NINETY YEARS OLD

Was Deacon Kalloch, and Tenant's Harbor Folks Celebrated the Day

An autumnal gathering long to be remembered was when the home of Mrs. Elmer E. Allen was opened from 2.30 to 4.30, and 7 to 9 in the evening, Tuesday, Oct. 18, to celebrate the nineteenth birthday of her father, Deacon Henry F. Kalloch. An enjoyable surprise was given that gentleman, when more than 70 friends from far and near called to express congratulations on such a happy occasion. Several others were detained by the heavy rains who had ventured would have found a splendor of sunny cheer within. A particularly interesting note was from four generations present—Deacon Kalloch, his daughter Mrs. Allen, grandson Henry Allen and great-granddaughter, Charlene Allen.

In the dining room was a large table decorated in pink in the center of which reposed a beautiful Eastern Star birthday cake, adorned in five colors and ninety miniature candles and surrounded by nine pink roses—the cake being the handwork of Mrs. Fannie Morris and a gift from sisters and brothers of Naomi Chapter O.E.S. of which Mr. Kalloch was charter member 37 years ago. Another beautiful cake with pink and white decorations was presented by Mrs. Ava B. Lawry of Rockland.

In the afternoon tea and refreshments were served, with Mrs. Nellie MacKenzie and Mrs. Emma M. Torrey pouring, assisted by Misses Agnes Steverwright and Evelyn Morris. In the sun porch adjoining the dining-room was a small table decorated with autumn leaves and bearing nineteen pinks, representing years of Mr. Kalloch's service as town treasurer; and nearby a large and bounteous basket of fruit, token of appreciation from the town of St. George, was the punch bowl, with Mrs. Harriet Rawley in charge.

Mrs. Etta Holbrook, Mrs. Maude Patterson, Mrs. Margaret Cant, Miss Mary Snow and Miss Mabel Barter assisted Mrs. Allen with the refreshments. Mr. Kalloch was generously remembered with gifts, telegrams, short and long distant telephone calls, and numerous cards, two of which carried original verses from Mr. Kalloch's young friends:

I wish you a happy birthday
From the bottom of my heart
And although you are ninety years old
I think you are very smart.
Marie Morris.

Full ninety years—just think of it—
On this old earth to live!
To live a life, all through it,
The best of it to give.
All of these years we've known him,
This Patriarch of today,
And now we all are very glad
Our tribute to him pay.
So let us gather round him
And congratulate him too—
Three cheers for Mr. Kalloch!
That's what I say—don't you?
Avalene Pierson.

Two other big records came from outside yesterday too.
For instance, on a new year, you get 10,000. On a new two year, you get 25,000 and on a new five year, you get 50,000.

Mrs. Hattie M. Wotton of Friendship called at the office yesterday, and did the turn in a subscription record? She did! Mrs. Wotton certainly put Friendship firmly on the map.

Two other big records came from outside yesterday too.
Mrs. Alice Emery of Owl's Head and Mrs. Margaret Lakeman of Thomaston both had good substantial records and carried away a nice bundle of reserve counts. Both these ladies are in the front line in the club.

Seems as though the outside gave Rockland a good trouncing yesterday.

Mrs. Irvyn Simpson of North Haven and Mrs. George L. Swears of Vinalhaven are two more of the headliners. A nice report this morning from Mrs. Fred Ames of Thomaston. Mrs. Leola Mann of Rockport called yesterday—she is another headliner.

Never saw such an even thing as this club is. Seems like today, that the entire field is pretty evenly matched. There are no members way out in front at this time. It is doubtful if there is any such thing as a leader. The cash returns show a great number of near ties and actual ties so far.

But cash—and counts are two different things. There is no record kept of the counts anywhere, except the ones on the cash list, and the counts club member holds in reserve. So there is no way of knowing the actual counts standing, until it is all over.

Vicious gossip will not be tolerated, in connection with this club. Everyone will receive a fair and square deal at all times. And this paper and this writer will go the limit to keep it so.

