Henry Moran, for whom the officers and volunteers made an intensive search after disappearance from his Union home ten days ago, was located this week in Lawrence, Mass., where he had gone to visit his children. No explanation of his absence was given.

## GETTING THE VOTE

The Courier-Gazette officiated in a dual role election night, tabulating the city and county returns and broadcasting the returns from other States as fast as they were received from the various radio stations. The county returns were in hand shortly after 9 o'clock with the exception of Isle au Haut, which came by mail yesterday. The work of tabulation was skillfully attended to by Earl C. Dow, with the aid of volunteers. Once more the Courier-Gazette wishes to express its gratitude to those faithful workers, and to the loyal friends in the various Knox county towns, who lost no time in transmitting the election results. The broadcasting of national returns was made possible through the courtesy of J. M. Humphrey, who installed a microphone on the election editor's desk. The system worked to perfection, but the heavy gale and chilling blasts were too much for those on the street, and the service was discontinued shortly after the outcome of the election had become definitely known.

Armistice Day festivities in Rockland will be ushered in at 8 o'clock tonight with a short parade by the Rockport Boys' Band, Winslow-Holbrook Drum Corps, and members of the Post terminating at the Legion hall on Limerock street where the public will be entertained with a smoker featuring five bouts.

The admission price is small. The following card is offered: Smith (Red) vs. Boardman; Widdecomb vs. Hooper; Dow vs. Cavanaugh; The Max Bros., a comedy fight; wrestling match, with two good boys; Tete Whittier vs. Clarence Raye. Music will be furnished by Ted Perry and his Boys and Bill Vinal and his Gang.

Following the smoker at 10.30 p. m. another short parade headed by the

Drum Corps will proceed to Strand Theatre where a concert will be given. Schmelling-Walker fight pictures, in addition to the regular show, will be given at this theatre at 11 p. m. The show is being sponsored by the Legion, with Milton Griffin acting as general chairman.

The Armistice Day ceremonial in this city will take the form of a memorial service at Winslow-Holbrook Square, Park and Main streets, at 10 a. m., conducted by Post Commander Lawrence Leach and chaplain, Rev. George H. Welch, the latter delivering a short address. Members of the Winslow and Holbrook families are specially invited.

At 1 p. m. the scene of action will have been transferred to Camden, where all of the Knox County American Legion Posts will take part in a parade, headed by the Camden Boys' Band, and Winslow-Holbrook Drum Corps. In line also will be the

Legionnaires and Camden Fire Department.

The procession will disband at the Camden trotting park where diversion will be offered by a football game between the Camden High and Rockland High teams. The "fighting zone" will be a very warm one for about two hours.

Armistice Night comes the annual Armistice ball, to be held this year at The Spanish Villa, Rockland's newest amusement resort on Tillson avenue.

This affair is entirely in the hands of the Rockland Legion Post, with Donald L. Kelsey as general chairman and Earl Alden and Vance Norton as floor directors. Music will be furnished by Al. Jahn's 10-piece band. There will be oodles of confetti, dozens of balloons, and noise-makers galore. Everybody will want to see this new ballroom about which so much has been heard.

## VOTERS WANTED A CHANGE

Sweep Roosevelt and Garner Into Office With Unprecedented Electoral Vote—Good Old Maine Loyal To the Colors, Likewise Knox County

Franklin D. Roosevelt, who was swept into the President's chair by an avalanche of votes bred by the ravages of depression. It was no uncertain voice which has brought about "the change," and losers join the winners in hoping that the outcome will not be disappointing.

The story of Tuesday's national election is quickly told. President Hoover carried only six States—Maine, New Hampshire, Vermont, Connecticut, Delaware and Pennsylvania, netting him the meagre handful of 59 electoral votes. All of the remaining States went for Franklin D. Roosevelt, whose 472 electoral votes reached a new high.

The popular vote with nearly 90,000 of the 119,714 precincts in the country heard from stands: Roosevelt 17,248,872; Hoover, 12,588,841.

From Connecticut to the State of Washington, the mighty rush of Democratic ballots that bore Roosevelt to the Presidency took heavy and hourly growing toll of G.O.P. legislators, some of them veterans of many years at the Capitol.

Outstanding among the latest Republican old guard victims were the veteran Senator Wesley L. Jones of Washington and Senator Tasker L. Oddie of Nevada. Their victorious Democratic adversaries were Homer T. Bone and Patrick A. McCarran.

