

The Courier-Gazette

Let thy mercy, O Lord, be upon us, according as we hope in Thee!—Psalm 33:22.

PATTANGALL SPOKE

What Justice Pattangall had to say, in opening Knox County's campaign of 1936, is told somewhat in detail upon another page. The eloquent speaker's arraignment of the political party now in power, the party with which he voted, will find echo from the great body of our readers, who also look with apprehension upon the road to National disaster, along which President Roosevelt, repudiating all his platform pledges, is rapidly leading the country.

To realize the full value and significance of the address, one should have listened to it from the lips of its brilliant and eloquent speaker. At the best the necessarily abridged newspaper report can present only an outline of the speech, to which the entire electorate of Maine and other regions, we are confident, will have a later privilege of listening to in full.

WHERE EVERYBODY TAKES A HAND

With no desire to pry into the reader's personal affairs, may we venture again to notice the campaign now in action for the filling of our city's Community Chest. It is possible that this reader has already exercised the privilege of having part in it, but if for any reason the opportunity to contribute has escaped attention, we are confident that the omission will be speedily made good. It is not essential that one should give beyond one's means. Even the smallest contribution will link us with this splendid municipal activity, and warm the heart of the giver with the assurance of an act worthily performed and shared in by every citizen.

A FAVORITE SLOGAN

There is a lot of applause (if we may be pardoned the expressive colloquialism) associated with this slogan of the administration that passes so glibly off the tongue. It would be impossible to deny that there are millionaires whose ostentatious employment of wealth has given to the world just cause for offense, and drawn to the possessor the opposition of the masses. But not all holders of wealth prostitute its use to the ignoble purpose. What gifts are made to the building of churches and hospitals; what universities through endowment are raised to the highest levels of usefulness; what institutions of art and music are created for the full enjoyment and instruction of the people—these are merely suggestive of the multitudinous channels through which the acquired monies of the rich man find their way back to where the man of lesser means is privileged to share. If this were a phase to consider nearer home we should allude to the given millions through which the people enjoy the glories of Cadillac; nor would we omit the splendid hospitals made possible to these coastal regions through gifts of the generous. Everywhere it is more or less this way. When we take part in that favorite sport of soaking the rich, let's be fair.

THE URGE TO SPEND

It was that eminent philosopher of the stage-coach days, Tony Weller, who expressed to Mr. Pickwick the considered opinion that "No man knows how much he can spend until he tries." It is a piece of philosophy that any of us in the humble walks of life may profitably pass in review. Nor is there lacking occasion when even a great nation might pause to give thought to the suggestion bound up in it.

FOR THE YOUNG MEN

In calling attention to the magnificent work it is carrying on among the youth of Maine, the State Young Men's Christian Association points to the fact that this country's crime bill is thirteen billion dollars, all of which huge sum is spent for crimes already committed. This means that thousands of men, mostly young men, whose morale has slipped, are turning to force to get what they want. This attitude if persisted in must result in the break-up of society.

We cannot over-emphasize the importance of these organization activities, sustained through a long period of years, in their influence upon the youthful life of the community and the State. It is the boy and the girl of today who have got to shoulder these tremendous burdens that in the present time are being availed upon the Nation. Every community of the present, however small, needs to carry on the foundation work of the Y.M.C.A. and the Boy Scout, if the future years are to find themselves equipped with a citizenry adequate to the problems with which life public and private will then be called upon to engage.

There's no use crying over spilt weather

Every clothier in the nation is as mad as a wet hen at the weather man.

And it's raining bargains now because it rained cats and dogs on the very days in June and July when you were coming down town to see these suits.

Today we're low on umbrellas... but high on cool suits and we're doing something about it.

Here they are, Gentlemen... buy them today... wear them until October 1st... put them away until May, 1936, and then start enjoying them all over again.

CAMDEN'S EIGHT IN A ROW

They Look Very Formidable—Double Header Here Sunday Afternoon

Coming Games	
Tonight—Rockland at Thomaston and Camden at St. George.	
Friday—Camden at Rockport (exhibition).	
Saturday (4 p. m.)—St. George at Camden.	
Sunday—Camden at Rockland (two games, first at 1:30).	
The League Standing	
With eight straight games to its credit Camden has certainly done nothing to discourage its followers, but of course there is still a mathematical chance for somebody else. The figures:	
	W L P.C.
Camden	8 0 1.000
Thomaston	5 5 .500
St. George	4 5 .444
Rockland	1 8 .111

Camden 9, Rockland 5
Manager McCarty's trailing Rockland tenth showed its fangs at Community Park Tuesday night and patted three Camden pitchers for a total of 16 bases. The "chick-ens" made only six hits, but were enabled to win their seventh consecutive game because of the generosity of one Rockland pitcher, and the rather irresponsible baseball running of several Rockland players. Nothing could have more effectively emphasized this paper's repeated statement that the team needs a steady influence. Persistent refusal to do so was reflected in Tuesday night's attendance which was made up very largely of Camden followers.

"Chuck" Ellis one of the hardest working members of the team, and one of the best fielders in the circuit, had a decidedly off night, in the box. Only seven batters faced him. Five were presented with bases on balls and one was hit. Sam Gray, who succeeded him, had one bad inning, aside from which he permitted only three scattered hits. The kid looks good.

The first inning debacle on the part of the home team had a surprising offset in the last half of that inning when Glover, Karl and Frye, the first three batters, lambasted the ball far afield. McAlary's subsequent double cleared the bases but his attempt to stretch his hit into a double neglected to take into account that Leonard and Plaisted had relayed the ball to Wadsworth some 20 feet ahead of his arrival at third.

The second inning was a sad one for Rockland which had the bases full with only one down, but no run was forthcoming because Stahl fanned the next two men, including the hard-hitting Firpo Frye.

Stahl eventually got his, and was replaced by the bespectacled Joe Leonard who had played every position on the Camden team except behind the bat. The fans who hoped he might be a flop in the box derive scant consolation from the fact that Rockland on a batting spree—made only five hits off him in six innings. Leonard's timely singles also helped defeat Rockland.

Dondis and Wadsworth pulled off two fine catches, while Dalley, Mayhew, Thomas and Ellis cavorted effectively in the outfield.

