Thomas, president of the Camden Board of Trade, to confer at an announced date with Mr. Sides, at which time specific proposals for service will be discussed.

SOIL BUILDING PRACTICES

A. K. Gardner, a Rockland Boy, In Charge Of the Program In Maine

Rates of payment for soil-building practices under the terms of the soil conservation program have been finally approved by the Agricultural Adjustment Administration, A. K. Gardner, executive officer of the program in Maine, announces. Soil-building payments are one of two types of payment to be made under the conservation program. The total soil-building payment for any farmer may not exceed his number of acres in soil-building and soil-conserving crops in 1936 multiplied by one dollar. The actual amount to be paid, within that maximum, depends on the practice and the number of acres affected. Rates for diversion payments, the second type of payment, have not been announced.

The practices approved are: Improving established grasses and legumes; establishing new seedings of grasses and legumes; growing green manure crops; planting forest trees; mulching orchards.

The following rates of payment per acre have been approved for improving established grasses and legumes. For applying between March 1, 1936 and Sept. 1, 1936, not less than the following quantities of the following materials, or their equivalent, per acre on crop or pasture land, and seeding such land before Aug. 1, 1936 to grass and legume mixtures containing at least 40 percent by weight of legume seeds, or to legumes. When seeding is made without a nurse crop or with oats, barley, or a grain mixture as a nurse crop which is cut green or pastured sufficiently to prevent grain formation: (1) Seeding land requiring no treatment; \$2 per acre. SOUTH THOMASTON

Lemuel K. Stevens

Lemuel K. Stevens died at the home of his daughter, Mrs. Harvey Hooper, April 16, after a period of illness covering four years, during which time he was tenderly cared for by his devoted daughter and loving wife.

The deceased was born in Pemaquid, Sept. 15, 1852 son of Capt. and Mrs. Richard Stevens, being one of a large family of four brothers and five sisters, all of whom died many years ago. Capt. Stevens' boyhood was spent in his home town and many an interesting story he could tell of his early life.

On Nov. 13, 1881, he was married to Etta H. Gamage of South Bristol of which happy union a daughter, Beatrice, was born, in whom centered all their pride and joy.

For 35 years Capt. Stevens followed the sea and during this time he had a beautiful home built at Boothbay. His seafaring voyages took him to many points of interest. He also worked as a ship-carpenter at L. L. Snow and Cobb & Butler's, Rockland. After he sold his home at Boothbay he moved to Rockland, and for 18 years made his home there, where he endeared himself to all who came in contact with him.

In July 1919, he retired from active duty, and desired to seek a quiet, restful spot, where he might spend the remaining years of his life, amid the beauties of nature, and all that was bright and beautiful.

With his family and son-in-law he moved to this place where his wishes were fulfilled.

In the death of Capt. Stevens this community has lost a respected citizen, a man of sterling character, innate goodness, and genuineness. No one will ever know the kind deeds of charity he passed on to those in adversity and trouble. It was his ambition that made him a noble man, and his face portrayed the impression of self-possession and resolute force; thus with courage and self-control he met his tasks. He loved his home, friends and above all the beauties of nature. [Contributed]

WITH THE WRESTLERS

Another Attempt To Be Made Tonight To Grab Jackie Nichols' Crown

Jackie Nichols of Richmond, light heavyweight wrestling champion of the world, will take a foolhardy chance tonight when he faces fiery Fred Bruno of New York in the main bout of the all-star card of wrestling at the Rockland Athletic Club.

Nichols will have his crown at stake in the match, which will be waged over the best two in three falls to win route, with a 90-minute time limit and International Wrestling association rules in effect.

Fred Bruno can wrestle like all get-out when he is in the mood but he more than likely will attempt to win by rough, tough tactics and Nichols may lose his crown via a right hand punch to the jaw which, regardless of how you figure it, is not a wrestling hold.

Ed McNeil of Halifax, super-powerful mat star, will meet blustery Mad Mike Tellegen of Ukraine, one of the sports roughest and toughest arch-villains, in the semi-final bout, one fall to win, with a 30-minute time limit and Steve Karas of Lynn, former middleweight wrestling champion of the United States Navy, will take on Tiger Joe Ferrona of Olean, New York, in the special bout, one fall to win, with a 20-minute time limit. This collision promises to be action-jammed from hand-shake to pin fall.