Other familiar figures who fell before the Democratic hurricane were Reed Smoot of Utah, dean of the Senate where he has served for 30 years; George H. Moses of New Hampshire, President pro tem; James E. Watson of Indiana, Republican leader, and Hiram Bingham of Connecticut, administration stalwart. William A. Constock brought Michigan under Democratic stewardship by leaving Governor Wilbur M. Brucker, Republican, far in the rear. Two Middle Western States, Illinois

and Indiana, also placed Democrats at their heads. Len Small bowed to the Democrat Henry Horner in Illinois, and Paul V. McNutt triumphed over Raymond S. Springer in Indiana.

Arkansas, Florida, Colorado, Georgia, New Mexico, North Carolina, Tennessee, West Virginia, all elected Democrats. Mrs. Miriam A. Ferguson was elected governor in Texas over unusually stiff Republican opposition in that State.

Lieut. Gov. Herbert H. Lehman of New York, steps into the shoes of Roosevelt, the President-elect, with comparative ease over William J. Donovan, Republican. Democrats also captured governorships now filled by Republicans in South Dakota, Missouri, Washington, and Wisconsin. The Republicans elected are Stanley C. Wilson of Vermont and John G. Winant of New Hampshire.

In the National House the Democrats will outnumber the Republicans three to one and in the Senate nearly two to one.

Action taken for the present on beer will depend on the attitude of President Hoover as the Democrats have not a two-thirds majority and could not pass a bill over his veto.

Gov. Roosevelt is likely to break another political precedent by announcing the make-up of his cabinet much earlier than has been the custom. Among the names of prominent Democrats being mentioned for the key posts are Owen D. Young, Newton D. Baker, Norman Davis, Alfred Smith and Joseph P. Kennedy.

The outcome in Rockland Tuesday was a distinct surprise to those who visited the polls during the day and saw little activity on the part of the Republican organization as compared with the massed efforts of the Democratic workers. The latter, according to the statement of one of their leaders, had 40 automobiles in operation compared with which the Republicans had less than half a dozen and were doing but little organized work outside of Wards 2 and 6.

This condition of affairs was due to no "laying down" but to the fact that the party was absolutely without funds, and was forced to rest its case upon the loyalty of the voters—a trust which in this instance was not misplaced, as events showed.

The Republicans carried all but two of the wards and had a majority of 335 in the city. This majority could have been easily doubled had the city committee been provided with facilities for getting aged and distant voters to the polls. It was a very significant and gratifying victory in view of the determined efforts made by the powerful Democratic organization.

The banner ward was Three, where the Republicans had a majority of

## SURF AT MATINICUS ROCK

The terrific windstorm today sweeping the New England coast has lashed the sea to great fury in this section and from Matinicus Rock Light, 25 miles straight out to sea came word by phone, just as this paper was going to press, the surf was the highest ever seen there, with the tide not yet at its maximum height.

The lightkeeper, R. W. Powers sensed the danger during the night and long before daylight had caused the windows of the fog signal station to be barricaded, while similar precautions were taken with the living quarters.

The sea had invaded the island on the northeast point to within half a mile of the few dwellings and the surf was being flung 100 feet high before the 70-mile gale.

On the rock are three families ag-

gregating seven persons, and this morning they were in anything but an enviable frame of mind.

"The Boston Globe radio announcer said the surf would be beautiful along the coast," phoned the keeper's wife. "He should be here now if he enjoys it."

## YOUR FAVORITE POEM

IN FLANDERS FIELDS  
In Flanders fields the poppies blow  
Between the crosses, row on row,  
That mark our place; and in the sky  
The larks, still bravely singing, fly  
Scarce heard amid the guns below.  
We are the Dead. Short days ago  
We lived, felt dawn, saw sunset glow,  
Loved and were loved, and now we lie  
In Flanders fields.  
Take up our quarrel with the foe:  
To you from falling hands we throw  
The torch; be yours to hold it high.  
If ye break faith with us who die  
We shall not sleep, though poppies grow  
In Flanders fields.

## SUPERIOR COURT ADJOURNS

Twenty-Two Divorce Libels Signed By Justice Chapman—  
Result Of Criminal Trials

In the final layout yesterday many minor matters occupied the Court's attention and it was not until 7 p. m. that final adjournment came. It has been a short but busy session, and in the progress of his first term Justice Chapman made friends on every hand.

Harry Staples of Rockland, charged with drunken driving, was sentenced to 30 days in the County Jail.

Ida Leonard of Rockland, convicted of maintaining a nuisance, was sen-

tenced to five months in the County Jail.

R. Johnson Mayhew convicted of taking indecent liberties was sentenced to from one to two years in prison.

The contested divorce case Harold Ulmer from Rose B. Ulmer was heard Wednesday afternoon, the parties being from Port Clyde. The matter was taken under consideration by Judge Chapman and he has not entered a decision yet.

