A TIMELY APPEAL

School Begins Soon—Help Make Poor Children Presentable

Editor of The Courier-Gazette:—
I pray thee, O God that I may be beautiful within.—Rutherford.

What money has a man for clothing when he is working only two or three days a week. He is not earning enough to support himself, let alone wife and children.

I am earnestly appealing to the people in Rockland, and Rockland people living elsewhere, to send in whatever clothing they can spare. Shoes especially are needed, and needed badly.

Articles will be called for, or they can be sent to the City Matron's office, Spring street.

MRS. MANK EXPLAINS

About the Placing of Soldiers' Flags in the Blake Cemetery

Editor of The Courier-Gazette:—
I wish to explain, for the benefit of those who do not understand, a matter concerning the placing of the flags in the Blake cemetery. Complaints are sometimes made on the ground that flags are not seen on certain graves. When I began placing flags I was given six, one for each Civil War veteran. A year or two later I was sent seven flags with instructions to place a flag on the grave of a Revolutionary War soldier who was buried in that cemetery, which I did. Someone else complained, saying they had a relative who was a Revolutionary soldier, and later I found that flag moved to another place. Since then there have been more reports of the burial there of Revolutionary soldiers, but I continue to receive seven flags, only, with which to decorate.

Then again, while on Decoration Day, the flags are all in their proper places, later the cemetery is mowed and it becomes necessary to take up the flags and markers, and in re-mixing, they often become misplaced, owing to their exact position not being known.

There is not the slightest intention on the part of anyone to slight any soldier's grave in Blake cemetery, lack of flags being the sole cause for any omission.

Mrs. Charles W. Mank
North Warren, Aug. 27.

4-H DENTAL CLINIC

South Thomaston Club Is Doing Admirable Work On Project

The end of a perfect (South Thomaston) day would be to go down there to the Grange hall to one of those famous suppers which is being given for the benefit of the 4-H Club Dental Clinic.

"Ouch! Ouch! how my tooth aches!" is a cry that will be heard much less next winter than before in the Keag schools because through the kindness of the people 36 children (members of the two 4-H Clubs) have been enabled to have their teeth thoroughly taken care of by a first class dentist. Most fathers working only two or three days each week through the summer, do not find themselves in a position to have much dental work done for their children, so there seemed little likelihood of changing the unhealthy condition existing in the schools due to so many needing dental work, until the local leader, Mrs. A. F. Sleeper, conceived the idea of a local dental clinic for 4-H Club members.

Dr. L. M. Richardson was consulted and arrangements made whereby every local 4-H Club member could have all his dental work done for \$2.50. Each child to pay 50 cents and the balance to be made by suppers, etc. Of course all parents who are able will pay the whole \$2.50 per child and consider it a big bargain at that. Eighteen children have already been attended to. None of them have had less than \$4 worth of work and one had \$38. Several others had very large amounts of work done. Several of the children had never been to a dentist before.

Everyone is given an opportunity to help on this very worthwhile project by furnishing food, buying their suppers or contributing money. In almost every case people appreciate what a great thing this clinic is for the community. Much talk is being made about making it a permanent feature so that each year children who become ten years of age and join the 4-H Club can share all its benefits.

BIBLE SCHOOL ENDS

Glen Cove Students Entertain Their Friends With a Very Creditable Program

The closing program of the Glen Cove Bible School, was presented by members of the school, in the Grange hall, Monday night, under the direction of Miss Margaret McKnight, religious director of the Knox County Association for Rural Religious Education.

The program follows:
Call to worship; hymn, "Can a Little Child Like Me?" prayer of dedication; response; hymn, "All Things Bright and Beautiful"; Bible drill; exercises by the primary and junior groups; instrumental solos, Miss Dorothy Harvey; pageant, "The Children's King"—Seeker, Marion Taylor; Sunday school, Barbara Waldron; companions of Sunday school, Faith, Avis Taylor; Love, Edgar Barrows; son of a Capernaum nobleman, David Eaton; group of children Jesus blessed, Eleanor Gregory, Alice Mae Fuller, and Franklin and Mary Calderwood; group of children who saw "Hosanna," Katherine Taylor, Norma Newton, Margaret Barrows, Carline Humphreys, Miss Dorothy Harvey of Rockland was the guest pianist. Mrs. Merton Taylor assisted Miss McKnight in conducting the program.

About 40 persons were in attendance, including guests from Rhode Island and Massachusetts.

The school has been in session since May 26, meeting each Saturday morning from 9.30 to 11.30 in the schoolhouse. Fourteen have been enrolled. Margaret Barrows had perfect attendance and those missing only one session, were Marion Taylor, Katherine Taylor and Avis Taylor. Miss McKnight and the association, appreciate the courtesy of Mr. Walker of the Rockport board of selectmen, for the use of the schoolhouse and of Charles Gregory for use of the Grange hall for the closing session.

Handwork of the children was on display and the entire program showed the great value of the work which Miss McKnight is doing in the rural sections.

The flowers used for decorative purposes were furnished and arranged by Mrs. Winnie Barrows and Mrs. Charles Studley. R. S. S.

TURNING BACK THE YEARS

Trip To Gaspe Peninsula, Made By Local Women, Graphically Described

When Mrs. Luther Clark and her passengers, Mrs. Evelyn McKusick, Mrs. Sadie Leach, Mrs. Evelyn Snow of Thomaston, and Mrs. George Grey Barnard of New York and Monhegan, returned Sunday from a trip to Gaspe Peninsula, the mileage record showed that 1561 miles had been covered in six days. A trip marked by gorgeous weather and not one indication of auto trouble.

Leaving Thomaston Aug. 20 the party went direct to Levis, then continuing up the St. Lawrence for 500 miles to St. Flavie, through the Matapedia Valley 96 miles, then back to St. Flavie and round the Peninsula 558 miles back to St. Flavie, and finally back to Maine. The travelers were much impressed by the three distinct forms of scenery to attract the public—the Matapedia Valley resembling Switzerland, the North shore with its steep cliffs and high mountains resembling Scotland, and the South shore with its sloping fields and the Bay of Chaleur, resembling France.

The first stop was made at St. Joseph's, or officially at the Cape Callaway Cabins, St. Joseph de Beauce, Quebec. Dinner this day was at the Montmagny Inn, at Montmagny, where the St. Lawrence runs directly by the windows of the dining room. For the second night the stop was made at the Hotel Chalet at St. Simon. The third day was devoted to the Matapedia Valley, staying for the night at the Bellevue, Capuscaul, far up the Valley.

Returning to St. Flavie on the fourth day, the first stop was made at Metis Beach, a noted summer resort, and dinner was had at the Blues Tea Room. Blues the name of the proprietor, and not signifying that "blue" tunes were characteristic of the establishment. Here was a fine French home. The visitors were impressed by the physical beauty of the family in charge, the cleanliness, the marvelous cooking, and the delightful hospitality. When they left the wife pinned on each of the travelers a small bouquet of pansies as a token of remembrance. At this hotel was found the only purely spoken French in the trip, elsewhere the language being a patois. Mrs. Barnard was acting as interpreter for the party particularly enjoyed the stay here. A word regarding this interesting woman is not amiss at this time. She is the wife of the famous sculptor, George Grey Barnard, whose name appears at the French Institute in Paris as one of the Forty Immortals. He has received high tribute from Rodin, and his work is widely famed in the New York art galleries. Mrs. Barnard is a native of South Carolina, has been across the Atlantic 38 times, and speaks French like a native. She proved a most charming traveling companion.

The fifth day was devoted to travel from St. Martha de Gaspe to Gracie Valley. This was a day of magnificent scenery—over serpentine trails, climbing ever up and up, with steep cliffs falling away below, similar to what is seen in our western country and never in the east. Known as the Perron Boulevard, it covers many miles, and calls for the most expert driving, low gear practically all the time. In this instance too much cannot be said of Mrs. Clark's driving. Over roads formed out of sheer rock, feats of the greatest engineering skill, never once was Mrs.

Clark daunted by the prospect ahead, and her driving was done with such expertness that never did her passengers experience the slightest uneasiness. Arriving at the Grande Vallée Hotel they were greeted by the proprietor, Monsieur Fournier, who expressed his astonishment in this manner: "Five women! No man in your party! You must hate the man!" In Gaspe they came upon a celebration of the 400th anniversary of Cartier's landing in 1534. The small town was crowded to overflowing, there being at least 10,000 persons there. France regarded the observance of such significance that she had sent a delegation to participate. Priests and bishops had come from all over, and from every country in the Dominion had come representatives. There were all sorts of religious parades and other colorful features. English officers interspersing the crowds lent a touch of color by their scarlet coats. Here the travelers found it most difficult to secure lodgings.

On the sixth day they viewed the wonderful Rock of Perce, which is very different than anything in this section of the country, at Bar Harbor for example. The soil for many miles around is red, and resembles that seen in Colorado. They found the South shore very lovely and appealing, with its sloping fields, promontories, fishing hamlets, bold headlands, and wheat fields and beautiful forests. This day they continued to Van Buren over a boulevard of 90 miles of what might be called nothing but woods. In all the stretch only one village was encountered, with an occasional logger's hut to break the monotony for miles and miles. Good Maine air was sniffed at Van Buren, the red tape of the Customs Office was gone through, and the tourists put up for the night at the Hotel Hammond where they were much pleased by the comfort and reasonable prices. And the next day on to home.

"BLUE BELLED YANKEES"

What Maine Farmers May Expect With Southerners in the Saddle

(Bangor News Editorial)

The attention of Maine voters, and especially of those who are interested in potato growing or the pulpwood industry, is invited to the subjoined letter received the other day by The News from a South Carolina Republican.

Blythwood, S. C., Aug. 14.
Several days ago I received from my brother, who is a resident of Maine, a copy of your editorial page of July 28. Your editorials regarding the pulpwood industry and the potato market were of particular interest to me, and induced me to write this letter, giving my impressions.

The writer is a life-long Republican, a native of South Carolina, but the son of a New York man. My wife and I are the only Republicans in our precinct.

It has long been a mystery to me why intelligent people of the Northern States cannot see that the national Democratic party is controlled by Southern members of Congress—that when that party has control of the national government this Southern group grabs the lion's share of everything in sight without the slightest regard for the interest of any other section.

As regards Maine potatoes, E. D. Smith, the senior senator from South Carolina, and now chairman of the Senate agriculture committee, in his campaign for re-election in 1932 spoke thus on two occasions:

"You re-elect me to the Senate, I will be chairman of the agriculture committee, and I will make a lot of Blue Belled Yankees eat out of my hand, and out of your hands."