Camden 7, St. George 4
Two disastrous errors—one by Polky when he muffed Bok's fly and the other by M. Simmons when the glaring sun compelled him to dodge a perfect throw by Stimpson lost the St. George Colts their opportunity of pinning the first defeat upon the Chick-ens at Camden last night.

St. George injected three fast double plays into the game, but suffered from base decisions—or so many of the spectators seemed to think. Colbath, although he fanned but one batter, was reasonably effective in all but one inning. Lieut. Bagley threw some provokingly slow ones across the pan, but the ball

seemed to mystify the Colts for they shied away from the plate and went away looking rather sheepish. If that is the proper term to use, in connection with colts.

A particularly fine play was made by Smalley when he scooped up Wadsworth's grounder almost back of first base and retired his man. I. Simmons home run was another feature from the Colts' standpoint, while triples by Til Thomas and the "Looney" were important factors in the game.

Are you wearing a red feather?

Huntley-Hill Post, V.F.W. has its meeting next Monday night.

Winslow-Holbrook Drum Corps will take part in the Carnival-Regatta at Rockport Friday night.

Ruth Page, dancer, is to be presented in a program at the Camden Opera House, Aug. 29.

C. G. 211 figured in the barge fire incident Sunday afternoon, when she stood by ready to lend assistance.

Mrs. Pearl Studley of Brewster street, is mourning the loss of her pet canary, "Buddy" which attained the ripe old age of 14 in May.

Miss Vivian Chaplin who is having her vacation from Woolworth's, is spending it with her sister, Mrs. J. Wesley Stuart in Kennebunk.

The Copper Kettle, The Laurie and The Laurette are resplendent in new coats of paint. A new concrete walk by the Copper Kettle is an added feature.

Gordon Richardson, Granite street, is enjoying tetanus treatment thanks to an enlightening experiment with a 28 calibre shell. The slug tore the flesh of one finger of the left hand.

The Rockland team is playing in Thomaston tonight. Walter Dimick will make his appearance with one of the teams, but which one will not be known to the majority of the fans until the game.

W. N. Wilson, a New York marine artist is to have a showing of water colors at Whitehall Inn, Camden next week. Mr. Wilson has found many subjects in the Penobscot Bay regions, and those who attend the exhibition are sure to voice their admiration.

Pleasant Valley Grange invites Grangers and friends to join with them in a picnic supper at 6 o'clock tonight at the Head of the Bay on Goulding's Beach, weather permitting; if not the date is Friday. If stormy picnic will be at hall. Take cups.

Inspector Flint of the Taxation Department and Sheriff Ludwick visited all of the Knox County towns on the mainland yesterday inspecting the "games of skill." They found a few which were paying in cash and some which were not licensed but as the law is a new one no action was taken other than to give warning.

Sheriff Ludwick was called to Thomaston late last night by a report that a strange man was acting suspiciously. The stranger told Sheriff Ludwick that he was a surveyor for the Quoddy project and temporarily out of funds, although earning a good salary. Later he broke down under the sheriff's rigid cross examination and admitted he was faking. This morning he was to be arraigned for defrauding an inn-keeper.

The little girl who played in a trumpet duet with her uncle, Frank Young, soloist with the Rockland Band, at the Postoffice square Sunday night is Dorothy Young of Haddonfield, N. J. She is only 11. Although she has taken lessons only during the last two summers, she is triple tonguing with unusual success and warrants a splendid future due to her efficient instructor, Frank Young of Owl's Head, and along with her natural talent.

Fifty dollars in free prizes and seven reels of keenly interesting motion pictures will feature the show at Temple hall at 8.30 tomorrow night under auspices of Sea View Garage. These pictures have attained remarkable popularity wherever presented. Admission will be by ticket, no admission being charged. Tickets may be obtained on request from members of the staff of Sea View Garage. A limited number are being mailed. There will be music.

Something interestingly new in the line of ambulance is now in service of A. D. Davis & Son, Thomaston. It gets away entirely from the association with funeral work being designed exclusively for emergency and service purposes. It is a handsome, stream lined vehicle mounted on the new series 120 Packard chassis. It has two hot water heaters, chrome plated cot and fittings, adjustable attendant's seat, built in emergency first aid cabinet, spotlight and other special features.

Drastic reductions on all summer stock, Alfreda Perry, 7 Limerock street—adv. 95-96

The report of yesterday's Lions meeting is deferred to Saturday's issue.

William Kerr, a tenor with a wide radio following over New York stations who is summering in Maine will sing at the Methodist Church Sunday morning.

The Zulu Cannibal baseball team will play at Vinalhaven Sunday going via steamer W. S. White leaving Tillson's wharf at 9 a. m. Many citizens will make the trip to see the game and enjoy the sail across Penobscot Bay.

Thomas H. Chisholm and Charles C. Wotton attended the Red Sox-Yankee double header in Boston yesterday. Willis Ayer, who "happened" to be listening to the radio broadcast of the game, avers that he heard them shout when Joe Cronin made the homer which won the opening game for the Sox.

The sharp interest manifested in the "Jingle Contest" being carried on by McLoon Sales and Service has prompted the offering of a second prize, five gallons of gasoline. Today's is the third in the Thursday series, the prizes going to the first persons presenting the completed series clipped from this newspaper at McLoon's Limerock street.

News from the local telephone office: Miss Esther Ahlberg having two weeks' vacation is visiting her parents, Mr. and Mrs. John Ahlberg, in Long Island, N. Y.—Gilman Seabury is also vacationing from the plant department.—Mrs. Doris Spear is substituting for Miss Ahlberg.—Miss Mary Watson is in the traffic department for a few days.

Announcement is being made of a Curtis concert in Camden Aug. 23, featuring Joseph Levhine, pianist, Mme. Lea Luboshutz, violinist, Felix Salmund, cellist, and Boris Goldowsky, pianist. This is welcome news to local music lovers who have already expressed regret that the summer season should be bereft of the usual musical attractions.

Dr. Charles A. E. Codman, Ernest Davis and Dr. Walter Conley have returned from a very successful fishing trip near Mt. Katahdin. After a six-mile hike through cedar swamps Ernest suggested climbing Katahdin just to get in condition for the coming woodcock season. He lost by two votes. The party camped at Baxter Park where a good bed was enjoyed by all, "all but one."