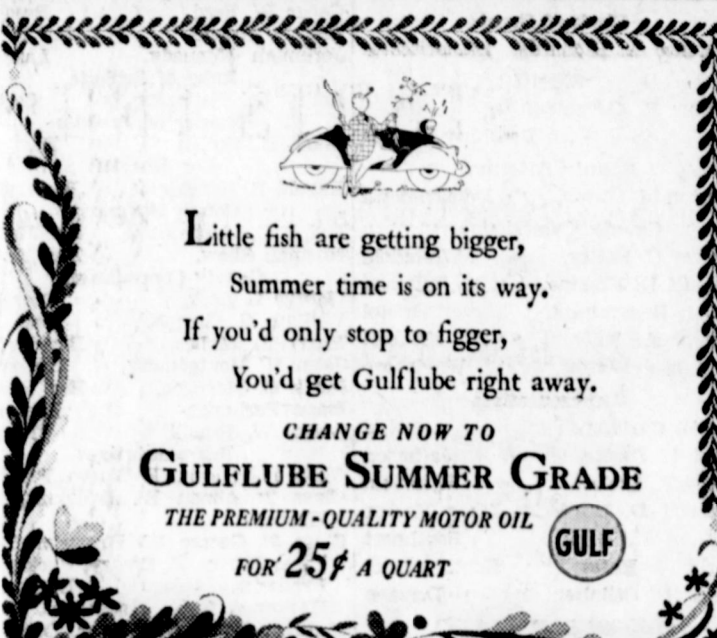

STRAND THEATRE

With Warner Baxter starred in the leading role, the picture tells the story of this gentle Maryland physician who was trapped with Lincoln's murderers, and who spent years in a living hell for a crime he had never committed. Grim, fever-ridden Fort Jefferson, the massive American fortress on a Caribbean island, is the scene of this powerful drama of man's inhumanity to man. And John Ford, most capable of Hollywood's dramatic directors, brings this narrative of prison life, torture, terror-stricken escape, courage and self-

sacrifice to the screen, under the personal supervision of Darryl F. Zanuck.

The story of "The Prisoner of Shark Island" was adapted from the true historical account by Nunnally Johnson, Gloria Stuart, Arthur Byron O. F. Heggie and Claude Gillingwater are seen in the principal supporting roles. —adv.

Three miles of that new highway on the Camden Mountains have been built. The work began on the Lincolnville end. A large number of Rockland W.P.A. workers are employed there.

Methodist Pastor Bidden Farewell

At the Methodist Church Tuesday night a farewell reception was tendered Rev. and Mrs. F. F. Powle. A gathering which taxed the capacity of the vestry, included many friends from Camden, Rockland, Simonton as well as this town.

In the receiving line with Rev. and Mrs. Powle were Rev. and Mrs. G. F. Currier of the Rockport Baptist Church, Rev. and Mrs. C. E. Brooks of the Rockland Methodist Church, Mr. and Mrs. Arthur K. Walker, Adelbert Corson, Capt. Ernest Torrey, Mrs. Mabel Withers, Mrs. Mildred Rider, Mrs. Cecelia Cain, Mrs. Emma Torrey, Mrs. Stella Simonton and Miss Marion Weidman.

An interesting program consisted of several selections by Fish's Orchestra, readings by Roberta Holbrook, Helena Upham, Donald Welch, and the words of which were written by him and dedicated to Rev. Mr. Powle; piano solo, L. True Spear, Jr., and selections by male trio, Rockland Richards, Ernest Crockett and Maurice Miller, accompanied by Mattie Russell.

Resolutions from the church were read by Mrs. Withers and gifts, including a sum of money from the church, a leather bound M. E. Church hymnal from the Ladies Aid and a beautiful linen table cover, were presented by Mrs. Lane, with appropriate remarks to which Rev. Mr. Powle feelingly responded.

Rev. C. E. Brooks offered prayer and the trio sang for a closing number "Best be the Time to Live." The benediction was pronounced by Earl Achorn. Refreshments were then served and a social hour enjoyed.