Isn't it a fact that every Maine potato grower who voted the Democratic ticket in that election helped to put Mr. Smith in power? At the

present moment our Congressmen are campaigning for re-election, and their principal claim for support is that they "have brought more Yankee money to South Carolina than their opponents will be able to get." They are proclaiming that the cotton processing tax will be paid by "Yankees" for the benefit of Southern farmers. Have you ever heard of Senator Smith, the chairman of the agriculture committee, raising his voice in defense of the Maine potato growers? Now, the mystery to me is, what do the people of Maine expect to gain by electing Democratic Congressmen, when the controlling group of that party openly proclaim to the world that they propose to make "Yankees" pay the bills for the benefit of Southern farmers? If Maine loses its pulpwood industry, it will not be the act of a Republican congress, but if those in control of the Democratic party can have their way, you will lose your industry, and your shirts also.

Voters of Maine should inform themselves as to just who will control the Democratic side of the next Congress, before casting their votes for a Democrat. If they could hear what the controlling group of Democratic Congressmen say about northern people in general, you people would not vote to strengthen their hands.

S. C. Republican.

Comment seems unnecessary. The picture is complete and plain enough. Study it and do a little thinking.

Tailor—"When your father sent you for samples of cloth didn't he say what color of material he wanted?"
Small Boy—"I don't think it matters, sir. He wants them for pen-wipers."—Tit-Bits.

THE VOICE OF THE ORATOR

Knox County Voters Being Given Chance To Hear Both Sides Of the Case

Judge Max L. Pinansky of Portland, candidate for the State Senate, was the principal speaker at the Republican rally in Tenants' Harbor last night and this fiery and popular orator laid down the law in a manner that drew frequent applause from an enthusiastic audience.

"With a Republican Legislature and a Republican Executive Council, the proper man to have in the Governor's chair is a Republican," said Judge Pinansky.

"The spirit of America," he added is in danger of disappearing under the present plans being forced on the people by the Democratic administration.

"America is comparable to a sick person to whom the doctors are giving a hypodermic in the form of some new angle of the New Deal in order that the relatives may see him alive before he dies."

Judge Pinansky's denunciation of the Brain Trust met with the apparent approval of the listeners.

The Eastern Star folks served a very nice supper before the meeting.

Coming Rallies

Vinalhaven—Tonight at 8 o'clock, standard. Rev. J. C. Leckemby and county candidates will address the meeting. The Vinalhaven band will give a concert preceding the meeting. Thomaston—Watts Hall, Friday at 8 p. m., daylight. Rev. J. C. Leckemby of Pittsfield and Mayor Robert A. Cony of Augusta will speak. The American Legion Drum Corps will furnish music.

The Knox County Republican Women's Club will meet at the Court House at 8.15 tonight. Mrs. Ellis Spear of Warren, and another speaker, will address the meeting. Invitation is extended to all women voters in sympathy with the Republican cause.

The Republican Women's Club of St. George held a live meeting in the

High School building at Tenants' Harbor Sunday night, when 50 members in attendance, and Mrs. Alfred C. Hocking presiding. The meeting was addressed by Mrs. Margaret Spear of Newton, Mass., and Clerk of Courts Milton M. Griffin.

The Republican rally in Union Tuesday night brought out an attendance of 150, following a supper admirably served by the Eastern Star women. Clerk of Courts Griffin acted as chairman, and issues of the campaign were discussed by Judge Zelma M. Dwinall, Fred E. Burkett, Walter A. Ayer, Mrs. Margaret Spear and County Attorney Burrows.

Aug. 23, a goodly number of Republicans gathered at the Lobster Pot at Friendship Harbor for supper. Later they went to Dr. Hahn's lawn where a rally was held. Chance was given to meet many of the nominees for county and State offices. The speakers were County Attorney Jerome C. Burrows, Fred E. Burkett, Cleveland Sleeper, Jr. and Judge Zelma M. Dwinall, candidate for Congress from this district, who made a most interesting speech on national issues.

The Democrats are to hold two rallies Saturday, one at 7 p. m., daylight time, at the Court House; and one at 7.30, daylight at Camden Opera House. Mayor Thurston will preside here and Mrs. Charles Dana Gibson will preside at Camden. The speakers will be Gov. Brann, Representative Moran and F. Harold Du-bord.

WORKING FOR WHOLE TICKET

Contrary to rumors now being circulated, I am working wholeheartedly for the success of the entire Republican ticket in the election of Sept. 10.

A DULL DAY BRIGHTENED

When Mrs. Melvin Cline Brought Marvelous Dahlias To This Office

Out of the dreary atmosphere created by yesterday morning's leaden skies came Mrs. Melvin J. Cline of Wheeler's Bay bearing a long paste-board box, the opening of which fairly set the editorial sanctum aflame with a riot of color.

Dahlias! And such dahlias! Cullied from the cream of the 200 varieties which flourish in her quarter-acre posy garden—the mecca of so many tourists from other Maine towns and several of the Eastern States.

The prevalent drought affected flower gardens as well as vegetable gardens this season, but Mrs. Cline reports results but little inferior to those of last summer.

Almost every housewife has a "patch," but what would she think if her flower garden contained 1500 gladioli plants and 1000 "hills" of dahlias, as well as many other posies which can be cultivated in Maine gardens?

More than 30 years ago Mrs. Cline began her experiments with dahlias, and found that the soil of Wheeler's Bay plus her skill and patience was productive of splendid results. So today she has 200 or more varieties, which have been gathered as the result of a great deal of research, and at no small expense.

The varieties which she brought to The Courier-Gazette office yesterday included: Lincoln County News, Boston Herald, Camden Courier, Fogg's Gridley, President Hoover, Jane Cowd, President Harding, Black Jack, Red Cross, Millionaire, Star of Bethlehem, Margaret Woodrow Wilson and President Wilson.

Asked as to which she considered her favorite she fingered them all lovingly and named the Star of Bethlehem and Black Jack.

The gardens will repay you for motoring to Wheeler's Bay.

CARS IN COLLISION

Little Waldoboro Girl Badly Injured On High Street—Cushing Man Hurt

A frightful crash at the corner of Masonic and High streets Tuesday afternoon, proclaimed another disaster at that blind crossing.

This time it was a collision between a South Waldoboro car occupied by Mr. and Mrs. Nelson D. Smalley and 9-year-old daughter Ada, and the car owned by Mrs. Elmer S. Bird of this city and driven by Lanscom Miller.

Although the Bird car was more damaged it was the occupants of the South Waldoboro machine who received the serious injuries, particularly the little girl whose face and throat were badly lacerated by flying glass from the broken windshield.

She was taken into the nearby home of Percy Dinsmore, unconscious and bleeding profusely from many cuts. She was attended by Dr. Weisman, and it was found necessary to take 18 stitches. Her father and Mr. Miller were cut somewhat, but Mrs. Smalley escaped without injuries of consequence.

Cushing Man's Accident

Mrs. Alphonse Baribeau of Brunswick suffered a severe cut on the leg and another over the eye Wednesday in an automobile accident at Fairmouth Foreside. Mrs. Baribeau was riding with her three children in an automobile driven by her husband when it collided with a car driven by Jacob A. Bedell of Cushing, who was cut on one hand.

Mr. Baribeau said he was going toward Brunswick when a car in front of him retarded its speed suddenly. He said he turned to avoid the car in front and in doing so collided with

Cecilie B. DeMille's "Cleopatra" with Claudette Colbert will be shown today and tomorrow.

With Richard Cromwell in the leading role, "Among the Missing," will be shown Saturday only. Featured with Cromwell are Henrietta Crosman, famous star of both stage and screen for the past 50 years; Billie Steward, talented newcomer; and Arthur Hohl, veteran character actor.

Henrietta Crosman plays the role of "Aunt Martha," an old woman who disappears from home to completely mystify the police and her family. She becomes involved with a gang of jewel thieves among whom is Richard Cromwell as a youthful apprentice. "Aunt Martha" prevails on young Cromwell to go "straight" for the sake of the girl he loves and he agrees, but the resultant events are a series of surprises which lead to a powerful climax. Cromwell's regeneration, and the manner in which it is accomplished, is one of the high spots of the production.—adv.

YOUR FAVORITE POEM

If I had my life to live again I would have made a rule to read some poetry and listen to some music at least once a week. The loss of these treasures is a loss of happiness.—Charles Darwin.

ROADSIDE FLOWERS

We are the roadside flowers, straying from garden grounds; Lovers of idle hours, Breakers of ordered bounds.

If only the earth will feed us, If only the wind be kind, We blossom for those who need us, The stragglers left behind.

And lo, the Lord of the Garden, He makes His sun to rise, And His rain to fall like pardon On our dusty paradise.

On us He has laid the duty— The task of the wandering breed— To better the world with beauty, Wherever the way may lead.

Who shall inquire of the season, Or question the wind where it blows? We blossom and ask no reason, The Lord of the Garden knows.—Bliss Carman.

SIX-POINT PROTEST

Made By Alabama Woman Who Sees
Burden On Next Generation

A subscriber asks publication of
the following communication, writ-
ten by Mrs. P. L. Raymond of Tusca-
loosa, Ala., and recently printed in
the Boston Herald:

To the Editor of The Herald:—
When the boys were babies, I held
such pride in my heart that my sons
could claim full United States citi-
zenship. I am patriotic still, where
country is concerned—but I am glad
to hold D.A.R. and American Legion
auxiliary privileges—but first of all,
I am a mother, and as I view the fol-
lowing things, I protest:

- 1—This present excessive orgy of
experimental spending.
- 2—This issuing of more govern-
ment bonds which fall to oversell at
par—\$22,000,000 of which the govern-
ment plans to buy back (with what?)
- 3—This planning for more taxing of
this and taxing of that.
- 4—This quipping the gold standard,
halving the value of the dollar, seiz-
ure of all monetary silver, fictitious
raising of prices—all deliberate ig-
noring of the old, hateful-sounding,
economic law of supply and demand.
- 5—This loaning of great sums
(mythical money, much of which
seems pure waste to my mind; to wit,
men put to work cleaning up road-
side weeds, cleaning public buildings
—all non-constructive employment
as regards permanent usefulness and
value to the commonwealth.
- 6—This trend toward inflation of
this and deflation of that, until all
is false.

I am ashamed to know what my
sons will think and say, when grown
to manhood, of these debts saddled
upon them by an experimenting
clique and allowed to continue by an
apparently helpless population, try-
ing to be loyal to their government.

I may be alone in this—but I
don't believe it. I believe I voice the
protests of thousands of thinking,
intelligent mothers—the protests
against this terrible burden of "easy-
money" debts being laid upon babies'
shoulders, to be worked off when the
perpetrators are long gone. At the
present rate, children yet unborn will
come into the world—not with silver
spoons in their mouths, but with
promissory government-debt notes, to
pay off.

