## IN KNOX SUPERIOR COURT

### Grand Jury Found Four Indictments—But One Civil Trial Likely

The traverse jurors reported this  
morning but with prospect of little  
work. The only civil case in sight  
was that of the Knox Realty Co. vs.  
H. H. Stover, which was in order for  
this forenoon.

There was one naturalization case  
Wednesday morning, that of Leo  
Cournoyer, formerly of Rockland  
and now of East Boston. He is a  
native of Canada.

The criminal docket was called  
Wednesday. William A. Searles of  
Rockland, charged with the larceny  
of a Ford truck belonging to Peter  
Edwards, was sentenced to the re-  
formatory for men at South Wind-  
ham.

Edward Drinkwater and Frank  
Berry, both of Camden, charged with  
the larceny of a car belonging to  
Walter Gay, were sentenced to the  
reformatory for men. Sentence was  
suspended, and they were placed on  
probation for two years.

Claire Burgoyne of Somerville,  
charged with assault and battery,  
withdrew his appeal and the sen-  
tence of the Rockland Municipal  
Court was affirmed.

E. Starrett of Thomaston, charged  
with drunken driving, withdrew his  
appeal and the sentence of the  
Rockland Municipal Court was af-  
firmed.

The grand jury completed its year  
of service early Tuesday afternoon  
when it reported four indictments.  
Two were against William Searles,  
who was charged with the larceny of  
a truck belonging to Peter Edwards  
of Rockland, and breaking, entering  
and larceny at the garage of Leslie  
Hall in Washington.

Frank Berry and Edward Drink-  
water of Camden, were indicted jointly  
for the alleged larceny of a motor  
car owned by Walter Gay of Rock-  
land, and subsequently located in  
Darien, Conn.

The fourth indictment, not made  
public, is understood to relate to a  
non-support case.

.....

The case of Frank J. McDonnell  
of Rockport vs. the Thurston Oil  
Company, which was to have been  
the cause celebre at the present term  
was yesterday settled out of court  
and in a matter satisfactory to both  
parties. The plaintiff, who had  
asked damages in the sum of \$50,000

was engaged in traffic duty on the  
New County road Dec. 21, 1935, when  
knocked down by one of the defend-  
ant company's trucks. He was in the  
Eastern Maine General Hospital  
five and one half weeks as the result  
of injuries sustained and later un-  
derwent a surgical operation at the  
Faulkner Hospital in Boston. Frank  
A. Tirrell, Jr., for McDonnell; Arthur  
Paul of Portland for the defendant  
company.

## Arbor Day Friday

## ARBOR DAY

Arbor Day is a day set aside in  
most States and Territories of the  
United States for the voluntary  
planting of trees by the people. Its  
object is to encourage the planting  
of trees, and to stimulate public in-  
terest in forestry.

As a school holiday it is observed  
with special programs of exercises.  
It was inaugurated by the Nebraska  
State Board of Agriculture in 1874.

"Woodman, spare that tree!  
Touch not a single bough!  
In youth it sheltered me,  
And I'll protect it now."

## THE LIONS CLUB

### Hears Continuation of Rev. H. I. Holt's Address— Ladies' Night Planned

Rev. H. I. Holt of Rockport and  
Warren was guest speaker at the  
Lions meeting yesterday, continuing  
by special request the talk which he  
made before that organization last  
year on the subject "Are We Anglo  
Saxons?"

Yesterday he discussed the tre-  
mendous problem put up by the  
Anglo-Israelite Corporation of Eng-  
land and a kindred organization in  
this country. The new movement,  
he said, was simply preliminary to  
another contest which will put the  
Anglo-Saxons into a position of  
world supremacy. The challenge is  
along the lines of the ancient  
prophecy that no nation or company  
of nations shall defeat Israel.

The Dead Sea has come suddenly  
into the limelight with the discovery  
that the apparently worthless tract  
may possess a value of from three to  
40 billions of dollars because of the  
chemical constituents which may be  
pumped from it. The company  
which will conduct this great enter-  
prise is made up jointly of Israelites  
and Jews.