Detrimental gossip, when and if any, will be run through this column, with the names and the time and places. Then the gossip will certainly have a change to either fish or cut bait. No foolishness will be tolerated for a minute.

Use your common sense. Can't you see they are trying to slow you up, to make competition easier.

There is only one way to win—that is to saw wood every minute you get a chance. Watch your own woodpile grow. Never mind the pile the other fellow is trying to cut.

Chances are the other fellow stops to rest too. Ever think of that?

Common sense again, ought to tell you there could be no favorites or special favors for anyone in this club. A successful Thrift Club could not be conducted for the benefit of one or two people. That would be dumb.

Can't be looking at the stars this week. But some say the stars really do blink at their favorites. Then, why don't it rain on me?

In The Courier-Gazette Thrift Club

(By The Club Manager)

Another day—another dollar. And some folks have pay days. And some pay all money. Not much sense to it, is there?

But on the 19th of next month—there is a payday that is a payday. Someone has a \$500 payday. And about 75 others, more or less, will have a real payday on the 19th. That's the closing day of The Thrift Club.

Best part of this, aside from the winning of the prizes, is everyone has the power of determining the size of his own pay check. How much effort he and she put into their spare hours will decide.

Have you cleared your decks for action? Next week is the greatest week of all in the Thrift Club. Don't forget that.

Right with the Crack O' Dawn, Monday morning, be ready.

But don't stay ready—swing into action. Put this next week across with pep and enthusiasm. Subscriptions count more than ever again.

New subscriptions need much attention this coming week, for they count double.

For instance, on a new year, you get 10,000. On a new two year, you get 25,000 and on a new five year, you get 50,000.

Member of Courier-Gazette Staff Offers Public Some Practical Suggestions

In connection with the closing session of the recent Parent and Teachers convention in this city several newspapers of the State in their reports featured at length the address on "Newspaper Publicity," given by John M. Richardson, advertising manager of The Courier-Gazette. The Bangor Daily News from its reporter's shorthand notes reproduced chief part of the speaker's remarks.

Best part of this, aside from the winning of the prizes, is everyone has the power of determining the size of his own pay check. How much effort he and she put into their spare hours will decide.

HEARD CITY MANAGER

Men's League and Guests Are Told How the Plan Operates in City of Auburn

The Baptist Men's League began a new season Thursday night, and although the attendance was not up to normal there was plenty of pep in the proceedings. Quite a number accepted the invitation to hear the address on "The Council Manager Form of Government," and by the time the speaker was well launched on his important subject, the dining room was fairly well filled.

The business meeting was prefaced by choice repartee between the president, Rev. J. C. MacDonald; and the indispensable secretary A. E. Brubaker. Bernard M. Brazier of Ingraham Hill was admitted to membership, and Harold Coombs was presented as a guest.

The members stood with bowed heads as a tribute to the late Judge Walter H. Butler, who was a charter member of the organization, a past president, and one of the most active leaders at all of the meetings.

Attention was directed to the League's silver anniversary, which will be celebrated at the May meeting. The program is in charge of the surviving charter members.

President MacDonald announced the appointment of these standing committees:

Program—Herman M. Hart, chairman; Edwin L. Brown, Osmond Palmer, Elmer B. Crockett and Raphael S. Sherman.

Executive—Officers of the League and Frank A. Winslow, Frank H. Ingraham and Milton M. Griffin.

Entertainment—John G. Snow, Vesper Packard and Laforest Thurston.

Finance—H. P. Blodgett, Maurice R. Snow and Vesper A. Leach.

Music—G. Carl Cassens, Arthur F. Lamb and Walter P. Conley.

Sick and Welfare—Dr. H. V. Tweedie, E. L. Toner and Joshua N. Southard.

Membership—C. S. Beverage, I. Lawton Bray and P. S. Merriam.