It isn't fair—it isn't just nor right!
I want it to stop!
I repeat, I'm patriotic, not idiotic.
I want something to be done about
it, and this is the only way I can
think of, which will be a beginning.
I am reaching out with my protest,
to hear what others are thinking. I
hope to end this loaning and issuing
of fictitious, intangible funds of
money which do not exist, and which
my sons must make good.

ROUND POND WON

Held Its Opponents Score-
less In the Oakland Park
Tourney

Round Pond went through the
Oakland Park Tournament without
being scored upon.
In the opening game Perry's, weak-
ened by the loss of Sam Glover, which
broke up their usual smooth work-
ing infield, were no match for the
Round Pond team, which walked
away with the decision—6 to 0. The
only interesting feature was the
wonderful pitching of Hilton, who
stood the Perry batters on their
heads throughout the game.

The second game found the East-
erns of Belfast the winners over the
Waldoboro Eelers. This was a fast
game, and up until the sixth inning
when Jack Benner's arm went, the
pieces the Eelers were leading 3 to 0.
In the sixth the Easterns got two
runs, but Waldoboro came back and
got another, making the score 4 to 2
with only three more Easterns to re-
tire, but before this was done they
scored six runs to lead 8 to 4. The
boys from Waldoboro got two hits in
a row to open the seventh, but poor
base running stopped both of these
men at second and the game was
over.

This brought Round Pond up
against the Easterns in the finals, and
for three innings neither side scored.
Everybody looked for Manager Foster
of Round Pond to put Hilton back
on the mound for this game but to
show they had plenty of pitching
strength they put in a young right-
hander who appeared to be a very
bit as good as Hilton. Belfast was
unable to score upon him for six in-
nings, and with a lead of 4 to 0 to
start the seventh, Hilton was sent
back in to pitch the last inning, as
was to be expected he retired the side
in order and Round Pond won the
game and tournament. This is the
first team to go through a tourna-
ment unscored on and speaks well
for not only pitching but splendid
fielding by the entire team.

This weekend the Oakland Park
Tournament is to run through two
days, bringing together eight teams
in six seven-inning and one nine-
inning games. All teams competing
are the cream of the summer's tourna-
ment crop and in addition brings
into this section for the first time
the undefeated Damariscotta Blue
 Sox. If they go through this tourna-
ment undefeated they will surely be
the class of this grade ball team as
the entries include Rockport, Warren,
Friendship, Perry's Market, Waldoboro
Eelers, and its hoped that North
Waldoboro and Appleton will com-
plete the list.

LAKEWOOD THEATRE

Great Grandsons Of John Drew In
Cast of "The Eldest" Next Week

Next week's play at Lakewood The-
atre may go down in theatrical his-
tory, for in the cast of "The Eldest"
will be two young men, both of them
with decades of the best theatrical
talent in the country to draw from to
make themselves great in future
years. The two young men are John
Drew Devereaux and John Drew Colt,
second cousins, and great grandsons
of the famous John Drew.

Devereaux made his professional
stage debut at Lakewood earlier in
the season as one of the two Sons of
Liberty in "The Pursuit of Happiness."
He played two "bits" in Twentieth
Century with Groucho Marx, and last
week did another small part. In "The
Eldest" young Devereaux has his long-
est part, 22 "sides" as they call it.
John Drew Colt has had more experi-
ence than Devereaux, but he is still
a fledgling however. He has played
part of two seasons at Bar Harbor.

John Drew Devereaux

and at this season did a new play in
which his mother, Ethel Barrymore,
and his sister, Ethel Barrymore, also
took part. For productions, Colt
has done Saint Wench, Little Ole
Boy, a revival of The Church Mouse,
and a revival of The School for Scandal
with his mother.

Monday night will be the first time
that the two young men have acted
in the same company.

He—"When I marry I shall lead a
handsome girl and a wonderful cook
to the altar."
She—"Heavens! That would be
bigamy!"—Grit.

Down The Fairways

(By J. F.)

Sunday Rockland Country Club en-
tertained Northport Country Club on
its home grounds. The day was ideal,
and the Rockland team went right to
work on its opponents, so well, in
fact, that the victory turned out
rather one-sided. The men won 19½
to 4½, and the ladies emerged victori-
ous 3 to 1. After the match both
teams adjourned to the Copper Kettle
where lunch was served and where
victors and vanquished explained at
length how they got that way. The
summary of the match follows.

Nassau scoring being used:
Homer Robinson and Brad Adams
played E. Eaton and F. Salmond and
gleaned 1½ points for Rockland. Homer
lost one down; Brad won 6-4; and
best ball was halved.

A. C. Jones and A. C. Rogers tri-
umphed over C. Clement and L.
Eaton 2 points to 1. Jones met a
tartar in Clement and was beaten
2 & 1. "Soap" overwhelmed Eaton
4-3, and the Rockland boy took best
ball 3 and 2.

"Link" McRae and Bill Glen-
denning also garnered two points from
their opponents, H. Smith and W. De-
Gomez. "Link" captured his match;
Bill lost his, and best ball was halved.

"Ruddy" Gilley and Hervey Allen
Sr. also took two points. Gilley beat
M. Whitney one up; Hervey Sr. lost
4 to 3 to W. J. Erwin and best ball was
halved.

Charles Wotton and Doc Howard
swept all three points from S. King
and J. Stevens. When these two boys
team up together, the Pro never
worries who will win, but he does be-
come slightly anxious about his course
record.

Doc Foss and A. C. McLoon were
too much for Mr. Hill and K. Elvin,
and added three more points to the
score.

Jimmy and Artie Flanagan teamed
up against Jimmy Jones and Steve
Koske and added the final three
points to the men's match. Each won

by 4-3, and the best ball went by the
same score.

....
In the ladies' matches Mrs. Robin-
son and Mrs. McFarland beat Mrs.
Salmond and Mrs. Smith by two
points to one. Mrs. Adams also made
a point for Rockland by truncing
Mrs. Sayward 4 and 3.

....
The club championship gets under-
way this week, and the way all of
the members are shooting, it would
be very hard to pick a winner. "Ike"
Merrill won it last year, but will not
participate this year. Match play for
this tournament gets underway today.
The final being Sunday.

Visitor—"Your son is rather small
for his age, isn't he?"
Proud Mother—"Oh, no; most boys
of his age are overgrown. I think."

BOARD OF REGISTRATION
Notice is hereby given that the Board
of Registration will be in session at their
rooms, Spring street, for the purpose of
revising and correcting the voting lists
of the City. The sessions will be
held Aug. 28, 30, 31-Sept. 1, 4, 5, 6, 7
and 8, 9 a. m. to 1 p. m. and from
3 p. m. to 5 p. m. and from 7 p. m. to
9 p. m. Standard Time. As the last three
days of said session are for the purpose
of verifying said lists and to complete
and close up the records of the session,
no names will be added to or stricken
from said lists on said days.
By order of the Board of Registration.

PARK THEATRE

"Fog Over Frisco," mystery thriller,
comes Friday only, with Bette Davis,
Lyle Talbot, Donald Woods, Margaret
Lindsay and Hugh Herbert in the
featured roles. The story by George
Dyer deals with the operations of a
band of international bond swindlers
with headquarters in San Francisco
whose thefts are on a gigantic scale,
with murder left in their wake. Their
labyrinthine net work reaches from
the highest society, with its beautiful
and brilliant women in their employ,
down through the speakeasies with
thugs to carry out such rough work
as murder and kidnapping. The pic-
ture is said to be one of fast action,
full of suspense and with thrill fol-
lowing upon thrill.

For Saturday only there will be
shown a fast moving Western picture
with John Wayne that youthful west-
erner in "The Lucky Texan." This
will be the first Western to be shown
in Rockland for some time and will
be welcomed by young and old. On
the same program, will be shown the
second chapter of that new thrilling
serial "The Lost Jungle," with Clyde
Beatty the famous animal trainer
from the Hagenback-Wallace Circus.

COMING REUNIONS
 Aug. 30—Robinson family at Grange hall, St. George.
 Sept. 1—Waltmore family at the home of Wilford J. Bryant, Union Common.
 Henry Marsh motored to Portland yesterday on business.

Capt. Herbert Philbrook is having five days' leave from his duties on the S.S. Belfast.

Rockland High School will open Sept. 10, and the grades, including seventh and eighth, Sept. 17.

Miriam Circle will meet Friday afternoon with Mrs. Albert Gables, North Main street, for work.

The idea of having an outdoor motor race at Chickawaukie Lake Labor Day has been abandoned.

A Massachusetts car caught fire at its parking place on Orient street yesterday afternoon, but the flames were quickly subdued.

The Woman's Auxiliary of St. Peter's Church is to conduct a cooked food sale Saturday afternoon at the Burpee Furniture Store.

The feature known as "The Monitor Views the News" is now being broadcast daily, beginning Monday, Aug. 27, over Station WCHS (Portland) at 12:45 to 1:00.

The Knox County corn crop is about 50 per cent failure this year on account of the summer drought. The corn fields are good to look upon, but most of the ears did not mature.

Ruth Mayhew Tent opens its season Monday night at 7:30 at Grand Army hall. There will be no supper. It is hoped a large number of members will report to begin preparations for early inspection. Plans for the year's work will be formulated.

Elise Allen Corner, whose dancing academy opens for the winter season soon, while in New York this summer for study, was elected a member of the Dancing Masters of America, and her school permitted to use the seal of distinction.

Sunday in Belfast City Park, the Veterans of Foreign Wars are holding a field day. Huntley-Hill Post and Auxiliary are invited. Take box lunch. There will be sports of all kinds. Lobsters and clams will be available at the Park.

Continued favorable comments are heard on Flints New Market at 276 Main street. Modern in every way, the market lends itself admirably to an increasing volume of business due to its convenient arrangement. It is frigidaire equipped throughout with the famous "Flowing Cold."

The annual Codman meeting of the Knox County Fish and Game Association will be held at the Camden Yacht Club tonight. Dinner at 6:30 o'clock. Mrs. Wadsworth caterer. Speakers, Dr. Codman, Judge Faucett, and Commissioner Stobie. Entertainment, excellent game pictures. Members may take guests.

Tonight at 8 o'clock a sound movie in three colors showing the Century of Progress Exposition highlights and a thrilling film of the Indianapolis race track will be shown in the building formerly occupied by Crockett's 5 & 10 cent store. It is furnished by Firestone and sponsored by Fireproof Garage. Admission is free.

