ECCLESIASTICAL COUNCIL

Holds An All Night Session At Camden Church, With Satisfactory Result

An ecclesiastical council of the Lincoln Association of Congregational Churches was held in the parish house of the Congregational Church at Camden Tuesday night, with Rev. E. D. Hardin of Bath acting as moderator. Ministers and delegates were present from 10 churches.

The council was called for the purpose of advising as to certain methods of procedure in the Camden Church. The session lasted well into the night, with deliberations harmonious and a satisfactory result being arrived at.

Quite a number of persons have noted the comparatively small crop of house flies this season. This notation should not be construed as an expression of regret. President Hoover is probably to blame.

COUNTING BALLOTS

Attorney General Says That Packages, Not Individual Ballots To Be Stamped

Several weeks ago this paper published an article scoring the asinine piece of Maine legislation which seemed to make it necessary for ballot counters to sign each vote after an election.

City Clerk E. R. Keene took the matter up with the Secretary of State, whose reply, published by this paper, confirmed the idea.

But now a different construction has been placed on the law. An Associated Press despatch from the State House says:

"Attorney General Robinson, in response to an inquiry from R. B. Douglass, Whitefield town clerk, has written that in 'my personal opinion' packages of election ballots, not individual ballots, should be stamped by the person counting them."

"Douglass had asked whether each individual ballot should be stamped by the counter or if the stamp should be on the packages of ballots."

"Robinson gave his personal opinion because, he said, 'it is outside the scope of the duties of this office to rule officially on the point.'"

"The statutes say 'stamped on the ballots counted.' This object is literally secured by stamping each package of ballots counted, his letter concluded."

PARK THEATRE

Tom Keene, dare-devil cowboy, and his fiery horse Flash, make their debut in a screen western feature called "Sundown Trail," romance of the open range, which comes Friday and Saturday.

Keene, a reckless rider who isn't afraid of anything with four feet, left the range a few years ago to go to New York and succeed as an actor. From Broadway, he came to Hollywood and motion pictures. The screen has given him a chance to return to his first love, riding, roping and roundup, as REO Pathe was quick to seize the opportunity to sign him as the star of their western pictures. Keene is supported by a strong cast, with Marion Shilling as his leading woman.—adv.

BURKETTVILLE

Schools closed last week Wednesday noon that the teachers might attend State convention in Portland.

A Halloween entertainment will be given at the Grange hall this Thursday evening for benefit of the primary and grammar schools.

Several neighbors and friends spent the evening at Mrs. Lella Turner's Saturday in honor of Irvin Turner's birthday anniversary. Cards and a general good time were enjoyed. Refreshments including a handsome birthday cake were served by the hostess.

THOUGHTS TURN TO ROCKLAND

Gen. Adelbert Ames, Celebrating His 96th Birthday, Recalls the Days of His Boyhood

This paper's Saturday story of the General Ames birthday was supplemented by the associated press despatch from Tewksbury, Mass., which sounded a personal note which is herewith repeated.

An acknowledgment of birthday congratulations came from Gen. Ames to his cousin, Jarvis C. Perry, of this city.

"Thanks for your kind greeting," the message said: "I find the older I grow the more inclined I am to think of my childhood home, Rockland. May you and yours flourish to your hearts' content. Your cousin, Adelbert Ames."

The hand-writing of the letter, graceful, firm and clear, conveys not the least suggestion that the author of it was celebrating the 96th anniversary of his birth.

Phantom troops (so the associated press story begins) marched in review on Prospect Hill today as Adelbert Ames, last surviving general of the Civil War, observed his 96th birthday.

The oldest living graduate of West Point, General Ames looked back upon a life crammed full of action and, from a memory rich in anecdote, told of famous men and famous battles that shaped his country's destiny.

He recalled days at West Point with Robert E. Lee among his teachers; the first battle of Bull Run, where he stopped a southern bullet with his thigh and won the congressional medal of honor for his valor; stormy days of reconstruction as governor of Mississippi and as its representative in the United States Senate with such giants as Colfax and Cameron and Blaine; and, finally, of his return to the battlefield as a brigadier general of volunteers at

grace granted in Maine for 1931 registrations.

Authorities in other States may cause considerable delay to Maine motorists who see driving cars in January or February, 1932, with 1931 registrations, before proof could be obtained that the practice was privileged in Maine, he said.