The coming coronation of King  
George in England is hailed as a ful-  
fillment of the prophecy that the  
throne of David shall never lack for  
a ruler.

## TO VISIT THE HOLY LAND

### Rev. J. Charles MacDonald To Make Tour From Which War Defrauded Him Last Year

A year ago war conditions in Eu-  
rope prevented Rev. J. Charles Mac-  
Donald from making his proposed  
trip to the Holy Land. Hostilities in  
those particular localities have  
ceased, and it now looks as though  
nothing would prevent the popular  
pastor from making the coveted tour.  
He has engaged passage on the  
Italian steamship Rex which will

thence as far as Beirut, across to  
Baalbek, and then to Damascus and  
through the Holy Land, in which  
fascinating region Mr. MacDonald  
expects to spend a delightful period  
from July 29 to Aug. 4.  
Thence to Cairo, Egypt, across to  
the borders of the great desert,  
studying the Sphinx and the Pyra-  
mids.

A year is a long time to wait, but this time Rev. J. Charles MacDonald is really going. Destination, the Holy Land.

sail from New York July 17, and will  
return home on the Normandie, ar-  
riving in Boston Sept. 6.

Some brave souls made the tour  
last year, despite the unpromising  
conditions, but the prudent ones re-  
membered that "discretion is the  
better part of valor," and they will  
have their reward, for last year's  
tourists went over only a small por-  
tion of the itinerary.

The Rex will pass through the  
Straits of Gibraltar into the Medi-  
terranean, touching at Italian and  
Greek ports, going directly to Hafia,

There will be about 50 in the party,  
which will be personally conducted  
by Prof. Leek of Wheaton College.

The return trip will be via Venice,  
where Mr. MacDonald will leave the  
party, and proceed leisurely through  
Switzerland, Germany, Holland,  
England and Scotland. Six days in  
England, six days in Scotland. What  
pleasures they comprehend.

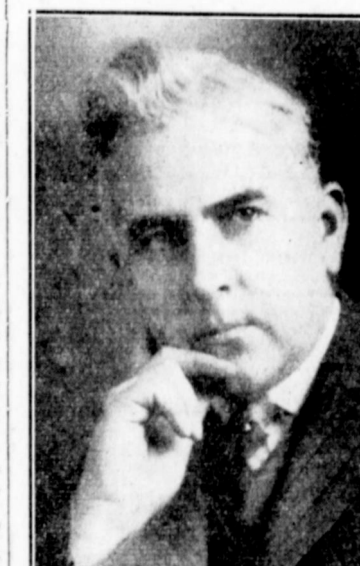

Mr. MacDonald is reading avidly  
all the material he can find relative  
to the regions he will visit, and he  
has come almost to know the pleas-  
ures in store.

## SOUTHARD SPOKE

### Commodore of Local Yacht Club Guest of Up-River Association

Commodore Joshua N. Southard  
of the Rockland Community Yacht  
Club was guest speaker last night  
at the banquet of the Penobscot  
Yacht Club.

Southard scored Bangor's facilities  
for docking small yachts and pleas-  
ure craft, saying that many people  
from Rockland and other Penobscot

Bay points would like to come to  
Bangor by water. They would make  
several trips during the summer  
months, but finding no adequate  
municipal pier or landing stage in  
the port, with water and gasoline  
facilities, they are discouraged from  
making a second trip, Southard said.

The Rockland flag officer out-  
lined the development of the Rock-  
land Yacht Club from a small and  
insignificant beginning 35 years ago,  
until today, he said, it had 700 mem-  
bers, scattered all over the Atlantic  
seaboard. Moreover, the club facili-  
ties are the best anywhere along the  
Maine coast.

The most recent projected im-  
provement to the club facilities,  
Southard said, is the projected gov-  
ernment dredging of a channel 200  
feet wide to the club pier, making

## TALK OF THE TOWN

Sherwood Strout is confined to his  
home on Broadway having suffered a  
fractured skull on Sunday, when ac-  
cidentally hit with a golf club.