Twenty-two divorce decrees were signed by Judge Chapman before final adjournment last night. The

wife was the libellant in all but two instances. The list follows:

Alice F. Frost of Camden from Bernard E. Frost of Troy, for cruel and abusive treatment. Custody of Beatrice M., minor child, granted to Alice F. Frost. Bernard E. Frost to have custody of minor children, Desmond H. and Carroll D. Perry for libellant.

Mary Alice Jones from Paul Adams Jones of Union, for cruel and abu-

## RECALLING A WAR

Charles G. Hewett, the First Rockland Man Wounded, Addresses the Lions

Charles G. Hewett, addressing the Lions Club yesterday noon, told his audience that it was no easy matter to paint a picture of World War days which they would comprehend. In easy conversational style he did, however, present a picture which took his hearers across submarine infested waters to the bloody fields of France where he was destined to become the first casualty hailing from Rockland.

Mr. Hewett was a junior in Springfield, Mass., training for Y.M.C.A. work when the war opened. He attended a patriotic motion picture and on his way home that night dropped into a recruiting office to have a chat with the man in charge. He emerged an enlisted man, reporting first at Fort Ethan Allen where he found how cold a spring night can be in Vermont when your bedding consists of a bare mattress, one blanket and no pillow.

In the Washington (D. C.) barracks he learned that while the engineering service might lead one to a generalship, an engineer also packed a shovel and pick. Infantry, plus.

The latter part of July came Overseas orders, and his troopship zigzagged its way across the Atlantic. Mr. Hewett told how a submarine attack upon the convoy failed, but was exciting enough in the brief period while it lasted.

He went into camp at St. Nazaire and then came a period of intensive training, with orders Dec. 15 to go to the front. Life in the billets of Alsace-Lorraine proved monotonous until the first air raid came. Hewett and his buddies went out to watch it until the plane made a nose dive and turned loose a machine gun attack. The Americans were not long in hunting cover.

It was on this front that Mr. Hewett was wounded, and before telling briefly how it happened the speaker cited soldier superstition—sadly borne out on this particular occasion. He told how a black cat had jumped back and forth in front of himself and his buddy, Corporal Sprague. Shortly after this incident Sprague was brought back dead and Hewett was on his way to a French hospital.

Back to the front in due course Hewett underwent the thrills of a gas attack which was fortunately a fake. Then the bloody fields of Cantigny, Chateau-Thierry, St. Mihiel and the Argonne. Hewett had meantime been transferred to Division Headquarters, where he mastered the cavalryman's art. Armistice Day overtook him at Romagne.

"The only disarmament," said Mr. Hewett in conclusion, "would be absolute disarmament. This might be the solution of our troubles."

Ralph L. Smith, reporting for the safety committee, told of distributing 1500 safety book covers among the schools, and was obliged to admit that he got forced into making a speech.

Duke Annis was made chairman of the charity ball committee.

Edwin L. Brown and Arthur "Bus" Robbins of Union were guests yesterday.

Major Harold E. Marr, U. S. A., who has been located in Bangor as senior instructor for the 152nd Field Artillery since Aug. 1, 1930, has been promoted to the rank of lieutenant colonel. Col. Marr was stationed in the Philippines while the late Gen. Herbert M. Lord was there in the capacity of army paymaster and their relations there were very friendly.

THREE-TIMES-A-WEEK

The Lord upholdeth all that fall, and raiseth up all those that be bowed down.—Psa. 145:14.

VOTED FOR A CHANGE

The voters have declared that "a change" is the best thing for the country, and having registered that opinion through the legal processes of the ballot it is the business of us all, whether we like it or not, gracefully to acquiesce and join hands in the interest of national prosperity. Whether on all accounts the best thing politically has been brought to pass, only the future can disclose. Let's give it a fair chance. In his telegram to Gov. Roosevelt, President Hoover said: "I congratulate you upon the opportunity that has come to you to be of service to the country, and I wish for you a most successful administration period. In the common purpose of all of us, I shall dedicate myself to every possible effort." We should not lag behind our President in courtesy. The new administration, solidly Democratic, will have a great job on its hands. If they make a success of it we shall all benefit.

Some sources there are of Republican self-congratulation in contemplating Maine's handsome reversal of the September outcome, changing the Democratic victory of that occasion into a Hoover plurality of nearly 40,000, quite an old-time rock-ribbed performance, and confirming the confidence which our people have reposed in that political party. In our own county of Knox how ably they responded, in particular the women, who early surrounded the polls and registered their party loyalty. And what was done in Knox had parallel in Lincoln, as naturally should be the case, for the two counties formerly were one and long have been joined in common interests.