His department has notified every State of Maine's two-months grace but Secretary Smith does not believe every local and county officer in those States will be informed of Maine's action.

Registrations for 1932 will be ready for general distribution Dec. 1, 1931.

Eastern Furniture Will Start Spectacular Selling Event Today

A new departure in merchandizing will be taken by the Eastern Furniture Co. today at 2 o'clock when it will open a series of auction sales. Two will be held daily, 2 to 5 and 7.30 to 9.30 until further notice.

James A. Cahners, proprietor of the big furniture concern and John Bailey, manager of the local store, unite in calling this the most thrilling sales event in the city's history. The huge stock will be thrown into the auction "without reserve or limit"—our entire stock of the finest furniture, rugs, art objects etc. in this section, to be closed out to the bare walls, to quote from the advertisement appearing on the back page of this paper.

The store will be open for an hour before the auction today to allow patrons to select the pieces they desire, and bidding will start promptly. These two auctions daily will continue until the entire stock is gone.

The Eastern Furniture Co. operates the large store at 283 Main street, formerly V. F. Studley Inc., and carries a very large stock of fine furniture, rugs, living room, bedroom, dining room suites, kitchen furniture etc. The auctions will be run by a famous firm of auctioneers, C. Lawrence Cook Co. No merchandise will be sold at private sale. The regular Eastern staff of salesmen will cooperate with the Cook organization in the big sales event. Remember, it starts today and continues until the last piece is sold 2 to 5 and 7.30 to 9.30 p. m. daily.—adv.

A COUNTY ARMISTICE DAY

Winslow-Holbrook Square To Be Rededicated—Parade and Football Game Among the Features

The Armistice Day celebration in this city, participated in by all of the Knox County Legion Posts, is not only going to be a very interesting affair but will probably be made the basis of an annual county Armistice Day event.

The Legionnaires are to meet at the headquarters of Winslow-Holbrook Post on Limerock street at 12.30 p. m., and there a parade will be organized with Major Ralph W. Brown as chief marshal. In the procession, in addition to the American Legion Posts will be the Civil War and Spanish War Veterans, Police and Fire departments, Boy Scouts, Rockland Battery of Coast Artillery and a detachment from the Coast Guard cutter Kickapoo, providing the government is willing to delay the Kickapoo's sailing date a few hours.

The Camden and Rockport bands have accepted an invitation to take part in the parade, and the Rockland Band also has an invitation. It goes without saying that the Winslow-Holbrook Drum Corps will be in line.

A salute from the big guns of the Coast Artillery Corps will be fired at Community Park where the parade is to finally disband.

The procession after leaving Legion hall will march to Winslow-Holbrook Square, junction of Main and Park streets, where that memorial will be rededicated. The exercises will include an address by Rev. George H. Welch, pastor of the Universalist Church.

The football game between Rockland High and Bar Harbor High, commencing at 2 o'clock, has been incorporated into the day's festivities, the proceeds to be added to the fund for the unemployed.

AWAY TO BUSY START

Two Civil Trials Held and Three Criminal Cases Disposed Of—Grand Jury Reports Today

The new grand jury reported Tuesday morning and proceeded to elect Alfred P. Gray of Warren foreman and Thomas Chisholm as clerk. It went immediately into session and has many matters to consider. County Attorney Otis was right on the job and presented three respondents who pleaded guilty. These cases were disposed of as follows: Ralph Brown of Glenview, illegal possession, two months in jail and \$200 fine and costs; Charles Grotton of Rockland, illegal transportation, three months in jail and a fine of \$300 and costs, with six months additional if the fine and costs are not paid; John Lannigan of Rockland, illegal transportation, case filed upon payment of costs amounting to \$12.46. Grotton made an impassioned plea for another chance.

The traverse juries reported Wednesday morning which was a day earlier than has been the custom. There are 49 cases now assigned for trials or hearings but many of these will be settled out of court. The term will probably run for eight or 10 days. Owing to the fact that Monday is election day and Wednesday is a holiday, Judge Fisher announced that he would adjourn court Saturday of this week and would not open until Thursday morning of the following week.

Judge Fisher has the appearance of being a kindly man and one who would temper justice with mercy. He holds no brief for those who break the prohibition law, however, and made the statement in open court that he had never put a "liquor seller" on probation. When assigning cases he remarked that Friday the 13th would not be a good day to start the trial of a case.