The speaker of the evening was F. W. Ford, Jr., city manager of Auburn. He recited briefly the history of this comparatively modern movement which gained its first impetus in Dayton, Ohio. The City Manager Association was formed in 1914 and has had rapid and steady growth. Last year 29 towns and cities adopted

the plan, and April of the present year there were 430 towns and cities which had this form of government. In the group of towns having a population between 5000 and 10,000 the average salary of the manager is \$3968, and in the entire group it ranges from \$1000 to \$25,000.

Mr. Ford pointed out that the council manager government is closely akin to a business organization with the average citizen as the stockholder. When the manager ceases to produce results he is succeeded by somebody who can do better. The town or city officials are answerable to one man, and he in turn is answerable to the citizens.

WEATHER
Three days and more the autumnal easterly abode with us, raining quite without interruption, a little overdoing it, one might think. Boston reported 32 hours of continuous rain. All along the Atlantic seaboard there was combs of tales with much damage reported. That is what wind from the east can do. But this morning all is serene, at 7 o'clock the mercury was at 49, a northwesterly wind is hurrying some scanty clouds across the skies, and a pleasant thing it is to see the sun. From the northwest come tales of heavy snow blockades, but here the gardens continue in session. Yesterday we saw a just plucked table bouquet with calendula, French marigold, galliardia, petunias, ageratum, in all the freshness of midsummer. The early morning report is fair weather for the weekend.

The Sunshine Society will meet Monday afternoon.

Ray Stewart has completed wiring the home of Charles Sherman at North Cushing.

The Carbonof demonstration to be made today at Munsey's Garage is causing much interest.

Special Officer Forrest K. Hatch is instructing the various schools in the matter of traffic control.

Aurora Lodge, F.A.M., conferred the Entered Apprentice degree upon John Marshall Wednesday night.

Cushing town house supper at 6 o'clock next Wednesday night. The Ladies' Aid promises plenty for everybody.

Legion Auxiliary meets Monday at 7.30. Members of the Sewing Circle are to be at the hall in the afternoon to tack quilts.

The ladies of the Baptist Church will hold a prayer service from 6 to 7 Sunday evening in the upper vestry. All are welcome.

Funeral services for Mrs. Nancy Hall will be held this afternoon at 2 o'clock from the Home for Aged Women, with Rev. J. Charles MacDonald officiating.

Rockland High plays in Bar Harbor this afternoon, and will endeavor to redeem itself for last Saturday's disaster with Winslow High. Twenty-two men will make the trip, but Coach Olsen plans to use the same starting lineup as last Saturday.

The 16th annual convention of the Association of Maine Assessors will be held in City Hall, Augusta, next Tuesday and Wednesday in connection with the first annual convention of the Maine Municipal Officers' Association. At the first session there will be an address on "State Pauper Problems" by George W. Leadbetter, Commissioner of Health and Welfare.

Special Officer Forrest K. Hatch was busier yesterday than the proverbial one-armed paper hanger. The sum total of his activities was the recovery of four bicycles stolen from school boys. The machines didn't look natural to their old owners, for the reason that the parts had been re-assembled. Two boys were placed on probation.

Luke S. Davis of this city was elected junior warden of the Grand Encampment at the annual session in Portland this week, which puts him in line for the office of grand patriarch four years hence, and he will also serve the coming year as district deputy grand patriarch for District 14. Maurice Leadbetter of Vinalhaven was appointed district deputy grand master for District 15.

The many friends of Mrs. Eben Alden will regret to learn that she fell a flight of stairs in her Thomaston home Wednesday, reviving a severe shaking up, although no bones were broken. The accident happened the day before Dr. and Mrs. Alden planned to leave for their winter home in Fruitland Park, Fla. If Mrs. Alden's condition continues to improve, they will take up their journey early in the week.

J. E. Poulin, manager of the Art School of Music, Inc., announces the opening of a studio at 507 Main street, The Bicknell. Violin, banjo, Hawaiian guitar, straight guitar and mandolin will be taught and those who enroll will receive one of the above instruments free. Arrangements will be made for older students as well as children who wish to enroll. The organizers for the school are: W. L. Davis, G. A. Burns, S. J. Allen, R. C. Brown and W. O. Gallison.