RESOLUTIONS

Whereas, Our Heavenly Father has deemed it wise to call home our esteemed sister, Louise Bachelder, thus again the golden chain of our Order is broken.
 Therefore, Be it resolved, that in the death of Sister Bachelder, Bethel Rebekah Lodge has lost an old and faithful member.
 Resolved, that we as members of this Order will always cherish the memory of our Sister.
 Resolved, that we extend our heartfelt sympathy to the brothers of the deceased and commend them to Him who never faileth to comfort those in affliction.
 Resolved, that as a mark of respect, our charter be draped for thirty days and a copy of these resolutions be spread on our records and one sent to each brother of the deceased.

DIZZY RHYMES OF BUSY TIMES

NO. 3

Stop where the pump reads Texaco,
 Feed your car and watch it go
 Over the hills without a skip,
 Making it easier on your trip.
 We check your oil, clean your glass,
 All for just the price of gas.
 Your car receives the best of care,
 The windshield shines—the tires have air.
 We give our service with a smile,
 And keep you traveling in style.

SEARSMONT

The Ladies Aid will hold a lawn party and entertainment at the church this afternoon and evening, Thursday.

A committee meeting was held Monday evening at the home of Mrs. F. A. Dunton to make luncheon plans for Old Home Sunday, Aug. 18.

Calvert M. Leeman and Henry Wheelock of Portland were overnight guests last Thursday and Friday at the F. A. Dunton home. Mrs. Leeman and two children returned with them after a three weeks' visit with her parents. They visited Friday with Mr. Leeman's mother, Mrs. W. T. Prior, at Round Pond.

Robert Bowley's children, Betty and Bobby of Medfield, Mass., are visiting their grandparents, Mr. and Mrs. W. B. Bowley.

The recent electrical storm sent a bolt into M. E. Cushman's store putting the telephone out of commission and causing burns at several points on the exterior, but there was no heavy damage.

Don Bowley's two youngest children are very ill. Dr. Carl Stevens of Belfast is in attendance.

Community Church Notes

Morning worship, 10.30; church school, 11.45; evening service, 7.

There will be a lawn party and fair on the church grounds, this afternoon and evening, Thursday. The program will consist of a children's parade, games and special numbers.

The Daily Vacation Church School is progressing satisfactorily. The Sunday evening program will include songs and recitations by the primary children, and a dramatic presentation by the juniors.

Old Home Sunday will be Aug. 18. The 90th anniversary of the church will be celebrated with worship and sociability. At 10.30 a. m. daylight, Rev. Wesley Wiggins, who was pastor here from 1893 through 1895, will preach. Friends and neighbors are requested to take lunches that all may picnic together. The church will

THE PERRY OUTING

Visitors Formed An Impressive Group At Monhegan But Lost Ball Game

The Nereid arrived at Monhegan Island Sunday with the Perry Stores family aboard to the number of about 50, all set to trim the Monheganites at baseball. After a swim and a picnic lunch at Lobster Cove, all trails led to Lighthouse Hill where the ball field is located.

"Snooks" Perry was appointed umpire and proved very acceptable to the crowd. There was no mistaking his decisions as he held both hands in the air where all could see, and when he dropped on one knee with his hands behind him and squinted ahead, one would almost think he was a Silk O'Laughlin, or a Tim Hurst.

George Wheeler who umpired the game last year intended to occupy the same position this year, but unfortunately left his glasses at home, or lost them enroute, we are not sure which.

Some of the things heard and observed from the front row bleachers: One of the Rockland boys said he did not know they had to be monkeys and climb trees out here to get the ball. Well, boys that's the way we knock 'em when we go to bat, either out in the ocean, or up in the tall trees.

Percy McPhee worked so hard as a pitcher that he got a "Charlie-horse" in his leg and had to go limping out to the side lines.

Sparkie Upham in running to first base stumbled. The writer counted three times that he rolled over and then lost count, but he had a cigar in his mouth when he went down, and it was still clutched between his teeth and going when he got up. The package of cigars he had in his hip pocket were not even cracked. Some stunt.

Charles McIntosh had a coat he won't be able to shed for some time and that was a coat of sunburn.

After the game (and the score by the way was 14-0 in favor of the home team) all started for the wharf where our popular Capt. Earl Starrett was waiting with the good ship Nereid to take them home. All at once we heard a loud splash, we rushed to the edge of the wharf thinking it might be an accident but it was only "Snooks" who had gone overboard to get cooled off after that hot (?) ball game.

We spotted Maynard Thomas in the group and went over to shake hands with him, you know he is the boy who almost always answers you when you call "Perry's Market" and he is one of those dependable sort of people, if you get what I mean.

Genial Morris Perry then started to count noses and round up his flock, preparatory to the homeward trip. With everybody waving and shouting good-bye the boat started and had gone a short distance when two of the boys came straggling leisurely down the hill. Finally a boat was secured and they were taken out, as Capt. Starrett was towing Chris Nicholson's boat (some trouble with Chris' engine), the smaller boat soon overtook them.

It was an ideal day and those present comprised a fine crowd of fellows. "Come out and see us again some time, boys, we are always glad to see you."

Mrs. Melvina Crawford Has
 Her First Birthday Cake
 With Candles

Mrs. Melvina Crawford, whose 95th birthday fell July 25, was tendered a surprise party by Miss Lucy Rhodes, other guests being Capt. and Mrs. George Horton. A birthday cake bearing 95 pink and green candles was presented the guest of honor, who in receiving her first birthday cake with candles, was as excited as a girl. The candles were blown out in accordance with the time-honored custom and Mrs. Crawford cut and served the cake.

Mrs. Crawford was the daughter of Edward and Mary (Wall) Snowdeal, and was one of 13 children, all of whom lived to maturity. Two brothers—Charles and Jackson—are still living. She was twice married, first, when a very young woman, to Even Frye of South Thomaston, nephew of Dr. Thomas Frye who lived in Rockland many years ago. After his death she was married to Edward Crawford of Detroit (Maine). Since his death in 1928 she has made her home with her niece, Mrs. George (Winnie) Horton, coming here from Burnham.