A new cabin cruiser built by Axel  
Gronroos for New York parties will  
be launched next week. It was  
measured Tuesday by Deputy Collec-  
tor Charles R. Magee.

The commencement exercises of  
Rockland High School will probably  
be held this year in Community  
Hall, which is not only admirably  
adapted for the purpose but is so  
commodious that the annual battle  
for tickets will be obviated.

Some of the straw hat fans are  
only waiting for the first appearance  
of the daring pioneers who lead off  
the procession each spring. This  
year it will probably be Tom Foley,  
as he was getting in training at last  
accounts, and what better weather  
could one possibly want?

The vacancy caused by the death  
of Charles L. Robinson, was filled  
by Claremont Commandery K. T.  
Monday night, when Harry H. Han-  
scom a past eminent commander,  
was elected recorder. This necessi-  
tated his resignation as senior  
warden, and Robert A. Webster was  
elected to that post. The new offi-  
cials were installed by Right Emi-  
nent Sir E. K. Gould.

Don Hanley is ever a welcome visi-  
tor at The Courier-Gazette office but  
his arrival Tuesday afternoon was  
doubly pleasing because he was ac-  
companied by numerous cartons of  
that delicious Coca Cola which he  
left for editorial consumption. He  
was introducing the attractive new  
red and white handy family pack-  
ages designed for convenient and  
economical family use.

A most interesting rumor is gain-  
ing wide circulation that a joint  
gathering of Shriners from Kora  
Temple, Lewiston and Anah Temple  
of Bangor may be held in Rockland  
in June. The fine facilities of Com-  
munity Building make such a thing  
possible for the first time. Knox is  
the only county in which Kora  
and Anah have joint jurisdiction and  
a joint meeting has never been held  
heretofore. A field day at Oakland  
is also mentioned.

Captain J. W. Leadbetter of  
Ketchikan, Alaska, was in the city  
Tuesday, enroute for his former  
home in Vinalhaven which he is  
visiting briefly for the first time  
since 1889. He is the guest there of  
his father, Winfield Leadbetter. Cap-  
tain Leadbetter has been in Alaska  
every year, with the exception of  
1909, in the past 33 years, and has  
resided there since 1912. He is in  
command of a vessel in the U. S.  
Lighthouse Service, and the craft  
is now under repair at Seattle, a  
fact which made it possible for the  
Captain to gratify his long cherished  
wish to visit his old home. The  
ship supplies lighthouses and also  
other aids to navigation, and the  
extent of this work may be judged  
from the fact that Captain Lead-  
better is obliged to cover 27,000 miles  
of coastline. He is due back in  
Seattle May 25, but as most of the  
journey will be made by air it will  
not require a great length of time.

the dock available to all types of  
yachts at all tide stages.

One of the advocates of the new  
channel, Southard said, was Franklin  
D. Roosevelt, who wrote to govern-  
ment officials "as a yachtsman and  
private citizen" urging the harbor  
improvement. The President used  
the yacht club facilities last summer  
when cruising along the Maine coast,  
Southard said.

He characterized the projected  
channel as a "thoroughfare for all  
New England," particularly to  
yachtsmen who are coming more  
and more to realize that Penobscot  
Bay is "a yachtsmen's playground."

Southard said the federal govern-  
ment had already spent \$275,000 in  
improving Rockland harbor condi-  
tions.

Vice-commander John G. Snow of  
the Rockland club was also a ban-  
quet guest.

## YOUR FAVORITE POEM

If I had my life to live again I would  
have made a rule to read some poetry  
and listen to some music at least once  
a week. The loss of these tastes is a  
loss of happiness.—Charles Darwin.

## TREES

I think that I shall never see  
A poem lovely as a tree.

A tree whose hungry mouth is prest  
Against the earth's sweet flowing breast;

A tree that looks at God all day  
And lifts her leafy arms to pray;

A tree that looks at God all day  
And lifts her leafy arms to pray;

A tree that may in summer wear  
A nest of robins in her hair;

Upon whose bosom snow has lain;  
Who intimately lives with rain.