An excellent addition to Rockland's smaller businesses is Greene's Fish Market, located at 262 Main street, telephone 1240. Ray A. Greene the proprietor, thoroughly understands the sea foods business and guarantees his products. The market is immaculate and maintains a prompt and dependable delivery service.

Frank C. Flint, Dr. J. A. Richan, Mr. and Mrs. Arthur F. Wisner and Everett Roberts, attended the annual outing of the Past Officers Association (Masonic) at Lakewood Aug. 18. Forty members and guests partook of the dinner at the Inn, and attended the matinee of "The Twentieth Century" in the afternoon. The Maine branch of the Association has 95 members on the rolls. Frank C. Flint is the only surviving charter member.

The U. S. Navy's newest destroyer, Farragut and Dewey, the former now in commission; and the latter still on the builders' hands have been cavorting over the Rockland trial course the past week. The Farragut, fastest ship in the American Navy, has been undergoing some experimental rudder tests, while the Dewey is being sized up unofficially, preparatory to her builders' acceptance trials, which are evidently to be held here very soon. Under its present policy the Navy Department is giving out no figures, so that while Tom, Dick and Harry will know to a fraction what the new ships do the newspapers will have to content themselves with saying that "the trial was satisfactory," or some such thing like that. Of course we are all pulling for the Dewey to win, especially the writer of this item, who stood opposite the champagne bottle at the recent christening ceremony in Bath.

Elise Allen Corner School of the Dance, member of Dancing Masters of America, is always open for registration. Private lessons \$1.00. Class lessons 50c. Phone 670; 22 Brewster street, Rockland, Me. 104-108

John I. Snow has returned from a business trip to New York.

William R. Walter of Waldoboro has been drawn for petit juror service in Federal Court at Portland next month.

Oliver R. Hamlin chief of staff assisted in the institution of a new V.F.W. post in Belfast last night. Twenty candidates await initiation. The charter will be received in about a week.

Speakers for the Republican Women's Club meeting at the court house tonight at 8:15 will be Mrs. Annie Flood Kreger of Fairfield and Mrs. Ellis Spear of Newton, Mass., and Warren.

Members of the local Masonic fraternity are invited to attend a special meeting at St. Paul's Lodge at Rockport Friday night when Dr. A. E. Strath-Gordon of England, noted lecturer and archeologist, will give a special talk.

Alfred K. Ames, Republican candidate for governor, made an unannounced visit to Rockland Tuesday, and met a group of workers, hastily assembled. Mr. Ames was smiling and happy, and the arduous work of a statewide campaigner does not appear to jar him. He may appear before a Rockland audience before election.

Elmer B. Crockett, prominent young business man has been elected vice president of the Knox County Trust Company, succeeding M. R. Pillsbury who was recently promoted to the presidency. Mr. Crockett is also a director. Earle McIntosh's incumbency of the offices of secretary and treasurer remains unchanged.

A band concert by Rockland City Band under direction of H. E. Kirkpatrick, will be given Sunday night, 8 to 10 o'clock at the Public Landing. The public is invited to inspect the new plant and enjoy the concert. The grounds are now clear and there is excellent parking space. If Sunday night is stormy the concert will be held Sept. 9.

Rev. Kenneth Havenor Cassens, pastor of the Ridge Church, at Lubec, and a former Rockland boy, son of Mr. and Mrs. Carl Cassens, of Camden street, will be the preacher at the First Baptist Church, Sunday morning and evening. Mr. Cassens will be one of the pianists at the "Hymn Sing," to be held Saturday evening, from 7:30 to 9 in the church building. Everyone is invited.

William K. Vanderbilt's \$1,000,000 yacht, "Alva," one of the most palatial private craft afloat, arrived at this port yesterday and is anchored inside the breakwater. The owner, who is a licensed master, is aboard with Mrs. Vanderbilt and two children. The yacht was built in Kiel, Germany, in 1931, at a cost of a million dollars and an additional \$300,000 in duty was paid the United States Government. She is of 2,265 gross tons, 265 feet long and has a beam of 46 feet. Twin Diesel engines gives her a speed of 18 knots. She is equipped with every known safety device, including an untried fog camera, to penetrate fog for a distance of 2,000 feet.

A motor car and two handsomely decorated motor trucks took possession of Main street yesterday and the public learned that Western entertainers were appearing last evening and tonight in the C.A.C. armory under the auspices of Huntley-Hill Post, V.F.W. The company of seven persons, all of whom have appeared in the programs of the National Broadcasting Co., is headed by Texas Ann Mix and Texas Eddie. Those who saw Douglas Fairbanks in "Dox Quixote" may remember Texas Eddie as the man who manipulated the Australian bull whip. Another popular member of the cast is the boy wonder "Dynamite" Junior Mix. The program is full of Western thrills and Eastern laughs. The cars used by the troupe have the comforts of home, in miniature, with living room, kitchen, lavatory, radio, etc. It's Texas Eddie's first visit to Maine in his 27 years' experience on the road, and he is having the time of his life, catching fish like he never saw before.

DANIEL S. STAPLES

Funeral services for Daniel S. Staples who was drowned while sword fishing at Glace Bay, Nova Scotia, were held Aug. 22 at the Burpee Funeral Parlor. His death was a shock to many friends with whom he came in contact as a fisherman. The deceased was born at Swan's Island. He is survived by his parents, Mr. and Mrs. Lewis Staples of Rockland; two sisters, Mrs. Woodbury Snow of Rockland and Mrs. George E. Bigelow of Stores, Conn.; eight children, Mrs. Aggie McCorrison and Charles Staples of Portland, Mrs. Helen Mason, Mrs. Mildred Edwards and Reta, Marie, Lester and Eugene Staples of Rockland. Interment was at Sea View cemetery. Rev. L. G. Perry officiated.

BORN

SAWYER—At Knox Hospital, Rockland, Aug. 29, to Mr. and Mrs. U. Addison Sawyer, a son, Lawrence Gorton.

MORRISON—At Rockland, Aug. 27, to Mr. and Mrs. N. L. Morrison of North Haven, a daughter, Louise Gertrude.

NORTHROP—At Rockport, Aug. 22, to Mr. and Mrs. George Northrop, a daughter.

IN MEMORIAM

In loving memory of a dear husband and father, George W. Ludwig, Sr., who passed away August 29, 1932. The rolling stream of life rolls on. But still the vacant chair. Recalls the love, the voice, the smile. Of the one who once sat there. His loving wife, son and daughter. Thomasston, Aug. 29, 1934.

CARD OF THANKS

We wish to thank all who kindly helped us in our great bereavement; also those who offered cars and sent many floral tributes. Mr. and Mrs. Lewis Staples and family.

NEW YORK STYLES

Costume Jewelry, the "Profile Hat," Bows, Buttons and Briefs

With simplicity the keynote of the summer vacation wardrobe, costume jewelry has become more important than ever. Cleverly selected, it converts the simplest frock into one of chic and charm. With the favored white summer costume, New York shops are displaying bright composition ensembles, matching bracelets, necklaces, rings and earrings in various new designs. Beads in novel shapes as well as round, large and small, are strung together and are extremely effective in the vivid shades as well as in these bright colors spaced with white. Silver metal is noted in smart contrast with bright reds, rich browns, blues, yellow and green. There are ropes of flowers and fruit motifs in composition fashioning bracelets, as well as necklaces of varying lengths. Pearls are decidedly important and particularly now against black satin so stressed in the style picture. They are featured not only in single, double and multiple-strand necklaces, often with pendants in pearl arrangements, but in choker stylings and in wide bracelets, in both plain band style and in flaring cuffs.

"The Profile Hat"

The "profile hat" in discreet and dashing versions accenting the coiffure at side and back is an outstanding feature of the Lily Dache collection of fall millinery. This effect is achieved by lifting the hat at the back on a bandeau which hugs the head. The front of the brim is thrust forward shading the eyes. Berets, brims and turbans are all stressed in this collection, as are tricornes which are unusually shallow and narrow. An interesting new Dache model is an adjustable hat which has a brim that may be detached from the cap-top crown. The beret stylings are all very large, soft and drapery, and so manipulated as to give the very definite feeling for line. Feather trimmings are important, as are wings, ostrich tips, little veils and cocardes of grosgrain ribbon, these as well as other trims often in accenting color.

Alpaca For Travel Clothes

Decidedly important among travel clothes this season are the new rayon alpaca, soft, supple and uncrushable. One New York shop is featuring this smart two-piece frock called the "Buck Boy" and a cap-top from "Mainbocher" with tunic-like top, finelength, in a loose-flowing back gathered in at the yoke and with casual pockets, the design being inspired by smocks worn by Paris butcher boys. The skirt is straight and slim, not tight but just easy. A very smart travel costume in Vionnet red, Chanel blue or black.

Bows And Buttons

Cool cotton dresses with smart little bows and plenty of buttons is the style edict for children this summer. One notes them not only in gingham, linens, muslins, and lawns, crisp and in fast dyed colors in the favored checked and narrow striped patterns, but in the old fashioned calicoes with little all over floral patterns. Stylings are very simple, with little shoulder bows featured on many and colorful composition buttons adding a bright, youthful and practical style note.

Some Style Briefs

Initials engraved on composition buttons are new in the mode. Knitted and crocheted gloves are important this season, as are gloves with fancy cuffs. Rayon organdie cuffs are featured, also rayon taffetas.

The black satin handbag is being featured in New York shops as a late summer and early fall number. They are noted in flat pouch and envelope stylings, many with composition clasp closing. Tucks and floral motifs in applique effects distinguish some smart models.

The slit skirt is with us again. It is noted in some of the newest evening gowns of satin, worn over the lace petticoat.

The latest turn in silhouette for fall points toward the bloused waistline. Although black is the style standby for both coats and dresses dark rich tapestry colors are favored.

Back buttoning is new and smart now in sportswear styles. One notes it in over blouses and in the back buttoned cardigan.

The belted straight, silhouette promises to be a leader among fall suits.

The Spanish influence grows more important in the evening mode. Spanish laces are particularly favored.

25 YEARS AGO

A review from the columns
of this paper of some of the
happenings which interested
Rockland and vicinity in this
month, 1909.

Capt. Benjamin F. Cushman, 70,
died at his home on Maverick street.
The Warren Lime Co. was or-
ganized for the purpose of acquiring
and operating the lime properties at
West Warren, formerly known as the
McLoom & Stover Lime Co.

Job P. Ingraham was elected pres-
ident of the Ingraham family at its
29th annual reunion. Reuben L.
Howard was elected president of the
Brewster family.

Mrs. Nellie Follett sold her house
on Gurdy street to Frank M. Ulmer.
Edward Gonia joined the staff of
Porteous, Mitchell & Brown in Port-
land.

intendent of Rockland and South
Thomaston schools.

