was burned at noon Monday, together with about 5,000 feet of finished lumber. A gale was blowing, and the sparks were carried a long distance, setting fire to yachts hauled out near-by, and to several houses. Watchfulness prevented these fires from getting much start. Mr. Tinker built the mill six years ago, and had gradually added to the equipment. It had a rotary, shingle machine and planer, and an electric motor for power. There was no fire about the building, and how the fire started is unknown. The mill had not been running since Saturday, and no one was working about it Monday forenoon. Mr. Tinker estimates his loss at about \$4,000, but it would cost nearly twice that to replace it at present prices. He had no insurance.

Mr. and Mrs. Eldridge M. Roberts of New York have leased "Old Acres"

the Redman home on the Surry Road for the summer. Their servants will arrive July first and Mr. and Mrs. Roberts will motor through from New York arriving a few days later. Mrs. Roberts recently sold to the Frederick Vanderbilts, "Sonogee," her beautiful estate in Bar Harbor, which during the war she turned into a convalescent house for wounded soldiers. During the war Mrs. Roberts was active in war work both at Bar Harbor and New York where she is prominent socially, and in Europe, where for several months she was actively engaged in nursing. Capt. Roberts, although modest and retiring in private life, is the famous Lieutenant Roberts, who distinguished himself as an aviator and brought down seven German airplanes before he was invalided back to America with twenty-seven shrapnel wounds from which he has not yet fully recovered.

North Sedgwick.
 Harold Grindle of Northeast Harbor spent the week-end with his uncle, Curtis Young.

Thursday the Sunday school went to the old steamboat wharf site at North Brooklin for a picnic dinner. The children enjoyed a hayrack ride, the older members going by team and automobiles.

Test of Good Steel.
 Good steel is not only hard but it has an energy of its own. There are knives that will literally cut an iron nail, but nothing else, because they cannot be ground sufficiently fine as to let the blade pass through the material. The cutting ability of a pocket knife, a razor or a pair of shears is derived from the fineness of the edge. A fine edge can be produced only of steel that is full of life and springiness, because the blade must not cut only but must be able to select the most suitable spot for entering the material.

VAR-NE-SIS CONQUERS RHEUMATISM

Mrs. David O'Connor, 323 Maple St., Rochester, N. Y., had rheumatism for twelve years, for seven of which she was absolutely helpless. She had to have her face washed, her hair combed, lifted bodily from place to place, and even had to be turned in bed. She was wrapped in thick blankets to keep warm. Had been given up to die. Mrs. O'Connor regained perfect health through Var-ne-sis.

A copy of her letters giving her experience and remarkable recovery will be sent to all who wish. Just send a card to W. A. Varney, Lynn, Mass., and you will receive it by return mail.

The time to take Var-ne-sis is NOW. Don't suffer another day. Get it at your druggist's. In liquid or tablet form. You ought to read "The Rest of Human Sins." Send for it today to W. A. Varney, Lynn, Mass. It's Free.

Art of Hopi Indians.
 The art of southwestern Indians—the Hopi and Pueblos of New Mexico and Arizona—is one of the few survivals anywhere over the globe of a primitive art. To the Indian, action and cleanness of expression of what he saw meant everything, while backgrounds and incidentals which fill in a painting, to the modern ideas, meant nothing. The Indian artist of today, like the primitive artist, wastes no brush strokes, and has no uncertainty about them. He is simple, direct, and all the beauty which goes with simplicity and directness goes with his work.

TOO WEAK TO DO ANYTHING
A Serious Feminine Illness Remedied By Lydia E. Pinkham's Vegetable Compound.
Casco, Wis. — "After the birth of each of my children I had displacement and was so weak I couldn't do anything I found a book about Lydia E. Pinkham's Vegetable Compound so I thought I would try it, and after taking it, I soon felt better. That was fifteen years ago and I have felt well ever since except that I had a slight attack of the trouble some time ago and took some more of your Compound and was soon all right again. I always recommend your medicine and you may publish my testimonial for the benefit of other women." — Mrs. JULES BEZO, JR., R. 1, Box 99, Casco, Wis.
Lydia E. Pinkham's Vegetable Compound made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record of being the most successful remedy for female ailments in this country, and thousands of voluntary testimonials prove this fact.
If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