She is a member of the Methodist Church of Burnham, of the State Relief Corps and of the Three-Quarter Century Club. Despite the fact that she has been in two auto accidents, one of them quite recent, she remains active and physically fit. She is a great walker, and it is a joy to her neighbors to see her stepping off more agile than one many years younger. Her mind is alert and eager, and her keen sense of humor is a delight. While she enjoys magazines and periodicals she is unable to read much owing to poor eyesight, but through listening she keeps in touch with current affairs. "Aunt Vina" she is lovingly called by her neighbors.

Millions use these suds for tub washing, too

IN tub washing, Rinso's rich, lively suds *soak* out dirt without scrubbing or boiling. Clothes come so much whiter—*safer*. Colors come bright and fresh. Even stubborn edges come clean with a little gentle rubbing between the fingers. Clothes last 2 or 3 times longer this "no-scrub" way. That means you'll save money.

With Rinso you don't need any bar soaps, chips or powders—even in *hardest water*. Recommended by makers of 34 famous washers. Grand for dishes and *all* cleaning. Grease goes in a jiffy. And Rinso is so kind to your hands. Get the big package at your grocer's.

YES, IT WASHES CLOTHES SO MUCH WHITER THAN ANY SOAP I'VE EVER USED! IT WASHES COLORS BRIGHTER, TOO.

STATE OF MAINE

To the Honorable Justice of said Court next to be holden at Rockland within and for said County on the first Tuesday of November, 1935.

Respectfully represents Lena V. Patenaude of Rockland in said County that her maiden name was Lena LaCour; that she was married to George S. Patenaude at Woonsocket in the State of Rhode Island on the twelfth day of August, 1923; that subsequent to said marriage the parties hereto resided in said Woonsocket, until June 17, 1931; that since said last mentioned date her husband has resided in Rockland, Maine, in good faith; that she has always conducted herself toward her husband as a true, faithful and affectionate wife but that her said husband, unmindful of his marriage vows and obligations has been guilty of extreme cruelty toward her; she further avers and claims that her husband has contracted gross and confirmed habits of intoxication from the use of intoxicating liquors and that although able, by means of his labor, to provide for her comfortable support and maintenance, he has grossly and wantonly and cruelly refused or neglected to do so.

She further avers the present whereabouts of her said husband is to her unknown and cannot be ascertained by reasonable diligence.

Wherefore she prays the bonds of matrimony now existing between her and the said George S. Patenaude may be dissolved by divorce and she may be permitted to resume her maiden name.

Lena V. Patenaude.
Dated August 6, 1935.

Zulu Cannibal Giants Coming to Vinalhaven

The most sensational baseball attraction of all times is scheduled to appear against the Vinalhaven Chiefs Sunday at 2 p. m., when the famous Zulu Cannibal Giants invade Vinalhaven.

Charlie Henry, former Detroit star pitcher, who is responsible for rounding up the Zulu Cannibals, has added an even more bizarre touch to his

outfit by adapting native African names, some of which have been borrowed from chiefs and rulers in Daga, Timbuctu and the Congo regions. While this jungle tribe has never pushed a war canoe down the Congo, the members are real ball hawks on a novelty and business jamboree.

The Zulus in their grass skirts and bare feet have won over 80 per cent of their ball games, and this is their

first appearance in this vicinity. Fans are urged to arrive at the park early for seats as a sell-out is predicted to view this celebrated visiting team.

It takes more than Cannibals to scare Al Middleton, who will be on the mound for Vinalhaven.

The special trip of the island boat will probably take many visiting fans from the mainland.

PARK THEATRE

The Great George Coming With Mystery of Three Live Lions

In presenting the Great George, international illusionist, the management of Park Theatre, has secured the premier illusionist of the present day whose feature is the Mystery of the Three Live Lions.

This is an extremely difficult live animal illusion that has brought favorable comment from critics wherever shown. From apparently nowhere an arena containing three live lions are mysteriously produced on the stage.

Featured in Mr. George's assistants is Princess Anita, a most elusive young lady, who completely disappears as easily as a light could be extinguished, or a candle snuffed. A corps of assistants are required and the presentation, is replete with beautiful scenery, equipment and a generous comedy that will reach your most remote laugh cell. Friday and Saturday—adv.

WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pop... Vigor... Vin

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy.

If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes need washing out. This dangerous signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swollen feet and ankles, rheumatic pains and dizziness.

If kidneys don't empty 3 pints a day and get rid of more than 3 pounds of waste matter, your body will take up these poisons causing serious trouble. Don't wait. Ask your druggist for DOAN'S PILLS... an old prescription... which has been used successfully by millions of kidney sufferers for over 40 years. They give happy relief and will help to wash out the 15 MILES of kidney tubes. Get DOAN'S PILLS at your druggist. © 1934, Foster-Milburn Co.

DIZZY SPELLS

For these annoying attacks thousands are helped by taking the little dose of Kruschen Salts—only as much as will lie on a dime every morning. Drop it in your morning cup of coffee—you can't taste it that way—but take it every morning—till the jar is empty—then if not joyfully satisfied get your money back—a jar that lasts 40 days costs but a trifle.

When taking Kruschen (6 separate salts) to reduce take half a level teaspoon to a cup of hot water. Add juice of half a lemon—tastes good that way. No more laxatives—no more cathartics—and no constipation when you take the little daily dose of Kruschen.

RICHFIELD

LIGHTER OILS FOR CARS

"The trend is toward lighter oils." So say engineers of the Buick and Pontiac automotive plants, and the makers of Richlube Motor Oil subscribe to this new trend of knowledge.

Because of the demand today for increased power, smoothness, speed and operating economy in automobiles, the requirements for both fuel and lubricating oils, especially lubricants, are rapidly changing. Engine crankcase oil must perform three major functions: first, to furnish adequate lubrication; second, to permit easy starting; third, to give reasonable oil mileage.

A recent series of authentic tests showed that lubricating oil of low viscosity (light oil) performed these functions to a superior degree in modern automobiles. Light oils reduce internal friction, lubricate efficiently and do not increase running costs. See your Richfield dealer who will show you the right grade of Richlube 100% Pure Pennsylvania Motor Oil for your car.

FROM MAINE TO FLORIDA

The high and low temperatures illustrated are the official figures given by the U. S. Weather Bureau for June 17, 1935, in Portland, Maine; Baltimore, Maryland and Miami, Florida.