An interesting and amusing incident took place on Tuesday morning. A man was in court for not paying his wife and children. He pleaded that he was a lobster fisherman and that fishing had been very bad. The judge said, "Reach in your pocket and take out what money you have." The man did so. "How much is it?" asked the judge. "Twenty-nine dollars," replied the man. "Give your wife \$25," said the judge, "four dollars will get you home." The money was handed over and the case disposed of for the time being.

Divorce libels filed in Cumberland County Superior Court include two of Knox County interest.

Helen K. DeVinny, Portland, vs. Donald S. DeVinny, Rockland, married in Portland, Me., 1930. Libelant asks that her maiden name, Helen K. Korkege, be restored.

Alma S. Tracey, Thomaston, vs. Walter P. Tracey, Thomaston, married in Conway, N. H., Oct. 11, 1893. The new entries this term are quite voluminous, numbering 108, as against a general average of about 75. The list of assigned cases for this term is also a formidable one, numbering 37. There are 12 cases on the unassigned list. Allowing for the usual shrinkage it would seem to promise quite a lengthy civil term.

The case of Edward K. Gould and Charles T. Smalley, administrators of the estate of Norris Hager vs. Myrtle E. Russell was the first case to be heard, and was presented to the first jury, Walter Jov. foreman, Wednesday morning. This was an action to recover certain real estate claimed by the administrators of the estate and held by Mrs. Russell under claim of gift and contract. There was but one witness, and then, after much discussion the matter was settled without going to the jury. Gould and Smalley for plaintiffs, Tirrell, McCann and Miles for defendants.

The next case which was heard by the second jury, Herbert Kenniston, foreman, was The James Bailey Co. vs. John Tavior, John Tewksbury and Albert H. Parsons contracting under the name of Camden Baseball team. This was an action to recover the price of certain athletic goods sold to the Camden baseball team, in the nature of bats, balls and uniforms, bought in 1926 and 1927. The defendants disclaimed any official connection with the baseball team. John Tavior admitted ordering some goods and asserted that they had been paid for. John Tewksbury admitted that he had acted as treasurer and had paid some of the bills but disclaimed any personal liability. Albert Parsons denied any connection with the

team or the ordering of the goods. The jury was out about forty minutes and returned a verdict for the plaintiff in the full amount sued for, \$104.66. Perry for plaintiff. Dwinall for defendants.

YOUR FAVORITE POEM

ODE ON A GRECIAN URN

Thou still unravished bride of quietness,
Thou foster-child of silence and slow time,
Sylvan, historian, who canst thus express
A flowery tale more sweetly than our rhyme:
What leaf-fringed legend haunts about thy shape
Of deities or mortals, or of both,
In Tempe or the dales of Arcady?
What men or gods are these? What maidens loath?
What mad pursuit? What struggle to escape?
What pipes and timbrels? What wild ecstasy?
Heard melodies are sweet, but those unheard
Are sweeter; therefore, ye soft pipes, play on;
Not to the sensual ear, but, more endear'd,
Pipe to the spirit's ditties of no tone:
Fair youth, beneath the trees, thou canst not leave
Thy song, nor ever can those trees be bare;
Bold Lover, never, never canst thou kiss,
Though winning near the goal—yet, do not grieve,
She cannot fade, though thou hast not thy bliss:
Forever will thou love, and she be fair!

Ah, happy, happy boughs! that cannot shed
Your leaves, nor ever bid the Spring adieu;
And, happy melodies, unwearied,
Forever piping songs forever new!
More happy love! more happy, happy love!
Forever warm and still to be enjoyed,
Forever panting and forever young;
All breathing human passion far above,
That leaves a heart high-sorrowful and cloyed,
A burning forehead, and a parching tongue.

—John Keats (1796-1821).