Fifteen members of the Browne Club were present at the meeting recently held with Mrs. Helen D. Perry, Mechanic street. Letters from Miss Cecelia Johnson, superintendent of the A. B. M. Middle School of Payson, Burma, sent in response to mission-ary box sent by the club, were heard with interest. Miss Johnson described the school, conditions, etc. Members were solicited for articles to be sent in a missionary box in the near future to Porto Rico. The next meeting will be with Mrs. Frank Ingraham, Oct. 28.

The new cruiser Indianapolis which began her standardization trials Monday did not complete them until last night because of the thick and stormy weather. The result justified the optimistic expectations of the New York Shipbuilding Co., however, for she attained a speed of 33.4 knots, as against 32½ knots for which she was designed. This morning she put to sea for fuel economy tests, and may or may not return to this port. There will be no further trials on the Rockland course until January when the new cruiser Portland comes.

Russell Davis, Thomaston mortician, presented a rather remarkable paper on his profession at yesterday's Rotary Club session. Taking the embalming art from its earliest records of 5,000 years ago, he traced its development through the centuries to modern practice of this silent service for the dead, giving his hearers an entirely new vision of this splendid work of kindness for the living and last rites for the dead. Frank Poland of Boston, I. R. Cutler of Old Town and Dr. Archie Green of Camden were visiting Rotarians. Rubenstein's Maestros presented several selections with Jim Flanagan featured as crooner.

MRS. NANCY RIVERS HALL

Mrs. Nancy Rivers Hall, widow of Capt. Freeman Hall, died at the Home for Aged Women Thursday evening, at the age of 95. Born in St. George, Mrs. Hall was the daughter of Isaac and Mary (Rivers) Robinson. She made her home in Rockland for many years. Her husband's death occurred in 1911. Mrs. Hall had been at the Home for Aged Women 21 years. Known there as "Aunt Nan," her vivacious manner, her never failing interest in all activities about her, and her facile mind lent a distinctive atmosphere in the Home where she will be greatly missed by her companions. Her mind and health had been unusually good despite her advanced years until about 10 days ago, when a general shaking up began to show itself. Death came peacefully.

The nearest survivors are two nieces, Mrs. Aldana Bicknell of Rockland, and Mrs. Anna Riley of St. George, and one nephew, Maurice Wilson of Rockland, and two great nieces, Mrs. Norman Read of Belfast and Mrs. B. B. Smith of this city. Funeral services will be held this afternoon from the Home, with Rev. J. Charles MacDonald, pastor of the First Baptist Church, officiating.

Ethelbert Judson Watts

In the death of Judson Watts which occurred Oct. 12, Warren lost one of its oldest citizens descended from one of the oldest families. Though unassuming and quiet in his ways, Mr. Watts was beloved by neighbors and friends. He was always ready to lend a helping hand, always welcoming friends heartily, and regardless of his inner feelings, always exhibiting good nature. His home at East Warren was noted for its hospitality and was a gathering place for friends and neighbors who knew they would be welcome at any time. Mr. Watts came of sturdy stock. He was able to do his own work up to within a short time, and to drive his horse to the village only a few months ago. Much sympathy is felt for the bereaved widow, who had traveled by his side for more than 60 years, a whole lifetime for many, and also for the daughter, Mrs. Myrtle Broadman, the son Silas Watts, granddaughter Mrs. Paul Gilman who now lives in Boston, and the only surviving brother Hartley M. Watts of East Union.