Henrietta, daughter of Mr. and
Mrs. Charles H. Cobles, fell overboard
at Glover's wharf and was drowned.
She was nine years old.

A. W. Gregory and Arthur W. Cook
returned from a trip to the Pacific
Coast.

Rev. John H. Quint was called to
the pastorate of the First Parish
Church in Brunswick.

The Rockland Old Timers played
their second annual game with the
Warren Old Timers and won 36 to
32. Rockland made 16 of its runs
in one inning.

The New York Yacht Club visited
Rockland with 30 craft of all de-
scriptions.

Galilee Temple, erected at a cost
of \$2500 was dedicated with simple
exercises—invocation by the pastor,
Rev. E. S. Ufford; scripture reading
by Rev. W. O. Himmans; dedicatory
prayer by Rev. W. J. Day; address
by Rev. Mr. Ufford. The Frances E.
Willard memorial window was pre-
sented by Mrs. R. C. Hall in behalf
of the local W. C. T. U.

Some of the plays at Farwell Opera
House during the current season
were "Billie the Kid," "The Travel-
ing Salesman," "Uncle Dave Hol-
comb," "Yankee Doodle Detective,"

THE latest vogue of fabric com-
bined with leather is a feature
of some of the new fall examples
of fashionable footwear. In two of
those shown above, gabardine is
the fabric used. At the top, is shown
a Fall step-in ornamented with kid-
skin, the heel being in a modified
Continental styling. Matching fox
and toe show the new paneled ef-
fect. Below, a dressy high throated
oxford has smart thread-like strip-
ings of patent leather and should be
popular in black or brown. Both of
these are made of gabardine. The
new Fall T-strap slipper at the bot-
tom is in suede with stitching de-
signed to shorten the foot contour
and with heels in comfortable Cu-
ban styling. These three models
have the new practical Pyraheel,
popular with the well groomed wo-
man because it is scuffless.

The annual Grange picnic will be
held Sept. 2 at Belfast City Park,
and all Grangers and guests are cor-
dially invited. The committee in
charge includes Horace Miller, E. G.
Scruton and Mrs. Annie Lermond.

Mr. and Mrs. Urban Young and
family of Belmont, Mass., who have
been visiting in town for a few days,
returned Sunday.

Misses Marjorie and Leona Ma-
honey of Medford, Mass., are guests
at Ernest Mahoney's for an indefi-
nite time.

Schools in town will open Sept. 4
for the fall term, with these teach-
ers: Village, Mrs. Lena Rankin;
Beach, Mrs. Will Claytor; Young-
town, Winnifred Lamb; Miller, Mar-
ion Young; Heal, Miss Jessie Young;
Wiley's Corner, Miss Dorothy Young.

A very interesting meeting of the
Grange was held Saturday, after two
months' recess. A fine program was
presented and there were visitors
from Good Will Grange, Warren.

At a business session of the Agri-
cultural Society it was decided to
have the annual town fair which will
be held Oct. 3 at the Grange fair
ground, followed by an old fashioned
dance in the evening.

Early paper money of the Mary-
land colony of 1770 may be seen by
visitors to the National museum
in Washington. These bills are in
amounts as low as one-ninth and as
high as \$3. They could be redeemed
in Spanish dollars or in English
pounds. Milled Spanish dollars
were the favorite medium of ex-
change at the time because Spain
controlled and owned most of the
silver and gold. Pirates and others
did not have to remit stolen coins
as the Spanish money was accepted
at face value in almost every coun-

Stonehenge

Stonehenge is a circular group of
huge standing stones on Salisbury
plain in Wiltshire, England. It is
not mentioned by any of the early
Roman or Saxon chroniclers. Many
legends have grown up regarding
the origin and significance of Stone-
henge. John Aubrey (1683-97) was
the first to claim that it was a
temple of the Druids. This is still
popularly believed, but there is no
evidence to support it.

The Seeing Eye

The seeing eye is important as
a first aid to growing knowledge.
Children usually have it and some
grown people. For example, two
people or children may look at the
same twig. One will see—a twig.
The other will see that strange
freak of nature—a walking stick.
One will see a cross-stick of
branches. The other will see the
little nest of a kinglet or the flat-
tened form of a red squirrel on the
tree trunk.

Cats Will Learn Tricks;

Not as Willingly as Dogs
Cats when properly trained have
almost as much capacity as dogs
for learning amusing tricks. They
can be taught to jump through the
hands, to sit up and beg and so on,
but they do not show anything like
the willing co-operation of the dog,
according to a writer in the Detroit
News.

But the characteristics of no two
animals are alike. Starting at the
kitten stage, some can be taught
through kindness and patience to
do many things, from a dignified
shaking of hands to a purr for a
good dinner. Many cats will learn
these things gracefully and per-
form them nicely, but most, it must
be admitted, have to be bribed.

Some say the cat is too smart to
do tricks; it refuses to make a fool
of itself to amuse its master and
his friends. A dog will comply to
gain his master's attention and ap-
proval; a cat only if anything tan-
gible is the result.

Cats often act as alarm clocks.
They arrive at the bedroom door at
the stroke of eight with demands
for breakfast. Mark Twain taught
his cat, Bambino, to put out his
claw lighter at a signal from him.
She would jump onto the table and
extinguish the light with her paw.

Other bright cats will impatiently
rattle the knob of the door when
it is not opened quickly enough to
let them in. Others grow proficient
in opening doors for themselves.

African Bird Directs

People to Bees' Nests

One of the most remarkable birds
is the African honeyguide, which
directs human beings to bees' nests,
in the expectation that it will be re-
warded by a meal of the bees' grubs
when the nest is opened, re-
lates a correspondent in the Cleve-
land Plain Dealer.

What especially excites the bird
is the appearance of a honey-bagder,
or, rather, instinct teaches the
birds to associate this beast with
the discovery of bees' nests, the
honey of which it delights to eat.

The birds know that by follow-
ing a honey-bagder they are likely
to come by a feast. And this may
explain their behavior toward man
—they expect him to be a honey-
lover, too!

A theory about the puzzle of the
swarming of bees is that hive-bees
are descended from Indian bees
which migrate when flowers die in
one district and bloom in another,
and that bees retain the age-old
migratory instinct.

When a foraging bee has found
some flowers rich in the nectar of
which honey is made, on its return
to the hive with its load it starts
dancing.

Absence of Tail

Absence of tail excites comment
and has caused considerable discus-
sion of the dog known as the Schip-
perke, says a writer in the Los An-
geles Times. "The 'tail-less breed'"
is a myth—none of the original
candies was tail-less. Originally he
was "made" tail-less, not for im-
provement of his appearance, but
to allow his more careful negotia-
tion of the narrow decks and pas-
sageways of the barges. The re-
moval of the "stern" for genera-
tions will cause any breed of dog
that is so operated upon (as is the
case of the Old English sheep dog,
also) to give birth occasionally to
tail-less pups. It is declared that
about 25 per cent of the Schip-
perkes are so born—the others have
their tails docked. Hardy, active
and vivacious, they will quickly at-
tach themselves to the master. His
name is pronounced—Skipper-kee.

— And The —

Knox Lincoln Farm Bureau

Agricultural
The annual auto tour of the Knox-Lincoln County Farm Bureau will be held tomorrow. Calls will be made at the poultry farms of Parker McKel- land, Warren, and W. H. Little, Rock- land. Kitchens of Mrs. Sarah Sleep- er, Camden, and Mrs. Elmer True, Hope, will be looked over. Orchards of Ralph Brown, H. B. Coose and E. N. Hobbs, Hope, will be inspected, and in Camden the pasture of Lawrence Miller will be looked over, and a call will be made on Ralph Cripps dairy farm. H. P. Sweetser, secretary of the Auburn Production Credit Associa- tion, and George Lord, assistant di- rector of Extension Work, will both give short talks at noon. Robert Ben- dleton, 4-H Club member of Simon- ton, will give a demonstration on Pasture Improvement at the farm of Lawrence Miller.

The Alna boys' 4-H Club will hold an inspection tour Saturday. Bernal Jewett, leader of the club, will have charge of the tour, and calls will be made at the various club members' homes.

Now is the time to make plans for putting in that septic tank. Several tanks are being considered this fall.

Silos are again being built by dairy- men in the county. With a short hay crop the silo fills in during the winter months. Fred Law, Whitefield, and Roland Gushue are both going to build this year.

Applications should now be sent in for testing for pulper disease. The following flocks were accredited the past year: Robert Bald Sr., Tenan's Harbor; L. E. Carney, Sheepscot; G. E. Coleman, Jr., Wiscasset; A. F. Currie, Waldoboro; Fred I. Greenleaf, Wiscasset; R. D. Hamlin, Wiscasset; Foster D. Jameson, Waldoboro; Sher- man T. Jameson, Friendship; M. M. Kinney, Thomaston; C. N. Light, Waldoboro; H. W. Little, Rockland; Wilson Merriam, Union; J. A. New- burn, Waldoboro; Francis Reed, Wal- doboro; Ivan Scott, Waldoboro; Edna Smith, North Edgcomb; Austin Sprawl, South Bristol; Harry L. Wat- erman, South Thomaston; F. H. Wy- lie & Son, Thomaston. Application blanks may be obtained from County Agent Wentworth.

Plans were started at the execu- tive board meeting at Martinsville for the annual Farm Bureau mem- bership campaign which will start Sept. 18. These district managers were appointed: District No. 1, Cam- den, Hope, Simonton, West Rockport, Mrs. N. B. Hopkins, Camden; Dis- trict No. 2, Rockland, Rockport, South Thomaston, R. P. Conant, Rockland; District No. 3, Appleton, Burketville, Union, East Union, Wil- son Merriam, Union; District No. 4, Friendship, Orr's Corner, Waldoboro, Warren, Vellis Weaver, Waldoboro; District No. 5, Bunker Hill, Jefferson, Whitefield, Mrs. F. L. Law, White- field; District No. 6, Alna, West Al- na, Sheepscot, L. E. Carney, Sheepscot; District No. 7, Boothbay, Edgcomb, North Edgcomb, Mont- sweag, Mrs. Sidney Evans, Wiscasset; District No. 8, Bristol, South Bristol, Damariscotta, Nobleboro, Mrs. Norris Waltz, Damariscotta. The goal set this year is 800 members.

Arrangements were made for the annual meeting which will be held in Camden Opera House this year.

Hatchery reports for July indicates 57% fewer chicks hatched than last year and 58% decrease in eggs set. New England States, however, showed an increase of 142% in chicks hatched and 39% in eggs set. Most of these chicks hatched are being grown for broilers.