VOTE FOR THE CODE BILL

Monday the voters of Maine are to decide whether the State shall place itself in alignment with modern business practices by the adoption of the Code Bill. What the bill is and what it means in the conserving of the people's money has been pretty thoroughly presented to the readers of this paper. It is hardly to be expected that all the details of so comprehensive a financial measure should encounter complete understanding upon the part of the average citizen (the writer confesses his own limitations in the connection) but there are a few points that should enable all of us conscientiously to favor the bill's adoption. It puts into concrete form a policy recommended by several of Maine's Governors in recent years. It was prepared by citizens of high financial ability, patriotism and integrity, after exhaustive study of the entire field to which it is addressed; was submitted by a committee made up of able men; was thoroughly discussed in the legislature and there adopted by the astonishingly overwhelming vote of 24 to 3 in the Senate and 116 to 24 in the House, a majority vote of five to one. Let us quote from that keen student of public affairs, Arthur G. Staples, his conclusion following a lengthy analysis of the measure.

Thus was the code in initiative and conception (the writes in the Lewiston Journal). It has been urged for ten years. It is thoroughly approved in its present shape by the director of the survey, who urges its passage—Dr. Luther Gulick. It is approved by many of our ablest men, whose advice we seek in such cases. That it has had "publicity" no one can doubt.

Again we thoroughly agree with Gov. Brewer and Gov. Baxter of 1923 and 1927 that "to reduce the number of boards and trustees would tend toward greater efficiency (Gov. Baxter) and that "there must be more centralization of authority and responsibility, if the citizens are to be well served." In that we also agree with Mr. Coolidge, Chief Justice Hughes, ex-Gov. Smith of New York and with the legislative bodies of more than half of the States in America.

And the case is stronger in Maine than even that. The Governor and Council have now a fictional and impractical authority which can not be exercised except amid turmoil. We seek a delegated authority, singular to that which is Gov. Brewer said "exists in all of the most successful business institutions in the land," where by retaining a more practical centralization in the hands of the Governor and Council, we may concentrate departmental authority and centralize the work of almost innumerable boards and trustees in a few, who shall be directly responsible to a central head—as now.

This creates no autocracy—it creates a business administration, and makes a system of administration like that of the "most successful business institutions in the land."

If ever a measure was presented to the people with a stronger backing than the Code Bill commands, we have no knowledge of it. We hope every reader of this paper honored with a ballot goes to the polls on Monday and deposits it with his mark of approval in the YES square.

THRIFT SHOP VOLUNTEERS

Volunteers are needed to sew, for the Thrift Shop, to make up a group to meet every two weeks to work in conjunction with the church group, this part of the activity to start the week of Nov. 12. Anyone volunteering for this service is asked to call Miss Gertrude Smith, chairman, 847-J. The shop has the name of a worthy woman who is trying to make it possible to send her son to college next year, and as an aid in the undertaking she is selling Christmas cards. The shop is cooperating with her by taking orders for these cards. A worker will be at the Thrift Shop Tuesday and Friday mornings at 10 o'clock to receive any articles sent in.

BAD HIGHWAY HOLE

A hole in the highway at the top of Springbrook hill, was responsible last night for several accidents and a near tragedy. Contact with the sharp edges cut the right hand tires on Mrs. Earle McIntosh's car, which, out of control, crashed through the fence on the right hand side and fetched up against two trees. Mrs. McIntosh and her companion, Mrs. Nellie Reed were uninjured, thanks to the fact that Mrs. McIntosh managed to keep the car from overturning. The accident was witnessed by Ralph F. Nutt of Rockland whose own car blew out a rear tire in passing over the defective road. The front of Mrs. McIntosh's car was quite badly damaged.

HELP SALVATION ARMY

Only \$920 of the \$2000 needed has been subscribed on the annual Salvation Army appeal. There are still many who have not been heard from who usually send their checks direct to the treasurer, Homer E. Robinson and no doubt will do so this year. A tag day is planned for Saturday for those who could not make larger gifts and others who would like to give a little more toward raising the needed amount. The Salvation Army will be called upon more than ever during the next few months and if it has funds is well fitted to do the work peculiar to its own organization.

Ex-Senator Obadiah Gardner Favors Code Bill From Standpoint Of the Taxpayer

The Fort Fairfield Review, strongly in favor of the Administrative Code, urges everybody to vote for it next Monday, and in a symposium publishes the views of Obadiah Gardner, "for many years one of the ablest masters of the State Grange, formerly United States Senator, and a very prominent, level-headed and useful Maine citizen." Senator Gardner explains his position in the appended letter:

You ask for my reasons for favoring the ratification of the Code Bill.