"AIR-CONDITIONED" AMERICAN GAS

BEATS THERMOMETERS ON THEIR HOME GROUNDS

IT'S no secret that gasoline motors are erratic in performance when you run into humidity and temperature changes. And it's no secret that you do get humidity and temperature changes, daily and monthly, both on short runs in your particular locality and on longer trips.

"AIR-CONDITIONED" American Gas beats thermometers on their home grounds. By carefully designing this gasoline to cover the weather variations in each locality during each month of the year, we have succeeded in making a gasoline which will give maximum performance throughout all weather conditions. "AIR-CONDITIONED" American Gas gives uniform, dependable performance on either short or long runs. Here's why:

We build into this gasoline some things no other regular gasoline has. We start out with a 100% Pure Petroleum Base. And we keep it pure. No acid is used in our refining operations. And we don't have to add any of the chemicals used in most other regular gasolines.

With the help of our new refinery and modern processes, we have turned out a regular gasoline so new—so modern—so different—that "air-conditioning" is only one of its features.

OTHER GUARANTEED FEATURES!

CLEAN BURNING: 100% Pure Petroleum Base—No Added Chemicals—100% clean burning—no harmful deposits.

GREATER NET POWER: "Air-Conditioned" gasoline plus clean burning guarantees superior performance. Hence, GREATER NET POWER.

HIGHER ANTI-KNOCK: By new processes—without acid treatment—in the world's most modern refinery, we obtain naturally, from 100% Pure Petroleum Base, a higher anti-knock value than other regular gasolines get artificially by the addition of chemicals to bring up anti-knock alone.

MORE MILES: Greater net power and higher anti-knock rating net more miles to the gallon than any other regular gasoline.

"AIR-CONDITION" Your Motor!

Stop at any Yellow and Black American Gas Pump and fill up your tank with "AIR-CONDITIONED" American Gas. Then keep your car "air-conditioned" with this amazing new "AIR-CONDITIONED" American Gas. Even though it costs us more to produce, it is being sold at regular gas prices from Maine to Florida and inland by thousands of American dealers and stations.

THE VOTE WAS CLOSE

But Advocates Of a New Thomaston School Building Lost Out

Thomaston citizens assembled in Watts hall Tuesday night in large numbers to consider the question of providing more room for the school pupils. The women had quite a prominent part in the discussion. Miss Mary McPhail displayed a chart showing the numbers in each grade in a series of years. Her conclusion from this chart was that the condition was temporary and did not call for large expenditures of money in a new building.

Miss Rita Smith led the advocates of a new school building and was supported by Capt. John Brown, Edwin Lynch and the superintendent of schools. Other speakers were Edward O.B. Burgess, Edgar Libby, P. L. S. Morse and William T. Smith, Sr.

The house was divided and a count by tellers showed 107 for and 113 against building a new school building. The article in the warrant, calling for alterations to the present building on Green street, was after considerable discussion, indefinitely postponed. What the next move will be is not in evidence. Vacation time is rapidly passing.

It Might Prevent an Accident!

THE OTHER DAY a motorist asked why our service men clean both windshield and rear window when we fill up his tank with Socony Mobilgas. There's a very good reason.

Because, nowadays, your rear-view mirror is inside the car. It's almost as important to have clean glass behind you as in front of you.

Socony Dealers are famous for their extra services, in addition to Mobilgas, the largest-selling gasoline in America today.

But none of these services is meant to "impress" you. Some are for safety. Some to prevent trouble with tires or engine. Others for your comfort and convenience.

We believe they'll make driving more enjoyable for you. On the road, as well as at home... look for the Sign of the Flying Red Horse.

REED-HOPKINS

Wedding At the New Church In North Haven Important Social Event

With a prelude of selections, followed by the wedding march played by Gerald Hopkins of Boston, the new church at North Haven was filled to capacity with island residents and summer visitors for the wedding of Joel H. Reed of Stafford Springs, Conn., and Miss Cora Hopkins of North Haven, Sunday afternoon.

The bride leaning upon the arm of her father, preceded by ushers, bridesmaids and matron of honor was met at the front of the church by the groom, escorted by the best man. The impressive service with the use of two rings was performed by Rev. Henry Felton Huse, pastor of the church.

The best man was Samuel Castle of Hartford. The matron of honor was the sister of the bride, Mrs. Edith Bloom of North Haven. The bridesmaids were Mrs. Samuel Castle of Hartford, Conn., and Mrs. Eleanor Thornton of North Haven, a sister of the bride. The ushers were Bryant Hopkins of Waterville, a brother of the bride and Reed Walker of Richmond. The bride was given away by her father William Hopkins.

The bride's gown was of ivory satin trimmed with lace and seed pearls. With it she wore a veil of white net also trimmed with pearls. The color scheme of pink and blue was carried out in the decorations of the church and in the gowns of the attendants. The gown of the matron of honor was of pink mousseline de soie. With it she wore a blue hat and carried a bouquet of delphinium and pink roses. The bridesmaids wore blue mousseline de soie with pink hats and carried bouquets of pink roses and delphinium.

The groom is the son of Mr. and Mrs. Willis H. Reed of Stafford Springs, Conn. The bride is the daughter of Mr. and Mrs. Will S. Hopkins of North Haven. Mr. Hopkins being one of the island's most successful business men, and long time owner of the Hopkins store. A graduate of Wheaton College in Norton, Mass., the bride has been a teacher of English in the high school at Plainville, Conn. and also Norwood, Mass.

Following the ceremony an informal reception was held at the church. Later a picture of the bridal party was taken in front of the bride's home and a sumptuous lunch served to the guests from away. Late in the afternoon Mr. and Mrs. Reed left on the Leon Staples' cabin cruiser from Pulpit Harbor for Camden, and thence for a wedding trip unannounced. The recipients of many beautiful gifts, Mr. and Mrs. Reed have the felicitations of their host of friends.

Guests from away were Mr. and Mrs. Willis Reed of Stafford Springs, Mr. and Mrs. Reed Walker of Richmond, Maine, Mr. and Mrs. Samuel Castle of Hartford, and Mr. and Mrs. Bryant Hopkins of Waterville, and Gerald Hopkins of Boston, and many friends from the neighboring island of Vinalhaven.