For the year there has been a de- crease of 11% in chicks hatched for the entire country as compared with 1933. From all indications the sup- ply of fresh eggs this fall and winter will be considerably below last year.

For the week ending Aug. 18, Harry Waterman's, South Thomaston, pen of birds at the State egg laying con- test was well up with the leaders. One pen was second and the other fifth for the week. Lord Brothers' pen of Kezar Falls is well in the lead with nearly 200 points ahead of Par- mer of Massachusetts. The Lord Brothers' pen has laid 2668 eggs, scor-

ing 2801 points. It looks very much as though this pen is out for a world's record.

Applications for 1935 entries are now available from County Agent Wentworth or from H. M. Tucker, State House, Augusta.

With the Homes
Miss Estelle Bartlett, Hope Librar- ian, reports that at the end of six months period 87 people have taken 299 books from the Extension Library of 25 volumes.

Miss Edna Cobb, home manage- ment specialist, will be in the county Sept. 8. She plans to visit Mrs. Alice True's kitchen at Hope and Mrs. Florence Calderwood's kitchen at Burketville.

The home demonstration agent, Miss Lawrence, has this schedule for next week: Wednesday, Damariscotta, Posture and Grooming. This meeting will be held in the new community kitchen. Thursday, Edgcomb, on Dressing the Children, at the Grange hall. Friday, at Bristol on Posture and Grooming. This meeting will be held at Mrs. Nettie Foster's home. Bristol is also planning to have its flower show at this time.

Winner in Kitchen Contest
In the second State wide kitchen improvement contest which closed on June 30, Mrs. Bessie Parker, Frye- burg, Oxford County, is awarded the first prize of \$10; Mrs. Florence Cal- derwood, Burketville, Knox County, is second; and the Biscay Community House, Damariscotta, Lincoln County, has third place. Other prizes are awarded to Mrs. Eleanor Chaplin, South Hiram, Oxford County; Mrs. Flossie Russell, Garland, Penobscot County; Mrs. Myra E. Woodworth, South Paris, Oxford County; and Mrs. H. T. Sweetser, Pownal, Cumberland County.

The contest was sponsored by the Maine Farm Bureau Federation and conducted by the Extension Service. Upon entering the contest, each con- testant drew a plan of her kitchen as it was before any improvements were made, locating the position of doors, windows, and equipment. After the remodeling was done she drew an- other plan showing the changes and rearrangement of equipment.

These "before" and "after" sketches, together with a story of 500 words describing changes made in the kitchen, and a record of the cost in- volved, formed the basis for the judges' decision.

During the two years that kitchen contests have been conducted in the State, rural home makers have been encouraged to improve their kitchens by using the labor and materials that were available at home and recog- nition has been made of this in judging the kitchens.

The total expenditure for the first prize kitchen was \$36.24; for the second, \$29.74.

This is the second year a kitchen prize has been awarded to Knox-Lincoln county. Last year, Mrs. Hattie Hausen, Whitefield, received second prize. The first was won by Mrs. Madeline Black, Dedham, Han- cock County. The kitchen contest will be carried a third year. It is open to any rural homemaker in the State of Maine. Home demonstra- tion agents have rules for the con- tinuation of the project.

AMERICAN CAR WINS ROAD RACE

One of the few remaining cross country races in the world—the annual Morocco Rally in Africa—gives automobiles more severe tests than is possible in countries where roads have been modernized. A Plymouth sedan, driven by Charles Rofe, the owner, and Maurice Kibrit, of Alexandria, Egypt, was awarded first prize in the contest this year. Only 12 cars of the 32 starters finished. The course, 1000 miles long, was from Sfax, Tunisia, to Marrakesh, Morocco. The winning car, with the drivers and a map of the course, is shown above. Just to warm up, the two men drove from Alexandria to Sfax, almost as far as the race itself.

WHAT'S IN THE BOTTLE?
It's a fluid—yet it has more solids than vegetables have
It's one of the softest foods—yet it makes the hardest teeth
It will make you fat if you're too thin—but otherwise it is not fattening
It contains minerals that make your bones
It costs less than any other equivalent food

WHAT IS IT?
THE answer is, of course, milk.
The U. S. Public Health Service says: "It justly deserves the title recently conferred upon it, namely 'the most nearly perfect food'... Milk is a cheap form of energy... a good muscle builder... a good tooth and bone builder...
"Milk contains 13 percent of solids by weight, which is more than is contained by onions, beets, car- rots, squash, pineapple, turnips, oysters, cabbage, radishes, caulif- lower, spinach, watermelon, pump- kin, tomatoes, asparagus, celery, lettuce or cucumbers."
The American people drink 18

billions quarts of milk a year. That is about eight-tenths of a pint per person a day. But that's not enough. Health authorities state that chil- dren should drink at least one quart, and adults at least one pint every day. That is the rule of most relief organizations.

And that is important to the farmer, too, because milk is the most profitable farm product, accounting for one fifth of the total agricul- tural income. The milk dealer's profit is a fraction of a cent a quart; the balance goes to the farmer and to the cost of distribution. On the basis of food value, milk is the cheapest food there is.

NORTH FRIE

Mrs. Laura Osborne of Camden was a visitor Friday at Willow Brook farm and was accompanied on her return by her cousin Mrs. A. I. Perry.

Mr. and Mrs. Harry W. Palmer, Calvin Palmer and Miss Cynthia Palmer of Massachusetts have been guests of Miss Lois Palmer and John W. Palmer.

Miss Sadie Feyler, who has been visiting her parents, has returned to Akron, Ohio.

H. Kelsey Haven and family of Framingham, Mass. Alice Haven of Framingham, and Mrs. H. T. Hardy of Everett, Mass., were recent visitors at the home of Mrs. Cora McLean.

The Willow Brook dahlias gardens were visited by many during the past week. The dahlias are not yet all in bloom as the season has been unfavorable due to dry weather, but it is hoped that better growth may be reported as the result of Tuesday's rain. The gladioli are gorgeous. One beneficial effect of last winter's cold was to destroy many insect pests, at least very few have been noticed compared to previous seasons.

Mrs. A. Perry of Hope, Mrs. Laura Osborne of Camden and Mrs. Sara Lauterjung and son Jack of Mineola, N. Y., were guests Sunday of Mr. and Mrs. L. H. Perry at a clam bake and corn roast dinner at the Owl's Head shore.

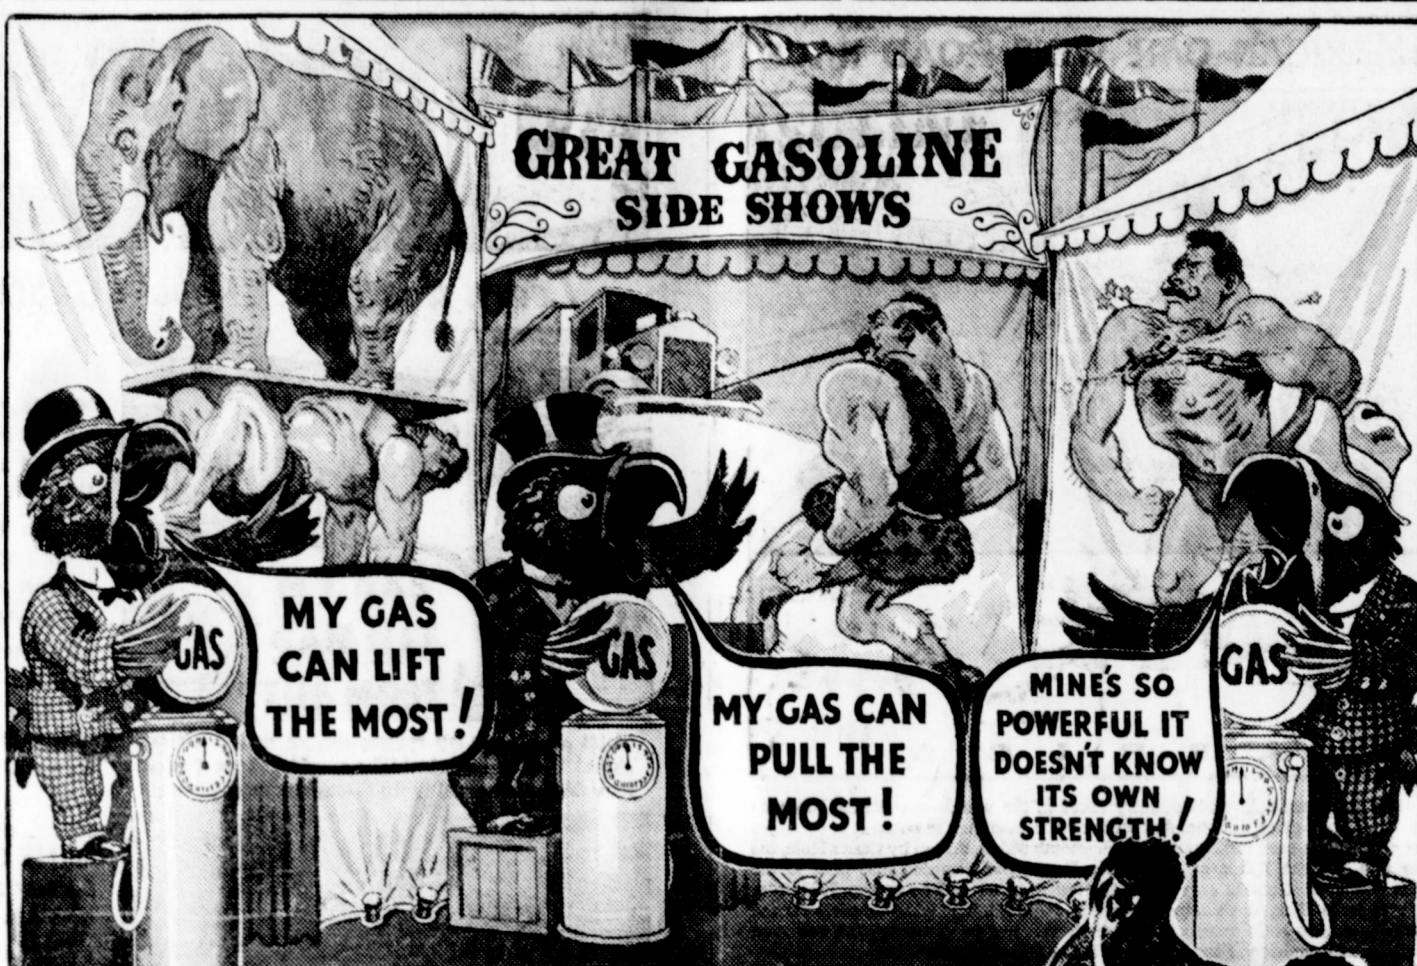

Karl Wentworth and Miss Clara Bartlett of Searsmont were dinner guests at Willow Brook.