1. So far as it affects the official conduct of the State's business, that is, the departments that come under the bill, it places the method of conduct on a sound business basis, in the same manner that all successful private business is conducted.

2. It places the conduct and expenditures of the State's activities, directly upon the Governor and Council, where it belongs. It is no way yields the sovereign power of the people, to hold the Governor and Council, directly accountable and responsible to place the responsibility where it can be located and held accountable to the people for the manner in which those responsible have performed their duty.

3. It makes the Governor and Council responsible to the people for the character of men selected as the heads of departments, and for the manner in which they discharge the important duty of their respective departments.

4. It makes the head of each department directly responsible for the economical and efficient conduct of the entire business of the different subdivisions of the department over which he presides.

5. It will eliminate the vast amount of duplication and waste that now exists in the conduct of the State's business.

6. It will prevent the expenditure of thousands of dollars of the public money in printing bills that are of no value to any one except the printer.

7. It makes the State Auditor an auditor in fact, and relieves that officer of being, as now, both a receiver of public money and a disbursing officer. It also requires that officer to publish a complete account of the receipts and disbursements, of all public money during the fiscal year, within three months after the close of the year.

8. It makes the Governor much more accountable and responsible to the electorate for his management of the State's affairs than ever before, by having a direct authority to supervise each department, and being held responsible for its conduct.

9. The Auditor is entirely independent of the Governor and Council—not subject to their orders or dependent upon them for the position he holds.

10. It will absolutely prevent any future Governor from rebuilding any public building, at a cost of over \$400,000, by stopping the waste and leaks, in the several departments for a period of two years, as it has been claimed in the not remote past.

11. It will save the taxpayers of the State many thousands of dollars. It will stop in large measure the expenditures of over \$30,000,000, annually—will stop the increase of over \$5,000,000 each year of these expenditures.

12. It will prevent the bonded debt

of the State from being increased two million dollars annually. It will curtail the increase of the tax rate, which is rising by leaps and bounds; with the present expenditures equaling nearly \$40.00 per capita, the bonded debt equal to \$30.00 per capita, and the taxpayers now paying near a million dollars interest money, as now.

13. It will prevent a trust fund committed to the State being spent and unaccounted for as at present, when we find that about one third of the \$1,500,000 entrusted to the State has been dissipated and unaccounted for, on which, however the taxpayers have to continue to pay interest.

14. I would favor the Code Bill if for no other reason than the manner in which its opponents came into existence, through its organization. Up to that time the whole measure was considered as a non-partisan economic question; no politics, no party spirit was manifested by any one in any of the mass meetings held in various sections of the State, nor in the consideration of the bill by the Legislature.

The first evidence of partisanship came when a prominent Republican politician began button-holing members of the legislature in an automobile (ark) on the streets of Augusta, and urging them to vote against the bill, before it was up for action.

Again, every person mentioned as forming the organization to invoke the Referendum was and is a Republican politician. All of their selected speakers, to address Granges, are Republicans, and on its face is a political move within his own party to prevent Governor Gardner from accomplishing the great public service which he has presented to the people of Maine for their own good and welfare—from receiving the great honor which he is justly entitled to by a great public service.

The opponents of the Code are not so much concerned about what it will cost, or save, the people of Maine, as they are whether it will prevent them from getting some of it.

If the people of the State fail to ratify the bill Nov. 9, they will pay dearly for their own act.

This Woman Lost 64 Pounds of Fat

Mrs. H. Price of Woodside, L. I., writes: "A year ago I weighed 190 lbs. I started to take Kruschen and now I weigh 126 and never felt better in my life and what's more, I look more like 20 years old than the mother of two children, one 19 and the other 18. Every one of my friends say it's marvelous the way I reduced."

To lose fat with speed take a half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—don't miss a morning—an 85 cent bottle lasts 4 weeks—get it at David L. McCarty's or any drug store in America. If not joyfully satisfied after the first bottle—money back.

One of the Pontiacs had broken glass on the left side and the left front mudguard was damaged. The other Pontiac suffered damages to its trunk, trunk carrier and one headlight. Back on his adopted heath, Peter Nelson is telling friends of a very interesting summer abroad, in the course of which he visited his native country of Denmark as well as England, Holland, Belgium, Switzerland and France, penetrating short distances into the frontiers of Russia and Poland. It was his first home visit since 1927, and he was the guest there of his only surviving relatives a brother and two sisters. Peter, who served more than a score of years in the U. S. Navy, and who is up soon for retirement, travels with eyes wide open, and through them he saw an attitude of unfriendliness to the United States; and through them he foresees trouble for Uncle Sam unless it safeguards its protective forces. He sailed for Europe May 3, and arrived in New York last week on the steamship Andania.