Ethelbert Judson Watts, or Judson E. Watts, as he preferred to be written, was born in Warren, Oct. 28, 1849, the second son of Mr. and Mrs. Silas P. Watts (Louisa Hart of Appleton), and was one of a family of nine children. He received his education in the schools of this town, and Feb. 2, 1872, was united in marriage at Appleton with Miss Rebecca Haskell, daughter of Mr. and Mrs. John Haskell of East Warren, one of a family of eight children. Of this union four children were born, Myrtle, Silas, George who died in infancy, and Celia who died at the age of nine. As a young man Mr. Watts was employed in his father's store and heading mill at East Warren, an active industry at that time. Following their marriage they resided in Warren, a little later removing to Thomaston where they lived for about eight years, Mr. Watts driving a rock team for Herbert Linell and George Hall at the Stackpole quarry where the Lawrence Cement plant is now located. Later the little family returned to Warren, going thence to Camden where they resided for about five years, the father engaged with the Camden Lumber Co. Returning to the old home place in Warren, there they lived until his death. Mrs. Watts now making her home with her daughter, Mrs. A. D. Broadman.

Out of the many happy occasions of this long life there is recalled that of Feb. 2, 1922, when Mr. and Mrs. Watts celebrated their golden wedding anniversary, at which the company of relatives present included Mr. and Mrs. E. C. Grant, Mr. and Mrs. Ray E. Eaton, Mr. and Mrs. C. V. Proctor, of Rockland, Mr. and Mrs. A. D. Broadman, and Mr. and Mrs. Silas A. Watts, of Camden.

At the funeral services from the late home Oct. 15, Rev. H. I. Holt officiated. The floral offerings were many and beautiful bespeaking esteem for the dead and heartfelt sympathy for the living. The bearers were Wilfred Vinal, A. G. Anderson, Clifford Overlock and Benjamin E. Watts, and interment was in the family plot in the Skinner yard at East Warren.

A BASEBALL PROBLEM

Frank Allen Got a Prize For Answering It—Now You Try

Across the way in Frank Allen's pool room may be seen an interesting souvenir, a massive volume of "Believe It Or Not," sent to the proprietor by the famous Ripley as a reward for answering a baseball puzzle. See for yourself what you can do with the following:

With two men out the batter reaches first base safely on a foul ball that was caught by a fielder, and scored on a fly ball caught by a fielder. Only two balls were pitched, one to each batter. No stolen bases, no passed balls, no wild pitches and no delays.

Mr. Allen who is a baseball fan extraordinary, and president of the Winter League at The Brook, sent in the correct solution to this knotty problem, and maybe the reader can also figure it out.

The correct answer will appear in Tuesday's issue.

NORTH WALDOBORO

A pleasing program was put on at the M. E. Church last Sunday evening by the pastor and members of the M. E. Church at Waldoboro village.

Rev. Mr. Davis, Roy Mack, Dr. M. L. Palmer and Morris Hilton, rendered very fine selections which were much enjoyed by the large audience.

The gospel message delivered by Rev. Mr. Davis was listened to with close attention. Mr. Davis showed himself to be a workman that needeth not to be ashamed.

Exchange of programs between churches is very commendable and will no doubt be productive of spiritual uplift.

The Ladies' Aid, auxiliary to the M. E. Church will hold the annual harvest supper and fair next Tuesday evening at Maple Grange hall.

The food will consist of chicken plentifully served with all the side-dishes appertaining thereto, including pastry. There will also be on sale many useful fancy articles, ice cream and home-made candy.

Artemas W. Allen

The funeral of Artemas Watts Allen who died at his home on Pleasant street Oct. 18 was held at his late home Friday afternoon. Rev. Hubert F. Leach officiating.

The bearers were Charles Shorey, Patrick Sankey, H. L. Thomas and William Simmons. Interment was in the Thomaston cemetery. Mr. Allen was born in Rockland July 30, 1854, son of Samuel Fessenden and Larissa J. (Kelleran) Allen. The family moved from Rockland when Artemas was a young boy and the remainder of his life was spent in Thomaston where he attended his public schools. Like many other boys and young men of the town he worked in the shipyards and lime quarries for years. He later took a position in the Maine State Prison, where for a number of years he was overseer of the broom department. After 28 years of service there, about 18 years ago, he was placed upon the retired list of prison officers. By nature of an active disposition he did not remain idle but was actively engaged in different lines of work until the sickness which closed his life came upon him. He was well cared for by relatives through his illness, especially by his son Frank who had been his constant attendant.