The floral decorations at the church were in charge of the bride's brother, Gerald Hopkins, and consisted of large jardinières filled with gladioli and other flowers.

Tooovik Club is to have an all-day outing next Tuesday at the cottage of Mrs. H. B. Blodgett, Jefferson Lake. George Houston has returned to Wilmington, Del. after spending July with his family at Pleasant Beach.

Mrs. John M. Pomeroy and daughter Laura are visiting relatives in St. Stephen, N. B., for the month of August. Mr. Pomeroy accompanied them there, returning Monday.

Mr. and Mrs. Lawrence Jordan have returned to Cambridge after visiting Mrs. Jordan's parents, Mr. and Mrs. Eugene Sleeper. They were accompanied by Mrs. Vernon Giles.

A ONE-WOMAN SHOW

Cornelia Otis Skinner, Famed Impersonator, Delights Fashionable Audience

Cornelia Otis Skinner appearing at Camden Opera House Tuesday night brought to the people of this section a privilege rarely accorded them.

Suppose that we go into the theatre without knowing the type of actress she is, or what nature of entertainment she presents. The curtains will swing apart disclosing the stage with a small table and two chairs the only setting. Stepping from behind the curtains at the back comes a fairly tall exquisitely poised woman, dark of hair and eyes and lovely of face, wearing a gown of dull blue lace made on simple lines. The table is moved a few inches, a chair is placed in another position, she announces her number, and from then on pages from life from various lands and various people are unfolded before eyes and ears. With the aid of such simple accessories as a smock, a lacy scarf, a negligee, a knitted shawl, velvet throat band, pieces of gay silk chiffon, etcetera, Miss Skinner projects character after character so canny, so real, that one has to think twice to actually know he is in a theatre watching an impersonator. Her personality is imbued with graciousness, polish, simplicity. Her work is careful, fascinating—in fact, it may be said of her that she is an artist of peculiar charm, yet always are present the tokens of a sensitive and cultivated mind.

TWO PRIZE WINNERS

Extra "First" Made Necessary In Today's "Four Star" Battle

Two excellent letters in the "Four Star People You Should Know" Contest left the judges in a difficult position today, so two first prizes were awarded, falling to veteran writers who answer nearly every issue: Mrs. Clara Overlock, Washington and Mrs. Hazel N. Curtis, 9 Pine street, city. Miss Margaret Rogers, 23 Spruce street drew the \$1 prize.

Mrs. Curtis resorted to the ever effective limerick and in spite of crowded columns the Contest Editor has asked the use of two of the jingles. The other answers are necessarily deferred until Saturday.

"Stans" one of these regular guys you know, he is owner of Flye's. When he starts in to battle He kills every ratie. Just ask him, he knows all the "whys." Harold Karl is a painter by trade. And his paint's guaranteed not to fade. His men work right snappy They'll sure make you happy With colors from primrose to jade.

Miss Thelma Milburn of Lynn, Mass. is a guest of Mr. and Mrs. C. Maynard Haveney, at The Highlands.

Mrs. F. L. Newbert was hostess to E.F.A. Club for picnic dinner and bridge Wednesday at her cottage at Rocky Pond.

Mr. and Mrs. Alfred Burkett (Kathleen Haskell) who spent their honeymoon at Cooper's Beach have gone to housekeeping at 8 Laurel street.

Howard Carver of Rochester, N. Y., is guest for the week of his fiancée, Miss Estelle Hall.

Miss Isabel Frost and Miss Cecile Kelley, of Kingston, Pa., are guests for the week of Miss Hilda Levensaler.

Mrs. Andrews Mitchell of Nahant, Mass., was in the city Tuesday calling on Mr. and Mrs. R. L. Jones and Mr. and Mrs. Fred Harden at The Highlands.

Mrs. Marion Cobb Fuller is at the Maddocks home, Owl's Head, for a few weeks' stay.

Mr. and Mrs. Stanton Glover and children are at a cottage at Lake Megunticook for a week. Mr. and Mrs. Mayland Morse (Helen Webb) returned to their home in Concord, N. H. after the funeral of Mrs. Lucy Glover; Miss Emily Webb returned to her home in Boston.

Mr. and Mrs. Harry A. Buftum arrive today in New York from their trip abroad and will soon be welcomed home to Rockland.

Bertram Keene and family of Bloomfield, N. J., are making a fortnight's visit with City Clerk E. R. Keene.

Dr. F. Lawton Barrow and fiancée Miss Virginia Ladd, both of Boston have returned home following a week's visit with Dr. and Mrs. Charles E. Thurlow. I. Parker Osgood of Brookline and Swampscott, Mass., is now a guest of the Thurlows.

Mrs. Willard C. Dart and Edward Dart of Providence are in the city and will be with Mrs. J. Harry Boynton for the remainder of the summer.

Always welcome in the city are Professor and Mrs. Harry Dunn of Boston, who were here yesterday looking up friends and relatives. They are at Pemaquid for the season.

People You Should Know

★★★★ FOUR STAR FOLKS ★★★★★

By HELEN NELSON, Special Staff Feature Writer

(Copyright 1935—By Claude Moss—Reproduction in Any Way Forbidden)

MILTON M. GRIFFIN

★★★★ IN season and out of season, Milton M. Griffin, our genial Clerk of Courts has been a booster for good roads, schools, churches, homes and business benefits. He has always been for progress. Other people may have more of this world's goods, but we doubt if any of them have gotten more out of life or helped put more back into it for others. As Clerk of Courts he doesn't find any time to waste. Keeps a record of every case brought into Court, criminal, civil or equity; takes care of naturalization papers; executes all applications for passports; is Clerk of County Commissioners, as well—and that covers supplies, paying bills, recording road hearings and various other activities. He must be informed on County and State laws to answer questions intelligently, and first, last and always—he must be accurate. This gives you a brief outline of the qualifications upon which Mr. Griffin has been making good for our folks all over the county. "Grif" was shuttled down to land just around the corner. Rockland schools and Bryant-Stratton of Boston polished off the edges and started him going. Two cents a quart jingled in his pockets for his first blueberry money, and football is his failing. Sixteen months overseas in the air service; Odd Fellows, Legion, Baptist Men's League, Knox County Fish and Game Association secretary of Aurora Lodge of Masons are only a few of the places he derives interest and happy contacts. Our two word description of him is—"Co-operation and Understanding." You'll agree with us on both.