MRS. TIMOTHY SULLIVAN

Katherine L. (McDavitt) wife of Timothy J. Sullivan, died last Friday at her home 47 Pleasant street, aged 75 years. Although she had been in ill health for six years there was no indication that the end was near, and it came with a suddenness that shocked relatives and friends. The funeral services were held Monday at St. Bernard's Church, Rev. Leo Carey, a nephew of the deceased officiating. The bearers were T. E. McNamara, T. E. McInnis, Eugene Harrington, Raymond Moulaison, William J. Sullivan, Patrick Burns, and Joseph Adams, the interment being in the Catholic cemetery at Thomaston.

Mrs. Sullivan was the daughter of James and Mary McDavitt, and her birthplace, Rockland, continued to be her home for the three-quarters of a century which marked her useful life. Her marriage to Mr. Sullivan 35 years ago marked the beginning of a very happy domestic career. Ida Carey, now Mrs. James Connellan of Portland, became a member of the family at the age of three and the devotion showered upon her found its reward in the form of the grandchildren, Leo and James, who did so much to brighten Mrs. Sullivan's last years. The deceased was a member of St. Bernard's Church, and while health permitted was an indefatigable worker in all of its interests.

RESTFUL SLEEP
for FRETFUL,
FEVERISH CHILD
—With Castoria's regulation

When your child tosses and cries out in his sleep, it means he is not comfortable. Very often the trouble is that poisonous waste matter is not being carried off as it should be. But don't need help—just the gentle help—just the kind Castoria gives. Castoria is a pure vegetable preparation made especially for children's ailments. It contains no harsh, harmful drugs, no narcotics. Don't let your child's rest—and your own—be interrupted. A prompt dose of Castoria will urge stubborn bowels to act. Then relaxed comfort and restful sleep! Genuine Castoria always has the name:

NORTH WARREN
White Oak Grange fair was a success even though the weather was unfavorable. The fancy articles were nearly all sold, the grab bags disappeared rapidly and ice cream, candy and vegetables were all disposed of. The supper was well patronized and the entertainment and dance popular as usual. Fred Jameson walked away with one of the quilts and James Caldwell of Waldoboro took the other.

W. L. Gracie guessed the number of beans and was awarded a beautiful doily. Laura Brackett, a nice cushion; Mrs. Herbert Hawes of Union guessed on the feathers and received a very pretty dresser scarf; and Nettie Copeland of South Warren the dream pillow in the mystery box sale. Mrs. J. D. Benner carried home the rug. The committees and their helpers all worked hard and enjoyed every minute of the time.

Makers of Vicks VapoRub
Announce a New Plan for
Home-Control of Colds

News Comes With Development of a New Product; A Unique Companion to the Famous Treatment, Based On a New Idea for Prevention of Colds

Makes Possible a Further Reduction of the Family "Colds-Tax" This Winter In Time, Money, Health

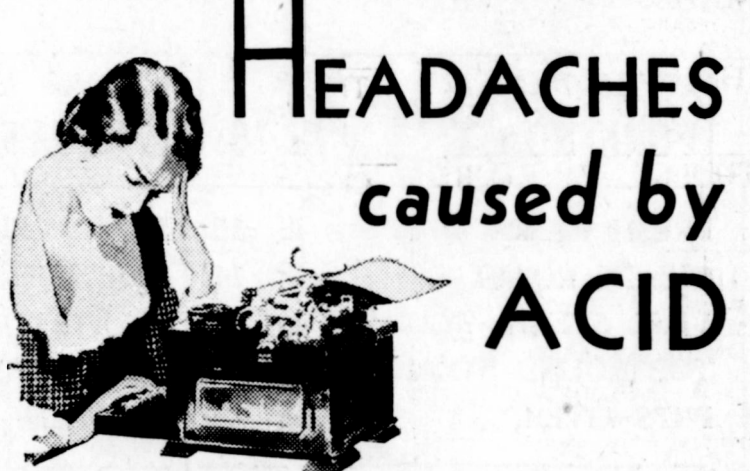

A quarter century ago, Vicks VapoRub introduced the modern external method of treating colds. Now, Vicks Nose & Throat Drops—latest development by the Vicks chemists—introduces a new idea in preventing colds. Together, these perfect allies make possible the new Vicks Plan for better "Control of Colds" and reduction of the family "Cold Tax" in time, money and health.