Spring flowers and candles furnished the attractive decorations. The committee in charge was composed of Linthe Lane, Marion Weidman, Annie Spear, Gertrude Havener, Mattie Russell, Cora Morrill, Ernest Crockett, Roland Richards, Maurice Miller and Earl Achorn.

THE SAUNTERER
A. B. Crocker

"The first of May! There is a merry freshness in the sound, calling to our minds a thousand thoughts of all that is pleasant and beautiful in nature, in her most delightful form. What man is there, on whose mind a bright spring morning does not exercise a magic influence—carrying him back to the days of his childish sports and conjuring up before him the old green field with its waving trees, where the birds sang as he has never heard them since—where the butterfly fluttered far more gaily than he ever seems to now in all his ramblings, where the sky seemed bluer, and the sun shone more brightly—where the air blew more freshly over greener grass, and sweeter smelling flowers. Such are the deep feelings of childhood and such are the impressions stamped upon the heart."

So wrote Charles Dickens many years ago in his "Sketches." Of course he was writing of scenes in merrie England in the springtime, of which I know nothing personally. But with the climate of New England in the springtime I am somewhat familiar, never having lived in any other part of the world. I can conjure up no memories of May 1 in my childhood in Maine which would cause me to get "all het up" as Charles did.

It was a holiday for the school children. We had a May party somewhere, and usually went to the Murphy woods. If some nice lady, book style, had asked us this question, "Are you children seeking the trailing arbutus?" the reply would have been, "No, mum, we're going hunting for mayflowers." I have just consulted Mr. Webster and he tells me that a mayflower is: "A plant, a flower that appears in May." As simple as that! I haven't seen one growing since my childhood days. I see them only in captivity, sold by the bunch on the streets of Boston. Habitat—Plymouth woods.

I do not remember that the weather was anything to get "het up" over, either. Although May 1, 1886, by the record, was, "Very pleasant in Maine, remarkable for the season." May 1 in this day seems to be a time when a certain element of society the world over is supposed to see red and act accordingly; and sometimes causing a lot of trouble to the authorities.

Our English progenitors made much of May. Our dear old friend, Chaucer, in his "Canterbury Tales," wrote: "For May will have no sogaardie a-night." That's all right by me. Move over and let the ladies get into the picture. "Of all the glad New Year, mother, the maddest, merriest day; for I'm to be Queen o' the May, mother, I'm to be Queen o' the May." (Mother: "Be very careful, Gwendolyn, your bathing suit is so thin.")

If it is fine, "This hardy saunterer will wander through the maze of thick and pathless woods where the sun's rays never shine and heaven's pure air never played; and I'll stand on the brink of the roaring waterfall and watch the foaming mass as it leaps from stone to stone and from crag to crag. I linger in a fertile plain of a land of perpetual sunshine, and revel."

"Hello, is this the Psychopathic Hospital? How is that Nature Crank who was brought there this morning, raving about May?"

"Doing fine. He'll be out by Fourth of July anyway."

With the Extension Agents — And The — Knox-Lincoln Farm Bureau

With The Homes

Home Industries, Roadside Markets and Tourist Homes are to be discussed at a general meeting to be held at Edgcomb Grange hall, May 6. The program begins at 10 a. m., standard, and includes: "What the traveling public wants in a tourist home, by Mabel Carvel; Making and selling home cooked food, by Mildred B. Schrupf; Markets for home-made products in Knox and Lincoln counties, by Rena C. Bowles; Roadside markets, C. M. White, Chief, Bureau of Markets. Following these talks will be round table discussions led by various people prominent in tourist homes, roadside markets and home industries.

"Restful Bedrooms" is the project being discussed at Farm Bureau meetings during May by Miss Lawrence, home demonstration agent. Next week's schedule:

Tuesday—5, Tenants' Harbor, at Mrs. Gertrude Hopper's home. Mrs. Ormand Hopkins and Mrs. Elizabeth Coolbroth are serving a square meal for health.

Thursday—South Bristol, at Mrs. Eunice Rice's home. Mrs. Gertrude McFarland and Mrs. Augusta Little are the housekeepers.

Friday—Bristol at Mrs. Florence Prentice's home. Mrs. Prentice and Mrs. Roxie Weeks are the hostesses.