## ARMISTICE DAY

We are not so far removed from the memorable occasion which Armistice Day is set up to celebrate as that we have lost recollection of the thrill which shook the world; when at that historic moment silence fell upon the battle fronts. With what joy and enthusiasm we welcomed the news that heralded peace, and cast our hats in the air. The world, it was felt, had been cruelly chastened by those years of dreadful carnage. Henceforth, with swords beaten into plowshares and pruning hooks transformed into spears, the lion and the lamb would lie down together and there would be a recognized brotherhood of man. Along these lines there has been failure. Some of the nations, turning the face of memory away from those frightful days, continue to engage in actual warfare, while others are spending colossal sums in equipment whose destined object is little else than the field of conflict. Peace on earth and good will toward men would seem to have been definitely postponed.

But meantime let us not lose heart. At least honest endeavors are being here and there put forth, with universal disarmament as their goal, along with the establishment of worldwide equity and peace. Let us continue to observe Armistice Day, in confidence that these ends will sometime be achieved.

## A REAL TOWN MARKER

We lift our hat in admiration every time we look upon those town-line markers which have been set up at the chief points of highway entrance into Thomaston. The design is a full-rigged ship, gracefully done in metal, with the one word "Thomaston" in gilt beneath it and under that the historic date 1605—the year in which the Englishmen of Waymouth's voyage set foot upon the soil of what now is Thomaston. In the artistic design the whole story is told—of that momentous occasion in New England history, and the glorious place that in later years the old town was to occupy in the maritime history of the world. It is the ladies of the Garden Club to whom credit falls for this artistic note of public decoration. It so transcends in sentiment and beauty these advertising billboards, with their meaningless huge letter "Welcome," so often encountered at town entrances, that one could wish to see its style brought into general adoption.

## STRAND THEATRE

One of the most compelling screen dramas of the 1932 season will make its bow Friday and Saturday when "American Madness" comes. Walter Huston, whose reputation as one of the greatest actors on the American screen is unquestioned, has the feature role of a strong, clear-thinking banker whose courage and faith in people leads him successfully through a run on his bank and an attempt to break up his home. "American Madness" has a superb supporting cast, headed by Constance Cummings, one of the most talented and charming of the younger screen actresses. Pat O'Brien, who made the role of Hildy Johnson in "The Front Page" an unforgettable one, plays the part of an ex-convict whom Huston has given a chance to make good in his bank. Kay Johnson, noted for years as one of the most popular stage actresses on the West Coast, and remembered for her great performance in "Dynamite," is cast as Huston's wife. Popular, talented Gavin Gordon is the heavy.

## PARK THEATRE

Hair-raising feats, hand-to-hand encounters, treacherous pistol wielding and whirlwind riding instigated by a tense theme make for whiz-bang action in "Come On Danger," the first of a series of RKO Radio Tom Keene's starring Westerns coming Friday and Saturday. The picture relates the hazardous exploits of a Texas ranger who undertakes to seek out and arrest a girl bandit leader accused of cattle rustling and murder of his own brother. He finds the girl, but is wounded in the attempt. She nurses him back to recovery, during which time he falls in love with her, making his duty of capture doubly distasteful.—adv.

**WEATHER**  
Following a wild night in which winds of gale force swept the Atlantic seaboard centering in Virginia, the storm has rapidly moved northward and now has New England in its grip. At 9 this morning the barometer stood at 29.8 and was falling fast; temperature was 46, rather warmer than yesterday; wind was dead east, estimated force 42 miles an hour. Sharp eyes yesterday detected a few snowflakes in the air around noon, but perhaps they were blown away—something discouraged them anyway. Rain is beginning as we go to press today and blowy disagreeable weather is likely for the holiday.

Rockland stores in general will be closed Armistice Day.

The first meeting of the Pleasant Valley Grange Circle was held last Friday at the home of Mrs. Ellis Sprague. There were 27 present. The next meeting is to be held one week from tomorrow at the home of Mrs. Eunice T. Morse at Morse's Corner. Public supper is to be served at 6.

At the Golden Rod Chapter meeting Friday night Mrs. Grace Rollins will be in charge of the 6 o'clock supper. An unusually fine entertainment program is being prepared under the direction of Mrs. Helen Chapman, to combine observance of both the Washington Bi-Centennial and Armistice Day. Readings, vocal and instrumental music, and other features will be presented.

The Pentecostal Church of Thomaston will hold a convention Friday, Saturday and Sunday at their hall in Vinal block.