August 8, 1877 Mr. Allen was married to Rose Etta Rawley, a native of St. George, but at the time of her marriage a resident of Thomaston. He was a member of the historic engine company bearing the name of R. H. Coumes. Mr. Allen was a man of forceful character. A special trait was his interest in his family. He is survived by his widow; three sons, Lewis Allen of Dorchester, Mass. and Frank Allen and Artemas Allen Jr. of this town; two daughters, Mrs. Katherine Dwyer and Mrs. Marcella Stone; grandchildren, Chester Smalley, Wilson Smalley, Charlotte Dwyer, Celia M. We know of some fellows who went smelt fishing one day this week in the better rain who had a short rubber boots, which of course filled rapidly. It must have been pleasant to see a "friend" come down to the shore and empty those boots with a pump, and emptying 16 pairs of boots with a pump is no small job. He said it was a very "ticklish" thing to do.

The small boats in the harbor received quite a shaking up during the storm of this week. The wind being east-northeast for so long there was a nasty sea heaving in. Fortunately there were no wrecks reported.

We know of some fellows who went smelt fishing one day this week in the better rain who had a short rubber boots, which of course filled rapidly. It must have been pleasant to see a "friend" come down to the shore and empty those boots with a pump, and emptying 16 pairs of boots with a pump is no small job. He said it was a very "ticklish" thing to do.

At The High School

(By Elizabeth Walker)

Applause at the assembly Tuesday was long and loud, and the consensus of opinion seems to be that this was one of the most interesting assembly programs of several years. Miss Adeline Bushnell gave a series of readings, selected from Shakespeare and Edna St. Vincent Millay. The first was a cutting from the first act of "The Taming of the Shrew" depicting Petruchio's wooing of Katherine; the second was "Romeo and Juliet," effectively given by Miss Bushnell. At this point in the program a bouquet of flowers was presented by Elzada North, in behalf of the school, and graciously received by Miss Bushnell. Following was an artistic reading of "The Harp-weaver," by Miss Millay, reading accompanied at the piano by Marshall Bradford, who has written an exquisite musical setting for the selection. The program was concluded with a much-enjoyed humorous reading, "Ladies Playing Bridge."

Guardians of Our Coast

What Our Lightkeepers and Coast Guardsmen Are Doing To Protect Coastwise Shipping By Day and By Night. The Day's News From Many Lonely Outposts Along Maine's Waterfront.

Boon Island

Well folks it's been some time since we have sent any news from this station. There has been no chance to get mail off or on the station since the first of September.

The first week in September we had a very rough spell with high winds, the first for many weeks. The men lost nearly all their lobster pots during that storm. Keeper Hutchins' wife and children, Second Assistant Gray's wife and children, and Florence and Thornton Batty were waiting smoother weather, so they could go ashore for the beginning of school.

Schools began the 12th of September. Day after day went by, with no chance of getting off the slip. Great white rollers were chasing each other across the slip, the only place where the boats can go off or on the station. Saturday came, then Sunday the 11th. The men watched the waves and shook their heads. No chance to get off with a load of women and children in that boiling smother. We thought, "Oh well, it can't be helped. The children will miss the first few days of school. But it will smooth down sometime."

However, at about 3 o'clock Sunday afternoon it began to look a little less rough and heavy at the boat slip. Keeper Hutchins says, "Boys, I believe there's a chance to get the crowd off now. Let's try." It was far from the calm and smooth seas the poets sometimes portray, but the "crowd" did get away, and were put on board Capt. Dan Donnell's fast boat; and soon were ashore at York. It seemed a hard task to get away in that sea, but lighthouse men know how to handle the oars, and no mishaps occurred. We all breathed a sigh of relief when the keepers were back on the light. It is a great deal easier to launch off the slip in a heavy sea than to go back on, and the men had to make three loads to get all the luggage and people away. Since then, it has been rough and blowy every day.