Mrs. Lizzie Hoch, Mrs. Amber Childs and Mrs. Fannie Weaver of Orr's Corner, already have various herb plants up and nearly ready to transplant.

Many Farm Bureau women are making up the solution for cleaning painted woodwork that they received at a meeting. Mrs. Norris Waltz, Damariscotta, and Mrs. Sidney Evans Wiscasset, both say it works miracles with soiled woodwork. Here is the recipe: 1 cup sal soda; 1 cup ammonia solution which is (1 tbs. household ammonia to 1 cup water); 1 cup vinegar; 1 gallon water. After wiping woodwork with this, rinse with clear lukewarm water.

4-H Club Notes
Mrs. Elizabeth Carney gave a demonstration on "The Use and Care of a Sewing Machine and its Parts" at the last meeting of the Sheepscot 4-H Club at the home of Mrs. Ruth Carney, leader. There were ten members present. As this club was one of the 21 clubs that received a 4-H Club gavel for reorganizing early, they voted at this time to give their old club gavel to the Sheepscot Farm Bureau for use at their business meetings. The next meeting will be held May 2 at 2:30 p. m. at Mrs. Ruth Carney's home. —Marjorie Doe, secretary

Walter Annis, club member of the "Ayrshire Dairy 4-H" of Simonton, demonstrated to his chemistry class in Rockport, "How to test soil for acidity by using Solitex." Members of this class brought samples of their garden soil and Walter tested each sample showing how much lime was needed. As this had been taken up previously in his 4-H Club work, Walter was capable of giving a good demonstration.

Lively Little Ladies, the junior girls of South Bristol, gave a public demonstration, April 20 at their leader's home, Mrs. Lester Russell. Three demonstrations were given. Ruth Farrin showed how to cut out patterns; Gertrude McFarland, how to make a buttonhole; and Winifred Leighton, how to make a patch. The other five girls in the club put on a play for entertainment. Eight visitors were present. After the meeting refreshments were served.

Several new leaders have recently been selected to take charge of the 4-H Clubs in their communities. They are: Miss Esther Harjula and Mr. Albert Harjula of George's River road, Thomaston; Warren Ulmer of South Thomaston; and Mrs. Evelyn Ross of Owl's Head.

The "Lucky Boys 4-H" of South Thomaston reorganized April 24. These officers were elected: President, Robert Ulmer; vice president, Jack Mitchell; secretary and treasurer, Emilo Laaksonen; cheer leader and color bearer, Albert Davis, Jr., and club reporter, Warren Ulmer. The club leader was selected by the boys, and Warren Ulmer, one of the older 4-H club members accepted the leadership, making it possible for the boys to keep on with their club work.

THE GASOLINE FOR THRIFTY MOTORISTS

CHECK YOUR GAS AGAINST THIS GAS

It does 3 jobs at 1 time for 1 price (THE PRICE OF ORDINARY GASOLINES)

DRIVES

...a powerful hi-test gasoline
AT THE REGULAR GAS PRICE

OILS

...a patented top-cylinder oil
NO CHARGE FOR THIS

CLEANS

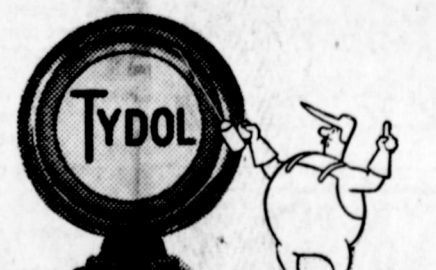

...a special carbon-solvent
NO CHARGE FOR THIS

SURE, the gas you now use runs your motor. But does it oil upper-cylinders? Does it prevent carbon, rust, corrosion? If it doesn't do all 3 of those jobs it can't match the new 1936 Tydol. In fact, ordinary gasolines match Tydol in only one respect...they match it in price. For Triple-Action Tydol costs no more than one-job, old-style gasolines.

Tydol contains a patented top-cylinder oil and carbon-solvent... put there to prevent sticking valves, reduce carbon and step-up all 'round motor performance. And this Triple-Action Tydol brings you increased power, added mileage, greater economy... at no extra cost.