NOTICE.
I, George McLane, of Lawrence, Essex County, Commonwealth of Massachusetts, administrator with the will annexed of the estate of Annie E. Lindsay, late of said Lawrence, deceased, hereby give public notice that pursuant to a license issued to me as such administrator by the Probate Court in and for the County of Hancock, State of Maine, dated August nineteenth, 1919, I shall sell at public sale, on Saturday, the seventeenth day of July, 1920, at two thirty o'clock in the afternoon, at the office of Jerome H. Knowles, in Northeast Harbor, in the Town of Mount Desert, in said County of Hancock, the following described real estate, formerly owned by said Annie E. Lindsay, deceased, to wit:
One-half in common and undivided of a certain lot or parcel of land situated on Smalldge Point, so called, in Northeast Harbor, in the Town of Mount Desert, in said County of Hancock, bounded and described as follows: Beginning at a bolt in the southern line of the homestead lot of the late Sana Whitmore, thence following the southern line of said Whitmore land south eighty-seven degrees east, three hundred and fifty feet, more or less, to a stone in the ground at or near high water mark; thence generally southerly, following the shore, three hundred and seven feet, more or less, to an iron bolt in the shore at or near high water mark; thence due west three hundred and fifty feet to the middle of the private road leading from the public road to cottage on Smalldge Point; thence following the middle of said private road, in a northerly direction, three hundred and thirty feet to the point of beginning, together with the shore and flats contiguous to said described lot, containing two and one-half acres, more or less.
Also one undivided sixth in common and undivided of another certain lot or parcel of land, situated on Smalldge Point, in Northeast Harbor, aforesaid, bounded generally as follows: Bounded on the south by land of E. J. Sohier, on the west by Sohier Sound and the wharf property of the Eastern Steamship Corporation; on the north by the road leading to said wharf property, and on the east by the private road leading from the town road to cottages of Vaughan and others.
And as appurtenant to the first lot above described a right of way, or such interest therein as is owned by said estate, over the private road above mentioned (twenty feet wide) from the south line of said lot to said town road. And as appurtenant to the second lot above described a right of way, or such interest therein as is owned by said estate, over said private road, from the south side of said second lot to said town road. Said rights of way being in common with such persons as now have rights in said private road. And both of said lots are conveyed subject to existing rights in said private road, and subject to all public rights in said town roads so far as said town roads form any part of the premises above described.
GEORGE McLANE, Administrator with the will annexed of the estate of Annie E. Lindsay, deceased.

ACT QUICKLY.
Do the right thing at the right time.
Act quickly in time of danger.
In time of kidney danger, Doan's Kidney Pills are most effective.
Plenty of Ellsworth evidence of their worth.
Mrs. Percy Lindsey, 14 Sterling st., Ellsworth, says: "I suffered from an annoying kidney weakness for nearly a year. I was up one day and down the next, I ached all over. My feet and ankles swelled so badly I couldn't put on my shoes. I tried different remedies, but got no relief until I used Doan's Kidney Pills. After the first box, I noticed improvement, and I used about five boxes in all. By that time the trouble had entirely disappeared and I have felt like a different woman since. I have gained in weight, and feel stronger in every way.
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lindsey had. Foster-Milburn Co., Mfrs., Buffalo, N. Y."

CIRCUS NEXT WEDNESDAY.
 Howe's Big London Show Will Appear in Ellsworth.
 Darwin's theory that man and monkey are allied finds many new supporters among the visitors to Howe's Great London Circus double menagerie, to be seen in Ellsworth next Wednesday, July 7.
 In this mammoth traveling zoo is "Walter," the most amazingly educated orang outang ever exhibited. Captured in the wilds of South Africa by Howe's Great London Shows' special agent less than eight months

ago, "Walter" has been taught to do all that the average young man can, except talk. Unassisted, this phenomically educated brute will dress itself in a tailor-made suit with regulation long trousers, fancy waistcoat and tuxedo; eat with knife and fork; draw pictures upon a blackboard; eat with a spoon, knife and fork; operate a miniature automobile, as well as impersonating several prominent characters. Scientists everywhere have carefully studied "Walter" and are a unit in declaring the animal the most marvelous ever seen.