Poems are made by fools like me,  
But only God can make a tree.

## A JOINT CONCERT

Is To Be Presented By High School Talent Tomorrow Night

The musical organizations of Rockland High School will present their first annual joint concert Friday at 8 p. m. in the High School Auditorium. The band, orchestra, and boys' and girls' glee clubs will unite in a full evening's program of fine music. The public will have the opportunity of hearing more than 100 youthful musicians in a well rounded program.

The concert is under the direction of Mrs. Esther Rogers whose efficient and painstaking work has brought music to a high degree of proficiency in the Rockland Schools. Mrs. Rogers will conduct the girls' glee club. Mr. Law, director of the band has done a splendid job with his organization. The boys and girls will wear their new uniforms for the first time. Miss Elizabeth Hagar, conductor of the orchestra, has a fine group of young players who will present an important part of the program.

The boys' glee club, conducted by Albert McCarty, will be well worth hearing. All of these boys are singing and playing because they love music. The music loving public should cooperate by attending the concert.

## WHEN GONG SOUNDS

There'll Be Plenty of Action At Spanish Villa Rink Friday Night

Anderson Camp, Sons of Union Veterans presents an all star card of boxing at the Spanish Villa Rink Friday night. Matchmaker Hamlin has lined up some of the best boys ever shown in this City. Al Hughes that dapper ex-champion and manager of the best stable of fighters to show here in Rockland will be back with his fighters from Calais and Canada.

The main bout on this all star card will show two very husky boys who know how to punch and give the fans their money's worth. Jack Renault, of Lewiston, the brother of Paul Jr., will take on the tough Val Lauridsen of Calais, in a ten-rounder. Renault is one of the fighting Labbe family and his record is known to every fan in the State. In Lauridsen he will meet a boy who proved to the fans that he has what it takes to make a fight. Lauridsen fought Butch Wooster here a few weeks back and had Butch on the floor and in bad shape only to lose the decision due to the lack of condition. Lauridsen has trained hard and weighs only 164 pounds now.

The semi-final will also be a match between two slugs, not boxers. Art Steeves of Saint John, N. B., who fought a great battle with Davis will tangle with that tough veteran from Bath, Farmer Brown, the boy who beat Gabby Poulin at Waldoboro when fights were run in that town. These boys will fight over the six-round route and fans here will be a fight that will be the talk of the show.

In the top prelim Walter Reynolds will try and take the measure of Tony Tamero of St. Stephen, N. B. Tamero fought a draw with Cracker Pavreau. This bout will give the fans a chance to see how Reynolds can do with the boy who held Craker to a draw.

K. O. Briely of Belfast will fight a return match with Young Skinner of Calais. In their last bout Skinner had Briely on the floor several times only to lose after Briely got off the floor and beat Skinner in the last round. This bout is put on by the demand of the fans. Oliver Hamlin, will referee the show Friday night.

## FOR POPPY DAY

Mrs. Adah Roberts Announces Her Committee—Appeal To All

An appeal for general wearing of the memorial poppy in remembrance of the World War dead on Poppy Day, Saturday, May 8, was issued today by Mrs. Adah E. Roberts, president of the Winslow-Holbrook Unit of the American Legion Auxiliary. She asked that every person in Rockland pay honor to the men of the city and of the nation who gave their lives in defense of the country by wearing a poppy on Poppy Day.

"The poppy is the individual tribute to the memory of the men who died in World War service," said Mrs. Roberts. "Everyone can wear a poppy to show that he remembers and is grateful for the gallant sacrifices made for America's security and democracy. Every patriotic citizen will take part in the observance of Poppy Day."

"The poppy is the symbol of the supreme sacrifice. It stands for the highest type of patriotism we can conceive. Wearing this little flower awakens in our hearts a deeper conception of our duties to our country. It reminds us that life itself is not too much to give if our country is in danger and gives us inspiration to serve in peace with the same spirit of patriotic devotion that inspired those who died among the poppies of France."