Here is the Vicks Plan of Control:
1.—BEFORE a Cold Starts
On exposure to colds or to any of the causes that ordinarily lead to colds—(crowded indoor places—stuffy, poorly ventilated rooms—sudden temperature changes—wet and cold, etc., etc.)—that slow down the normal functioning of the nose, Nature's marvelous "first line of defense against colds"—use Vicks Drops promptly. Or, if a cold actually

threatens—at that first stuffy, sneezy irritation of the nasal passages—a few drops up each nostril, and many annoying colds will be avoided.

2.—AFTER a Cold Starts
At night, rub Vicks VapoRub well over throat and chest and cover with warm flannel. Leave bed-clothing loose around the neck so the medicated vapors can be inhaled all night long. During the day—any time or place—use the convenient Vicks Drops as often as needed. This gives you full 24-hour treatment. (If there is a cough, you will like the new Vicks Cough Drops—medicated with ingredients of Vicks VapoRub.)

3.—AFTER a Cold Starts
The makers want every user of Vicks VapoRub to try Vicks Nose Drops. Free trial samples of the nose Drops were sent every druggist in the United States—but if you failed to get yours, buy a bottle today and try out the Vicks Plan for better Home-Control of Colds as directed. If you are not delighted with results, your druggist is authorized to refund your money without question.

ACIDITY haunts its victim like a shadow. No appetite; what you do eat disagrees, causes flatulence and makes you sluggish. Work is an effort. Before night, a headache.

Do you know what is wrong? An acid-soaked system! Too many acid foods. But you can't not diet. Nature's marvelous "first line of defense against colds"—use Vicks Drops promptly. Or, if a cold actually

**LOVED TO EAT,
AND NOW SHE
CAN!**

Much of the suffering from so-called "indigestion" or acid-dyspepsia could be avoided if everyone could know what thousands like Miss Lillian Ralston have learned. This New York City business woman, who lives at 1119 Park Avenue, says:

"I suffered from headaches and heartburn after meals; couldn't sleep; like I should; never felt right."

"For five years I experimented with medicines and treatments, until I learned about Pape's Diapepsin. I have gained five pounds, and feel fine."

If you, too, suffer from sourness, gas, belching, nausea, headaches, dizziness, or pain after eating—either regularly or just at times, get a box of Pape's Diapepsin from your druggist. Then you need never worry again about what you eat.

**PAPE'S
DIAPEPSIN****How Much Would
You Pay To Be Rid
of Rheumatic Pains
In 48 Hours**

—Would You Pay Ten Dollars?

—Would You Pay 85 Cents?

Well: Here's a chance for you to be spayed once more—to do your work cheerfully without one twinge of pain. Here's a positive guarantee that no rheumatism sufferer can afford to pass up—you can be free from agonizing rheumatism—and keep free from it.

Get one 85 cent bottle of Allenu from David L. McCarty or any progressive druggist with the positive and distinct understanding that your pains and torture will all be gone in 48 hours or money back.

And when pains are gone—keep right on taking Allenu till every bit of harmful uric acid is out of your body—Happiness comes with this wonderful prescription—thousands know it—you ought to know it.

Get at the real cause. That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards Olive Tablets help arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, people rarely suffer from indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Try Olive Tablets, the substitute for calomel.

Dr. Edwards Olive Tablets are a purely vegetable compound. Know them by their olive color. They do the work without griping, cramps or pain. All druggists, 15c, 30c and 60c.

Take one or two at bedtime for quick relief. Eat what you like.

OPPOSED THE CODE

Ex-Senator Buzzell, Addressing Lions, Turns Loose Shafts of Sarcasm

Armed with a quiver of sharpened arrows, ex-Senator H. C. Buzzell assailed the Administrative Code at yesterday's meeting of the Lions Club, directing the force of his attack against the last draft which provides for only four departments, although nine were originally named. Senator Buzzell termed the bill "sleeping sickness" and said it was the product of a stacked jury in the form of a hand-picked committee of 22. It would mean the setting up of a political dynasty, he charged.