EGG-LAYING CONTEST.

Final Results Tabulated—The Winner's Story.
 (From the Hancock County Farm Bureau News.)
 The State of Maine egg-laying contest finished on May 1. When the results were tabulated, it was shown that Mrs. Estella Stratton of Hancock had won the honors, with her pen of Rhode Island Reds.
 This championship pen of Mrs. Stratton averaged 131.7 eggs per bird in the period of the contest, which was 182 days. This is quite a honor for Hancock county, and a good boost for its reputation as a poultry county.
 The hens in this State contest were all kept on the farms of the contestants, and were housed and fed according to the instruction from the College of Agriculture, and the records of egg production were inspected by the County Agents and poultry specialist from the University of Maine Extension Service.
 A similar contest will be conducted again this year, starting in November and continuing for the same length of time, and judging from the interest shown throughout the State, there is likely to be a much larger field of contestants than in the past two years. Twenty-seven contestants finished the contest this year, and the first eight finished in the following order, each pen of which averaged more than one hundred eggs per hen.
 1. Estella Stratton, Ellsworth, R. I. Reds, 131.70
 2. P. A. Bradford, Belfast, W. Wyandottes, 126.23
 3. E. S. Boothby, Emery Mills, R. I. Whites, 117.48
 4. Reuben Lowe, North Shapleigh, W. Wyandottes, 106.23
 5. Mrs. W. I. Hinton, Newport, B. Rocks, 104.08
 6. P. M. Wyman, West Paris, B. Rocks, 103.07
 7. C. C. Stratton, Ellsworth, B. Rocks, 103.00
 8. J. E. Guptill, Berwick, B. Rocks, 100.25

of the contest by coming across with ten eggs.
 They were fed according to the University of Maine formulas, which consisted of one pint of cracked corn in the morning, and one pint of oats at noon, with plenty of dry mash, which consisted of two parts bran, one part corn meal, one part bran middlings, one part gluten feed, one part beef scrap. This mash was kept before them at all times. They also had plenty of fresh drinking water, grit and charcoal, and were fed green feed once a day, principally ruta-baga turnips and apples, with a few mangels and cabbage.
 Not one of my birds showed the least sign of sickness or broodiness during the entire contest. This, I believe, was due to the regularity of feeding, proper housing, meaning by this, good ventilation, plenty of sunlight and always a dry litter on the floor.
 The birds made a fine egg record all through the contest, and finished with an average of 131.7 eggs per bird in the 182 days of the contest.
 The birds not only laid very well, but the eggs hatched unusually well, which was a fact that surprised many people, for it is generally supposed that with hens that have been laying hard throughout the winter, the fertility is apt to be rather low.
 A good example of how the eggs hatched out from these birds, was an incubator of one hundred and forty eggs set by my little daughter Catherine, six years old, who took all the care of the eggs, turning, cooling etc., and which tested out only five unfertile eggs from the one hundred and forty, and hatched one hundred and two nice strong chicks.
 The hens were looked over and inspected by our County Agent, H. Styles Bridges, at the close of the contest, and he spoke of the great uniformity and color of the birds and the striking evidence that the birds showed, on examining them, of high egg production.
 An analysis for the entire contest shows rather interesting results, as to production. The time of hatching and maturity had a great influence upon winter egg production. As a whole, those hatched during the latter part of April or early May produced the most eggs. Pulletts which had been laying for some time before the contest began went through a partial moult in December and January, with a consequent drop in egg production.
 Selection also had a great bearing on production. Those pens which consisted of selected birds averaged considerably more per hen than the pens made up of the average birds taken from the flock.
 The average egg production for the entire contest was 84.99 eggs. The highest average production for any month was obtained in April, when the average reached 20.08 eggs per hen.