The I. L. Snow Co. has been awarded the contract to pipe off the new boiler at The Samoset, and the boiler shop has the contract to furnish that hotel with a new smoke pipe. The firm is making engine installation in the cabin boat Gray Ghost. The public landing is soon to be hauled out on the railway.

There was much smoke but no fire Tuesday when the department found itself called to the Northend by a smudge at the Rockland Welding Works. Yesterday there were two calls—one to Boynton Shadlock house on Camden street where a fireplace had become over ambitious, and to the Shapiro residence on Tillson avenue where a chimney fire was in progress.

Golden Rod Chapter plans an entertainment of high order at the close of business Friday evening. It will be given in Temple hall and visitors, whether Star members or not, will be welcome. Appearing on the program will be Mrs. Blanche Morton in musical readings, Ernest Johnson in harmonica and piano solos, Mrs. Hazel Atwood in contralto songs, S. T. Constantine in tenor songs, Mrs. Constantine in piano solos, and Mrs. Helen Wentworth in readings and songs. The thought of the program will be on the Washington Biennial and Armistice Day.

Funeral services for Mrs. Obadiah Gardner were held at the family residence on Chestnut street Tuesday afternoon, Rev. George H. Welch of the Universalist Church officiating. Mrs. Gardner's well known fondness for music found expression in appropriate Victrola selections just as the service was about to begin. The wonderful display of floral tributes included designs sent by the Maine State Grange, University of Maine Extension Service, Charity Club, Garden Club, Cardinal Club, and several other organizations. The bearers were William L. Blackington, Jarvis C. Perry, Austin J. Moody, Charles S. Gardner of Rockport, E. B. Spear and Raymond Spear of Thomaston. The interment was in Achorn cemetery.

An impressive spectacle this forenoon was the surf breaking high over Rockland Breakwater. What a nice place for a contract bridge party the keeper's house would have been. Incidentally it was a bit wild down around The Brook. From our alley window we saw Adjutant Wilbur chasing his Salvation Army cap about half a mile.

OLD FASHIONED  
DANCE  
I. O. O. F. Hall  
FRIDAY NIGHT  
Good Music and a Good Time  
135'1E

At the annual meeting of the Country Club last night these officers were elected: President, L. E. McRae; vice president, William Am Genderning, Jr.; treasurer, W. H. Rhodes; secretary, Lucien K. Greene; directors, L. E. Wardwell, N. Vaughn, Homer E. Robinson, E. R. Veazie, A. F. Lamb, W. B. Adams, Dr. A. W. Foss, and Kennedy Crane. A busy year is looked forward to, as upwards of 50 new members have been added.

Commander K. L. Hill, U. S. N., who has been at Knox Hospital for several weeks following a serious appendicitis operation, was yesterday transferred to the Portsmouth (N. H.) Naval Hospital in an ambulance belonging to the medical department of the U. S. Navy. Commander Hill, who is the recorder of the Naval Trial Board, shows marked improvement but he has fully recovered from the effects of his siege, which, at the outset, afforded grave possibilities. Mrs. Hill who has been faithfully at his side during his hospital experience, accompanied him to Portsmouth. Both have made many friends here.

THE RESERVE VOTE

Editor of The Courier-Gazette:—The September vote of 238,000 was not Maine's high water mark. Tuesday's vote of 288,000 showed an increase of 50,000 or 26,000 over 1928. The Second District which gave Moran 3500 majority was carried, with 19 precincts missing, by the Republicans by 4356.

Rockland brought out an increase of 200 votes over September and Knox County an increase of 1280. The September 1928 vote of 214,041 was followed in November 1928 by a vote of 262,171, an increase of 48,130. So Maine has about 50,000 voters who will not take part in State elections. If there is a moral here, draw it yourself.

The 26,000 increased vote indicates: First a most decided increase of the women voters, and second, a cheering increase in Maine's population.

J. A. Tolman.

The Public Library will be closed all day Armistice Day.

At the Belfast Rotary luncheon yesterday Louis A. Walker gave the eighth repetition of his lecture on "The Economic Short Circuit." Mr. Walker admits that he is beginning to believe this lecture himself.

Supt. E. L. Toner and Principal Joseph E. Blaisdell, accompanied by Raymond Bowden and Frank R. Stewart of the High School faculty, motored to Stockton Springs Monday evening to attend the monthly meeting of the School Men's Club. Among those in attendance were Principal Sidney Snow and Edward Perkins of Rockport High School, Supt. Frank Rowe of Warren and Supt. Charles E. Lord of Camden. The meeting, with 27 present, was given in Community House. A chicken supper was served. The speaker was Mr. Howe of Corinna, a lecturer for the State Grange, who gave a very enlightening address on two tax bills inaugurated and sponsored by the Grange—one on taxing intangible property and the other on taxing the gross earnings of hydro-electric companies. This was followed by an informal discussion. The December meeting will be held in Rockland on Monday, the fifth.