Members of the Auxiliary and girls from the High School will distribute poppies on the streets all day Saturday, receiving in exchange for them contributions for the Legion and Auxiliary welfare work among the disabled veterans and needy families of veterans. The poppies have been made by disabled veterans at Togus.

Mrs. Roberts announces the following committee for the Poppy Day Program: Mrs. Ella Hyland, Mrs. Ida V. Huntley, Mrs. Anne Alden, Mrs. Minnie Smith, Mrs. Katherine Libby, Mrs. Bernice Staples, Mrs. Corinne Edwards, Mrs. Geneva Richardson.

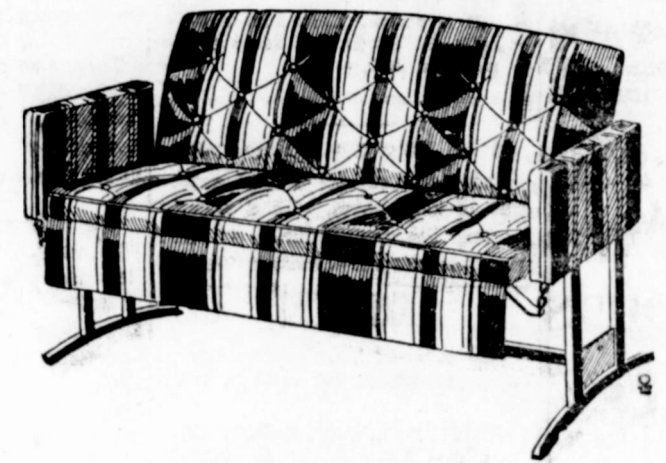

Dinner will be served at the Legion hall at noon to all Poppy workers, by members of the Auxiliary.

Nothing can bring more genuine enjoyment through summer days and long summer evenings than one of our

A farewell surprise party was given for Mrs. Lucy McIntosh by the comrades of the Salvation Army. Thinking that she was being called to the hall to straighten out some last minute affairs before leaving for Stamford, Conn., Mrs. McIntosh went willingly, not knowing what was in store for her. On opening the door she was greeted with a loud cry of "surprise." And by the expression on her face all knew that it was a real surprise. The young people of the Corps presented her with a gift and other gifts came from individuals. Games were played and refreshments were served.

Mrs. Susie Karl assisted by Mrs. Allie Blackington were housekeepers for the supper served in G.A.R. hall before the regular meeting of Ruth Mayhew Tent, D.U.V. A fitting program in observance of Mother's Day was presented by the patriotic instructor, including readings by Priscilla Smith, Doris Ames, Ida V. Huntley, Josephine Lothrop and Eliza Plummer. All are urged to make May 9 a holy day. "If Mother is living let us remember her wherever she may be. If only the memory remains, let all Daughters and Sons show respect for Motherhood by remembering some forgotten Mother." At the business session all monthly reports were given and Mrs. Carrie Brown was installed as guide by Mrs. Plummer, Senior Vice Department President. Plans were made to hold a memorial service for six deceased sisters who have been called to their reward, since the organization of Ruth Mayhew Tent. The date is May 25 and will be public, with special invitations to all patriotic orders in the city.

**WAKE UP YOUR LIVER BILE—**

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks pink.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Sincerely relieve anything else, Doc.

## "A NASTY CRACK"

Which Leaves One Wondering How "Der Captain" Will Come Back

(By O. V. D.)

The last time Der Captain Grimes absented himself from the lineup of the Ganders they emerged the winners, and last Monday night the same thing happened again, and now the other members of the team are beginning to wonder if there is something more than coincidence in the matter.

With "Rabbit" Winslow subbing for Der Captain, and "Hebo" Clayter shooting in place of the ol' Goose, who was sitting in the jury box in Rockland at the time, the Ganders gave their arch enemies, those bewhiskered Skippers a severe lacing, when they met at the Cascade Alleys last Monday evening. Young Vic Shields was the only man to get a very respectable string, his 115 standing out like a beacon, and it rather put the eyes out of the Skippers for they couldn't come any where near it.