Phone 707 and ask: How long has he devoted to this responsibility?

RAYMOND E. THURSTON S. B. BANKS

★★★★ DOES quality gasoline and motor oil count with you? If so, The Thurston Oil Company is wanting to see you. Their headquarters you'll find on Thilson Wharf, and their record making Amoco you'll find at dependable service "stops all through Knox and Lincoln Counties. "Amoco" holds more world's records than any other gas. They have the largest and most modern refinery in the world at their Texas fields. "Amoco" wherever you see it, is "The sign of greatest values," and it's a good thing to know all you can about the gas and oil you use in your car. Raymond E. Thurston, owner of this progressive oil business, needs no introduction to home folks—he's too much of them in every worthwhile activity throughout this Knox County. His right hand man and Manager of the business is Sumner B. Banks, one of the home crowd seven years, and a rambler around the world if there ever was one. With the exception of Asia, has been in some part in every country on the globe, and always wore the Navy Blue. Born in Massachusetts; first nickel earned delivering papers in Calgary, Alberta, Canada; two years on a horse ranch; second lieutenant Rockland Battery, National Guards; sizzling steak was always his first order on shore leave. Started to see the world when he was ten and made a good job of it. He's one of the happiest Indians we've met around town, and singing in his sleep is one of his favorite ways of resting.

Phone 127 and ask: How long has Thurston Oil Co. been Amoco headquarters?

HIRAM P. FARROW

★★★★ WE like to write about pioneer folks, because they have had so much to do with the development of business and communities, and are fortunate to be able to look back over the years and compare "now" with "then." Today there is a royal welcome in our columns for Hiram P. Farrow, civil engineer and past master in the business of land titles, whose office is in the Court House, and who has probably forgotten more than most of us will ever know. He is a charter member of the Maine State Society of Civil Engineers; the oldest County Commissioner in point of service of any man in the whole State of Maine; has worked in one-tenth of the towns and cities throughout this State; there is only one attorney now living who was here when he first came to this county, and as an outstanding engineer, his ability has been recognized all over the islands, mainland and back country. Belmont was where a "bundle from heaven" was left at the Farrow home one day, and his parents promptly

named him "Hiram." He can tell a joke and chuckle over its fun as heartily today as he did 50 years ago; likes to see what's under things; doesn't miss a trick on complicated mechanisms of this-and-that; has a deep appreciation and fondness for people, and keeps closely advised on what's going on around the other side of the world. "Good will" is his middle name and without knowing it, he unconsciously builds good will wherever he is.

Phone 508-M and ask: How long ago was he first elected County Commissioner?

McLOON SALES & SERVICE

★★★★ COME along, folks, and see for yourself what it's all about. Let's stop at McLoon Sales & Service on Limerock street, sail right past all the big main headquarters to the new department in the northwest end—the Electric Service Testing Shop that compares with New York City's best. Important looking machines whisper—"precision, speed, efficiency." Over there's the testing bench for generators, starters, voltage, regulators. That speedometer machine adjusts your dial until it is absolutely correct. This fuel pump tester discovers what's wrong with your pump and the corrections needed. Over yonder that mileage tester tells you the exact mileage per gallon, and how to get more miles—if that's possible. This shock absorber affair checks action, locates leaks and rattles, and that shiny important looking lathe repairs armatures, starters, etc. and even makes small parts. And here's one that's all but human; it's a motor tuner, and investigates, if you please—and analyses vacuum, compression, distributors, coils and makes just 35 other important tests. Radiators are mighty important too, so they're equipped to make big repairs and little ones—no matter what car you drive, and handle new radiators and cores complete. Being a judge of men, John McLoon, (whose general business story appeared some time back) has in charge here Ellery Nelson, airplane, marine, automobile mechanic, who even surprised the factory folks with his knowledge of this work, and Maynard Marston, executive-technician, who supervises this wholesale parts and electrical end of the business. The whole town is proud of their smart streamline maroon truck that delivers parts to every worthwhile garage hereabouts. United Motor Service spends millions in Saturday Evening Post and other national advertising, and when you read it you can say—"We have the whole service at McLoon's." Today John is saying—"Come in and see for yourself the specialized machinery we have for the 'nervous' system of your car. We'll be happy to explain it to you."

Phone 730 and ask: Why is all this special equipment necessary?

EDWARD N. SYLVESTER

★★★★ AT this place am going to take a little of your valuable time and tell you about Edward N. Sylvester, 503 Main street, your wall paper dealer and painter. If with pleasure you are reviewing the life or viewing the work that a person is doing, and if you like him your policy should be to tell him now. That's why we are not going to withhold our appreciation of "Ed" till the preacher makes an oration and he lies with snowy lilies on his brow. We honestly believe in handing the flowers out while he is alive and not only talk good things but print them. Let come what may, you could not turn E. N. Sylvester aside or slacken his pace, hence he gets a bouquet from us. "Ed" was made from the clay of the earth out of the ground at Rockport. First nickels he made was turning the peanut roaster for his Dad. Then he would take his nickels and ride on the merry-go-round. He has had a wall paper store here four years and one year at present location; first time he ever drove he tried to show off his new car and ran into a sand heap; his heart flutters with joy when he sees lemon pie on the table; two things that keep him from being a good dancer are his feet. Mrs. Sylvester has charge of the store, and is entitled to some of our flowers because she greets and displays the wall papers so friendly to us. Two love birds hovered over Rockland and placed her here in her first nursery. She loves the water, and is a swell swimmer. If she could have had her choice, she'd have been a fish. They would make two good gypsies as they like to travel.