### Knox-Lincoln Farm Bureau

#### Agricultural

A woodlot improvement demonstration was started at Joe Genthner's in Alna. A quarter-acre plot was laid out and trees marked for removal. An eighth of an acre was laid out to be used for comparison.

Several poultry accounts have been received at the Farm Bureau office to be checked and summarized. Among them are books belonging to Frank Waltz and James Calderwood of Waldoboro; M. A. Brann of North Whitefield; and Ralph P. Conant of Rockland. A summary of their accounts and the county will be made up and sent to the men later.

Plans are being made for the annual community meetings in all organized communities of Knox and Lincoln Counties by the Extension agents. A film strip on vegetables will be taken up in the morning. In the afternoon plans for the year will be made. These meetings are scheduled for December and January and are considered the most important of the year. County Agent Wentworth and home demonstration agent, Miss Lawrence will be present, at all meetings to present the Extension work of the year.

Cash prizes amounting to \$50 are being offered by the State Farm Bureau Federation to five poultrymen in the State who write the best essay on "What Our Hens Have Bought." Full information may be obtained from the Farm Bureau office, Rockland, or from County Agent Wentworth.

Cleason Turner, agricultural engineer, will be in the counties Nov. 15 and will go over plans for water systems.

### How One Woman Lost 10 Lbs. in a Week

Mrs. Betty Luedke of Dayton writes: "I am using Kruschen to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it."

To take off fat easily, SAFELY and HARMLESSLY—take one-half teaspoonful of Kruschen in a glass of hot water in the morning before breakfast go lighter on fatty meats, potatoes, butter, cream and pastries—it is the safe way to lose unsightly fat and one bottle that lasts 4 weeks costs but a trifle. Get it at David L. McCarty's or any drug store in America. If this first bottle fails to convince you this is the safest way to lose fat—money back.

But be sure and get Kruschen Salts—imitations are numerous and you must safeguard your health.

Items in the town of Whitefield. A system is being planned for several families including Union Hall, George Hausen is also going to install running water this year in his house.

#### With the Homes

The square meals for health contest begins again Dec. 1 and is to be carried through 1933 to Sept. 30. The rules for the contest are the same as last year in that all meals must be approved by the community food project leader. In order for a meal to count in the contest it must be properly reported to the county office within three days after the meal is served.

Norris Waltz of Damariscotta, listened in on the Knox Your Groceries meeting which was held in that community and was quite impressed with the valuable information given to the consumer on the purchasing of different groceries.

Mrs. Ida Watts of East Union, has successfully carried out the plan of remodeling a dress that was made at the reconditioning meeting. She wore the dress to a meeting and received many compliments.

Directions have been received at the Farm Bureau office for making turnip sauerkraut. It is a very appetizing new food product that has been developed in the Department of Agriculture. While it is not intended that it take the place of cabbage kraut nevertheless it will add variety to the diet.

Sulphured apples is also a new product. This makes available apples for winter use through a quicker method of preserving than by drying. Both of these recipes may be received by requests sent to the Farm Bureau office.

Favorable reports have been coming in to the Farm Bureau office on the amounts of vegetables that have been canned and stored by farm men and women. It looks as though this is a record year for canning.

Nominations for outstanding farmers and home makers of Knox and Lincoln counties should be sent to the Farm Bureau office by Dec. 1. Nominations should be accompanied by a written statement of the reasons why the nominee is qualified for the honor. Anyone at any time may nominate for honorary recognition any farmer or home maker in Maine.

"They tell me your engagement is broken." "Yes; and Bill behaved abominably." "But I thought you broke it yourself?" "So I did, but he made absolutely no fuss about it."—Halifax Chronicle.

## "ON MY SET"

Local Patrons Express High Pleasure At Entertainment Being Offered

Splendid reports are coming in about Chautauqua, which is being held at the High School auditorium under the auspices of the Parent-Teacher Association.

The Imperial Puppets Tuesday afternoon delighted their audience with a program of varied character, planned to appeal to everyone. J. M. Scott scored a real hit in his comedy appearances. Judge Bale delivered an address in the evening rich in thought, a talk every thinking person, whether a parent or not, should have heard.

Miss Hanley's Marionettes yesterday were charming, her skill in manipulating the puppets being quite distinctive. "Smilin' Thru" last evening won everyone, a play of heart throbs and humor, clean and wholesome.