Der Don Donna Dominie Poole was away off his natural stride and finished a bad fifth. But the most complete slump was afforded by the son of Eric the Red "Barney" Erickson who skidded so far his shoes squeaked from the friction. Gene Hall had his "kick" ball working good enough to again trim Scottie Littlefield, but Gene had no kick coming on the result of the match for he said that if the other side did not get a game pretty soon he would lose all interest in the proceedings. With whiskers trimmed in such good fashion the Skippers are planning to come a Delilah on the Ganders and shear the locks, lock stock and barrel of the strutting Ganders "next time." "Next time" will be preceded by another lobster Newberg if some of the boys have their way and instead of gourmet bankers getting all the press notices, gourmet bowlers will come in for a little space. According to Goose Arey "lobsters make the world go round" and although Gene Hall agrees with him Gene says that is what makes things so slow some times.

The score.

observance of Charter Members Night.

Following a reading by Associate Matron Ruth Miller, the 12 charter members present, Mrs. Marian A. Ingraham, Mrs. Mary Hall, Miss Emily Hall, Mrs. Ethel Spear, Mrs. Hattie Rhodes, Mrs. Blanche Mullen, Mrs. Ina Wooster, Mrs. Lida Champney, Mrs. Elizabeth Spear and Mrs. Addie Jenkins, were escorted by Marshal Mrs. Loana Shibbes, to the East, where they were presented with a gift by the worthy matron, Marion Upham, and carnations by the officers, each officer supplementing her gift with appropriate verse.

Of the 40 charter members of Harbor Light, organized Feb. 18, 1907, only 15 now remain, the others, who were unable to be present on this occasion, being Mrs. Ida Smith of Rockland, Mrs. Frank Campbell of Newton, Mass., Mrs. Clara M. Berry, Mrs. Lucia Shibbes and Mrs. Effie Veazie.

Adjournment was made to the banquet hall where beano was played and refreshments served under the auspices of Harbor Light Club. Visitors were present from Seaside Chapter, Camden and Forget-Me Not, South Thomaston.

## Ace Hurl No-hitter

Lendall Merrill, Rockport's rookie infield proved too much for Appleton Monday in the game played at the West Street ball ground. Merrill was in rare form, allowing no hits and only one run, while his mates were pounding out a 12-1 victory.

Merrill and his teammates weakened slightly in the sixth to give Appleton its one run. Two errors and an infield out put men on second and third. The lanky captain wavered momentarily walking two men in succession, giving the losers their lone marker. Merrill then retired the next two batsmen via the strike-out route, ending the threat.

Much of the victory credit goes to Vernon Kenny, Rockport's catcher, who is capably filling the gap caused by the illness of Ken Daucett.

More time for relaxation..  
Your electric range cooks in your absence

What modern woman wants to slave away her life in the kitchen? And it's no longer necessary—with a modern electric range. The meals fairly cook themselves, because the cooking is automatic. You put a meal into the oven, and when it is completely cooked, the heat shuts itself off—whether you are elsewhere in the house, or at a movie or the club. No wonder up-and-coming women, the country over, are going "electric."

And you're proud to own so handsome a range, with its gleaming tabletop and fast-cooking plates, the large-family size oven with full automatic temperature control, the non-smoking broiler pan, and convenient storage drawer. Have you seen the new models in our show-room?

## SCHOOL LEAGUE STARTS

### Coming Games

Today—Thomaston vs. Lincoln Academy, at Newcastle.  
 Friday—St. George at Rockland, Vinalhaven at Camden.

### Camden 15, Lincoln 6

Camden High School opened its league season Tuesday with an easy victory over Lincoln Academy at Newcastle. Reed was pounded for 15 hits, and while this barrage was in progress the home team was making 10 errors behind him. Fairbrother was touched up liberally at times. The summary:

Camden ..... 1 1 4 0 3 1 0 5—15  
 Lincoln ..... 1 0 4 0 1 0 0 0—6  
 Fairbrother and Richards; Reed and Cowan.

Base hits, Camden 15, Lincoln 10. Errors, Camden 5, Lincoln 10.