Mrs. Dora Ripley of Augusta was a visitor Sunday at the home of Mrs. Ada Conant.

Mr. and Mrs. Charles Plummer of North Appleton recently visited Mrs. Will Crotcher of China.

A light rain Tuesday gave a bit of refreshment to thirsty crops, gardens and wells. Springs and all water supplies are low.

"HATS OFF TO 'ELLEN'"

How Matinicus People and Non-Residents Rallied For Nursing Benefit

Editor of The Courier-Gazette:—

The outstanding event of the season is now a matter of history. The sale and fair for the benefit of the Matinicus Nursing Association, which took place on the night of Aug. 21, was an unqualified success, and will always be pleasantly remembered by those present. The success of the affair, and its result financially, would seem to justify a somewhat detailed description.

To begin with, the weather man had been consulted. It was a perfect evening. The influx of summer visitors was at its height. These advantages were augmented by judicious planning, a band of able and willing workers and a worthy cause. Personal letters had been sent to former residents or members of their families, explaining conditions, and inviting their co-operation. Scarcely any of these failed in their purpose. Donations were received from 72 non-residents and firms; from many seat-

tered points, and from as far away as San Francisco, and Houston, Tex. The thanks of all concerned are extended to these thoughtful and kindly persons. Practically every family on the island gave freely of food, vegetables, candy, and other articles for sale, as well as transportation and labor, so that when the time arrived, the stage was set for the largest attendance at the most remarkable and successful event that this community has ever known. There was an abundance of merchandise of all descriptions, and, as the result shows, the wherewithal to purchase it.

Both stories of the K. P. hall were used. The booths were artistically and elaborately decorated with crepe paper and a profusion of beautiful flowers of harmonizing colors. One booth was given over to novelties and knick knacks, with Mrs. Gilbert Baker in charge. One was for the toys, presided over by Mrs. Frank Moorlan. These adjoining booths were decorated in red and white, and were a magnet for the children especially.

The confectionery table was in pink and white, with Mrs. Margaret Rowland and Miss Evelyn Ames doing the honors. These ladies disposed of their "sweet'nin'" in record time.

The "Memory Table" was filled with articles donated by non-residents in memory of members of their families who formerly resided here. The color scheme was pale yellow, pale blue, and white. At this table Mrs. Bert Ripley and Miss Dorothy Cooper did a rushing business.

The remaining booth upstairs was in orange and white, and here Mrs. Helen Eaton disposed of fresh vegetables, fruit, eggs, canned goods, groceries, etc. Here the Blue Eagle and NRA were conspicuous.

Upstairs and downstairs roamed

Miss Gleyen Baker and Clayton Young (both in costume) with the "grab-bag." And where do you suppose they had the grab-bag? I give you three guesses.

Downstairs, the ballroom was tastefully arranged as a cafeteria, the floor filled with small tables, perfectly appointed, and the food counter in the kitchen, at one end. The color motif in these arrangements was green and white, and was elaborately carried out. Mrs. Arthur Philbrook and Mrs. Carl Young, in appropriate gowns, dispensed the food, with Hilda Thompson and Helen Spear to retrieve the dishes.

The "hot dog" stand was in the capable hands of Miss Hazel Young. Her delectable "doggies" were beyond compare, and the rapidity with which she prepared and served them was a wonder to behold.

At one end of the hall, with her jars of beans and corn, Mrs. Horace Young held a guessing contest with valuable prizes for the lucky ones. And did she keep them guessing?

The artistic signs everywhere in evidence, were by Charles Trevor. Promptly at 8, with the opening of the cafeteria, the fun began. From that time until well past midnight, things moved at a lively pace, but smoothly and with never a hitch, with everybody stepping high, wide and handsome.

At 7, the sale of articles in the various booths began. And such a sale! The wares disappeared as if by magic, and in a short while the tables were nearly bare. At the end, every article had been disposed of.

At 8, the dancing floor was cleared, the food counter was dismantled. Harvey's Orchestra of five pieces, from Rockland, took its position, and the remainder of the evening was given over to dancing and a good time generally. At intermission, huge quantities of ice cream went the way of all ice cream. Horace Young presided at the freezers.

Now then! Believe it or not: The total receipts from all sources, for this benefit were \$300. The necessary expenses were about \$30, leaving a net of \$170, which has been turned over to the Association. Can you beat it?

Naturally, an undertaking of this magnitude entailed a vast amount of work, of planning, and of foresight. Great credit is due Mrs. Judson Young, who had the entire arrangements under her personal supervision. She originated the idea, planned it and carried it through, to its minutest detail. Our hats are off to "Ellen."

P. S. Oh yeah! And a good time—

a wonderful time—a marvelous time was had by all, or nearly all.

IT SETS ONE THINKING

Supt. Smith Answers Prohibition's Critics and Tells of Today's Conditions

Frederick W. Smith, superintendent of the Christian Civic League, gives to the press this statement:

"Prohibition has been a failure." Such is the claim that is being made today by its opponents as they plead to the State repeal. To substantiate such a claim they quote certain figures, figures showing increases in drunkenness, showing bootlegging and rum-running, showing an increase in all kinds of crime.

By those very same figures, I make the claim that so-called liquor control being attempted in this country today is still more of a failure, and that the record it has made since Dec. 6 last gives Maine plenty to think about before she votes Sept. 10. For what has come to other States can be expected to come here, too.

Here is a sample of what repeal has brought. Sanford Bates, head of the Federal Penitentiaries, announces that more liquor law violators are being sent to these institutions than ever before. The Federal Government announces that instead of having 1800 Federal agents to fight the bootlegger as it had under prohibition, it now needs nearly 5000 to do the same thing. The Federal Government and State governments announce that the bootlegger is selling more liquor than legal stores are selling.

And the drunkenness, the wets, talked about during prohibition! Well, here's today's sample: A recent survey in nearly 200 cities shows a general and alarming increase. It ranges from 55% in New York city, 69% in Duluth, 118% each in Denver and Portland, Oregon, to a 1000% increase in Philadelphia. The walking drunk has become such a menace to the sober automobilist that the head of the Boston police force found it necessary to issue a warning about him.

And the driving drunk! Well, you just simply can't miss his handiwork on the highways today, and one of the finest ways of getting more of that kind of handiwork is to make liquor more easily available. No wonder Gov. Ely of Massachusetts says that the highways of his State are becoming too dangerous for travel. I wonder if Maine people will not begin to wake up and take warning before it is too late.

Another claim the wets made was that prohibition was ruining the youth of the country. If it did, I don't know what you would call what the liquor business is now doing to them. Here is what Chicago newspapers say: "Shocking evidence of how Chicago's high school girls and boys—children ranging between the ages of 13 and 18—are being lured into depravity by saloonkeepers who ply child patrons with liquor, have been discovered in a survey of the city's saloons." It goes on to say that "orgies which outrival the debauches of Paris' Latin Quarter" are common.

Rev. Maurice J. Flynn, pastor of St. Aquinas in Jamaica Plain, appearing before the Massachusetts Beverage Control Commission recently said: "In all my 14 years in that district, I have never seen such drunkenness, especially among young men. It is heart-breaking to observe boys whom you have seen growing up from childhood turning into habitual drunkards. Constantly I am receiving telegrams, calls and letters from the rectory from distraught mothers, sisters and wives asking us to do something about the marked increase in drunkenness." That ought to give the wives and mothers and sisters of Maine something to think about.

The police of Los Angeles make these charges: "A saloon, masquerading as a lunch stand, adjacent to the (Sacramento) high school campus, catering exclusively to students with two pretty 17 year old girls acting as runners for bootleggers, delivering liquor to students on the school grounds, and busy soliciting their trade. Drunken students in school and wild parties at which liquor flows freely, arranged by the girl runners and staged by the bootleggers."

There's something for the fathers and mothers of high school students in Maine to think about in these pre-election days.

Prohibition may have been a failure judged by standards of perfection, but liquor control by the very same standards has proven itself to be a ghastly failure.

HAPPY HOPE FARM

Scene of Action This Time Shifts To France — Boys Find Hot Nest

Editor of The Courier-Gazette:—

Time, October 1918; place "Somewhere in France." Three soldier lads were conversing together as they prepared to take a much needed rest, after hours of strenuous activity. No neat and orderly barracks were their shelter, but a bunk on the hard ground beneath a tarpaulin covering a ration dump piled high with evaporated milk, "corn willy," "gold fish" and "garden cherries," which translated into civilian language—meant just plain corned beef, salmon and tomatoes.

"Say, Art," remarked one lad to another, "they say there's rumors abroad that this war is about over. Golly, won't it be grand to see the good ole U. S. A. again!"

"Sure would, Fred," answered Art. "But me I won't believe these fire-works are over 'til I see it. Say Ray, what are you dreaming about?"

"Oh, he got a letter in the mail today and by the handwriting I'm thinking it was from that little girl back home. How about it, Ray? Did she send you lots o' kisses?"

"Aw, dry up," grunted Ray, "and let a fellow get some sleep while he has a chance."

Silence reigned on the canvas, broken only by the regular breathing of tired men, finding oblivion in sleep from the sights and sounds of the war zone outside. Bursting shells lighting the sky bothered them not, snug beneath the tarpaulin. Their share of it rested on two high stone walls holding up an embankment. In the corner where the two walls joined the boys had made their bed. On the grassy embankment above browsed "Nannie," the Company's mascot, a large gray and white milk goat, which had been found wandering near a ruined cottage. Nannie had become accustomed to the sounds of warfare and it bothered her not a bit so long as there was grass and even an occasional old shirt to eat.

.....

A smile appears on Ray's face, from which sleep is erasing the drawn lines of fatigue. In his dream he is back in childhood days, playing the old game of "hide and seek."

While comrades seek on the barn floor below, he is lying snugly hidden in the hay. Suddenly a freckled face appears above him, peers down into the hiding place and with a shrill cry of "I spy," loses his balance and comes sliding and tumbling down upon Ray, bringing with him what appears to be a ton of hay.

Struggling, strangling to get out of the rusty, enveloping hay, the soldier lad came back to consciousness to find himself enfolded in the tarpaulin, with Art and Fred grunting and struggling beside him.

"What the—has a shell struck this dump?" he thought. At last all three had struggled from under the smothering folds and looked about to see what further ruin had been wrought. All seemed intact except their corner and then they discovered the cause of the downfall of their shelter. Nannie, the goat, had fallen from the embankment and landed on the tarpaulin!