Today, (the final day) presents the Mulvaney Quintet, five real artists in an artistic musical program. They carry their own scenery and stage equipment, and their act involves 15 changes of costume. They present dances and the latest musical hits. The Music Box Revue booked for the evening performance can well be classed as the high liner attraction of the course. The talented artists in this group will give portions of favorite light operas, such as "The Student Prince," "Blossom Time," "Desert Song," "Chocolate Soldier," etc. The stage settings, costuming and action as well as the music will furnish an entertainment to linger long in memory.

Gen. Knox Chapter Hears of Thomaston Events Dating Back To 1865

Gen. Knox Chapter, D.A.R. held its November meeting at Montpelier in the famous oval room, Monday afternoon. Routine business, with Miss Edith Lenfest, regent, presiding, was followed by a program consisting of a paper on the early history of Thomaston, by Mrs. C. A. Creighton, and a roll call of members, who responded with events occurring in Thomaston since 1865, which would have been noted by Cyrus Eaton, historian. Among them were the first big prison fire about 1872; and an early celebration of Independence Day at which Mr. Humphrey officiated and acted as host to the citizens.

Mr. Humphrey was a wealthy and cultured gentleman who occupied the three-story house on Wadsworth street now owned by Ailene Peabody. Mrs. Maria Copeland gave a sprightly and interesting description of Wadsworth street, and her girlhood neighbors in that locality and recalled the ancient wooden town pump which stood in the center of the street about opposite Warren Mank's. The passage of the first Knox & Lincoln train was noted; the Weymouth celebration, and Thomaston's red letter day in 1877 when was celebrated the centennial of its incorporation. That was a grand time, featuring a parade with fire companies in red shirts and huge patent leather helmets, while two yawl boats on wheels bore Thomaston's fairest, representing the States of the Union. In the bow of each stood a Columbia or Goddess of Liberty, impersonated by two of Thomaston's beautiful girls, Miss Alida Mehan and Miss Jennie Priest.

That those were "the good old days" all agreed—no depression then, plenty of money, plenty of work for all, the air full of the grand anvil chorus of cheerful labor in the O'Brien and Watts shipyards, as the contented hum of men's voices accompanied by the full orchestra of mallets and hammers, marking time to the shrill screech of the saws and the staccato notes of the adzes. Boys did not have to leave home permanently to get jobs, then, they shipped aboard a new square-rigger at 14 and many were masters of their own ships at 20. Thomaston house flags floated in every civilized port and those hardy

# Mothers find relief from the burden of colds..

With the new VICKS PLAN for Better CONTROL-OF-COLDS \*

## THE PROOF ... in Results!

In clinical tests among thousands last winter—in schools, colleges and homes—Vicks Colds-Control Plan cut the number and duration of colds in half!—reduced the costs of colds more than half!—The satisfaction of hundreds of thousands of enthusiastic users confirms these tests.

WHAT relief it is! Fewer colds—saving worry and expense. Less severe colds—saving time out from school, and valuable days lost from work! It is a revelation to mothers—who guard the family's health and direct the budget.

Vicks Colds-Control Plan was introduced last winter, along with the new aid in preventing colds—Vicks Nose & Throat Drops. This new formula is the ideal companion to Vicks VapoRub, standby of mothers for two generations in treating colds—externally. Together with certain simple rules of health, these preparations form Vicks Plan for better Control of Colds.

Vicks Plan can bring to your home more freedom from colds—savings in worry, money, time and health—as it has to thousands of others already. How you can follow it is fully explained in each Vicks package.

### Briefly, How Vicks Plan Works

When colds threaten—At that first feeling of stuffiness or nasal irritation—Nature's usual signal that a cold is coming on—use Vicks Nose Drops at once! They soothe irritation and aid Nature's functions in throwing off the infection that threatens. They prevent development of many colds.

If a cold has developed, Vicks VapoRub (now in Stainless Steel, if you prefer) is the proved, dependable treatment. Just rub on throat and chest at bedtime, its double action—continuing through the night—brings quicker, sure relief. Use of Nose Drops during the day adds to comfort—helps shorten the cold.

## HI-LITES

In The Courier-Gazette Thrift Club

(By The Club Manager)

We know more about that Black Cat, than we have written.

Understand he has left Rockland—for good and sufficient reasons. Well, if he should read this, he will know that we understood the dirty look he gave us as he left.

The national circus is over—except the shouting, and a few arguments, and the setting of the usual crop of bets. One thing we are thankful for—we didn't lose a certain bet. Losing that bet would surely have left us panting.