VESKER NAUM-SPIRO ADAMS

★★★★ THE old adage, "An apple a day keeps the doctor away," is a wise saying. It is not only true with regard to apples, but applies to all fruits as well. Fruits and vegetables are not only good to eat, but they supply ingredients the human system needs. Naum & Adams, 220 Main street, sell nothing but the finest of fresh fruits and vegetables, and from the beginning this market has stood as one of the dependable markets in this Rockland area. Vesker Naum has been one of our home crowd 20 years. Used to be in the business with his Dad and bought the business from him in 1916. Their trucking route is one of the best known and appreciated around these parts. Spiro Adams has given a good account of himself in Rockland for past eight years and has been handling out fruits and vegetables 15 years. Both these "wide-awakes" first landed on this sphere in Albania and adopted Uncle Sam as their own when in their teens. Either would pass up his dinner, if good and hungry, to watch a home-run. They took this new store over in May, have filled it with the everyday things that keep the wheels moving smoothly—news, magazines, soft drinks, ice cream and soda, baked food—and of course, fine fruits and vegetables. They'll never be millionaires, but they'll always be rich in friends because of their kindness and desire to give others a "lift" along the way.

Phone 627 and ask: How many fresh fruits will you find here any day?

WINONA BRIGGS

★★★★ WHAT a sense of complete satisfaction is yours when you know your hair is becomingly waved, your nails beautifully manicured, your skin clear and firm. Yet, so often a woman neglects these little attentions which she rightfully owes herself. It isn't the cost, because at The Little Beauty Shop, 598 Main street, operated by our friendly Winona Briggs this is a very reasonable matter indeed. It is just making the appointment, and accomplishing the very little effort of putting yourself in the hands of Miss Winona, herself. It doesn't matter what you want done, she will do it well, and bring out your own personal charm. Her Realistic Waves make a casual customer, a permanent one. She has a special knack in dyeing hair, and she makes a personal study of every one of her customers. "Winona" grew up, (but not so very big) down east; loves crowds, excitement, action. Worked in Bangor before coming here; in fact, graduated from the Easton Beauty School of Bangor. Keeps up to the second on new methods and ideas, and always puts a little originality into her work. Has a flair for modernistic art; get all the chemicals that make harmony and fun, mixes them up with a batch of sunshine, and passes them out unconsciously to everyone she meets.

Phone 1064-W and ask: How long has she been making girls and women beautiful?

MICHAEL ARMATA

★★★★ PEOPLE YOU SHOULD KNOW is no social register. It is a newspaper feature giving credit to people in America whose achievements or talents have singled them out for special notice. At this point we are going to give you a little extra treat and chit-chat about Mike Armata, of The Men's Shop, 17 Park street. He has found his niche in the world, and as a result leads a subdued, a sane and an almost contented life. The stork set "Mike" down first in Italy. He left home when seven years old to make his living and many indeed were the occupations followed by him before he rose with a dollar in his hand. One thing sure, he always saved a few cents. At 16 he had enough for a ticket to U. S. A. and over he came landing with half dollar. Worked 18 years for Rockland Time Company; bought farm for his parents; been back to Italy three times; started into business with 25 suits and 25 overcoats and today his store is jammed with suits, coats and furnishings; at times lights up cigarettes one after another; gets a big bang out of picnics; has hankering for chicken; his brown eyes look you in the eye when chatting; another example to young men; and is one who will never go to the bow-wows.

VINALHAVEN CONCERT

Noted Musicians To Take Part Aug. 16 in the Band Benefit

The annual concert for the benefit of the Vinalhaven Band will be held in Memorial hall Aug. 16, the date coinciding with that set aside by the Governor for the State of Maine to extend greetings to its summer visitors. Vinalhaven has kept pace with the movement inaugurated by Gov. Brann and each year its well known band has sponsored a movement, that not only extended best wishes to its summer visitors, but included them in the undertaking, to the mutual benefit of both natives and summer residents.

Among those already slated to appear on the program, besides the selections by the band, are Miss Rosamond Salisbury, cellist, who is summing at Lee Shore Farm; Miss Salisbury is a student at the Oberlin Conservatory of Music, and those who heard her at the Union Church concert last summer again have an opportunity to hear her on the

WILLIS AYER

Band's program. Prof. Maurice Kessler, who is occupying Red Lion cottage again this season, will be heard in solos for the viola d'armore and will also direct the band in some of its numbers. Prof. Kessler expects to go abroad next year for further study and teaching experience. He is a former member of the Kaiser's favorite orchestra in Berlin and also of the Boston Symphony Orchestra. He is now on the teaching staff of Oberlin College.

Another great favorite is Prof. David Moyer, teacher of piano, at Oberlin College, who has purchased the former H. A. Delano place at Old Harbor and is now conducting summer classes for some of his students. Prof. Moyer has had the benefit of several European concert tours before coming to this country and was known throughout the Continent as a child prodigy. Prof. Moyer or as he is better known to his friends "Dave" is an ardent fisherman and when he can find a few hours from his duties likes nothing better than to bait a hook and throw it into the salty waters of Penobscot Bay to see what will be on the other end when he pulls it in. Mrs. Moyer who has had a versatile career as a church soloist will also be on the program in some selected vocal solos. She will be guest soloist at Union Church, Sunday evening, Aug. 10.

Vinalhavenites always take great pride in the artistic career of their native son, Prof. Rufus Mont Arey, now instructor at the Rochester (N. Y.) Institute of Music and a member of the faculty of the Eastman School of Music. "Mont" as he is more generally known has risen from the rank and file of ordinary musicians to become one of the best known clarinetists in the country and his solos on these programs are always eagerly looked forward to. Because of his love for his native

town he has selected "Home Sweet Home" with variations as his solo and no one will doubt but what "Mont" will express most eloquently with his clarinet what he could not put into words.

Further particulars will be advertised as the time for the concert approaches, as plans have not yet been perfected and other artists may be announced.

Another Vinalhaven boy who, although a finished pianist, has achieved his reputation in a different line of art is Harold Vinal, who

will appear in a group of selected readings. Mr. Vinal as editor of "Voices" one of the foremost poetry magazines of the country is constantly increasing the scope of his art and today is considered one of the leading exponents of modern verse. His services as critic, teacher, writer, and reader are in great demand and he has only recently returned from an engagement in Waterville, where he read some of his own compositions. Mr. Vinal is summing at "The Moors" on Lane's Island and is interested in starting a summer studio for younger writers.

APPLETON RIDGE

H. C. Stanley, steward on the yacht Starling, visited recently with his family in Bangor and at this place. Mrs. Adella Martin is in Portland where she will spend a month with her granddaughter Mrs. Bessie Brown and family. Mrs. Ethel Moody and daughter Ruth were Boothbay Harbor visitors Sunday.