### Rockland 4, Thomaston 1

Aside from the first inning, in which the Thomaston players had a sad case of stage fright, Tuesday's game on Styvie Hill was as good a High School contest as one would care to see. This inning cost Thomaston the game, the four errors coupled with a scratch hit, netting Rockland a quartet of runs—all they made in the game. Thomaston's one run was also made in this inning, two of her four hits being made in that chapter.

Rockland had only two other chances to score, once in the third inning when Morgan poled out a beautiful double with only one down, and again in the eighth inning when there were two on, with two down. Thomaston was never in scoring position after that first inning.

Impartial fans watched with much interest to see how the teams would shape up. Thomaston felt a special interest in Sawyer, the boxman, and though he is credited with a defeat in his first start, it was, as we have seen, due to the panic of his teammates in the initial innings. Being the son of Maurice Sawyer, "the grand old man of Thomaston baseball," it follows that this youngster would be a pitcher. He is sturdy of frame, has plenty of speed, and his 12 strikeouts after such an unfortunate start, show that he has the stamina. As he is only a freshman it looks very much

## HE LIKES LOBSTER

And Gov. Barrows Plays No Favorite With His "Three Squares"

Whether as a regular dish or an "epicurean specialty," Gov. Barrows votes unqualifiedly for Maine lobster. In fact, the only thing he likes better than Maine lobster is more of the same.

Gov. Barrows listed his preference in reply to a questionnaire sent to leading Americans by Frank J. Wiffler, secretary of the National Restaurant Association, which conducted a symposium to determine the food habits of governors, cabinet officers, U. S. senators, mayors, leaders in the field of sports, business and industry, literature, the radio, screen and stage.

In declaring for seafood, Gov. Barrows had many friends among those participating in the symposium.

The third question asked of the celebrities sought an expression as to the principal meal of the day. Gov. Barrows answered it by stating that "when in my usual good health, I have so far been able to get three good meals a day without discrimination."

## CAMDEN HILLS C.C.C.

Men Go To School With Rotarians—Forrest Smallege Resigns

This paper is indebted to Capt. M. D. MacLaughlin of the 1130th Company CCC for the following bulletin relative to recent activities at Camden Hills Camp:

The men of 1130th Co. CCC went to school with the Camden Rotary Club this week. The entire camp personnel traveled to Comique Theatre in Camden on Tuesday noon to be the guests of the Rotarians in a visual education program which preceded the weekly Rotary Luncheon. The films shown were a selection of Conservation education features released by the National Park Service explaining the Emergency Conservation Work in improving and developing Federal Lands. News to the Rotary Club was just part of a days work to the young men of the 1130th Company when the feature showed flashes of some of the Civilian Conservation Corps Work in Maine. The program was arranged by Dr. Harry Pettapiece, President of the Camden Rotary Club, working in co-operation with Captain Millard D. MacLaughlin of the 1130th Co. CCC. The Camden Rotarians plan to have luncheon in the near future at the Camden Hills State Park where the effective development of the Emergency Conservation Corps work is demonstrated in the accomplishments of the 1130th Company.

The title of the biggest little big-game hunters at the 1130 Co CCC has been awarded to Alfred Knox of Princeton, and Kenneth Carr of Cape Cottage, for their miniature success in trapping specimens for study by the Camp Nature Study class. After constructing a large and sturdy box-trap with the expectancy of catching a coon or porcupine, with a loaf of bread which hung as an inviting bait, the only success which the hunters have gained is the capture of a tiny deer mouse hardly any larger than the noses of the hunters. The mouse was affectionately named Forrest in honor and memory of Forrest E. Smallidge of Camden who until last week was senior leader at the Camden Camp.

Forrest Smallidge of Camden, senior leader at 1130 Co. CCC, resigned from camp last week to go into business in Camden. One of the original group of 22 who arrived at the State Park June 4, 1935 and built the Camden Camp, Mr. Smallidge was senior leader of the camp since the day of its founding. His place in the key position has been taken by Walter A. Leavitt of Passadumkeag.