Senator Buzzell told of the rapidly mounting State expenditures, from \$3,000,000 to \$30,000,000 in 24 years, and said that instead of accepting the recommendations of the Cole committee, of which he was a member, they kept right on spending. The Code bill was "pulling angleworms in two instead of getting at the meat."

The speaker said that the pro-Code orators made a great handle of the worst co-ordination, and wondered how the health and welfare departments could be co-ordinated any more than a millinery shop and a meat market. Departments omitted from the bill were highways, corporations, labor, banks and banking, insurance and agriculture.

Yesterday's guests were Justice Fisher, Court Stenographer Richardson, Dr. Crosby French and Judge E. K. Gould.

The meeting next week will be on Thursday.

At The High School

Ruth Whittemore

Beatrice Mills is in the office this week.

An evening session is being planned, probably for Nov. 12 in recognition of National Education Week.

Howard Chase has provided the biology class with live marine specimens this week, including a spider crab, a large hermit crab, an octopus, several scallops and a repulsive looking shaggy creature as yet unidentified.

Naomi Stearns who made such a charming "Peg" last year has a very satisfactory part in "Pollyanna," the senior play, and in the cast are four or five others who have had training and experience in amateur plays. The rehearsals are going very well and an excellent performance is expected.

The Schoolmen's League met at The Thorndike Monday evening. The program was in charge of the principals, and consisted of demonstrations of various types of moving picture machines and sound arrangements.

Motion pictures are to be shown this week in two departments. Miss Coughlin's civics classes are to see a film on "Reclamation Projects" and Mr. Durrell's classes one on "Liquid Air" and another "Beyond the Microscope." This last title arouses some curiosity as to how a motion picture can show what even a microscope cannot.

Tuesday morning the entire Seventh and Eighth Grades with the Sixth Grade from the McLain Building as guests, listened with delight to stories of the arctic related by Commander MacMillan. Among the most popular was the story of an Eskimo boy who, fascinated by the explorer's description, tried to make a telephone of his own. He spoke into one end of a wire and then ran as fast as he could to the other end, but never got there quick enough to catch the words coming out. Then there was the famous Thanksgiving dinner at which every man had four small crackers, a half can of corn, a cup of tea and a piece of wonderful cranberry pie made from a can of cranberry sauce, cracker crumbs and shortening which was later discovered to be some sort of salve but not until the pie had been all consumed and thoroughly enjoyed.

The Junior High pupils were unusually fortunate in having two special speakers this week. Wednesday morning Miss Anna Coughlin spoke for them most entertainingly on "The British Isles," a topic which was of particular interest to the geography classes. The program was in charge of Miss Cochran's room, the 8-1 class. Vera Ames presided.

The budget committee of the Student Council has presented the annual budget. Resources—\$400, fair; \$400, candy, \$300 basketball, \$50 lunch counter; \$1150 total; expenses—\$400 football, \$50 debating, \$50 winter carnival, \$50 moving pictures, \$100 track, \$100 skating rink, \$25 public speaking, \$75 baseball, \$75 basketball. The sum of \$50 will probably be added to this list as an appropriation for the school band, at the next meeting of the board. When one realizes that not only do the items listed under expenses represent desirable school activities, but that the enterprises for raising money are some of them equally beneficial, the real value of this school budget begins to appear. The lunch counter, for example, would be worth while operating at a loss but we make money on it and the Kippie Carnival is an exceedingly valuable project in initiative and resourcefulness open to pupils in all classes.

The one act play "Not Quite Such a Goose" was presented at the Senior High School assembly Tuesday morning with this cast: Albert, Carl Philbrook; Mrs. Bell, Carol Gardner; Sylvia, Mary Ginn; Philip, Robert Allen; Hazel, Bernadette Snow; Carol Gardner was a well poised matron, kindly and understanding. Mary Ginn and Bernadette Snow had no difficulty in playing the parts of charming young ladies. Robert Allen plainly felt a little foolish trying to be something of a sissy, but Carl Philbrook had a grand time in a boy part up to the moment of his fall, but being a goose didn't come natural to him either. Altogether it was a very pleasing performance. The play was under the direction of Miss Parker.