"Ugh!" grunted Art, hands clasped over the region of his stomach, "that blasted goat landed right in my middle!"

Again the place is "Somewhere in France." A trio of soldiers, weary and grimy look longingly at some balms of clean, fleecy underwear in an old garage.

"Say, boys," said one, "these suits look great to me. What say we just issue ourselves one apiece? I feel as though I'd grown into one. I got on, like one o' those plaster o'

der if Maine people will not begin to wake up and take warning before it is too late.

THAT SOCCER GAME

A More Complete Story of Fine Battle That Rockland Waged Against Clan

A more extended report of Saturday's soccer game between Clan Mac Gregor of Quincy, Mass., and Rockland reached this office after Tuesday's issue had gone to press. From it we quote:

The clansmen won the toss, and kicked with the wind in their favor, and were soon down on the Rockland goal, but the defence held its own against a clever set of forwards. The backs were clearing their lines in brilliant style. The clansmen were taking full advantage of the wind and were pressing hard. They forced a corner, which was cleared. They were having most of the play at this stage, and finally Ritchie scored the first goal. It wasn't long before Ritchie scored again. They still kept pressing; Rockland hadn't settled down yet and the Clansmen were serving up some nice football with a fine understanding between the players. Their combinations were pretty to watch. Ritchie, the center forward, had on his shooting boots and scored No. 3.

Rockland was now having a little more of the game and the ball was traveling from end to end, with corners coming to both teams Rockland some nice shots saved by Findlay, Thorpe, Robert and Dixon, all having good tries. They deserved a goal but the Clan's defense was sound. Rockland was settling down now, giving the Clan's defense something to do. Corner kicks were cleared by the Clan and it seemed as if Rockland couldn't get the ball past.

The game was now very hot, both goals being tested with hard shots. Rockland made a desperate raid on the Clansmen's goal and was unlucky not to score. Findlay was unbeatable. Half time whistle sounded with Rockland pressing. The score, McGregors 3, Rockland 0.

The Clansmen had a nice run in the second half, and forced a corner, but Rockland saved. A great shot by Dixon was saved by Findlay. Rockland was having more of the game now, and Findlay did well to save his goal. Rockland was desperate now, but the Clan's defense was sound. The Rockland goal keeper was saving great shots. The Clansmen took the ball to the Rockland goal, but Rockland backs were playing a good game clearing their lines in good style. Ritchie got through and scored goal No. 4. After the kick-off what a shot Findlay saved from Robert's! Rockland had hard lines in not having two goals, but kept up the pressure and great shots were saved by the Clan's goalie. But he was beaten at last. Robert giving him no chance to save. This encouraged the Rockland boys. Down they swept on the Clan's goal, forced a corner and were granted a penalty. Dixon took the kick and scored, making the tally 4-2.

The Clansmen now took more of the game and the Rockland goalie had to exert himself to save his goal.

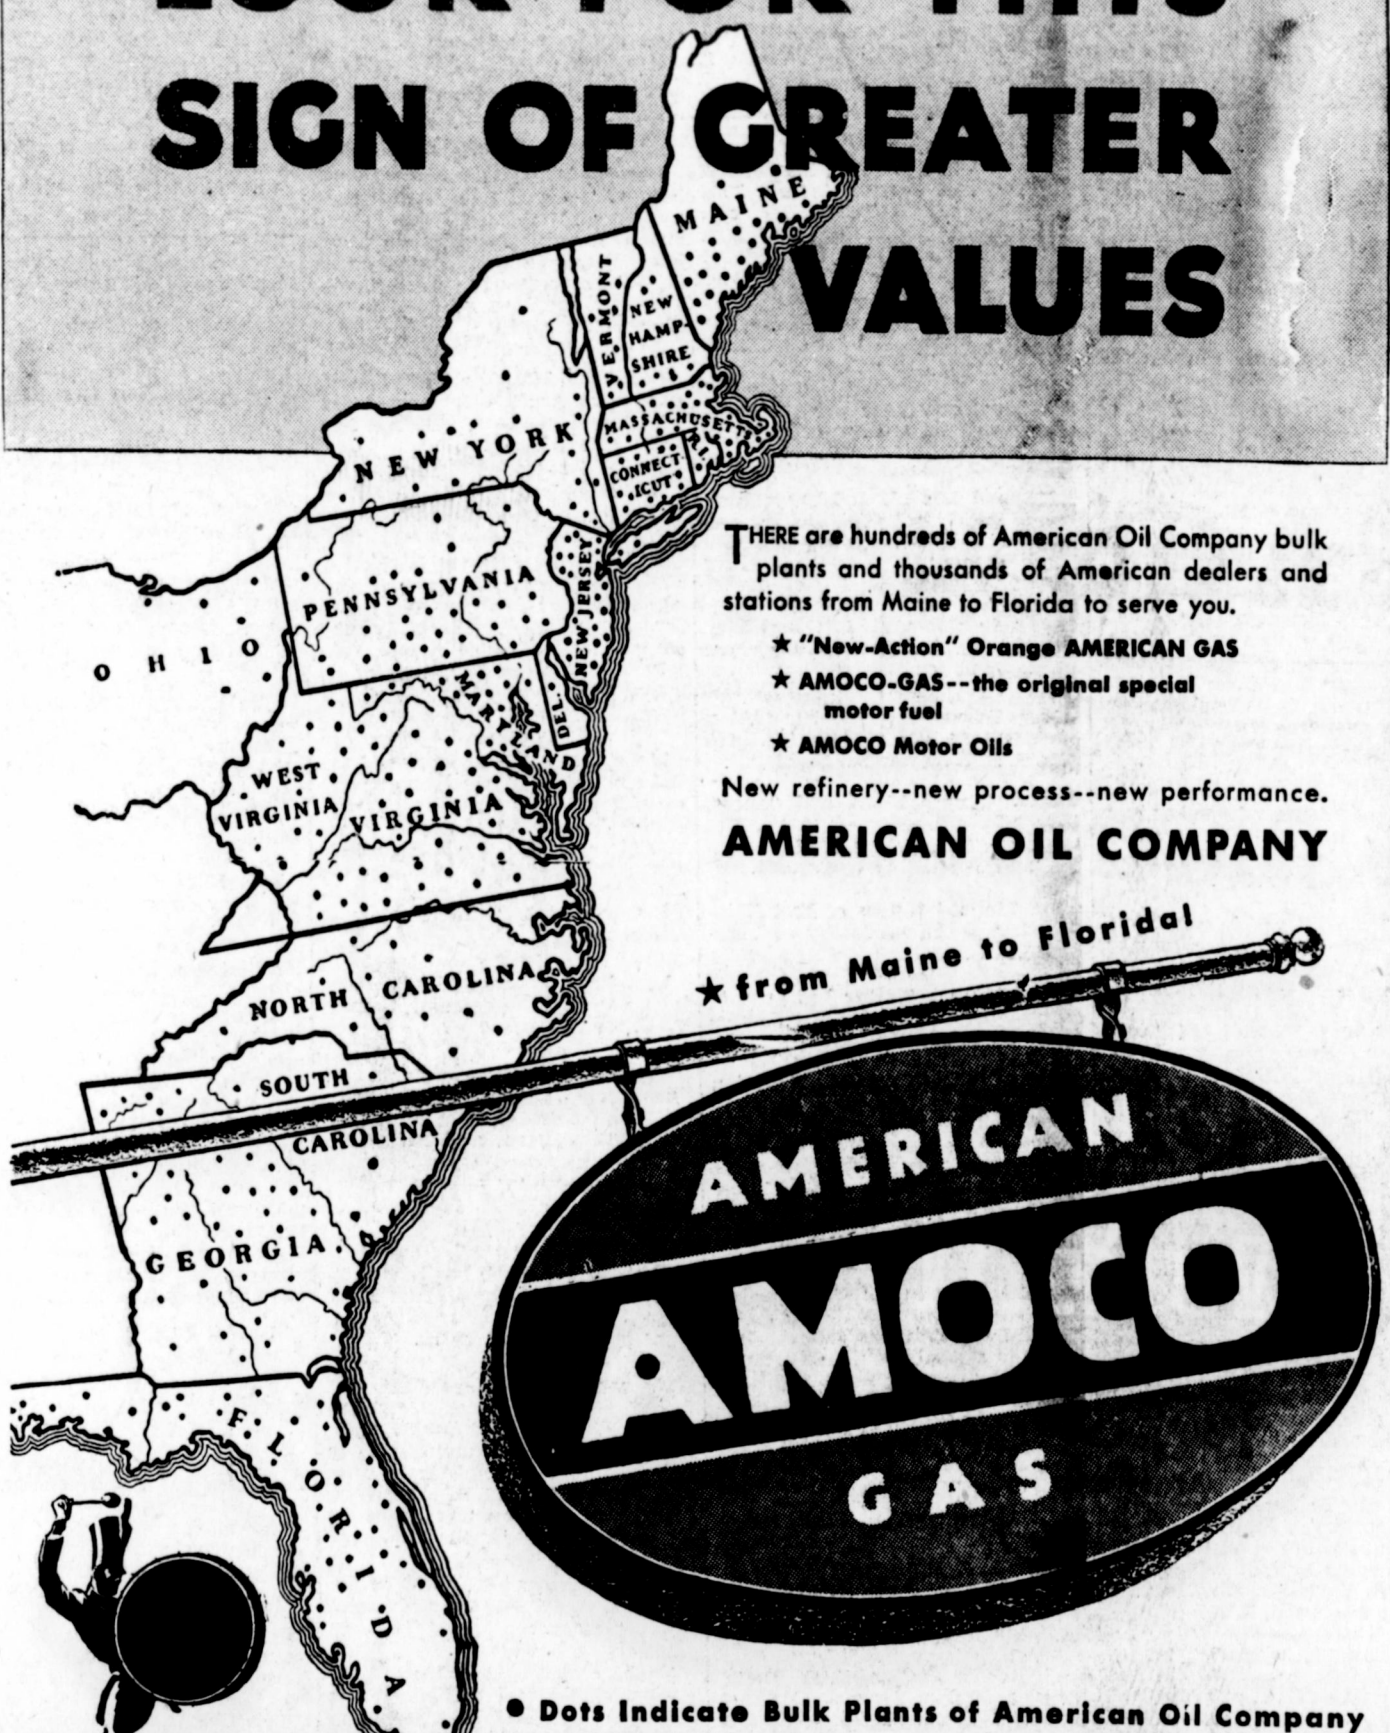

Nice football by the Clansmen now and Ritchie scored No. 5. They kept up the pressure and Ritchie scored No. 6.

It was a nice clean game. Rockland team did very good against one of the best teams around Boston. All played hard and all enjoyed the game.