First Assistant Batty is waiting for his transfer to Two Bush light. He expected to leave Sept. 1, but no word as yet. Mrs. Batty is at the light with him, also Freddie, Sam and little Billy. Keeper Hutchins and Second Assistant Gray are keeping bachelor quarters away. The lighthouse family spent a delightful summer together, but it went all too quickly, and now things are very quiet here, and a little bit lonely.

The keepers have been busy however, getting the fall work done and ready for winter. The engines that generate the electricity for the light decided to lay down on the job a few days ago. The keepers worked day and night to fix them and get them going, but no use. They need new parts which must be sent. In the meantime the old vapor light is being used.

Mrs. Fairfield Moore was a guest of Mrs. Hutchins at York Beach recently. Mrs. Moore is the wife of Keeper Moore of Rockland Breakwater Light. A few years ago they were stationed at the Nubble Light, York Beach.

Two weeks ago Keeper Hutchins and Sam Batty rowed in to York Harbor after mail and supplies. It was a hard row, as the seas were heavy and it is eight miles or more to the Harbor. However, there was no chance to get the station boat off, so they decided to row in. They stayed over Sunday, and went back Monday morning, with the much needed supplies and mail.

The seiners are about done fishing for the season. Mackerel have been very plentiful. At one time this fall, there were 31 mackerel boats around the island. At night, with their lights it looked like a city out here. They were a lot of company some how, and we miss them.

Mrs. Floyd Singer, daughter of First Assistant Batty is at York Harbor awaiting a chance to come out.

to the island for a visit with her parents. The lighthouse tender was here recently with oil and supplies for the station.

Clear and cold, a beautiful moon and fresh crisp breeze blowing, as this is being written. And so, to call the watch, and to bed.

Hendrick's Head

The keeper has given much of his time during the good weather of the past week to enlarging the quantity of his fitted driftwood, and to improving the condition of his garden spot for another year. Last fall, through the courtesy of Royal Luther, formerly assistant superintendent, a neighbor here, he was presented with a lot of strawberry plants; approximately a hundred. These were set out, but as last winter was a particularly open one, and suitable covering was lacking, all but 11 of these died. What remained were allowed to put out runners. These have been taken up and re-aligned as potted plants, so that another spring there will be more than 150 bearing plants. The gathering of rockweed to be thrown onto garden plot once spaded, is expected to occupy a little time. This will be covered so as to rot well.

The only summer cottage now open on the lighthouse road is that of J. H. Connor. Mr. Connor plans now to leave on Oct. 29.

Sunday School is now under way at the local church; the Ladies' Aid held its first meeting for this fall on Wednesday; and weekly church socials at the town hall have been started.

Last week the keeper enjoyed an auto trip to Edgcomb with Mr. and Mrs. Staples of the Cuckolds.

Mr. and Mrs. P. H. Brown and children of North Haven spent the weekend with Mrs. Brown's parents, Mr. and Mrs. E. L. Carver.

Miss Marian Howard of North Haven visited her parents Mr. and Mrs. C. S. Howard over the weekend.

Erland Quinn and daughter Evelyn have gone to Bath, where Evelyn will remain for a visit with her grandparents Mr. and Mrs. Charles Allen of Doubling Point light.

George Sylvester of Sunset and James Quinn of Camden are working for Earl Brown.

Frank Bracey Jr. is chopping wood for Edgar Quinn.

days in Washington, D. C., Niagara Falls and several other places of interest.

The new 60 foot quarantine boat launched recently from the Bath Iron Works to be used in Boston Harbor passed out and in by the station Oct. 18 on her trial spin.

There are four different oil companies which are delivering oil in Bath now by steamer so they are going and coming quite frequently now. There is not much news to write about from here, so will sign off with best wishes to all lighthouse and coast brothers.