By the way, when can we expect delivery of the bet we won? Or can we pick it out? Lady, is your face red?

What a weekend this is going to be in this Thrift Club. Please get in some of your subscriptions as early in the week as possible. Don't wait until the last bell, and then work this department to death.

Can't write very much today about leadership in this Special prize race, for it is too close to the closing day. Don't want to give away any secrets, or tip anyone's hand.

A five year subscription came in yesterday in favor of one of the Club Members. We suspect this is a surprise, and that she will see it on the list today for first information of it.

Mrs. A. A. Hunter made an unusual gain yesterday, and went into a tie for the second place in the special prize race. As this is written, four people are an exact tie for second position on these specials.

Reserve count coupons, issued on all counter subscriptions and those coming by mail, are now put on the list in the next issue, instead of returning them to the Club Members. This has been done for the past week, so if you have mailed in subscriptions and have not received the reserve count, that is the answer.

The pride of winning, coupled with a good stiff upperlip and a lot of last minute hustle will put you through this Club a winner. A good last minute sprint on subscriptions, will carry you through.

An exceptionally good way of adding materially to your counts, is to go back to your subscribers and get an additional year or so. In such cases put the word "extension" on the middle stub of your receipt book—the stub that comes to this desk, and the difference in counts will be given you—making it a whole two year subscription, or a three, or whatever it is.

What a lot of Democrats there are around here this morning.

Whether or not your man won, you might as well prepare to like it for the next four years. That is one thing commendable about us Americans. After the battle is over, we can all get together and pull. This swapping of horses is not going to halt business recovery one iota. See if it does. Everyone is so sick of hearing about it, that we have all gone back to work, and we can't be bothered with depression any longer.

One of the finest City Editors in the wide world, occupies a desk just over the fence from ours. And a Philanthropist, too, if there ever was one. We eat the cake and he gets blamed for it. Not that we are a cake eater—but anyhow he gets blamed for it, whatever we do. Fine chap. Wish there were more like him in the country. Life for us would really be worth while.

The Thrift Club will not be open on Friday—a Holiday, but will be open in the evening, from six o'clock to eight. Going hunting, with all those guns we bought.

The pride of winning—folks, is going to make the winners in this Thrift Club, both in the main desk, and in the Special Prize part, which closes this Saturday. The pride of winning is the fire that will drive you on to victory.

Reader—help some one over the fence this week, just as you did so gloriously two weeks ago. Bring in a subscription for some of the Thrift Clubbers. Leave it at this desk and tell us who you prefer to have the counts. If you owe several years, why not make it a five year subscription. That will give someone 35,000 counts, besides the 75,000 extra which everyone gets on each fifteen dollars.

Remember now, this special prize race is going to be darn close, and your own subscription, brought in in that way to the office, may decide the entire lineup of winners.

Saturday mail, dated not later than midnight Saturday, from the office where mailed, will count on these special prizes. Remember also, that the second period counts close Saturday night, likewise.

Doc Mayo says the time will come when there will be no necessary deaths. And the number of necessary deaths can be reduced to one per capita, we suppose—Dallas News.

## VOTERS WANTED A CHANGE

(Continued From Page One)

343, showing pretty conclusively where the voters stand when it comes to a national political showdown.

The other towns in Knox County kept pace with Republican Rockland—all but Cushing, Friendship, Owl's Head, South Thomaston, Vinalhaven and Washington.

One of the most striking county results was in Camden, where the Republicans increased their vote over September by 411 while the Democrats cast only 57 more votes. The Republican majority was 524—which was a mighty good job, permit us to say.

Friendship made a notable increase in its Republican vote, while the Democrats cast six fewer than they did in September.

Hope which went Democratic by three votes in September showed a Republican majority of 31.

In Owl's Head the Democrats wiped out their September defeat and carried the town by two votes. Democratic headquarters was so much elated by this reversal of form that the result was bulletined on Moran's windows. The other towns were not.

Rockport spoke its piece in fine style, the Republicans gaining 74 while the Democrats had to be content with a gain of five.

Even in Democratic South Thomaston there was a net Republican gain.

St. George ran in September form, Republican by 19.

Both parties increased their vote in Thomaston, which town was carried by the Republicans with a majority of 63.

Union made a splendid Republican gain, that party increasing its September vote by 78, while the Democrats were losing 57.

Vinalhaven showed a largely increased vote, with the parties making relative gains. The Democratic majority was 74.

The Democrats were given a body blow in Warren, where the Republicans increased their vote 76 while the Democrats were losing nine.

Democrats regained lost ground in Washington and were able to carry the town by 33.

Knox County is all right.