THE WINNER'S STORY
 (By Mrs. Estella Stratton of Hancock)
 I planned, for some time before the State egg-laying contest started last fall, to enter a pen of birds, so the week before the contest started we picked ten of the best pullets from a flock of ninety. These were single-comb Rhode Island Reds, and we used the greatest care in selecting them.
 They were housed in open-front colony houses, fixed up in approved style. The day after these birds were put in the pen they laid ten eggs. They also started the first day

Damp days

Damp, foggy weather, the kind that takes all the starch and ambition out of you—when it's not really raining, just wet and chilly—that's the worst disease-spreader known. To resist its unhealthy influence, your bowels and digestive organs must function perfectly. It is a wise precaution to take a liberal dose of "L.F." Atwood's Medicine.
 A few doses of this reliable old family remedy will ward off many colds and sore throats, with their consequent loss of time and income. Its regular use will keep your system in excellent condition, and less energy will be wasted fighting disease. The true "L.F." is absolutely safe and will benefit every member of the family. We are constantly hearing of cases where three generations have used it continuously for all disorders of the stomach, liver, etc. Buy a bottle from your dealer today, 50 doses for 50c. "L.F." CAPTAIN HILL HAD TO LEAVE HIS SHIP
Could Not Walk Ten Feet Until Tanlac Restored His Health, He Declares.
 "I really could not let you go without telling of the good Tanlac has done me, for any one who has been benefited as I have by Tanlac should not only be willing but anxious for the sake of others to tell it," said Captain Ernest H. Hill, 52 Chestnut street, Portland, Me. While telling of his wonderful experience to a Tanlac representative, recently, Captain Hill, who for ten years was captain of vessels plying between Portland and the Popular Islands of Casco Bay, is now captain of the Ben Hur, and is undoubtedly one of the most popular commanding officers of vessels in that harbor. Continuing, he said:
 "For the past eight years I have been in a badly run-down condition, and before I started taking Tanlac I could hardly stand up. When I walked I would have to hold on to something to get about at all. After every meal I would be in the worst sort of misery and bloat terribly from the formation of gas and my appetite was so poor I had to force down every mouthful I ate. My nerves were in such bad condition I could get but little sleep and some times I would nearly jump out of bed. I would also have smothering spells at night when I would have to get up to get my breath and then I would become so weak I would just fall back into the bed again. Lots of times I would have to open the windows and

in order to get my breath. In the mornings I always felt worse than when I went to bed. I kept getting worse and along toward the last I became so weak I could not do my work, and I could not walk ten feet without becoming exhausted.
 "I decided to try Tanlac after everything else had failed to do me any good, and I am certainly glad I did, for I had not taken more than two bottles when I could eat anything I wanted without being troubled with gas or bloating and a great deal better in every way. Well, I continued taking it, and while I have taken only five bottles all my troubles have been completely overcome. I feel as good as I did when I was twenty years old, and can get about as well as I ever could, and feeling so strong and full of energy my work is a pleasure to me. I sleep as sound as a child every night and never wake up until some one wakes me, and always get up feeling good. I really can't say too much for Tanlac as it has made a new man out of me."
 Tanlac is sold in Ellsworth by E. G. Moore, in Sullivan by Dunbar Bros., in Little Deer Isle by H. G. Eaton, in Ashville by C. C. Small, and by the leading druggists in every town.—Adv.

Is your Kitchen Cool and Comfortable?
 You can't have a cool, comfortable kitchen if you keep a fire burning all day.
 The New Perfection Oil Cook Stove gives you controlled heat when you want it—a high, blue flame with white tips (the hottest flame for fast cooking) or a low, even flame for simmering. Just turn the handle—that's all.
 Then, too, all the drudgery that goes with coal hods, ashes and soot is abolished from the cooler, cleaner kitchens where the New Perfection is used.
 The New Perfection Oil Cook Stove comes in 1, 2, 3 and 4-burner sizes. 3,000,000 users like it because it means a sure fuel saving.
 For your further convenience—the New Perfection Water Heater. Hot running water at a very moderate cost. Ask your dealer.

Post Toasties
 (Different and Better Corn Flakes)
 They have a superior flavor and a substantial crispness unequalled by ordinary corn flakes. You'll quickly recognize they're "better" when you taste the first spoonful.
 When ordering corn flakes from your grocer, always specify Post Toasties by name. You can identify them by the yellow and red package, carefully protected by wax wrapping.
